

Escape Death in Auto Wreck

An automobile wreck in which two Plymouth people were involved and through "sheer luck" are living today, occurred Saturday afternoon at 1:45 just outside of Shelby. Driving south on Route 61, the Buick sedan, occupied by Mr. and Mrs. Miles Christian was completely demolished when it was struck by a Chevrolet sedan, driven by Zane Z. Maranda, 18 year old Shelby youth.

The Christian car had just passed the intersection of State Road 61 at the Parcel Air Depot, when Christian was observed as rounding the curve, and thought the machine was headed toward Shelby. Suddenly it lurched to the west side of 61 and then again to the west. Realizing that the driver of the oncoming car was either in a drunken condition, or that control of the car had been lost, Mr. Christian, who was driving the Buick, steered his machine off the road, as far as possible. But at this instant the Chevrolet plowed into the left side of the Buick, striking the front wheels.

The impact of the cars made a complete wreck of them. However, Mrs. Christian, who sensed the oncoming danger, threw herself between the seat and cowl, and as a result she was not thrown clear of the machine, but received badly bruised shoulders and severe jolt. Mr. Christian to see if he had all the while the face and body, and a small bone fracture of the left foot at the ankle. Young Maranda, who escaped serious injuries, but the entire trio were badly shaken up.

State patrolmen investigated the mishap, and it was revealed that Maranda, who is only 16 years old, was driving the car without a license or permission of the owner. He was arrested for driving in this juvenile court, Mansfield, on Wednesday. Christian related that the youth had changed a tire on the car, which belonged to "a friend," and was driving it on his own.

The former Mrs. Christian (the former Emaline Faye) had the misfortune of having her car smashed beyond repair when it was struck at the intersection of State and Spruce streets, where she escaped serious injury in this wreck. While neither admit it, there must have been "rabbit foot" hidden somewhere in their car, for those who saw the wreck minutes after it happened, were amazed that none was seriously injured.

Edna Frances Myers Delegate to Girls' State in Columbus

Miss Edna Frances Myers, a junior in the local high school, and daughter of Mr. and Mrs. Walter Myers has been chosen as delegate to attend Girls' State at Capital University in Columbus, Ohio, this week. She is the only girl from this town to be selected.

The American Legion Auxiliary will sponsor Miss Myers and her niece Rhine as "rabbit foot" alternate. Last year's delegate was Miss Joy Lee Bradford.

The Auxiliary took this action Friday evening when they met in regular session. One of the items taken up was the contribution to the Red Cross Drive and announcement of a Birthday anniversary dinner for Mrs. J. H. Myers for the American Legion, their wives, Legion Auxiliaries, and their husbands. Further details will be given next week on this.

Team Breaks Even With 9 Wins, 9 Losses For Season

The Plymouth High School Basketball team for 1947-48, after a game at the records and letting the significance of those scores be compared, you will readily see, the spirit of team-work and cooperation together with consistent training, brought results. The Pilgrims were a heavy favorite in the County and commanded the respect of all the sports men. Coach Lindsey's paramount aim of a winning team is founded upon the principals of good sportsmanship. With this in view, P. H. S. has kept friendship with her adversaries. The Varsity and Reserve have been fortunate in having teams of high calibre and the outlook for the future is bright for honors next year.

The support given to the team by the whole school and Booster fans has been commendable. Winning and losing has brought followers and Student Body has been with the team. Much credit should be given the cheerleaders for their efforts this year, and the Booster Club headed by the Mothers of the boys, made it possible to be one school in the County to treat the boys to a banquet and a packed lunch for the visitors.

Corny Vanderbilt, Kenny Echberry, Capt. Bill Lawrence, Ben Burrer, Don Smith and Bob Baker, are losing the Pilgrims and White for their final year. Letter carriers returning next year are: Des Donnerwirth, Ronald Trauger and Jim Burrer, together with these men on the roster, together with the good material from the Reserve Squad, the outlook for next season is good.

