School Taxes

By Supt. Dennis is asked: "How much school taxes are we paying and how does it compare with the schools in our County District?" Inside the ten mills the Plymouth Schools are allowed 4.4. Outside you have voted 4.5 mills. Only the school district in the county are allowed less than Plymouth inside the limitation. Belleville is allowed the same while Lucas, Adams and Hamilton are over the field and Union are allowed a greater cut out of the tax limitations. Outside the ten mills all districts supporting High Schools except Madison have more than Plymouth High School. In addition to this, five schools in the county are allowed less than Plymouth.

The foundation support program is based on enrollment and need. This is the only district in the county having a greater valuation per pupil than Plymouth. Six schools in Richland County have a greater valuation per pupil than or higher than Plymouth. Neighboring Shiloh with no bonded indebtedness had a total of 11.9 mills compared with 12.9 mills for Plymouth.

The above information was taken from a routine report sent out to the County Superintendent's Office.

MEET THE WINNER

There are some millions of Ohioans who still have red blood in their veins and who like individualism rather than dictatorship by labor unions. The bitter fight which has been waged the past few months by labor leaders against Senator Robert A. Taft, senior senator of Ohio, has had the eyes of the nation focused on Ohio. Tuesday's election, which gave the senator some 430,000 majority over his opponent, Joseph T. Ferguson, not only opened the eyes of millions of American voters, but it just about put the labor boys to sleep. Taft carried all the industrial counties of the state, with the exception of a half dozen counties in the mining region of southeastern Ohio.

SHILOH SCHOOL BOND ISSUE IS APPROVED

The \$144,000 school bond issue which came before the voters of Bloominggrove and Shiloh school district voters Tuesday received a tremendous support for the school improvement program. The voters cast 553 votes for the bond issue, while only 23 opposed. Cass township cast 253 votes favoring the bond issue, while only 23 opposed. Cass township was favorable with 162 for the bonds, and 95 against it. The big majority indicates that there is little reason why the school improvement program cannot be carried on at full speed.

WATER SOFTENING PLANT APPROVED

Shiloh voters also approved a \$16,000 bond issue for the installation of a water softening plant within the village. There was little time to bring this issue before the citizens, but it is very evident that the town is in favor of this project, which will greatly improve their local water condition.

YOUNG PEOPLE'S CHOIR SINGS

The choir of the Methodist Church, which is composed entirely of young people, sang for an anthem on Sunday, the beautiful hymn "The Ninety and Nine." Marilyn Chesselman, Helen Fox, and Barbara Fox had the solo parts. The anthem was so beautifully sung that the congregation felt the group of young people and their leader, Mrs. L. E. Smith deserved special mention.

Hunting Season Opens Nov. 15th

Columbus, Ohio—The Ohio fall hunting season is approaching rapidly. In fact, Buckeye gunners will be taking to the fields and woods in quest of rabbit, pheasant and grouse, and the trappers will be placing their traps for legal fur-bearers, next Wednesday, November 15th. The season opens at 9 a. m.

According to reports received by the Wildlife Division and surveys conducted by the Ohio Wildlife Research Unit, both hunters and trappers should enjoy one of the best seasons in many years.

Game populations, particularly rabbit, pheasant, raccoon and opossum, are at a peak in Ohio, and other legal game is reportedly plentiful. It should be a banner year for Ohio sportsmen.

To make it an even more successful season, the Wildlife Division urges hunters to be courteous at all times to farmers and land-owners, to use extreme care in the handling of firearms, and to observe the state game laws to the letter. All three are vitally important components of hunting success and enjoyment.

Discourtesy will cause embarrassment, the loss of one's friends and the privilege of future hunting on some favorite grounds. Misuse or carelessness in handling firearms may cost your life or the life of a friend and companion. Even a non-fatal accident may terminate future hunting and the privilege of life, even cost you your job and ability to provide for your family. Locally permits are sold at Brown & Miller Hardware.

Local Christmas Club Hits \$16,000

Nine Hundred and Twenty Million Dollars will be distributed to about ten million eight hundred and seventy-eight thousand Christmas Club members by approximately sixty one hundred banking and savings institutions during the National Prosperity Week, starting Monday, November 27th, according to an estimate given out by Edward F. Dorset, President of Christmas Club, a Corporation of New York.

The total distribution is 2.7% ahead of last year and represents an all time high for the forty years of Christmas Club operation. The average per member distribution is about \$84.57 for the entire country, as against \$84.40 last year. In large metropolitan areas the average per member distribution is approximately \$92.32. The total number of individual members participating this year shows an increase of two hundred thousand over a year ago.

