Roy J. Johnston Jr., better known as Bud in Plymouth received a "superior" or one rating in the state finals for elementary and high school vocal and instrumental solos and ensembles held Saturday, April 19th at the senior high school in Springfield, Ohio. This rating classifies him among the top trumpet players of high school age in the State of Ohio...

SEEKS ACTION ON STRAY DOGS

An ad in this week's Advertiser is directed to owners of dogs who permit their pets to roam at large. With gardening beginning in earnest after the past week of warm and beautiful weather, it is very disconcerting to say the least, to have the neighbors dog or dogs run through and over newly planted vegetables.

A number of complaints have already been sent into city officials and owners are urged to fine. There are also a number of strays dogs which will be picked up by the county dog warden in due time.

"Give To Conquer Cancer" Drive On

Plans for the Plymouth participation in the drive to raise funds to "Conquer Cancer" have been made by The Woodworth, local chairman and James Root, his co-worker. Some solicitors have been signed, but more volunteer help is needed, so those who will kindly help, please see one of the above named men.

The "Give To Conquer Cancer" contribution cards have been placed in public places for those interested and help. 50% of the funds raised are kept in local territory, and anyone at all may enter the contest. The Woodworth, local chairman at the Shelby hospital, is in charge of the drive.

There are a lot of calls for long-suffering. Please, if for some reason or other, we'd just as soon donate to worthy causes like this one, than to decorate the White House with the initials of the donors to furnish African bases, mink coats, or nerve medicine for the Korea treaty for the past year.

Mothers To Assist With Junior-Senior Banquet Activities

Mothers of the Junior class members met to discuss taking charge of the kitchen for the Junior-Senior banquet. Plans are underway and committees have been appointed.

It was previously voted by the junior and senior classes that an all night party be arranged for them as has been done in the past. Mrs. Kirschner, junior class sponsor, presented the request to this year's group of mothers. After a discussion, it was voted to sponsor this affair. This responsibility is a large one and will need the full cooperation of parents and community. There will be a supervised discussion of the objects on the shelves below. We're not sure, but we think Mr. Strine and some of the Fifth grade might have had something to do with this fisherman. The way the kiddies have been taking fish pond "fish" to school, we wonder if there are any items left around the village homes?

Further details will be printed next week. The Junior Mothers.

AROUND THE SQUARE

THERE'S A LOT OF interest in the Fish Pond for Friday evening at the school. In fact, one fisherman has been caught and put up on top of the display cabinets at the Elementary School building, where he is patiently trying to hook something he wants from the accumulation of objects on the shelves below. We're not sure, but we think Mr. Strine and some of the Fifth grade might have had something to do with this fisherman. The way the kiddies have been taking fish pond "fish" to school, we wonder if there are any items left around the village homes?

OH YES, those fellows in Washington are making a big deal out of hooking inflation. They sure are. The price of bread went up two cents, after the Office of Price Stabilization and Control announced an increase over the 1949 levels. Now we need a step ladder to reach for the staff of life.

DO WE OR DON'T WE? That's the question! With Mansfield and Shelby going on fast time Sunday, and the top of the city of Mansfield will have to do something about the situation. Not that we particularly like this Daylight Saving stunt, but it might make it more convenient if we were all in the same boat, or more appropriately, on the same clock.

SPRING HAS officially arrived—the benches are outside now for the loafers that have contracted Spring Fever. Now if they would just congregate around the places where the Indians' baseball games are broadcasted every night, I wouldn't have time to sit down and listen any way.

THINGS TO COME—A new electronic gimmick, hardly bigger than a book of matches automatically starts the mechanism to roll up the windows of your car and raise the top of a convertible at the first drop of rain... Baker, meat packaging plants, groceries, restaurants, furniture and carpeting are being treated with a new vaporizer which is said to cover effectively 10,000 to 15,000 cubic feet. A bag of crystals described as safe, odorless insecticide will last two weeks of continuous service. A new chrome towel rack with thirteen rods which will fold down when not in use. Plenty of space for a large family's bathroom needs.

GIFT BOOKS Miss Viola Kessler has presented a gift of books to the Plymouth Library. The books are being catalogued and placed for circulation.