The Reserves saw action, and with sturdy defense rolled out a

Huron County Real Estate Tax Report Is Given

A report on the recent real estate tax collection is given out as follows: The county auditor, Huron County Treasurer, as taken from the settlement of the first half 1947 tax collections.

A total of \$418,458 was collected on real estate and \$3,924.59 on Special Assessments. These figures include some advance payments on the June tax, \$59,570.08, and some advance payments on the June tax on real estate and \$401.46 was paid in advance on Special Assessments. There are still due estate taxes the amount of \$28,891.42, mostly of six months to one and one-half years delinquent. Thus the average unpaid tax is about 45% of the amount of unpaid are within the corporation, the townships with one or two exceptions being well above the average in unpaid taxes. Theoretically speaking there should be little or no tax remaining unpaid under present conditions. It is a credit to the county that unpaid amounts in the present time seems to be an indifference or carelessness. Almost entirely the old delinquents of an area of duration of time are now cleared up. There are very isolated exceptions where a property might be sold for recovery of taxes.

There are some lands subject to enough lands subject to forfeited land sale to warrant such a sale this year.

FEBRUARY WEATHER

The first ten days of February were abnormally cold, with a total of 7 degrees below zero on the 9th. The rest of the month was mild, with several spring-like days, and a high of 72 on the 19th. The average temperature for the month was 29.8 degrees; or 2.2 degrees above normal.

Rainfall totaled 2.40 inches, or 25 inch above normal. However, 2.02 inches of this fell in four days—1.48 inches on the 13th and 14th, and 54 inch on the 27th and 28th, causing some flood damage.

Snowfall was light, measuring only 4.5 inches for the month. It came through the winter in good shape although the critical month of March, with its freezing and thawing, still lies ahead.

Timely Topics At P-T-A Meet

The P. T. A. meeting was held Thursday night, February 26th. Mrs. Dwight Graham of Vesper Depot showed to the members of the P. T. A. This was a story of the training of Army Chaplains of All Creeds; and how up to the hilt the right to be a Christian if he belongs to that Church, or another says "If you join that Church you are going against my wishes." When it isn't denominationalism we are supposed to have but Christ is free. Then we wonder at the price we have to pay for "Peace."

Rev. Paetrick then introduced Mr. Dwight Graham of Vesper Depot, C. O., the company that sponsors Home Talent plays. But no free nights could be found for this.

Mr. VanBruit then took us on a tour through the school building, to show us how much we were in need of a new grade school. When you have a building built to accommodate 250 pupils of High School age, then put 400 pupils in it of High and Grade School ages, well that is a little more than the school can handle.

The blackboards were built for ten-agers, yet the first and second grades are supposed to use them. And the lighting in the school is inadequate for their needs. Yet you can't add stronger bulbs as the wiring of the building is inadequate for them. So as usual the children are the ones to suffer.

Mrs. Mattie Wills, aged 76, passed away Thursday, Feb. 26 at her home in Waverly, Missouri, without knowing that her son, C. W. Wills, 41 months, had preceded her in death on Monday of the same week. News of Mr. Wills' death was withheld from her due to her age and condition.

Mrs. A. Moore Stricken on Eve of Her Birthday

Mrs. Amanda Moore of Sandusky street, was stricken on the eve of her 76th birthday and passed away last evening, Wednesday, about 7:56. Mrs. Moore had not been ill, and earlier in the evening had walked to town for groceries and to chat with friends along the way, as was her custom. Returning to her house trailer, parked beside the C. C. Moore home, her son heard a thump against the house and upon an investigation found his mother seriously ill. Medical aid was summoned but death came within a matter of a few minutes.

Plans had been made by her sons and their families to have her observe her birthday today and already several of them had called with gifts and best wishes, so her unexpected death came as a severe shock.

She was the widow of James Martin Moore, who preceded her in death some sixteen years ago. Survivors include four sons, Earl and Clyde of Mansfield, Clinton C. and Glen of Plymouth; fourteen grandchildren, and a number of great grandchildren. She was the last of ten children of Mr. and Mrs. Samuel Snyder and was born and raised south of Willard.

