

A. B. Graham Brings 4-H Club Message

The most important thing for young people to learn is "responsibility," and that is what the 4-H Clubs are teaching, was the message brought to the annual Richland county Achievement Day program in Mansfield on Monday evening. The speaker was A. B. Graham, of Clark county, one of the earliest workers in the 4-H organization in Ohio, and who is now 85 years old. After working with boys and girls for over 50 years, he states that working with youth is the way to stay young!

There were more than 500 in attendance at the meeting at John Appledorf auditorium most of them being 4-H club members of the county, and their club advisors.

COON HUNTERS

At last, the waitin's over—it couldn't pass too soon—
 And now, in mid-November,—they're once more chasin' coon.

Don an' Frank an' Johnny, Jim an' Fred an' Goose—
 By'r'ry local cooner is once more on the loose,
 Tearin' through the briers, trugin' through the corn,
 Stumblin' through the blackness from early dark till morn;

Ignorin' cold an' hunger an' winds that knife an' sting,
 The time, the need of slumber an' just 'bout everything,
 All for that thrill of hearin' somewhere beneath a moon
 The clamor of their coon hounds "barkin' up" a coon.

JUVENILE GRANGE First Week's Sale Of T. B. Seals Reaches \$1454.00

The first week's returns from Christmas Seal letters now coming in by mail to the headquarters of the Huron Co. TB & Health Assn. have reached a total of \$1,454. Arlo Swinehart, county yester-day Seal chairman, announced Tuesday.

Paying tribute to post office workers who delivered Christmas Seals to county residents and will be bringing in their contributions.

Help Fight TB

Mr. Swinehart said, "The cheerful assistance of these hard-working public servants is invaluable in the campaign to raise funds for the fight against tuberculosis. It is like to recall the fact that it was a postal worker who started the whole thing. Einar Tolboell, a Danish postal clerk, first thought of using a special stamp on Xmas mail to raise money to fight disease."

Christmas Seal money, Mr. Swinehart explained, is used in this county for TB prevention and control projects.

The sale opened Nov. 17 and will continue through Christmas.

Anyone desiring more seals should write to the Huron Co. TB & Health Assn., in mailing address P. O. Box 148, Norwalk, or should call 2753 Norwalk.

Heck Cleaners Add New Process

Announcement this week is made by Art Heck, who operates dry cleaning establishments in Plymouth and Willard, that he is now offering a new process, "Sta-Nu".

Sta-Nu is a new development in the dry cleaning industry that homogenizes vital textile oils back into the fabric, thus making the cloth keep its full freshness as though it were new. Sta-Nu is a scientific development which utilizes fabrics keeping their original color and freshness. It is the miracle finish that maintains the quality and appearance of clothes no matter how often they are dry cleaned.

In taking on the Sta-Nu process Mr. Heck states that he is confident that dry cleaning patrons will appreciate the newness and wonderful appearance of suits, skirts, jackets and the hundreds of other articles that come into Heck Cleaners for dry cleaning. He also points out that Sta-Nu has a great tendency to make clothes hold their original shape longer.

The dry cleaning plant is located in Willard, and Mr. Heck states that a new 4600 sq. ft. building has been completed to give more space for equipment and to facilitate handling the large volume of garments that come into the plant. It will be somewhat dubious about having certain types of garments cleaned by Sta-Nu, but what was clear at ease now, and with confidence have those garments dry cleaned with the knowledge that Sta-Nu will add the extra touch to their original beauty and freshness.

The Sta-Nu process is licensed only to be used by Heck Cleaners in Willard and Plymouth.

HOME FOR CHRISTMAS

JUNIOR CLASS PLAY WAS WELL ATTENDED

In spite of the wind and the rain, the High School Junior Class had a very good audience for their annual class play. The cast, directed by Miss Patton, and other actors, had worked hard to make the play a success, and were commended on their efforts. The play was well cast, and no one member could be singled out for special congratulations. The audience was much amused by the dialogue and situations, and there was one thing we all agreed on—Didn't Party have a wonderful time? You could tell she wasn't work for him - it was fun!

PILGRIMS WIN OVER LEESVILLE BUT DROP SCORE TO MARGARETTA IN FAST GAME

By Emil Sarge
 Last Saturday the Pilgrims traveled to Crestline and played last year's Crawford County champs. Leeville spoiled the opener by the score of 59-46.

