

Bill Reed Heads New Recreation League

By Jim Shutt
Last Thursday evening some of the young men of the town met in the local high school and organized for The Plymouth Recreation League. This league as set up now includes six teams of six men each and at present is in the process of a basketball tournament. This tournament is a "round robin" set up with each team playing the other at least once. It is hoped that if the league proves successful in basketball it may be carried thru into volleyball and softball or baseball in the summer.

Bill "Cider" Reed was elected president of the league and Bob Hampton was voted secretary-treasurer. Following this election six captains were selected and they then chose their teams. After this was accomplished a schedule was set up and play began the following evening.

A vote of thanks is extended to Mr. Dennis with whose help the league was set up and the school made available to the league.

In the opening game on Friday evening "Cider" Reed's team took a "Slick" Hampton's Flowers by a 39-34 count. It was a close game all the way and Reed's team paced the game with Lewis Steele helped out with 10 while Hampton and Byron Reed hit 10 each for the losers.

In the middle game Jim Ford's Sack Sacks rocked Kenny Eberly's Blackberries 63-32. The Sacks led all the way as Alan Ford tossed the 19 points and scored scoring honors for the evening. His teammate Bill Chronister was not far behind with 17 while Eberly had his 13.

The closest game of the evening came in the final tilt as "Corny" Vanderbil's Hadok's Kids edged De. Donnerwerth's Schmoos by a 40-39 count. It was a tight game all the way with the Kids leading all the way with the Kids leading the scorers in this game with

JURY IGNORES CHARGE AGAINST S. P. HERSHISER

Samuel P. Hershiser, 60, was released from Huron County Jail Wednesday last week when the grand jury refused to indict him on the charge that he was instrumental in the death of his wife, Ruth, 55, at the family home in Richmond township on Friday, December 24.

The jury chose to accept Mr. Hershiser's version that his wife died by her own hand during his absence on a short shopping trip. When he returned to the family home east of Atica shortly after noon on the 24th, he found her body suspended from the head of her bed with a bare twine about her neck. Thinking he would destroy all evidence of her suicide and thus save her memory the attendant disgrace, placed the body back in bed and removed the instrument of death. It was in two side note books that he had written. He then called a physician and said she had evidently suffered a heart attack during his absence.

When Dr. Drury of Willard, upon examination of the body, discovered the neck of the deceased, he reported the matter to the Huron County Sheriff, who placed Mr. Hershiser under arrest Sunday night and held him until the grand jury met on Tuesday last week.

It was brought out at the jury trial that the accused had been a devoted husband during his wife's thirty years of invalidism. It was also brought out that Mr. Hershiser had written several letters to her sister, some weeks prior to her death, in which she intimated she contemplated suicide. Attorney R. K. Freeman stating that his evidence was purely circumstantial and it is reported that the jury voted 6 to 6 to indict Mr. Hershiser, but 12 votes were required to return an indictment.

Last Rites Monday For Harry Brooks

Friends and relatives paid their last respects on Monday afternoon to a well-known resident of the community, Harry F. Brooks, whose rites were conducted at the McQuate Funeral home at 3:00 o'clock. Rev. C. R. McMeekin officiated and burial was made in Greenlawn cemetery.

Mr. Brooks was but 68 years of age. Death on Friday evening January 5, 1951, ended a lingering illness which had confined him to his home for several months. He has not enjoyed good health for several years, but had been able to be out and around and among his friends until this past autumn. He will be greatly missed by both family and friends. It was his request that his good friend and neighbor, Mr. McMeekin, conduct his funeral services when the time came.

For thirty-three years Plymouth had been the home of Mr. Brooks and his family. He was born in New Haven township, the son of Gardner Brooks and Flora Cole Brooks. Death occurred at his farm home, just west of town.

He is survived by his widow, Elizabeth, one daughter, Mrs. Zelma Schrandt, of Spencer, Ohio, one son, Raymond, of Plymouth route, two granddaughters, Beverly and Bonnie Brooks, one sister, Mrs. Louis Snyder, of New Summit, Mo., and J. J. Brooks, of Warren, Ohio.

Mr. Brooks had retired from active farming several years ago, but assisted his son, Raymond, who owned the adjoining farm and farmed both the farm and the "home" acres. He was a consistent reader and his card will be missed from the local Library files, as well as cheerful words.

The deceased was a member of the Modern Woodman of America lodge. The family requested that flowers be omitted at the services.

BAND MOTHERS TO RAISE \$1,000.00

With approximately \$1000 to raise within the next six months, the Band Mothers Group are devising ways and means of sponsoring events, bake sale, and other ideas for this campaign.

The last event, the bake sale, netted them \$30.60, bringing the amount on hand to \$487. This amount was used as the down payment for the suits which the band hopes to have ready for Decoration Day Parade.

This action was necessary to meet the possibility of an increase in price. The suits will be red and white and tailor made. The thirty-two suits are expected to cost in the neighborhood of \$1500. This amount will be greatly decreased by the summer concert proceeds from the summer concerts which the business men sponsor and with the various other projects the Band Mothers hope to meet their obligation. In the meantime, a call is being sent out to all interested in the school, as well as a plea for contributions, for any assistance they may wish to give.

Minor Accident, Smoke Filled Home, Mars Homecoming For Smiths

After enjoying a two weeks vacation in Florida, Rev. E. Smith and family headed north to return to Plymouth and ran into one of the more snow storms they ever encountered.

The trip was very pleasant and the weather nice until they crossed the Ohio River into Seymour, Ind. Seymour is located about sixty miles south of Indianapolis, and as it is to remind the Smiths, that Ohio isn't Florida, a rain storm came up, turning into snow and making the roads a sheet of glass. Then it commenced to snow in earnest and continued until nine o'clock snow fell.

Creeping along into Seymour, they met a loaded truck who crowded them off the road. The car did not tip over and the occupants were not injured but were considerably shaken up. The front of the car was damaged and the heater had to be replaced in Seymour where they spent the night.

Leaving Seymour they started for Plymouth and reached it in safety. With a sigh of relief they opened their door and were thunderstruck to find that during their absence a small fire kept in the furnace was not sufficient to clear the chimney and the entire house was filled with smoke. It was impossible to spend the night there and the family was entertained by neighbors. Furniture, rugs, etc. will have to be cleaned and no doubt the Smith family will get their spring housecleaning early.

Band Mothers Club Will Meet Jan. 18th

The Band Mothers Club announce a meeting for Thursday, January 18th at 2 p. m. at the home of Mrs. Wm. Marling, 124 S. Main street, south of the Bucyrus road, route 98, but not half as interested as were Mr. and Mrs. Paul Leech's son, who was now home at the house will be.

There is yet one thing to be moved to their lot on the Paul Leech farm south of town. Mr. Reeder has the foundation in and have been waiting on the movers for about three months. The house was purchased from Mr. Ida Strickland, and was moved here from Centerton, by Junior Parsons of Wakeman.

Mr. and Mrs. Reeder are now making their home with Mr. Reeder's mother, Mrs. Mary Conrad, in her apartment above Fackler's hardware shop. They hope to complete the renovation of the house and the living in it in the Spring some time.

THANKS FOR THE PEANUTS!

That can of peanuts received at Christmas time by Airman Donald D. Jamieson was appreciated and he wishes to thank his unknown friend in New Haven for them.

Donald is stationed aboard the Aircraft Carrier, U. S. S. Leyte, off the eastern Coast of Korea, and writes his wife, Mrs. D. Jamieson, in the town of Route 224, that after fifty-one and one-half days on ship, they were in a Japanese port and glad of the rest.

