DOINGS IN CONGRESS

By Congressman Wm. Lemke

While the Alices in Wonderland in the Executive Branch of our government through the Economic Cooperation Administration and other un-American foreign setups are wasting the American taxpayers dollars throughout the world, squandering billions of the Americans' hard earned dollars, there comes a rumor that the Ways and Means Committee is considering a tax revision bill. Whether or not in this election year the committee will undertake that far reaching responsibility is hard to tell.

There is no question but what there has been altogether too much tax evasion. The other day we passed a bill closing a loop-hole through which some insurance companies crawled and evaded their taxes. There are many other loopholes through which corporations and individuals evade payment of taxes. There is urgent need of a complete overhauling and revision of our tax laws.

A glaring example of tax evasion is the sale of the Campbell Farming operations to a religious organization. This is just one of many thousands of similar evasions. When a religious organization goes into the farming business, it ought to be willing to pay the same taxes as its fellow farmers. The same is true if they go into other profit make enterprises.

To begin with the Ways and Means Committee should report a bill repealing the excise tax. After that it should equalize the tax burden. Finally it should bring in a bill reducing the taxes all along the line.

Every person in the lower brackets is now taxed 20 percent of his net income after exemptions. Then in addition there are the state and local taxes, as well as hundreds of hidden taxes. The taxpayer in the lower brackets is now compelled to work for two days out of every five to pay the direct, indirect and hidden taxes.

In the higher brackets the federal income tax ranges from over 20 percent to 86 percent. These higher taxes are not paid by the corporation or individual. They are shifted to the consumer. The corporations and individuals in the higher brackets are simply the collectors for Uncle Sam. They add it to the prices of the commodities they sell.

The American taxpayers dollars through the Reconstruction Finance Corporation and the Economic Cooperation Administration are now financing the Kaiser Company to build automobiles in Europe. The Ford Company is now reported as also asking for taxpayers dollars to manufacture some of its cars abroad. Our government not only guarantees the investments of these corporations but assures them a profit. These and other corporations take advantage of the underpaid foreign labor, and then under the reciprocal trade agreements compete with the American manufacture and labor in our domestic markets.

THIS IS NOT FICTION

Will the reader pretend that he has an obscure neighbor by the name of Harry Truman? And will he pretend that Neighbor Truman has decided he must borrow money, a decision which many of us ordinary folks have reached at times in the tempestuous course of life?

Neighbor Truman, we're going to pretend, steps into the bank to apply for the loan, and we're going to have the privilege of observing the transaction.

"I want to borrow \$500," says our neighbor. (Now most will anticipate the next few questions, having been through it.) "Do you have any debts at the present time?" the banker inquires.

"Yes," says our neighbor. "I owe the bank at this moment about \$25,800."
"What is your annual income, Mr. Truman?"

"I have take-home pay amounting to \$3,750 a year," says he.

"Hmmm," the banker hmms. He at once is suspicious of the client's ability to pay the old debt without \$500 more added. And aren't his eavesdropping neighbors suspicious, too?

But the banker gives allowance for unforeseen circumstance. So he asks Mr. Truman, "Do you think you will be able to save a large portion of your income this year and each succeeding year to reduce your indebtedness?"

"Oh, no," Neighbor Truman replies to

the surprise of the banker, and the neighbors listening in. "My necessary living expenses this year will be \$4,200. I'll be forced to spend more than I earn."

"Pardon me," the startled banker interjects. "Do you mean that, owing already an amount that constitutes seven times what you'll take in during a year, you're going to spend more than you earn?"

"That's right," says Neighbor Truman. "You see I must provide tuition at private schools for my children. I must help a poor relative set up a new business in which he's going to lose money for a long time to come."

"Just what kind of business is that relative going to sink your money in?" the incredulous banker asks.

"Why," says Mr. Truman. "he's got a wonderful humanitarian idea. He's going to sell milk to the Hottentots at a price they can afford to pay."

But just those things won't eat up your whole income this year, will they?"

"No, but that isn't all," says Mr. Truman. "I am building security for my children by putting price supports under them. My boys sell newspapers to the neighbors at a nickel apiece, but I give them an extra nickel. My daughters make lamp shades which they sell for \$5, but I don't think that's a fair price, so I give an extra \$2 for each one they sell. Besides, my wife wants a television set."

