Important Discussions Highlight PTA Meeting

A Musical Travelogue, an original adaptation by pupils of the Sixth Grade taught by Mrs. Ford Davis and directed by Miss Joy Bethel brought out a record breaking crowd of 200 at the PTA meeting Thursday evening in the High School Auditorium.

Posters and maps as well as the dialogue was all written by the pupils and portrayed fourteen countries. Twenty-five of the sixth grade pupils participated and were assisted by several students of the High School.

The program was an excellent example of the potential abilities of the grade students and delighted the audience. The business meting followed the program.

Highlights of Meeting

With much business on the list for the Thursday evening meeting President Christian shortened the regular form, and made a few important announcements.

There will be a Mothers-Teachers tea and get-acquainted social hour on the first Sunday afternoon after Easter. This should have the interest of both teachers and parents because of the children "shared" by both.

At the next P. T. A. meeting, in April, the Rural committee will be in charge of the program, and have announced they will have two movies; travelogues of the United States, and of scenic places in Ohio.

It was voted to donate $5 to the Red Cross, and to sponsor the Junior-Senior banquet, and the Basketball banquet, after Easter.

Supt. Van Brunt reported the serious situation of the teaching profession, and the apparent slowness of the public and the legislative bodies to realize the importance of immediate action toward some relief. Actual figures show that the factory laborer with no definite required education, demands and receives a higher wage than the teachers who guide our children to responsible work. Teachers are required to prepare themselves with a college education, then receive less money when they take up their work, than if they had gone directly into factories.

He urged all parents who want good teachers and ENOUGH teachers for Ohio schools, to write their state legislature to allot more money to schools for teachers' salaries. Ohio stands low on the list of state aid to schools.

The work on the playground for the grade school children will soon begin, with a break in the weather permitting men and tractors to begin leveling.

The need for a place for the Teen-agers to meet for a supervised social evening was brought up, and President Christian suggested that the P. T. A. sponsor this project. There was much favorable comment, and finally a committee was appointed to immediately look for a suitable place to rent, buy or locate some movable structure if nothing else was available.

A fund was started at once by Mrs. Emeline Christian, for this Teen-agers club, and it was suggested by several present that in this arrangement to consider the needs of the Girl Scout groups in Plymouth who need suitable quarters to meet, and more adult help. As the Plymouth Chapter, O. E. S., recently voted to sponsor the Girl Scouts, the girls will feel now that they really have some backing.

The committee to investigate available quarters for the Teen-agers Club, was:Harris Postema, Rev. E. Haines, Rev. Paetznick, and Mrs. John Beelman.

George Hershiser reported on the long awaited grade school building, saying that plans have been completed, and will be ready for bids on April 20, 1947. The proposed building is planned so that additions can be made as required and if necessary. If anyone is interested in seeing some of the buildings and schools by this architect they can secure the names and locations from Mr. Hershiser and spend some Sunday afternoon looking them up.

This report was very welcome as the crowded condition of Plymouth school is not one to be proud of, and is not good for either High School or grade school pupils.

Quite a few new members joined the P. T. A. at the close of the business session, and the April meeting anticipates a large and actively interested attendance.

Organ Recital Sunday Night

The general public is invited to attend the Organ Recital Sunday evening, March 23rd at 8 o'clock at the Presbyterian Church presented by Charles F. Wolfgang of Mansfield.

The primary reason for this musical is not to present to the audience a great deal of heavy music but rather to present the Hammond organ as an instrument of beauty and Value in divine services.

There are some things to remember about the Hammond organ, one is that it is not a pipe or reed organ; it is an electric organ and to be appreciated must be played and listened to as such.

The program will consist of a number of well known and loved selections, and will be interspersed with vocal selections by Perry Curtiss of Plymouth and the making of sand pictures by James Watson also of Plymouth.

Plans Being Completed For Alumni Banquet

Definite plans for Plymouth High School's Alumni Banquet are going forward with committees appointed and the date set. Friday evening when a group of Alumni met at the Jaycee Rooms they voted to hold the banquet on Saturday night, May 31st at the High School Auditorium.

The following committees were appointed by Miss Madeleine Smith, president, and her staff of officers. Program committee, James Root; Banquet, Mrs. C. O. Cramer; Decorating, Wayne Ross and Mrs. Edna Rhine; Publicity, Sid Thomas; Invitations, Mrs. Marie Guthrie.

The price per plate was agreed at $2.00 which includes dues, the banquet and the dance. Dance only, the admission fee is $1.00. Lawrence Cornell was appointed to look after the orchestra and an effort is being made to contact a popular dance band.

Raymond Pugh of Shelby has been secured as toastmaster and is a member of the class of '22 which will be honored on its twenty-fifth anniversary. This year also marks the twenty-fifth year of the founding of the Mayflower, the high school annual. While several issues were missed during the war years, it is the twenty-fifth anniversary of its founding.

One of the inconveniences of serving a banquet of this kind, is the problem of dishes. To overcome this, the Association has ordered new dishes and already several contributions have been received to help defray the expense. No doubt there are other members who would be glad to contribute small sums toward payment of this debt.

