A neighbor watched the car being driven slowly away, but as he started to call the police, a young man had received permission of the owner. Police determined that the thief had taken three cars, all stolen since beginning his trip at Toledo. He abandoned the first Toledo car in Bascom, and stole a car from there. BLOOD PROGRAM INAUGURATED HERE

The American National Red Cross Blood Program is being sponsored in Plymouth by the American Legion Auxiliary. Contributions of blood are urgently needed. It is one of the most effective known medicines. Furthermore, there's only one known source of blood — people.

The importance of blood and the limitations on the amount available, have spurred long-range planning to meet both civilian and defense needs. An individual patient sometimes needs only one or two pints of blood, sometimes as many as 40 or more. It depends on his condition and what his physician decides is necessary to help him back to health.

In the next few weeks a donor center will be calling you. Remember, if you sign up, you may be saving the life of one of our boys in Korea as well as contributing to the health of the community. The Red Cross Blood Donor Program is a public service, dedicated to serving you and your neighbors. Like every other public service, it's as effective as your participation and support make it.

NEW NOVEL FOR LENTEN READING

"THE GALLEIANS" THE NOVEL OF MARY MAGDALENE BY FRANK G. SLEIGHT. Beautiful, provocative, condemned by the sanctimonious—but not by God—Mary Magdalene stands as one of the most intriguing women in all the pages of the Bible. Now, out of the stirring event of Jesus' time, Frank G. Sleight has fashioned the dramatic story of this woman from whom the Master "cast out seven demons," and the brilliant young philosopher who loved her.

Mary is first seen dancing for the streets of Tiberias, a slender girl with dark glowing eyes, and a grace of movement that is seductive through its beauty, not through its intent. She is seen there by Joseph of Galilee, a young man who is studying Greek at the University of Herod Antipas, and by Gaius Flaccus, a Roman officer who is kinsman to Pontius Pilate.

Dr. Sleight tells this story of Mary Magdalene, logically and convincingly, taking her through her conversion, the passion and storms of her beleaguered life, and leaves the book at the time of the Master's Resurrection. Things you thought you now at the Plymouth Library, and available for those who like entertaining as well as good reading for the Lenten period.

Mr. Root and wife will leave Saturday for Florida, and will pretty well cover the state while there. P. H. is anticipating a visit with many Plymouthites and former citizens, including Harold Ruckman, Dr. Searle, Sam Nimmons, Harry Sillman and others. Opinions vary by people who are acquainted with this part of our United States, and we anxiously await a report from Mr. Root. He will no doubt give our readers some interesting facts, and we trust that you, too, will find them interesting. But crossing cold water, but in past years we've found our southern sojourn most favorable in July, especially for water-walking. Mr. Root is a vacationer. We might add an additional note for the benefit of our Florida readers. Whatever P. H. tells you about the South, it's all true. In fact, we hear that the mild weather up north has cut into hotel and tourist business in the South by about forty per cent.

In any event, we hope to see him in town, and Mr. and Mrs. Crum are ardent ball fans.

Letters From Holland Reveal First Hand Information On Storm Damage

Mrs. John H. Newmyer, Myrtle Ave., Willard, and mother of Mrs. Margarite Anderson of Plymouth, received two letters last week, one from a cousin and one from friends in the Netherlands, giving first-hand information on the recent storm in their country.

Written in Dutch, Mrs. Newmyer translated the letters that we may print them and bring to our readers a small idea of the suffering and tragedy the Hollanders endured.

The letters in part are as follows:
Almelo, Netherland
Feb. 14th.

"What a disaster here in the Netherlands; the storm and water broke the dikes in the provinces of Zeeland, South Holland Islands and West Brahan. Close to 1400 people are drowned and 40,000 live stock, besides all the material loss. It is awful to see the pictures which were in the papers. Book dealers are printing a book 'The Ramp,' which means 'the disaster' and which will sell for \$3.50 each. The printing will be a gift of the publishers and the proceeds will be given for flood relief. Already 300,000 people have been sold. It will be delivered in about a month and I will send you a copy.