Christmas Club, a Corporation of New York, is continuing its break in Christmas Club savings shows a definite trend in the public thinking toward individual financial security with Mr. and Mrs. J. O. Schreck and daughter.

E. Nimmons, president of the People's National Bank, states that approximately \$16,000 will be distributed in this area by the local bank to those who have saved systematically through the Christmas Club plan.

Pilgrims Win Homecoming Till By Muddy 27-7 Score

By Jim Shutt

With Larry Shreck and Louie Root leading the way, the Plymouth Pilgrims defeated the Butler Bulldogs in a muddy Homecoming tilt played under the lights at Stadium Field last Friday evening by a 27-7 score. It was the Pilgrims' first win in eight games while for Butler it was their eighth winless decision in as many games. Larry Shreck turned in his first of three touchdowns for the evening midway in the first period when he drove 2 yards off tackle into paydirt. Louie Root plunged for the extra point and the Pilgrims led 7-0 when the first quarter ended.

Louie Root then contributed his only touchdown of the evening on a 7-yard drive off tackle late in the second canto. Larry Shreck plunged for the extra point, which was also good.

The Pilgrims scored twice in the third quarter with Larry Shreck and Louie Root. Louie Root added the extra point on Schreck's last touchdown.

Butler finally broke into the scoring column late in the third stanza when Bob Horne broke away on a 45 yard run over center. Gleason ended the evening's scoring when he plunged for the extra point.

Larry Shreck put on another fine offensive show as he ran for 199 yards from scrimmage in 21 tries. Louie Root did his bit in ground gaining as he hit for 101 yards in 12 tries. Tom Meser, a sophomore half, also hit for 40 yards in 8 attempts.

So all in all the Pilgrims looked fairly good in their first victory of the season as Coach Earl Frate led the bench of all subs for the first time this season.

A MINORCA-LEGHORN nest owned by Don Einar of North Street went to eggs this past week. In fact, we might say, two extremes: ... one day she laid an egg that weighed only three-quarters of an ounce, and the next day, she produced an egg that looked like a good sized marble and weighed only three-quarters of an ounce. Which egg belonged to which strain—Minorca or Leghorn, isn't known—but it was an unusually oddity.

HARRY AMUND who brought such a beautiful cluster of California grapes recently to the Advertiser, advises us that the cluster that he took to the city was Fred Weaver Shelby from whom the original purchase was made. So if anyone is interested in buying California grapes, they should contact Mr. Weaver instead of Mr. Harry Yarmen as originally announced.

POLITICAL ANALYSTS will have enough to talk about until November, 1952 as a result of the outcome of Tuesday's election when the Republican Party once more made a move toward their seniors of life. Many factors enter into "the change" which came about over the country, international, national and economic conditions, plus the threat that has been made by labor groups which in any rate, can dope the 1952 election outcome in word... Republican.

Discovers Old Poem

While rummaging in the attic among her mother's things the other day, Miss Maude Crawford came up with an old poem, and as it deserves a trip to Jesse Hamman's farm, she presented it to Mrs. Hazel Lofland, Granddaughter of the late Mr. Hamman. Through the courtesy of Mrs. Lofland we pass it on to our readers, many of whom remember the persons named in, and the writer of the poem. It was written by the late T. A. Vaughn, and is entitled "Surprise Party at Jesse Hamman's."

"Twas on a pleasant evening
The moon was shining bright,
We mounted in our wagon
With rapture and delight.

The place that we were going
The subject of my rhyme,
Was down to Jesse Hamman's
To have a splendid time.

To have a little pleasure
And were most desirous,
While Miss Frankie Hamman
Was with us from Bucyrus.

With Amaziah Cleland
To hold the ribbons true,
We had the best assurance
That he would take us through.

He hailed us round the corners
And with a friendly greeting
Which bounced us through the
Wagon Enough to break our bones.

But this is what we needed
To make us good and strong,
And our ruts and stones,
Of a splendid darkey song.

Arriving at the Hamman's
Their looks you can surmise,
For such a crowd of people
To take them by surprise.

We met a friendly greeting
And soon were at our ease,
With the privilege seldom granted
To do just as we pleased.

We took a little leisure
The ladies to admire,
And then to have some music
Was every one's desire.

And there was Billy Williams
And Mrs. Williams too,
I use to hear them playing
"Away back in Waterloo."

And there was Porter Crawford
To make the band complete,
The music that they rendered
Was wonderfully sweet.

But this mysterious waiting
Their going no one knows,
It took me careful watching
To keep them off my toes.

At length it was decided
To have another play,
And a company was mustered
Our toons to the creek.

But those fangled lanterns
They proved no use at all,
We could not see the arches
And could not find the ball.

But we were well determined
Not to leave this thing die,
And so we organized a play
We called "Needles Eye."

