Huron County Court Notes

NORWALK—William A. Brumbach, Norwalk Center, pleaded guilty to the charge of operating a still in Norwalk under the provisions of the Liquor Law. He was fined \$100 and costs by Judge L. H. Brown and his driver's license suspended for two years.

Edward J. Smith was arrested by members of the sheriff's department after he crashed into a car driven by Mrs. Lillian Lehman, New London. Mrs. Lehman is formerly from Plymouth and her husband operating the Plymouth Bakery a number of years ago.

Awarded \$100 Verdict
Mary Suda, rural Greenwich, was awarded a verdict of \$100 by a petit jury in her suit against Howard Burman, Oland, for selling her a post-digger which was not up to the original specifications.

Court of Appeals
Of five cases reviewed for the Huron-co. court of common pleas, the sixth circuit court of appeals affirmed the decision of the lower court on four of the cases and reversed the other. The case reversed involved the action of Edith Dodds, administratrix, vs. Homer Meisner, both of Willard. It was returned for a new trial for the reason that the trial court refused to grant the request of the defendant for a special verdict.

Cases affirmed by the high court were: Bernard F. Kean, vs. Hassie Haynes; state of Ohio vs. Vincent S. Aggeler; Clarence O. Stevens vs. Ohio Prefabricated Home Corp.; Viola E. Blaincombe, administratrix vs. Russell M. Moyer.

New Term of Court
The spring term of the common pleas court terminated Saturday but the summer term began forthwith the following Monday. A call for thirty-five jurors was issued for service Monday at 9 a. m., eastern daylight saving time.

NORWALK—The A. J. Baltes Co., Norwalk, were awarded a verdict by a three-judge panel at the Belmont-co. common pleas court in \$18,000 which they brought against the firm by Howard J. and Dollie Campbell, Barnesville, Ohio.

Action was brought against the Baltes Co., which was hired by the state for a highway project in Belmont-co., when it removed and sold coal encountered when making a 94-foot roadway cut through a right-of-way across the plaintiff's farm.

Suit was brought by the Campbells, charging that in having sold ground for highway relocation purposes, they had not lost title to the coal necessarily removed in the construction of roadway. It was the first decision rendered affecting minerals under the Ohio highway system.

Trial Continued
The trial of the wrongful death suit of George W. Howard vs. Carl W. Blackett, Jr., rural Willard, in which the plaintiff seeks a judgment of \$10,000 was suddenly halted Friday and continued until the summer term of the court.

Motion Overruled
Motion for a new trial in the case of Mrs. Bessie Simpson vs. Norwalk Bus Lines was overruled. A petit jury recently brought in a verdict for the defendant.

Seeks Judgment
H. D. Briggs, Plymouth, seeks to recover \$618.83 which he alleges is due him from Estella Hatch same village, for labor and materials since Aug. 31, 1946, with interest.

Held On Delinquency
George A. Green, Jr., North Fairfield, is being held in county jail on the charge of contributing to the delinquency of a Norwalk boy.

Make Plans For July Celebration

Mill-Bow-Mar Post 380 of Greenwich, Ohio, have started the wheels for another July 4th celebration to be held the 3rd, 4th and 5th of July at the Greenwich ball park. This is the third such celebration sponsored by the Legion members.

The White Star Carnival which everyone enjoyed last year will be on hand with many more rides, concessions, and shows under a new heading. The local merchants will display a full line of equipment of all types, while the U. S. Army Recruiting service of Norwalk will have a

display of army big guns and vehicles of several types.

The celebration will get under way the morning of July 3 at 9 a. m. with a parade of floats. It is hoped that a contract can be signed for one of the country's best rodeo shows for Saturday afternoon.

Ohio State University, related the importance of the farmer committee in relation to the total program. New developments in the Sheep and Lamb Improvement Program were pointed out by L. K. Bear, Sheep Specialist of the University.

John Bricker, Cleveland Livestock Producers' Fieldman, was recognized for his pioneering work in spraying sheep and lambs for external parasites. Although western farmers have used the method for some time, Bricker was the first successful attempt in Ohio. DDT was used as the insecticide.

Committees were appointed to develop plans for trademarking Ohio Pool Lambs and standardize the grades of pool lambs. The methods of selling lambs marketed through the pools was also discussed.

Attending the conference from the Greenwich Lamb Pool were George Ganyard, Richland County Agent, John Bricker, Cleveland Livestock Producers' Fieldman, and William G. Kneisel, Acting County Agricultural Agent, Huron County.

Attorney General Jenkins, in another opinion, ruled that a board of elections is without authority in law to remove or cause to be removed from the ballot to be voted at a primary election the name of a deceased person whose death occurred after the filing of his declaration of candidacy and before the date of such primary election.

The opinion was requested by Edward J. Hummel, Secretary of State. (Opinion of the Attorney General, No. 3100.)

