

YOUTH WEEK HAS DAILY READING

Young people all over the nation will be observing Youth Week from Sunday, Jan. 25 to Sunday, Feb. 1. January 25th will be Deomonstrational Sunday followed by various activities throughout the weekdays, and a service for Inter-denominational Sunday on February 1.

FIRST DAY
The theme of the observance is "Strive to Know—Dare to Believe." In community groups and in local churches Christian youth will conduct a deep and earnest study of their beliefs.
As American young people return from conferences in other parts of the world they invariably speak of others' education as compared with their own ignorance about Christian faith and heritage. Our youth discover that they are unable to understand the questions that other youth are asking. The penetrating study they are pursuing is: "What is our common faith? What do we believe together?" When the answer is found, it seems to follow the thought of that great hymn by Samuel Stone, "The Church: One Foundation Is Jesus Christ Her Lord." As young people sing these magnificent phrases together they remember that the Apostle Paul proclaimed our common faith. Read his affirmation in I Corinthians 12:12-27.

SUITS FILED FOR \$290,000 DAMAGES

Four Plymouth residents who were injured in a freak accident involving an auto, semi-trailer and train near Bucyrus a year ago have filed damage suits totaling \$290,000 against Summit Freight, Inc. of New Zealand.
The suits were filed in Cuyahoga Common Pleas court at Cleveland. Plaintiffs in the actions are Ben Harris, wife, Cora Harris, and Saul Tackett, all of Plymouth.
The four were injured near Bucyrus when a semi-trailer truck, owned by Summit Freight, Inc., a railroad crossing, struck an automobile and knocked it into a two-lane street, causing the death of Ben Hale, who is asking \$125,000 in damages, said in his petition that he suffered a brain concussion, two broken ribs, a fractured rib, lacerations and contusions.
Mrs. Hale, who is asking \$40,000 from the freight company, suffered a back injury and bruises and lacerations about her body, according to her petition.
Harry Tackett is asking \$75,000 in damages. He stated in his petition he suffered a brain concussion, a fractured pelvis and a back injury.
Asking \$50,000 damages, Saul Tackett said he suffered a brain concussion.

Crawford county sheriff's deputies who investigated the accident said the auto, driven by Hale, was heading on State Route 98 and stopped for a freight train on the Pennsylvania tracks a mile east of Bucyrus.
RAIL AUTO
Deputies said a semi-trailer truck owned by Summit Freight, Inc., and driven by William Nelson, Akron, skidded over pavement as it approached the railroad crossing and hit the rear of the Hale auto.
The car in turn crashed into the slow-moving train on the Pennsylvania's Columbus-to-Sandusky line, derailing two freight cars.—Mansfield News-Letter.

Tax Collection Good In Huron Co.

The process of Huron County real estate tax collections will probably be reported by Harold B. Collier, Huron county treasurer. Apportionment of one-third of the total charge has been collected.
In nearly half the taxing districts additional levies had been voted on last November which apply to the present tax collection.
With only a few exceptions the 1951 tax values are being used this year. The treasurer states that new values will be in effect the next tax year after the order from the State Tax Commission has been completed. Had the new values been used this year, the collection of real estate tax would have been delayed possibly as late as March which would have hampered the schools and other participants for funds with which to operate.
In accordance with a practice established sometime ago, the treasurer will collect the next two Saturdays, January 24 and January 31 until 3:00 o'clock for the benefit of those who find their time inconvenient.

Muckland People File Petition For Conservancy Area

CELERYVILLE—Eighty-eight citizens in this community, residing in a farm area comprising nearly 6,000 acres in Richmond and New Haven townships, have filed a petition with the Huron county common pleas court asking the establishment of a conservancy district.
The signers, who set forth they are the holders of more than one-half of the property in both acreage and value, claim that the conservancy district is necessary for the safety and welfare of the community.
SUBJECT TO FINES
In preparing the petition, Attorney Kenneth Thornion, representing the residents, pointed out that for the past 45 years the territory had been subject to muck fires, causing extensive damage and endangering life and property. These fires, claims, are uncontrollable at present.
For territory, the petition sets forth, is also subject to floods, especially in the spring, during which time flood waters run uncontrolled, causing damage to crops and property. The resulting erosion, in turn, renders the territory susceptible to future floods and fires.
SEVERE EROSION
Although otherwise comprising some of the richest soil in Huron county, the residents' petition stated that the land is subject to serious drought which erodes the soil in arid conditions, not available at present, would remedy.
The residents contend that the conservancy district would serve the following: Prevent floods by regulating stream channels, widening and deepening, enabling reclaiming or filling wet and overflow lands; institute irrigation where it is needed; conserve water in the territory; prevent or eliminating water courses.
Also provide water for domestic, industrial and public use; provide for the collection and disposal of sewage and other liquid wastes in the district; prevent loss of life; prevent and control fires and prevent soil subsidence.