The ladies half objected
And said this play was old,
But I drop the subject
Before the half is told.

And next, a splendid supper
Was ready to partake,
For every lady present
Had brought along a cake.

And that delicious ice cream
Of William Coby's make,
They all will say that it
It wasn't hard to take.

To eat so late a supper
Is not the best advice,
But most of us ate hearty,
And some I think ate twice.

And shortly after midnight
Our eyes began to blink,
And then about reposing
We all began to think.

The move was made for leaving
Some would stay 'till morn,
But Billy packed his fiddle
And Porter packed his horn.

And as we glided homeward
Some noise we had to make,
But this was all intended
To keep the girls awake.

To have some recreation
Was fully our intent,
For we all were much delighted
With the pleasant time we spent.

At length our Amaziah
All honest, brave and true
Delivered us in Shiloh
Just at the hour of two.

Our company disbanded
The writer crept upstairs,
The rosy light of morning
Crept o'er him unawares.

Saturday evening visitors in the Frank Fransens home were Mr. and Mrs. John S. Cok of Celeryville and Mr. and Mrs. Jacob Sluis of Chicago.

DISNEY ON TV DEC. 25

On Christmas Day, Walt Disney will send in Mickey Mouse, Donald Duck, Goofy, Pluto, Snow White and the seven dwarfs for their TV debut. The debut will be filmed in advance and then aired over 62 TV stations across the United States.

We would wager that if this group would send out a message for peace they would accomplish more than a session of the U. N.

Armistice Day

Today, at exactly eleven o'clock, everyone will pause from daily activities, to pay homage to those who gave their lives in two great wars, that the rest of us might LIVE to enjoy the privileges of peace and democracy.

A moment's pause once a year, is not much. But if in that moment, we all resolve to strive unceasingly for adherence to the democratic principles for which our soldiers died... and if we practice those principles—without compromise without relaxation... then perhaps, we shall have given purpose to their sacred sacrifice.

Policemen Best Firemen In Football Game By 19-13

Without the benefit of fanfare publicity or practice, the Policemen-Firemen Football game last Wednesday evening garnered in \$112.75 for benefit of the School Band Uniforms and four touchdowns—two counting the bumps, bruises, aching backs and skinned shins suffered by all.

It had been held on any other night but Wednesday, there is little doubt that a record breaking crowd would have been on hand to witness this event that was the "talk of the town" for several days after. Those who went to see these oldsters play, expected a lot of "horse play" but were really surprised when a good brand of football was played. Seven members played the entire game, Harold Cashman, Bob Meiser, Don Levering, James and Guy Cunningham, Bill Miller, and Bob Kennedy.

The score ended with 19 for the policemen and 13 for the firemen with touchdowns made by Harold Cashman (2), James Cunningham and Cory VanderBilt (2).

Two members, Bill Forquer and Cory VanderBilt came out on the field with their faces blackened to emulate Buddy Young and Marion Motley.

Some of the highlights of the game was the sensational runs of Jimmy Cunningham for thirty yards. He found no one to pass to and started down the field, bringing to mind other runs he had made in his high school days; Bill Miller took the ball around right end for a 35-40 yard gain and several long passes was Miller to Cashman and Cashman to Kennedy. Another long pass for the fireman was Forquer to VanderBilt.

Elton Robertson got in some bad treatment when Wayne Gebert

accidentally stepped on his hand, and Wayne's feet aren't so little; Ray Bright thought it wouldn't have been so tough for him, if they hadn't run in those boys who were not out of control so long and the older ones had to play harder to keep up with them. Jake Berberick, Sr., dropped out after the first quarter. Two breath-taking episodes were noted when Dalton McDougal was knocked out and carried to the sidelines on a plank (but he regained consciousness too quickly to fool the crowd too long) and again when Cory VanderBilt upset referee Mercer, who happened to be in his line of direction. The flying wedge formation was used to good advantage and some of the 1950 team took pointers on these tactics.

Vald Reed, senior, did a splendid job of broadcasting, adding many funny sidelines to the happenings. Referees for the game were Supr. Dennis, Don Frail and Tom Mercer.

Another game will probably be played on Tuesday, November 21st with further announcements later.

The lineup for the policemen included Louis Lilly, Bob Meiser, Guy Cunningham, Jim Cunningham, Don Levering, Harold Cashman, Elton Robertson, Carl Ebert, Jack Root, Ray Windacker, Bill Miller, Bob Martin, Bob Kennedy, and Jim Shutt.

For the Firemen, were the following: Jacque Donnemuth, Dalton McDougal, Reed White, Bob Williams, Laverne Moore, Jake Berberick, Sr., Wayne Gebert, Don Smith, Ray Bright, David Sams, Jim McDougal, Dean Morse, Bill Forquer, James Rhine, Cory VanderBilt, Harvey Wilson and Kenny Eckelberry.