The taller Pilgrims failed to control the rebounds and lost many scoring chances. They trailed by only four at the end of the first period and were led 27-20 at the half. In the third period, Leeville pulled away to a 45-33 lead over Plymouth.

The Pilgrims showed a lot of promise but seemed to suffer from lack of experience. Betts led the scoring with 12 points closely followed by Meiser with 11 points. Plymouth lost both Meiser and Norris in the foul route.

In the reserve game, Plymouth lost by a 44-32 score as they also showed a great lack of experience under the conditions. Port led the scoring with 11 points.

THE RAINS CAME BUT MUCKLAND STILL BURNS ON

Unless torrential rains or melting snows cover the muckland which is burning west of Plymouth, the fire will continue to burn for awhile. The rains which have come haven't been sufficient to stop the damaging fire, which has been burning for weeks.

The fire is now undermining the county road to some extent.

John Spino, 70, plans on staying at home and continuing to work with his dog to keep him company, even though the smoke and fire are a continual menace. He has lived in the area for the last 48 years, and was born in Austria. Since the corn crop burned, he may have to sell his hogs, but Spino is planning to stay unless burned out.

FRONT PAGE NEWS this week is an account of a Dr. Jekyll and Mr. Hyde personality who was killed in St. Louis. Mo. A Mr. Jackson, a supposed well-to-do ice cream manufacturer was slain while trying to rob an enormous money truck with an ingenious automobile bomb.

How times and means have changed, but not the motive. It is just 42 years ago this Dec. 16th that another Dr. Jekyll and Mr. Hyde was killed by F. C. Wood, Marshall of Greenwich Mr. Thorr E. Woodworth in looking over personal effects of a relative, came across a picture of Ed Quinn of Illinois who was a ringleader of a gang of robbers and shot in an attempt to hold Mr. Quinn well-to-do. The photo taken by Shedy, Greenwich, Ohio, with rights reserved, shows Mr. Quinn wearing a derby hat, well-dressed, and looking more like a banker than a robber... the only catch is, he is dead and by looking closely, the photo shows an arm holding a gun. Quite a sight near the Greenwich Lumber yard.

Photos, not fingerprints evidently were necessary that many years ago for identification.

There's a new addition to the Stella Hatch family. In fact, there are seven new additions. A litter of seven pups, all of them well-to-do, to "Pam" over at Dr. Benson's veterinarian hospital. They will be brought to the Hatch home sometime this week, and no doubt in time will be offered for sale.

Betty Hutchinson Watches Buffalo Milked In Italy; Describes Farm And Its Owners

(Editor's Note: Here is another interesting letter from Betty Hutchinson, International Farm Youth Exchange Student to Italy. In this letter she tells about the buffalo being milked and how each buffalo comes when called.

The letter is written to Jack Mount of the 4-H Club in Columbus who releases same to the county office in Mansfield and in turn to the local newspaper.

Some of Betty's letters were delayed in the mail, but they are so interesting that we are printing them.

Sept. 6, 1952
Latorina Rinaldi di
Fiorenino
Battipaglia, Salerno

Dear Jack and Folks:

Wouldn't you like to come along with me and see the buffalo being milked? It is 6:00 in the morning. Only a few minutes ago I got up and dressed and drank a tiny (demissimo) cup of black coffee well saturated with sugar.

The owner, who also manages his farm, and his 11 year old son are taking me in a small Italian (fiat) station wagon. We 3 squeeze into the 2 front seats and start for the pasture.

After a few minutes ride we see the buffalo and soon we are to the corral where they have been all night. It is not very large and fenced off from the other fields and daytime pasture. To one side is a shelter built of cane with a roof of metal. Under this shelter the men are milking the buffalo. In this corral there are 70 buffalo and many calves—3 tiny ones only a day old.

We left the car at the gate and are walking toward the shelter. To the right is a low spot—a shallow lake—and there are about 6 buffalo lying down, relaxing in this water. The buffalo cows seem very lazy. Each buffalo has a name representative of the farm, people or country locality. The calf also goes by the same name.

These animals seem very intelligent. As soon as their name is sung out by one of the workers, the animal starts to the shelter. There the worker opens a gate of a

small pen where calves have spent the night and the cow's calf responds to the name being sung by coming to its mother. Then the cow is milked simultaneously by worker and calf and in a short time is finished.