BOOKS RECEIVED

The Plymouth Library has received several books recently from Mrs. Margaret Campbell, of Akron, Ohio, with her husband, John C. Campbell were former residents of our village. We all appreciate the books which she sends. The last one received was Churchill's "Hinge of Fate." Others were "Ringside," "The Disappointment of a Train," "The Lakes Naval Station, Illinois."

Upholds Refusal To Grant Permit For Cornell Building

MANSFIELD — The district court of appeals Tuesday forenoon upheld the decision of the Richland county common pleass court which had earlier upheld the opinion of Mayor W. R. Morris and Louis Depler in refusing to grant a building permit to A. B. Cornell of Shelby, for the construction for commercial purposes of a building to be constructed to the north of the Snowwhite Cleaners. The city refused a permit on grounds the petition carried the date of nine years ago is no longer valid.

Appropriations, Band and Crowded Classes Get Board's Attention

Five school board members, a superintendent and clerk worked way into the wee hours Tuesday night struggling with problems concerning the betterment of Plymouth Schools. It was "organizational night" for the school board, and members voted Wm. Root to retain his chair as president and Harold Cashman as vice president.

The board is made up of the following members: Harris Postema, Paul Stoodt, John Root, Harold Cashman and W. E. Root.

Following the organization meeting Supt. Glen Dennis presented to the board a perplexing problem that has been on the increase for the past few months — crowded conditions at the new elementary building. Supt. Dennis explained to the board that the lower grades are fast becoming overly crowded, especially the second grade which now has an enrollment of 60 pupils. It was suggested by Supt. Dennis that the board approve transferring the sixth graders from the elementary building to the new school building. There are at present twenty-nine enrolled in the sixth grade. The board approved the transferring and complete plans for selecting a proper room and instructor were left in charge of Supt. Dennis.

There are at present forty-seven pupils in the third grade and forty-three in the fourth grade. These figures are small in comparison to those that will be reached in 1952 when the peak will be higher than ever according to a recent analysis met with the board to discuss the school district.

GIVES VIEWS ON BAND

A committee of three, Mrs. Frank Pitzen, Mrs. George Hershiser and Mrs. Clarence Bever representing the "Band Mothers' Club, met with the board to discuss band activities in the school and the community. The meeting was primarily for a better understanding of the band and the cooperation between citizens, the band mothers and the school. Supt. Dennis informed the committee that a budget for the band program is being given to each band member. This credit rating has been in effect for some time and tends to give the student some incentive for participating in the band.

Last summer the band instructor's salary which amounted to approximately \$225 was paid for out of funds earned through the band concerts on Saturday night. The board, willing to assist in every way possible to pay the instructor out of school funds. This will aid quite a bit in building up funds for new band uniforms.

The Band Mothers will take active charge of securing supporters and weekly collections for the concert this summer. The money will be turned over to Supt. Dennis and will go toward the purchase of uniforms. It is estimated this summer concert will total around \$500.

The committee informed the school board that the uniforms for the band have already been purchased and paid for that they will be complete shortly.

Some discussion was given to the music department, including a full time instructor. But the board gave no definite action on this matter. However, President Wm. Root assured the committee that the board will give full cooperation in supporting the band. Each member of the board expressed a desire to support a full-time band in action, not only for athletic events, but at concerts on Saturday nights.

County Reduces Bounty On Fox

Bounty payments for fox killed in Richland county was reduced from \$3 to \$2, Guy Stewart, the chairman of county board of commissioners, said Tuesday.

The commissioners voted unanimously to reduce the bounty. The resolution went into effect Jan. 1st.

Picks Up 490 DOGS

Four hundred and ninety dogs were captured and disposed of in Huron-co. during the month of December. Warden Clark Church reported that during the month of December, Church reported that four farmers turned in claims for a total of seven sheep killed by dogs in Huron-co. During the month of December, Church reported that four farmers turned in claims for a total of 490 dogs.

Sutton Is Named By Richland Trust

Charles N. Sutton succeeds M. D. Ward as president of the Richland Trust Co., according to the announcement made this week by Mansfield bank officials. Mr. Sutton was named president during a meeting of the re-elected directors Saturday afternoon. Mr. Sutton is a nephew of Mr. and Mrs. Chas. Barr, his wife being the former Helen Posef, of Plymouth.

Before moving to Mansfield, Mr. Sutton was with the Sutton Bank of Ohio.

Deposits at the Richland Trust increased \$1,600,000 over 1949 according to a report of officers. Capital accounts and reserves were up \$75,000, and the surplus increased \$50,000 over 1949.

To Install Officers Of Pomona Grange

Officers of Richland County Pomona Grange and the Pomona Juvenile Grange will be installed on Thursday evening, January 18, when the Pomona Grange will be in regular session with Shaloh Grange as host. The installing team will be from Richland Co. Harry Stroup will be the installing officer.

Reports from the State Grange Convention at Toledo will be heard at this time. Each family is requested to bring in their size country. The meeting is scheduled for 8 o'clock.

PRESBYTERIANS VOTE TO SPONSOR DISPLACED FAMILY FROM EUROPE

Members of the Presbyterian church are looking forward to the arrival of their proteges, a family of four from southern Europe, possibly from Latvia.

Rev. Paul Felix, as pastor has sent the required assurance papers to the state department, and they are to be returned in three or possibly four months before their arrival, plans are going forward for their temporary residence at the home of Mrs. Root.

The Fate-Root-Heath Company have offered their assistance in giving work to the head of the family. They are to be housed in Plymouth. Rev. and Mrs. Felix assisted in sponsoring a Latvian family at Richland, Michigan, and this last Fall had the pleasure of bringing Rev. Janis Turks, wife and son, Andy as guests on Family Night to Plymouth. The congregation was quite elated over the wonderful since their arrival in America and what Plymouth schools will have a well balanced and complete department within the course of a year or so.

The big task for the board was the operating budget for 1951 which will run close to \$80,000 for the current year. Appropriations for salaries of school employees, supplies, materials and maintenance, equipment and replacements took the major portion of the board's time. For the first time in many years the Plymouth schools were kept within their estimated operating budget, and the present board of trustees is able to maintain the same record for the current year. Final budget figures will be given next week.

The school system, as a whole, closed a very successful year. The present board and Supt. Dennis have given the community improved facilities in equipment and educational courses and their plans are still high for better schools in Plymouth.

With Rev. Felix as leader voted last Thursday evening at the Congregational meeting to sponsor a family of four from their native country. These displaced persons are permitted to come to America under the Marshall Plan, which bears the expense from their native country to New York, or point of embarkation. The local church then bears the expense from New York to Plymouth. This plan terminates on June 30th, so it was necessary to take immediate action if the local church wished to assist in this work.

Rev. Turks and family upon their arrival in America could speak no English and under the tutelage of Mrs. Felix the family were apt pupils and could be easily understood.

The local church will not know details of the family until a later date.

TIME OUT

When accident taps a worker on the shoulder and calls "Out," it may be for a day, a week, a month—or forever!

Every year time runs out for some 16,000 workers, killed in action on their jobs. 10,000 are so severely injured that they may never work again. Two million are injured in greater or lesser degree. The cost to workers and industry—\$4,500,000,000 annually. Over eighteen and a half million dollars every working day.

When you're inclined to be a bit careless, a little too tired to be cautious, remember, every 32 minutes some worker gets "tapped for life," every 16 seconds one is injured, temporarily or permanently. Know your job, be alert while on it. Vehicle accidents are the No. 1 killers and cause most permanent disabilities. Machinery is the principal source for partially disabling injuries, while the handling of objects knocks out more workers temporarily. Falls are occurring continuously, in all kinds of work, and cause anything from a slight injury to death.

So watch yourself at work. Think safely—use your head to save your job—maybe your life!

Reading Circle Hears Book Review—"Anybody Can Do Anything"

Twentieth Century Circle held first meeting of the new year at the home of Mrs. Margarite Anderson.