COUNCIL HOLDS SHORT SESSION

Other than passing an emergency ordinance authorizing the Board of Public Affairs to enter into a new contract with the Ohio Power Co., Tuesday night's session was a very short one for the village council. Messrs L. F. Fowler and V. C. Shumaker, representatives of the power company, appeared before the village council. They were not concerned rates, but that due to a change in voltage and the amount of energy consumed, a new contract was deemed advisable.
Council also passed an emergency ordinance governing the payment of construction liens. It is very probable that it may hire extra linemen to complete the power line project, and the old ordinance governing rates of pay was insufficient.
Other than talking over routine business, the mayor and council adjourned after taking care of these two items.

THE RECENT and destructive ice storm which New Jersey and other eastern states experienced recently, struck in the vicinity in which Mr. and Mrs. Jason Marlin, former Plymouth residents, are located. The storm in which Mr. Marlin teaches, was closed as a result of the school. But Alice Marlin's kindergarten classes were able to continue. Besides great line and property damage, many beautiful and needed trees were killed. Pictures sent to friends here about the Square at the school in their story of destruction.

ELMER MARKLEY, who has been off from his work at the F-R-H plant for the past few weeks, due to illness, was able to go back on the job Monday. Well, take it easy Elmer, for a few days more. We've been missing you around the Square as well as the boys down at the shop.

THE KENNEDY family, out of the North Street, received a phone call this past week-end from Ft. Meade, Md., and as they had anticipated, it was Joe Lee calling bringing good news on his schedule with Uncle Sam's Army plans for him. From there he didn't know as yet just where he'll be sent next, but when his address comes through, we'll pass it on to friends here so they can cheer him up with news from the old town.

SIDEGLITS ON HUYES P.T.A. TALK THURSDAY

One of two of the colored slides which Miss Betty Hutchinson used at the P. T. A. meeting Thursday night, will be given by the companion IYFE student, Marlene Ely. We happened to recognize the name and hometown from a Pathology student received recently, it was sure enough, it's the same girl from Gary, Colorado.
Miss Ely's story was about the Italian farm workers not expecting the girls to know how to peel potatoes and do the usual farm work. She was given the official American work to be mechanized. In some of Betty's letters home, she told about having to peel potatoes for the farm owners that exchange students wanted to help in the actual work.
Miss Hutchinson, attending O. S. U., is staying this year at the International House, a home sponsored by Columbus Business women for foreign students and outstanding American students. At this home there are girls from Latvia, Argentina, and other countries. Betty is continuing her unusual experiences in the social and educational field.

Television has come to the public through an aid to education. Children over the nation viewed the inauguration of President Eisenhower on TV. Never before in the history of the country has this been possible. Some schools let the children out for them to view the inauguration at home and some schools brought TV into the classroom.

The high school here at Plymouth was favored again by one of the local business men. Don Fetters installed an antenna on the roof of the high school, and furnished the use of one of his sets. Thanks again to the local business men and especially to Don, his son Johnny and the boys that helped them put up the antenna.

ANOTHER TEEN-AGER LOSSES RIGHT TO DRIVE

Three more teen-agers lost their right to drive last week at Juvenile Judge Cramer's court in Mansfield Saturday. All three were charged with unsafe operation and their driving licenses suspended. Two of the teen-agers were from Mansfield, and the third was George Beck, of Shiloh. All drivers, teen-agers and adults, could show a lot more courtesy and consideration in driving, and less speed and selfishness, and the world would be a happier place.

Farmers reporting income tax on the accrual basis are required to keep records.

Brotherhood Learns About Life in India

Rev. H. I. Frost, pastor of the North Fairfield Congregational Church, brought a timely message on India Monday evening at the January meeting of the Lutheran Brotherhood held at the Annex.

Rev. Frost is a returned missionary from India where he served under the auspices of the Baptist church for 40 years. His work was centered in the area approximately 100 miles north of Gunter, India, where another local missionary, Joe Moore, also is stationed, which gave local interest to his address.