After all the cows are milked the workers drive the animals out to pasture and the man from Battipaglia loads the cans of milk in a 2 wheeled cart drawn by a donkey. Then he gets in a cart and drives away to Battipaglia, nearby village where Mozzarella is made from the milk. Mozzarella is a fresh cheese—very white and smooth, something similar to cottage cheese.

This farm is located in Southern Italy near Salerno just below Naples. It is right on the ankle of the boot. There are about 300 acres and the farming is diversified as in all of Italy. Grain, tobacco, sugar beets, fruit, (oranges, apples) nuts, and vegetables are produced on this farm. I am very happy to be able to live with the family in the fattoria. My host, Mr. and Mrs. Rinaldi are both owner and manager of the farm and have 4 children. This is the family I'm visiting and with whom I am living.

This farm is on a level land along the seashore. The house is about 2 miles from the sea. Very near are mountains and the well-known volcano, Pompeii, and the ancient city of Paestum are not very far to the north.

The people love their homes and country and on each farm I've visited they have told me it is the most beautiful part of Italy. Especially here at this village of Battipaglia, everyone tells me it is the best part of Italy. In this area the people seem very lively and gay and they sing many songs. Songs which are lively, lighthearted and gay—typical songs of Naples. The language is spoken a little bit differently than it was in Florence and the surrounding country. Here the words seem to be rolled and the ending shortened.

On this farm I'm afraid I will not be able to get very close to the farmers or workers. There seems to be a big loophole between the owner and workers. This family is very kind to me and it appears as if the father has taken over the next 2 weeks to drive me around the country everywhere. Already I have met many people in the small village which makes me very happy. In fact this is the first time I've met many persons of the farm in the local community. This is only the second day here so perhaps I'm not well enough acquainted with the farm and family to write my opinions.

I am happy to know there is an IFYE from India in Ohio. I'll be looking forward to meeting more IFYE's after I return.

Enclosed are 2 pictures from the last farm I visited. The people love to have pictures and some families have had many photographs of their family before. Such was true of one family and I was very happy to be able to send them pictures so they could have a remembrance of their son.

May this year's Ohio 4-H Club Congress be a very fine one. I am striving to live up to the IFYE program in the best way I know, here in Italy.

Tanti Saluti from me and all our Italian friends
Most sincerely,
Betty Anne Hutchinson

CHANGE OF ADDRESS

A card from Martha Garrett from Sebring, Florida changes her address for the winter from New Haven, Ohio. She asks that the news kept coming as she does not want to miss the home town items. She also states it is rather cool for Florida at the time of writing.

With Plymouth and area experiencing a new high in temperature for this time of the year, wouldn't be surprised if the natives of Florida wouldn't start a trek northward.

AT CAMP MEADE, MD.

Word has been received from Billy Chronister, who left Mansfield last week for training in the U.S. Army, that he was being sent to Camp Meade, Maryland, and that his address would be sent along later. Well, good luck, Bill, and we hope they serve you a dandy turkey dinner today.

The Congressman pointed out that graduates of the Academy's four-year course receive an Ensign commission in the Coast Guard & a Bachelor of Science degree in engineering.

"Candidates must be single, between the ages of 17 and 22, and in excellent physical condition. They must be able to show proof of their good moral character and standing in the community."

The minimum educational requirement is a high school diploma although high school seniors who are assured of being graduated by June 30 are eligible to take the examination if they will have at least 15 credits by that date.

All applicants must have three units of English, two of Algebra, and one each of Physics and Plane Geometry.

Tribute Given M. Davis By Eatonville

Just as all Plymouth friends of the late Maurice Davis were shocked by his sudden death in October, so were his friends and neighbors of the town in which he made his home since leaving Ohio, Eatonville, Washington.

We have received a newspaper carrying the story of his death, and a very fine tribute was also paid to Mr. Davis by the editor of the paper who published on the front page of the Dispatch, the following:

"Maurice Curtis Davis, whose death has left a void in the community, was a man whose life centered around music in all aspects, and though a true artist in their own right, he had equally the wonderful talent of being able to instruct and inspire the youth of the schools in the world of music."

"His loss will not only be felt tremendously as the days go on by the community at large, but more especially by his students and a few teachers at the schools where he has been such a vital part during his seven years here."

