

# LET OUR 'PLACES' SHINE Week Of May 22-27 Set For Annual Clean-Up; Cars Must Have Lights

As a result of an auto wreck which occurred early Sunday morning on Sandusky street, the mayor and council at their regular monthly meeting held Tuesday night, passed a resolution which prohibits the parking of cars on the main thoroughfares in Plymouth unless they are properly lighted.

Councilmen discussed at length the dangers arising from parked automobiles at night on the main traveled roads and the hazard to highway travel. After much consideration it was decided to prohibit the parking of cars at night on Plymouth, Sandusky, and Trux streets and West Broadway, unless the cars display regulation tail lights. The new regulation goes into effect immediately.

It was pointed out that not only cars but also trucks and trailers have been allowed to stand overnight.

Through this program of collection, the street department will have time to sweep and wash the squares Friday night, and to make a final check of the town for collection on Saturday, but it should be understood that the general clean-up and rubbish collection is to be made before Saturday and that it will be impossible for the street department to make collections on Saturday, other than those which are necessarily an emergency.

With Decoration Day falling on Tuesday, May 30, the clean-up drive should place Plymouth in a very presentable manner during the event which attracts hundreds of former residents, friends and neighbors to our town.

The mayor and council feel that it will be most cooperative during the clean-up drive, and if you have some particular problem or a question to ask, contact Robert Meiser, who will supervise the campaign.

### CLEAN-UP WEEK MAY 22-27

Acting Mayor Whitney Briggs brought up the problem of clean-up week for the village. All councilmen favored the project and after talking it over, it was decided that the week of May 22-27 will be observed as clean-up and paint-up week in Plymouth.

On May 22 the clean-up crew will work on the Huron County side of Plymouth, and on Wednesday afternoon, Thursday and Friday they will work on the Richland County side.

It is requested that all projects be completed on this project by getting up all trash and rubbish and placing it in proper containers at the curb of the streets.

The Huron County side should make every effort to get the rubbish ready to haul not later than Tuesday afternoon, as a final trip will be made Wednesday morning. Then the residents of the Richland County side are asked to cooperate by having rubbish ready for collection Wednesday afternoon, Thursday and Friday.

## Shelby Mutual Shows Gain

The seventieth annual meeting of policyholders in the oldest mutual line mutual casualty company in the United States was held on Monday, May 1, at the home office of the company in Shelby, O.

That company is The Shelby Mutual Casualty Company, organized in 1880. The company is owned by Shelby and still very much a Shelby organization, even though it now has branch offices in fifteen important centers in the eastern part of the country. The company employs over 150 people in Shelby and over 100 more in the branch offices. A number of Plymouth people work for the "Shelby Mutual."

Like most mutual companies its growth in the early years was slow and the management conservative. For about forty years the company operated as entirely within the borders of the home state of Ohio. Then, as its reputation spread beyond state lines a gradual extension of activities into income topping began.

Up until 1930 the whole attention of the company centered on glass insurance, but since then business in the other varied lines of property insurance has been developed until today glass makes up but a relatively small part of the total premium volume.

Typical of the progressive thinking of the company management was the development by the "Shelby" of what is now widely known as Comprehensive Personal Liability insurance. In the form now known to the public, this liability casualty companies this extremely broad type of liability policy originated with the "Shelby Mutual."

Policyholders meeting President J. L. Cruse and Secretary L. M. Dunathan reported that the company had the best year in its history in 1949, with premium income of \$708,098 and surplus of \$9,264,155.44 and a surplus policyholders of \$1,876,958.58. While losses in some lines were still abnormally high in 1949 the company's operations were successful and its financial position for success in their chosen work.

### RED CROSS DRIVE FALLS SHORT OF GOAL

Shelby MacMichael, local chairman of the Red Cross Drive reports a total of \$534.00 turned in to headquarters as Plymouth's contribution. This is somewhat below the mark of \$708.08 for our 1950 goal but workers were well pleased with the results. With so many drives and campaigns in progress, the amount was considered exceptionally good and Mr. MacMichael wishes to thank both workers and contributors.

