

41-21 DECISION

Last Friday the Pilgrims celebrated by marching in the Polar Bears from Margaretta under the lights. When the final smoke of battle cleared away the score was in favor of the Bears.

Plymouth Strikes Early Plymouth kicked off after the Bears failed to make a first down they kicked to the 45. Plymouth then started a 55 yard drive for a TD. Rhine and Hampton each carried 27 yards apiece as Plymouth marched for five downs. Rhine scored from five yards out and then ran over for the extra point. Plymouth led 7-0.

Second Drive Falls Again Plymouth was on the move. A pass from Meiser to Rhine netted twenty yards and featured the drive that went over on downs and a Bear pass set up Ferrone who scored from 6 yards out. Score tied 7-7.

A Plymouth punt led to the Keller TD as Killingsworth threw to Keller. Score at half 14-7.

Bad Third Quarter In the third quarter Margaretta gathered 20 points as Graves, Lingworth, and Kuns countered. Score 34-7.

Roscoe scored in the last quarter making the score 41-7 before Plymouth came to life. Hampton scored from 4 yards out and a Meiser to Rhine set up Keller for another TD. Final score 41-21.

Plymouth got 14 first downs and gained 284 yards. Hampton carried the ball 13 times, gaining 62 yards for a 4.8 average. Rhine carried 17 times and gained 89 yards for a 5.2 average. Plymouth attempted nine punts, averaging five for 133 yards gained.

Plymouth meets the wireless evening from Mr. Gilead in an attempt to break the win streak. Last year Plymouth lost 15-0.

Lineup — Margaretta: Ends: Kellers, Wiersel, Deslow. Tackles: Lickenbach, Harkness. Guards: Neill, Baum. Centers: Crawford. Backs: D. Kuns, Rooser, Ferrone. L. Keller, Graves, K. Lingworth.

Lineup — Plymouth: Ends: Bettles, Fox, Jones. Tackles: Dean, Utz. Center: Berberick. Guards: H. Hamer, M. Hampton, Mierck, Root.

TOMORROW'S GAME Friday night Plymouth plays host to Gilead. Last week Margaretta outpointed the Pilgrims 41-21 while M. Gilead fell before Cardinal 19-0. Both will be game first view, so all in all it should prove a good game.

COMMUNITY CLUB TO STAGE HALLOWEEN CELEBRATION, WEDNESDAY NIGHT, OCT. 29

There's going to be a big time in the ole' town next Wednesday night, Oct. 29, on Plymouth's Public Square, so you'd better take time out this week end to hunt up that costume you intend to wear in the Grand Parade.

The party opens at 7 p.m. so that the little fellows who participate won't be kept out too late and the parade will form at the elementary school building and march down the square.

Last year they inaugurated a new feature of having the parade march on the sidewalks around the Square so that storekeepers, clerks and sightseers may have a close-up view of the bands and masqueraders, and this idea will be followed again this year.

The west side of the Square will be used for funfests. The west side of the Square will be used for funfests.

Another accident occurred Saturday morning about 11 o'clock near Willo-Root at the north edge of town, when Aiden Willet of Plymouth, driving a tractor to which two empty milk cans were attached was struck from behind by John Hale, also of Plymouth.

Judges for the Halloween party are the three local ministers, Rev. M. P. Faetzinger, Rev. J. K. McGinty and Rev. C. O. Cramer, and arrangements are in charge of Robert Echeberry, chairman, Don Ford, Royal Eckstein and James Rhine, who represent the Community Club, sponsors of the affair.

We have been having such beautiful weather here lately, so warm, so warm, so if it just holds out, there should be a wholesome and good time in Plymouth next Wednesday night.

First Lieutenant Cramer was responsible for the proper assignment and utilization of these officers, which materially contributed to the efficient operation of this group. APPOINT THE SQUARE

REMEMBER WHEN we used to sit on that three-legged milking stool in the cow barn, and the light from the battered old lantern hanging from a bent nail lit up all the dusty cobwebs around the rough beams. The old boss chewed her cud and the milk went splash-splash in the dented pail—be careful there, bud, that's precious stuff you're splashing around!

Notice in the Plain Dealer this week says milk is going up a cent again. By golly, it's getting so the blame cows will refuse to be milked unless its by somebody listed in the Social Register.

