21 SENIORS May Purchase New Fire Truck

Completing their four years of high school work last week, twenty-one boys and girls of the Plymouth High School senior class received diplomas Friday evening at the conclusion of commencement exercises.

Promptly at 8:00 o'clock, the procession, "Pomp and Circumstance" played by Louis Root, the seniors, accompanied by members of the Junior Class, began the march down each aisle to their seats on the auditorium stage. This year the seniors "broke a precedent of other graduating exercises by selecting alternate colors for the caps and gowns. The boys wore the blue cap and gown, while the girls appeared in white. The contrast received the approval of everyone present, and in their picturesque setting on the stage, the seniors made a picture that was very fitting for the occasion.

The junior boys and girls added much beauty to the exercises as they marched with the seniors to the stage, and then parted for reserved seats in the front rows of the auditorium. As the seniors advanced to their position on the stage, the audience stood and Rev. P. J. Paetznick, pastor of the Lutheran church, offered the invocation. Margaret Briggs of the audience when the song "The Twenty-Third Psalm" by Malotte accompanied on the piano by Miss Joy Bethel. Stepping to the front of the stage, Supt. P. I. VanBunt in a few well chosen words, introduced the speaker of the evening, Dr. George Rosemurgy, pastor of the Monroe Street Methodist Church, Toledo.

Dr. Rosemurgy began his discourse by telling the seniors that this was no occasion to be sad and mournful, but one of joy and happiness; that he was not here to paint a word picture of the hard road ahead of them and of the disappointments they may encounter, but that after twelve years of schooling, that from tonight on, they are seniors to be said "on their own." Dr. Rosemurgy pointed out the fact that each senior had to shoulder his or her responsibility, that they could not "rely on their parents, the superintendent or the teacher." He warned them that their future would be their own making, and he was certain that they would not fall short of succeeding in life.

In leaving high school to enter a strange and new life, Dr. Rosemurgy told the seniors that in order to meet any circumstance or to overcome any obstacle it was necessary to have "self-confidence." Not the kind that is full of egotism, but the self-confidence in which perseverance, patience and truth predominate. He gave a couple of interesting illustrations at this point of his talk of how a young English boy

Buy A Poppy

This Poppy Day, May 25th, will be the first Poppy Day of Peace.

The Poppy has become the symbol of the dead—their memorial flower. It has become the sign that the high ideals for which these brave young men gave their lives still live and are honored. That is why we pin on the Poppy when we pay tribute to our dead of the two World Wars. The Poppy covers the soil in France beneath which they lie, and on Poppy Day we place the flower over our hearts, where the memory of the great sacrifice they made for our country is forever enshrined.

Wearing the Memorial Poppy on Poppy Day is the way every individual American can show that he does remember and honor the sacrifice of those who died on the battlefields.

It is the privilege of the American Legion Auxiliary, with the aid of the Girl Scouts to bring the Poppy to you. This Saturday the Girl Scouts will be out on the streets asking you to buy a poppy.

PLYMOUTH'S OUTDOOR movies will start next Wednesday night, and if the weather isn't too cold, there should be a big crowd to see them. Well, so this year, Ramsey states there will be no shows at the local theater on Tuesday and Wednesday nights.

JUST LOOKED over the record for last May in regard to rainfall and find that we had a total of five and three-quarter inches for last May. Well, so this month, up to the 23rd, we've had four and one-quarter inches. There is no doubt when the full report comes out for May weather, you'll be surprised at the similarity of this and last May. John A. Root, official weather observer for Plymouth, will have you some interesting facts on May weather. The report will be published the first week in June.

THERE IS no doubt but what the farmers will be hindered in getting corn in due to wet fields, but the outlook last year was the same as it is now, and it is thought things will come out OK. Although the warm and ideal weather of last March allowed many farmers to get in corn before the rainy season set in, whereas this year, half the crop isn't planted.

DON'T FORGET the local bank and post office will be closed next Thursday, Decoration Day. Buy a few stamps ahead and make your deposit Wednesday afternoon. It's going to be a real holiday in Plymouth, for every place of business (almost) will be closed.

