Lt. Col. Lansing New Commander Of 831st Depot

Announcement has been made that Lt. Col. James W. Lansing has been assigned as commanding officer of the 831st AF Specialization Depot, to succeed Colonel R. W. Dyer who has been transferred to Mobile Air Materiel Area, Brookley Air Force Base, Mobile, Ala., as director of supply.

Colonel Lansing was transferred from headquarters, Supply Division, Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio, where he has been stationed since November of 1948 and assumed command of the Shelby depot as of the 16th of January.

Colonel Lansing comes to the Shelby depot well qualified by his training and experience for his new assignment, and he states that he has a high regard for the depot and its personnel. He will be accompanied to the depot by his wife and two children.

President's 'Purge' Sets Up 1950 Issue, Says McGregor

President Truman clearly defined the issue in the 1950 senatorial and congressional elections when he called for a purge of legislators who oppose his "Fair Deal" program, Congressman J. Harry McGregor of the 17th district told the House of Representatives this week.

McGregor who represents Richland county in Washington, said the issue is "freedom and security against bureaucratic control and socialism — a challenge I gladly accept."

The congressman, seeking reelection on the Republican ticket, told the House:

"I have always opposed any program which, in my opinion, would lead us down the road to socialism and communism, and I definitely oppose the President's program of taking power from the people back home and placing it in the hands of federal bureaus here in Washington."

Hitching Post Under New Ownership

A business transaction occurred in Plymouth last Friday when Wayne Ross and Byron Ream purchased the Hitching Post from Richard Rule. It was just a year ago last November that Mr. Rule took over the Hitching Post. He had just finished re-arranging and redecorating the interior of the establishment.

Mr. Ross, who is in active charge of the snack bar and ice cream shop, states that the business will be conducted under its present policy, but that new lines and additions to the menus will be made at a later date.

Mr. Ream, who is employed at Lofland Dairy, will probably put in a few hours over the week-ends. The two new owners of the Hitching Post are well-known in Plymouth and vicinity. Both young men are graduates of Plymouth High School. Mr. Ross has been employed in the cost department of the Fate-Root-Health Co. for the past three years. Mr. Ream is employed at the Lofland Dairy, and will continue his service there.

Special Official Board Meeting

There will be a special official board meeting of the Methodist church on Thursday, February 2, at 8:00 p. m. in the cost department of the architect and learning more about the proposed addition to the church.

Plymouth's Lady Mail Carrier Resigns After Five Years Service

When Mrs. Floyd (Laverne) Sheely checks in Saturday morning at the local post office with her leather mail pouch, it will be "for good." Commencing Monday James Cunningham, substitute, will make the trip which she has daily made for the past five years.

Her resignation, effective a Feb. 1st, is in reality Saturday because of accumulated time, will come as a surprise to patrons along the route as well as her fellow workers.

"I am not in accord with the President's socialized medicine program and I will continue to strenuously oppose unnecessary federal expenditures and the philosophy of spend and spend—tax and tax. I am not in accord with his demand for increased taxes nor do I believe in deficit spending. The time has arrived to cut down expenditures, reduce taxes, and apply a reasonable amount to our national debt," McGregor said.

McGregor I believe as above stated, I will be one who will be on the "get rid of" list of the President. The Fair Deal candidate who will receive the support of the President will be one who agrees with the philosophy of statism and is in accord with the views of President Truman on his Fair Deal. This philosophy, in my opinion, is not in accord with the views and beliefs of the people—Democrats as well as Republicans — of the 17th Ohio District."

Tour Enjoyed Through Huge Peoria Plant

The twenty-four employees and officials of the Fate-Root-Health Co. who visited the plant of the Caterpillar Tractor Co. at Peoria, Ill., last week, returned home Saturday thrilled with the sights and experiences they witnessed on their tour of the plant. Especially were they impressed with the merits and workmanship they found in the manufacture of the Caterpillar diesel engine.

The plant covers 320 acres under roof, and all maximum operation 22,000 people are employed with an average weekly pay roll of one million dollars a week. In the several cafeterias which are strategically located within the plant, more than 12,000 meals are served daily. It requires over 16,000 fluorescent lights to illuminate the large building, and maintenance of the day of lights alone totals \$9,500.

A new building, 750 feet wide by 1125 feet in length, has recently gone into service and houses the latest equipment for the manufacture of the famous Caterpillar tractor. The building and equipment required an investment of forty million dollars.

"The tour was an education to all of us," said P. H. Root, treasurer of the Fate-Root-Health Co., and a member of the visiting party in Peoria. "It gave us an opportunity to study their modern methods of manufacture, assembling on conveyor lines and testing."

Root also pointed out that the group covered 100 miles on foot Friday in the tour of the huge plant, and that it was tough on those of us who are 'chair-warmers'.

Marriage License

Marriage licenses have been issued in Peoria, Ill., by Gordon Alberts, Greenwich, and Elia E. Elbertsberger, clerk, office, Plymouth.

Darl E. Walter, shipping clerk, Bowling Green and Clara M. Andrews, bookkeeper, Greenwich.

200 Guests Here For Masonic Meet

Richland Lodge No. 201, F. & A. M. was host to the winter meeting of the Master and Warranted Assoc. of the 20th Masonic District last Sat. evening, Jan. 21.

It was the first time for the Association to meet in Plymouth and approximately 200 Masons were in attendance. The meeting was highlighted by the presence of the Grand Master of Ohio, Most Worshipful Bro. William R. Fringle. Other Distinguished guests were Past Grand Master, Bro. Carl W. Ellenwood, 33 Degree Mason of Wooster, O.; Bro. Franz K. Hall, 33 Degree Mason and Past Grand High Priest of the Royal Arch Chapter of Ohio, from Shelby; Past District Deputy Grand Masters, Bro. Charles I. Correll of Wooster, Bro. Robert N. Campbell of Mansfield; Bro. Charles Wilson of Shelby. Also in attendance were District Deputy Grand Masters, Brothers Robert R. Clay of the 20th District and G. R. Klein of the 22nd District, G. R. E. J. Shane District Inspector of the 15th Masonic District of Royal Arch Masons and Bro. F. J. Leopold 33 Degree Mason of Wooster.

The Grand Master was the principle speaker of the evening and gave a very inspiring address. He brought to light the fact that Ohio was the fourth largest state in the U. S. yet it is the second largest in Masonry; only the State of Michigan having more members. The Grand Master pointed out the many advancements and achievements being made in the State of Ohio by Masonry and above all that Masonry gives all mankind many opportunities to improve himself in leadership and in dealing with his fellowman.