Progress in India, since it is no longer under the control of Great Britain, has been phenomenal. They recently held an orderly election and made their own constitution. The problem of the masses of people and the illiteracy of the groups, is outstanding.

The problem of India is still one of the major problems, and the greater portion of farming is done according to ancient methods.

Rev. Frost displayed a native costume, which is more or less just one long piece of material and draped without benefit of pins, buttons or fastenings of any kind. The manner in which it is draped indicates the part of India from which the natives come.

Another article of unusual beauty displayed by Rev. Frost was a sterling silver, handwrought crown of filigree work, removed from a gift when he left India.

The program was arranged by Robert Eckelberry and Dave Serafini and refreshments served at the close of the evening.

CHOOSE OFFICERS

The February meeting will be held the third Monday of the month at which the newly elected officers will be in charge. Officers chosen Monday evening are Orville Gullet, president; Harold Cashan vice president; and Paul Stodd, secretary and treasurer.

We Hear from Our Subscribers

If all of you friendly folks could just know how much we appreciate a kind little note in the mail, we would be very glad. Advertiser, we'd have a bag full of mail each week to tell you about. It's just like a ray of sunshine on a cloudy day in January.

Mack A. Webber, Oberlin, Ohio, comes through and says, "Friend Thomas—Have enjoyed the Advertiser for many years. Very few of the names are familiar to me any more, but I did get a big kick out of any mention of the old time 'Teen-agers,' which I knew so well. Enclosing a check to keep it coming."

Now, you know, those few words make us get down to business and try twice as hard this week to get something into these columns that Mack might like to read about.

W. J. Latham, from our neighbor Shiloh, always sends along two subscription renewals, one for his own paper, and one for his son. We say, "Thank you very much for both, and hope we can apply an evening's reading each week for the New Year."

Mrs. Charles Bly, out on Shelby, Route 1, sends a check along for her renewal for another year's subscription to the Advertiser. We know she must be a pretty observing woman because she says, "Practically every news item is local and that is what I enjoy. I always look forward to Fridays, when I receive the paper, then when we are finished with it, I pass it on to friends, who also enjoy it very much. . . I really do enjoy your paper, and wouldn't be without it." Sister, we hope you NEVER have to do without it, and we'll do our best to keep all the cut-and-dried items out, and the good, old, newsy news in.

Double duty is what the copy of the Advertiser from our neighbor Shiloh, always sends along two subscription renewals, one for his own paper, and one for his son. We say, "Thank you very much for both, and hope we can apply an evening's reading each week for the New Year."

We know she must be a pretty observing woman because she says, "Practically every news item is local and that is what I enjoy. I always look forward to Fridays, when I receive the paper, then when we are finished with it, I pass it on to friends, who also enjoy it very much. . . I really do enjoy your paper, and wouldn't be without it." Sister, we hope you NEVER have to do without it, and we'll do our best to keep all the cut-and-dried items out, and the good, old, newsy news in.

Now the Sponsors really had some news that week. They have a new home at 1208 Naville St., in El Cerrito, and want to have the Advertiser there this week so they can read it when they get home at the end of a busy day. They have been making their home in a trailer since they were in Weaverville and are settled in their new house.

Back to the double-duty idea. After Fay and Carl have read the paper, they take it over to Bill Boardman at 595 Rockdale Drive, away up on one of those hills of San Francisco. Bill used to live in Plymouth when he was young, and probably still remembers more about the town than we ever did know. He is a man that has been in El Cerrito for the past two years, but is steadily regaining his health. However, he sold his home in Plymouth and is to move there two years ago, and his daughter and husband manage

home. The Sponsors close their letter by saying "We are wishing every one back there a very Happy and Prosperous New Year." And the same to you out West, my friends!

One renewal we can look forward to is that of Helen Williamson, who sends hers in from Hebron, Ohio. Nice to have heard from you, Helen!

A nice birthday gift is heading for Hermie Sibbett in Shiloh this week. At least we think it's nice and hope that she does too. We think that's a fine idea, Effie Brown, and wish more people would follow your good example.

Cancer Fund Goal Is \$5500.

April has been designated as the month to conduct the annual campaign for funds to aid the fight against cancer. The state goal is one million dollars while that of the Shelby-Plymouth-Shiloh chapter is \$5500.