"You can not imagine how all over the world, the people are helping Holland, except the Russians and their satellites. The help from the soldiers from Germany, England, America, Belgium and France is enormous.

"Yesterday the Boy Scouts were all over Holland to gather money — everybody is helping. What a wonderful cooperation, to help where help is needed. Right now there is more bedding and clothing than needed. The Castle here is full of real good bedding and clothing stored until people can go back to their homes, or what is left of them.

LOCAL MARKET IS FEATURING SALE

This week workmen started remodeling the building formerly occupied by Conger's Restaurant, and which will be used as an addition to the Plymouth Cash Market.

Jerry Caywood, proprietor of popular food store, announces a 10 per cent reduction on every item in the store this week, and Mr. Caywood states that it's easier to reduce the price of the merchandise than to move it, so he invites the people of Plymouth and vicinity to come in this week and help unload the shelves. Everything in stock is included, whether it's one case or a case. All new, fresh staple merchandise.

A change-over in the Plymouth Cash Market will be made after closing hours Saturday night, and the store will be kept open as usual next week, with little or no inconvenience to patrons, while the remodeling job is in progress.

There wasn't time to write an ad and list all the items, so Caywood says "You call about as usual for your grocery needs, and when you check with the cashier, 10 per cent will be deducted from your purchases, so you see, everything in the food line is included in this great money-saving event."

Five Birthdays Celebrated At The Porter Home

When February birthdays come to the family of Robert Porter on Route 178, they come not in one's and two's but in a whole battalion.

Robert Porter's birthday comes on Feb. 19, his son George, Feb. 21; son Walter, Feb. 22; grandson, Junior (Clarence J.) Wheatcraft, Feb. 15; and another grandson's, Bob Wheatcraft, Feb. 23.

Last Sunday a dinner was held in the home of Walter Porter on East Main St. here, honoring all five birthdays, and all the honorees were present with the exception of Junior Wheatcraft, who is with the armed services at Fort Knox, Ky.

Present were: Mr. and Mrs. Robert Porter, George Porter, Mrs. Luella Vaughn and daughter Jeanette, Mr. and Mrs. Harold Porter, Walter Porter, Dick and Dean Wheatcraft and Mr. and Mrs. Walter Porter and family.

Mrs. Martha McQuate called on the family of Robert Porter after the afternoon to extend congratulations, and Miss Dorothy Dent took pictures of the group assembled in the home of Walter Porter.

Attends School Convention In Atlantic City

Mr. Clark Moore, superintendent of the Shiloh schools, last week attended the American Association of School Administrators' Convention at Atlantic City, N. J., the first Shiloh school administrator we believe, ever to attend the convention.

He accompanied Dale B. Kinney, superintendent of Richland county schools, Olin LaRue, superintendent of Madison township schools and their wives.

In last Sunday's Mansfield-News Journal, states that there were 17,000 administrators present at the convention. Mr. Moore's article in that paper was a popular souvenir. If each of the administrators, she said, brought back as much as her husband, at least \$1,000 worth of souvenirs. Next time we see Mr. Moore we'll have to ask him how much he brought back.

However, we'll be brought back a lot of souvenirs better than taffy — souvenirs of knowledge from which the whole school will benefit.

Newsy Notes On School Affairs

Shiloh closed its basketball season Tuesday night with a home non-league game with North Fairport. Both the basketball and football games turned out to be the most thrilling of the year. In the last few seconds the Shiloh reserves edged North Fairport by a score of three points. The varsity game was neck and neck about all of the way, and went into the second overtime period. The final score was a "dribble through" by Fred Radner.

In the recent American Essay Contest, the title of which was "The Need for a Strong American Democracy," the first prize was received by "first" in the Richland County Senior group, and Nadine Lauer received a "first" in those written by Juniors.

Supt. Moore reported a good and profitable time at the American Association of School Administrators' Convention held at Atlantic City last week. He was able to bring back enough salt water fish to feed the teachers and Board members only.