As plans progress from time-to-time, details will be released and it is the hope of the various committees to have an all-time record attendance.

F H A CONVENTION

Saturday, March 15, Shelby and Plymouth FHA Chapters assembled in the P. H. S. auditorium for a County Convention. The registration table in the front hall was decorated in the St. Patrick's Day Theme and a miniature "Blarney Stone" centered the table. In order to get more acquainted with each other names of the girls were printed on name tags and pinned on them.

The auditorium was decorated in green and white and the luncheon tables were arranged in a "P." A potluck dinner was served at 12:00 noon and, from reports, they had plenty to eat. Eating always helps get people acquainted and by the time dinner was over, the girls felt they had known each other all their lives. Betty Hutchinson and Virginia Rapp presided over the business session. The big decision made was to have a picnic and swimming party some time in July. This will be held at the Seltzer Park, Shelby. Plans were also made for a summer camp, but nothing definite was decided and details will be worked out later.

After the business meeting, the girls played games until three o'clock when the convention adjourned.

Much credit for the success of this convention goes to Mrs. Lindsey and the girls who really worked to make it the complete success it was.

Miss Lawrence, English teacher, was substituted by Mrs. P. I. VanBrunt; Miss Bethel, Music and Foreign Language, Rev. H. L. Bethel; and Miss Jeffrey, Mathematics, Supt. Van Brunt. The flue is an unpleasant thing to have and we hope the teachers will be back at their jobs in very short order.

Data On Our American Legion

NOTE: . This is the first in a series of fourteen articles, explaining the aims and workings of the Legion. ;

The American Legion is enrolling 1947 members nationally at a rate that averages one for every 8 seconds for 24 hours a day and 365 days of the year. The 1946 enrollment of 3,326,556 in 15,975 posts averaged a member for every 10 seconds.

This was announced here today by Commander Alvin ,H. Garrett of the Garrett Riest Post No. 503 of The American Legion here as the local organization's 1947 membership drive went into high gear.

The national 1947 membership quota of The American Legion is 3,979,174. The local post's share of this quota is 100 members.

Commander's Statement

"The American Legion has grown into the world's largest veterans' organization because it is enrolling annually far more of the servicemen and women of World War I and II than any other veterans group," Post Commander Garrett said. "There is a good reason for that. The American Legion offers the ideal vehicle to every war veteran for making his continued service to community, state and nation count the most.

"An Army Air Force colonel recently asked Past National Commander Lynn U. Stambaugh 'what advantage would there be for me to belong to The American Legion?' Stambaugh saw that the colonel was a strong, healthy, resourceful young American in full possession of his faculties, and replied, 'The American Legion has no advantages to offer you colonel. You have come out of this mess with no disabilities. You do not need the Legion. All the Legion could offer you would be an opportunity to work your head off for the fellows who were less fortunate than you in the outcome of their service.'

"That's the kind of veterans The American Legion welcomes into its ranks, who want to work their heads off for the welfare of their disabled comrades, of the war widows, of the war orphans, of all underprivileged children, for national security, for 100 per cent Americanism and for making their community a better place in which to live.

"In return for such service they will find in The American Legion a good fellowship that can be found no where else and the satisfaction of being potent factors in building a better and greater America to make their own personal wartime sacrifices worthwhile."

Homebuilders Class, Shiloh Methodist Church. Rummage Sale and Market, March 21 and 22nd at Township House. Sale begins at noon Friday, the 21st.

MAYOR DIES

Word was received here Tuesday evening of the death of Mayor David L. Douglass of North Olmsted, who was found dead in the garage at the rear of his home where he had been working on his car.

Mayor Douglass, who was 41, was found shortly after 4 p. m. by his wife Frances. A physician was summoned but efforts to revive him were useless. Mr. Douglass had been mayor of the suburb for the last ten years and operated the A. G. Douglass Grocery in North Olmsted, which was founded by his father and who died four years ago.

Police Chief George Christman of the suburb said that the death was "definite accidental" and that his investigation indicated Douglass had had the engine of his car running and the garage door apparently was blown shut by the wind.

Besides his wife, Mayor Douglass is survived by his invalid mother, Mrs. Irene Douglass, 75. He is a nephew of Mrs. Lucy Downend of this place and Mrs. Dallas Brickley of the Shiloh-Plymouth Road.

Services will be held Friday and the body returned to Mt. Hope cemetery for burial.

A MESSAGE FROM THE SECRETARY OF WAR

How you can help YOUR ARMY DO ITS PART FOR PEACE

WITH the President's proposal for the discontinuance of Selective Service on March 31, America will rely on voluntary enlistments for the maintenance of the Regular Army at authorized strength.

In view of world conditions today, this is a step of the gravest importance to every American citizen. Never before in history has any nation raised and maintained a million-man army by the volunteer system alone. Our ideals, our belief in individual freedom, our safety and our duty to promote world peace—all are bound up in this decision.

This is *your* Army, and voluntary enlistment is your choice. It must not fail. With your help it *will not* fail. The Army must continue to provide adequate occupation forces overseas, to supply these forces, and to help in keeping America strong and secure.