Mrs. Moore was everybody's friend and always willing and ready to help or aid those in need any way possible. She enjoyed her children and grandchildren and will be greatly missed by them all.

Around the Square

(By Phinney Whittlesold)

WERE NOT SURE whether Mayor C. A. Robinson and wife "talked turkey" Sunday when they were guests of Mr. and Mrs. John Lanus of New Washington for dinner, but they enjoyed eating it, for both turkey and a birthday cake were on the menu.

Reason? The Mayor had a birthday on Monday, March 1st, and the event was observed on that unusual leap year Sunday. It will be twenty-eight years before he can do that again or in 1976.

ANOTHER Plymouthite who can look into the year 1976 for a repeat Leap Year Sunday birthday.

On Feb. 24 they spent the day with sister, Mrs. Bess Ross Krueger of Sandusky. Those four-year birthdays can do a lot to a lady's ego when it comes loading up years.

A POST CARD over the weekend from W. W. Wirth and C. McQuown indicates that they're really out of the "long horn" country. They left here Feb. 21 for a three-week western tour, with Dumas, Texas, as their goal.

On Feb. 24 they spent the day with Dave Bachrach and family in Oklahoma City, and then headed south. W. W. (Bill) Wirth took time off to secure a postcard showing West Texas country, with horns more than 9 feet, six inches — but at the top of the card, there is a little line saying: "H. F. Root and his twin brother, with horns more than 9 feet, six inches — but at the top of the card, there is a little line saying: "Yeah, but not that way. I have the opinion that while Wirth is watching the oil derricks, Darling will be "eying" the cattle — and those Texans better keep an eye on both of these gents from Ohio!"

THE POWER of the press can't help much in the housing problem as a pre-requisite to marriage as reflected in a classified ad appearing in the Bowling Green Central-Tribune.

It read: "My girl's father won't let me marry her until we have a place to stay in Bowling Green. Do you have an apartment or trailer to rent?" Write Box 67.

THE FOLLOWING Recipe has been turned into this office in anticipation of spring baseball ball team this year.

"Take nine Plymouth Pilgrims, Add Lindsey's coaching ability, Stir well with enthusiasm of Mix well with opponent. Boil thoroughly for nine innings. Add 1 umpire to prevent over cooking. This will make a baseball team. Enough to satisfy all Plymouth.

EARL McQUATE was walking like an "old man" over the weekend. It seems that after making a call last Thursday night, he slipped while getting out of his car and injured the ligaments of his left foot at the ankle.

ANOTHER encouraging sign of "Spring" — A brave little white "Star of Bethlehem" flower which had pushed its way through the snow at the Ross VanBuskirk street. Their daughter, Mrs. Vera Cole, of R. 3, Shelby, brought it to the Advertiser office to add to our collection of "Signs of Spring."

DON'T get too excited if you see a big, bright new shiny FIRE truck pull into town late Monday night. You can't get more excited than our Fire Chief, Ed McDougal, for he and Luther Fetters expect to leave early Monday for the factory, and drive the truck back to Plymouth.

BUSINESS was on the quiet side at both the meeting of the village council and the board of public affairs this week. At Monday night's session, the Board took up plans for extending the water main on West Broadway. Council discussed the purchase of additional fire equipment, and also talked about narrowing the sidewalk over on the bank corner.

I DON'T think any of us would vote for any Senator who is in favor of keeping the present rate of income taxes at any rate. I hope the Senators will do something about taxes. We could use a few dollars to pay the taxes NOW due!

WE WOULDN'T mind paying 60c per dozen for eggs, if they're like the one Bill Humphrey of Humphrey's Food Market had.

WEEKLY SERMON

For The First Sunday in March

BODY AND SOUL
(By Roc Petrone)
Jesus Christ was not only God. He was a thoroughly practical man and a first-class realist. He recognized that a human being has both a body and a soul, and with divine insight, He knew that to neglect either of these elements would be to the ultimate detriment of both.