"As though this weren't enough he found time to write many choral numbers, three of which have been published this year by a New York concern. He also wrote a march for the 56th Air Force Band, of which his son, Maurice Jr., is a member, and it has been made the official march."

"Mr. Davis' accomplishments during his short lifetime were possible only through his love of fellow man, and the affection returned. Those of us who remember Maurice Davis when he resided in Plymouth, Shelby, and other localities near here, agree with this fine tribute."

We Hear From Our Subscribers

Mr. and Mrs. Tom Sharda will be reading the newspaper in Bradenton Beach, Florida this week. Maybe we could trade a little snow for a little sunshine.

Another note about Miss Mary Sibbett has come into the office, and it makes us more than ever wish we had known the lady. Say Mrs. Verda Weller, "I was one of the very fortunate ones to have had Miss Sibbett for a teacher in the First and Second grades, as well as both of my brothers. I truly believe no other teacher in the Plymouth schools was ever held in the high esteem of the whole community that was Miss Sibbett's pleasure, for the longest term of service. She was always loved by her pupils and parents as well. It was because of my great admiration for her,

that I decided when I was in her Second Grade, that if I lived long enough, I was going to teach First Grade. One thing I remember was how delighted we used to be when her sister, Mrs. Hoffmann, would bring her little girl with the beautiful red curls to school to visit. That little girl is now Mrs. Beryl Miller."

Frome Cabanne Place, St. Louis Missouri, Dutch Babcock takes time out to tell us that he enjoys the Advertiser now just as he did when over seas. "It doesn't seem that I am so far away when I can read all about the people back home." Judging from the tone of Dutch's letter, he doesn't think the weather in Mo is much better than that around the Square here, and wonders what Mr. Truman thinks of Mo. now that the ballots are counted!

We hear from Josephine Rogers who now lives in California, and she very kindly sends us several copies of reading material! The Parade of Progress, a newspaper special, was put out by the Long Beach Press-Telegram, and as it is full of pictures and print both, it will furnish us with a good many evening's reading.

Nuptial Vows Exchanged Saturday

In a very pretty wedding, Miss Shirley Mae Buzzard exchanged nuptial vows with Henry Charles Phillips, Saturday morning, November 22, at 10:30 o'clock, in St. Joseph's Catholic Church, Fr. Joseph Marinack of Sacred Heart Seminary, Shelby, officiated in the High Mass, double ring ceremony, before an altar bank of white spider-cum-buzzards.

Miss Buzzard is the daughter of Mr. and Mrs. T. E. Buzzard of Willard and Mr. Phillips is the son of Mrs. Albin Habler and the late Mr. Edward J. Phillips, of Plymouth.

The bride, given in marriage by her father, wore a gown of white slipper satin made with a round lace neckline and long, light streamers. The skirt attached to a bodice fell into a full length train trimmed in lace. The coronet of lace held her fingertip veil and the bridal bouquet was of white carnations tied with white satin streamers.

Serving as matron of honor was the groom's sister, Mrs. Irene McLaughlin of Shelby, who carried a gown of light orchid chiffon, and she carried a bouquet of yellow carnations.

Miss Lucille Munnier, of Willard, was a bridesmaid. Her gown was of light pink chiffon and her bouquet was of blue carnations.

Miss Nancy Buzzard, sister of the bride, also served her sister as a bridesmaid, wearing light blue chiffon. She carried a bouquet of white carnations.

All three gowns wore matching flowers in their hair.

Clyde Phillips, brother of the bridegroom, served as best man. Ushers were James Buzzard, brother of the bride, and James Phillips, brother of the groom, Billy Phillips from Richmond, Michigan, and nephew of the groom, was the ring bearer.

The mass was sung by the seminarians of the Sacred Heart Seminary, of Shelby, and mass servers were Gerald McKown, cousin of the groom and Leroy Fritz, nephew of the groom.

The 94-year old grandmother of the bridegroom, Mrs. Amelia Phillips, was able to be present at this wedding ceremony.

Mrs. Buzzard chose for her daughter's wedding, a dress of black crepe with black accessories, and she wore a corsage of red rose buds.

Mrs. Habler wore a black taffeta dress, with black accessories, and her corsage was also of red rose buds.

RECEPTION
Following the ceremony the wedding breakfast was served in the home of Mr. and Mrs. Charles R. Suttles for the bridal party and the family.