Betty McDonald's book, "Anybody can do Anything" was reviewed by Mrs. Robert McIntire who read excerpts from it concerning the life of the author's family during the depression years.

The dominating character throughout the book was Betty's sister Mary, who was certain anybody could do anything by sheer will power.

The author humorously and delightfully pictured the struggles and trials of job-hunting up to the time of commencing her first best-seller "The Eggs and I."

Twelfth Birthday Observed
Miss Daber Huzovich celebrated her twelfth birthday by entertaining her friends and playmates at her home Saturday, January 6th from seven to nine p. m.

The guests and guest of honor participated enthusiastically in the games and contests prior to presentation of gifts. After expressing her appreciation for her lovely gifts, Miss Huzovich blew out all but three of the candles on the "Noah's Ark" birthday cake. Refreshments were served and favors presented.

Guests present were Misses Jean Anne Cornell, Jean Postema, Sandra Huzovich, Betty Carter, Janet McIntire, Patty Young, Nida Stroup, Misses James Hunt, Gerald Linn, William Ellis, James Brown, James Jacobs, William Bachrach, Thomas Brown and Walter Ann Robert Wilhelm.

One of the highlights was the presentation of a ham bone, new collar and new coat to Tippi Huzovich for his fourth birthday. After the party the boys and girls were escorted "to and from" the dance at the high school by Mr. Huzovich.

Presbyterian Session Holds First Meeting
The first meeting of the new year of the Presbyterian church was held last evening, Wednesday,

Mrs. E. L. Earnest completed the program with an excellent article on Martin DeChant, Father of Ohio's Orphanages.

DeChant, orphaned himself in his early years, and partially blind, has spent his entire life and earnings to make life better and happier for Ohio orphans. He is now an instructor in the State School for the Blind and still spends his meager earnings on orphaning bringing them happiness and aiding them to better jobs and a worthwhile and useful life.

The next regular meeting of the Circle will be Jan. 22 at the home of Mrs. Thomas with assignments on the topic of Hawaii.

Before departing Mrs. Anderson served a tasty lunch.

at the Manse, with Rev. Felix and wife as hosts. A pot luck supper preceded the meeting and honored two retiring elders, Francis Miller and Mrs. Harry Vandervort.

Lutheran Ladies' Aid To Sponsor Project of Gathering Christmas Cards for Children

Christmas cards are so pretty, so colorful and such beautiful sentiments, that it seems a shame to destroy them. As one lady said, "she kept them a year, and after looking them over again, shut her eyes and threw them in the furnace."

So, if you feel the same way about them, gather them all up and send them to Mrs. D. K. McCinty who has volunteered to see that they get to the United Cerebral Palsy Association, in New York City. A call has been sent out for them to be used in occupational therapy. Sometimes the children cut out the figures and paste them on sheets of paper, other children can only handle the cards.

The project is being sponsored by the Lutheran Ladies Aid Society

Plymouth Grange Installation

Plymouth Grange held their first meeting of the new year on Friday night, January 5, with a good number in attendance. Mr. and Mrs. Harry Stoup of Hazel Grove Grange were present and Mr. Stoup installed the officers of the Plymouth Grange.

OUT OF GODFREY'S TEABAG

This is the time of year the politicians elected in November take office and the unsuccessful candidates are still out looking for jobs. One of these losers I know is the guy who pointed with pride to a 15 per cent increase in the population in the last decade. Boy, some guys won't take credit for!

Speaking of politicians, I remember one political rally I was at. A man got up and said to the politician: "What about those powerful interests that control you?" The candidate said: "You keep my wife out of this!"

I was once a cab driver in Chicago, you know, I wonder if candidates today do the same things I used to do. When a young couple got into the car I'd put my hat over the rear-view mirror.

Boy, that was some storm we just had. It's kinda quiet in my backyard in Virginia now that it's all over. No wonder—all my chickens blew into Pennsylvania.

Everything's all frozen over: my pond and all the pretty girls are skating on it. I used to be an ice skater back on the Hackensack River. Could make a figure eight, too. Did it the hard way of course — two fours!

LIBRARIAN INJURED

Mrs. Lois Ponzel, county librarian, who is quite well-known in Plymouth through her library work here with Mrs. Inez Shaffer, local librarian, recently suffered injuries from an automobile accident in Mansfield. She is able to be up now, and has returned to work at the Mansfield library.

CARD OF THANKS

The family of Harry Brooks are taking this way of thanking all the relatives, friends and wonderful neighbors who were so kind and thoughtful in every way, during the illness and death of my husband and our father. We especially thank Dr. Hannum for his medical services, Rev. McMeekin and Rev. Smith for their calls and services, Janice and Earl of the McQuate Funeral Home for their kindness and courtesy, and the many friends who sent cards. Thanks, friends, one of our kindneses will long be remembered.

CARD OF THANKS

I would like to thank Rev. Crofoot, Raymond Secor, and all my neighbors and friends who helped in any way during my recent sorrow.

CARD OF THANKS

My sincere appreciation is here-extended to Drs. DeWald and Faust, Rev. Mumford, Earl McQuate's Funeral Home and to all friends and neighbors, for their helpfulness and kind expressions of sympathy during the recent illness and death of my husband, Bill Knight.

SHILOH SAVINGS BANK COMPANY HOLDS 50TH ANNUAL STOCKHOLDERS MEETING

The fiftieth Annual Stockholders' meeting of the Shiloh Savings Bank Co. was held in the Legion Hall, Monday evening, with forty-one present.

A banquet dinner was served by the American Legion Auxiliary, the tables being appropriately decorated with plastic trees and from the branches were "growing" pennies and nickles to demonstrate the growth of savings deposited in the bank.

After the regular business meeting short talks were given by directors and guests paying tribute to the fifty years service of A. W. Firestone as Cashier, Secretary and Treasurer, matching and moulding the life and development of the bank itself.

Throughout thirty-six of the fifty years Mr. Firestone has been assisted by Miss Fyfe Rose whose devoted and untiring efforts have contributed much to the success of

the bank. For thirty-three years these two operated the bank while other institutions of similar size have changed hands twice or more the number. By frugal management the bank has weathered all financial storms of the half century and emerges to start the second half with very near a million and a half in deposits.

Complex nature of modern business necessitated the addition of a new member to the staff, Mr. Dean Wolford, three years ago. Since that time Mr. Wolford has taken courses in banking and is able to bring to the bank such new and efficient methods as are required.

The following officers and directors were re-elected: L. D. Wolfersberger—President C. R. Wolford—Vice President A. W. Firestone—Sec'y-Treas. C. O. Butner J. R. Page H. W. Wolford V. R. Wolford

CIVIC CLUB MEETING CALLED

Dave Hughes, President of the Civic Club, wishes to announce that there will be a meeting of the Civic Club in the Council rooms Monday night, Jan. 15, at 7 o'clock sharp.

There is much business to discuss and he urges all members and all other persons interested in the maintenance of the Civic Club to be present that night.

GOOD ATTENDANCE AT P. T. A. MEET

There was a fairly good attendance at the P. T. A. meeting Monday evening.

The freshmen class gave a one-act play, "A Green Christmas," and Jean and Judy Hamman offered an accordion duet.

The president, Antonie Herz presided at the business session, at which time it was decided not to join the State organization, since it was felt it was too late to derive any benefits in doing so at this late date.

The freshman class won the attendance award. It was decided to have an auction at the February meeting.

SHILOH VICTORS OVER BUTLER

Shiloh was victorious over Butler last Friday evening 41-40 at Butler.

The game was really exciting all the way. With only two minutes left to play Butler was ahead 40-38.

