STOCK MEN MEET AT GREENWICH

Advisory committees for the markets of Producers Livestock Cooperative Association in northeastern Ohio will meet August 17 at the Greenwich Hotel in Greenwich, according to General Manager P. C. Ketter of Columbus. The marketing of hogs will be the principal topic for discussion at this meeting. Ohio farmers, through their livestock co-ops, are building a better marketing system designed to promote orderly marketing. Mr. Ketter explained. Such a system will benefit the packer, the distributor who will have a more uniform supply of hogs, and the consumer will get better quality of meats at fair prices.

The Producers markets at Bucyrus, Cleveland, Coshocton, Mt. Vernon, and Marion, will be represented at the meeting. Harry Petry of Gambier is chairman of the district organization; Lester Utz of New Washington, is vice chairman, and L. D. Kingsbury of Columbus is secretary. FOOTBALL BOYS TO MEET TODAY

All boys interested in playing on Plymouth's first football team in recent years are asked to report at the local high school this afternoon at 1:30. The meeting is being called for the primary purpose of passing out insurance cards and permission blanks, which the parents of each player will need to sign.

Each player will also be given a set of training rules and other necessary information. Each player will be given the "once over" to see if he will meet the requirements of practice games which start August 20, just one week from tomorrow. Uniforms and equipment will be handed out on Thursday, August 19th.

Another Game Booked

Scheduled, this one being with the Willard reserve squad. Contact was made with the Willard first team, but seeing that their schedule was full, this game with the Reserves was set up in order that we would not have an open date.

Donations Still Coming In

Money is still coming in daily which will be used for the purchase of football equipment, but more donations are needed. Every citizen, club and organization is asked to contribute to this worthwhile project. Check may be made out to the Plymouth Athletic Association, and cash contributions will be received by Harold Cashman at Cashman's Shoe Store.

SELLS INTEREST IN FOOD STORE

Edmund Harry of Plymouth who has been associated with A. D. Points in the grocery business at New Haven sold out his interest this week to Mr. Points.

Mr. Harry has purchased an independent grocery store at Perryville and will take possession soon. The New Haven transaction was closed on Saturday.

Almo Mr. Harry was a partner for only four months in the New Haven store, he is no newcomer to the business, having learned a great deal about the grocery trade while clerking at the Kroger Store a number of years ago when Mr. Points was manager.

Mr. Points has operated the store the past eighteen months and during that time has built up an exceptionally good trade both in the city and country. Located at the intersection of Grand and 224 and having the appearance of a large open air country market, the store has thrived unusually well. Friends of Mr. Harry wish him success in his new venture.

BUY MONTH

Huron County Sheriff Harry Broome reports one of the busiest months in the history of his department during which 62 prisoners were handled and 1,676 meals were served. During one period of the past month, Sheriff Broome said there were so many prisoners that some of them were compelled to sleep on the floor due to the lack of sufficient accommodations. During July the department served 124 writs and summoned 71 jurors.

AT REUNION

Mr. and Mrs. Fred Member of Columbus were entertained over the week-end in the home of Mr. and Mrs. C. M. Lofland. On Sunday they all attended the Loro reunion at South Park in Mansfield.

"Right over this way folks—Yes, you can stay away from the heat, the biggest, the most crowded and the most expensive place in the city. All day and into the night hours you will hear the showmen telling you about the greatest, the most exciting and the best of the weirdest shows in the world. And it's true — "The White Star Attractions" do offer you one of America's greatest entertainments in shows.

Let's take a walk down the midway and see what is to be seen. We have been riding the midway round the swings, etc. and find that we need some relaxation. First, we stop at a 'pop' stand and have a 'coke', then on down the midway to the 'Big Shows' — all kinds — What shall be first?

Simple enough — the Freasys — and true enough. Here you will see the freakiest freaks of all: The Bearded Woman; the Giant Woman — 8 feet tall; the Dwarf Man — 20 inches tall; a woman who can't walk, the best, the lays eggs; or maybe a girl, well, you name them after the carnival.

