

# Robbery Charge Filed Against Local Youths; Get Hearing Today

Three Plymouth youths and a Shiloh man will be given a hearing this morning in Mansfield as a result of an affidavit sworn out by James Swanger of near Shiloh, charging them with robbery and assault.

The three Plymouth boys involved are Bill Forquer, Hubert Metcalfe and Jean Jacobs, and Jim Ryan of Shiloh. Metcalfe and Jacobs were taken into custody on Tuesday morning by Marshal Metzger and Forquer was taken to Mansfield by Deputy Sheriff Swartz, while Ryan was picked up about six o'clock Tuesday evening by Sheriff Long of Richland county.

According to Richland County Prosecutor Lutz the four had been drinking and at an early hour on Tuesday morning they decided they wanted a stronger beverage. They went to the Swanger farm, five miles east of Shiloh where they bought liquor and beer. The argument over money resulted.

Prosecutor Lutz stated Tuesday that Swanger will be charged with the illegal sale of liquor and that the three men will be charged with armed robbery.

**FILES AFFIDAVIT**  
Richland county sheriff's office informed Marshal Meier Wednesday morning that Swanger had filed an affidavit charging the young men with robbery and assault. They were held in the Richland county jail pending their hearing this morning.

According to a story told by the Plymouth trio, they started out Monday night in a car driven by Ryan. They visited a number of places, and around 3 o'clock Tuesday morning went to Swanger's home where they awakened Swanger by pounding on his door. Swartz is claimed to have thought it was some one needing help, so he opened the door. Swanger claims that the three men rushed in and he was told at first he did not recognize the trio, but he did know Forquer, the fourth man, when he entered the room.

It is alleged that an argument started over money and as a result

the men took Swanger's door key, then guns and cash. Swanger was taken outside and severely beaten, kicked and choked after he failed to tell the men where he had hidden his money. Swanger also stated that the youths shot several holes in the windows of his home.

Swanger made his way to the home of Jud Sloan, a neighbor, where he was given aid and authorities notified.

The boys had toured the county side late Monday and early Tuesday in an automobile, driven by Sheriff Long of Richland county.

# Planes Have Rough Day

Out of eight planes which left the Willard airport Saturday morning for Chardon, two were damaged in landing on the snow-covered field, and a third made a safe landing.

McQuate, accompanied by Roger Miller, brought his plane down on the Chardon field without difficulty, but as it was traveling down the runway at an approximate speed of 20 miles an hour, the plane tipped, damaging the propeller.

Dick Pittenger, who had taken over the controls, made a landing, but was not so lucky. The Beech Bonanza plane, owned by Lee Wilcox, who had piloted his craft to the Chardon field, was badly damaged as it skidded sideways on the snow-covered runway. Passengers in the Wilcox plane included Mr. Wilcox, Mr. Pittenger and Mr. and Mrs. Art Hack.

The impact of the landing tore off the propeller and broke the propeller. The propeller was damaged. The propeller was damaged. The propeller was damaged.

Deep snow which covered the field at Chardon was given the cause for the mishaps.

Kenneth Heister, who also piloted a plane to Chardon, brought his craft down safely despite the heavy snow.

The group had planned the Sunday morning flight to Chardon where they were to visit for a few hours. The mishaps occurred shortly after 10 a. m. Sunday.

**CRASH AT SHELBY**  
A father and his nine-year-old son narrowly escaped death at 3:30 Monday afternoon when the field in which they were flying crashed into a power line pole and cracked up in a muddy corn field.

The mishap occurred at the Shelby Sky Haven airport as Theodore Nelson, Columbus businessman, took off from the field. He and his young son Lewis at the controls. The plane ran into groundswells which carried it toward the power line and the plane crashed with the runway. Nelson tried to keep the planes from coming into contact with the wires, but the plane would not respond. The plane was carried straight into the power line pole, shearing it off at the base.

The impact turned the plane over on its back into the muddy corn field, carrying the power line with it.

Frightened spectators and airport attendants dashed across the field to give assistance. The young boy had crawled out of the plane and dazed he kept muttering, "I'm all right, my daddy." The two occupants of the ship were taken to the Shelby hospital for examination, where the father was treated and released, while the son was kept in the hospital overnight. The plane was almost a total loss.

**RETURN FROM VACATION**  
Mr. and Mrs. Floyd Swanson and their four children returned home Friday after a three week's enjoyable tour of the south and a visit with former Plymouthites in Florida.

They visited Mr. and Mrs. John Houpt and Mr. and Mrs. Coy Houpt and sons in Lakeland, Florida, both formerly from Plymouth. Then they looked up Fred and Betty known here as Pat Chappell, and wife, and mother, Mrs. Mary Chappell in Lake Worth. They all wish to be remembered to friends and relatives.

From what we hear Pat has taken to the South like a duck to water, but we'll see you more often.

# Everything In Readiness For Minstrel Show

"It's getting later than you think so, so you'd better relax, cut loose with a couple of bucks and plan to take the little lady down to the High School Monday night to see 'Carnival in Cottontown'."

Yes, sir, ticket sales are a indication there's going to be a packed house for the first minstrel show that's been staged in Plymouth for many years. "Carnival in Cottontown" which was staged in Shelby recently under auspices of O'Brien Post, American Legion, proved a big success there for its performance.

The entire show is being brought to Plymouth for a matinee Sunday at 2:30, and one performance on Monday night, March 13th. While the matinee is being staged for children in the grade and high schools with admission of only 25c, if there are adults who find it interesting to attend the Monday night performance, they can see the matinee on Sunday at the admission price of only \$1.00.

The show is being sponsored in Plymouth by the Community Club, proceeds of which will be used to send local Boy Scouts to the national jamboree of Scouts at Valley Forge early this summer. It will be contributed to Boy and Girl Scouts in Plymouth to further scouting activities.

Much credit is to be given to Mra. K. Cook, who has successfully arranged and directed the local minstrel show for the past two years. She has produced a show that equals the professional type, and songs and music always been carefully selected as well as the specialty numbers. Myra Cook has done a splendid job of producing and directing and you'll agree when the performance comes to a close Monday night, that it was well-worth your dollar.