David Wittich put the ball thru the nets eleven times for a total of eighteen points. His teammate, Charles Wallace collected a total of fourteen.

Wareham and Barnard of Butler had twenty points together.

CIVIL DEFENSE GROUP MEETS

Friday night, Jan. 5, Mayor Swanger and Director of Civil Defense, Alvin H. Gernert, met with the directors and chairmen of the Civilian Defense committees, members of Council, Board of Public Affairs and trustees of Cass, Bloominggrove and Butler townships in the American Legion Hall to outline the plans of civilian defense for the summer.

Mayor Swanger announced that the Red Cross group is combining with the Civil Defense group and that the trustees of Bloominggrove and Butler townships are setting up separate township committees for their respective townships to work in cooperation with Shiloh and Cass township.

Joe Page, state Air Raid Warden, announced that Shiloh will participate in the state wide ground observer corps exercise, Feb. 10-11, plans for which call for simulated air raids between the hours of 9 a. m. and 10 p. m. on Feb. 10 and 11. A skeleton crew of 12 observers will be needed to carry on around the clock observation.

Chairmen of the various committees are urged by Director Garrett to fill out their committees and acquaint themselves with their duties before the next meeting which will be held in the American Legion Auxiliary hall, Friday night, Jan. 19 at 8 o'clock sharp.

Solemn Mass Marks End of Year
The closing of the old year was celebrated by a Solemn High Mass in St. Joseph's Church on Dec. 31st. The Rev. William F. Ellis, M. S. C., from Sacred Heart Seminary, Shelby, was celebrant; the Rev. George P. Sirak, M. S. C. was deacon; and the Rev. Peter P. Vavro, M. S. C. was subdeacon. Fr. Ellis and Fr. Vavro have taught Sunday School here last year, and both were ordained to the priesthood last Nov. 30th in St. Peter's Church, Mansfield. After the Mass they bestowed their priestly blessing individually on the people.

FARMERS ADVISED TO PLACE ORDERS FOR FERTILIZER

Richland county farmers were advised to take immediate action if they want to be sure of having on hand the fertilizer they will need for 1951 spring planting operations.

Shortages of material are already evident and increased demand from other areas will likely cause fertilizer shortages in Ohio, says a statement issued by the Middle West Soil Improvement Committee.

Increased acreages of cotton are called for to meet defense needs and cotton farmers in the South will be using more fertilizer this year.

Meanwhile, the demand for fertilizer generally by farmers throughout the Middle West is far ahead of earlier predictions and has already outstripped the supply of materials in some local areas.

COUNTY POULTRY VIES FOR HONORS IN BOSTON SHOW

Entries of Clarence Dillon of Mansfield, will be among outstanding birds from all over the U. S. and Canada who will compete for \$50,000 in prizes at the 103rd Boston Poultry Show at Mechanics Building Jan. 17-21.

The show, the oldest and largest poultry exposition in the country, this year expects more than 6,000 entries.

Contests will be held in all classes of poultry, including mixed chickens, baby chicks, fancy ornamental breeds, and game birds.

We Hear From Our Subscribers

It's just like Old Home Week around the Advertiser office after the subscription notices have been sent. We have heard from friends in the North, East, South and West, and are glad to keep in touch with them.

After shoveling snow for weeks and weeks, we are thinking of going to Haveling, Wyoming, since we have heard from friends in the North, East, South and West, and are glad to keep in touch with them.

From sunny Florida comes a check and renewal from Mary Backensto at Miami, for which we thank her. Hope she is getting a nice sun-tan. We could sure use a little of that vitamin-light!

From Michigan, Lake Odessa, comes a check and note from Mrs. Chas. Lloyd, a sister of the late Ous Moore. She enjoyed the Christmas cards from Plymouth friends, and wishes a Happy New Year to all.

Just received a check from Mrs. Ira Snyder in Shelby renewing their Advertiser for another year. Since Ira got his television set, we don't see him in town so often.

CONDIOM IMPROVING Mrs. Florence Ross Barnett, patient in the Shelby Memorial Hospital is reported as slightly improved.

Mrs. Barnett suffered injuries to her neck on New Year's Day in an auto accident on Route 61, north of Shelby, and was removed to the hospital for care. Her head and neck was placed in a brace with weights, first with ten pounds, then five and Monday of this week was reduced to 3 pounds.

Late Tuesday, it was reported she could move her fingers and body a little, but that the injured part would require a long period of time to heal.

She is the daughter of Mr. Joe Ross of West High Street. Charles Holtenbaugh, driver of the car, was only slightly injured.

PILGRIMS SPLIT OVER WEEKEND WILL OPPOSE LUCAS FRIDAY NIGHT

Fresh from a split over the past weekend, the Plymouth Pilgrims will try to avenge an earlier loss to the Lucas Cubs, on the Plymouth hardwood.

After just losing Friday evening by a short margin of 56-52 to the host Lexington, they came back to take Tiro 57-49 on the local floor.

Again at Lexington as in previous games the Pilgrims laid steady right with the opponents for the first quarter, but when the buzzer sounded for the period, the Minutemen led 17-12. The Plymouth hosts could not add anything from the board during the second quarter, and left the floor trailing 35-21.

The half-time rest must have really put the boys into the right spirit as they took the tip off that opened the second half and made a quick start. This one they did slow but definite climb to beat the leaders. Larry Schreck meshed 9 of his total of 13 points for the evening, during this period. Combined, the Plymouth squad split the net for 18 counters in the third quarter to make the score read 47-39.

The fourth canto saw the unbeaten Minutemen start stalling with five minutes of playing time remaining on the clock. The Plymouth team just couldn't break up the stall and although the Pilgrims led the host for the evening 13-9 in this quarter, it just wasn't quite enough to break that unbeaten streak of 7 league games. The host scored 12 points for Lexington with 15 points, while Schreck led Plymouth with 4 field goals and 5 foul shots for 13 counters.

RESERVE FALL, 38-35 The Reserve game proved to be a quite exciting one. TheVarsity squad led by quarters 13-7, 23-14, and 37-23. Bettie again scored honors with 17 tallies to his credit. Love for the Tiro outfit paced the losers with 11 points.

Meser followed with 10 points with 8 counters, while Laughtbaum put in 10 to take second for the Tiro team.

SIMPSON JUNIOR HIGH SHELLACKED PLYMOUTH With Nichols cashing in for 19 points, Simpson's boys shellacked Plymouth's Junior High, 61-23, in last Wednesday night's game.

The first quarter ended in a tight race, but then Simpson rallied for 31 points in the second quarter to make the score 30-8. Nichols had 14 points with Simpson leading by 20 points.

Nichols and Tinkey were the high scorers for Mansfield bagging 19 and 17 points, while Depper, Port, and Fox rolled in 6.5, and 4 points for the Plymouth cagers.

This was Plymouth's second game in which they lost to the rugged Tiro cagers. On January 8 the Junior High will meet New Haven at Plymouth.

PLYMOUTH RESERVES TROMPEL The Mansfield Simpson High School's tall and rangy Freshmen ran over the Plymouth reserves Friday afternoon.

It was an all out victory for Simpson. The boys all the way. Together Jones, MacDonald and Ford equalled Plymouth score. MacDonald had 14 points, MacDonald 14, and Root tallied for 42 of the 50 points for Plymouth. The final score was 77-15.

LEFT FOR TEXAS T. Sgt. and Mrs. Richard Burdge and son left Saturday for Wichita Falls, Texas, after spending the holidays with their parents, who are stationed at Shepard Air Force Base as an instructor.

ANOTHER MEMBER IN THE LASH IS FULLY NOW Mr. and Mrs. Clyde Lash are proudly announcing the arrival of their third child, a daughter, on Friday, January 5, at the Shiloh Hospital. She has been named Phyllis Madeline, and weighed seven pounds, four ounces. Phyllis has a brother and sister waiting to play with her at home, to complete the family circle.