The Juniors have begun work on the Junior Essay play under the direction of Mr. Ava Arnold. The title of the play is "Strictly Formal."

Rev. Taylor, who is conducting evangelistic services at the Methodist church this week, gave an interesting study talk to the whole High School on Tuesday afternoon. The main theme of his talk was "being fit to live with."

There will be no regular meeting of the P.T.A. next month (March) because two nights — Thursday, March 14, and Friday, March 6 — have been set aside as P. T. A. play nights. Several groups are taking an active interest, and everyone is looking forward to some interesting entertainment on these dates.

COMMITTED TO THE TIPPIN STATE HOSPITAL

Joe Price of E. Main St. was taken to the Tiffin State hospital of Feb. 19 for observation and treatment, according to a report given us by Myrver Swanger.

Circle March 5th and 6th On Your Calendar

Shiloh School will take on the atmosphere of Broadway next Thursday and Friday evenings as some twelve organizations of the community will present skits as their part in the P.T.A. Play Nights. Some of the plays are funny, some are serious. There will be a band between each skit; even the band will play one night! All in all, you will not want to miss either night's entertainment, as each evening's program will be entirely different.

There will be no admission charge at the door, but a freewill offering will be taken each night. This is the P.T.A.'s method of securing funds to buy needed equipment for our school. You can do your part by being in the audience both nights.

Mrs. Ida Munn Dies In Shelby

Mrs. Ida White Munn, 80, died at the home of her daughter, Mrs. Charles B. McKellogg, in Shelby last Monday evening after a lingering illness. Her husband Milton B. Munn preceded her in death about three years ago.

Besides her daughter, she is survived by one son, Chester P. Munn, seven grandchildren, seven great grandchildren, three brothers, W. G. Munn, George W. Munn, and White, Dayton; Earl G. Shiloh; two sisters, Mrs. S. Dickerson of Mt. Victory, and Mrs. Hazel Dickerson of Bellsville.

50th Wedding Anniversary Sunday, March 1

Friends about town have received cards from Mr. and Mrs. Byron Munn, announcing their 50th wedding anniversary, which will be celebrated at their home at 601 Sideoon Rd., Middletown, Ohio, next Sunday, March 1.

Mr. Munn was remembered as an former teacher in the Shiloh schools and Mrs. Munn is the sister of Donald Barnes who lives a short distance from Shelby.

We feel certain the entire community joins with us in extending to them heartiest congratulations.

Suspend Driving Rights 60 Days

Russell Lybarger near Shiloh had his driving rights suspended 60 days for driving a car which he appeared before Judge Stewart Cramer in Juvenile court in Mansfield last Saturday, Feb. 21, and pleaded guilty to a detouring operation and driving without an operator's license.

Lybarger was arrested by Marshall E. Lutz on Feb. 14, and brought before Mayor Swanger. Being a minor, however, his case had to be transferred to the Juvenile court in Mansfield for hearing.

CARD OF THANKS

I wish to thank the Shiloh Memorial hospital, the nurses, aides and tray girls, Drs. Butler, Stodt and Hannum for their efficient services, Rev. Harvitt, and Rev. Taylor, for their comforting and encouraging prayers, and all those who sent gifts, flowers and cards and helped to brighten my stay at the hospital. May God bless you all.

Mrs. Alice Woeber of Wooster, formerly of Shiloh, is reported to be ill in the Wooster hospital. No doubt she would welcome cards and letters from her many friends here. Send a message from an old friend in better medicine than that the doctors dispense.

Mr. and Mrs. Dawson moved Monday from the farm on the Updike road formerly owned by Mr. and Mrs. Heifner. Quite a movin' day, we'd say.

PAGE DIOGENES AGAIN!

Janet Russell of Shiloh, will probably be hearing from that old Greek Diogenes, who went around with a lantern looking for an honest man. Janet isn't a man, but she is honest, and she found and returned to the Shiloh Memorial hospital last Monday.