THOSE WHO KNOW horses will have to admit that Mrs. Helen Willet does ride at least one horse that is a horse. At the horse show in Upper Sandusky, Sunday "Tony, a black and white speck" took fourth prize for being the horse easiest to ride, nearest to work and handle the best. Tony had some stiff competition in the Pleasure I Class, but he came out with a ribbon for fourth place. Both Mr. and Mrs. Willet admire horses, and they have been seen frequently riding some mighty fine mounts.

NAVY DRONE PLANE REHEARSES FOR BIKINI

Trained by two "mother" planes, a pilotless Navy Helldiver (Grumman PBV) comes over the San Diego area in a dress rehearsal for similar air data operations planned as part of the atomic bomb tests at Bikini next fall.

The drone (operational) is controlled by the "mother" without immediately by the rear while a second plane serves as standby should the first one fail.

During the test four drones, each with two control planes, will be launched from the USS Shanghae and will be controlled first from the carrier's deck, then from a mother plane in the air and finally from a ground control operation on the island where they will land. CHICKEN - FEED & VOTES

Government Officials for whom we voted may not support National Affairs as we wish but its no sign WE should pour sand down rat holes. Huge quantities of grain are being shipped out of this country chiefly at the expense of live stock eventually resulting in acute shortages of meals. Nothing your feed dealer can do will relieve this feed shortage. FEED USERS can do more than any one else. DONT feed a flock of unproductive chickens—cull out every bird that fails to show good production—that's plain common sense 365 days a year but it's a "must" now if you hope to show a profit. Call down hard—if you don't understand it come in and we'll tell you how or make arrangements to do it for you at a nominal charge. We firmly believe there will be plenty of top prices offered for eggs and poultry before another season rolls around.

Some shipwrecked sailors were making their way along the beach of a desert island, wondering if really the island were not inhabited by savages. A volunteer made his way a little inland and soon came running, waving his arms joyfully. When he reached the group, he told them all was safe, because he had seen a church on the other side of a hill. The life of a community reflects its church life, and all the best of a community is to be found in its churches, because the church prides itself in making good citizens and above all christian men and women.

Farm Poll Shows Split On Truman

"Truman is doing a good job as president," said 39 percent of a cross-section of six million farmers questioned in the Farm-ers Poll conducted for the May issue of Successful Farming magazine. Forty-three percent said he was doing a fair job. Twelve percent said it was poor, and 8 percent gave no opinion.

In a poll taken by the same group in August of last year, 83 percent of the farmers questioned answered "Yes" to the question: "Do you approve of the job Truman is doing as president?" When asked in the May survey whether or not they would vote for Truman if he were a candidate in 1948, 35 percent said "Yes," 34 percent said "No," and 31 percent were undecided.

A PEEK AT THE STARS

By LYNN CONNELLY ONE OF the nicest personalities of screen and radio is Gene Autry. Why he isn't given better picture material, when he is a consistent top box office attraction is a mystery. Hollywood could do much for both Gene, who has long deserved a break, and the many children who are his devoted fans.

Gene Autry Certainly it would be a step forward in the battle over juvenile delinquency if there were less "Outlaws" and more wholesome Autry pictures produced. Orson Welles is rumored to have the inside track as summer replacement for the Berger-McCarthy show. . . . Although he weighs 200 pounds now Professor Quin, ABC's general quizmaster, was once one of the most graceful dancers to top vaudeville circuits. . . . It's reported that "Hit Parade" is due for a change in format, with Peggy Mason taking over Joan Edwards' duties. . . . Beatrice Kay returns to the air over Mutual on May 30.

A 'Discharge' For Dane

Peter Lawford took a lease on an apartment, but cancelled it when he learned he could get it only on condition he tend the cow. He got peace-cocked. After two years in films portraying servicemen, Dane Clark has his first civilian role in "Her Kind of Man. . ." "Duel in the Sun" cost \$36,645 for each moment it will run on the screen. . . . Fashion tip: Gowns in Anna Sberidan's new wardrobe are either all black or dead white. . . . On Ann they're colorful.