The banker now steps aside to get his breath. Here's a fellow who owes more than he can ever repay if he lives frugally below his income seeking to borrow still more, and at the same time boldly proclaiming his intention of carrying out fantastic money-spending schemes.

What will the banker do?

Will he lend the new-money? It's silly even to ask the question.

This scene is not fiction. It constitutes a faithful reproduction of the program set forth in regal solemnity by President of the United States Harry S. Truman. Multiply all figures by 10 million and you have the Truman budget, his plan of government, the government.

In this case, Congress is the banker. If it makes the loan, Borrower Truman's note will have to be signed by the taxpayers, which is to say by all the people. Who, in his right mind, would voluntarily sign the note of such a profligate spender?

A NEW CITY BUILDING

One of the growing needs that Plymouth is experiencing most these days is a nice city building. This has been talked among many of the various village officials and citizens, but talk is all that has come of it. It is agreed that the town has "lost out" in the past few years on several suitable and desirable sites for such a building. But today this is no excuse for shaking off the idea of securing a place where all village offices can be placed under one roof, along with the fire department's equipment.

In years past we have been hesitant in asking for bond issues, but today the story is different. We will do well to pass all the bond issues possible, to place LOCAL taxes on our shoulders, rather than pay federal taxes. The village tax rate is among the lowest in Huron or Richland counties, and the town can well afford to pass a bond issue sufficient for the construction of a modern building suitable for housing its village government.

We believe that the time is here for some action to be taken on securing a building worthy of the town. Surely, present quarters for the mayor and council, the fire department, and the clerk's office are far below the standards found in other communities and are inefficient in many respects.

There is no doubt but what President Truman is holding off from using the Taft-Hartley law in the present coal situation for purely political reasons. And John Lewis seems to be forcing the issue by keeping the miners from work.

Reports on the potato situation in this country should convince most of us that there is something "screwy" about raising potatoes. So much so that the American taxpayer again is being taken for a sucker.

SEE BY THE papers Tuesday where the Treasury Department got hooked for \$50 when someone paid their income tax with phony bills. It's going to take special action by Congress to make the fifty bucks good. Of course, I didn't laugh.

B&O TRAINS MAKE SPLENDID RECORD

The Baltimore and Ohio's eight crack feature trains were on time for an average of 86 out of every 100 days in 1949, the B&O Railroad reported today. This on-time record of the eight B&O trains was equivalent to a perfect running performance for 325 out of 365 days a year. B&O officials pointed out. Railroads consider a train "on time" when it arrives within five minutes of its scheduled arrival time at its final destination.

The best record was set by the B&O's "Cincinnatiian" operating daily between Baltimore, Washington and Cincinnati. It was on time for 94.1% of its runs. Close behind it was the B&O's famous new stratadrome train, "The Columbian," operating between New York, Washington and Chicago, with an on-time performance of 92.2%. The "Ambassador," operating between Baltimore, Washington and Detroit, marked up a 91.7% on-time performance. The second crack behind it was the B&O's "Capital Limited," New York-Washington-Chicago all-Pull-train, with 91.2%.

The remaining four feature trains rated as follows: "The National Limited" (New York-Washington-St. Louis) 90.7%; "The Shenandoah" (New York-Washington-Chicago) 85.5%; "The Diplomat" (New York-

Washington-St. Louis) 84.7% and "The Royal Blue" (New York - Baltimore-Washington) 83.8%.

The greatly improved 1949 on-time record was made despite some flood conditions during the Spring of the year.

Hobbies and Home Furnishings Themes At Century Circle

Hobbies and Home furnishings were themes for the Twentieth Century Circle program when they met Monday evening at the home of Mrs. Ford Davis, with Miss Joy Bethel as hostess.

Mrs. Carroll Robinson gave interesting facts concerning early china and glass tracing their development through China, Egypt, England and into the United States which now leads other nations in pressed and cut-glass. Pictures were shown pertaining to some of the early designs and symbols of Wedgwood, Spode and other fine porcelain.

That hobbies can lead to avenues of learning, culture and creativeness was very ably explained by Mrs. P. W. Thomas who stated that many hobbies have historical, useful and interesting values when pursued as an outlet for impulses and helpfulness.

She exhibited a toy felt animal as an example of a Dayton woman's hobby. These little felt animals are cut out by the hobbyist who takes them to a specialist's hospital and assists in their making. A yarn doll was also shown. These dolls were made by ladies over seventy years of age and donated to their church for sales and bazaars.