### SERVICES HELD FOR Mrs. M. Markley

Services were held on Sunday afternoon for Mrs. Mary Markley, 83, of Bucyrus, mother of E. E. Markley, of Plymouth. Death came suddenly last Thursday at her home, where she had continued to operate a neighborhood grocery store since the death of her husband, George P. Markley, in March, 1949.

Surviving are sons, E. E., of Plymouth, and Allen of Washington, and a daughter, Mrs. Farris Sochka, of Crestline. Also surviving are five grandchildren and four great-grandchildren.

She was a member of the First Baptist Church, D. of A., Pythian Sisters, and was Past President of Crawford County W. C. T. U. Burial was made in Chesterville.

### NEW HOME NEAR SHELBY

Clyde L. Shoup of Shelby, Richland county commissioner, has moved to his new home, but the trip wasn't a long one. Mr. Shoup lives on a farm near Shelby and has lived in it since his birth. He has a new house now—but he built it on the same property, so he can feel right about it.

## YO WISHS WARNED

Plymouth's police and fire department were kept on the run over the week-end with accidents, fire and traffic violators. Chief of Police Robert Meiser issues a friendly warning to all youths who drive or own cars, and coming under his jurisdiction, that reckless driving, speeding, cutting the dummy, or acting up in general will not be tolerated. In doubtful cases of proper licensing, age, or car inspection, drivers will be stopped and questioned. If at fault, drivers will be subject to fine, the possibility of revoking the license, and the full extent of the law enforced. With warm weather on the road, and more cars on the road, every precaution for safety must be observed.

### John Company Injured

John Company, 79, RFD, Plymouth, suffered a bad cut over the eye, and a general shaking up last Friday afternoon about 4 o'clock when he lost control of his car and turned over in the ditch near the Clinker Farm on Route 178.

Driving west, another car attempted to pass him and without warning bumped the Company car. Mr. Company was taken in the McQuate ambulance to Plymouth for medical care.

No Brakes

Accident on a parked car in front of Dr. Hannan's office let go Saturday, an dthe car rolled over the curb, down the sidewalk and stopped at a light pole in front of the Kroger Store. Ford's driver solved the problem. The car was not occupied.

### Speeding Costs Here

Charles E. Myers of Crestline was fined \$15 and costs amounting to \$24.30 for speeding thru a red light on the highway. Stopped by Chief of Police Meiser at the Bank corner, he became excited and drove over the high curb. He appeared before acting mayor Whitney Briggs.

Auto Accident

Saturday Night

Two youths, James Music, 20, of Plymouth and Beverly Coover, 15, Gallion, formerly of Shelby, visited injuries Saturday night after midnight, when their 1931 Ford Sedan crashed into the parked 1941 Ford Tudor belonging to Mary Katherine Fox on Spring Street. The impact drove the Fox car 78 feet, and exploded the gas tank, completely demolishing both cars.

Fire Chief D. F. McDougal, who lives close by, sounded the alarm and the fire truck and McQuate ambulance were on the scene within a few minutes.

Music and his companion were removed from the car and taken to the Shelby hospital where it is reported Music suffered a broken left arm, broken ribs and facial injuries. The young girl received facial lacerations and possible internal injuries. The couple were returning from a road-house visit and driving south thru Plymouth, when the accident occurred.

Music was charged with reckless driving and according to reports there was no insurance on either car. Mr. and Mrs. Hale, coming here from Legin, Kentucky, several years ago.

### APRIL WEATHER

The month of April, 1950 was one of the coldest and wettest Aprils on record.

On only two days did the mercury hit 70 and above, with a high of 72 on the 17th. On 14 nights it dropped below freezing, with a low of 14 on the 13th. The average temperature for the month was -2.6 or 5.7 degrees below normal.

Precipitation, which fell on 18 days, totaled 4.1 inches, an excess of 1.36 inches above the normal. The greatest in 24 hours was 1.39 inches on the 29-30th. Snowfall totaled 2.1 inches.