DID YOU FOLKS happen to read all about that humdinger of a darry they're going to dedicate in Elyria, but we can suggest one way to get it more involved, the TV announcer from New York who is assigned to this particular broadcast in Elyria happens to be the son-in-law of Mary and Ralph Bauer, Mr. Fred Udal. It sounds like an interestingly different TV show, but we can suggest one way to make it a sure-fire hit—have Grace and Daisy on that show too, and we'll bet our bottom dollar they'll walk away with all the honors!

STORM WARNING!! If the biz-zard hasn't already covered everything with snow, this paper gets into the mailboxes, we can hand on the weather warnings, which are being sent out by the U.S. Weather Bureau. The heaviest flights of migratory birds ever observed puzzled naturalists and airplane pilots over the weekend. This year the geese and juncos, ducks and marsh birds was reported from several parts of this district, and might indicate a severe and early winter. The geese even endangered the propellers and windshields and airports were warned to be on their toes for the storm over Plymouth Thursday night, but nobody has reported seeing the formations. Any other reports?

NO DIFFERENCE WHO is elected next month—we're sure of one thing—the next president of the U.S. will be a bald one! It reminded me of a remark I once saw, "Surrey With the Fringe on Top," but in this case it will be a president with a fringe on top—the storm warning was issued by bald one since Martin Van Buren—that is, no whiskers, etc. . . . Or you want to argue the point, make it up, but you'll have to put your history books and look at the pictures.

YOU DON'T have to be out on the highway to get damaged friends! Mrs. Fred Ross was only trying to get ready for winter on time, but the storm warning was rascal! With just quick behavior, she came right back with a left to her chin—so she's wearing a hand-aid, and a big one at that. We'll bet she didn't hit back, either, after she was hit.

BEGINNING TODAY, D. J. Ford, local rural mail carrier, will start on his 16th trip around the world . . . that is in miles, and all within a one mile radius of the Plymouth. For today is the 25th anniversary for Don carrying mail. Figuring it roughly on a 300 day a year schedule, over 50,000 miles he has covered in 25 year period and dividing it by 25,000 or the miles around the world, it comes out approximately 15 times. Don's trip has how many can be has worn out during this time, but we venture to say that he has come in contact with all kinds of wealth. Over all kinds of people, and still comes out smiling and accommodating. Well, here's to you Don—may the next 25 years be better and better.

ticular interest to those who have lived in or near Shiloh. "Shiloh" is the title of the book, and the book concerns the story of the battle of Shiloh as experienced and told by six or more who lived through those Civil War days.

Others available now, or expected to be ready for the shelves very soon are: "Sugar On The Slate," "Lost Hill," "Silver Chalice," "The son of Adam Wingate," "East Side General," "The Golden Hand."

Pupils Do Remember Their Old Teachers

A note from Samuel Nimmons of Saginaw, Michigan tells us that he does remember his former school teachers, and that when he read in a recent Advertiser about a Miss Hoffstetter he knew that he had been in her classes some 70 years ago.

Says Mr. Nimmons—"I am guilty of being one of the bad boys, and remember Miss Hoffstetter well as a very fine teacher. Very few of us left to tell the story. Miss Partner and I started to school in Plymouth 80 years ago at this time, and Miss Anna Upp was our teacher."

Talking about teachers, we're wondering if many of the pupils who began their school in the First Grade under the direction of Miss Mary Sibbert are still around and doing. Send us a line if you can recall some of her early classes.

Notes From Our Elementary School

We have many children riding their bikes to school. The rule of the school is they must get off their bikes and push them across the playground. This is to assure safety for all the children running and playing and to the rider, too. We have had one accident this year where one did not obey the rule. Luckily it was not serious. It may be a help if the parents would remind the children of this rule.

The class pictures have been taken and the deadline for buying them has been reached.

OCTOBER VACATION DAYS FOR PLYMOUTH STUDENTS

Dear Parents: There are two teachers meetings this month. One was on the First Day of October. This is the meeting of the Richland County Teachers Association at Lincoln Heights. This meeting was a Health Institute for teachers of the county.

Friday, October 31, is set aside for the teachers meeting at Cleveland. Since there are meetings Thursday evening, school will probably be left out early enough for the teachers to make the evening meeting. School will not be held at all on Friday, October, 31.