The Mickey Rooney show is being submitted to several clients but there are no nibbles yet. . . . Jack Haley, proprietor of NBC's Village Store, has been linked to new contract, making his fourth year with the program. . . . Odd to think of "The Kid", Jackie Coogan, starting in CBS' new show "Forever Ernest," and already contemplating his third marriage!

NEW YORK—These are things of beauty to Ben Grauer: A microphone, a tennis racket and ace back-to-back. The microphone — because for the past 16 years he has been talking into it, addressing millions of listeners in his and foreign lands on subjects ranging from skiing to symphonies, from who-dunit mystery thrillers to how-to-make-it advice for housewives. The tennis racket—because it means exercise and fun in his favorite sport. He plays a fast, hard game—and has been playing it since he was eight years old. (Also at 8, he was named by that greatest of all talents, Theda Bara of the silent movies —he played the role of her son in a heavy drama.)

Ben Grauer — he played the role of her son in a heavy drama. — he played the role of her son in a heavy drama. — he played the role of her son in a heavy drama.

Ben has to pack a lot of activity, conversation, culture—and romance — into his spare hours. He is one of NBC's leading announcers and commentators. He also serves as a special events newscaster, has covered headline events as an on-the-spot radio reporter, is quick with ad-libs as a quizmaster, and has done the commentary for musical programs from Toscanini to Dorsey. He is a sewer and television commentator.

WHAT IS COMING Part VIII

By Dalton F. McDougal In summing up the entire Chapter of Daniel two we have covered over 2500 years of history. Where on God's time table are we today? According to this Chapter, Babylon ruled the world under the head of gold, B. C. 606 to 538. Medo-Persia ruled the world from 538 B. C. to 331 B. C. known as the silver kingdom. Greece ruled from 331 B. C. to 168 B. C. known as the brass kingdom. Rome ruled the world from 168 B. C. to 476 A. D. known as the iron kingdom. This iron kingdom broke into the kingdoms of western Europe and is known as the prophecy as the feet of iron and clay. Dan. 2:40 to 43. In the days of these kings shall the God of heaven set up a kingdom, which shall never be destroyed." Dan. 2:44. We have traced the fulfillment of this prophetic outline step by step down through the centuries to certain present nations of west-

CANCER FIGHT GETS UNDER WAY . . . Members of the house foreign affairs committee have opened hearings on a proposed bill which would gather together outstanding scientific men of the world for the study of the causes and treatment of cancer. Surgeon General Thomas Parran of the U. S. Public Health service is shown before committee.

QUARTET OF RED SOX BIG GUNS . . . Four batters whose prowess with the cudgel gave the Boston Red Sox an early lead at the start of the American league series. Left to right: Rudy York, Ted Williams, Bobby Doerr and Dom DiMaggio.

FACE TO FACE — The thought of Jack Benny as a prospective television star is just another bad dream to Fred Allen, who claims he "can't stand Jack Benny," whether he's seeing him or hearing him. NBC's two feudin' comedians will have two field days when they exchange visits on their respective programs, May 19 and 26.

tern Europe as the toes of the image. When you follow the contour of a man's figure from the head to the toes, you have reached the end. So today, we have reached the last stage of human history. All of this prophetic outline has come to pass exactly as marked out 2500 years ago except that final act the stone smiting the image. This proves according to God's time-table we are now approaching the grand final climax that will bring down the curtain on man's day and human rule, and usher in the day of the Lord and the reign of the Son of God. This brings us face to face with the greatest question of all: Am I ready for this final act of destruction when the stone smites the image? Am I prepared to enter the kingdom of glory when the king of kings appears?