Many Activities Featured In Closing Days of School

Monday, May 3rd, Coach Lindsey, Supt. Van Brunt and County Supt. Robinson went to Old Fort for the drawing in the district baseball tournament. Plymouth will play Norwalk St. Paul in the first round at 12:00 noon today Thursday, May 4th. If the local boys win they will play again on Monday, May 10th.

There are no tests for the seniors in English Society, Typing II and Office Practice. Seniors in all other subjects will be expected to take their exams along with the regular class.

In some few cases students will be fined for unnecessary damage to their books. In this case, fines must be paid before the final day of school.

The Freshman Class will have their annual class dance in the High School gym Friday night, 8:00 to 11:30 p. m. Admission will be 35c single and 60c per couple. The class will serve refreshments.

The Seniors carnival night at the high school Friday, April 30, gave the seniors approximately \$2000 including donations. At present the class has \$1015.36 in their treasury for their trip to Washington. They still have classes due to collect and the proceeds from a bake sale to turn in on the total.

Thursday, April 29th, the baseball team of Plymouth beat out Lucas 3 to 0. An account of the game shows that Cory Vanderbilt was credited with pitching a no hit game, the ultimate goal of every baseball pitcher. Hope we can do as well in the district tournament.

At the pre-school clinic Monday, May 3rd, thirty-three youngsters reported in for a check up by the county doctor. Various suggestions were made to the parents for correction before the children start to school next year. Forty-three are expected for the fall term in the First Grade.

The end of the year activities have been thoroughly gone over and are now set.

CONTRAST - Elaine Stritch, who portrays scheming Greasy Sycamore on NBC's daytime serial, "Let's Face It," has played contrasting roles—as a comedienne and singer—in stage shows. She introduced the song hit, "Civilization," on Broadway.

Look who gets squeezed!

Union leaders representing less than one-tenth of railroad employees reject recommendations of President's Emergency board—refuse to negotiate except on their own terms—threaten to paralyze nation by strike!

In contrast, this small group of railroad union leaders are attempting to flout the intent and spirit of the Railway Labor Act, and dictate their own terms. They have dictated a paralyzing railroad strike.

You will be the victim!

How long will the American public stand for the undemocratic, arbitrary and abusive use of the right to strike and the disregard of the obligation to provide transportation? How long can the American people permit a few dictatorial union leaders to defy the processes provided for peaceful settlement of disputes?

Fare seldom produces settlements that are either fair or lasting. Moreover, a point is often reached when personal interests must be held subordinate to the greater public welfare. That is why the railroads have accepted the Emergency Board recommendations. That is also why the leaders of these three unions should reconsider their decision to call a paralyzing strike.

Unions refuse rules discussion

Certain rules changes demanded by these union leaders—which would increase wages still further—were recommended by the Board. But the union leaders want more—demand that the Board accept ALL the changes they asked for, including those the Board felt should be denied.

On top of this, they insist that certain rules changes proposed by the railroads be withdrawn in spite of the fact that the Board recommended them! These union leaders have refused to negotiate except upon these arbitrary terms.

Greater wage increase not justified

Engineers and firemen are among the highest paid of all employees in America, as figures in the box show. This strike threat doesn't justify giving a greater increase than other railroad workers receive.

Emergency Boards are a means provided by the Railway Labor Act in the public interest to avoid strikes. The President's Board,

after hearing evidence for 33 days, made recommendations based on all the facts in the case. The railroads have accepted these recommendations.

Who's to blame?

Although they deplored so large an extra cost burden, the railroads accepted the report of the Board because they felt it was in the public interest to uphold the spirit and intent of the Railway Labor Act.

Compare these wages with what you make!

Doings in Congress

By Congressman Wm. Lemko

Congress is busy with appropriation bills. Members were considerably interested in the Italian election. The Administration won the election in Italy—or should we say bought it—but it was the wrong election. It would have been better for the Administration if the \$2,000,000,000 spent in Italy had been spent in the United States. That might have won the election for it—the same as the \$4,800,000,000 won a third and fourth term for FDR.

The Italian election reminds me of a young man, who used to operate an elevator in the New House Office Building. Before World War II, he attended an officers' training school, and became a captain. This young man however, was aggressive and progressive. He did not believe in all the obsolete regulations in the army. Worst of all, he did not believe in the caste between officers and the enlisted men. In fact, he offended his superior officers in more ways than one. He had ideas of his own, and he persisted in doing his own thinking.

When the war broke out, he was sent to China as a captain, and he remained a captain. He was too independent. His services were in connection with getting goods and munitions over "The Hump" in China. He remained there until the war ended. He said he preferred to remain a captain rather than to be a stooge—just a cog. He felt that the caste system in the army was wrong. He believed that army officers were no better than enlisted men. He believed in strict discipline, but not in snobbishness. He felt that the snobbishness and the caste system were largely responsible for young men not wishing to enlist in the army or the navy.