And so it was that when a great multitude of people followed Him one day. He first spent many hours giving them the vital message of God, so necessary to nourish and to sustain the life of their souls. But He did not stop there; as an impractical idealist would. Having fed their bodies, He looked for food to satisfy their bodily hunger. "All we have are five barley loaves and two fishes," He said, "and I am feeding five thousand hungry people here."

As you will recall, Christ, being God, could and did miraculously multiply this food, that all ate as much as they wanted, and twelve baskets were filled with the remaining crumbs. This miracle is considered a foreshadowing of the more astounding miracle performed in His true Church today, where Jesus multiplies His presence in the Sacred Hosts of Communion — the Living Bread for the souls of all mankind.

Again today, souls and bodies are starving in every country of the world. Each one of us in this wonderful land of plenty has the privilege and the duty of helping these unfortunate people. It is true that charity begins at home, but it does not stop there. We must do all we can to bring both spiritual and material help to those who are in need. Though we have not the power to multiply a few loaves and fishes, we can and should multiply our personal contributions — both of money and service — to needy individuals and to worthy religious and charitable organizations. This holy season of Lent is an especially good time for this. In-

Dated this 1st day of March 1948.

Enjoy Fiftieth Wedding Anniversary

Mr. and Mrs. Arthur McBride held open house at their country home, Friday evening, Feb. 27th, from seven to ten o'clock, on their golden wedding anniversary.

Approximately one hundred-fifty neighbors, relatives, old school mates and friends came to offer their congratulations. Out-of-town guests were in attendance from Lorain, Willard, Plymouth, Greenview, Shelby, Tiro and Columbus.

The spacious rooms of the home were profuse with flowers of golden hue, sent or brought by organizations, family and friends. Mrs. McBride wore an orchid corsage tied with gold ribbon, and Mr. McBride a yellow rose bud, gifts of their seven great grandchildren, who were all present.

Gold candles, and a three-tiered wedding cake topped with a miniature bride and groom, decorated the dining table. White cakes iced with yellow rosebuds and ice cream centered with golden wedding bells, were served to each guest, with coffee or tea. The seven granddaughters alternated in the serving.

Mr. and Mrs. McBride are charter members of the Shiloh Community Grange and the Grange Master, Woodrow Huston, took pictures along with three other couples, also Grange members, who had recently celebrated their golden wedding anniversaries. In this group with the McBrides were Mr. and Mrs. Ira Pittenger, Mr. and Mrs. Geo. Page, and Mr. and Mrs. W. W. Kester.

An interesting coincident is that Mr. McBride's parents, the late Mr. and Mrs. Calvin McBride, celebrated their fiftieth and sixtieth wedding anniversaries in the same home.

Here 'N There With Our Subscribers

Mr. Lillie M. Stotts who makes her home in West Palm Beach, Florida, renews her subscription for another year to keep in touch with Plymouth as "I used to live there."

H. R. Sykes of Cincinnati another former Plymouthite sends a short but sweet "Best Regards" along with his renewal. Van R. Inson who makes his home now in Pleasant Ridge, Mich., scans every line of the home town paper to keep from getting too homesick and sends along his best wishes and regards to former friends.

Zora Shields Perry of Oberlin writes "By all means renew my subscription — although it has been thirty-nine years since I left Plymouth, I get some news from the paper. At least I love to scan the names over thinking I will remember that one and many of them come to remember. You see where one's girlhood was spent, happy memories — although I read it all over as soon as I receive it and I can place how the retail stores used to be and how everything changes — which we are living. So many have passed on whom I once knew." That's right Mrs. Perry, you don't sit on the Square as long as we have and not note the changes taking place. But TIME MARCHES ON and you march along with it or else . . .