CONTRIBUTIONS RECEIVED FOR FLOOD RELIEF WORK Contributions and checks have been received by Mrs. Karl McGinty to be sent in for the mid-western flood relief work being done by the Red Cross. All these contributions have been voluntary, and are not connected in any way with the annual drive of the church in case any other groups or individuals wish to contribute. Mrs. McGinty will be glad to forward the funds to the Red Cross and Plymouth will receive credit for the same.

C. E. Convention Opens This Sunday The Christian Endeavor spring convention for Richland county will begin at 2:30 p.m. on Sunday, April 27, with registration of delegates at 10:30 a.m. at the church. Christ, Miss Marie Mumea of Plymouth will preside over the young people's and adult sections, and Mrs. Fred Reiter of work being done by the Red Cross. All these contributions have been voluntary, and are not connected in any way with the annual drive of the church in case any other groups or individuals wish to contribute. Mrs. McGinty will be glad to forward the funds to the Red Cross and Plymouth will receive credit for the same.

MOVING THIS WEEK Dr. and Mrs. Pierre Haver and children are moving this week from Mansfield to their new home on Sandusky street, which they purchased from Mrs. Helen Hoffman.

The Executive Committee of the C.E. Society will meet Monday evening, April 28, at the Presbyterian church at 7:30 p.m. The person who is an officer or heads a committee should plan to be present.

The regular monthly Society business meeting for the month of May, will be held after the discussion period, Sunday evening, May 4th.

There will be interesting activities coming up this summer, so let's get on the ball now, and get something done. Mr. and Mrs. Richard Banks, R. D. 2, Shiloh, are the parents of a son, Harold, Wednesday morning, at the Shelby Hospital.

Starting Sunday at the Castanhe Star Hayrind in one of the finest pictures of the season, "With a Song in My Heart".

**ANTHRAX SHOWS UP**

The State Laboratory returned a positive diagnosis of Anthrax from specimens submitted by Dr. W. R. Henson, Shelby veterinarian. These specimens were from a farm in southern Huron County.

Dr. Henson states that the danger of Anthrax spreading from farm to farm is negligible and that the danger of infection from animal to animal is very slight.

The reason for the quarantine of an Anthrax case is to keep all animals under surveillance for 21 days. If no new cases are discovered in that time it can be considered that all danger is past.

The danger is not in the sick animal but in the dead ones. The bacteria must undergo a change in the dead carcass to be infectious. Anthrax is easy to control but the Division of Animal Industry wants to eliminate it from Ohio if possible. No doubt but that this case occurred through the purchase of some feed as this farm is one of the most sanitary and well managed in this area.

For the Candlelight communion service, "Oh Savior of the World," Mrs. Goyette and "In An Apr Evening," by Robertson.

On Easter morning, "Christ Has Arisen," by Franz Schubert, and "The Holy City," by Adams. A prayer of dedication was made by the pastor, Rev. L. E. Smith, after the announcement of gold antependia and altar cloth, from the Wesleyan Guild; the white satin choir stoles, with gold cross, from the Bethany Circle and choir members; and the new hymnals. Easter flowers used in the church were distributed this week to those in the community who are ill, or are shut in because of health or age.

The high spot of the business session was the treasurer's report, read by Miss Alta McGinley, which showed that financially, the class had enjoyed the best year of its history, that it has contributed to many needy activities, both at home and abroad, has written a generous check to the local church budget and has added another substantial sum to the Methodist church building fund. Future plans for the church were discussed, after which the ladies enjoyed a jolly time with conversation, poems, and songs. **Ohio State Employment Service**  
Representatives from the Ohio State Employment Service interviewed Seniors Tuesday, April 22. Aptitude Tests had been given some of the seniors earlier. Some were absent the day the test was given.

The aptitude tests were graded and then three specialists returned to the school and made recommendations to the seniors. Perhaps some of the seniors will obtain jobs thru this medium. Perhaps some will only receive advice.

After the program is complete it is our intention that the testing service shall be evaluated to determine if we will make use of the state facility next year or not. **Freedom Fair**

The Senior high school of Plymouth visited the Freedom Fair Monday, April 21. The fair was held at the Mansfield Airport and was a huge success.

The first item on the program was a recording of the Voice of America broadcast. This broadcast illustrated how the government is using the radio to fight communism.

Many industries in the Mansfield area had exhibits. The primary motive of these exhibits was not to advertise but to show how private enterprise and the American Way has made us what we are as a nation.