An invitation was accepted by the Assoc. to hold its Spring meeting in Loudounville in May.

Out For Huron County Commissioner

NEW LONDON—Orlo (Bill) W. Leech, lifelong Republican, has announced his candidacy for the office of County Commissioner, the primary election to be held on Tuesday, May 2nd.

"Bill" Leech, as he is known by his friends all over the county, has been a farmer all his life, having lived on his present farm in New London Township for the past thirty-three years. He is at present a member of the New London Township Board of Trustees, having served continuously in that capacity for thirty years. He is now serving his sixth year as a member of the Huron County Republican Executive Committee.

His many friends throughout the county know him to be a man of excellent business judgment, far-sighted and entirely capable of handling the duties of county commissioner.

School Hours Changed

Commencing this week the beginning of the second semester, school hours will be changed. The morning session beginning at 9 a. m. instead of 8:45 and closes at 3:30 instead of 3:15. Noon hour is announced from 11:45 to 12:45. There is also one new course added to the curriculum, that of First Aid and one change the Physical Education period removed from the noon period to the last one of the day.

Dream of Owning 'His Own' Cleaning Plant Comes True

Dreamers? Aren't we all? Gene Henry has been a dreamer for years. In fact, he has been working in a Willard dry cleaning plant fourteen years ago. It has taken a long time and a lot of hard work to make a dream come true, but Gene Henry is proud man, and well he has a right to be, for his dream came true a few weeks ago.

A tour of Mr. Henry's new plant this week revealed to my amazement how dry cleaning of clothes is really done. At the plant in question we saw the dry cleaning machine in action, the modern presser, a "spot presser," a steam gun in action, and other pieces of equipment that make the clothes look like new. The first step is taken as the clothes are brought into the plant. They are sorted out to their various types of materials, which are hard and soft wool, rayons, silks, etc. Colors too are considered before placing the clothes in the cleaner tank. All white pieces are always kept separated.

At the early hours of dry cleaning, the average housewife looking upon the cleaning of clothes often as being a little hard on them. But no longer does one have to have the "sweet and tear" on the most delicate of materials. For the new modern cleaning tanks are constructed so that garments are

Big Crowd To Greet Sen. Taft

According to Helen Lippert, Norwalk, in charge of ticket sales to the Huron County McKinley banquet more than 800 guests will greet Senator Robert A. Taft on Friday night. With Taft holding the limelight of political opposition from labor groups and supporters of the "welfare state," he will no doubt make some interesting statements and give some astounding figures when he addresses members of the Huron County Republican club.

The banquet, which is an annual affair for Huron County Republicans, will be held in the high school at Norwalk. Due to the large crowds, those residing in Norwalk will be seated starting at 5:00 o'clock, and those who are attending from the outlying areas, will be served at 6:30.

Appearing with Senator Taft will be several county and state Republicans.

Quite a number of reservations from Plymouth, New Haven, Willard and Celeryville have been made.

Around THE Square

By Phineas Whitelock

WE ARE ALSO indebted to Fred Kirtland of Toledo for a copy of the Toledo Blade with the story of David Locke, known as one of the Men Who Made Toledo, and the episode of his life in Plymouth with the Advertiser and Print shop, which was at that early time (before the Civil War) located on the point between the County Line and Shiloh roads. Locke sold the shop and paper to Henry Wooster, the father of Mrs. Charlotte Wooster Boalt. Boalt, in his publication at Mansfield, Ohio, made the first public statement concerning a possible candidate for presidency, a man known as Abraham Lincoln.

FRED BROWN, Willard, whose hobby is old letters and papers, was in the Advertiser with this week with a letter written by a Jon Fife to John Shannon, Northumberland Co., Milton Post Office, Pa., and dated March 1, 1821. This was in the year of Mrs. Charlotte Wooster's death. Boalt, in his publication at Mansfield, Ohio, made the first public statement concerning a possible candidate for presidency, a man known as Abraham Lincoln.

WE THINK The Advertiser has set some sort of a record among weekly newspapers of which we are very proud. Ira Pettit and others have helped in making this record of "oldest subscribers." Mr. Pettit, who resides in Tiro, was in Plymouth on Monday and renewed his subscription, stating that "I have been a continuous subscriber to The Advertiser since 1885." That makes sixty-five years... a long time, Mr. Pettit, and that you're on the list for sixty-five years more.

MRS. CLAY HULBERT remarks that The Advertiser has been in her family a lot longer than sixty-five years. Well, after all, the old sheet was started by Pete Nasby in 1855. She "started," but according to the historical sketch we recently printed, Nasby purchased the paper after the first few editions.

THEN there is Mrs. Nellie F. Scott of Lodi, who moved out of Plymouth some years ago, and who sends her regards with a renewal. Says she enjoys keeping track of the news and the doings in the "home" town through The Advertiser. The Scotts are grand people. The next time any of you Plymouthites pass through Lodi, stop a minute and cheer 'em up... keep them from getting "home sick" for the old town. They're easy to find, they operate a grocery store there.

FIGURE THIS ONE OUT

It must be rather a headache in Wash- ington trying to keep the farmers in line so the politicians can garner in the farm votes next November. It was rather amusing and perplexing to try and figure out the follow- ing potato deal, which so far we have been unable to figure out. Perhaps you'll enjoy reading the following press dispatch from Washington, which gives a little enlighten- ment on the present potato situation up in the New England states. The story is as follows:

For one cent the government will sell you a brand new burlap sack worth 17 cents.

There's practically no limit on the number, you can buy hundreds, thou- sands, millions. But there's a catch to it.

You also have to take the 100 pounds of potatoes in the bag. They're free, but you can't eat the potatoes or let anybody else in this country eat them. If you do, the government will charge you \$3 per bag.

Aid don't try to throw them away either. If you do, the government's charge is \$1 per bag.

You have to export the potatoes and you can't ship them to Canada, Cuba or the Caribbean.

Suppose you decide to send them to Europe. That's when your trouble begins.

It costs about 30 cents per bag to ship the potatoes to port from country shipping points up in Maine, where most of the pota- toes are stored.

Then, it costs another \$1.50 to get them across the ocean. If you can find a European buyer who'll pay \$1.81 per bag, which officials say is doubtful, you'll break even.