On the whole, the almost daily rains very little plowing was done and practically no oats sown. Now farmers will have to substitute soy beans or corn.

While wheat made little progress it still looks fairly good and should make a good, if not a bumper crop. J. A. R.

## Collection For Hospital Auction Begins Here

Collection of household items will begin next week for the "Auction" sponsored by the Federation of Women's Clubs in Willard, Saturday, May 13th at the Municipalities of the Hospital Equipment Fund.

The Central Planning Committee on the drive for cash donations appreciates the splendid response of people in neighboring towns as much new equipment will be needed in furnishing and equipping the new addition to make hospitalization as efficient and pleasant as possible. The Auction, the ladies' project, was instigated to make it possible for people to help who would find it easier to give things no longer needed in the home than to give cash.

Some of the items that have been promised are chairs, dishes, lawnmowers, Taylor tows, washing machines, a refrigerator, dining room tables and chairs, tows, kitchen utensils, iron and many other articles.

The committee expects that as household items get underway, many pieces of household equipment will be found that are no longer needed and can be donated for the benefit of the hospital.

Mr. Harry VanBuskirk, County Commissioner and Auctioneer, has donated his services for the day and all the help on the project has been volunteered. All the money made on the Auction will be turned over to the Central Planning Committee.

Mrs. James Root is in charge of collecting here and anyone having articles to donate should contact her before next Thursday, May 11.

### CONTINUES ILL

After a 90-day trial period the positions will be permanent if Mr. and Mrs. Vandervort are successful in their new work. They succeeded Mr. and Mrs. George Reece.

For the present time they will keep their home in Plymouth at the south edge of town.

Mr. Vandervort has been county service supervisor with the Soldiers and Sailors Relief Society and previously employed by the Employment service as veterans representative. Mrs. Vandervort, the former Gladys Phillips, was the daughter of a Presbyterian minister who once served the local church, and she was a school teacher before her marriage.

They have raised two children of their own, a daughter, Luella, who is employed in the Springfield, Ohio, Library, and a son, Harry, Sr., who lives with his wife and two children in Shelby.

### Shelby School To Hold Open House Saturday, May 6th

One of Shelby's three new school buildings has been completed and been in use since early January. This new Auburn school located in the northwest section of the town on Main Street at the Shelby Memorial hospital has created quite a stir in educational circles because of the many modern features incorporated in its construction.

People of surrounding area will have an opportunity to visit this modern building when the school is opened for public inspection on Saturday, May 6. Auburn school P. T. A. has planned an Open House and Spring festival which will be held from 4:30 in the afternoon.

One of the main attractions will be the pony rides, auto rides and train rides. Auburn school is located directly north of the Shelby hospital both are reached by driving north on the main street at Morris Road. A most cordial invitation is sent by the Auburn School P. T. A. to attend this Open House and Spring Festival.

## PLA FOR POPPY DAY

Everyone in Plymouth will be given an opportunity to wear a memorial poppy in honor of the war dead on Poppy Day, May 27, under plans for observance of the day which were completed at a meeting of Elnet Parsel Unit of the American Legion Auxiliary at the Legion Home.

Each district of the city will have its team of workers who will distribute poppies on the streets thru out the day. All will be unpaid volunteers, and the entire amount of contributions given for the poppies will go to support American Legion Auxiliary welfare work for disabled veterans and needy children of veterans. Workers will receive their assignments and supplies at a rally to be held at the Legion Home the night before Poppy Day.

Poppies for the day have been ordered from the veterans hospital at Sandusky, where they are being prepared by the veterans. They are crepe paper replicas of the wild poppies which bloomed "between the crosses, row on row," in the war cemeteries in France. The poppies which have been ordered come the memorial flower of the English-speaking world. Making the poppies provides employment for thousands of veterans unable to do other work.

## Personal Tax Reminders Mailed

Personal tax citations have been in process of being mailed to personal tax payers who overlooked, or otherwise failed to make a return during the legal filing period, Feb. 15 to March 31st. In a number of instances, no payment of taxes were necessary, due to safe of tangibles or intangibles, but a return should have been filed with an explanation. If the citations can be answered by mail and where returns are to be made, they can also be made by mail. It is not the desire of the Auditor's office to have any one take time from their employment to file returns, when a citation can be answered by mail.