That a home can be charming, comfortable and attractive without great expenditures was stated by Mrs. R. C. McBeth. Her paper dealt with the subject of selecting colors, furniture and accessories to correspond with the type of home one wishes to create. She stressed the fact that modern furniture is built for both comfort and utility with a wide selection for individual needs.

Refreshments were served at prettily decorated tables featuring the Valentine motif. The club meets again in two weeks at the home of Mrs. R. C. McBeth.

Merchants Win
8 Out of 10

The Shiloh Merchants won 8
out of their last 10 games. Last
week the Merchants smashed into a
hot Page's Dairy team and went
down to defeat before three Sna-
velly boys, who scored 38 points be-
tween them. Shiloh lost 42-35.

In the final game Shiloh bowed
before Butler 54-50 in a close tilt
where Collier and Maglott bucketed
32 points.

The week before the Merchants
eased by the Old Timers 57-27 and
Adario 32-20 in an easy game. Ad-
ario played a nice game but just
failed to find the hoop. The Old
Timers were tough despite lack of
practice. Swartz and Young con-
nected for 35 points, most of them
in the last half. To ice the game
on Friday evening, Feb. 3, the
Merchants crushed Union in a pre
high school game in the Union
gym 55-37. Walker got 11 points
for Union, while Van Wagner, joint-
ed in 14, Kinsel 14 and Young 13
points for Shiloh.

Miss Janice Rhine Wed To James B. Reynolds In Open Church Wedding Saturday

A lovely mid-winter wedding took place at 2:30 o'clock Saturday, February 4th, when Miss Janice Eileen Rhine and James B. Reynolds repeated their marriage vows after Rev. Paul Mumford, pastor of the Lutheran church who used the double ring ceremony. The bride is the only daughter of Mr. and Mrs. James H. Rhine and Mr. and Mrs. Dewey Reynolds of Shiloh are the parents of the bridegroom.

It was a beautiful day for a wedding and as friends and relatives wended their way to the Lutheran church for the open church ceremony, there was a promise of early Spring in the air. As guests arrived, they were seated by usher, Tommy Rhine, brother of the bride, and Harold Russell of Shiloh, brother-in-law of the groom.

Potted palms decorated the altar and at either side of the altar a seven branched candelabrum holding tall white lighted tapers. Also at either side of the altar were two large beauty baskets of white Satin ribbon marked the pews for relatives.

Mrs. Marie Guphris, church organist, presented a fifteen minute program of uplifting music interspersed with solos "All For You" and "Because" by Harvey Roberts of Sandusky.

Bridal Party
At Mrs. Guphris played Mendelssohn's Wedding March, the bride was preceded to the altar by the maid of honor Patricia Darling. She wore a gown of pastel yellow tulle and floor length. The bouquet was tight fitting, with a net yoke insert and off the shoulder bertha effect. Three-quarter matching mitts completed her costume and she carried a front style corsage with pink carnations and greenery with a floral headpiece matching the bouquet. Her only jewelry was a single strand of pearls.

Bridesmaid was Marilyn Gundrum of Sandusky, cousin of the bride, in a pastel green tulle gown, made similar to the maid of honor's. She wore a net yoke insert and her bouquet was also pink carnations, greenery and matching floral headpiece.

Scattering petals before her was little Judy Bixby. She wore a pink tulle floor length formal, bustle effect, and carried a pink crocheted basket of petals. Her headpiece was also fashioned from pink carnations.

At Missionary Institute
Rev. and Mrs. L. E. Smith of Plymouth, Mrs. Harley Kendrick and Mrs. George England of Shiloh were in Norwalk Monday where they attended the Missionary Institute held by the Norwalk District Methodist church.

Approximately two hundred were in attendance from over the district. Guest speaker was Frank D. Cartwright D. D., associate secretary of the mission and general extension of the Methodist church and Mrs. W. W. Monroe, Wooster, a native of Mexico. Mrs. Monroe was reared in Loredo, Texas, and gave a vivid description of Mexican customs, dress and eating habits. She also stressed the racial differences.

Rev. and Mrs. L. E. Smith took dinner with his aunt, Mrs. J. W. Gardner and husband while in Norwalk.

Shower Held For Recent Bride
Mrs. Robert Baker, nee Irene Norris, a recent bride, was feted Friday evening with a miscellaneous shower at the home of Mrs. William Miller, Associate hostesses were Mrs. Kenneth Eichelberry and Mrs. Donald Smith.