Your help and understanding can do much to encourage a steady flow of 3-year voluntary enlistments, necessary to sound training and the efficient performance of the Army's task.

When you discuss this subject with your sons, brothers, husbands or friends who may be considering an Army career, bear in mind the advantages offered by a 3-year enlistment. Among them are the choice of branch of service and of overseas theater where openings exist, and the opportunity for thorough training in valuable skills.

A job in the new Regular Army compares favorably with the average in industry, and has more opportunities for promotion than most.

You can help by giving your respect and support to the man who enlists voluntarily — to do his part in carrying out your country's world-wide obligations to build a peace that will endure.

Approximately forty guests were present during the hours from 2 to 5 and were received by Mesdames Bruce Myers, J. T. Gaskill, Clayton Pugh, Chas. Barr, May Sourwine, Jennie Hills and Miss Jessie Trauger. The hostesses were dressed in white with green aprons and caps.

Mystery of the Rocking Chair

Ma Hoskins has a favorite rocking chair that's worn and shabby, with a noisy creak. Pa Hoskins has listened to that squeak for thirty years . . . and he decided to do something about it. So he bought a new rocker, and hid the other in the barn.

Ma allowed as how grateful she was . . . but when Pa missed her one afternoon, he heard a familiar sound that led him to the barn. There was Ma rocking happily in her old chair—squeak . . . squeak.

No need to tell you how Pa felt.

Quick as a wink he hid the new rocker and then brought Ma's old chair back to the house. Now when he hears that squeak, he looks at the mellow glass of beer he's drinking and says to himself: "She's just as entitled to her small pleasures as I am."

From where I sit, that's one of the reasons the Hoskinses are the happiest, oldest-married, peacefulest folks in our town.

"My Pop knows when everybody gets up!"

No, Tommy's Dad is *not* a snooper. It's part of his job to know what time you and your neighbors start turning on lights, ranges, shavers, percolators and toasters in the morning. For these all call for more electricity, and he's the man who tells the power-plants when to send more current through the wires.

If a bad storm breaks, Tommy's father detours your electricity, so storm damage won't black out your community. If tomorrow will be colder, or cloudy, you'll need more current . . . he'll have it ready. As a *Load Dispatcher*, he holds one of the most important jobs in your electric company.

Next-door neighbors to everybody are these helpful men who see that you get all the low-cost electricity you want, *when* you want it. They have to know the hour-by-hour needs of every neighborhood . . . and that's where they draw on the intimate knowledge of the community that the electric company has gained over many years. It's the skill and experience of electric company people like Tommy's Dad—and the common sense business methods they use—that have built up for Americans the most and the best electric service in the world.

Girl Scouts Mark Thirty-Fifth Birthday Anniversary

Plymouth Girl Scouts joined more than a million members of their organization throughout the nation in celebrating the thirty-fifth birthday of Girl Scouting founded by Juliette Low. This is the largest organization for girls in the world.

Last Wednesday the group gathered at the Methodist Church for their birthday party with Mrs. Yohn of Shelby as a feature speaker. Mrs. Yohn's daughter Joanne and guest Marjorie Sullivan were also present. The Scouts also wish to thank Mrs. Teal and Mrs. Robertson for the lovely cakes they brought.

On the 13th, the group received a donation of $10.00 from the PTA meeting where the girls took a collection for their new home. On the 17th a display of Scout projects was placed in the Plymouth Shoe Store window for public inspection.

The Scouts also wish it known that they have quite a few calendars for sale. The Brownies also expect to help sell the calendars.

A NEW COMMUNITY SERVICE

This plan was originally set up for our flock owner's surplus eggs but we have decided to extend it to a few more poultry and egg producers. WE WANT EGGS—GOOD EGGS—not over a week old—preferably white ones—THEY MUST BE CLEAN—23 oz. or more. If you have a few small ones bring them along. If you have brown eggs come in and talk to us about them. The price will be better than average. You will have to bring them to our store on Fridays or Saturdays only. These eggs are NOT FOR HATCHING so you need no roosters.

READERS' FORUM

In answer to the letter in last week's advertiser regarding the plans for a Youth Recreation Center in Plymouth, the idea is not dead so far as the Plymouth Jaycees are concerned.

Although I am neither an officer, nor an authorized spokesman for the Jaycees, I am an active member, and can safely say that this project has been given long and meticulous consideration by the Plymouth Jaycee Organization. Shortly after the Jaycees were organized in Plymouth, we were asked by four teen age girls to sponsor a Recreation Center for the teen age youth in our community.

Being a newly organized group of young men we were happy to receive this request. Our President immediately appointed a committee to work on plans for a teen age club in Plymouth. This committee visited teen age clubs in neighboring communities. They contacted Supervisors and sponsors of Youth activities. After an exhaustive search for a room or building that would meet the safety and sanitation requirements of a Recreation Center, we came to the conclusion that it would necessitate the construction of a building to house this type of activity. The cost of a building suitable for a Recreation Center is too great for the amount of money in our treasury. Therefore to date we have had to refrain from accepting the sponsorship of a teen age club.

Although we have not been able to provide a teen age club, the Jaycees have not given up hope or quit working for better Recreational Facilities in Plymouth.