Your superintendent came away from the Freedom Fair with a little more appreciation for the American Way and was more certain that we do not want to lose the rights and privileges that we have. I am certain that some of the pupils developed the same ideas.

## Brother Passes Away

Burial was made in Ashland Cemetery. Survivors include three daughters; 3 grandchildren; 4 brothers and 3 sisters. Mrs. Frank Myers of Plymouth being one of the sisters.

## Jerry Writes from California Station

A good many of our local boys are finding out what life is like in far away places, and some not so far, and their letters home are always enjoyed by their friends as well as their families.

Gerald Schneider, who is stationed at the U. S. Coast Guard Training Station, in Alameda, California along with Donald Smith and David Sams, also from Plymouth, writes about seeing Plymouth friends in that western state. It's always wonderful to see a face from home, isn't it?

"Dear Mom, Dad and Carol, I got two letters from my to-

day probably because we didn't have any mail call Saturday since everyone was on liberty. I have talked to several Air Force men about catching a plane home. They say you can't make any plans on a flight until the day before and then it is first come first served. I guess I had better stick to my regular air line reservation if I want to get home.

"David seems to be doing pretty good. I talked to him for a few minutes this morning.

"I don't mind rowing so much after I got used to it. I got a letter from Lewis today, and he has been pretty busy. He still hasn't passed his swimming test. I went swimming for the first time this afternoon but didn't accomplish much. There are about 25 guys from our company in the 'non-swimmer' class.

"This morning we had our pic-

tures taken for our identification cards.

"Saturday on liberty, we went to Frisco as usual. We went to Fisherman's Wharf for dinner. We really enjoy the meals down there. We also enjoy riding on the cable car going down there. After dinner we went to the Golden Gate Bridge. We walked but to the middle of it. There were many nice views from there and we took some pictures. I hope we get some good ones.

"From the Golden Gate Bridge we went over to the Golden Gate Park which is a very beautiful park. It covers a lot of ground. I think it is second to Grand Central Park in New York City. It has an aquarium, museum, amusements, a beach on the Pacific Ocean and many other things but we didn't have time to cover too much of it.

I hope we will sometime.

"Don and I had a scare Saturday night. One of the fellows had \$12 taken, and our C.O. said if it wasn't returned nobody would get liberty Sunday and as you know, Don and I had planned to meet Sponsors. The money was returned and everything was O.K.

"Sponsors (Carl and Fay) met us at the gate Sunday morning. We went to church with them in Richmond. Fay had a picnic dinner prepared and we took the San Rafael Ferry across the bay to Muir Woods. It was very good fried chicken and everything else that goes with a picnic. Muir Woods is pretty well up in the mountains, and has some of the California redwood trees. It was very beautiful and we enjoyed it very much. After that we went down across the Golden Gate

Bridge and took a tour part way around the bay.

"They bought us a lunch in a restaurant just before they took us back to the bay; in the evening. Then Fay gave us some bananas and potato chips to take with us.

"Sponsors really treated us swell. They want us to come back again when David can come along. I am enclosing a picture I cut out of the San Francisco paper. It shows how thick the fog gets around here sometimes. In the picture it almost hides the Bridge.

"I don't know if I will ever catch up answering letters before I leave here. I have about 20 to answer now and more coming in every day. I sure appreciate the mail but I hope some people don't get too mad when I don't answer right away.

"Well, I had better close for now. Lots of love — Jerry"

## "THANK YOU FOR THE CHANCE to watch my daughter grow up"

I don't think I would have known how to say good-bye to my little girl. Thank you for the chance to watch her grow up . . . The doctors tell me that now all the disease in me has been destroyed. I'm going to live.

I'm one of the lucky ones—one of the 70,000 saved each year from cancer. There should be more of us . . .

When I was helping raise funds last April for the Cancer Crusade I never thought I was really working for myself—never dreamed cancer would strike me.

The dollars you give to the American Cancer Society mean so much to those of us who face cancer. Those dollars paid for the leaflet that sent me to my doctor . . .

He told me yesterday they paid for his training on an American Cancer Society fellowship.

Yes, I am one of the lucky ones.

With your help there will be many more . . . thousands more. Won't you show you care with a generous gift? Thank you, thank you very much.