Now there's Bill Caldwell who left Plymouth for Pontiac, Mich. and later for Oxnard, California. He and his wife are very happily situated in the West and expect to make it their permanent home. Nevertheless, they are looking forward to a return visit by summer . . . they hope . . . but in the meantime invite their former friends who go westward to stop in and see them. They also wish to say "hello" to all Plymouth friends.

Mrs. D. E. Malott of Route 1, Dorset, Ohio, wants to make sure she receives her paper, so sent in two year's subscription and her best regards.

Mrs. Nellie Scott who calls Lodi home now, looks forward with much pleasure in receiving their paper and both she and her son and family read with interest the doings in their home town of Plymouth.

Way out in Pavillion, Wyoming, Mrs. Loretto Tregg tells us they are having the "nicest" winter in the state and continues her interest in Plymouth. Mrs. Tregg left here many years ago and has been a consistent subscriber all these years.

C. G. Copeland, formerly of Shiloh and now of Tiffin, Ohio, comes to town every once in a while but our "unusual" winter weather has prevented him from coming recently, so sends in his subscription.

Miss Lona Swineford of Ashland, Ohio, R. D. continues the paper in her name, her brother, Mrs. Sarah Swineford having passed away. Her inquiry of "would you mind if I would send you some news occasionally from Olivetsburg" is a most welcome one, and we hope to hear from her from time to time. In fact, news from our subscribers is greatly appreciated and helps to keep the "home fires burning."

Going back to Florida, Mr. and Mrs. Chas. A. Wentland in St. Augustine write that the weather

man is all mixed up and like Popeye in the comic, someone has pulled the plug and let it rain . . . in fact the weather was described as "miserable." They are hoping to return to Ohio this summer.

Mr. and Mrs. C. H. Lloyd of Lake Odessa, Mich., renew for another year and send their best regards. Mrs. Lloyd is a sister of the late Otis Moore and both she and her husband continue fairly good in health.

Mrs. E. G. Seibel of Columbus, Ohio, who also maintains a home in Shiloh compliments Mrs. Maud Ruckman on her job as a good reporter and hopes she will continue . . . so do we.

Earlier in the year Mr. and Mrs. Park Mosier sent us a cartoon with Old Man Winter knocking at the door of Mr. and Mrs. North with a record note fall with John Q. Citizen answering "Florida, Here I come." Mrs. Martha Lewis, mother of Park, is quite happy in her new home and enjoying the warm sunshine and abundance of fruit.

It won't be long before the Edd Phillips will be thinking of returning to Plymouth, that is, of course, unless they like that "Life of Riley" they wrote us about after arriving at Wilcox, Arizona, last fall, and decide to make Arizona their home state. Three good meals a day, a good bed to sleep in and nothing to do—what more could you ask.

P. S. Word received this week tell us that Mr. and Mrs. Edd Phillips and Mr. and Mrs. Ray Dinger have left Arizona for trip to California. They expect to return to Arizona about the 15th of the month.

CARD OF THANKS
We are grateful to friends, neighbors and business associates for the many kind acts shown us during our recent bereavement in the loss of husband and father; also for the many beautiful flowers, cards, comforting words of Rev. Paetznick, the McQuate funeral home for their efficient service, and all who assisted us in any way. They were all appreciated very much.

F-R-H SHOP NEWS

WE'VE BEEN told that Sam Fenner hasn't been off work due to illness for two or three weeks. However, Lady Luck failed him some two or three weeks ago, when he had to stay home. Up until Monday of this week he wasn't back on the job, but it's our prediction that Sam will be back just as soon as he can. I have the sheet of metal room the other day, and if you don't think Sam's part of the place . . . Well, you just miss him . . . that's all.

IF YOU REALLY want a nice box of candy for Easter, place your order with Madeleine Smith, Otis Downard or any of the others who are taking orders. Proceeds from the candy sale go into the flower fund, so you're helping a good cause when you buy a pound box at only \$1.25. The candy comes in a beautiful, decorated Easter box, and is just an ideal gift for the little wife.