Talent for the minstrel was selected among citizens of Shelby, and as an introduction to the show is superb. He "carries on" with Bones, who actually is John Patrick, and then there is Tambo, played by Karl Giller. Hangery is done up in style by Rayon Zeigler, while George Zellars excels as "Porkchops." Flatfoot and Ebony played respectively by Harry Smith and Jim Moore, who has never experienced. Using as the subject: "What You Should Know About Russia." Mr. Davidson went back to more than three score years ago.

There are ten specialty numbers, and wide variety of shows. Lectures that you'll find pleasing and full of entertainment. Orva Dawson and Dick Shepherd are among those appearing in "The Circus." The Blues, Guy Hatching and a nice E. B. Miller, who sings, "My Old Kentucky Home." There is a ballet act by Mary Ann Ray, and a tap dance number by Sally Smith, with her partner, George.

The orchestra is composed of Oscar Fensch, trumpet; Harold W. Smith, saxophone; Scott Kaler, saxophones; John Cumberbuck, drums. Accompanist, Herbert Kriebbaum, with orchestral arrangements by Oscar Fensch.

The Community Club is to be congratulated in securing this fine production for Plymouth, and the fact that the Club is sponsoring such work here makes it worthy of your support. It is not necessary to buy tickets in advance, which are on sale at Brown & Miller, 111 E. Main, and at the Post, Peoples National Bank and Fogleson's Cleaners, but it will insure you of getting a seat, because only a limited number of tickets will be available for the Monday night show. However, if you choose, you can buy a ticket at the window Monday evening. The main thing is to see this fine minstrel show, for to know you'll find it worth your money.

**PAPER COLLECTION SATURDAY**  
There will be another paper collection Saturday, March 11th by the Boy Scouts. They will be collecting around the center and all the side streets, Walnut, Park, Mulberry, Birchfield, Plymouth Street past the tracks and the remainder of West Broadway. These streets were covered at the last collection because of limited time.

**CANCER SOCIETY MEET TONIGHT**  
The board members of the Shelby-Plymouth-Shiloh Cancer Society will meet this evening, Thursday, March 9th, at 8 o'clock at the home of Mrs. VanBuzick.

# Davidian Speaks On World Conditions; Sees End of Communism

Featuring "Ladies' Night," more than forty were present Tuesday evening at the Community Club meeting for the dinner and social evening which was held in the Legion Hall. Ladies of the Legion Auxiliary served dinner at 6:30 and a well-planned menu and perfect preparation brought many favorable comments.

Following the dinner, President Ford Davidson related the meeting over to Stacy Brown, chairman of the entertainment committee for the evening. Mr. Brown, with well-chosen words, introduced the speaker of the evening, Simon Davidson, Mr. Davidson, is pastor of the Church of Christ in Shelby, a world traveler and lecturer. Mr. Davidson fills many engagements in all parts of the country. He is one of the main speakers on a regular schedule for Rotary International. He has been much in demand throughout the world for his country and has a heavy schedule for the next few months.

Mr. and Mrs. Davidson have recently returned from a tour of South America, and have visited Europe, covering many countries which have been in the headlines of American newspapers the past weeks. Mr. Davidson attended the World Youth conference held last year at Prague, and through his many contacts he has gathered information and data on conditions in Europe. He is a wide variety of material for his talks. He has been present at many sessions of the United Nations, and these sessions have been beneficial to him in that he keeps abreast of the times, not only in national affairs, but what other nations are thinking, doing and directing. He is going to leave early in June for a tour of England and Europe.

In taking the floor Mr. Davidson gave a brief biography of himself, and told of the work he is doing. He stated that he liked his work in Shelby, and that he enjoyed the association of people in this section of Ohio. He recently settled down in Shelby, Ohio, and he is glad to be here. For over ten minutes Simon Davidson addressed his audience of forty people in the ballroom of the Community Club. He has never experienced. Using as the subject: "What You Should Know About Russia." Mr. Davidson went back to more than three score years ago.

# Taft To Speak In Mansfield

Senator Robert A. Taft will spend a full day with Mansfield and Richland county on Wednesday, March 15th.

Members of two county-wide Farm Bureau committees, the legislative and home-community groups representing our country in the United States, South America, and scores of European nations were represented by youth groups who conveyed to the youths attending the conference the message of the United States of their respective homelands. Russia sent its finest dancers to Prague. Davidson told of the two hour ballroom dancing which proved thrilling in every way, revealing the skill and experience of the artistic Russian not only in dance, but with oil and canvas. With practically every nation being represented, the committee managed to get up a small group of boys and girls from Brooklyn and they gave their fellowmates a raw picture of the Manhattan scene as pictured in the United States.

Davidian praised highly the work which is being done by the United Nations, and he predicted that if the progress of the United Nations continues, even without Russia, that within a few years the outlook for peace will be brighter and hope for a continued peace will be more realistic. He stressed the need for a remedy for world peace, but rather a better understanding of nations and a Christian brotherhood to bring to a sick new life and to a new era of peace.

Following the address many members of the club and their wives enjoyed various card games and a social hour. The evening was a most enjoyable one and ladies night proved a real success.

when the Turks and Armenians were at war. A native Armenian by birth, Mr. Davidson related how his people were slaughtered by the Turks, sending the male population out to sea, and forcing them to jump overboard and then shooting them as they swam; and how they forced the old women and girls to travel over the desert without food and water, and starving to death and dying of thirst; rounding up the young men, making them dig ditches around prison walls, and then shooting and stabbing them to death. It was under conditions like these his family escaped the terrible punishment which befell thousands of Armenians when they took refuge in France.

Davidian gave the early history of Armenia mainly to give a background to his talk on Russia. He related that Armenia has been a Christian country for more than four thousand years, and gave a relationship to Phillip, Damascus, Palestine and other countries closely connected with early biblical times.