WITH THE SICK

Mrs. Louise Miller was removed in the McQuate ambulance last Thursday to the Willard Municipal hospital for an operation. Her neighbors who failed to see her about the home, became alarmed Thursday morning, and after forcing entrance to the home through a bathroom window, found her lying on the floor of the hallway leading to the bathroom. Although conscious, she was unable to relate what happened and evidently had been lying helpless for sometime.

At present her condition is gradually improving. Her husband, Mr. Melvin Waltz of Wooster is staying in the home.

Mrs. Lena Derringer is gradually recovering from the influenza that where she has been a patient for several weeks.

W. S. C. SOCIETY

MR. JOHN ARMSTRONG ELECTED TREASURER OF 20th CENTURY CIRCLE

John Armstrong was elected treasurer of the Twentieth Century Circle Monday evening, when the group met at the home of Mrs. M. J. Coon. As has been customary in the past, other officers were advanced with Mrs. Harold Cashman as the outgoing president. Officers for the 1934-35 year are: Mrs. Charles Dick, first vice president, Mrs. P. W. Thomas, second vice president, Mrs. Carl Ellis, secretary.

The topic of the evening was "Religion" with three papers presented by Miss Jessie Trauger, Mrs. Cornelia John and Mrs. Carl Ellis.

Miss Trauger gave a short report on "Mr. Joseph's Object." This is a collection of sermons and prayers by Dr. Marshall and edited by his wife Kathryn. The first sermon was "A Tap on the Shoulder" followed by "Disciples in Clay" and "The Saint of the Rank and File."

Preceding the review of the book, Miss Trauger gave a short biography of Dr. Marshall's life, revealing that he rose through high school to law school from a Scotch emigrant to the U. S. Senate Chaplain.

Mrs. John Armstrong's "Through the Gates of Triumph" (The World Church in the World Crisis) by Basil Mathews. This book was written as a free interpretation of the work of the world church as mediator of the gospel in the present world crisis, and was written at the request of the mission board of the North American Baptist Great Britain, cooperating in the Missionary Education Movement of the United States and Canada and the United Council for Missionary Education.

The third article by Mrs. Ellis who chose the Revised Standard Version of the Holy Bible, which she has been able to most authoritative manuscripts, more recently discovered, more ancient than any previously known.

It is like to realize the poetic beauty of the King James Version is preserved. It is the work of 16 years by leading Bible scholars, and is a most outstanding volume. Mrs. Ellis brought with her a copy of the Bible for those who wished to see it.

The evening's program was concluded by each member responding to roll call with religious leaders. Mrs. Coon served a very nice lunch, and the guests departed to meet on March 9th with Mrs. Ruby Young.

The reason for the soldiers being here was their unexpected visit was all due to George Washington. He was born on February 22, you know, and since that date fell on Monday at all times, the boys got Monday off too, and many of them hiked home for the extra visit.

Letters From Holland
 (Continued From Page One)
 This letter was written by a Dutch man living in the city of Dordrecht whose family owns and operates a macaroni and spaghetti factory in the lowlands where the damage was great.
 "We are well, and are very grateful. Our factory, as many others, was damaged and will be repaired for \$50,000 to be fixed up again. We, ourselves, live where it is higher. In the lower part of the city, it was very bad.
 "It is awful to see the water coming higher and higher in the streets. A person can hardly imagine how much force is behind the storm and water. Large parts of the railroad tracks were broken up and big holes are in the ground; the roads and streets were also broken up. Here in the city is much material lost but in the Islands of Zealand and other provinces, it is much worse so much grief, but I suppose you have heard and read about it in the American newspapers.
 "The people all went together to help, but we never can be grateful enough for all the help we received from all over the world and then the help from America was enormous. It is just like after the war. The English, Canadians and Americans, all with trucks loaded with clothing, blankets, food and bringing relief to the people who have lost everything. Soldiers from all other countries were also helping. It is not to be described how everybody worked and helped.
 "Dordrecht is the receiving center for evacuees and also for boats with live stock, which they could pick up here and there. The horses and cows are so scared and the silk and clay is way up their backs. Dordrecht is also the receiving center for people who were drowned. Behind our factory are hundreds and hundreds of caskets awaiting the bodies. O. C. can hardly write any more about this awful disaster which has stricken the Holland people. It is very sad to see so much destruction but worst of all, so many lives lost and so much grief and sickness."
COLLECTING FUNDS
 Over in our neighboring village of Celeryville, a relief fund has been started with Nicholas Moll, grocer, named as chairman.
 Practically all the inhabitants of the village are connected directly or indirectly with Holland, the original settlers coming here direct from the Netherlands. Checks are to be made payable to the Holland Flood Relief and it consists of money will go to help the stricken country.