Announcement of the area campaign goal was made at a meeting of the Board of the Shelby-Plymouth-Shiloh chapter held last week at the Pines near Shelby. Twelve members of the board were present, with Chairman W. L. Mor-

ton presiding. Noel Smith gave a report on the meeting held the previous week in Canton. Howard Palmer is chairman of the S-P-S chapter campaigning. Thorr E. Woodworth has served for a number of years as the local chairman but has been forced to give up some of his work because of his health and a new chairman will be appointed.

OLD COMMUNION CUPS ARE FOUND IN METHODIST CHURCH

Two old and tarnished communion cups were found recently when the wreckers were tearing down the partitions and balcony at the Plymouth Methodist church. Just how old they are and when they were last used, no present church member seems to know, and any information on the cups would be appreciated.

Each holds about a pint of communion wine, and many years ago it was the custom in churches to pass the large sized cups from person to person, instead of using the very small, individual communion glasses.

As one of the most popular books at the Plymouth Library is Costain's, "The Silver Chalice," concerning the first communion cup, this find at a local church is most timely and interesting.

The family of Rev. L. E. Smith polished the cups, and they were placed on the communion table for the service, but were not used by those who communed.

Ganges Garden Club Holds Fine Meeting

The Ganges Garden club met Thursday evening at the home of Mrs. Jack Fischer in Ganges, with 16 members and one associate member answering to the roll call of "our favorite house plants and why".

The business meeting was conducted by Mrs. Virgil Yarger, newly elected president, who with her staff of officers took over the duties of the club for the coming year.

A donation was taken for the March of Dimes, which totalled \$10.00.

The program consisted of a short movie by a member of the Ashland Pain and Color Co. of Ashland; also a paper on "And Now the Epitaphs" by Mrs. John Lowe, which was very interesting. Each member received her Year Book.

Committees were appointed as follows: Program, Mrs. R. K. Meyers, Mrs. W. L. Lehman, Mrs. C. McQuate; Flower Show, Mrs. Chas. Kirkwood, Mrs. John Lowe, Mrs. Chas. Kaiser; Flower Comm., Mrs. Foster Black, Mrs. Chas. Swisher, Mrs. Howard Dell; Telephone, Mrs. A. A. Clawson, Mrs. Chas. Swisher; Librarian, Mrs. Robert Heyde; Press, Mrs. Harry Light.

The next meeting will be held on Feb. 2 at the home of Mrs. Virgil Yarger with the husbands as guests. Topic for the evening will be "Pruning Shrubs and Grapevines" by a guest speaker to be announced later.

Senior Pictures Are On Display

Individual pictures of the members of the senior class of the Shiloh high school are on display in Foster's Chuck Wagon.

There are 28 members in the class, 14 boys and 14 girls, and their pictures, size 8x10, in gold frames are attractively arranged on a counter with a crimson background and with crimson streamers draped overhead.

The display is exciting quite a bit of comment about town. If you haven't seen it, drop in and look it over sometime. A nice looking bunch of kids, we think you will agree.

Attending Convention

Mr. Cloyd McQuate, Cass township clerk, left last Wednesday by train for Columbus, where he is attending the state convention of trustees and clerks being held in the Deshler-Wallick hotel during the days of Thursday, Friday and Saturday.

Messrs. Fred and Donald Dawson and Ray Kirkendall, Cass township trustees, planned to leave this morning (Thursday) by car and remain until the close of the convention on Saturday night. Mr. McQuate plans to return by train Friday evening.

Drummer Boys Defeat N. Fairfield

Shiloh Drummer Boys defeated North Fairfield Saturday night in a high school basketball game, 52 to 49 at North Fairfield.

Shiloh's Bob Kraestrow counted 25 points to build his seasonal mark to 181 in 11 games.

The Drummer Boys won from the charity stripe as North Fairfield scored 18 field goals to 15 for Shiloh. The victors made 22 of 41 four shots and North Fairfield made 13 of 23.

Campaign Gets Under Way On Thurs., Jan. 29

The March of Dimes campaign for polio funds will be climaxed throughout the area Thursday evening, Jan. 29, by a porchlight match between the hours of 7:00 and 8:00 p. m.

Mrs. Chas. Butler, captain for Shiloh, says everyone wishing to contribute to the fund should turn on the porchlights at that hour. Anyone absent from home at that time and wishing to contribute can leave his contribution with Mrs. Butler or with any of her aides listed as follows: Mrs. Wallace Harnly, Mrs. Robert Boock, Mrs. Donald Dawson, Mrs. Harry Foster, Mrs. Dorothy Patterson or Mrs. John Reynolds.