YOU CANT imagine how amazed I was to find that Starkey has moved his headquarters into the office occupied by Cora Statler. Starkey says she's a "tough hombre," but she's got to go some to get ahead of D. D. Cora did make any predictions as to how things are going to work out, but she made it plain that "she's" finding her own business. Reminds me of a parable in the Bible about the lamb and the lion.

FELLOW EMPLOYEES in the tin shop were really shocked Monday of last week when they learned of the sudden death of Charlie Davis, a fellow co-worker. Charlie had been one of the boys for over straight years, and he became well liked and familiar figure in the shop. The many expressions of sympathy by the men with whom he worked proved that he was held in high esteem by all.

Dry Federation To Hold Session

By E. R. Haines, Publicity Agent
The Dry Federation meeting is next Sunday 2:30 p. m. Methodist Church.

Note the following story and be sure that no one knows what he will do when under the influence of liquor.

Killer Warns Youth
Joseph Bortnyak, 27, entering Joliet penitentiary, Sept. 9, 1947, to serve a life term for the slaying of Charles Bradley, 3, sent this message to young people, through the office of Warden Frank G. Sain, of the Cook County, Illinois jail:
"I would tell young fellows to stay away from liquor because it can ruin them . . . I started to drink when I was 16 . . . I can trace most of my troubles to drink, and especially this one that has sent me away for life. . . That's what got me into trouble."
Expressing deep regret at the crime he committed while under the influence of alcohol, he added "I just hope that some day, I will be able to repay them (the parents of the boy he killed) for all the trouble and sorrow I have caused."

At the prison, young Bortnyak said he hopes to study a trade and follow it some day.
So much for Bortnyak. No regret and no apology and no expression of horror has been released to the public from the tavern keepers who sold him the liquor as a youth of 16, nor from the trade which goes right on making potential Bortnyaks in every part of the land.

Friends, Family To Help Celebrate Dr. G. J. Searle's 88th Birthday

Down in "God's Country," Bradenton, Florida, Dr. Geo. J. Searle is just about the happiest man there, for this week and next he will have as his guests, his daughter, Mrs. C. V. Whitney and husband of Washington, D. C., and son Dr. Geo. J. Searle, Jr. wife and daughter of Mansfield, Ohio.

The occasion will be the 88th birthday of Dr. Searle which occurs on March 28 and the presentation of Handel's "Sampson" given by the Eleanor Searle Whittney School of Music in Lakeland, with Mrs. Whitney singing the Solo parts in the performance, last evening, March 28.

Dr. Searle has led in years past about as active and full life as his daughter Eleanor at the present time. He was born in London, England, March 8, 1860.

For these chores he received the sufficient sum of \$250 per week.

Finishing his education the hard way at Nichols he attended and graduated from the Boston University Medical School in 1888 he married Dora Fenner, a Plymouth, Ohio, girl and set up practice in Marlboro, Massachusetts. He had two sons, Fred Fenner Searle who was killed in World War I, and George, Jr., now a Mansfield, Ohio, surgeon and deep X-ray specialist.

One year after the death of Dora Searle, the young doctor married Anna Fenner, a cousin of his first wife. She bore him a daughter, Eleanor, who grew up to be a Doctor also, but of music and not of medicine... a concert and opera singer... before she became the wife of Cornelius Vanderbilt Whitney in June, 1941.

"Nuisance," he calls her, "my pet name for the greatest and loveliest girl you could find."

Dr. Searle and wife still maintain their Plymouth home and return here each summer, but for the past twenty-five years have spent their winters in Bradenton, Florida, which is forty-two miles south of Tampa. In speaking of Bradenton, he sounds like a one man Chamber of Commerce.

"Bradenton is God's country," he says, "and the healthiest city in the U. S. I've seen people go there on stretchers and in a few days they're walking around."

For T. B. Sinusitis, nervous prostration, bronchitis... they'll get well if they will only come here and do as I tell them."