WHAT'S THE MEANING OF NATIONAL COUNCIL OF CHURCHES IN THE U. S.?

Rev. Ralph Felix, of the Plymouth Presbyterian Church, and who attended the first general assembly of the National Council of Churches of Christ in the U. S. and America, which was held in Cleveland in December, brings the following report on this important event:

The council is not a denomination, and not a church above churches. It is an agency of cooperation for evangelism, education and relief for mankind. It coordinates and continues the work of eight interdenominational agencies that were working in eight fields of Christian usefulness. It opens a way for mutual confidence between organizations, and prevents possible controversy between groups, and unnecessary competition.

THE PRESENT CRISIS This is taken verbatim—"Because clouds arising at this moment from the war in Korea threaten to darken the entire sky, the council stands with peril and with opportunity. To the leaders we have set in authority in our governments, and in the solemn and mo-

Coupe Returns From Wedding Trip

Mr. and Mrs. Dean Artz (Grace Hollenbaugh) have returned from their wedding trip to Florida and are residing for the present at the home of the bridegroom's parents.

The marriage was performed Saturday Dec. 31 at 2:30 P. M. at the Evangelical United Brethren Church in Shelby with Rev. V. I. Sullivan officiating at the double ring ceremony. Four large pointsettias and candelabra were placed at the altar for the ceremony.

Miss Marjorie Sullivan, organist played "Through the Year" and "O, Promise Me" preceding the vows. She also played the "Lord's Prayer" and the traditional wedding march.

The bride chose a sun tan tailored suit with brown accessories for her wedding. She added a necklace and carrying set, a gift from the bridegroom, and wore a white orchid corsage.

Both Mr. and Mrs. Artz graduated from Shelby High School in the classes of 1948 and 1950 respectively. Mr. Artz is employed at the Shelby Mutual Casualty Co., and Mr. Artz, son of Mr. and Mrs. Ivan Artz, Route 1, Shelby, is engaged in farming with his father.

He expects to leave soon for the U. S. Army.

Store Employees Enjoy Annual Dinner The annual dinner for employees of the Brown & Miller Hardware Store was held last evening at the home of Mr. and Mrs. E. B. Miller, north of town.

A roasted venison, the gift of H. A. Heller, who was luck in his hunt this past season, was the main dish, with many tasty side dishes.

Covers for the following 100 employees and their wives were laid: Mr. and Mrs. Dave Scrafeldt, of Shelby, Mr. and Mrs. Robert Echelberry, Mr. and Mrs. Brown and Mr. and Mrs. E. B. Miller, hosts.

Called by Army James J. Caudill, son of Mr. and Mrs. Thomas Caudill, of W. Broadway, has received his notice to report in Norwalk on January 19.

He has not yet reported to duty, but he does not know as yet where he will be sent for training. James, who has been farming near Plymouth, was notified that he had to finish his harvest was not complete was given until this month to finish the farm work.

Hockey Dangerous To The Spectator

Appellate Judges Irving Carpenter and L. E. Frey of Toledo, and Amos Contr. of Perrysburg, have ruled that there was no error in a Cuyahoga-co judgment in favor of a hockey fan who had sued the Cleveland Club for damages.

Judge Carpenter was a recent judge speaker in the local Methodist Church. The judges found that half the major hockey risks have complete protective screening and that Cleveland alone, under Herbert Morris, of Cleveland, suffered face fractures when the hockey puck flew into the group of spectators.

Judge Carpenter, who wrote the new opinion, visited his first hockey game, by way of research, and decided that "hockey is a rugged game."

A SCRIPTURE QUOTE

"And he came down with them, and stood in the plain, and the company of his disciples, and a great multitude of people out of all Judea and Jerusalem, and from the sea coast of Tyre and Sidon, which came to hear him, and to be healed of their diseases. . . . St. Luke 6:17

DOLL DAY AND DOLLS IN THEIR DAY

The first grade of the elementary building was adorned with the beauty of a child's sweetest, the doll or "Dolls." These lovely creatures of different sizes of small, medium, and large and the many types from bride dolls to baby dolls were brought to school by most of the members of the first grade class on January 4th to show their classmates in the head teacher's classroom.

Mrs. Weller, the first grade teacher took a picture of the class holding their dolls. Although the doll is a favorite playmate of most small children of today, it was used for many a purpose in the past. Some early tribal people used them for good luck charms. The prominent doll of the French is the fashion doll. These dolls were used to advance the fine clothes made by the French. The paddle doll is said to be the oldest doll of time. It was buried with dead people of the pharaohs in Egypt three thousand years ago.

The modern doll of today has had many improvements to bring them up to today's standard.

WE WONDER:

Just who made those anonymous phone calls to Roots on the night of January 10?

If everyone has recuperated from their New Years celebration. Why Larry Hampton is studying M.

If those P. H. S. students in Florida will bring back some of that Florida sunshine?

Just where was our Varsity cheerleader Saturday night. What's the matter Ruth? Weather get you down?

What happens to the profits at the concession stand. What's the matter kids, hungry?

What's the big attraction to the north of us? Couldn't be Willard or New Haven, could it?

And just who are the men in the little white coats?

And who were the two brave girls who reported on the Boys Recreation League (with 33 boys)?

And just how does Helen Fromm get a card from Florida. Couldn't be because Leonard Smith is down there. Could it?

How do you like Shiloh. Tom? She's a good kid isn't she. What's the cooking Jean?

T. A. B. NEWS

The new list of T. A. B. Books is in and for those of you readers who are old T. A. B. Club hands, this is the fifth month of the fall term, your dividend month—so step right up and choose your way through books. That is you get to choose one free book for every four books you order.

The books for this month include: Lost Horizon. If you like airplanes and strange places this is for you. Smoothly and romantically, Hilton tells the story of extraordinary adventures in an amaz-

ing secret land—the land of Shangri-La. Reading this book is an exciting quest of the unknown. Miss Worness and Dogs. There is a famous Thurber cartoon and caption on every page of this light, frothy volume. Fun and laughter are good for the mind, this book offers just that. "Thurber Dogs"—short in part, long and wavering in body, heavy and worked in the head, near the world over.

Chinese Orange Mystery: Many critics call the Ellery Queen team of two authors who write as one, the logical successor of Sherlock Holmes.

Kickoffs: "His Jack Dempsey, Babe Ruth, Al Johnson, Paavo Nurmi, and Man o' War." Put them together they spell Grand. . . . So speaks the great sports writer Damon Runyon in the kickoff story of Red Grange. And Grange is just one of the bruisers all-time football greats ready to go out of the pages of this thrill-studded collection. Grantland Rice, Ring Lardner, John Kieran, Ted Husing, Bill Stern, and all the other famous sports writers have assembled this line-up.

Scarface: The boy Scarface would lead the lights of the Fortuna out for the open sea. The Spanish Main promised rich prizes for Captain Chesep and his pirate crew.

SENIOR PROGRESS

If you could see the progress chart in the Senior home room you would see the lights of progress growing longer and longer. Yes, the Seniors are making splendid progress towards their goal, the college.

The exact amount needed for the trip is not known for they have not as yet chosen it. One member of the class has \$90.00. Two others have \$85.50 and \$83.59 respectively.

We all hope the Seniors will continue their good progress.

BASKETBALL FILM SHOWN

Last Tuesday, January 2, Athletic Department at the local school, showed a film entitled "Ball Handling." It was a 15 minute film in which the players of the proper ways to receive and throw passes. It also gave different and various passes. The film was shown through the courtesy of the Ohio Department of Education. There are more films on order but with the delivery being what Mr. Mercer thought that he doubt if there will be any more films.