Leaving Armenia and its background Davidson dwelt on methods used by Russia in the satellite countries, Czechoslovakia, Hungary, Rumania, Bulgaria, Poland and Finland. In all of these, he stated, there is a tremendous undercurrent which is in opposition to communism and Russian rulers. Davidson pointed out that only one and one-half percent of the population of the more than sixty countries which comprise Russia are communistic. "The Iron curtain is not primarily to keep people out of Russia, but to keep the Russians in," said Davidson. He gave some revealing facts on Russia's military strength and its economic condition, which prove that while Russia may be strong in population its production is weak and that the top rulers of Russia are hesitant in supporting another world conflict. Pointing to present day conditions as they exist in east and west Germany, Davidson told of how the two parts of Germany used a sudden climb in favor of the United States when the Russians slipped on the embargo and American planes took to the air to feed, clothe and shelter the masses in Berlin. He stated that while the united States is a costly venture for the United States, it is worth every dollar to win thousands of Germans away from supporting another world conflict. That within the next ten years things will be different in Europe, and that world conditions will change, not thru war, but thru cooperation, the meaning of real brotherhood.

Attending the World Youth Conference at Prague, Davidson, Davidson scored our State Department for falling short in not having appointed youths from the United States representing our country in the United States, South America, and scores of European nations were represented by youth groups who conveyed to the youths attending the conference the message of the United States of their respective homelands. Russia sent its finest dancers to Prague. Davidson told of the two hour ballroom dancing which proved thrilling in every way, revealing the skill and experience of the artistic Russian not only in dance, but with oil and canvas. With practically every nation being represented, the committee managed to get up a small group of boys and girls from Brooklyn and they gave their fellowmates a raw picture of the Manhattan scene as pictured in the United States.

# PLUMBERS ON THEIR BIRTHDAYS

Birthdays of the plumbers of the city were celebrated on Tuesday, March 7th, by Dr. Geo. J. Seale of Shelton, Florida, who with his wife held open house in observance of his ninetieth birthday yesterday, March 8th.

Today, March 9th, Mrs. Eva Smith will observe a similar occasion and mark up her 90th birthday at her home on Plymouth Street.

Last fall Mrs. Smith broke up her home in West Broadview where she has resided for the past forty years and moved to the new apartment in the home of her daughter, Mrs. F. B. Stewart and husband of Plymouth Street. Mrs. Smith is the oldest of a family of five children and her brother Walter Thrush of North Street is the youngest.

Mrs. Smith has a good sense of humor, a member of the Lutheran church and its organizations and the Garden Club. She enjoys reading books and especially her daily newspapers; she does her own housework and looks after things in general.

On Saturday, March 11th, Mrs. Luella Hatch, while not quite eligible to join the ninety club, will be 89 years old. She is the widow of Geo. Hatch and has made her home on West Broad for the past fifty years.

While her world is confined to the four walls of her room, she does manage to help herself and spends most of her time in her chair. Her memory is remarkable and she enjoys visitors and family gatherings. She is a member of the Presbyterian church. Her daughter and husband Mr. and Mrs. Earl Hough make their home with her and see to it that she has all the comforts of life and make her world as interesting as possible.

No special events have been planned for the day because of illness in the family but friends and neighbors join in wishing the best to Mrs. Root and her family. It was their happiest and nicest birthday of their life.

# CHARLES SEAMAN HAS NARROW ESCAPE AS TRAIN STRIKES TRUCK

The condition of Charles Seaman, who figured in a truck-train wreck Tuesday noon, is said to be very favorable. Mr. Seaman was taken to the Shelby hospital immediately following the mishap and the medical staff was on duty after noon. His attending physician stated Wednesday that Mr. Seaman is getting along very nicely.

Mr. Seaman narrowly escaped death at noon Tuesday when the truck he was driving was struck by a diesel-powered freight train at the Main street crossing in Shiloh. The impact badly damaged the truck and the train hit the front end of the machine. Mr. Seaman suffered lacerations about the face and a severe shake-up as a result of the crash.

Mr. Seaman had been visiting his wife who was residing on the farm when the accident happened. The train stopped after the mishap, and a report of the accident was made by the train crew.

Mr. Seaman, who is 65, is well known in Shiloh and vicinity. He operated a meat market at one time, retiring some ten years ago. His many friends are congratulating him for coming out safe and unscathed with so little damage.

# Vernon Gregory, 20, Is Florida Plane Victim

Word was received here Saturday of the accidental death in Florida Thursday of Vernon Gregory, 20, son of Vernon Gregory, Sr., Sandusky as the result of an airplane crash.

The accident occurred Thursday, although details were not immediately available, and the body reported found Friday.

The youth, who served with the Marine Corps, was engaged in GI flight training and was preparing for progress of the United States program. He was scheduled to complete his flying this month for the license and then planned to return to Sandusky.

# ALONE THE SQUARE

By Phineas Whitteford

IT'S TOO bad that everyone in Plymouth didn't hear Simon Davidson speak Tuesday night at the Community Club. I've heard Presidents, vice presidents, congressmen, senators, Democratic and Republican politicians talk, even good old-fashioned Baptist and Methodist preachers, but I've never heard an address such as the one Davidson gave Tuesday night at the Community Club session. For one hour and ten minutes I observed the audience. Not a "yes-sir" or "no-sir" or "body movement" was noticed, and it was as though the speaker had his audience hypnotized...

WHY DID EVERYONE like Mr. Davidson's talk? Well, because he is by birth an Armenian. The facts he gave about his homeland were highly interesting. As a naturalized citizen he has high regard for the United States and Democracy. Through his experiences and travels he has grasped facts and opinions that are educational, and he has the ability to tell how other people think and act.

THE RIGHT KIND of wit and humor flavors his perfection right. It was rather amusing when Mr. Davidson referred to the Armenians being rug dealers. How he escaped being one remains a mystery, but as he said, the Armenians are the only people who can buy from a Jew and sell to a Scotchman and make a profit.

IT WAS good to see Mr. and Mrs. P. H. Root at the Community Club's dinner Tuesday night. Knowing P. H. as we do, we were quite delighted to know that he thoroughly enjoyed Simon Davidson's talk. "It was worth a hundred dollars to hear a speech like that," said P. H., "and it's too bad that everybody in Plymouth didn't have heard it." We agree with you, Mr. Root, and I know the entire audience felt the same way. We also congratulate P. H. and Mrs. Root, who thought of bringing the speaker to town, and for his effort in securing him. I liked Mr. Davidson's talk because it was instructive, non-political and highly inspirational. Certainly, he gave us a better understanding of world conditions and blasted a lot of theories we had about communism, for which we are very grateful.