However, one day I got a letter from him saying that he had come into his own—that he had been promoted to Lieutenant Colonel, and then added, "but it is in the wrong army—the Chinese army." So it is with the election we bought at the price of \$2,000,000,000—a \$100 per vote—in Italy. It was bought in the wrong country. It was bought with the taxpayers' money, and with doubtful results. Naturally the Christian people won. The majority of the Italian people are intensely religious. I am informed that it was rather the Church that won than the \$2,000,000,000.

Would it not have been wiser if we had used that \$2,000,000,000 for national defense—used it in building airplanes and obtaining air bases rather than throwing it away on a doubtful election? There are just as many communists in Italy today as there were before the election. Unless the Italian Government ultimately gives more justice, and establishes a government free of graft, and makes possible more homes and jobs, and creates more self-respect, the communists will grow, and in the end, we will lose the \$2,000,000,000 as well as the elections in Italy.

Campaign On Tax Evaders Now Opened

The State Department of Taxation has opened a campaign against persons and tax evaders in Huron County. Elmer A. Brown of the personal tax division of the Department is making the investigation at the County Auditor's office. Huron County is one of the last counties to have this check made, in the two-year campaign that will be completed this year.

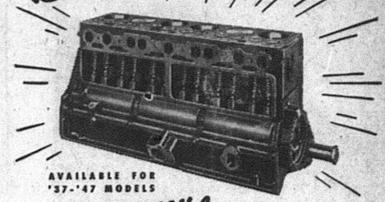

During the war years there was general laxity in enforcement of the personal tax laws by the State and by the County. The past two years due to an educational program on the part of the Auditor's office many have filed, proving that it was not a case of evasion, but a case of unfamiliarity with the law. In fairness to those who have filed through the years, the present campaign is being conducted.

Mr. Brown will remain in Huron County to make a complete check of all who should file returns. Vendor's licenses have revealed about three hundred cases of non-filing this far, but this number will be greatly reduced when they are screened. Many who were in business have failed to cancel these vendor's licenses. Others have secured vendor's licenses to avoid payment of sales tax.

In addition there are varied licenses issued to business and professional services that will be checked with those filing returns. Income tax returns are also available for information they possess about personal tax filing. In the ten week period, Mr. Brown will be aided by other investigators to bring every potential personal tax payer to the same basis as those who have filed accurate returns regularly without any form of compulsion.

In 1947 this state-wide campaign has resulted in more than two million being paid into the

Will Study Farm Tractor Maintenance

Huron County 4-H Club Members will have the opportunity to study Farm Tractor Maintenance in two clubs this year.

Heading the Tractor Maintenance Project in the northern half of the county, is Robert Soisson of Bronson Township. He will conduct sessions at the second and fourth Thursday evenings of each month. The first session was held in Lang's Implement Store on East Main Street, Norwalk, Thursday evening, April 29, at 8 p. m. (Daylight Saving Time.)

Otto Baurl, Ripley Township, will be in charge of the project in southern Huron County. His club will meet on the first and third Tuesday on each month. The first meeting was held in Greenwich, Tuesday evening, May 4th.

4-H Club members enrolling in Tractor Maintenance will study tractor safety lubrication, cooling system, tractor fuels and carburetion, ignition, and other items which every tractor operator should know. There is an Advanced Project for boys who took the project last year.

There is a special award for the 4-H Club boy who keeps the best record book in the Huron

IMPORTANT NOTICE

I have ordered the National Sales System to at once Proceed to Close Out the Entire Stock and Fixtures . . .

Curtis Baker Passes Away In Shelby

SHELBY—Curtis C. Baker, 70, prominent farmer eight miles east of Shelby, died at 1:30 a. m. Saturday in Shelby Memorial hospital. He had been in failing health for seven years.

He was born in Bloominggrove township, Jan. 28, 1878, and was a member of the First Lutheran church. He leaves his wife, Lina; and a sister-in-law, Mrs. Belle Baker of Greenwich.

Funeral services were held on Monday at 2 p. m. in the Barkdull funeral home. Rev. Patzknick of Plymouth officiated. Burial in Oakland cemetery.

Beef Cattle Open House

An Open House for cattlemen will be staged at the east barn on the grounds of the Ohio Agricultural Experiment Station on Friday, May 7. The Experiment Station is just south of Wooster on State Route 250. Everyone is welcome.

Visitors are invited to inspect the results obtained in an experiment started October 28, 1947 in which beef cattle were fed ground shelled corn, corn-and-cob meal, and corn-and-cob meal rations. Five lots of yearling cattle (15 head to the lot) have been fed out and will be sent to market on May 12. The Open House of May 7 will give everyone a chance to look over the finish and condition of these cattle fattened on the various rations.