Airmen Train At Greenville. S. C.

Major James R. McConnell, commanding officer of the 69th Troop Carrier Squadron, recently mobilized Air Force Reserve unit now in training at Greenville, S. C., Carolina, reports that the morale of the men is exceptionally high and that the training operations have begun.

Staff Sgt. Robert MacMichael, Plymouth, recalled on Oct. 15th, has been assigned to the Maintenance & Supply Division. However, since Oct. 15th S/Sgt. MacMichael has received his second set of induction papers from New Jersey, with instructions to report Nov. 16th to Ft. Dix, N. J. Had he reported to this center, he no doubt would have been sent to Otis Field, near Boston, Mass.

The mixup is attributed to the fact that he previously had been receiving instructions from Cleveland, which were later transferred to Ft. Dix. As it is, he had to report a month earlier and is now located in S. C. He never will know which would be the "Better Bet," but friends who wish to write him, may do so as follows: Staff Sgt. Robert MacMichael, A. F. 35033744, 433 Supply Sqdn., 433 M. & S. Group, Greenville Air Force Base, Greenville, S. C.

Mr. and Mrs. A. Feichtner Return From Western Trip

Mr. and Mrs. Albert Feichtner returned home Sunday from a two weeks' visit to the West, where they attended the 11th biennial Convention of the Women's Missionary Federation of the American Lutheran Church, which opened in Long Beach, Calif., Tuesday, Oct. 24th and continued until Oct. 27th. 1400 delegates and visitors were present including 59 delegates and 100 visitors from Ohio, the largest number from any state, excepting California.

It was considered a real history making event for the California District, as well as the Federation in that it was the first time the organization has met in convention west of the Mississippi River.

Opening the session the delegates and guests were welcomed by the Federation president, Dr. Katherine Lehmann and national and district officers. The Long Beach City, a Cappella college choir sang, and each evening session had special music with its half-hour organ recital by Dr. Emerson C. Cox, dean of the American Guild of Organists. The Boys choir of St. Luke's Episcopal Church of Long Beach, widely known through its motion picture work, and other musical organizations were also featured on the program.

The one special event of the convention was the banquet held on Thursday evening Oct. 26 at Willton Hotel in honor of Dr. Lehmann's retirement from her office as president. The banquet was in

Explanation Of Religious Census

Every year millions of Americans change their residence. Included amongst these are many church members who fail to become identified with the churches in the communities to which they move, thus great numbers lose the wonderful influence of the Christian faith from their lives and homes; countless others, over a half our population, are living in a Christian country without Christianity's power for good in their lives. Because these conditions exist it is highly desirable to take a religious census of a community at least every four years. The Plymouth Inter-Church Council has planned such a canvass; the territory has been divided amongst the member churches; teams have been secured and an instruction and inspirational meeting has been planned for the workers ("census takers") on Sunday, Nov. 12th, 8:00 p. m. at the Presbyterian church. The canvass will be made Sunday afternoon and evening, Sunday, Nov. 19th.

Present price of farm real estate in Ohio is 140 per cent above the value in 1935-39.

Their first stop was an interesting tour of Salt Lake City, this sightseeing tour as well as all others had been arranged on a group charter basis. The next stop of the motor coaches was to the Willton motor coaches at Long Beach, Calif. The convention headquarters until Oct. 28, when the group departed for San Francisco, via the Southern Pacific Lines.

Other highlights of the trip was the Ferry Boat ride across San Francisco Bay to San Francisco; a night sojourn trip to Muir Woods; a boat trip to Brenington on Puget Sound; a trip from the Multnomah Hotel, over the Columbia River Highway, with stops at Multnomah Park and Buena Park, known as Ghost Town. All these side trips were conducted by escorts of the Rayway.

Mrs. and Mr. Feichtner were guests one night of relatives and accompanied them to Fullerton, Mrs. Feichtner also called on phone, Mrs. Edna Weh Street of Los Angeles, Calif., a former Plymouth resident, who wished to be remembered to her friends here.

School Personalities of The Week

The school personality of the week is Sally Detrich, who was chosen as this year's Annual Football Homecoming Queen. Sally, who is 16, and a dignified senior, hails from Cleveland, Ohio. She enrolled at P. H. S. on March 22, 1950.

Everyone has a favorite sport and Sally's is ice-skating, which she used to do a lot of while she lived at Cleveland. Runners-up in her choice of sports are: basketball, baseball, football and swimming.

Does Sally like boys? I'll say, but here too she has a favorite one and in Plymouth the lucky fellow is Larry Shreck, who was chosen, the Honorary Football Captain.