Dr. Searle is proud of his medical career. He graduated in 1903 and never losing a mother. He's also had a lot of fun in watching them grow up too and receiving letters and cards from his "family." Last October he received

recognition from Nichols College as the oldest living graduate and was featured in their magazine "The Nichols Almanac."

Those who wish to add their greetings on this occasion may address their cards to 106-26th St., West, Bradenton, Florida.

From where I sit... by Joe Marsh

Where Does Your Money Go?

Read the other day where country folks and farmers spend more money, proportionately, on their homes than city dwellers do.

Doesn't seem hard to believe when you think it over. Take the folks in our town, for instance: They're home-loving people—would rather spend an evening by the fire with a mellow glass of beer than go out in search of entertainment or diversion.

So it's only natural they put more into what means most to them and to their children: their homes. They

may not have too much to spend—but it goes for those permanent, abiding comforts that make home a nicer place to be.

And from where I sit, the budget calls for some of the niceties of home life too—like cider and popcorn for the kids from time to time, and a friendly glass of beer for Mom and Dad... things that belong with what we mean when we say "Home."

Community Club Holds Meeting

Approximately forty men attended the monthly meeting of the Plymouth Community Club Tuesday evening. Following a fine supper at Fishers Coffee Shop the group adjourned to the Methodist Church where a local Boy Scout Troop Court of Honor was held.

Presiding over the court was George Hershiser. Benny Dorton was presented his Second Class badge by warden of that rank, James Root. First Class badges were presented to Daniel Eby and Larry Hampton by warden Stacey Brown. Merit badge warden, Thor Woodworth presented the following scouts their respective merit badges, Daniel Eby, "Musty" Peterson, Health, Firemanship and Woodworking. . . Larry Hampton, Home Repairs. . . Michael Dick, Safety. . . David Sams, Gardening.

Following the regular business session conducted by President Paetznick, Don Ford introduced the speaker of the evening, Coach Robert "Tuck" Lindsey. Coach Lindsey brought before the group the now important question of football. A very clear outline was given as he noted points of value and their respective cost. General opinion was given that if Plymouth were to have football, it would be an all out effort to provide the youth with the very best in equipment, and to support a full eleven man team.

Invitation is given young men of the community who are civic minded to attend the monthly meetings of this group. At present there are approximately thirty-five men in the Club. Many visitors were present Tuesday evening.

display last week of course, an egg to Bill is just an egg, but when they come in weighing five ounces — then that is something. The egg had two yolks, but about twice the size as the ordinary 2-yolk egg. Bill was going to color it for Easter, but a customer got nervous, and it spread out on the counter — in other words, it got BROKE!

JUST ABOUT the time you have those auto tags memorized on your friend's car, the year is up and you start all over again. Passenger and truck licenses went on sale Monday morning in Plymouth with Mrs. Clarence Ervin, as registrar. The plates are lemon yellow with black figures and must be displayed on cars and trucks before April 1st. The Serial number for Plymouth and vicinity is still WQ. Our tag is in good shape, seems like it ought to last at least another year. Oh well . . .

THE MARCH LION limped into Plymouth Monday very timidly. The sun still refuses to shine, and while the ground is a little mushy, there is a slight coating of ice here and there. In a way, it's nice for the lady of the house, to put off that spring housecleaning a little longer.

IT TAKES a heap of ssp to put that maple syrup on your morning pancakes. Bauer Bros. just north-east of here have 500 pails out for this year's run. This is just about half the number in former years . . . but the prospects in the future are brighter with more help from the boys in

the family. There were several good, as well as the price. Other good days run last week, and Sugar Bushes in the community with the alternate thawing and freezing, the quality is expected Barney Robinson.

Better Days for the Farmer
Never was the U.S. farmer more prosperous than he is today. The year 1947 brought him the most substantial cash income in his history. And Kroger — paying almost \$600,000,000 a year for farm products — is one of the farmer's best customers. Prosperity on the farm is the foundation of prosperity for the entire U.S.A.