The past three years' work on these feedlots show exceptional results from rations containing cob in comparison to ground shelled corn rations. In the attempt to learn whether the quantity of protein concentrate included in the beef cattle ration affects the utilization of the cob portion of the ration.

Paul Gerlaugh, in charge of this work, will have mimeographed reports of the experiment on hand so that visitors will have copies to take home. The cattle will be available for inspection all day but it is hoped that groups expecting to attend will be able to schedule their visits for around 10:30 in the morning or 2:00 o'clock in the afternoon.

"CODE OF THE WEST"

From where I sit... by Joe Marsh

"What's Your Opinion, Mister?"

Fellow from one of those public opinion polls was in Andy's Garden Tavern, querying Andy's patrons on everything from that "new look" to the next election.

And it occurred to me that there's nothing more typically American than collecting other folks' opinions, as well as giving out with one's own. And from where I sit, it's a mighty healthy habit.

So long as people can discuss both sides of a question that comes up—whether it concerns short skirts versus long, beer compared

with cider, or the larger issues of party versus party—we're sure of the individual liberty that has made this country great.

For it isn't difference of opinion that matters. The important thing is tolerance for differences of opinion—whether they affect the right of an individual to vote, to speak his mind, or enjoy a glass of beer. They're all parts of the freedom that we cherish!

No Show on Tuesday and Wednesday During Summer Months

April Weather

The month of April, just closed, was almost a "perfect" month for plowing and planting. In April a year ago it rained on 21 days for a total of 5.71 inches making plowing and seeding impossible. This year "April showers" fell on 11 days, totaling 3.46 inches, an excess of only .73 of an inch. At the end of the month plowing and fitting was practically finished, most oats sown and coming up. April was also a warm month with a high of 89 on the 26th and a low of 24 on the 24th. The average for the month was 53.3 degrees or 5.7 degrees above normal.

At the end of the month wheat never looked better or pastures greener. Fruit trees were in full bloom. Never have we seen a more beautiful Spring. With seed beds ready and continued favorable weather there is no reason this year why corn

our most important crop—should not be ready to plant and off to a good start within the next two or three weeks.

Milady's Latest Hat Creations On Display at Library

A youngster's ingenuity plus a few feathers, yarn and flowers to say nothing of paper cake cups, can turn out the prettiest hat display you ever saw. Even the experts of the famed Dache hats could gather a few pointers. This week in the Library windows is a display of Milady's hats designed by the Brownies. They are cleverly displayed on hat racks made from spoons, clothes pins and peeking out from hat boxes made from powder boxes. The styles are many, and varied.

It would be quite a task to choose the prettiest and most original but they range from tams to three pointer Napoleon style affairs. A red and white candy stripe trimmed hat is very original and one looks as if a red plastic funnel was used trimmed with bits of lace and embroidery. Each creation was designed with thought and care and wouldn't it be fun if each designer could wear their own hat, on a larger scale of course, at a Spring or Fall Show?

The supervisors of the Brownies are Mrs. George Hershiser and Mrs. C. M. Lofland.

YOUTH INJURED

While "walking" a motorcycle with the motor idling last Saturday morning James (Bud) McCarty, 24-year-old son of Ray McCarty suffered a double fracture of the right leg when the bike fell on him.

Young McCarty, a motorbike enthusiast, was walking his bike in an alley at the rear of McCarty's Restaurant in Willard when his foot evidently slipped into a mudhole, throwing him out of balance. As a result, the bike fell on his left leg, but it is believed that the high engine speed in some way twisted the machine into a position which caused two clean fractures on the right leg. He was taken to Mt. Carmel hospital, and underwent an operation Tuesday afternoon late. Ray McCarty, father of James, was called to Columbus Wednesday morning.

SPEAKS BEFORE CLUB

Jack Hogsett of New London spoke before the Community Club Tuesday night when it convened for its regular monthly meeting. The Ladies of the Methodist Church served an unusually appetizing dinner, and following a short business session, the speaker was introduced by Otis Downend, chairman of the program.

Mr. Hogsett, who went to Germany shortly after the close of the war as a member of the government's planning commission, told of his many experiences encountered in his trip to Berlin. He gave a vivid description of Versailles and Paris, as well as Frankfurt and Berlin. He related the many problems that confronted the German people after hostilities ceased, and the impression he gained of the attitude of the people in Europe toward the United States.

In the absence of the president, Rev. M. P. Paetznick, James Root presided over the meeting.

CHANGING STORE
Over the week-end, Richard Humphrey, proprietor of Humphrey's Food Store, changed over to a self-serve unit. The store is located in the Smith Hotel building. Mr. Humphrey took over the market the first of the year from Harry Christner.

With shelving reduced in height, and a large number of display racks, the store is being transformed into a modern, self-serve unit, allowing customers to help themselves to any and all grocery items.