Mrs. Raymond Wells has the same program for Bloominggrove township and will be aided by Mrs. Floyd Williams, Mrs. Harold Sloan, Mrs. Dean Amstutz, Mrs. John Snyder, Mrs. Fred Cuppy and Mrs. Jack Backensto.

Republicans To Hold Caucus

A Republican caucus will be held Monday evening, January 26, at the township hall here in Shiloh.

The meeting, to be called at 8:00 sharp, is for the nomination of township trustees (2), school board members and lists the following as the years of 1954 and 1955. Due to a new ruling, deadline for filing petitions with the county election board is now Feb. 4 instead of 90 days before election as heretofore.

Citizens of Shiloh and Cass township are urged to attend this caucus meeting and aid in picking the best available men and women to serve our community during the years of 1954 and 1955. They are also urged to make a list of men and women whom they think would be best able to serve our community, and to present those names in nomination.

To have a live and active community, we must have live and accurate representative of the people at it. Make out a list of names and present them at the caucus meeting next Monday night.

Resigns From Council

At the last council meeting in December, Mr. James Lehman tendered his resignation as a member of council, effective Jan. 1, 1953. He was prevailed upon to reconsider, but remained adamant in his decision and at the last meeting of council, Jan. 14, his resignation was accepted. He has now been appointed to fill his place.

Attends Inauguration

Mr. Russell Baker of E. Main street, left on Tuesday 10 from Willard last Monday night for Washington, D. C. to witness the inauguration ceremonies for President Eisenhower which were scheduled on March 5th and 6th, at which time we want your group to put on a short skit in the school auditorium.

Rules Given For PTA Play Night

Attention: All clubs church groups, Missions, Eastern Stars, Legionnaires, Grangers, school organizations, etc. We need your help! The PTA is sponsoring "Play Night" on March 5th and 6th, at which time we want your group to put on a short skit in the school auditorium.

Each group will give its play one night only; but we hope to have enough groups participating so that each evening will be crammed full of good old-fashioned entertainment. A great big (!) prize will be given each night to the winning performance. But don't forget the sole idea of winning a prize; enter for the fun that can come from working together in rehearsing and giving a play.

- The rules are easy, but follow them carefully to insure success.
- The skit may not be over 20 minutes long.
- It should be a one act skit, and may be either serious or a comedy.
- It may either be original, or it may be a copyrighted published play.
- There is no limit to the number of characters you may have.
- Any one person may be in more than one play.
- Each group must be responsible for its own makeup and properties.
- The stage will be set with a living room setting. Each group has only five minutes to arrange the stage for its play.
- The name of your play, type of play, number of characters, and time required for the play must be handed in to Mrs. G. D. Seymour, chairman of "Play Night" by Friday, February 27. Her phone number is 3-1715.

Fails To Place In Semi-Finals

Miss Beverly Dent, after advancing through the local, county, and district eliminations in the Prince of Peace contest, fell by the wayside when she attempted to pass the semi-finals at Columbus last Sunday afternoon.

It is no discredit to Beverly, however. She was ill all day last Saturday and all Sunday afternoon when she left for Columbus. As a consequence, it was not unexpected when she failed to place among the five contestants in the room of the Broad Street Presbyterian church. For some unexplained reason, an auditorium, complete with seats for such programs, was not available.

Don't feel too badly about losing, Beverly. You made a good try, and you did just what you did for the effort you made, as if you had been proclaimed the victor.

Home Town Folks Provide You Phone Service

The more than 700 men and women of the Northern Ohio Telephone Company family live in the towns where they work. They are your friends and neighbors . . . you meet them on the streets, in the stores, at church, school and social affairs.

They really are home town folks . . . that makes for more efficient service. That is not all. Because they are local people they are interested in all local activities.

The fact that these people are your friends and neighbors brings a personal touch into this job of providing you, day in and day out, good telephone service. True, we have backed them up with adequate and modern equipment—more than \$8,000,000 having been required in the last six years, but, really, "TELEPHONE SERVICE IS PEOPLE."

In the coming months, in our advertising, we will tell you about some of our folks and their families.

Shiloh School Notes

SCHOOL NAME IS OFFICIALLY CHANGED

By virtue of having received a letter from the State Department, the Shiloh School has also changed its name. It is now known as Shiloh Local. This comes about because of the new classification of schools by the State Department a few years ago. Those in cities are known as city schools, those in villages of 2500 or more as exempted village schools (if they have not elected to remain under county supervision), and those in county systems are classified as local schools.