Sally who, is a brown haired and brown eyed beauty, is 5' 2" with a four and one-half shoe. She has a winning personality, which has attracted many admirers since she arrived in Plymouth.

Did You Know?

By Marie Muma

That Warren G. Harding, our twentieth president, was born 85 years ago today near Blooming Grove, Ohio near Marion.

In 1891 he was elected to the Ohio Legislature. He was elected to the Senate in 1898 and he served two terms.

Harding was in office from 1921-1923. He was the sixth president to die in office and he died of a heart-attack.

One of the most important achievements during his administration was the Disarmament Conference in Washington in 1921, although when the nations started rearming this didn't help.

Friday Confusion

Her heart throbs, her pulse beats wildly as she walks into the class room. She tries to be calm. Oh well! Can you help it if you're shaking like a leaf?

She takes her seat as quietly as possible then she throws open her text book and tries to cram some knowledge into her confused brain. Then he comes in and says, "All right close your books this will be a five minute test." Then you look at the test. Oh! my goodness what kind of language is this I guess it is supposed to be shorthand. After struggling through a few words she looks up—Fear grips her as she says, "Alright turn in your test papers."

As she walk out of the room, her spirits are the depths of failure, someone approaches her. It's the girl that sits next to you in shorthand class and she says, "My that was the simplest test I have ever taken." Then you try to control your temper and say Oh well! This life for you.

Children Are To Be SEEN—Not Hurt

Have you heard past the grade school lately, and noticed the children playing and having a lot of fun? Maybe some of these children are yours. Even if they aren't, you would want them protected. These boys and girls walk to or from school 4 times a day. It is your duty to drive carefully, so as to avoid a horrible accident. How would you like to have your conscience bothering you all your life for an accident in which a child was fatally injured? It wouldn't be very nice. If you did hit a child, do you have the insurance to cover the doctors and hospital bills? Do you have the money which would work in the time of emergency?

A car traveling 25 miles an hour strikes a person with as much force as, if he had hit the ground after falling out of a second-story window. At 75 miles an hour, it is equivalent to falling off an 18 story building.

The reaction of an average person is about three-quarters of a second. If an automobile traveling 50 miles an hour, it will travel 55 feet in three-quarters of a second. This is the average time it takes the average driver to see a dangerous situation and to begin to do something about it. After the driver applies the brakes the car will travel about 110 feet farther before coming to a complete halt. And thus, the car will have traveled about 165 feet before coming to a stop. And this would be under ideal conditions, with good brakes and having dry pavement. If the driver is sick or tired, his reaction would be even slower and the car will have traveled farther.

About two cars out of every five, involved in fatal accidents are speeding. Reckless driving kills one out of every six automobile victims. Thus, if drivers learned to drive according to the rules for safety, almost four out of every five lives lost in automobile accidents would be saved.

Many accidents occur when the driver is unable to see the approaching car or pedestrian. Rain, fog, and snow may obscure his vision. There are three times as many accidents at night as there is in the day time. Special care must be taken when driving under these conditions.

Fewer than one car accident out of every ten is caused by a deer in the car. Such accidents are often caused by faulty brakes, by tires which blow out, by defects in steering gear or by lights which aren't on or are too dim or are too bright for the kind of driving necessary.

So let's all drive carefully. The lives we save may be your own or a loved one. Children are to be seen not hurt.

Study of Cereal Crops

There are many crops grown in the United States and because of the importance of some of these as cereal foods the seventh grade geography class has been studying them. Some of the main cereal crops grown in the United States are corn, wheat, oats, and rice. Corn has been grown in the United States for a long time, as far back as the time of the Pilgrims. It needs good growing conditions to produce good quality corn. Most of the corn grown in the United States is fed to livestock instead of being sold to markets. Wheat is an important cereal crop. It is raised a great deal in the United States but the Soviet Union produces more wheat than any other country in the world. Rice is grown to a certain extent in Louisiana. This crop needs good soil, much water, and a long growing season. An American farmer with the aid of modern machinery can care for eighty acres of a year while a Russian farmer can care for only two acres which is worked by hand.

The seventh grade geography students made booklets on series of questions on the cereal crops and the best of these, which included those made by Bette Carter, Gordon Riggie, Carole Evans, and Andy Berberick, were put on the bulletin board for display.

An Ode To Overall

Or "It Could Happen To You" Smilin' Art, the Levi Kid, 'Twas the name he was lost last fall;

The Levis were the tightest pair in any P. H. hall. Art's hair was the longest; His shirts were screaming loud. Mary Belle swooned for the Levi Kid.