I thought perhaps parents would appreciate knowing about the date of teachers meeting in advance so that if they had some business out of town and wanted to take their children, they could do so on that day without having their children miss school.

Fire Dept. Called Out Twice In 15 Hours

The Shiloh Fire Department was called out twice last week within a period of 15 hours. Shortly after 11 a. m. Thursday it responded to a call for help from the Verne Wolford farm on route 13, where a six-room, two story frame building was on fire, and at 2:30 a. m. Friday it was again called out to fight a blaze in the tenant house of Raymond Hord on the Noble road.

The Wolford fire, believed to be started by a spark from a welding machine being operated in the building, which was used as a garage and storage place for seed corn, had gained such headway when the truck arrived that little could be done to save the building. The Greenwich fire truck was already on the premises when the Shiloh truck arrived and a truck from Ashland pulled in shortly thereafter. The three outfits, however, were helpless to anything other than pour water on the flames and keep them from leaping to the large brick dwelling, which stood 30 or 40 feet to the west.

The fire at the Hord building, believed to have been caused by defective wiring, was between the first floor ceiling and the upstairs floor. The flames had eaten through the floor and ignited a bed in an upstairs room when the firemen arrived. The entire house had been full of smoke and the ceiling had to be torn off in order to get to the blaze. As a result, considerable damage was done but the fire could be brought under control.

Mr. and Mrs. Andrew Robbins and family from Kentucky occupied the dwelling and Mr. Robbins and several of the children were in it at the time of the fire. Mrs. Robbins and the other children had returned to Kentucky several days before, and were followed by Mr. Robbins and the remaining children on Friday.

Mrs. Hord, when contacted on the phone, said she appreciated very much the promptness of the fire department in responding to the call, and wished to thank the members and the neighbors for the services rendered at the fire.

Now Operating In Shelby

Delbert Powell, who operated a television and radio repair service before disposing of the Smoke House (now The Chuck Wagon) tells us he is still in that business, which is now located at his home on 26 Summit St., phone 42048 in Shelby.

STUDY CLUB MEETS OCT. 23

The Mothers' Study Club will meet Thursday evening, Oct. 23 at the home of Mrs. Donna Hamman on the Wells-Hamman road. Mrs. Helen Wells will be associate hostess and Mrs. Dean Hamman will be taken in as a new member. The club is sponsoring a dance to be held in the Shiloh High school auditorium at 8:00 Friday evening, Oct. 24, with Black's orchestra from Shelby furnishing the music.

SPENDS WEEKEND WITH DAUGHTER

Mrs. Carrie Shukers of Ashland arrived last Thursday to spend the weekend in the home of her daughter and son-in-law, Mr. and Mrs. Harley Kendig.

Sunday Mr. and Mrs. Kendig, accompanied by Mrs. Shukers, motored to Vermilion to visit in the home of Mr. and Mrs. Horace Wallace, who had just returned from a two months, 9,000 miles motor trip through the West states. On the return trip, Mrs. Shukers was dropped off at her home in Ashland.

Church Being Repainted

Workmen have been busy the past week painting the exterior of the Methodist church on Main St. and the interior of the basement. The windows and trim are being painted white and the doors, chestnut brown. The work was scheduled for completion this week, but the cold weather has made outside painting impracticable the last few days. Mr. Keller of Milan is the contractor for the outside work and Glenn Moore of Plymouth is painting the basement.

Not Married

The list has returned. Jay Moser junior member of the Moser hardware firm, who left a week ago last Thursday without disclosing his destination, returned last Sunday as close-mouthed as ever about where he had been and how he had spent the time. About the only comment he'll disclose is: "I didn't get married."

County Has Good Representation

47 members of Richland county farm women clubs attended the State Federation meeting in Fremont on Wednesday, October 15, and 14 of them represented the three clubs in this section.

Representing the White Hall Club were: Mrs. Doris Egner, Miss Gertrude Latimer, Mrs. Clarence Steele and Mrs. Mary Jane Hamman. The group representing the Get-Together Club consisted of: Mrs. Lucy Downer, Mrs. Dewey Reynolds, Mrs. Dave Webber, Mrs. Roy Lofland and Mrs. Arthur McBride. Mrs. Harley Kendig, Mrs. Woodrow Histon, Mrs. Richard Cuppy, Mrs. Carl Clawson and Mrs. Marion Welsh made up the Rover Club contingent.