Not so Uncle Sam. He loses \$2.09 on every 100-pound bag you buy. The one-cent export deal is part of the government's program to get rid of—at any cost—surplus potatoes farmers have produced under the price support. Officials doubt it will help dispose of many of them.

Supports for the 1949 crop were set at the lowest level permitted by law. Yet, for the third straight year, farmers produced far more than consumers would eat at that price. So Uncle Sam has to buy up the surplus, expected to total 65,000,000 bushels.

The government could save money, as much as 49 cents on every \$2.10 bag of Maine potatoes, if it dumped them. But Secretary of Agriculture Charles F. Brannan doesn't want to do that, until Congress says it's okay.

As for the 17-cent bag, officials say, the spuds must be sacked so they can be moved in pre-heated rail cars and be protected from freezing. Of course, the government could charge the exporter for the bag.

"But then, somebody would say we weren't doing our utmost to get rid of the potatoes," one official said.

If the government dug a big hole up in Maine and had the farmer dump their surplus potatoes into it, the farmer would get his farm support price of \$1.60 per 100 pounds plus one cent for inspection.

The taxpayer would save up to 49 cents on every 100 pounds. That would mean a savings of millions of dollars on this year's surplus.

Here are the charges the taxpayer must pay under the 1-cent export program which could be saved by "dumping" the potatoes: grading, 12 cents; bag, 17 cents; sacking charge, 3 cents; selling charge (the cut the dealer gets on every bag he handles) 6 cents; loading into cars, 9 cents; insulating the railroad car with paper and pre-heating it, 2 cents.

MOMENTOUS ISSUES IN ENGLAND'S ELECTIONS

One of the biggest issues in America today will have its preview in the coming English elections. It is evident by now that the heat and fury created by the controversy over the "Welfare State" are generating no light. The question here and in England is simply this. All governments exist for the welfare of their people. Our problem is the determination of which form of state is better for public welfare — the system of free enterprise advocated by the Republican Party here and the Conservative group in England or the system of socialization which is the underlying concept of the New Dealers here and the Labor Party there.

The Republican view is that the profit and incentive system produces more goods,

stimulates greater ingenuity, and leads to greater prosperity than the socialism towards which we are drifting. The British Labor Party is campaigning for re-election on the argument that it has created full employment and "fair shares" of all the available pro- duction to all its people.

Basically, this will be the major issue here in America in the years directly ahead. Freedom of opportunity, of choice, and of human adventuresomeness was intangible and difficult ideas upon which to build po- litical organizations. They may prove to be the most enduring and important in the campaigns before us.

YOUR WASTED TAXES

No reasonable man questions the need for taxes to pay the cost of governmental services. Everyone should be willing to pay a fair share of his income for that purpose. But nobody wants to underwrite extravagance—in the home, in business or in government.

The bi-partisan Commission on Organi- zation of the Executive Branch of the Government, created by Congress with the approval of President Truman and headed by former President Hoover, has provided a chart for the elimination of governmental ex- travagance and waste.

This past year, because of duplication and overlapping in the Armed Services we wasted about one billion dollars out of the fifteen billion spent for National Security.

In 1948 two agencies planned to build the same dam in nearly the same place at Hell's Canyon, Idaho. Each set of plans cost about \$250,000. The plans differed by approximately 75 million dollars in estimated cost of erection.

It now costs the Post Office Department two and a half cents to print and deliver a penny post card.

The Veterans Administration, at the time of the Commission's survey, had 6500 empty beds in its hospitals, yet VA and other government agencies have planned or are building additional hospitals at a cost of over a billion dollars, when 54 percent of the avail- able beds are not now occupied. This is Alice in Wonderland.

It takes more than \$10 worth of paper work to complete a governmental purchase order. For example, by the time the necessary paper work is completed, a 50 cent type- writer ribbon costs the taxpayer about \$10.

Turnover of labor is recognized by all industry as expensive. Yet in the Federal Government labor turnover runs about 25 per cent, a rate much higher than any private business could stand. This means that every year approximately 500,000 either leave or enter a government job. The personnel system is clogged with red tape. The best leave because of the low pay scale, and the inefficient cannot easily be discharged.

If enacted into law, the Commission re- commendation to remedy these and other de- fects in conducting our Federal business would save the taxpayer three to four billion dollars a year.

To play your part in putting a stop to this wasteful extravagance, join the non-par- tisan Citizens Committee, which is working for the enactment of the Commission's sug- gestions. Write to the Citizens Committee for Reorganization of the Executive Branch of the Government, 1421 Chestnut Street, Phila- delphia 2, Pennsylvania. Write your Con- gressman. Inform yourself about the Com- mission Report. Tell your neighbors!

KNOW YOUR CANDIDATES

It's about time for us to read all about those men who are going to seek nomination for various offices in May. We'll have to select our senators and governor, and on down the line. We'll be hearing a lot about this and that, what WE stand for and believe in, as far as the candidate goes. But in all fairness to good government and the retain- ment of our democratic principles, we should scrutinize each and every candidate who seeks nomination to office.

Despite Robert's opposition to him, we believe Senator Labor's Taft will make the grade at the primary election, and in the coming November election. The public who believes in true Americanism and democracy, will find Senator Taft's record, clean as a slate. The fundamentals upon which this country was founded are being gradually erased from our daily lives, and we are being led to believe that we can be- come lazy and indifferent and still live on the fat of the land and be respectable at the same time. The federal government has prac- tically done away with American individual- ism and any incentive one might have to grow up and be self-supporting. Certainly, any public office holder these days, who does not agree with the present administration, must realize that he has a battle to face if he is re-elected.

ROBINSON SEEKS POST

Frank E. Robinson, former Richland county sheriff, is a can- didate for the Democratic nomi- nation for county commissioner.

Robinson announced his candi- date for the post now held by C. L. Shoup of Plymouth, who has announced he would seek re- election on the Republican ticket.

Another candidate for the nom-

ination is David W. Cook, Shelby outdoor advertising man, who has announced his intention of seek- ing the nomination on the Demo- cratic ticket.

Robinson, a life-long resident of Mansfield, was named deputy sheriff in 1930 and continued at that post until he was elected sheriff in 1940. He served eight years as sheriff.

He is with the sales staff of the Weidner Pontiac Company.

RETURNS HOME

Mrs. Proctor Fox returned home Sunday from Milan, Ohio, where she has been assisting in the care of her sister-in-law, Mrs. Joseph Maher the past ten days. Mrs. Maher remains in about the same condition.