The idol of his crowd, Two twenty-nine he'd give the clerk. More expensive than the rest—The Levis of this doll-face were by far and wide the best.

One fine day, food tempted Art. He gurgled down a spaghetti. The rivets strained, the side seams bulged—

Oh, what a grave mistake. The straw that broke the Levis back. Was Art's stoop to the ground. The jering boys—that splitting sound.

Were heard for miles around. So now he roams the halls in cords. The lassies make no sound. Sorrowful Art—the ex-levi kid—

Alas! He gained a pound. Anonymous

The Opinion Poll

This week the students of P. H. S. have been asked to give their answers to this question: **WHAT DO YOU THINK OF JUNIOR HIGH FOOTBALL?**

Upon receiving the question from a wide variety of thought that it was more appropriate, because the Jr. High teams played their opening games in the Plymouth-Clyde game a short time ago.

Here are some of the answers we received upon asking the question. Larry Hampton commented: "No doubt but what they learn now will benefit them and the variety by teaching them to work in a football."

Emily Ford stated: "I think in a few years when these boys are on the regular football team they will be very good players." Arthur Jacobs: "It's a good idea but it should be of been started about 2 or 3 years ago."

Marty Hampton said: "I like Jr. High football because it teaches the boys get ready to play when they are Freshmen and also because I like football."

Student Council Holds First Meeting

The student Council of P. H. S. held their first meeting Thursday afternoon, October 9. Louis Reed was elected president, Larry Schreck, vice-president, and Jessie Steele, secretary.

Larry Schreck started the meeting by saying he thought the signs which appear on the walls of the high school are very good for the football players' morale. The first thing you saw last Thursday morning when you entered the school were signs which read "Zuk! Zuk! Says 'Beak' Clyde." The council would like to thank whoever is behind it.

The subject of having periodical assemblies was brought up by Mr. Dennis. The school has not been in the habit of having these programs in the last few years. The council members thought this was a good idea. The seniors had the first of these programs.

The council is made up of the president and vice-president of the four upper grades. The members are: Senior-Louis Reed and Larry Shreck, Junior-Emily Rose Ford and Duane Wilson, Sophomores—Tom Rhine and Jessie Steele, Freshmen—Larry Root and Bob Fogelson.

The Birthday Parade

Looking over the birthday of P. H. S. students we find that the birthday of Benny is one of the Sophomore boys we'd like to know better. His birthday is Nov. 1. Benny was born in Plymouth and lives with his parents and rather large number of brothers and sisters.

Eighty-First Annual Teachers' Meeting

On Friday, October 27, 1950, the eighty-first annual meeting of Northeastern Ohio Teachers Association was held in Cleveland in the Public Auditorium, the largest auditorium in the state of Ohio.

The address was given by Mr. Alexander Stoddard who is the superintendent of schools of Los Angeles, California. Mr. Stoddard spoke on the "Four Dilemmas Confronting The Schools". The first dilemma is to struggle for control of minds of men. Our actions are determined by our thinking. As man thinks, so is he. It is the work of the schools and teachers to appeal to the minds of our youth so set attitudes toward peace, appeal to their reason, appeal to their better selves. We have a choice between tyranny and too much freedom.

The teachers should warn students to avoid the propaganda of tyranny, but should also teach our young people self-discipline and self control because too much freedom selves. It is possible to so shape can become license to destroy our mind of man that he cannot think his own thoughts or control his own actions. We must teach the young to question, to reason, and to judge fairly. Teach truth. It must be sought and recognized. The second dilemma is concerned with the curriculum. The teacher is no longer confined to teaching the 3Rs. She must teach many subjects, facts, skills, habits, attitudes, and character. She must train the mind, the body, the spirit, and morals. The teacher cannot do this with such large numbers. We must reduce the number of students per teacher if she is to do her job well or quit asking the teacher to do so many things. The third dilemma is preparing the young to live in our present world. We must develop the students initiative; but teach them that self expression must be controlled. Teach him he can't get something for nothing; that he cannot get by without paying the price that freedom entails. The teacher holds the struggle between two extremes, developing the child's initiative but not letting him run away with it. The fourth dilemma concerns the fact that there is no freedom without hard work and sacrifice. A good life costs something. Teach our young people to play as a team, respect the rights of others, and to discipline themselves. "We have learned to swim the ocean like a fish; we fly through the air like a bird; it is time to walk on the earth like men."

High School Book Reviews

Some interesting books for Jr. high reading are SON OF THE VALLEY by Tumis and KING OF THE HILL by Wright.

If you would a good adventure there is something that will suit you exactly. DANGEROUS DEEDS by COB is about an orphan boy looking for his parents, Swamp Boy by Gormack and Bob and Joe on the Northland Trail by Dana. Use fine, adventure, and excitement combined for endless hours of relaxation.