Games were played with prizes going to honoree which were arranged on the table around a yellow and white sprinkling can. Refreshments were served at a late hour to the following: Kendig, Meses Therese Alexander, Donna Curren, Ruth Willet, Mesdames Maurice Baker, Ethel Reed, Russell Norris, William Lawrence, Leonard Fenner, Joann Gillestie, Walter Akers and Quentin Ream.

Three Golden Weddings In Family This Year

1950 is not only the half-way mark in the century but is also the golden wedding anniversary of three double cousins in the Edd family—immediate family.

Next Sunday in Shelby open house will be observed between 2 and 6 p. m. by Mr. and Mrs. Walter Wilson who reside on Smiley Avenue, in observance of their fifty-first wedding anniversary. The other cousins to observe their golden wedding anniversaries this year are Mr. and Mrs. Ed Phillips on June 17th and Mr. and Mrs. Ben Phillips on Dec. 17th.

Bride's Gown
The bride, who was escorted to the altar and given in marriage by her father, was lovely in a white satin gown, net yoke insert, and drop shoulder effect made exactly like her attendants excepting the full skirt extended into a short train from a bustle effect and her mitts were made three-quarter length to match her gown. Forming a coronet, an arrangement of seed pearls held the finger tip, net veil in place. Trimming the veil, which was worn virgin style was an edging of chantilly lace.

Best man for Mr. Reynolds was his brother Jack Reynolds of Shiloh.

Both the mother of the bride and groom appeared at the wedding and wore matching accessories and wore a shoulder corsage of pink carnations.

Reception
Following the ceremony guests were received in the church annex. Refreshments were served from a table centered with a large three tiered cake topped with miniature bride and groom and flanked by double crystal candle sticks holding green Ruth Hollenbaugh of Shelby and Miss Lois Snyder of Sandusky, cousins of the bride poured while Mrs. Doris Russell and Mrs. Eileen Reynolds both sisters of the groom were hostesses.

Wedding Trip
When the newlyweds left for a wedding trip, the new Mrs. Reynolds was wearing a green gabardine suit with grey accessories. Uppon their return they will make their home at 154 Trux Street in their newly furnished apartment.

Mrs. Reynolds is a graduate of the 1949 class of Plymouth high school and is employed at the Shelby Spring Hinge Company. Mr. Reynolds graduated from the Shiloh schools in 1946 and is employed at Bellevue.

Out-of-town guests were present from Sandusky, Washington, D. C., Shelby, Mansfield, Cleveland, Lorain and Elyria.

Thursday evening, the bridal party held a rehearsal at the Lutheran church, followed by a social time and the serving of refreshments at the home of the bride.

February Meeting
Of W. S. C. S. Group
There was an unusually good attendance last Thursday for the February meeting of the W. S. C. S. of the Methodist church. Hos-

esses were Mrs. L. E. Smith and Mrs. C. R. McKeen who served coffee and dessert with their sack lunch.

After the noon day lunch, Miss Jessie Cook took charge of the program with Mrs. George Cheesman presenting the devotions. Mrs. McQuate brought her project of "Tides" and sold it to those present, and the group completed quilling a quilt for Mrs. Jacob Schneider.

At Columbus Party
Mr. and Mrs. Charles Dick spent the week-end in Columbus where they attended a Sweetheart Ball sponsored by the Beta Sigma Pi Sorority at the Deshler Hotel. Miss Velma Schneider of Columbus is a member of the sorority and finance of Paul Fenner, a former resident of Plymouth.

Club Entertained
Mrs. Earl McQuate entertained her club Monday evening, the diversion being Canasta. Winners were presented prizes and refreshments served the following: Mesdames, Robert Lewis, Thomas Webber, Frank Pitzen, C. M. Loflaned, James Root and the hostess.

Husbands Night
At O. E. S.

The regular meeting of the O. E. S. will be Tuesday evening, February 14th. At this meeting the ladies of the O. E. S. will entertain their husbands at a pot luck supper at 6:30 and after a short business meeting, a program of music and comedy will be given. Each member is asked to bring his own table service and a covered dish.

Birthday Dinner
Mr. and Mrs. C. C. Darling and Mrs. Mabel McFadden were in Tiffin Sunday, guests of Mr. and Mrs. Harry Price. A belated birthday dinner was served honoring the natal day of Mrs. McFadden.