They're Glad To Be Back Home
 Mr. and Mrs. Merlin Smith and children, Gary and Brenda Kay, and the former's mother, Mrs. Chas. Smith of North Florida, had a pleasant but quite eventful trip to Florida.
 They left Plymouth on Sunday, Feb. 15th for Orlando and Gibsonton, Florida. Gary, year old son, broke out with chicken pox the next day while they were well on their journey.
 Near Columbus, Georgia, a car attempting to pass the Smith car, forced the latter car to hit the berm when the first driver slammed on his brakes to avoid a collision with an oncoming car. It was a near accident, forcing all three drivers to resort to emergency measures to avoid a smash-up.
 They arrived at the trailer home of Mr. and Mrs. Glenn Eastman at Gibsonton, Fla. formerly of Plymouth, on Feb. 18th. That night, they retired for a much needed rest in the auxiliary room built on the Eastman trailer which was heated with a small oil burner. During the night the burner started smoking and Mrs. Chas. Smith awoke with a choking cough to discover that the room was black with smoke. She aroused the others and they quickly got outside. Their faces and clothes were black from the smoke, but it was discovered in time to keep anyone from being asphyxiated.
 The Smiths then journeyed down to Orlando Air Base to see Sgt. Burton Eastman, brother of Mrs. Chas. Smith, who was slated to go overseas. They arrived at the base about 5 p. m. and were told Sgt. Eastman's plane had just taken off—5 hours early—to avoid the predicted blizzard that raged through the Great Plains states just this last week.
 They arrived back in Plymouth Sunday night, tired and more grateful to still be alive than to eulogize over the beauties of Florida and the pleasure of having a winter vacation in the Sunny Southland.

CARD OF THANKS
 I WISH TO THANK the doctors, nurses, aides and tray girls of the Willard Hospital staff for their very efficient care while I was a patient there. Also wish to thank the blood donors, those who offered their services, co-workers of the Wilkins Depot and those who remembered me with gifts, flowers and cards since my accident.
 Each act of kindness will always be remembered and appreciated.
 Bud Devery.

SCOUT ACTIVITIES
 Eight Plymouth Boy Scouts and their leader went on an overnight camp last Saturday at Bellville Scout Hut. They left the Elementary building at 6:30 Friday night, and they returned at three in the afternoon Saturday. Those participating were Larry Taylor, Jim Root, Jim Brown, Doug McQuate, Bill Robertson, Duane Utas, Jack Gage, Jack McQuate, and their Asst. Scoutmaster, Mr. Robert McKown.

Douglas McQuate had his tenderfoot pin awarded to him at the campfire before retiring Friday night.

During the night three of the boys assisted at a wreck by flagging traffic. Those were Larry Taylor, Jim Brown and Jack McQuate.

Another highlight happened a little later in the night. An unfortunate skunk was run over a ways from the hut. It seemed that the building was always in the way of a breeze that passed over the animal. This was remedied in the night.

The Whitneys Are Mixing Pleasure With Business On Their Visit In California

"This a busy life 'Our Eleanor' leads as the wife of Corneilus Van-schick Whitney, and who but 'Our Eleanor' would take time out from such a busy life to write to 'Ye Editor of the Old Hometown Paper' that we might share (from our rocking chairs) her wonderful experiences, travels and social life. Even her stationery has that individual look. Knowing her love for music, her initials E. S. W. appear on a Music Staff in the upper left-hand corner, suggestive of her personality.