The reception for around 250 guests was held at 1:30 p.m. at the New Haven High School auditorium. The table was decorated with floral arrangements, one of which encircled the large, four-tiered wedding cake decorated with pink rose buds and green leaves. It was topped with a miniature bride and groom. On either side lighted tapers in three branch candelabra were placed.

The bride, Mrs. Phillips attended Willard High School, and the bride groom attended New Haven High School.

For their wedding trip to Michigan and then through some of the southern states, the bride chose for her going-away suit, navy blue, with red accessories and a corsage of red rose buds.

Guests were in attendance from Cleveland, Elyria, Euclid, Parma, Wickliffe, Mansfield, Shelby, Akron, New London, North Fairfield, New Kensington and New Holland Pa., and Richmond, Michigan.

A beautiful wedding ceremony union Miss Louise Reber and A/1c Richard Lowery took place in St. Joseph's Catholic Church on Saturday, November 22, at 9:30 a.m. A nuptial high mass performed by Rev. Fr. Conces with double rings exchanged by the couple. Mr. Reber wore a tuxedo and Mr. Lowery wore a suit. Mrs. Jack Lowery are the parents respectively.

In keeping with the tradition of simplicity of the decorations, white spider mums were centered on the main altar.

The bride, given in marriage by her father, wore a lovely gown of white slipper satin featuring a long circular train with a bouffant skirt of satin with Alencon lace at the bodice and cascading down the front middle of the skirt. Tiny satin covered buttons began at the back neckline continued to the waist.

Red lace was applied at the square neckline, and the long sleeves came to points over the hands. She wore a silk illusion fingertip veil with a beaded Juliet cap.

The bride carried a bouquet of white large mums and wore a mother-of-pearl miraculous medal.

The groom, as was the best man, A/2c Thomas F. Murphy of New York, were attired in their blue Air Force uniforms.

The bride's brother, Leo Reber of Bucyrus, and her brother-in-law, David Coover of Plymouth were ushers.

Guests attended from Plymouth, Mansfield, Ashland, Shelby, Ottawa, New Bavaria, and Holgate.

The dinner and reception was held at the Plymouth Orange Hall. After an afternoon of dancing, the couple left for an undisclosed honeymoon.

The mother of the bride camp attired in a violet colored dress with matching accessories and wore a corsage of yellow carnations.

The bride graduated from Plymouth High School, and was employed at the Wilkins Depot. The groom graduated from Plymouth High School and is in service with the Air Force.

Mrs. Hannum Hostess To Tourist Club

Mrs. Irene Hannum entertained The Tourist Club Monday evening with dinner served at the home of Mrs. Miller in Willard and the lesson studied in the Hannum home in Plymouth.

Mrs. Belle Bachach conducted the business meeting in the absence of the president, Mrs. Grace Brown, and Mrs. Lura Webber had assigned an article entitled "From Sagaborn to Roeses on the Columbia," from the November Geographic Magazine. The official turning on of water to start a mill-ion-acre State and Federal Irrigation project in the Columbia River Basin occurred on May 29th, 1952. This was the fulfillment of a 35 year dream.

Four major dams and ten dams under construction are situated in the four states, through which this huge river flows, namely, Washington, Oregon, Idaho and Montana. The mountain scenery is majestic and cities grow rapidly when irrigation projects turn dirt soil into fertile fields.

After the study of the lesson—each member responded to roll call which covered a variety of subjects. Little Miss Bonnie Hannum entertained her audience by singing two numbers, accompanied by records.

The club then adjourned to meet in two weeks with Mrs. Ruth

All the little girls in the Third Grade were invited to celebrate Linda Kessler's tenth birthday last Saturday afternoon, at her home on Trux Street, with her parent's Mr. and Mrs. Marvin Kessler. Those who were able to attend and have fun at playing games and contests, were Edna Ross, Patty Forsaker, Linda Pitzer, Judy Vogel, Marcia MacMichael, Martha Curran, Ehel Simmons, Beverly Hunt, Jeanette Laub, of Plymouth, and Brenda Landis of Shelby.

After Linda opened her many nice birthday gifts, a lovely luncheon was served to the little guests. Mrs. Robert Laub of Shelby assisted her sister, Mrs. Kessler, with the arrangements and serving.