And now for fun — the Negro Minstrel — the most renowned negro actors, singers, etc. — "The Old Colored Mammy" with his "Uncle Remus" with his "Pecos Bill" and all the children, well, you'll laugh — your sides will ache from doing it.

What next... Lets see — Do you like boxing or wrestling? — Plenty of it for you or if you're lucky try some baseball throwing at the bottle — or pitching the hoops — all kinds of valuable prizes for the first five shows.

For the men — the "True Hula Dancer" from Hawaii will keep you spellbound. And please, gentlemen don't rush. The show will have a chance to see the Hula Girls.

Penny Pitch — everybody can win — everybody will win — chance. And "Number Fishing" —

AROUND THE SQUARE

By Phineas Wattison

MAYOR ROBINSON received a few anonymous notes in regard to the police situation, but they were unsigned. Mayor Robinson tells me that council members are open to all who counsel in session, and everyone is welcome to attend. He also states no consideration will be given those misdeeds which are sent in and unsigned.

IN SELECTING a new marshal to supplant Chief Hulbert, who ends his office this coming Saturday, the general consensus of the business men is that the village needs more night protection. It is hoped that this angle will be considered in making the police appointment next Tuesday night. Very little disorder occurs on the Square during daylight hours, but from past experience, most of the devilry that arises on the Public Square is committed around midnight or after. A night policeman could overcome this situation.

IN REGARD to the mowing service charge, it was stated last week that the charge for mowing weeds would be at a rate of \$2.00 per hour. We were misinformed on the matter, and now we are told that where the village is forced to mow weeds, the rate of \$3.50 will be applied.

WILLO-ROOT is the name of the allotment which James Root is placing up for sale. This allotment is located on the north side of town on Route 61. Mr. Root is planning for sewer, water, and electric, and these lots are in a very desirable location. If you plan on building a home, look over Willo-Root.

THE "PEACE ROSE" which we saw Tuesday afternoon in the yard of Mr. and Mrs. Thorr Wood, proved to be the most gorgeous of all roses 'I've ever seen. Mr. Wood tells me the rose bush brought forth a rose last year, seven inches in diameter, the first year's growth. This year, the bush had twenty-one buds, and we observed four roses which measured a full 3-in. in diameter. The roses, when first open are a beautiful shade of pink. The buds are a deep pink.

GETTING CLOSE to fair time and the new crops came in this year, there should be some mighty fine displays. The State Fair is going to be bigger and better than ever, and if you have not been in attendance the few years, you should plan to attend this year.

CARROLL ROBINSON, who is going a bit farther. For the past two weeks Mayor Robinson has put in many hours' work on the new shelter which is under construction at the Mary Fata Park "Robby" as he is known to his many friends, likes the outdoors, and he takes real pleasure in doing his job. We wish the entire community benefits. More public spirit is needed in Plymouth, and if we'd all shoot at every nothing being in misery would take on "that new look."

FRIDAY, the 13th, is bobbing up again. The crops came in this year, there should be some mighty fine displays. The State Fair is going to be bigger and better than ever, and if you have not been in attendance the few years, you should plan to attend this year.

This Week

IN SPORTS

BY JIM SHUTT

The Plymouth Merchants Baseball team defeated the North Fairfield Merchants by the score of 2-0 behind the shut-out pitching of big Ed Vanderbilt last Thursday evening on the local diamond. Plymouth got their runs early in the game, but were unable to score in the late innings, however those two runs were enough to carry them to victory.

Friday evening the Plymouth team journeyed to Green-which only to have a 4-1 defeat hang upon them. The Green-which pitching proved too tough for our boys as we could manage getting only one run off them, while they tagged us for four runs.

Tuesday evening, August 17, a Donkey Soft Ball game will be played between Plymouth and Celeryville. The game will be played on the local high school field. Game time is 6:17 p. m. Proceeds from the game will be used to set up an Athletic Fund. So don't forget, August 17, the big Donkey Soft Ball game. Let everyone turn out and get the Athletic Fund off to a good start.