Silliman-Garrett Nuptials Performed Sunday At Delphi Methodist Church

The Methodist church in Delphi, was the scene of a pretty open church wedding, Sunday when marriage vows were exchanged by Miss Lois Silliman, daughter of Mr. and Mrs. Walter Silliman of Willard Route 1 and H. Neal Garrett, son of Mr. and Mrs. Harry Garrett of Shiloh.

The double ring ceremony was read by Rev. C. R. McMeekin, pastor, at 2:30 o'clock when an altar flanked with palms, beauty baskets of pink and white snapdragons and illuminated by two seven branched candelabra.

Presiding the ceremony a half hour of nuptial music was played by Bernice Garner with soloist Kolland and Eastman singing "O Promise Me," "Always," and "The Lord's Prayer."

The bride, given in marriage by her father, was lovely in a gown of white slipper satin, tight fitting and ending in a long train. Her finger tip veil of tulle and trimmed in lace was held in place by a tiara of orange blossoms. She carried an arm bouquet of white roses and her handkerchief of old lace belonged to her great-grandmother. Her only jewelry was a strand of pearls, a gift of the groom.

Miss Janice Silliman, sister of the bride was maid of honor, and her gown was American Beauty red satin with Martha Washington collar and her arm bouquet was of yellow roses. Green ivy formed her headpiece.

Miss Nancy Silliman, youngest sister of the bride, was junior bridesmaid and wore a most green satin gown, made similar to her bridesmaid and she carried an arm bouquet of red roses. Green ivy adorned her headpiece.

Lois Dendinger, cousin and namesake of the bride was flower girl and wore a white satin gown trimmed with pink ribbon bows and carried a basket of mixed flowers.

Alvin Garrett, brother of the groom, attended as best man. Guests were seated by David Rish of Galion, brother-in-law of the groom and Paul Clark of Mansfield, friend of both the bride and groom. Officiating were Mrs. Paul Clark of Mansfield, Mrs. John Pope, friends of the bride and groom.

Guests attended her son's wedding in a grey crepe dress with black accessories and a shoulder corsage of yellow roses. The bride's mother wore a wine crepe dress with black accessories and her corsage was also made of yellow roses.

Approximately two hundred guests were greeted by the bridal party at a reception in the church basement following the service. Presiding at the punch bowl was Miss Phyllis Wilkinson of Willard and the cake was served by Mrs. David Rish, Galion, sister of the groom.

The table was centered with the beautifully decorated, four tier cake, topped with miniature bride and groom and carried out in a color motif of pink and white. Bowls of pink and white roses and two double candelabra holding pink candles made a very pretty table.

For her going away costume, the new Mrs. Garrett chose a green crepe dress with a green hat and black accessories. Upon their return from a short wedding trip, the couple will wear in a newly decorated and furnished apartment on the A. E. Steele farm east of New Haven on State Route 224.

The bride is a graduate of Greenville high school, class of 1946 and is employed as typist clerk at the Pioneer Rubber Company in Willard. Mr. Garrett attended the Shiloh schools, is a World War II veteran and is employed at the Shelby Air Depot.

The Sewing Club of the Friendship class met Wednesday for an all day meeting at the Methodist church with a sack lunch picnic at noon. They prepared both woolen and cotton goods for the rag rugs they are continuing to sell. They are always in need of more material and will appreciate whatever any one wishes to contribute to this cause, their plan being to exchange rugs for bricks for their new church wall.

At this meeting the ladies packed the fourth large box of new and used clothing for their mission school. From Rev. Hiram Frakes of Henderson Settlement, Ky., they received recently a letter of gratitude for the splendid articles of clothing sent them. The class wishes to pass on this "thank you" to all who made contributions to this worthy cause, a detailed description of which is given in a recent copy of Reader's Digest. They wish, also, to thank Gertrude Schneider and Red White who assisted with transportation of the heavy boxes. More clothing continues to come in, and in the near future another box will be sent to the mission school. For further information, contact any member of the Friendship class.

Shelby club held an all day meeting Thursday with Mrs. Harry Dawson and Mrs. Orva Dawson as hostesses. A covered dish dinner was served at noon followed by the business meeting in charge of Mrs. Marshall Rose. It was decided to hold a bake sale with the date to be announced later. A contribution of \$10.00 will be made to the Polio fund.

The next meeting will be held February 17th with Mrs. Amy Payne as hostess.

Approximately thirty neighbors and friends of Mrs. Edith Coleman gathered last Thursday evening at the home of Mr. and Mrs. O. J. Nickler for a surprise farewell party. Mrs. Coleman left Friday morning for Dundee, Mich. to make her home, having recently sold her farm to the Bachrach Co. The group played cards and enjoyed a social evening with refreshments served at a late hour. The group remembered Mrs. Coleman with a small radio. Mrs. Henry Chapman assisted Mrs. Nickler with the affair.

Mr. Friebe graduated from the Shelby high school and is an employee of Friebe and Harman. Out-of-town guests were present from New Washington, Plymouth, Galion, Elmore, Bucyrus, New Haven, Norwalk, Columbus and Fremont. Mrs. Friebe is a niece of Mrs. Harold Stauffer of West Broadway.

Thirty-one members and five children were present when the Sunshine Club Votes A \$10.00 Contribution To Polio Fund.

Reactions Of Seniors To Dr. Bingham's Day of Guidance

Talks to Seniors
Last Wednesday the Seniors were excused from classes all day as Dr. Guy Morse Bingham addressed them on the subject of "Happiness in Future Life."

He gave four ways in which this might be done. First by marriage, secondly success in your work, thirdly by your personality, and lastly by alertness.

This talk lasted all morning; then in the afternoon, with separate periods for boys and girls, he answered questions which were presented by the seniors.

His talk was very well received and enjoyed by all the seniors.

Dr. Bingham Helps Seniors To Happiness
In his speech last Wednesday morning Dr. Bingham gave several reasons why you should be happy.

Reading Specialist To Visit School

On February 1st the MacMillan Book Company's reading specialist, Miss Wickwire will spend the day in the local elementary school.

The basic reading program is published by the MacMillan Company. The purpose of Miss Wickwire's visit to the Plymouth school is to point out the many fine features of the reading program and bring about a better understanding of how the reading program should be presented to the youngsters.

In the evening, Miss Wickwire will be the guest speaker at a meeting of the Richland County Elementary teachers.