IF THERE'S a reader who might be interested in a real good automobile, it will be interesting to note that George Chesman has such a car. You see, George wants to sell his car so that he can get a big one. We've got to sell the car to make a buck. Who knows but the sale is going to cost us 35c. If you want a good clean, smooth running car which really had good care, better look this buy over.

BILL FORTNEY stopped in last week long enough to try and make me homesick. Bill said he'd just come through Georgia and saw the peach blooms and flowers. Well, we don't know whether it's the peach or blossom, but Sid is taking off for Georgia this month-end. Letters and telephone calls to Atlanta must have some bearing on the trip.

ARLY DICKERSON, out Shiloh way, has the most educated boy in the county. Well, in fact, it's a heifer that is so "bright." Arly claims that when she wants to eat she turns the light on, when she wants a drink, she turns the fan on. He didn't say anything about the time the heifer turned on the water and flooded the barn. Anyway he is very proud of his heifer and he'll be interesting to see some day she may get a movie contract or sign up with Borden's "Elise."

**DOINGS IN CONGRESS**

By CONGRESSMAN WM. LEMKE

Last week the House passed the National Science Foundation Bill. Some Members felt that this bill would give the nation canned research — centralized, regimented, standardized Washington science. Others felt that as part of the Hoover Commission Plan, it would eliminate and coordinate the numerous federal bureaus that now dabble in scientific research. They claim that it would not destroy the scientific initiative in our colleges and universities.

If the Senate passes this bill then we hope that the President will follow the Hoover Commission's Report and eliminate and consolidate the various agencies that are now engaged in scientific research in various bureaus. If he does this, then the creation of this foundation will be of great saving and benefit to the nation. If he does not, then it will just be another bureau piled on top of altogether too many existing bureaus.

Last week, Dean Acheson shocked the Congress and the nation when he stated that some two hundred employees in the State Department had been let out because their loyalty was questioned. Is it possible that this Department has become the headquarters of Russian spies?

Heretofore some Members and now a majority feel that altogether too many in the State Department represent other nations rather than America. They feel that the Foreign Affairs Committee is influenced too much by the State Department with its peculiar foreign ideologies.

This committee has persistently taken the advice of the State Department and authorized appropriations of billions upon billions of the taxpayers money to be squandered on inefficient and sponging European nations. It has done this forgetting that by the stupid Acheson foreign policy the nation's resources that belong to unborn generations are being depleted with the taxpayer's dollar.

Congress also is becoming aware that the Acheson policy is sponsored by the internationalists for a profit and by foreign and domestic grafters. As a result the House promptly defeated a bill, sponsored by the Foreign Affairs Committee, authorizing another million and a half dollars with which to buy books for European libraries under Dean Acheson's direction. Many members felt that European nations are capable of writing their own books, and selecting their own literature.

In conclusion may we state that the foreign gold diggers will have tough sledding from now on. We predict that no many more taxpayers dollars are going to be squandered abroad. We are coming back to America for Americans.

Another reason for not taking life too seriously is that none of us come out of it alive anyway.—Farm Journal.

**The Ax In Taxation**

By Dr. Alfred P. Hoake

An astute politician, who loved power more than his country, once remarked that the way to stay in office is to "tax, spend and elect."

He was right. If business is blamed for the high prices which are loaded with unseen taxes, if the people can be made to believe that taxes will be paid by the rich, and if there is plenty of spending for people who think that it costs them nothing — even a people as enlightened as the people of the United States are likely to elect and then reelect the spenders.

That is what we have been doing. The Administration of Harry Truman has spent more money than all of the Presidents of the United States together, from Washington down to and including the first two terms of Franklin Roosevelt.

That's why our national debt, now close to 260 thousand millions of dollars, continues to go even higher, with every new dollar of debt diluting a little thinner the purchasing power of every dollar already in circulation, and adding to the mountain of inflation that can destroy us when it breaks loose.

Chief Justice Marshall warned us that "the power to tax is the power to destroy."

Franklin Roosevelt told the workers that taxes must be paid in the sweat of their brows, and taxes just had to be reduced.

Sensible people, both Democrats and Republicans, are frightened by the terrible lengths to which this Administration has already gone in adding to the national debt, and taxing productive wealth to spend wastefully on political measures and programs.

England, taking 40% of the people's income to pay its cost of government, is moving swiftly toward destruction. But for our loans and gifts her socialistic government would have fallen months ago.

We are already taking about 30% of the people's income to pay our cost of Government. Our taxes will go still higher if the spending and deficits continue. Don't kid yourself that the rich will pay them. YOU will pay them!

It was recently discovered we have already taxed away so much from the people who normally furnish the capital for expansion, new jobs and higher standards of living, that 84% of additional taxes will have to come from people with incomes under \$5,000 a year.

The AX in taxes is reaching for YOUR neck, and it won't be long before it collects your head, if you don't wake up and make your Congressman and Senators stop the wasteful political spending and taxation.

A poet once warned us about "vice." Change his words just a little and this verse is a true warning on taxes. Here it is: "Tax is a monster of so frightful mien, As to be hated needs but to be seen; Yet seen too oft, familiar with his face, We first endure, then accept, then embrace."

You can say "debt" instead of "tax" and the verse is just as good. Let's cut down the political spending and take some of the ax out of taxes. After all, it's YOUR neck the spender is chopping, not his own.

**FARM WIFE FOUND GOOD INVESTMENT**

What is a farm wife worth—in money?

Four years ago Prof. George Pond, at the University of Minnesota, put a price tag of \$69,000 on her. Some folks smiled, some whooped and hollered.

Well, Prof. M. L. Mosher of the University of Illinois, who has analyzed thousands of records kept by Illinois farmers, has come up with almost the same figure.