When the current football season opens Shelby will field its first semi-pro team in recent years. The team has already started practicing and Bob Martin of Plymouth is among those who have signed up to play for the Shelby team.

Speaking in the football practice, Shelby and Willard have started practicing for the current school season. The practices have not been regular organized ones as the fellows have just been "getting together" and working out themselves.

And this brings us around to the fact that football practice here in Plymouth starts August 20, just one day after the row with the uniforms being passed out on the 19th. Don't forget the football meeting at the high school this afternoon at 1:00 p. m. The meeting is for all boys who are going out for football this season. At this meeting insurance cards and permission blanks will be passed along with training rules.

HERE AND THERE . . . Robert Schreck, Ed Vanderbilt and Tony Fener joined to Tiffin Saturday to attend the Cleveland Indians baseball school held here the latter part of the week . . . the Mansfield American Legion Junior baseball team came mighty close to winning the state title this past week, and maybe with one more good pitcher they might have taken the title, and then who knows what they might have done . . . ?

DID YOU KNOW . . . That Vermont and Wyoming are the only states in the nation without a single club in organized baseball and that North Carolina leads the U. S. in O. B. Clubs with 44, Texas is second with 36, and New York ranks third with 29 . . . that Harrison Dillard, the crack hurler of Baldwin-Wallace College, covers 13 feet, plus a few inches, on every stride over the hurdles, while most hurdlers barely exceed 13 feet . . . that back in 1899 basketball players were rejected from the game for only two personal fouls . . . that ex-Cincinnati pitcher Paul Derringers leads a new dairy in that city . . . that if, as Bill Vecek reported, Bobby Feller received \$87,000 for winning 20 games with Cleveland last season, it figures out that Feller earned \$4,350 for each victory . . . and that it has been either first or last in 25 years of Connie Mack's 47 years as pilot of the Athletics, Mack's teams have capped nine pennants, while 16 of his clubs have finished in the cellar.

Tuesday evening the Plymouth Nine dropped a heart-breaking 10-1 decision to the Nova Merchants at Nova. Tony Fener went all the way for the Plymouth team in allowing only three hits, while his team mates collected five of the slants for the Nova pitcher, but were unable to bunch them. Nova accounted for their run in the fourth inning on a triple and a single.

The Cleveland bookies figuring the Indians were sunk as they were playing without the services of Lou Boudreau, made the Yanks their favorite and lost their shirts . . . A lot of smart baseball people figured Bill Vecek was nuts when he geared his operation to the expectation of drawing 2,000,000 fans this year in a city of less than one million population, but he'll go closer to 2,500,000.

UNCLE SAM'S PART OF YOUR TELEPHONE BILL
★ ★ ★ ★ ★
The Federal tax rate on local telephone service is 15%. The tax rate on long distance service, where the charge is 25¢ or over, is 25%. Other forms of telephone service are subject to Federal taxes at rates ranging from 8% to 25%.
★ ★ ★ ★ ★
This tax is imposed by the U. S. Government directly on the user of the telephone. The telephone company, at its own expense, serves as a collector.
★ ★ ★ ★ ★
Long distance calls and certain other services, billed taxed at 25%, are taxed higher than the 20% rate for luxuries such as furs, jewelry, and perfumes.
★ ★ ★ ★ ★
This form of tax, that is an excise tax on telephone service, has traditionally been resorted to only in national emergencies. Your telephone company believes this form of tax should not be a part of the peace time tax structure. Representatives of the telephone industry have urged and will continue to urge before the proper Congressional committees that these excise taxes now be eliminated; and many users and representatives of users of telephone service are likewise urging that they be repealed by the next legislation now before the Congress.

LETTERS TO THE EDITOR
AN OPEN LETTER TO THE HONORABLE MAYOR AND COUNCIL:
Gentlemen:-

Since the City has provided garbage cans to keep our streets clean and in a respectable state, don't you think it would be a nice thing for all of us to have the streets safe for old people and children, to see that the state laws are obeyed; to prohibit the running of passenger cars over 25 miles an hour in the municipalities, except state highways and outside the cities which is thirty five miles per hour, and fifty miles per hour outside the cities.