"EVERY PUPIL TEST" GIVEN STUDENTS

The students of Plymouth high school including the grades from 1-12 were given the "Every Pupil Test." This is a three-part test sent from the State Department of Education. The entire test is based in the field of English. Its purpose is to find the standing of the students in English on the first of January.

The first part of the test was given on Thursday morning, January 4. It included "Reading Comprehension." This was a timed reading to see how quickly a stu-

dent can comprehend the main theme of a subject. It was divided into four divisions of picking out the central theme, main details, word meanings, and phrase meanings.

"Spelling and Vocabulary" included the second part of the test. It was given the first forty minutes of school on Friday, January 4. The students were offered one hundred words and were to pick out the correct meanings of four choices. The test included word spelling and definitions.

The third and last part was given on Monday, January 8 and included word subject on English. It was a test of using correct words of vocabulary and using rules of grammar correctly.

CALENDAR OF EVENTS

The scholastic events for the month of January at Plymouth High School are as follows: January 2—Lucas display case for January 4—Teachers' meeting January 5—Film January 6—Tiro game here January 10—Tiro game (Green Harvest) January 12—Lucas here January 15—Film (Treasure Island)

DONATES SHOWCASE

The Plymouth Grade School will give a beautiful display case by Dr. and Mrs. Seale and Eleanor to be placed in the main corridor. The showcase is made of blonde wood with a black finish. It has large sliding doors with glass shelves. These shelves can be moved to any position. The glass is edged with lead.

At the present showcase is displaying a collection of dolls to represent different countries. These dolls will be given by the students of the country that they represent. The countries that are represented are France, Spain, United States, China, Holland, Hawaii, and the American Indians.

SPANISH CLUB

The second meeting of the Spanish club was held in the gymnasium, January 5. The purpose was the election of officers. The officers elected are as follows: President—Barbara Fox Vice President—Jessie Steele Secretary—Frances Bevier Flor Cole Brooks. At two years of age he was taken by his parents to the state of Kansas from which state they later moved to Missouri where Harry grew to manhood. When he was 18 he returned to his native state of Ohio on a visit among relatives. Here he obtained work to his liking and decided to make Ohio his future home.

PERSONALITY OF THE WEEK

"Yea team let's go, let's fight, let's win," Yes, just about everybody knows that cheer but there is one girl who knows it better than anyone else because that girl is one of the Varsity cheerleaders. She is Shirley, our personality of the week.

Shirley, a Senior at P. H. S., is five feet, six inches tall and has blue eyes. She is sixteen now but will be eighteen the third of February. Shirley is not a native of Plymouth for her hometown is Brookings, South Dakota. She left Brookings in 1948 and moved to Plymouth. Since last arrival here she has been well-liked by all.

Shirley has been a basketball and cheerleader for the last two years. She enjoys watching the basketball games. Besides watching she likes to dance, swim, ice skate, and roller skate. She also likes to eat and her favorite food is cheeseburgers.

Shirley belongs to the Lutheran Choir, G. H. A., and is secretary of the F. G. A.

NEXT 70 DIVIDEND SMALLER: TO BE REVEALED SOON

WASHINGTON—The size of the forthcoming National Service Life Insurance dividend may be disclosed this week.

Mrs. Rose Messenger, administrator said it is preparing an announcement for release within a few days. The dividend will cover World War II—veteran dividends, when 1948-50 period, and so will be considerably smaller than the \$2,800,000,000 dividend paid last year for policy earnings of eight years.

The new dividend payments probably will start in March on policies with a January anniversary date. Other dividend checks probably will go out within about two months of their anniversary dates, VA said. Future dividends, when there are any, will be on an annual basis.

The initial dividend was paid at the same rate on all types of policies, the only difference in rate being that based on age. VA said that the dividend rates may vary with the type of policy, it tables show any considerable degree of difference in earnings.

There are seven types of National Service Life Insurance policies—the so-called term policy and six permanent types.

OBITUARY

Harry Franklin Brooks was born in New Haven, Huron county, Ohio, January 1, 1883 and was the eldest son of Gardiner and Flora Cole Brooks. At two years of age he was taken by his parents to the state of Kansas from which state they later moved to Missouri where Harry grew to manhood. When he was 18 he returned to his native state of Ohio on a visit among relatives. Here he obtained work to his liking and decided to make Ohio his future home.

In 1906 he was united in marriage with Miss Elizabeth Snyder, youngest daughter of Mr. and Mrs. Anna Skinner Snyder. Two children were born of this union: Mrs. Zetta Sybrandt of Spencer, Ohio and Raymond of Plymouth, in whose home are the two grandchildren of the deceased.

He was engaged in farming during his entire life. Two years ago because of failing health he gave up the more active work.

Beside his own family he leaves two brothers, Homer of Gray Summit, Missouri; I. J. Brooks of Warren, Ohio and one sister, Mrs. Louise Snyder, Plymouth, Ohio. He was deceased on Friday evening of January 5, 1951.

He was deceased on Friday evening of January 5, 1951. Twilight and evening bell. And after that the dark! For when I met there no sadness of farewell. When I embark; For thee to out our bourne of Time and Place The flood may bear me far, I hope to see my Pilot face when I have crossed the bar.

DON'T DESTROY YOUR CHRISTMAS CARDS—SEND THEM EAST

A request for used Christmas cards has been made by Karl K. VanMeter, executive director of the National Christmas Card Association, New York, who says:

"We need bushels of them. These cards are invaluable in occupational therapy. Some thousands of children cut out the figures and paste them on sheets of paper. Other children can only handle the cards. The bright colors and attractive designs bring them much sunshine."

The cards can be mailed to United Cerebral Palsy, 50 W. 57th St., New York, 19, N. Y.

The New Plymouth Cranbrook Four-Door Sedan

Featuring improvements which produce unprecedented roadability and riding qualities, the beautifully redesigned 1951 line of Plymouth cars have numerous mechanical improvements and have retained their traditional roominess. Shown above is Plymouth's Four-door Cranbrook Sedan.

New Plymouth Combines Beauty and Riding Ease

Detroit, Mich.—Spectacular new qualities which produce driving and riding ease heretofore unknown in automobiles of any price feature the new line of Plymouth cars. Combining smart new body lines with unprecedented interior luxury, the new Plymouth will go on display in dealer showrooms throughout the United States Saturday, Jan. 13.

Designers have given the Plymouth a striking new silhouette, and roominess in the interior are innovations in the lowest price field. The styling improvements retain the traditional roominess of the cars.

Easier to drive and more comfortable, the new cars have greater freedom, more safety features and broader ranges of vision than ever before.

Engineers say the new "Safety-Flow ride" takes the bumps and wallop out of bumps. A new application of hydraulic flow control in the shock absorbers provides a more gradual change of resistance during spring deflections and thus a smoother ride when driving on average roads. It also exerts extra resistance on rough roads to a degree where driver and passengers are almost completely freed of the discomfort of being jolted around.

The "Safety-Flow ride" is one of the greatest contributions to driving comfort and safety on the road, according to D. S. Eddins, president of Plymouth Motor Corp.

"The new Plymouth gives you roadability never before offered in any car," he said. "There is no necessity for steering wheel fatigue to control the car on difficult roads. The driver is no longer required to focus full attention on the condition of the road. He may be nice watchful of oncoming traffic, pedestrians, curves, crossroads and other potential hazards."

Eddins called the new development a major step toward restful motoring. More confidence is gained by driving or riding in a new Plymouth with the "Safety-Flow ride" and the result there is less driver and passenger fatigue, he said.