He's found that married farmers in Illinois have averaged \$2,400 more net income per year than unmarried farmers over the last ten years.

Since it takes a \$60,000 investment at 4 per cent to earn \$2,400, you can figure a wife is worth the \$60,000. (Or, if you compare her with the U. S. Savings Bonds, she's worth \$82,789.)

Furthermore, says Prof. Mosher, there was no great difference in size of farm, or quality of land, between bachelors' farms and married men's farms.

That indicates, he says, that the farm wife is responsible for the increased income, not only through her own labor, but also through the incentive of her presence, and because the husband wants to please her, and to provide well for her and their children.

Ladies, are you being properly valued? —Farm Journal

**FAVORS SCHOOL PROGRAM**

Don H. Ebright, Republican candidate for governor, took a look this week at the projected enrollment for Ohio schools in the immediate future and recommended advance planning of the educational structure of the state.

Ebright said a program must be drawn up far ahead to assure adequate instruction of children and enough classroom space to accommodate pupils.

A state department of education statistical summary shows an estimated 188,800 births in 1949 as against a low point in the birth rate of 95,962 in 1933.

The summary projects into 1954 the estimated total school enrollment and comes up with a figure of 1,424,256. This means that in 1954 there will be 353,132 more children in Ohio schools than the low point in 1944 and nearly 200,000 more than the highest enrollment in the past 25 years.

Because of the tremendous increase in school enrollment as the result of the rapidly increasing birth rate the state department of education and the state administration and legislature must coordinate their objectives with the local school districts and work toward a solution to the problem of adequate educational and building facilities, Ebright said.

**Vet's Training School Has Vacancies**

The Veterans Agricultural Training Committee of Huron County disclosed today that the five agricultural training schools can enroll additional veterans. These training schools have been operating since 1946. Several veterans have completed their eligibility, leaving vacancies in the schools at New London, North Fairfield and Willard.

The local committee is interested in keeping all schools going as long as veterans on farms desire agricultural training. In order to maintain the schools at their present status, additional veterans will be required in the next two or three months.

Veterans who are working as hired men, or who are operating their own farms are eligible to apply, providing they still have eligibility time under the G. I. Bill of Rights. Veterans who wish to apply should do so immediately at the Agricultural Extension Office.

Information regarding the agricultural schools may be obtained from any of the veterans instructors in the county. Mr. Frederick Deering is teaching the Monroeville school, Charles MacBurnie, the Wakeman school, Stanford Cherry the Willard school, Arthur Burrus the North Fairfield school, and Lee Pynchon the New London school.

**With The Eighth Army In Japan**

Presently serving with one of the most distinguished units of the United States Army is, Private First Class John E. Hale, son of Mr. and Mrs. Ben Hale of Plymouth, Ohio. He is a member of Headquarters Company 3rd Battalion, of the famed 31st Infantry, a unit of the 7th Infantry Division now stationed at Camp Crawford, Japan.

The unit to which Pfc. Hale is assigned has compiled a splendid record of service during its thirty-three years of history, and is often called "The American Foreign Legion" because it has never been stationed within the continental United States.

Pfc. Hale joined the Army in May, 1948, and received basic training at Fort Jackson, South Carolina. He was sent overseas in August, 1948 and was assigned to the 31st Infantry.

Prior to enlisting in the Army Pfc. Hale worked as a products inspector.

**Arrives In Iran**

Mr. and Mrs. James Rhine received word from their son, Jimmy, that he had reached his destination safely.

He left LaGuardia Airfield, N. Y., on Friday evening at 8 o'clock aboard the Royal Dutch Airlines, on Feb. 10th and after making stops at Shannon, Ireland, Amsterdam, Netherlands, Rome, Italy, (2 hour lay-over), they reached their destination Teheran, Iran, at approximately 3:30 o'clock on Saturday afternoon, February 11th.

He stated that the weather was cold at present, but had promises of warmer weather soon.

**ELECTRICAL TIPS FOR THE HOME**

If Your Toaster and Coffee Maker Take Forever to Heat Up . . .

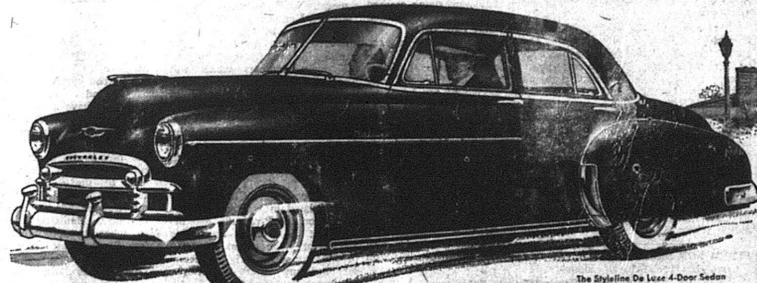

**DON'T** blame the appliance or your dealer. Chances are your wiring is overloaded. Overloading can cause as much as 10% voltage drop on a circuit. When this happens, a toaster will take 31.2% more time to heat up and a coffee maker will take 22.2% more time than when the wiring is adequate.

**DO** install at least two 20-amp. pure appliance circuits to carry cooking appliances in the kitchen and in the dining room. When there are enough circuits of large enough wire, your electrical equipment will operate as cleanly and economically. You will also be assured of better cooking results.

### HAPPENINGS ON THE MAYFLOW

**Senior-Sophomore Game**  
Played Wednesday, March 1st, during the noon hour resulted in a victory for the Seniors. The game's final score was Seniors 29 to Sophomores 10.

**Junior-Freshman Game**  
Which was played Thursday during the noon hour resulted in a victory for the Juniors. The final score was 35 to 14.

**College Talk**  
Mr. Arthur B. Petit from the Ashland college gave a very interesting talk to the Juniors and Seniors Wednesday afternoon. He explained the courses that are available to you at Ashland college. He also gave an estimate on the expenses of college. He gave many reasons why a student should continue on with schooling after he graduates from High School. After the talk he answered questions pertaining to Ashland college and college life.

**Rumor**  
It is rumored around Plymouth High School that there is going to be a band teacher to give lessons this summer. There will be private lessons given and a rehearsal of the whole band together. Then the band will give band concerts on Saturday nights.