Excerpts from her letter follows: "Greetings from Sunny California! And the weather bureau says this has been the warmest and loveliest February in history, so we are truly lucky. We have taken a tiny house in Beverly Hills (the home of the movie stars) and are very cozy and happy. We have a tennis court and have evening games frequently. The great Don Budge, who was champion of the world for 3 years and his beautiful wife, Dierde come often. And Tony Trabert, one of today's top seeded players was here also. Instead of playing, it's my job to keep the glasses filled with soft drinks and water. I leave the hot work of playing to my husband.

He is here in Hollywood working on the production department of the new film medium Cinema. When next you go to New York, that is the first thing you must see. It is a fabulous new way of presenting movies. It opened in September and now there are many imitators and other enterprises being announced, but Cinema is the only one in use so far. New theatres all over the country are preparing to show Cinema. Cleveland will probably have their opening by this fall or before.

BEAUTIFUL COUNTRY

This is a magnificent and rugged country. From our house we can see the mountains of the coastal range and of course just behind them is the Pacific, about 8 miles. I went swimming last Saturday. The ocean was cold but it was fun to splash in the Pacific again, the first time since last year in Hawaii. We are high enough above sea-

avocado pears, lemons, oranges, etc. If you own trees, a gardener to help outside two days a week, but we do everything else ourselves.

VISIT FROM FRIENDS

We went to Santa Barbara last week end and visited Mr. and Mrs. John Wick. She is a fine artist and we know them in Washington. They breed horses and have a wonderful setting for their farm; right on a cliff overlooking the ocean hills. Pasadena, Beverly Hills, Hollywood, Brentwood, DelAir are all part of L. A.

WITNESS MOVIE AWARDS

We have been to some interesting functions. One was the banquet for screen directors awards. The four best directed movies of the year were chosen and then the Best was awarded an enormous plaque. We went with Dorothy and Merion Cooper. He has been a friend of Sonny's for 25 years. They went overseas together in this war, too, on the first bombing mission to leave this country. Mr. Cooper is a partner of John Ford of Argony and Republic Pictures. Imagines our great pleasure in "Quiet Man," one of their pictures was chosen for the best of the 4th quarter of the year and Merion had the pleasure of accepting the trophy and then the Grand Award was given to "Quiet Man," so a gain Merion went to the podium to receive the grand award. (Editor's note: This picture will be shown in the Plymouth Theatre on Mar. 1-2, and we assure you it is worthy of the Grand Award.) It's beautiful. Mr. B. DeMille, L. B. Meyer and Rita Hayworth were among the guests. Mr. Cooper is also the producer of Cinema and his lovely Dorothy was Dorothy Jordan of the films.

Went to a cocktail party last week and met Maureen O'Sullivan. She is so beautiful and again doing some films. She has seven children now and looks younger than I. Also Hopalong Cassidy, John Crawford, Arlene Dahl, Patricia Morrison, etc. Last night we dined with Mr. and Mrs. George Stevens, one of the top directors and then went to see a private showing of his new Paramount Picture "Shane" with Alan Ladd as Mr. Shane. A good western — watch for it in a few months.

SETS GOAL FOR SOME NEW LIGHTS At the business meeting last Thursday when the P.T.A. members held their February session, much interest was shown in the lighting system of the high school building, and the fact that some of the rooms are very poorly lighted. It was voted to sponsor the project of getting some new lights for the school to remedy the situation.

A nominating committee was named to report at the next meeting. Mrs. E. Robertson, Mrs. Donald Markley, Mrs. John Helbig, and Mrs. K. Baker. Dr. Pierre Haver, with the use of a colored film strip, presented some very interesting facts on eye care for children and adults. With the report on and suggestions for better eyesight, the business topic of new lights for the school was very timely. AT DEDICATION The night we flew out there, we had the formal dedication and opening of the Whitney Bird Hall at the Museum of Natural History in New York. Mr. Harry Payne Whitney started it as a memorial to his father and financed the exploration and collecting birds from all the Pacific area from the Guano coast of Peru to the Barrier Reef of Australia, from the heral mist of Bering Strait of Alaska, southward to New Zealand. My husband has continued to back the expedition which has taken over 30 years. The war caused a delay of 8 years. Sonny gave a speech to the 400 or more guests. There are 16 completed windows showing birds in their natural habitat with actual background painting and trees and flowers depicting a true scene as if you were actually looking at a spot on Guadalcanal for instance.