Plymouth Loses Game 44-43

A field goal in the last thirty seconds of play enabled the Lucas Cubs to beat out the Plymouth Pilgrims in a heartbreaker 44-43.

Before a capacity crowd, Lucas' Doggett racked up a lay up shot to provide the winning point for Plymouth hardwood Tuesday evening.

Lucas, in winning their eighth game against one defeat, got almost every break in the game, as there has been in a lot of Lucas games this year.

It was a tight ball from start to finish and the score saw-sawed back and forth throughout the game.

Lucas grabbed off a 16-11 first quarter lead but the Pilgrims came to the top as they led 26-22 at half time.

The local five held this lead 'till late in the third stanza when Lucas tied it up and went ahead 33-32. That's the way the score stood at the third period mark.

Then in that last quarter the score was knotted four different times 'till finally at 42, Lucas got the pay off bucket. Louie Root made good on a foul shot in those final seconds but it was not quite enough to win.

Zody and Doggett were high for Lucas with 17 and 13 points respectively.

The Schreck brothers set the pace for Plymouth as Larry hit for 13 while Bob garnered 12 markers.

The Lucas reserves also won their game as they beat the Plymouth reserves 32-26 in the preliminary tilt.

The Pilgrim juniors led 16-14 at half time, but behind 24-20 in the third quarter. From there on it was Lucas all the way.

One reason for their defeat was their failure to shoot from the court in the second half. Time and again they would pass off instead of their shots, and you can't score if you don't shoot.

Tom Meiser had 10 points for the local reserves.

Bellville and Shohk Next
Friday evening the Bellville Bluejays will come to Plymouth to take on the Pilgrims on their home court. This game will almost decide for both teams what their standings will be in the league for this season.

Then on next Tuesday evening the Pilgrims will journey to Toledo for a game with the Drummer Boys. Plymouth won the first game earlier in the season 46-26 but Shohk may be tougher on their own floor.

Pilgrims' Rally Tops Lexington

The Pilgrims annexed victory number five for the season as they put on a second half rally to come from behind and defeat the Lexington Minutemen 50-47. The game was played on the Lexington court last Friday evening.

The Plymouth five won the game from the free throw line. They made good on 16 of 25 gratis shots while Lexington could manage but 9 of 19, although the Pilgrims quarter was outscored from the court 15 to 17 by the Minutemen.

The local five was on short end of a 25-19 score at half time. Then as the second half took up, things began to happen. The Pilgrims found the loop and with about half the period gone the score stood at 31-29 with Lexington still in the lead. During the rest of this quarter the score was tied three times, until Jack Root cashed in on a first goal shot out with the score tied 38 and all from here on in the Plymouth hoopsters were never headed.

As the last quarter drew to an end the whole crowd was on their feet and yelling. At the official time out the score stood 47-45 with the Pilgrims leading. From here on in the Pilgrim five played a stalling game and were only in their own back court a couple of times. Dean Grabach made good on a free throw and the score was tied. The local five with a minute of time remaining. In that final minute of play the Plymouth boys added two more free throws to insure victory.

The first five for Plymouth led the game via the foul route, leaving three second stringers in the line-up the final minutes, these fellows did a good job of pressure.

Bob Schreck led the McMullen men in scoring with 11 points. The Plymouth reserves made it a clean sweep for the evening as they also rallied in the second half to win 24-17 from the Lexington reserves.

The local reservists were behind 10-7 at half time but rallied for 18 points in a big third quarter. To take a 19-14 lead at the start of the final stanza. The Pilgrim juniors also outscored the host reserves in the final six minutes 5 to 3.

Hampton and Rhine had 6 points each to lead the scoring for the first game.

Vesper Service Well Attended

A receptive and appreciative audience filled the Methodist church auditorium to capacity Sunday afternoon to hear the organ recital given by Miss Mabel Zehner of Ashland. The recital was the first of a series of vesper services to be sponsored by the Methodist church choir. Miss Zehner was escorted through two of her pupils, Leonard Smith and Charles Hartman.

Miss Zehner was assisted in her recital by David Hearn of Amherst, a sophomore at Ashland college, who sang several selections. During her recital Miss Zehner displayed unusual technique which music lovers thoroughly appreciated.

Mr. Hearn, with his splendid tenor voice, pleased his audience, especially with his singing of a "Perfect Day."

Introducing Miss Zehner, Rev. Smith remarked that she was a very cosmopolitan young lady, being a member of the Lutheran church, organist in the Mansfield Presbyterian church, taught in the United Brethren college at Ashland and was giving her recital in the Methodist church.

A number of those present stated they enjoyed "Dance of the Reed-Flutes" by Tchaikowsky as their favorite, while others liked the Hymn of Glory and the finale Sunshine—Toccata was especially outstanding.

A free will offering was taken to help defray expenses. Another Vesper Service will be announced at a later date.

YOUNG MEN HOLD MEET

Seventeen members of the Plymouth Association of Commerce held a Swiss steak supper last Thursday at the Garden of Eat'n in New Haven.

So that the teachers might better understand the pupils in their classes a testing program has been carried out in both the elementary and high school.

In the elementary school an intelligence test was given. This in turn was followed by an achievement test. The purpose of the testing program was to determine whether or not the pupils were achieving what might be expected according to their intelligence.

Generally, the tests indicated, (1) that our youngsters are of better than average intelligence; (2) that with the exception of less than a half dozen children, our school youngsters are learning what they can be expected to learn; (3) the tests indicated that our young people were a little below a national average in language factors. This was borne out more recently when reading tests were given to all the pupils of the Plymouth schools.

To indicate briefly the problems, all teachers have at all class levels, pupils from three or four years above normal reading age level to 1 to six years below the normal reading age level. To use a specific grade for an example, the sixth grade reading levels vary from the tenth grade down to below the fourth.

The average class in school varies in reading ability from 93 percentile down to 13 percentile.

Modern Home Discussed At 20th Century Circle

The Twentieth Century Circle met Monday evening with Mrs. Edna Dick.

The topic of the evening was "THE MODERN HOME." Mrs. Helen Miller presented a paper on EQUIPMENT in which she emphasized the need for careful planning in the basic plumbing, wiring, heating, and kitchen arrangements. She mentioned the modern trend towards a "multi-purpose" room, one designed for many uses, rather than a separate room for each activity. Mrs. Lois Cashman spoke on HEIRLOOMS, naming Sterling Silver as one of choice heirlooms handed down from one generation to another. The family service in everyday use is a modification of the formal service in which glowing silver is an essential.