Invited To Tiffin

Dark Cars Lead In North

A newly updated regional segment of an automobile color preference map is being fitted back into the map of the United States by Moyra Sullivan, of General Motors in Detroit. It shows customer color likes in the Great Lakes area, including Wisconsin, Michigan, Illinois, Indiana and Ohio. GM watches closely color preferences of car buyers which vary widely from one section of the country to another, so that it may be guided in future color selections. Dark blues and blacks were most popular in northern zones last year, with greens, greys and reds following in that order of preference. The extent to which GM goes in testing the national "color pulse" was dramatically revealed in a series of exhibits at its "Mid-Century Motorama" in New York City.

School Holds All Day Reading Clinic Feb. 1st

Miss Wickwire of the McMillan Publishing company spent February 1st at the elementary school. She conducted what she considered model reading classes in grades 2 and 3 and illustrated what she calls the three reading techniques used in teaching elementary reading. Grade one used the first, grades 2 and 3 the second and grades 4, 5 and 6 the last.

Besides the regular teachers in the school, the clinic was attended by substitute teachers Mrs. Branson and Mrs. Gordon Brown. Barbara Ann Fox, Mary Jo Grinnon and Frances Bevier helped take care of classes when the teachers were attending the clinic.

From 7:00 to 7:25 the elementary school was open for inspection. At 7:30 the elementary teachers met with Miss Wickwire for a discussion in reading. At the same time the high school teachers met at the high school building for a discussion in behavior problems of the public schools by Dr. Edwin Fench of the Mansfield schools.

At the intermission, Mr. Bishop entertained those present with a few selections on the piano. The general meeting was started with musical selections by a High School Triple Trio and followed by skit by Larry Rott, Lanny Gooding and Benny Doran. They were assisted by Penny Christian because one of the boys was absent. Later they sang "Whispering Hope."

Mr. T. G. O'Keefe of the O. E. A. spoke on pending school legislation. He stated that the state should have a state board of education. He mentioned the fact, that Indiana, Texas, Pennsylvania, New York and Delaware have state salary schedules for teachers and that the trend was generally in that direction. He spoke briefly in that direction. He spoke generally in that direction. He spoke generally in that direction.

Leesville Edges Out Pilgrims 54-52

A field goal and free throw by Leesville's Shumaker in the last thirty seconds of play proved the deciding factors in Leesville's favor as they squeaked by the Plymouth Pilgrims 54-52 in a game played Tuesday evening on the Pilgrim court.

These three markers broke a 51-51 deadlock and provided the "Reds" with their margin of victory. For the Pilgrims it was an uphill battle all the way as they came from way behind to tie it up going into those final seconds. Then Shumaker in connecting on his fielder was fouled and he then proceeded to insure the victory with the free throw.

It took a little more than luck to beat the Pilgrims this time. The Leesville club was one of the better ball handling teams which Plymouth has faced this year and there was no doubt about it, they were good.

It was the Reds thirteenth victory in seventeen outings this year and they are currently on top in the Crawford county league race. Leesville rolled to a 1-50 first quarter lead and increased it to a 28-17 advantage at half time. They still held a commanding 44-34 lead at the start of final half. Then for the first time the Pilgrim attack began to click and they hit for 18 points in that last quarter while holding Leesville to 10 but "Lady Luck" was looking the other way on the Pilgrims ship and Leesville barely raked this one up.

Shumaker was high point scorer for the evening as he garnered 20 points while Larry Schreck set the pace for Plymouth with 18.

The reserve game proved to be even more thrilling as the Plymouth reserves won from the Leesville reserves 23-22 on Meiser's foul shot after the game was over.

As the final buzzer sounded Tom Meiser was fouled while attempting a shot from the court and he received two free throws though the playing time was up. He missed the first one but delivered the pay of that with the second as it broke a 22-22 tie and spelled victory for the reserves.

The Pilgrims Pilgrims were behind going in the last period, 18-13, but suddenly they got hot and just managed to pull this one out of the fire.

Last Home Game Friday Night
The Plymouth Pilgrims make their last home court appearance of the season here Friday night as they entertain the Indians of Union.

For nine seniors it will be the last time they will don the red and white of Plymouth for a game on their own hardwood. They still have one more game to play before tournament time which incidently is February 22, 23, 24 and 26.