The lines of the new Plymouth. A marriage license has been issued to Merle T. Hoffman, factory worker, Rt. 6, Mansfield and Donna J. Eby, office worker, Plymouth.

have been beautified. An appearance of massiveness combined with smart streamlining is induced by a new grille, beautifully redesigned front fenders and hood, a wider windshield and a larger rear window. Narrower windshield pillars together with the wider windshield provide additional lateral vision. To utilize fully the greater vision through the new rear window, the rear view mirror is two inches wider. The chair-height front seat and the new design of hood and front fenders permit the driver to see the road nearer the car.

There are numerous mechanical improvements. Windshield wipers are electrically operated, and are of the single-speed, self-parking type. A unique pressure-vent radiator cap, which has been added as standard equipment, permits the cooling system to be operated at atmospheric pressure during normal driving conditions. Under high-load, high-temperature driving conditions, the new radiator cap provides a pressurized cooling system to allow high coolant temperature without boiling or loss of anti-frosting.

All Plymouth engines now have a built-in by-pass cooling system permitting water circulation and resulting in more uniform temperature throughout the engine during the warm-up period. The new system consists of a passage in the cylinder head and block providing direct access to the water pump, and a choke-type thermostat to regulate coolant flow to the radiator.

The generator output has been raised to 45 amperes, an increase of five amperes, providing greater electrical capacity for the operation of car accessories. The new hand brake "T" control handle is more accessible, and, as on former models, it operates independently of the foot brake as an added safety measure.

In the convertible club coupe, the spare tire is mounted vertically in either coupe and sedan models. The new Plymouth interiors offer the finest selection of upholstery and trim and the most harmonious color

schemes in the company's history. The colors which have been chosen provide throughout the interior a pleasing combination of shades in harmony with the car's exterior color. Designers say the interior is an unparalleled achievement. The combining practicality with luxury. Always noted for spaciousness, Plymouth now has even more head room and more room to stretch out in comfort in the rear seat.

To go with the high quality of the upholstery, there is a handsome new instrument panel which features a more convenient grouping of controls, newly shaped instruments and improved coloring and lettering for easier checking while driving.

The wide, deep chair-height seats, the ease of entrance and exit, and all the other traditional Plymouth features for driver and passenger comfort have been retained.

There are nine body-types in the new Plymouth line: the Concord series includes a two-door sedan and a three-passenger coupe as well as the two all-metal utility models, the Suburban and the Savoy; the Cambridge series has a four-door sedan and a club coupe; and the Cranbrook series includes a four-door sedan, a club coupe, and a convertible club coupe.

The Suburban and the Savoy, with their smart, distinctive lines are all-purpose vehicles. They have the beauty and comfort of a sedan, and by simply lowering the rear seat back, they become sturdy cargo carriers for farmers, salesmen, sportsmen, tourists or others who require large cargo capacity. The Savoy, called the "country club companion" of the Plymouth, provides a greater variety of luxurious interior appointments and more exterior refinements to enhance the car's striking appearance.

Among the "high-priced car" features which are retained are: a cylinder, 97-horsepower engine with a 7 to 1 compression ratio, the conventional ignition of starter and automatic electric choke, suspension tires, safe-guard hydraulic brakes, and safety-rim wheels.

MORE WHEAT AND CORN

Planting restrictions have been lifted by the government so that more wheat and corn fields will be in evidence this year through the country. The Sec. of Agriculture announces that farmers can grow all they want of these two staples. Last year crop records were 3,373,000 acres of corn and 2,139,000 acres of wheat. Farmers are urged to watch soil conservation if they increase their crops.

Mr. and Mrs. W. L. Humphrey moved on Friday to the downstairs apartment in the Cashman property on Sandusky street.

U. S. RAIL CHIEFS GREET CANADIAN

J.D. Farrington, Illinois; G.H. Minshel, Northern; R.L. Williams, North Western; W.L. Tealey, Chicago & Ohio; W. Prince, Chicago Junction N.E.; M.F. Stokes, Western Indiana; John P. Kiley, Milwaukee Road.

J.W. Barringer, Line; Fred G. Gurley, Santa Fe; A.K. Alkmond, Rock Island; L.L. White, Grand Trunk; E.D. Bowen, Eastern; W.A. Johnston, Central; C.M. Rodding, Eastern Illinois; H.C. Murphy, Burlington Route.

When Donald Gordon, C.M.G., chairman and president of the largest railway system on the continent, was welcomed in Chicago by a delegation of U.S. railroad presidents, it was the climax of a success story, not only for him but for most of the men who trust him.

The chief executive of the Canadian National Railways began his career after coming to Canada as a Scottish immigrant boy at the age of 13 by working in a box factory for \$6 a week. His rise was typical of the spirit of America, as were the business histories of many of the railway leaders who entertained him on his first visit to the transportation center of the world. The U.S. presidents (shown in small photographs) began working at such humble jobs as office boy, shop hand, messenger, laborer or freight handler. In token of international friendship, members of the welcoming group presented Mr. Gordon with gifts representative of their roads. Shown in the upper right photograph are (left to right): S. F. Dingle, vice president of operations, Canadian National; Montreale, Wayne A. Johnston, president of the Illinois Central, who gave Mr. Gordon a Mexican sarape; H. C. Murphy, president of the Burlington Route, who

presented a model of the first Vista Dome car; Mr. Gordon; Fred G. Gurley, president of the Santa Fe, who gave a lifetime pass on his railway; C. M. Rodding, president of the Chicago & Eastern Illinois, holding a box of Florida pompano which he gave to the Canadian rail chief; Douglas Cole, Canadian consul general in Chicago; and J. W. Barringer, president of the Monon, who gave a 400-pound slab of Indiana limestone to be used in the next section of the CNR's Montreal Terminals building project.

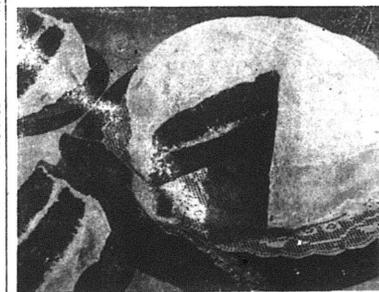

About 100 of Chicago's leading industrialists, bankers and civic dignitaries, headed by Mayor Martin H. Kenney, paid tribute to the Canadian rail executive at a dinner held in his honor. Another expression of good will between the two countries was presented at the dinner, when a newborn lamb was given to Mr. Gordon, as the gift of William Wood Prince, president of the Union Stock Yards & Transit Company and the Chicago Junction Railroad. Flanking Mr. Gordon in the lower left photograph are: C. A. Skog (left) vice-president and general manager of the Grand Trunk Western, U.S. subsidiary of the Canadian National; and Mayor Kenney.

New Plymouth Beautifully Styled

There are beautiful new lines in the new 1951 Plymouth cars. A new grille, redesigned front fenders and hood, and a wider windshield provide an appearance of massiveness combined with smart streamlining. The new Plymouth offers more roadability and riding qualities, and numerous mechanical improvements.

Here's A Devil's Food Mix That Makes Light And Downy Chocolate Cakes

WHEN the last morsel and crumb of your next devil's food cake has been eaten, the family will want another one right away if you've made it with a wonderful devil's food mix that always gives you a light and downy triumph.

But you won't mind, for it's as easy as 1, 2, 3 to turn this mix into a perfect cake. Just add milk, beat and bake, and you will have devil's food with beautiful texture, a delicious flavor assured by a special blending of chocolate, and a fine keeping quality.

The mix is put out by the makers of a famous cake flour and a white cake mix that is already well known. Like its sister, this cake mix, this devil's food is versatile. It can be baked as cookies, cup cakes, layers, big squares, and follow package directions, timing baking if you use a mixer, counting strokes if you beat by hand.