Mrs. Lola Earnest gave many interesting and helpful HOUSEHOLD HINTS. One of the smallest aids is the most important—a pencil. Memorandums about dates, sizes, brands, special occasions, save time, expense and nerves, if properly filed. Among newer time savers for the housewife, Mrs. Earnest mentioned PANTASTIC, a chemical to be applied to pans and griddles, eliminating the need of fat frying; the partially baked rolls, a popular newcomer among "quickies"; and a new plastic pattern which comes sewed together for fitting.

After the meeting adjourned, Mrs. Dick served lovely refreshments.

The Circle will meet February sixth at the home of Mrs. Muri Davis, with Miss Joy Bethel, as hostess.

Miscellaneous Shower Felices Bride-Elect

Miss Janice Rhine whose marriage to Mr. James Reynolds will be an event of February 4th at the Lutheran church, was honored on Monday evening with a miscellaneous shower given by Miss Patricia Darling, at the home of Mrs. Mabel McFadden.

The guests enjoyed various games, the winners presenting their prizes to Miss Rhine from a beautifully appointed table carried out in a color motif of yellow and white. An old fashioned parasol lined with yellow satin from those tips yellow satin streamers were

laid to two crystal candelabras formed a lovely setting for the many beautifully wrapped gifts for the honoree, the opening of which proved entertaining.

At a late hour a lunch also carried out with yellow and white appointments was served the following: Mrs. Jack Reynolds, Misses Patricia Moore, Julie Dawson, Mary Carnahan, Mrs. Doris Russell, Mrs. Joy Lee Ream, Mrs. Genevieve Smith, Mrs. Eileen Reynolds, Mrs. Dorla Miller, Mrs. James Rhine, Mrs. Dewey Reynolds, Mrs. Mabel McFadden, the honoree and the hostess.

Engagement Announced

Mr. and Mrs. Wayne Mock of Plymouth RFD announce the engagement of their twin daughter Betty Jane to Mr. Donald Brown of New London. The wedding will be an event of this fall.

Miss Mock is a senior in the New Haven schools and has been working on Saturdays and part time at the Point Market in New Haven.

Mr. Brown is a graduate of Rugles high school, class of 1945 and employed in Ashland. The young couple are expecting to build a home this summer.

CHOSEN SENIOR VICE PRESIDENT STANDARD OIL COMPANY

A. A. Stambaugh, since 1933 the vice president in charge of sales and a director of the Standard Oil Company (Ohio), has been elected the senior vice president of the company, according to announcement made by W. T. Holliday, chairman of the board. He is a brother of John Stambaugh of Willard and well known in Plymouth.

Mr. Stambaugh, nationally recognized as an authority in the petroleum marketing field, joined Sohio as director of industrial relations in 1928, when Mr. Holliday became president of the company.

Born in Germantown, Penna., and educated at Ohio Northern University and Harvard, Mr. Stambaugh had engaged in the practice of law in Cleveland from 1913 to 1928 with the firm of Holliday, Grossman and McAfee, then Sohio's legal counsel.

After the year in industrial relations at Sohio, he became sales manager in 1929 and in 1933, was elected a director and vice president.

Bandit Gets Seven Years

James H. "Bugs" Perry, 55, Saturday began a seven-year sentence for the June 13, 1949 robbery of the North Fairfield bank.

Perry, of Rittman, got \$3,134 in the holdup.

Judge Frank Kloeb, in sentencing him, said he had taken into consideration Perry's age and his good record as turkey for the Grant county sheriff at Marion, Ind.

Perry was arrested in Marion on a vagrancy charge, but because

the sheriff liked him, he was made turkey.

He later was identified from FBI photographs.

Perry's companion in the stick-up, Paul Boyes, was arrested in Sucker in the Sunday CHICAGO HERALD - AMERICAN's great color magazine.

When you contribute money to a charity make sure it doesn't get into the hands of charity racketeers who have taken over legitimate charities to line their own pockets! Learn how these charity snatchers work, in the American Weekly, the great color magazine with Sunday's CHICAGO HERALD - AMERICAN. Read how they take 80% of the contributions and give only 20% to the

charities intended for! See the five suggestions offered by the Better Business Bureau to protect yourself from these vicious racketeers. Be sure and read "Don't Be A Sucker" in the Sunday CHICAGO HERALD - AMERICAN's great color magazine.

FINED \$25.00

Paul Reeder of Plymouth and Burnell Lewis of Shelby were arrested Saturday evening by Chief of Police Robert Meiser on the north-east side of the Public Square for disorderly conduct. A hearing was held the same evening presided over by Whitney Briggs and each offender fined \$25.00 and costs with a part of the fine suspended.

The field seed supply on hand here at the beginning of 1950 is reported to be less than enough for estimated acres to be sown this Spring. The trend throughout the nation toward a grass improvement program will create a strong demand for all clovers and pasture grasses.

With these thoughts in mind we suggest that you plan your seeding program, estimate your needs and put your order in with us as early as possible. We have a good supply of high testing seed on hand, but all our prices are listed subject to the seed being unsold. All prices quoted are with hags extra.

BABY CRIBS
IF YOU NEED a crib now in your golden opportunity to save several dollars. For instance, cribs are being closed out at \$34.95 are being closed out at \$27.95. Many others with similar reductions.

WE GOT STUCK with 28x45 in. play yards and now we must pay for our folly. These all wood play yards sold for \$14.95. Today you can buy these complete with a \$3.50 pad for only \$10.95.

BLOND OR MAPLE youth chairs do not sell worth a darn and we are stuck with 9 such chairs. These do not sell at \$6.95. How many will you buy at \$3.95?

WE HAVE just six maple nursery chairs that have been selling at \$8.50. While they last we offer these at \$5.95.

A cheap baby buggy at a cheap price at \$9.95.

NO ONE WANTS a maroon covered baby buggy. We have some which sold at \$39.95. You may now purchase these at \$19.95.

HERE IS a solid oak dinette set complete with table, four chairs and buffet. This combination sold for \$149.95. However, this one is slightly warped, but is good for years of service. Out it goes for \$69.95.

CHROME CHAIRS
LIMITED quantity of S-frame chrome dinette chairs with red upholstered seats and backs. Regularly priced at \$6.95. Will sell rapidly at \$4.95 so hurry in today.