Rules Given For PTA Play Night

Attention: All clubs church groups, Missions, Eastern Stars, Legionnaires, Grangers, school organizations, etc. We need your help! The PTA is sponsoring "Play Night" on March 5th and 6th, at which time we want your group to put on a short skit in the school auditorium.

Each group will give its play one night only; but we hope to have enough groups participating so that each evening will be crammed full of good old-fashioned entertainment. A great big (!) prize will be given each night to the winning performance. But don't forget the sole idea of winning a prize; enter for the fun that can come from working together in rehearsing and giving a play.

- The rules are easy, but follow them carefully to insure success.
- The skit may not be over 20 minutes long.
- It should be a one act skit, and may be either serious or a comedy.
- It may either be original, or it may be a copyrighted published play.
- There is no limit to the number of characters you may have.
- Any one person may be in more than one play.
- Each group must be responsible for its own makeup and properties.
- The stage will be set with a living room setting. Each group has only five minutes to arrange the stage for its play.
- The name of your play, type of play, number of characters, and time required for the play must be handed in to Mrs. G. D. Seymour, chairman of "Play Night" by Friday, February 27. Her phone number is 3-1715.

Fails To Place In Semi-Finals

Miss Beverly Dent, after advancing through the local, county, and district eliminations in the Prince of Peace contest, fell by the wayside when she attempted to pass the semi-finals at Columbus last Sunday afternoon.

It is no discredit to Beverly, however. She was ill all day last Saturday and all Sunday afternoon when she left for Columbus. As a consequence, it was not unexpected when she failed to place among the five contestants in the room of the Broad Street Presbyterian church. For some unexplained reason, an auditorium, complete with seats for such programs, was not available.

Don't feel too badly about losing, Beverly. You made a good try, and you did just what you did for the effort you made, as if you had been proclaimed the victor.

Stoning Street Breakdowns

Street Supervisor Alonzo Johnson, under council's direction, has been superintending the spreading of stone on streets wherever a breakdown appears. The rather mild winter has been easy on the streets to date, but regardless of the weather, it seems there is always a spot somewhere needing repair.

ONTARIO WINS TUESDAY GAME

By Robert Fogelson
The Pilgrim Five were beaten by Ontario Tuesday night in a very thrilling game. Although the Pilgrims had a slight height advantage, the Ontario boys proved to be the victors.

The Pilgrims were also plagued by fouls. It hurt the Pilgrims' chances terribly when four of their first string men fouled out including Tom Meiser, Ron Morris, Joe Betta, and Larry Kool. They were not. Even though the Pilgrims weren't hitting they held with the Ontario boys. The first quarter score being 16-15 in favor of the Pilgrims. After the first quarter the Ontario boys started to hit better, getting the lead in the second half, 27-17. From the beginning of the second half the Ontario boys held their lead, finally winning by nine points. The final score was 63-74 in favor of Ontario.

Joe Betta was the Pilgrims' high scorer, leading the scoring with 20 points.

INJURED IN FALL

Fred Post, of Franklin street, suffered a bad cut in his back last Thursday, when he fell at his home. Mr. Post has been a shut-in for the past several months, and has difficulty in getting around. While he was moving from his chair to a couch, he fell against a china cabinet, breaking the door, and cutting his back. A physician was called and Fred is now convalescing, and we hope will soon be able to be up again.

Pruning is one of the most important jobs in the orchard.

PMA REPORTS DUE JANUARY 31

Richland county farmers have until Jan. 31 to report time, fertilizer and other conservation practices to the county Production and Marketing Administration if they are to receive credit for them Guy E. Taylor, chairman, announced this week.

Farmers must report all practices used under the 1952 Agricultural Conservation program, and turn in supporting evidence in the form of invoices or weight slips, Taylor said. County farmers had until Dec. 31, 1952 to apply the conservation practices.

Taylor said that when the county conservation practices for 1952 are computed, the figures will no doubt show a substantial increase in the use of lime throughout the orchard.

Color Pictures Of Italy Shown

Good weather and interest in our international neighbors brought out a splendid crowd to the Plymouth high school, Thursday evening, to near Miss Betty Hutchinson, Ohio State University, speak on her experiences in Italy this past summer as an International Fair Youth Exchange member.