Mountain cake bakers, too, can get perfect results with this devil's food mix, for there is a package specially prepared for high altitude baking which should be used above 5,500 feet.

Seven-Minute Frosting: Combine 2 eggs, whites, 1 1/2 cups sugar, dash of salt, 1/2 cup water, and 2 teaspoons light corn syrup in double boiler. Beat with rotary egg beater 1 minute, or until thoroughly mixed. Cook over rapidly boiling water, beating constantly. 7 minutes, or until frosting will stand up in stiff peaks. Remove from water, add 1 teaspoon vanilla, and beat 1 minute, or until thick enough to spread.

Highway Dept. 'Workhorse' Is Rugged

The "work horse" of the State Highway Department is this 2 1/2 ton dump truck which is used in the winter months to spread salt and cinders and can be transformed into a snow plow. There are many such trucks in the State's 1,773 pieces of snow removal equipment used to keep Ohio's 19,000 miles of highway clear of snow and ice. The "work horse" is also used for regular duties during summer months.

Farmers Sound Capitalists, Nation's Economic Leaders

THE IMPORTANCE of the farmer in American economy was highlighted by Thos. J. Watson, International Business Machines Corporation Board Chairman, in his address to the New York Advertising Club which was recently presented with the Club's annual bronze "Plaque of Achievement." "Our farm assets total 127 billion dollars," Mr. Watson said, "and our farmers with their more than 90 per cent equity in their farms have the most capitalistic spirit of all." Mr. Watson described the farmers as having an influence on everything done in the United States — socially, economically and politically — because of their position.

"Advertising has played a very important part in putting the farmers where they are," Mr. Watson added, "by proving through advertisements the value of farm machinery and how much the farmer can accomplish by everything done in the United States of the finest advertising today in the farm papers and farm journals."

The speaker also stressed the need for advertising to keep the American way of life before the people of the country. "We must have a 'keep it up' attitude," Mr. Watson said, "that when any individual or any country or any organization feels it has arrived and gets complacent, it will not be very long before it will be going in the other direction."

Mr. Watson described the rise in the national value of advertising throughout the country. "These values," he said, "are what have kept us on for the success and security of our future. Membership in churches is growing faster than the population. In education, we are increasing the number of schools and improving facilities for educating our young people.

"Some 30 years ago, we were spending \$48 a student a year. As of 1947, we were spending about \$132 a student annually. This figure continues to increase. In the past two years we have added 155 new colleges and universities in the United States," the speaker said.

The Advertising Club's award was bestowed on Mr. Watson by Andrew J. Haire, past president of the Club and president of the Haire Publishing Company. Last year's award recipient was General Dwight D. Eisenhower.

Railroaders Have Sign Language of Their Own

EVERY little motion has a meaning of its own on the railroad — the wave of an arm by the station agent or a sectionman to the crew of passing train usually means something more than a casual greeting.

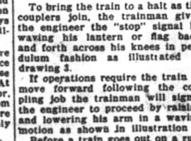

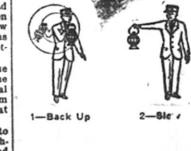

If something were wrong with the train, a hot-box, for instance, the agent or sectionman would signal the train to stop by waving his arm back and forth across his knees at right angles to the train.

The raised-arm signal, known to the railway fraternity as the "Highball," is one of a number of signals which are in daily use on the Canadian National Railways and other North American railroads.

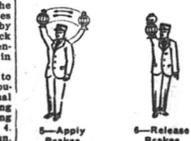

Frequently, the signals are given at a considerable distance from the locomotive and to increase visibility red flags are used. At night, or when day visibility is poor, lanterns spell out orders from brakemen to engineers. Here are some of the signals most commonly used, and what they mean.

When a train is required to take on an extra car, it backs up toward the car until the couplers at the end of the train and the couplers of the extra car are joined. To signal the engineer to back the train, the trainman swings his flag or lantern in a circle at half-arm's length as shown in illustration 1.

At the end of the train nears the car, the trainman signals the engineer to slow down in order that the train may be coupled with minimum shocks. To give this signal, he holds out his hand with the flag or lantern as shown in illustration 2.

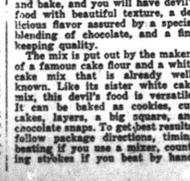

the brakes along the entire length of the train are inspected. If the man doing the job is at the rear of the train to check that the shoes on each wheel are set, he signals the engineer to apply the air brakes, in manner of flag 5. When the engineer has set the brakes, he signals the trainman to release the brakes. This he may do verbally

or by holding his hand above his head as shown by drawing 6. He then returns down the length of the train to check that the shoes on each wheel have been released. When the engineer has set the brakes, he signals the trainman to release the brakes in reverse order.

When the engineer is essential part of train operations and contribute materially to the safety of the traveling public, the operation of Canadian National Railways and other

Buy Fertilizer Now To Avoid Shortages When Spring Comes

FERTILIZER shortages can be avoided next spring if farmers place their orders now and take delivery early, reports the Middle West Soil Improvement Committee, which is sponsoring a fertilizer drive by Dr. H. B. Cheney, extension agronomist at Iowa State College.

Cheney points out that railroad car shortages may restrict the movement of fertilizer next spring and it may be impossible to meet farmers' demands if they wait until heavy deliveries over a short period of time.

"The outlook for fertilizer production is good this year," he said, "but if fertilizer producers run short of storage space, they will have to slow up production."

As a means of keeping plant food moving steadily, he advises farmers to make immediate arrangements for supplies and to store the plant food until it is time to use it next spring.

Cheney recommends a dry building with a wooden floor as the best storage place. If the fertilizer is stored on a concrete floor, a wooden platform should be built to 8 inches above the floor. This will allow air circulation under the bags, which can be piled 8 to 10 bags high. Space should also be left between the wall of the building and the storage pile to provide for more circulation.

Corn Yields Boosted By Better Soil Care

CROP yield profits are being boosted as much as \$20 per acre through conservation farming methods, including contour cultivation, large amounts of fertilizer and the return of crop residues on Purdue University's Westmoreland farm, agronomists report.

Yields have risen steadily since 1942, according to the agronomists. The 1949 average net profit per acre

was nearly twice that of the average 2 years before. In the tests, some fields have been farmed with common practices; others with a conservation system. Both groups have a four-year rotation of corn, soybeans, wheat and mixed legume-grass meadow. Fields receiving the common treatment are straight-row farmed. The conservation fields are farmed on the contour and receive larger amounts of fertilizer, plus crop residues.

Additional supplies of plant food, organic matter and moisture have teamed up to boost crop yields on the conservation fields, the agronomists say. As a result of these benefits, corn yields have averaged 106 bushels per acre on the conservation fields, compared with 72 bushels on the common fields in the 1942-49 period. Soybean yields have averaged 37 bushels per acre compared to 30; wheat, 34 bushels per bushel; and hay yields 2.2 tons per acre compared with 1.2 tons.

The tests are carried on cooperatively by the Westmoreland Station, U. S. Soil Conservation Service and the Purdue Agricultural Experiment Station.

War Threats Spur Need for Building Up Soil Fertility

THREATS of war heighten the need for putting farm soil in top condition to produce high crop yields, says the Middle West Soil Improvement Committee, in a statement made public here.

Legumes, fertilizers, soil-saving rotations and conservation tillage methods are the tools for building and maintaining the soil's crop producing capacity, the committee points out.

"If our soil took a beating in World War II," it says, "Soil-depleting forces worked overtime after Pearl Harbor when every acre had to produce food to the utmost to help speed victory."

"Although fertilizer use has risen to an all-time high in this country since the war, crop demands have been taking more plant nutrients from the soil than have been added to it. 'Put back' methods that restore these nutrients and build a well-balanced supply of plant food in the soil are vital in the months ahead."