Over 600 women from all over the state were present at the meeting, and will venture to bet that there was no lack of conversation in Fremont on that day.

LOCAL BUSINESS MEN APPEAR IN LIFE MAGAZINE

Readers of Life magazine were somewhat surprised last week when they opened their copy and on page 27 saw the pictures of Earl and Stanley Huston, local business men and farmers, standing out at them.

Earl and Stanley are featured as Eisenhower supporters in the article entitled, "A County Considers a Country's Issues," and just underneath them appear the pictures of Orly Amstutz and sons, Charles and Wayne, who are for Stevenson. The Amstutz family operates 994 acres of land several miles east of Shiloh on the Amstutz and Free roads.

The article is a double page layout covering Richland county in a cross-section poll of what voters think.

Almost Collide With Buck Deer

Alva Laser, the fast talking farmer who lives on the Springmill road southwest of town, talked just a little faster than usual one day last week when he told us about the big buck he nearly ran into a week ago last Saturday night.

Alva was driving on the Free road east of Shiloh when the deer came bounding over a wire fence near the home of Howard Sloan and raced across the road directly in front of him.

"I missed him by inches!" he exclaimed somewhat excitedly. "The first buck deer I ever saw wild in my life. I don't know how big they're supposed to grow, but this one looked as big as a horse. I'd have wrecked my machine sure if I'd hit him."

LEAVES FOR RHODE ISLAND

Gerald Alfrey, who has been enjoying a ten day leave from the Navy at the home of Mr. and Mrs. Roland McBride on the Noble road, left last Wednesday in his car for Rhode Island, where he will resume his Navy training.

Released From Hospital

Mrs. John Noble of Plymouth, accompanied by her sister, Mrs. Emma Lutz of High St., called at the homes of Mrs. Ailo Brumback and Mrs. Fannie Caldwell last Sunday afternoon.

Mrs. Myra Cleland Rowe from Canyon City, Colo., and Mr. and Mrs. Forrest Cleland of Mansfield called on friends about town last Thursday.

Firemen Put Out Leaf Fire

The third call within a week was answered by the Shiloh Fire Dept. Tuesday p.m. at about 3:00 when the truck raced out West Main St. to squelch a leaf fire that had run up to a chicken coop at the home of Mr. and Mrs. Donald Dawson.

Mrs. Dawson had been burning garbage, and, thinking the fire out in the container, dumped the refuse on the ground. Apparently a still live spark ignited the dry leaves with the resultant blaze.

A few scorched boards on the chicken coop was about the only damage. However, it could have been much more serious. Homeholders should exercise special precaution at this time of year when fallen leaves lie everywhere on the ground. Fanned by a strong wind, a little spark could soon enlarge to a conflagration.

Suffers From Heart Attack

Charles Caldwell, son of Fannie Caldwell, is confined in bed at his home at 610 Stewart Lane in Mansfield as the result of a heart attack suffered last Friday morning.

Mr. Caldwell, an employee of the Westinghouse Corporation, was getting out of bed preparatory to going to work when he was stricken and fell unconscious on the floor, striking his head on a nearby dresser.

At this writing, he shows some improvement, but will probably have to remain quiet for some time.

Another Big Sunday Dinner

Big Sunday dinners are getting to be a habit with W. J. Lehman. A week ago last Sunday he was one of 17 who sat down to a groaning table over in Willard and last Sunday he was one of 15 who sat down to a similarly loaded table at the home of his son Chalmers on route 13.

The dinner was in honor of Chalmers' son Gerald, who is enjoying a furlough from the Air Force before being sent overseas. Guests were present from St. Stephen, Shelby, Republic and Shiloh.

MARRIED AT LUTHERAN PARSONAGE

Refreshments were served by the hosts, and a pleasant evening was enjoyed by the members. The next meeting will be November 16 at the home of Mr. and Mrs. Wallace Harly.