## Junior-Senior Banquet, May 2

The Junior and Senior Banquet this year, will be held May 2, with the dinner beginning at 5:30 with Dick Kirshendall's Orchestra in charge of the music. Following the dinner there will be a program in which the Juniors will be in charge. After the program there will be dancing until 11:30. At this time there will be a snack served by the mothers. Following the snack the members will travel up to the local theater and attend the midnight show. When the show is over they will go back to the school for their breakfast, and thus ending the Junior and Senior Banquet of 1952.

## What's Buzzing At P. H. S.

The new twosome at P.H.S. is Lock Allen and Georgianna Pitzzen. Will the juniors ever bring their over-due books back or pay their fines?

Is Ronald Norp's favorite pastime in Journalism singing so someone else has to move to the front of the room?

What did Jeannette Muma and Faye Goldsmith do at Phyllis Willet's place Tuesday night?

Whose lap was Betty Carter sitting on Sunday night?

Believe it or not but Betty Lynch finally cleaned out her typing work-book for the first time this year.

Who was Jack Bradford out with Saturday night from Willard?

What was all the excitement at Sue Halbig's Tuesday night?

Does Jeannette Bettae always read a book when she goes to a party?

Do Miss Patton and Mr. Kirshner have a luncheon date every day?

Why does Mr. Poling always put some junior girls in the front of the room?

**MORE MOVIES!**  
 It seems a school week can't pass without the P.H.S. students seeing a movie, and to top it all, they keep getting better all the time! This week on Friday, we saw two picture shows. The first one was "Joe's Kid", a story of a small girl who was an orphan. The second film was "A Tree Grows for Christmas", a film on how Christmas trees are grown. Both films were good.

**Mystery Personality**  
 Last week's Mystery Personality was SHIRLEY BRADFORD. We will go to the Freshman class for this week's mystery personality and as we stop at one girl's desk we find that she is 5 ft., 2 in. tall with brown hair and hazel eyes. Though she is small you will know she is around for she loves to talk and laugh (sometimes this can be

annoying to the teacher). She goes for some of the older fellows, especially Larry R. We asked her if she had any hobbies, but the only one that she replied was "sewing". One thing else, she lives in the west part of town.

Can you guess who this 'Freshie' could be? — Mystery Reporter

## Sports Views

Why does Joe Bettac like to be called Housag Wagner? Could it be because of that 400 batting average?

Dan Eby seems to have snapped out of a three year hitting slump after he failed to get a hit in 23 trips to the plate. At the present he is hitting .450.

Donald "Ralph" Norris likes to swing at drops. It seems at the Bellville game "Ralph" was calmly standing in the batters box awaiting the next pitch. The pitch came in about two feet over "Ralph's" head. He swung hard and missed. Frail asked him what he was doing swinging at such a pitch. "Ralph" stuttered for a minute and then came up with this remark, "I thought it was going to drop."

Joe Bettac is a very dependable hitter. He has come to bat three times with men on base and has driven at least one run in.

## Can You Imagine

—Alice Muma not talking and laughing with Jessie in Journalism?

—Mr. Frail not looking at hot red books in the last period study hall?

—The girls wearing bathing suits to school?

—The Juniors not laughing at

—The junior girls not going to the Coliseum on Sat. nights?

**Its value grows in EXPANDING CIRCLES**

With living costs still running wild, one item in your budget really is lower today than in 1940 . . . your telephone . . . You work on the average today 2.3 hours to pay for your home service while in 1940 it took 4.3 hours. Although most prices have doubled, your rates have gone up only 15%, this in 1949, first in 20 years.

Then, too, your telephone value is greater . . . 100% more telephones than six years ago . . . faster long distance service. This is so because we are constantly expanding, \$2,890,000 worth in 1951, this year \$1,500,000.

With all costs skyrocketing expenses are increasing faster than income. By using all our ingenuity we have kept the service good and held the price line . . . it has been a tough fight . . . all the way.

Because of increased number of complaints against dogs running at large and the many dog bite cases we are forced to request YOUR CO-OPERATION in complying with the ordinance.  
"The ordinance prohibits dogs running at large unaccompanied by master."  
A fine of from \$1.00 to \$25.00 will be imposed in all cases and no further notice will be given. We regret that it is necessary to take such drastic action but feel justified by the number of complaints received. Enforcement will begin at once.  
The Plymouth police officers have been instructed to pick up all dogs running loose in the community and turn them over to the county dog warden.