BLOND SEWING cabinets that are slightly damaged. We sold many of these for \$24.95. These floor samples are a steal at \$14.95.

ONE SLIGHTLY used 9x12 rug. This rug sold for \$89.95. The first customer who offers us \$49.95 will get a rug buy that will be difficult to duplicate.

LIVING ROOM FURNITURE
THIS MODERN 3-piece red plastic sectional is beautifully styled and perfect for either your living room or recreation room. The original price is \$179.95, but we are forced to make room for new stock and this item will be sold for \$149.95.

SAVE \$50.00 on this Kroehler 2-cushioned sofa and matching lounge chair covered in deep rose mohair. This is a stunning suite that is tops in quality. Kroehler has dropped this pattern from the line and we must sacrifice our profit to sell it quickly. Regular price \$229.95 — Sale price \$179.95.

ARE YOU looking for a good inexpensive living room suite? If so, we have it. The inside construction is comparable with more expensive sofas and chairs. However, the grey tapestry covering is of medium quality. We can not sell this type of furniture, even at the low price of \$129.95. We must pay for our experience and close this out at \$99.95.

HERE IS another modern two cushioned sofa and matching lounge chair that Kroehler has dropped from the line. Again we must take a loss. We sold a number of these suites at \$219.95. This one will be sold to the first person that offers us \$169.95. The all wool kelly green frieze covering is the latest in styling.

DO YOU NEED a sofa that makes into a bed? We have just the ticket at a price that is unbelievable. We have a Kroehler sofa bed and matching lounge chair that is modern in every respect. This red all wool Frieze covered suite sold for \$219.95. It can be yours for only \$169.95.

THIS PLASTIC tilt chair with ottoman is a steal for anyone who can use furniture with blond wood trim and light blue covering. A year ago we sold this type of these chairs at \$89.95. We have just one left. It must go to make room for new stock. Sale price is \$49.95.

ONE BLUE Frieze covered tilt chair with ottoman cheap. This combination originally priced at \$89.95 was reduced to \$69.95 and it still did not sell. Today we will take \$49.95. A beautiful chair below cost.

THIS GREEN tapestry covered occasional chair is a poor seller for us and we would like to move it off our floor. During 1947 we sold these chairs for \$49.95. The first customer with \$24.95 will take this chair at a bargain price.

IF YOU NEED extra chairs for your television company, we can solve your problem quickly. We have three plastic covered modern chairs with blond wood trim that are regularly sold at \$24.95. While they last we will deliver same for \$16.95.

Shiloh News

Shiloh's Civic Club Reorganized; Will Meet This Friday Night

Twenty-one business men and civic minded citizens of Shiloh met with the major and council in the council room Friday night, Jan. 20th, for the purpose of forming an organization to promote the public welfare and to act as a link between the town and the state of suspended annuities, which apparently has characterized it for the past several years.

Mayor Swanger opened the meeting by outlining the purpose of the gathering and invited each member present to express his views. All enthusiastically agreed that such an organization was needed in the town, and after some discussion it was unanimously agreed to revive the old Civic Club, which has been inactive since 1942, and to have all officers on duty then automatically resume their posts until a new election is held as governed by the by-laws of the organization.

Dr. Butler read two letters from the New York Central R. R. and the Ohio Utilities Commission revealing that, despite the valiant efforts of Dr. Butler, A. W. Firestone and Geo. Page to forestall it, the depot in Shiloh will be closed thirty days from date of letter, January 16th.

This is a blow to Shiloh, which undoubtedly could have been prevented had we had an active, public-spirited organization operating in the town the past several years.

President Alvin H. Garrett appointed Dave Hughes to investigate to see if something could be done to cause the railroad to reconsider, but prospects of success at this time do not look very encouraging.

President Garrett set 8 o'clock Friday night, January 27th as the date for next meeting in the council room when by-laws will be on hand, dues established, committees appointed and the organization set to operating in earnest. All citizens interested in making a bigger and better Shiloh are cordially invited to attend.

There is much an organization like this can do: Acquisition of a park line to serve the town, creation of a park where people can meet and relax, promotion of an old home week and other summer entertainment, take an active interest in the improvement of roads leading into the town and encouraging new business and industries to locate here are just a few.

Citizens of Shiloh, the town has been slumbering long enough. Come down to the council room next Friday night and help pump some life blood into its veins.

Announcement Of Approaching Marriage
Mrs. Cora Zeigler of Olivestown announces the engagement and approaching marriage of her granddaughter, Rosemary Walker to Mr. Denver Shepherd on Sunday, February 12th. The nuptials will be performed in the Olivestown Methodist church at 10 o'clock.

Mr. Shepherd is the son of Mr. and Mrs. G. C. Shepherd of Shiloh and is employed by the Ohio Power Company in Shelby. Miss Walker is employed in the office of the F. E. Myers & Brothers Company in Ashland.

The young couple expect to make their home in Ashland.

Grade Five
Several children have brought records to play on our record player. We enjoy hearing them for morning exercises.

We had eleven boys and ten girls with perfect attendance the first semester.

Mary Catherine Daup, Reporter
Grade Six
We enjoyed Roy Mayer, a magician, Friday afternoon.

We have thirty pupils who were neither absent nor tardy this six weeks. Twenty-one pupils had perfect attendance for the first semester.

We are proud of these people and hope they can do as well the next semester.

Needless to say, we're glad exams are over.

LOCAL MEN MAKE AIR TRIP TO HAVANA CUBA

Paul and Tom Root, Plymouth, Gaylord McCullough, New Haven, and Ken Hebler of Willard participated in what is considered the largest international private air-flight in history on their recent trip to Cuba. Over one hundred private planes were dispatched to Havana from Sunny South Airport in Miami Monday morning, January 16th. Practically every type of private plane built could be seen crossing the ninety-seven miles of ocean between Key West, Florida, and Havana, Cuba.

The tour was the seventh of its kind sponsored by the Florida Air Pilots Association. It was staged as an aftermath of the Annual Miami Air Maneuvers which is the mid-winter version of the Cleveland Air Races. Participants signed up in advance and all arrangements were made for them for a two day stay in Cuba.

The aircraft were assembled in their respective classes and dispatched in groups of ten from Miami. Those with sufficient range made the 240 mile non-stop while the smaller planes stopped for gas at Key West. The local flyers were flying a Beechcraft Bonanza and made the trip non-stop in a group with nine other Bonanzas. Navy PBV's patrolled the overwater stretch of the trip and radio contact was maintained by the group leaders who were responsible for the other aircraft in their group. About one fourth of the flyers were women and no mishaps of any kind were reported.