For high school students there are also some interesting books. Lind Takes Over by Curtis tells about fifteen year old Linda Wheeler and her four young brothers and sisters who moved to

with an elderly aunt in Vermont after her mother and father died. Their many trials and tribulations are very amusing. Paintbox Summer by Cavanna tells how a seventeen year old girl, Kate Vale realizes her dream has come true when she gets a chance to paint for Peter Hunt, an artist. She finally convinces her parents it is more than just a whim, her desire to paint. For anyone interested in art or painting, it will offer encouragement.

A very good autobiography for informative reading is The Log Cabin Lady. It is a moving record for the conquest of self consciousness and fear through mastery of manners and customs.

For mysteries there is The Jordan Murder Case by Leonard it is the story of how, why, and when Mr. Judson was murdered. Mystery On The Bayou by Barbour and The Mystery Of The Folding Key by Seaman are both good for excitement-loving readers. The Big Con by Bauer is the story of confidence games they impose on the public to swindle them out of their money.

The All-Important 10 Count

In the ring, a fighter isn't "10" until the count of 10. He also has a 10-second warning before each round.

In telephone service the ten count is also all-important for better telephone service. It works this way:

WHEN TELEPHONING, PLEASE GIVE THE PERSON YOU ARE CALLING AT LEAST TEN RINGS—THAT'S A MINUTE—TO ANSWER YOUR CALL BEFORE YOU HANG UP.

IN MEMORIAM

Dora F. McGann Kenestrick, the eldest of three daughters of Thomas and Mary Lash McGann, widow of the late Frank Kenestrick, passed from her earthly home on Friday, October 20th.

She was born in Crawford Co. near Tiro, March 13, 1858. In childhood she moved with her parents to the Richland Co. residence near the McKendree church. Her higher education was gained at Baldwin, Wallace, Kollmer, Beron, O. The influence of these years was felt throughout her life. She became a teacher in the district of Goodwill, Tiro, DeVoe and New Haven schools.

On December 24, 1896 she was married to Frank K. Kenestrick. This union was blessed with three children, Paul M. who died in infancy, Ruth J. K. Schwemler (Mrs. Geo. W.) of New Washington, Ohio, and Homer McGann Kenestrick of Columbus, O. Mrs. Kenestrick was preceded in death by one sister, Mrs. Orpha Brown, and by her husband the late Frank Kenestrick who departed this life on March 23, 1948.

She leaves to mourn her passing, two children, Ruth and Homer, her younger sister, Mrs. Walter G. Thumsh, three grandchildren, Barbara K. Arter, Fran Schlemmer, and Jane Ellen Schwemler. Also two great grandchildren Lynn and Meribeth Arter, along with nieces and nephews and host of friends. Her home has radiated hospitality, continually even in illness.

Dora McGann Kenestrick was a life long member of the McKendree and Plymouth Methodist churches. In the former she was active in choir and church classes and missionary groups. In the Plymouth church she was a faithful member of the congregation and choir in her earlier years, and actively associated with the Friendship Class.

Mrs. Kenestrick was a charter member of the Mads of the M.C. Club, and an inactive member of the Plymouth chapter of the Order of the Eastern Star. She was a devoted and devoted mother, seeking through simple faith and daily meditation, and communion with her Lord, that reassurance of purpose to meet the last moments of suffering which were hers.

In sickness and in confidence shall we forever remember her and pray for her soul.

Funeral services will be held at 10:00 a. m. Saturday, November 11th, at 10:00 a. m. at the Plymouth church. Burial will be in the cemetery.

Providence for the comfort of her home and the kindly care with which she was ever surrounded; for the love of her family and friends which meant much to her and for the long life accorded her.

To the daily visitors in her sick room her bright faith was evident. Many were inspired by her reflected spirit; "I waited patiently for the Lord; and He inclined unto me and heard my cry." Her life was motivated by deep religious principles. Strong in power to enjoy life here, she was equally eager to accept the promises of life eternal. To her it was only a step away. She had selected as her special text: "Thou wilt keep him in perfect peace, whose mind is stayed on Thee" Isa. 26:3.

Building A Temple
A builder builded a temple.
He wrought it with grace and skill.
Pillars and groins and arches
All fashioned to work his will.
Men said as they saw its beauty,
"It shall never know decay.
Great is thy skill, O builder:
Thy fame shall endure for aye."

A teacher builded a temple
With loving and infinite care,
Planning each arch with patience,
Laying each stone with prayer.
None noted her wondrous plan,
None knew of her wondrous plan.
For the temple the teacher builded
Was unseen by the eyes of man.
None is the builders temple,
Crumbled into the dust;
None is each stately pillar,
Food for consuming rust.
But the temple the teacher builded
Will last while the ages roll,
For that beautiful unseen temple
Is a child's immortal soul.