The money given through the courtesy of the merchants will pay for the lesson and the band teacher. This will be a good chance for the general public to give lessons to school to prepare for entering the High School Band. Let's hope this rumor materializes.

**Trip**  
Mr. Dennis made a trip to Columbus, Ohio, Friday, March 3rd. The purpose of the trip was to see about securing wire to light our football field. In his words—we drew a blank.

**Victory**  
The Plymouth High School girls basketball team defeated the Shiloh girls team Thursday afternoon. The Shiloh girls were defeated by a score of 34 to 21. Good work girls!

**CHARLES HANNUM RATES SECOND IN SENIOR TEST**  
The Report of the Seniors who placed in the upper 25% of the General Scholarship Test, conducted by the State Department of Education on Feb. 4, 1950 was received by Mr. Dennis this last week.

This Scholarship test was given to the Seniors in each school who ranked in the upper 25% of their own class. There were eight Seniors from Plymouth who took the test and out of the eight, five of them ranked in the upper 25% of all the seniors taking the test in Richland County. Those five Seniors and their rankings are as follows: Charles Hannum, 2nd; Gerald Schneider, 10th; Sam Hutchinson, 12th; James Shutt, tied for 14th; Wayne Matthews, tied for 14th. Along with the other seniors in the upper 25%, Plymouth and Madison local both had 5 representing Butler, Lexington, and Springfield had two representatives and Belleville, Union Rural, and Shiloh had one.

The Seniors took an aptitude test last week. This test also tested their manual dexterity and with specialties in the News Algebra II students (the boys) went to Mary Jo for help. Larry Schreck cracks head while looking for a black cat in school corridor at midnight.

Helen Fox has been released by the Oklahoma Indian Service. She has re-enrolled in school. Dean Grabich is out of school with an itchy foot. Charles Hannum becomes the brainchild of Plymouth Seniors. Congratulations Charles!

Some of us are still curious about a few Junior High boys who cannot take Phys. Ed. but they are always on the floor, morning, noon and night.

Oh yes and there are the girls who sit for the forty minutes they are supposed to be in Phys. Ed., then run up stairs afterwards taking three steps per stride.

Notice  
Don't forget Folks: The Juniors are sponsoring a dance this Friday night (March 10) at P. H. S. Auditorium. Single admission 35c, couple admission 60c. You can purchase your tickets from any Junior, also at Box office. Music will be furnished by Mr. Bishop's Swing band. They will be looking for you.

## Exchange Vows In Olivesburg Church

MR. AND MRS. DENVER SHEPHERD - photo-Courtesy Ashland Times Gazette

A beautiful bride of the month of valentines was Miss Rosemarie Annette Walker, when she was united in marriage with Mr. Denver Shepherd of Shiloh, Ohio, in a three o'clock wedding on Sunday afternoon, February 12th.

The bride is the daughter of Mr. and Mrs. Charles G. Walker, Sr., of R. D. 1, Ashland, and Mr. Shepherd is the son of Mr. and Mrs. G. C. Shepherd of Pettit street, in Shiloh. The setting for the wedding was the Olivesburg Methodist church, where Rev. Floyd Eckert of Fredericktown performed the double ring ceremony, assisted by Rev. William Powers, pastor of the church. Palms and all white tapers in seven-branch candelabra adorned the chancel and large white bows of satin ribbon marked the family pews.

Approximately two hundred and fifty guests were seated for the open church wedding as the priest, Miss Mary Jean Cocanour, presented a program of traditional wedding music, and the soloist, Mrs. George Fike, sang "I Love You Truly," "Through the Years," and "Because." "Claire tie Lunc" was played during the ceremony.

### The Bride's Gown

The bride was given in marriage by her cousin, Ralph Magers, and her lovely gown was fashioned of white slipper satin with a deep scalloped yoke of dainty white imported lace of tiny orchids design. The long fitted sleeves came to a point over the hands. The fitted bodice came to the neckline, where it was attached in graceful gently full gathers to the long skirt, at the back of which a panel of set material edged with lace fell over the skirt till it reached the floor to end in a deep chapel train. Her golden hair was framed in a sweet-heart tiara of matching lace with a double ruffle, which held the double tiered veil of fingertip length illusion. She carried a semi-

colonial bouquet of white carnations and ferns and a lace handkerchief. Her only jewelry was a tiny gold cross on a chain, gift of the bridegroom.

### Attempts

Mrs. Virginia Scott, sister of the bridegroom served as maid of honor for the bride. She was gowned in powder blue with matching headress, and carried a colonial bouquet of pink and blue carnations. Miss Martha Malone, a close friend of the bride, was bridesmaid and was gowned in pink with matching headress. Her colonial bouquet matched that of the maid of honor.

Acting as best man was Mr. Jay Scott of Shelby, brother-in-law of the groom, and ushers were Charles G. Walker, Jr. and David G. Walker, brother of the bride. The men wore dark blue business suits, maroon ties and a white carnation boutonniere.

### Reception

The bride's grandmother attended the wedding in a street length gown with black accessories and a corsage of white carnations. The bridegroom's mother was also dressed in black with matching accessories, and her corsage was also white carnations.

A reception followed the ceremony in the church parlor. Mrs. Florence Braden cut the three-tier wedding cake, which centered the linen-covered table with candles on either side. The attendants' flowers were laid on the table. Pastel colors in the plates and sandwichees were used, which centered the dining tables adorned the walls. Other decorations were white crepe paper streamers with "Best Wishes," "Good Luck" and "Congratulations" written on them.

Miss Donna Niswender and Mrs. Frances Creveling poured, and Miss Dorothy Walker, Mrs. Lottie Spangler, Mrs. Blanche Ogle and Mrs. Auldridge assisted in serving.

### Wedding Trip

The couple left after the reception for a wedding trip to the east, the bride changing to beige dress with brown accessories and alligator shoes and purse. She wore a corsage taken from her bridal bouquet of white carnations. They are now at home in their apartment at 200 West Walnut Street Ashland. Mrs. Shepherd is a graduate of Union High School, class of 1946, and is employed in the office of F. E. Myers and Bros. Co. Ashland. Mr. Shepherd is a graduate of Shiloh High School, class of 1945, and is employed at the Ohio Power Company of Shelby. He served in the Navy from 1945 to 1948, being engaged in the European Theatre of War.