What is necessary on my part if I would enter the kingdom of God? Matt. 7:21 says "Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven, but he that doeth the will of My Father which is in heaven." In speaking of Himself as the Stone which the builders rejected, but which became the head of the corner, Jesus said: "And whosoever shall fall on this stone shall be broken; but on whomsoever it shall fall, it will grind him to powder." Matt. 21:44. Each of us has a choice to make. We can fall on the rock of Christ Jesus in self-surrender, and have our evil nature broken, be born again and have our wills made submissive to His Commandments. Or we can go on in our sins and follow our own way, but the Rock will at last fall on us and grind us to powder. Which will it be in your case? What is your choice? On what should our thoughts

Local Men Make First Solo Flight

Under the G. I. Bill of Rights, a number of local men, veterans of World War I, have been tak- ing flying lessons at the Willard airport, and quite a few of them have advanced to the stage where they have made solo flights. Those students who have made their first flights include Stanley Shaver, Edmon Grafmiller, Robert McIsler, James Phillips, and Ernest Rooks.

Paul Root, air enthusiast for many years past, and who served in the Air Corps during the past war, is giving flying instructions in his spare time.

Over fifty veterans have en- rolled for flight training at the Willard Airport, where three flight instructors are employed and a fleet of five planes kept in the air most of the time.

Mrs. Robert J. Leiser held the lucky ticket for the door prize at the Willard Flying Club last Thursday evening, which gave her and her husband a ride to Findlay and return on Sunday. Every Sunday morning a "dawn patrol" leaves the air- port for some neighboring port where a breakfast is enjoyed.

OUTDOOR BRIEFS The Ohio Conservation Com- mission recently approved a joint regulation between Ohio and Pennsylvania limiting motors to a speed of 8 miles per hour on Pymatung Lake. The regula- tion makes it illegal for anyone under 16 years of age to operate motor-driven boats on the lake.

RESIGNS Miss Doris Rhodes, religious teacher in Plymouth, Shiloh and Union School District, for the past three years has resigned her position. She has met the qual- ifications and has been accepted and given a position with the American Friends Service Com- mittee for their volunteer work camp at Flanner House, Negro Settlement in Indianapolis, Ind.

The men in the project will build a play ground over a blighted area. While the women will do play ground and com- munity work.

This position requires a good many references and it is an honor to be accepted.

She has enjoyed her work here, and leaves many friends here. The community wishes her well in her new undertaking.

Killed At Flag Pole Raising While raising a flag pole which his class had presented to the school, Glen Ray Smith, 17-year- old son of Mr. and Mrs. E. H. Smith of Ashland, R. D., was electrocuted last Friday after- noon at Union rural high school, where the 54-foot flag pole came in contact with a high tension line. The accident occurred while

the school's one hundred and twenty-three pupils were wit- nessing the flag-raising ceremoni- es. The school's custodian and several other boys received shocks when the pole, which had been lifted on end into a hole, tipped sideways, coming in con- tact with the electric line.

Mrs. Roy Tuttle of Shiloh, R. D. 2, is a sister of the youth.

P. W. Thomas and daughter, Mary Ellen, and Earl McQuate attended the funeral of R. H. Sid- dall, held in Bellara, Wednesday.

At the age of 14, attending prep school at Eaton, became blind in both eyes when he received the full blast of a shotgun while he and his father were out hunting. From Eaton, the youngster, went to Cambridge, and in the end had attained a high rank in British political circles.

All through his discourse, Dr. Roseberry gave a sketch which fully illustrated just the thing he was trying to get across to the graduates, and there was suffi- cient humor in them to make his address one most interesting.

In his closing thought of the evening, the speaker prevailed upon the Seniors to "do their own thinking." In this category he warned them that the future of America depended not only upon our twenty-one graduates, but thousands of others who were completing school this month over the country. In ev- ery instance, concerning the in- dividual, his job or her work, their place in the community, no matter what job or position they might be holding . . . to act wisely, and to ask yourself questions, is a worthy and valuable trait.

He related in this phase of his talk the pitiful plight of foreign nations whose people refused to think for themselves, but instead blindly followed a distrustful leader, and as a result, the econ- omic structures of those coun- tries toppled.

At the conclusion of the ad- dress the girls' triple trio, com- posed of Phyllis Haines, Olive Kennedy, Joy Lee Bradford, Mary Thomas, Betty Ann Hutch- inson, Margaret Kemp, Janice Ramsey, June Predmore, and Julia Dawson gave a beautiful