Contrary to what many people think, getting a cash loan can be a pleasant experience. At Economy, it's a simple, business-like transaction conducted in an atmosphere of confidence and helpfulness. Because we at Economy understand the reason people sometimes hesitate to borrow, we "lead over backward" to put them at ease. We know that all money is the same, that a loan can be arranged in many places, so we emphasize our friendly service. EXTRAS we call them, such as Friendly Attention, Respect For Your Confidence, Personal Consideration, Understanding, Better Service and a Swifter Desire to Make the Loan.

AGAIN FREEDOM FACES A THREAT
Now, as in 1918 America grinds itself for a struggle against those who have little faith in the common man. Once again America must show others that democracy is the strongest of all systems, where, without force, all men live as good neighbors. Let us follow the examples of those who in previous wars, fought the struggle unselfishly and successfully.

After the Honorary Captain had given a small speech and had presented the crown to the queen the entertainment for the queen began. A tumbling act, a piano solo by Lanny Gooding and several songs by a selected group of high school boys were all part of the entertainment.

A bedspread was given away by the senior class and the person who got the bedspread was Mrs. Aiden Willet.

Jacksons Attend Jolson Services

A letter from Mr. and Mrs. Iden Jackson, of Los Angeles, California, was received this week and tells of the funeral services for the late Al Jolson which they watched from outside of The Temple Israel. Mrs. Jackson, who are former residents of Plymouth, have written most interesting letters, and they will be printed soon in the Advertiser.

2601 Fletcher Dr. Los Angeles 39, California Dear Mr. and Mrs. Thomas: "Thousands of persons, the humble and mighty of Hollywood alike, gathered to pay their last respects to Al Jolson yesterday.

"The Temple Israel at 7300 Hollywood Blvd. was thronged long before the simple rites were held for the singing comedian, who died of a heart attack in San Francisco. Hours before the doors of the Temple were thrown open, five persons stood in line. The first person in line was a blind man, Joseph Kantor, who said he came to pay his respects because of Jolson's contribution to the blind. He appeared at 3:30 a. m. Jolson's body lay in state for two hours before the Temple doors were closed and the service conducted by Rabbi Max Nusbaum.

"As we are living only four and one-half miles from Hollywood, we left the house at 9:30 a. m. and when we arrived at the Temple, people were in line, three abreast, for the door down Fuller Ave. on the right side of the Temple. We walked to the end of the line and waited for thirty minutes before we were able to view Jolson's body. He looked so natural and bright, although he were just sleeping. Elcanor Powell waited in line along with the many others. When the doors of the Temple were closed at 11 a. m. thousands in line were left without getting in to see him.

"After we came out of the Temple we crossed Hollywood Blvd. opposite the Temple and waited and watched with thousands of others to get a glimpse of many of the notables and movie stars who were driven up in their limousines to attend the last rites at 12 noon.

"The great crowd got out of hand many times. The great number of them wanted to get in the doors and it was all forty policemen who had to control them. Mrs. Jolson had the services delayed for twenty minutes so that the remainder of the 1500 theatre-type seats could be filled.

"Most of those in attendance were invited and had a card of admission to gain entrance to the Temple. Nine-Crew members of the B-19 carried the star on his last trip to Korea to sing for the boys there to add their tribute to the greatest entertainer of their age."

"We saw Tony Martin, Ruby Kelly (Al's former wife), Louis B. Mayer, Charles Coburn, George Jessel (who delivered the eulogy), Larry Parks and his wife; however we did not see Bing Crosby but expect to in the near future.

"The many telegrams that were sent to his bereaved widow were stacked six ft. high. Mrs. Jolson had requested flowers be omitted but there were hundreds of floral offerings; two outstanding ones: one in the shape of a heart made up of yellow mums and presented by his brother that lives here in L. A. The other was a six pound Star of David in gardenias, centered with white orchids and outlined in blue-dyed mums, with the simple message — "Beloved Husband," from the widow.

"We waited until the funeral procession left the temple for Hollywood Memorial cemetery. His body will be removed later, after a family shrine can be built at Hillside Memorial Park in Eaglewood. This was the largest funeral in Hollywood since the funeral of Will Rogers. This closed the Jolson story and brings down the last curtain call for Al, but his memory will live on forever and this day will be remembered by us as long as we live.

The Jacksons also sent several clippings and newspaper pictures

of scenes at the funeral, and they will be kept at the Advertiser's office for those who would like to stop in to see them. Also we have the picture of Roy Rogers taken with the Jackson children, and about which we will tell you next week.