## 'One Great Hour Of Sharing' On Radio Program

Four special network programs describing the world's relief needs are being broadcast to call attention to "One Great Hour of Sharing" under the auspices of Church World Service. The climax of the programs "One Great Hour" will be marked at 11 a. m. March 12, in more than 100,000 Protestant and Eastern Orthodox churches at which time about 25,000,000 churchgoers will make contributions for world relief.

The third special broadcast, on ABC, "Who Goes There?" will be heard today, Thursday, March 9, 10:30-11:00 p. m. (EST). It is the story of a 12-year-old boy, one of the fourteen million homeless, stateless persons wandering over the face of Europe. Two GIs befriend the boy but he repays them by stealing the watch from the arm of the soldier feeding him. The soldiers, however, continue their interest in the boy and one finally adopts him.

The last of the special broadcasts, on CBS, will take place Saturday, March 11, 6:30-7:00 p. m. (EST), with a drama recounting the global activities of Church World Service and a plea for all Protestant and Eastern Orthodox churchgoers to be present in church on the following day to contribute to relief needs.

More than 800 radio stations across the country are currently broadcasting a series of six transcribed programs, "Operation Good Samaritan," on behalf of the campaign.

## Promises Fight To Extend Sewers At New London

NEW LONDON, O.—Ark G. Gilbert stepped into his first political job when he won the office of mayor of this Huron County village of 1,800 at the November elections.

Gilbert, who is 30 and one of the youngest mayors in Ohio, is a draftsman in the tractor engineering department of the Fate-Root-Heath Co., of Plymouth.

"Representatives of several organizations in town asked me to run for council and then shortly before the election they asked me

to run for mayor," Gilbert said. "I thought I ought to get some experience as a councilman first but instead I found myself in the mayor's chair and with a new council."

Prominent on Gilbert's program is a move to get the whole town connected to the sewage system.

"The system was built by the Works Progress Administration but it serves only part of the town," he explained.

Gilbert, a former air force pilot, believes that young men should take an interest in their local government.

"I have found it to be an interesting experience even though it takes up more of my time than I thought it would."

## Girl Scouts Mark Birthday

Our thirty-eighth birthday will be celebrated March 12th. It was on this day in 1912 that Juliette Gordon Low organized the first troop of Girl Scouts in the U. S. A.

Many troops are planning to observe the day in many different ways.

The Girl Scouts of Plymouth had made plans to have a Birthday Party for parents, troop committee members and friends of Scouting, at which time Open House was to have been held at the Scout Hut, with each Troop having a part in the occasion.

Again the girls have very graciously changed their plans for the benefit of another organization, and will hold their Birthday a week later which will be March 19th. A Plymouth has fifty Girl Scouts at the present time, fourteen of these are Intermediate, twenty-four Brownie Scouts, and twelve girls that will "Fly Up" to Intermediates in June. How about giving them a little consideration when planning other programs. They would appreciate it very much.

Don't forget the date of March 19th at the Scout Hut. Open house for parents, troop committee members and friends of Scouting are invited.

## HONOR SHELBY STUDENT NURSE

CLEVELAND—"Miss Student Nurse of Cleveland" is Miss Ann Baker, 21, of Shelby, a student at Lutheran hospital.

## Reading Club Needs Help

With plans for the Summer Reading Club coming up, the Library Board discussed ways and means Thursday evening of building up the Endowment Fund. This fund makes it possible to give each of the young readers who complete the summer reading program satisfactorily, a book to keep, to add to their own personal library.

President Mrs. Belle Bachrach presided at the business meeting which was held at the home of Miss Virgie Fenner. At this time it was decided to make it known that we need more funds and that friends and patrons of the Plymouth Library might help as they have in the past.

Donations from organizations or individuals will be welcomed and it is possible that such might even be given as a memorial for some member, friend or relative.

New books were ordered, and other routine business conducted. Mrs. P. H. Root will be hostess to the group for the March meeting.

## Twentieth Century Circle Elects Officers

Election of officers for the Twentieth Century Circle advanced Mrs. Margaret Anderson to the presidency for the coming year when the club met in regular session on Monday evening at the home of Mrs. Stacy Brown. Assisting her will be Mrs. Robert McIntire, First Vice President; Mrs. Harold Cashman, Second Vice President; Mrs. Ford Davis, Secretary and Mrs. Earl Cashman, Treasurer.

The business meeting was conducted by Mrs. Anderson due to the absence of Mrs. Ramsey and a donation was voted to the Red Cross.

Mrs. McIntire briefly reviewed current plays including Rosemary Casey's "The Velvet Glove" which takes place in a convent and portrays the struggle of religion in connection with communism. She also gave a detailed description of the training career, trials and tribulations of Carol Channing, who has the leading role in the musical comedy, "Gentlemen Prefer Blondes."

Mrs. Bachrach gave a reading from a book of modern poetry by Rumer Godden titled "In Noah's Ark" portraying the life and difficulties of Noah and his family in connection with the reactions of the animals, birds, etc. in the Ark during the flood.

At the close of the evening lovely refreshments were served. The next regular meeting will be with Miss Fleming, March 20.

## Open Drive For Red Cross

The annual Red Cross Kick-off dinner was held at the Lutheran church with a covered dish dinner at noon, on Friday. Martha Clark had baked a cake, decorated it in red and white, and on top of which was printed 'Give to the Red Cross.' There were twenty present, including Mrs. Bess Augsberger, executive secretary of Richland county chapter, Miss Casperson, Junior Red Cross secretary, Mrs. Marion, County Red Cross chairman and Mrs. Farrara, her assistant. Mrs. Augsberger gave a short history and told of the work of the Red Cross.