Then we boarded a plane at midday and flew here like eagles. With best wishes to our many Plymouth friends, I am Affectionately yours, Eleanor.

WE HEAR FROM OUR SUBSCRIBERS

A lot of news on our little post card came from Lake Wales, Florida the last of the winter neighbors, H and A. Lippis. Now we thought they were staying away over at Avery but lo and behold there they are down in Florida with all the other Ohio people. Who HASN'T gone to Florida, I ask you. No wonder the dyed-in-the-wool Confederates have disowned the state, putting it in the Union category!

But the Lippis family is still reading the Advertiser, even down south. After they read the paper they drove to St. Pete and Clearwater to see the Great East Florida Exposition. "He hasn't changed a bit," they say. But they didn't find Hal Myers and Bevier for they had gone to the Tampa Fair. They finish the card by saying "We are at the Ruckman's, a beautiful spot and lovely house. Saw the F. Schneider's too. Both had the flu". Well, well, so they have the old flu bug even down in Florida too.

Now we have just what we letters been trying to get—more letters from more subscribers! Helen Hilborn down in Canton sends us a cheerful little note and even sends us a clipping from our own paper. Now there's news that gets around! Well, anyway, this lady discovered on our old front page that we had put 29 days in February this year, and it just ain't Leap Year in 1953. You're right, and it was our mistake. But it's one way to get some mail at this time desk, by gum. She says she enjoys reading the Advertiser, and ends with all Good Wishes. Now if we just knew when her birthday was we could send her a good wish, too.

By the way, for those of you who remember the Hilborns family we need to live in Plymouth, the above Helen H. is the wife of Harry Hilborn. A check from Mrs. Beatrice Black in Cleveland comes again this year, and bless her heart, she thanks us for the prompt arrival each week's issue. Wonderful. She thanked Uncle Sam, too, for

lovely refreshments in the Home Economics room. The table was decorated with a Valentine centerpiece, and the buffet style luncheon was of doughnuts, coffee, tea, salted nuts and valentine candies. The next P.T.A. meeting will be on the regular date in March.

TALKING IT OVER

By: J. K. WEAVER
Your State Representative

It was my recent privilege, along with eleven other members of the House, to have luncheon with the Attorney General and his staff. This was an interesting affair, as we met and talked with the various members of the staff. The Attorney General's office serves in a

number of capacities and because we know where to look for advice in regard to the services rendered by this office, we in turn will be better enabled to serve you in our various counties. Incidentally, Mrs. Lila Black, our own committee-member from the 13th Congressional District, planned the get-together and the works out of the Attorney General's office as a special investigator.

Some of you people have written to me and seem to be concerned about the matter of length-

ening the term of office of state officials, and also making the office appointive by the Governor. These are resolutions, apparently introduced by proponents of the Constitutional Convention (which issue we defeated at the last election). These resolutions, after committee action, require an affirmative vote of two-thirds of the members of both the House and Senate. After surviving this action, the resolutions would then be on the ballot next November and on the final results would be up to you.

The Senate is about ready to do something with the Code Revision. After that, the flood gates will open and bills will pour in.

Charles Scott Named Alternate As Midshipman

Charles Scott, son of Mr. and Mrs. C. E. Scott, of Lodi, and a member of the God high school, was notified this week that he had been chosen as first alternate for candidates to the Midshipman at the United States Navy. The announcement was made by Congressman William H. Ayres.

Scott was the required examination last July in Akron and it was just this week that he knew he may have a chance to enter Annapolis.