We have seen trucks and passenger cars going forty and fifty miles per hour in the business section of this town, and stopping on crossings, also the parking of cars on the crossings. This is illegal and against the state law. Again we notice the noise of the trucks with the cut outs open, and also the disregard of the state laws and outside the cities. Driver's do not give the sign when he is to turn to the right or left; in fact nearly all the laws governing traffic are ignored in this town.

Again, when trucks are going through this town you can hardly hear yourself think for the noise the trucks make with the cut outs open. Why not make the trucks go around the town instead of going through it.

When a Person Violates the Law give them the limit of fines. They then will observe the law.

Many persons I have heard complain of these violations, and Nothing has been done about it. Are we Magogs to be crushed without a squeal and without a wriggle?

Must we have an accident to wake up the authorities to their duty?

Yours Sincerely
George J. Searle M. D.

Doings In Congress

By Congressman Wm. Lonke

Let us stop and look at ourselves. It is not a pretty picture—high cost of living, shortage of houses, gray and black markets in automobiles and other articles in short supply. Everybody is blaming everyone else for the situation. Everyone is asking someone else to do something about it. Everybody is throwing the responsibility on the shoulders of others. No one is willing to accept his own responsibility.

In addition, riotous living is the order of the day—roadhouses, dives and night clubs galore. Mental intoxication and physical decay run riot. Some movie stars, educators and preachers of the gospel follow the Red path guided by the communists' master minds, not knowing where they are going and caring less. Many businessmen, small and large, take advantage of a desperate situation—charge all the traffic will bear.

The One Worlders and Internationalists complain most of the high cost of living and shortage of homes. These forget that they are largely responsible for our ruinous foreign policy—the depleting of America of its natural resources—robbing unborn generations.

The dives, roadhouses and night clubs were never so full of people in the ordinary walk of life as they are today. Go into any of these, and you will see intoxicated men and women. All complaining of the high cost of living, but none stopping to complain of the high cost of intoxicants, night clubs and gambling devices. These do not realize the high price they are paying both in money and health.

The unthinking join the chorus and shout for the return of the OPA—for Russian regimentation, the police state. They forget that if we had continued the OPA, they would be lucky if they had anything to eat or wear at all. They forget how under the OPA they used to slip \$2.50 to the black marketeers in order to get a pound of steak or butter. Their memory is short.

We are living in a fool's paradise. We are living beyond the nation's means. We all want to fix the other fellow's income—the price of the products that he produces—but not our own. Few take pride in their work or accomplishments. Few think of their government except in terms of getting handouts.

Unless this madness is stopped, we are headed for destruction. The time has come that we deal more fairly with our neighbors. The time has come that we stop taking all the traffic will bear—that we check ourselves. The time has come for Uncle Sam, the greatest extortionist, to stop taxing us 20 per cent in the lower brackets and eighty-five and one-half per cent in the higher. The time has come that we curb our selfish desires and think more of future generations—the future of our Nation!

Huron County Rural Youth Enjoy Party

Sunday afternoon, August 1st proved to be an ideal day for the annual Huron County Rural Youth Study Club Beach Party held on the Lake Front just west of Huron. An afternoon of swimming and relaxation was enjoyed. This was followed by a picnic supper. The Committee who made arrangements for the beach party was: Mike Sabo, Peru Township; Allen Albright, New Haven Township; Marian Schwoebel and Cecil Atherton, Peru Township; Lucy Lierenz and Jane Schild, Bronson Township; Keith Huffman, Ripley Township; and Edna Earl, Fitchville Township. The Committee also provided soft drinks.