Betty had taken many color pictures of her trip over to Europe and of the cities and farms where she was located, and with the assistance of her father, Roscoe Hutchinson, these slides inside the report she gave much more interesting. Although she was only able to show a part of the numerous pictures taken, they were enough to give a clearer idea of the social and agricultural set-up of Italy. Most of the

audience, we believe, decided to stay around Plymouth, Ohio, in spite of Betty's friendly attitude toward these Italian neighbors.

After the slides were shown, Miss Hutchinson answered a great many questions from the audience, and after the meeting was concluded, many more of the people talked with her.

A free-will collection was taken at the doors of the high school auditorium, and turned over to Betty to assist in next summer's exchange student work. This is one of the best ways to increase international friendliness that we know of, and much more lasting than agreements bought with bullets. We know that those Italian people who became acquainted with Miss Hutchinson last year, have a much better impression of American individuals than they did before her visit. This I.P.Y.E. is not supported publicly in any way, except through the con-

tributions of interested individuals and the 4-H club work, etc.

Miss Hutchinson is a junior in the Home Economics College at O. S. U., and came to Plymouth at the joint request of the P. T. A., and the Mothers Club, for this January meeting.

BUSINESS MEETING

Mrs. Roy Carter, P. T. A. president, conducted the business meeting, at which time reports were given. It was voted to contribute \$5.00 to the Polio Fund, of which Supt. Coon is chairman in Plymouth. The next P. T. A. Mothers Club Square Dance will be Saturday evening, Jan. 31, at the high school, with Mr. Strine calling, and his orchestra furnishing the music. There has been a fine attendance at these dances, and everyone attending has reported a fine time.

Mrs. Carter thanked Mr. Strine and Mr. Dubbert, Plymouth school music teacher, for bringing the 4th

and 5th grade students to the high school for this January evening's program. This group of pupils sang "Give Us The Winter Time," "Sleighbells," and "America." Judging from the change of weather which followed this meeting, the weathermen heard them singing.

ANNOUNCEMENTS

The February P. T. A. meeting date will be changed, and announcement made of this later. Dr. Pierre Haver will be on the program.

REFRESHMENTS

At the close of the January meeting, the audience was invited to the Home Ec room where the mothers of the Freshmen class had furnished refreshments for all. Preparations had been made to serve 200, and the committee reported not too many sandwiches left. Mrs. Frank Brinson was chairman, and Mesdames Robertson, Baker and Fetters assisted her in the kitchen.

OHIO TRUCKERS SWING OUT AGAINST TON-MILE PROGRAM

Editor's Note: This is the second article in a series of three pertaining to the proposed legislation which would impose a ton-mile tax on commercial vehicles. The clipping is submitted by J. F. Blackford, in the interest of truckers, and for the purpose of educating the public just where the tax would fall.

Columbus, O. Two ranking executives of the Ohio Trucking Association early this month attacked the proposed legislation which would impose a ton-mile tax on commercial vehicles operating in and through the state.

The OTA executive compared a potential Ohio situation with circumstances in New York where the ton-mile tax has been in force little more than one year.

Ford explained that the "cost of collections" and the system of installing "ports of entry and weighing stations" in New York are making the anticipated revenues from the ton-mile tax "beyond all previous estimates."

He pointed out that in New York the unit cost for installing 120 weighing stations, required under the law, was \$18,000 a day throughout the year.

By comparison, the trucking of an Ohio weight-distance tax are attempting to "modify their position to gain public support. Executive Director Perry T. Ford, a former Ohio Highway Director, challenged ton-mile legislation as "basically un-sound . . . and exhorbitant to administer."

Meanwhile, the Ohio Program Commission was directed by a narrow 9 to 8 vote to include a ton-mile recommendation with others for highway financing in the 100th General Assembly will consider during the winter.

Herriott explained that because the ton-mile tax "sustained a bad defeat" two years ago, "those seeking its passage hope the public has forgotten this fact, and will support the same proposal in 1953 when it will be identified as the "Weight-Times-Distance Tax."

Such a tax, Herriott said, "basically cannot possibly bring in the revenues needed to construct our much-needed highways—and will take a real bite out of the paycheck of every wage-earner through higher commodity costs."

The OTA president declared also the trucking industry stand willing and able to assume equitable and reasonable taxation without discrimination. He termed the ton-mile tax a "railroad proposal strategy" to enhance the railroad freight rates in competition with trucking.

Herriott said that the Highway Study Committee of the Ohio Program Commission had "concluded" the state needs \$36 million additional revenues to undertake bettering Buckeye roads.