LARGEST VOTE IS EXPECTED

This most important election year is expected to bring out the largest vote ever cast. Huron County is getting ready, as they are estimating that it will run from 20-30% of 21,000.
The Board of Elections has rented additional machines to cope with the situation, but they still anticipate an overpowering rush at the last minute. Merchants and manufacturers are being urged to vote early, and in some cities factories are closing down for the afternoon.
Staggering the hours for employees to vote would be a big help. The housewife is asked to vote early and not wait until the husband comes home if it is possible.
Vote—and vote early this year, on November 4th.

WE HEAR FROM OUR SUBSCRIBERS

Julia Einsel writes from Zanesville to make us happy by saying "Couldn't be without the Advertiser, even though we see strange names in print. It's still the home town news!"
The personnel in the old home does change some, but the face of the Square hasn't changed much. Out around the edges now, there is quite a difference, for like most other little towns, Plymouth is spreading out, surely and not so slowly.

We are most mighty pleased to hear from the Donald Frail family in Fairview Park, Ohio, which is somewhere around the map near the River and Lakewood and sure pleased us to find out they wanted to renew their subscription to the Advertiser, too. They say "We have enjoyed reading the Plymouth news and its nice to know what our friends are doing—our new neighbors are wonderful, too, just like the ones in Plymouth. They also enjoy the opportunity to hear such attractions as the Cleveland Symphony Orchestra, which presented a program recently at the Rocky River High School; and Eisenhower and Fred Waring at the public auditorium."

Mrs. Glen Norris from Columbus encloses a little note along with her check for renewal, and we always like it when this personal touch comes along. Doesn't seem like such a cold business deal, etc.

When the works' all done in the Fall, and country fire cracker and burns in the fireplace, then the landed gentry relax, then the Advertiser Whoos—maybe Verne and Violet Cole don't have a fire-place in their new home southwest of Plymouth, but we know they read the Advertiser anyway. Here's proof—their letter tells us "Keep the Advertiser coming. We'd be lost without it. It's like one of the family, and it's a day late—oh, my!!!!" (Bless your little old hearts, we feel cheered up now after a hectic time trying to get the paper out this week—Ye Ed.)

"Please find enclosed a check—those are the most welcome words in the mail these days. This time they are sent by Mrs. Frances Pifer, of Tiro, and she goes on to say—"Please continue sending me your paper which I look forward to receiving each week."

News from Mansfield and California. Mrs. Edna Kemp of Mansfield sends us the news of a new grandson, which arrived in the home of Mr. and Mrs. Alfred Pekman in California this summer. Mrs. Pekman was the former Betty Kemp. Mrs. Kemp also renewed her subscription to the old weekly saying that it affords her "a great deal of pleasure to keep up on the Plymouth news, and I always look forward to receiving it."

MOVES FROM NORWALK

Buckeye Argument Goes On, Even Here

Now just what kind of a tree is it in front of Elmer Markley's home on the Square, and what kind of a tree is on West Broadway in front of the Chrville Gullett home?
You see, there is still an argument as to which kind of trees they are—Buckeye, the tree of Ohio, or Horse Chestnut. There is a difference.
Public indignation almost boiled recently when in an Ohio Sesqui-centennial news story, someone slipped in the words "horseshoe-nuts" behind the word Buckeyes. It is thought to be some southern variety of the tree (some of Texas) and to clear up the situation the state commission asked Dr. Edward S. Thomas, Curator of the Natural History at the Ohio State Museum, to explain the difference.

Buckeye vs. Horse Chestnut
There is a great deal of confusion over the identity of the Ohio Buckeye and the Horse Chestnut trees. Buckeyes are often called Horse Chestnuts and vice versa, while many people seem to think that the two are synonymous.

The two trees are in fact perfectly distinct and easily recognized. The leaves of both trees are compound. Those of the Ohio Buckeye are composed of five leaflets normally, those of the Horse Chestnut of 7-9 leaflets. The leaflets of the Ohio Buckeye are yellowish green, broadest near the middle and tapering to a long point. Those of the Horse Chestnut are a dull, bluish-green, broadest toward the tip and abruptly pointed.

The fruits of the two species are similar, but readily identifiable. The pods of both are prickly, but the prickles of the Horse Chestnut are denser and stiffer and can easily draw blood if handled carelessly. Even in the winter, when there are neither leaves nor fruit, the two may easily be separated. The terminal buds of the Horse Chestnut are covered with a sticky gum; those of the Buckeye are dry and yellow-brown. The large clusters of flowers of the Horse Chestnut are a showy white (red in one cultivated form), an inconspicuous greenish-yellow in the Buckeye.