The reception in Havana was most cordial and all arrangements were taken care of by the Air Tour committee. Entertainment and ho-

tel accommodations were provided for all members of the tour and the "Americans" took over the town during their stay.

The return trip was made Wednesday morning and organizing money more or less broke down. Five members of the group did not show up for reasons unknown so the local flyers organized the remaining Bonanzas into a group of five and cleared for the West. Customs at Key West delayed the departure for home until 1:00 p. m. Then, with only a stop at Tampa for gas and lunch, the fliers reached Columbus, Georgia before dark. They were advised by the weather bureau to go by way of Birmingham, Alabama, to avoid the mountains but Thursday a. m. showed Ohio with extremely good weather, so they headed directly for Ohio. The weather in the country between Columbus, Ga. and the Ohio River is beautiful or not is something the boys can't answer because they didn't see a bit of it. They went up on top at 12,000 feet for three hours over a solid cloud bank and when the clouds broke up (as the weather bureau predicted) they saw they were directly over the Ohio River at Huntington, W. Va. After stopping in Huntington for gas, they arrived in Willard at 1:00 p. m. Total air time was 20 hours for a distance of over 3000 miles.

The Beech Bonanza which was flown is equipped with the latest Omni-Directional Navigation equipment which makes flying like driving down a well-marked highway. The 12,000 foot altitude caused perfume and shave lotion to "boil" out of the bottles because of the low pressure.

we found all the best equipment for pressing men's trousers, special machines for women's coats, suits, etc. Roloff finishes, hard creases, soft and fluffy. No matter what the original press or crease might have been there is equipment to place the garment in its original shape.

This spring Mr. Henry expects to build on an addition at his New Haven plant which will house only the pressing and finishing equipment. With his present equipment, and the new addition of the building, it will give this section of Ohio one of the finest and most modern of dry cleaning plants.

Mrs. Henry, the former Jane Thurman and Gene Henry were married eight years ago last Wednesday. They have two children, Judy Ann, 4 years, and Susan Carol, two months. They live happily in their cozy home in New Haven, and between his family and his work, Mr. Henry is about the happiest man in those parts, because his dream has come true.

District Census Office Opens

Mrs. Charity H. McKinney, District Supervisor, for the Bureau of the Census, advises that the District office has been opened at 19 West Harrison Street in the Druids Building, Newark, Ohio. Anyone desiring employment with the census bureau may contact Mrs. McKinney or Mr. Sansotta, the Assistant Supervisor, at the office or phone for an application to be mailed to them. Mrs. McKinney wishes to stress that although the office is officially opened, application blanks will not be available until a later date. General Qualifications for employees are that they must be a citizen of the United States, have a high school education or the equivalent in experience and the required age limit is from 21 to 65. Written requests for employment will be answered as soon as application blanks are received.

ceive the proper agitation which do not deteriorate or damage fabrics in any way. There are two large baskets inside the cleaning tank, and after they are filled, the cleaning fluid is pumped into the tank, which rotates, with the two baskets of clothes "swirling" inside. The fluid in which the clothes are washed is cleaned every few minutes. The cleaning fluid passes through a filter which is located in a small tank near the cleaning tub. These filters remove every particle of dirt from the fluid, and in no time are the garments being washed in a soiled solution.

After the clothes are cleaned, they are placed into a drying and deodorizing unit. Here they go into a drum which revolves at a nominal speed, and through this drum a steady stream of hot air and steam are forced through the clothes. This operation thoroughly dries the garments, and also removes the faintest smell of the cleaning fluid. It hasn't been too many years ago that a fellow who had his suit dry cleaned had to let it hang out a couple of weeks before it could be worn. Remember the "smell"? Today, you can wear a suit 15 minutes after it has been to the cleaners, and no one can ever tell it... except by the looks.

While the basic cleaning is done by machinery, which is mostly automatic, a knowledge of stains and how to remove them is also a technique one must know to be able to satisfy customers. I observed a white rayon coat on a hanger, and it appeared that someone had taken a squirt gun and shot it with the portable steam. Mr. Henry explained that the owner had spilled a bottle of nail polish on the coat. "He took the coat over to the work bench and stated: 'This is tough, but here's how we do it.'" He began on a large blotch of the red nail polish, and it smeared "worse and worse," until I thought he'd surely ruin the rest of the coat. He added "drop" of this and a touch of that," plus scraping with a little wooden instrument which convinced me that he'd never get the stain out of the rayon. But, like waving a magic wand, he picked up the "steam gun" and profusely spread hot steam over the portion on which he had worked, and before my very eyes the entire area turned as white as the rest of the material. After performing this miracle he removed a batch of garments from the dryer, and in checking them over, he noticed a gray skirt with a spot on it. "This," he said, "is a food spot. We'll shoot it a couple of times." And with his steam gun, the spot vanished instantly. Through years of experience Henry can almost hit nine times out of ten the cause of different stains and spots that appear on clothing. And he knows just what chemical to apply to remove them without endangering the fabric.

Every garment is thoroughly checked after coming out of the cleaning and drying tanks. They then pass on for inspection and into the pressing department. Here

Mrs. McKinney or Mr. Sansotta will meet with any civic groups or organizations to explain the general outline of the 17th decennial census. Those wishing to make applications as Census Enumerators for the county which will have forty enumerators should mail same to the District Supervisor for the United States Bureau of Census at the above building.

IN NEW LONDON HOSPITAL

Local friends of Mrs. Mac Edwards will regret to learn that she is seriously ill in the New London hospital. Mrs. Edwards is a designer at the Ward Regalia Company. She made Plymouth her home a number of years ago.

WE BELIEVE

THERE WILL BE MONEY In POULTRY This Year

Don't cut your chick orders for spring — the very fact that we've had a drop in egg and broiler prices is practically a guarantee of profits later in the year. Why? Because these severe drops in prices will wash out a lot of "in and outers." On January 1st, there were 5% fewer eggs in incubators than a year ago. Broiler prices are almost certain to strengthen by April and eggs reach a profitable level by July or August.

The greatest profits will be made from flocks that are in the brooder house not later than the middle of March—February will be better. Pullets from these chicks should reach 60% production by the end of August and hold it, or better, thru the high-priced egg season. If you want the top profits order your chicks NOW. Some started chicks now available.