Following supper, the group held an informal business meeting. Norman Smith, Greenfield Township, reported on the proposed trip to the Smoky Mountains. The dates for the trip have been set for September 21 thru 25. Another item discussed was the operation of the dining tent at the Huron County Fair. This venture will help defray a part of the cost of the Study Club trip to the Smokies. Later in the evening the group enjoyed a song fest around the campfire. 35 members and friends enjoyed the fellowship of this annual Study Club activity. The next regular meeting will be held Monday evening, August 16, at the Olena Community Hall.

RULING ON PENSIONS

Attorney General Hugh S. during the thez bg kb gkqgylll Jenkins, during the past week, advised Fred L. Schneider, Secretary, Public Employees Retirement System, that a retired public employee who is elected to a part time salaried public office forfeits his retirement system pension so long as he holds that office, but may receive the annuity which is paid from his accumulated contributions to the retirement system.

Jenkins explained that a retirement allowance is made up of that annuity, plus a pension which is a gratuity, and that it is the intent of the retirement law that a retired public employee who returns to public employment should forfeit only the pension portion of the retirement allowance.

LETTERS To the Editor

Dear Editor:

We feel that it is about time that we should defend ourselves. It seems as though a lot of folks seem to think our Restaurant, The Hamburger Inn, is out in the street and was talking loud. We did not even know one was up there. Now we ask you, is that fair?

If someone causes unusual disturbances out in the street in the early hours of the morning we are blamed. One of our fair citizens came in to see who it was out in the street and was talking loud. We did not even know one was up there. Now we ask you, is that fair?

If some of these people had something to do besides sit on the porch and try and find something to gossip about we would not be the topic of their gossip. We sometimes think they don't sleep because they're afraid they'll miss something, but they blame us for their sleepless nights.

The better class of younger folks do come in and even call our Restaurant their "Hangout" but wouldn't their parents rather know they are here than not knowing where they are at?

We wish all of these people that are complaining would come in and see for themselves and if they find anything wrong, tell us their neighbor.

Miss Florence Cole Becomes Bride Of H. Wayne Ross Saturday Evening

A very pretty wedding took place Saturday evening, August 7, at 8:00 o'clock at the First Lutheran Church when Miss Florence Cole, daughter of Mr. and Mrs. Floyd Cole of Boughtonville, became the bride of Mr. H. Wayne Ross, son of Mrs. Helen Ross of Plymouth.

The double ring ceremony was performed by Rev. M. P. Paetznick, before an altar decorated with beauty baskets of pink and white gladioli and two seven branch candelabra, which were lighted by Daniel Eby.

Preceding the ceremony, Mrs. Marie Guthrie, organist, gave a half hour music recital and also played softly during the ceremony. Eldon Sourwine, soloist, sang because, I Love You Truly, and Always.

The bride, given in marriage by her father, wore a beautiful gown of white satin, round net yoke, fitted bodice and buttoned down the back. The long sleeves fell in a point over her hand. Her full length veil of tulle was attached to a beaded cap of seed pearls and she carried a shower bouquet of pink roses.

The bridesmaid, Miss Phyllis Cole, of Sandusky, sister of the bride, was gowned in a pink chiffon gown with matching accessories and carried blue carnations.

Shari Elnel, niece of the groom, was flower girl and wore a formal of light blue organdy and carried a colonial bouquet of white carnations.

William Ross attended his brother as best man and Harold Ross and Donald McPherson, ushered.

The bride's grandmother, Mrs. Nellie McPherson of North Fairfield, was attired in a black crepe with white accessories. Mrs. Helen Ross, the groom's mother, wore a beige suit and white accessories and she both wore corsages of white carnations.

Following the ceremony, a reception was held in the church parlors. Refreshments were served from a table centered with a three tiered wedding cake topped with a miniature bride and groom, with Mrs. Earl Hankammer, sister of the bride, presiding and Mrs. Byron Ream and Verna Rae Smith, assisting.

Both Mr. and Mrs. Ross graduated from Plymouth high school, class of 1946. Mrs. Ross is employed in the office of the Shelby Sales and Company and Mr. Ross at the office of the Fate-Root-Heath Co., Plymouth.

They are now at home to their friends in the Suttie's apartment on the Public Square.