"Assuming these amounts are fair to both the highway system and the taxpayer," he said, "we already have adequate existing forms of highway user taxes and other formulae through which the money can be obtained. These are license fees, fuel taxes, or drivers' licenses which can be increased—as the Highway Study Committee recommends. Of voters can decide if a highway construction program should be expedited through a bond issue. The study committee has recommended a \$500 million bond issue, to be retired through highway user taxes, be presented to the public."

Ford, state highway director in 1945 and 1946, predicted, in a speech before Farm Bureau members and public officials that adoption of the weight-distance levy in Ohio would result "very quickly in a breakdown of the roadway now enjoyed with other states."

SCOUT NEWS
CUB SCOUTS TO HAVE BIG POW-WOW MEETING
Pack No. 1, Plymouth Cub Scouts, will have their regular monthly meeting at the High School on Jan. 28, 7 p.m.

Each Den "Squaw" (mother) has been very teaching the young warriors how to play Indian games. At the den meeting each will demonstrate how these games are played, and the two dens will compete in a special type of Indian combat.

The young warriors have been busy the past few weeks working on Indian projects. These finished pieces of Indian lore will be on display.

The meeting promises to be very interesting. The den "squaws" and their little warriors will be looking for your "Squaw" — so please plan to be present.

DEN No. 1
The Cub Scout Den met at Mrs. Markley's Wednesday after school. We had the Pledge of Allegiance. We sang songs and learned a new song, "Hi There." We played games and talked about making Indian things.

—Dick Lewis, Keeper of The Buckskin
DEN No. 2
(Wednesday) Jan. 14 — Home of Mrs. Huzavick. We marked the achievements, then we had some song practice, then we called the roll and collected dues and Gary was a real peppy. We had a fire ceremony.

Then we talked about Indians of yesterday and had a treat from the Den Mother. After that we read an Indian Blanket game. All Cub Scouts are supposed to save spoils.

—Fate Chas. W. of The Buckskin
BACK HOME
Al Griffith, who has been a patient in the Willard hospital for the past ten days, was released Monday and returned to the Earl Shelby home where he makes his home. He is feeling much better.

YOUTH WEEK HAS DAILY READING
(Continued From Page One)
pressed in "The Church's One Foundation."
Prayer:
O God, help us to be earnest and eager for the truth as we study our heritage and faith. Keep evermost in our minds that we do have a common foundation in thy Son, Jesus Christ, Amen.

SECOND DAY
"The Church's One Foundation is Jesus her Lord: She is His new creation, by water and the word: From heaven He came and sought her to be: His holy Bride; With His own blood He bought her, and for her life He died." Scriptures I John 13-7

As the hymn declares, Christ lived and died for the Church. But just what is that Church? The Church is the universal fellowship of those who believe in God through Christ.

Christ lived and died for His Church. What are we doing to strengthen and further it? Do we attend the house of worship merely out of habit, or are we truly seeking to find that true fellowship

in Christ?
THIRD DAY
"Elect from every nation, yet one of all the earth."
Her charter of salvation, One Lord, one faith, one birth,
One Holy Name she blesses, Partakes one Holy food,
And to one hope she presses, with every grace endowed.

Here is a picture of the Church as seen through the eyes of God himself. He sees no division, no difference of opinion; he sees all Christians as members of the one body created by His Son. We know that there are barriers and that we ought to be doing more to break them down. Prejudice and selfish desires continually seek back the work and hopes of unity.

Real differences of faith and practices do exist. But these are minor in comparison with the basic beliefs we hold in common.

FOURTH DAY
"Though with a scornful wonder men see her sore oppressed, By schism rent asunder, by heretics distressed."
Yet saints their watch are keeping, their cry goes up, "How Long!" And soon the night of weeping shall be the morn of song."

Their cry goes up, "How Long!" How long will men continue to ignore their responsibility to the Church and let disagreement separate them in the true worship of God? When will they see the necessity of uniting to combat the evil forces that oppress them.

"Yet she on earth hath union with God the Three in One, And mystic sweet communion with those whose rest is won: O happy day and holy! Lord, give us grace that we, Like them, the meek and lowly, on high may dwell with Thee. An artist might portray the Church as a long procession of happy people on their pilgrimage toward eternal life. The journey would begin with the acceptance of Christ as Savior and Lord. The line of march would stretch through the kingdom of God upon earth into the very portals of heaven itself. Because all Christians seek a common goal, we have union with God and with all people who have started and are traveling the road toward our final home.