About fifty citations are released in the mails each day, so no rush will be occasioned. Payments that are made the first week in May will be included in the first half settlement of the municipalities, townships, school districts and library districts. May civic tickets will be handled by the Auditor's office. With the start of good weather applications of new homes and buildings will be started, and landowners are required to notify the office when buildings are completed.

Up to Monday 329 applications of new homes and buildings in 1950 over any previous year in Huron County.

### BACK HOME

## Audience Pleased With Operetta

"Sunbonnet Sue" the high school operetta presented last Thursday evening revealed unknown talent among the students and the audience was delighted and well pleased with the presentation. Honors were equally divided between the main characters and the supporting cast.

It was a colorful operetta with spring flowers, pinks, white, and green grass accenting the lovely dresses of the girls and contrasting the boys attire from the casual uniform worn by Bob Schreck to the farmer attire of Larry Hampton. Both boys were at ease in their respective characterizations and supplied the humor that ran throughout the operetta. Janet Robertson as Mrs. Scroggs did a splendid performance as did Larry Root who surprised himself as well as the audience with his interpretation. Helen Fox and Barbara Fox, sisters, took leading parts and both have good voices. Other members of the cast were Connie Hannum, Shirley Birch, Leanna Shields whose dancing act was well received, David Hutchinson, Wilma Chelberty, Danny Gooding, Marilynn Cheeseman, Jim McDougall and Doris Reber. Accompanists were Leonard Smith and Charles Hannum.

Miss Joy Bethel was remembered by the group with a lovely necklace and pin for her splendid coaching and the many hard hours of work entailed. Flowers and fans were made by Mrs. D. K. McGinty whose artistic work and talent has added color to many local presentations. The girl chorus seated on bleachers on the auditorium floor and wearing cute sunbonnets added to the overall picture.

## Plans Almost Complete For Jr.-Sr. Banquet

This will be a meeting of the Junior Class mothers on Monday, May 8th at 7:30 p. m. at the high school. At this time plans will be completed for the annual Junior-Senior Banquet and all night party. Plans are being made an effort to be present, mothers.

**Plans Almost Complete For Jr.-Sr. Banquet**  
 It is a big order, but mothers of students in the Junior Class are putting on the finishing touches for the annual Junior-Senior Banquet and all night party.  
 The banquet will be prepared and served by the Junior Mothers on Friday, May 12th at the school auditorium, followed by the dance and lunch. Later the group, properly chartered, will attend the Plymouth Theatre and return to the school building for an early breakfast.

Inasmuch as school supervision concludes with the dance and lunch, the consent of parents for the all night party will be necessary. A letter is going out to all parents of both Juniors and Seniors asking that they sign and return as soon as possible the "Permission Granted" found at the bottom of the letter. In this manner, it will be known beforehand how the situation stands and how many to make preparations for.  
 A detailed schedule will be released and printed in next week's issue of the Advertiser. Mrs. Francis Burre is chairman of the Junior Mothers and is making plans for approximately 110-115 guests.

## Shiloh Enters District Tourney At U. Sandusky

The undefeated Shiloh Hi baseball team has done it again!!! Who was its victim this time? Why Mansfield Senior Hi, of course. The score? Oh, yes 5-3. Chuck was of course the winning pitcher and Jordan the loser. Jordan walked eleven men and with a few timely hits on our part made up the best part of the game.

If anyone needs a bounce or a body guard, Bob Elliott is available and his rates aren't too high and his service is excellent.

Thursday (today) we meet Millers City in the district tournament at Upper Sandusky. We met and defeated Millers City last year in the first game of the district playing. Millers City has a 4-1 record to our 9-1 for the fall and spring seasons this year. We are hoping for a repeat of last year, and maybe we can go a bit farther. The game will be played on Smith-Harrison road on the edge of Upper Sandusky.