In 1850, Henry Donat, a Swiss, conceived the idea of helping others and relieving the distressed. It was not called Red Cross at that time. But later the flag was designed in his honor, the red cross on a white field, being the religion of the flag of his country, Switzerland. Sixty-four countries of the world now have Red Cross organizations, and these are chartered to do two things, Home and Disaster service. Last year, 1949, there was spent six and one-half million dollars on 330 disasters. During Red Cross drives there are 200 volunteer workers for every paid worker.

Mrs. Augsberger outlined a list of questions which the workers would likely be asked, and gave answers, thus:

Why was I charged for blood? The Red Cross makes no charge for blood, but most hospitals charge a laboratory fee, usually \$5, and the doctor may make a charge for administering it.

Why money to the National Red Cross? To have money concentrated in

one place in case of disaster, and because the blood program is too enormous to be handled by local chapters.

Red Cross representatives are stationed wherever troops are stationed. Why did our boys in service have to pay for coffee, stationary, etc? The Red Cross and War Department argued on this point for three months and the war department ruled this charge must be made as they claimed our troops were the best paid in the world and could afford to pay. Some service men in the Pacific areas complained they were furnished no entertainment or recreation facilities. This was because war supplies had priority and the war department had plenty of difficulty getting the necessary supplies to the troops. The same was true in getting messages thru. These messages were transported thru the National Red Cross, then thru the war department. Naturally the important messages of this department had priority, and some messages sent through the Red Cross were not delivered or were delayed.

Greet your workers with a smile and give as you are able.

## Hold Services For J. C. Kline

## New Hair-Do for Oval-Shape Face

If you are blessed with thick, naturally curly hair and have an oval face, the short cut is perfect for you. This coiffure has a high part at one side of a brief, feathering bang, and is brushed up and away from the face in its own natural wave pattern. It's long enough in back to turn up slightly from the nape. The picture is from the Master Handbook of 50 New Hair-Do's in the February issue of Good Housekeeping magazine.

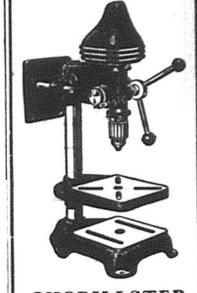

The cartoonist has caught the intangible Peter Donald in a characteristic rush—he hurried to keep this review on the lively video show, "This is Show Business." Peter, who is also on "Can You Top This" is one of the entertainment world's busiest comedians and raconteurs.

## INJURED IN FALL

Mrs. Wayne Ross who resides in the Suttles' apartments accidentally fell Monday morning while standing on a small table to adjust or hang drapes. The table slipped and Mrs. Ross was considerably shaken up and suffered a severe cut. She was removed to the Shelby Hospital in the McQuate ambulance. X-rays disclosed no broken bones, but she is still quite ill.

**Vote Carried**

The congregation of the Methodist church voted unanimously last Sunday morning to go ahead with the proposed church addition. Blue prints of the addition were drawn and submitted by Architect Scott of Norwalk, and after many changes, additions and suggestions, the committee feel they have a plan

that will be acceptable to all. The proposed addition will cost approximately \$917,000, with cash on hand of \$12,000. The building will be 37x60 and contain three Sunday School rooms, a room for minister's study or another Sunday School room; a new kitchen 18x18; a ladies rest room on ground floor; space for choir robes and music; men's rest room and

heater room in basement. Plumbing, heating and lighting are included in the estimate. After the plan is submitted to a District Building Committee, and all rules and regulations to comply with state codes are compiled with, the church hopes to begin at an early date on the construction of same.

**BEEKEEPERS TO HOLD SPRING MEETING**

Huron County Beekeepers will have an opportunity to hear Mr. C. A. Reese, Extension Agriculturist of Ohio State University, discuss "Spring Management of Bees" on Friday afternoon, March 10th. John K. Wells, County Agricultural Agent, stated that all beekeepers, large or small, are cordially invited to hear Mr. Reese. The meeting will begin at 1:30 p. m. in the Court House, Norwalk, O.

Notice is hereby given that on April 18, 1939, for Council of the Village of Plymouth, Ohio, will meet at the Council Rooms, Village of Plymouth, Ohio, for the designation of depository or depositories of public funds; active and inactive of the Village of Plymouth, Ohio, as provided by law and Resolution Number 154 of the said Village. Said Council will meet at 7:30 o'clock P. M. EST on the aforementioned date. All bids shall be sealed and deposited by the bidder with the Clerk, Village of Plymouth, Ohio, on or before 12:00 Noon, April 18, 1939. D. O. CUNNINGHAM, Clerk, Village of Plymouth, Ohio, 9-16-c

**RESOLUTION NO. 154**

A RESOLUTION ESTIMATING THE AMOUNT OF PUBLIC FUNDS TO BE DEPOSITED AND FIXING DATE FOR THE DESIGNATION OF DEPOSITORY, AND DECLARING AN EMERGENCY. Whereas, under the provisions of Section 2281, et seq. of the Ohio General Code, it becomes necessary for this Council, the Governing Board of the Village of Plymouth, Ohio, to make an estimate of the amounts of funds of said Village to be considered as inactive funds on deposit, now therefore, BE IT RESOLVED BY THE COUNCIL, VILLAGE OF PLYMOUTH, STATE OF OHIO: SECTION 1: That the sum of not to exceed \$5,000.00 be and the same is hereby

estimated as the amount of the funds of said Village to be designated as inactive funds, not to exceed \$5,000.00, as provided by law.

SECTION 2: That the regular meeting of the Council on April 18, 1939, be and the same is hereby fixed for the designation of a depository for the inactive and active funds of the Village of Plymouth, Ohio.

SECTION 3: That all funds of said Village not estimated by this resolution as inactive funds and deposited as such shall be active funds and deposited as such in such depository or depositories as may apply to the deposit of the same and may be accepted and designated as such by this Council. That the time for which the awards of said funds shall be made shall be for a period of two years from and after the 18th day of April, 1939.

SECTION 4: That the Clerk of the Village be and hereby is authorized to publish this resolution and a notice of the date of such meeting for the designation of a depository.

SECTION 5: That this resolution is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health and safety, and shall go into effect immediately. The reason for such necessity is that a depository must be designated immediately for the preservation of village funds.