Finally, the Horse Chestnut is a cultivated tree, introduced originally from the Balkan states, whereas the Buckeye is not often planted in cities. A pretty good rule-of-thumb is: If you see it in the city, it is likely a Horse Chestnut, if in the country, it is a Buckeye.

BOOKS AND WEEKLIES FOR STAMP COLLECTORS HERE
For those in Plymouth who are collecting stamps or are interested in this fascinating hobby, there is now available at the Plymouth Library Volume I, 1952 edition, of

Scott's stamp book and catalogue. This book contains the news of stamps of the Americas, North, South and Central, of Great Britain and colonies.
The second volume will be in within 30 days, and this has the news and explanation of Asian & African stamps.
The same dealer who has made these two books available to the public readers, is also bringing in

copies of the weekly stamp publications, and these may be checked out for a time.
At some time this Fall there will be a stamp display at the Library and everyone is invited to go in and see it. Details will be announced later.

electricity

costs the average family less per unit used than in 1939!

No one need tell you that you pay more for nearly everything than you paid in 1939. But here's something pleasant about prices that perhaps you do not know: for one cost-of-living item, the average family pays much less today than thirteen years ago. That one item is electricity.
True, your electric bill may be higher... but that's because you're using more electricity. The real measure of cost is what you pay for each unit of electricity that you use. Here are the facts: The price residential customers pay us for the average

Kilowattour used is about one-third lower than it was in '39!
How many other things can you name that cost nearly one-third less per pound, per yard, per bushel—per unit used that is—than you paid for them thirteen years ago?
It is the greater use of electricity by the average family, plus technical advances in making electricity and bringing it to you, that have kept electricity by far the biggest bargain in the family budget!

A Chance to CHANGE
Herbert F. Freeman has been Prosecuting Attorney of Huron County for Twelve Years, and his younger brother, Bernard Freeman, who began law practice in Norwalk in 1946, now is a candidate at the forthcoming election for the same office. Should there not be a rotation in this office instead of having one family serve as the dynasty in the office of Prosecuting Attorney, monopolizing this office indefinitely?

The opportunity for wise rotation in this office of Prosecuting Attorney is given to all of us in Huron County by the election of Clifford F. Brown, a young, capable and experienced trial lawyer, who began practicing law in Norwalk in 1938.

Children To Receive First Communion
Next Sunday morning, Oct. 26th Feast Day of Christ. The King, three children of St. Joseph's Church will receive their First Holy Communion at 10 o'clock, during the second high mass. These communicants were instructed by the Sisters of St. Francis who teach in the Most Pure Heart of Mary School in Shelby and are Robert Wechter, Mary Jane Reber and Robert Gray of New Haven.

They will be led into church by the Cross Bearer Gerald McKown and two acolytes Robert Patterson and Steven Fitch, preceded by two little angels, Emma Jean Patterson and Paula Kester. Candles and flowers on the altar will form a pretty background for the solemn ceremony.

There will be a special service at 3 p.m. Sunday afternoon at which time the children will be enrolled in the Scapular of the Blessed Virgin and renew their baptismal vows. Benediction of the Blessed Sacrament will complete the services which are in charge of Rev. Conces.

Mrs. and Mr. Luther Brown and son Danny of Shelby, were Plymouth visitors on Monday evening.

Round The Square
Continued from Page One
about time we had a punkin pie, Mom?
—
TWO LITTLE DEERS (not deers) were observed taking lessons from mama deer on how to jump over a fence gracefully, down on Trux Street a Sunday or two ago. Mama would come up to the fence, jump over it and then back over the fence. One little fella made it, but the second had to be shown again and again but finally landed the trick. Motorists lined up to watch the unusual performance and finally all three dashed off into the woods belonging to Leo Barnes.

Hatch's remodeling sale continues. Drastic reductions on all stock.

CARD OF THANKS
We wish to express our deepest gratitude to Drs. Kaufman and Hannum, Miss Backer, nurses and nurses aides of the Willard Hospital, the Secor Funeral Home, Rev.