A very active high school athlete Scott has been on the varsity of both basketball and football team all four years. He has played guard with the Tigers basketball team this season and had position as end on the football team.

Examinations will be given some time in March to the first candidates. If these do not succeed, then alternates have an opportunity to take the tests.

Larry Scott doesn't let his brother Charles have all the honors. He was told recently that he had won first place in the American Legion Essay contest. Larry is now vacationing from an attack of polio suffered last July. With the aid of a brace he is able to get about and attend school.

The Scott family made Plymouth their home years ago, leaving here for Lodi.

ON VACATION IN JAPAN

With U. S. Forces in Japan — Army Cpl. Patrick R. Mahl, whose wife and parents, Mr. and Mrs. Arnold Mahl, live on Route 3, Wildard, Ohio, recently spent a five-day vacation from Korea on a rest and recuperation leave in Japan. He stayed at Nara, one of Japan's most famous resort cities, where the Army has set up an extensive recreational center for combat soldiers enjoying a respite from battle.

Cpl. Mahl is a veteran of nine months in Korea, where he is serving as a section chief in Battery A of 1 Corps' 916th Field Artillery Battalion. His decorations include the Korean Service Ribbon with two campaign stars and the United Nations Service Ribbons.

Before entering the Army in November 1951, Mahl was engaged in farming.

RETURNING TO STATES

With the 43rd Infantry Div. in Germany — Cpl. James Enzman, son of Mr. and Mrs. F. R. Enzman, 56 Auburn Ave., Shelby, Ohio, is returning to the U. S. after a tour of duty with the 43rd Infantry Division in Germany.

A former New England National Guard outfit, the division came to Europe in October 1951 and joined the NATO Army.

Corporal Enzman arrived in Germany in October 1951 and has been serving as a cook with Company F of the 123rd Infantry Regiment.

A graduate of Shelby High School, he entered the Army in March 1951.

REV. FR. H. WACHTER RITES LAST FRIDAY

A pontifical High Mass was offered Monday morning at St. Michael's church in Toledo for the Rev. Fr. Henry Wachter who passed away last Thursday in a Toledo hospital. He was 72 years of age. Burial was made near his birthplace in New Washington.

Rev. Wachter was the pastor of St. Michael's Church for 20 years.

SERVING ABOARD USS MISSOURI

Reuben D. Turner, fireman, USN, son of Mr. and Mrs. Gordon Turner of Route 1, Shelby, Ohio, is serving aboard the battleship USS Missouri, on her second tour of duty with United Nations forces in Korean waters.

The Missouri is being bombardment Communist supply and communication installations on the east coast of Korea. She has steamed over 40,000 miles since leaving her home port of Norfolk, Va., in September.

On her first Korean tour, the Missouri fired 2895 16-inch projectiles and 8043 five-inch shells, weighing a total of 3295 tons.

The Missouri was the scene of the surrender of the Japanese to the Allied powers on Sept. 2, 1945, in Tokyo Bay.

NEW LAW FOR ALL DRIVERS

EVERY ACCIDENT MUST BE REPORTED BY DRIVERS WITHIN FIVE DAYS

On March 1 new provisions of the financial responsibility law become effective.

Accidents resulting in the injury or death of a person, or property damage to the amount of \$100 must be reported to the registrar of motor vehicles within five days after the accident. Reports are due within five days regardless of whom was at fault. Enforcement and public officials will have report blanks. One-car accidents must be reported also.

Within 30 days of the report, the registrar will determine if a driver or owner of a car involved in such accident is able to satisfy any damage for which he may be liable as a result of that accident. Those not able to respond in damage will be required to deposit security to satisfy such damage.

If security is not deposited within 10 days after the registrar's notice, the drivers license is suspended and all registrations of cars owned by that person are sus-

ended until the financial responsibility law is complied with completely.

Some people may be confused for awhile, but in general it is quite simple.

Drive so that you will not be involved in an accident. If you have an accident, be sure to report it within five days if a person was hurt, or \$100 worth of property damage resulted.

HAS TEETH

The March 1 law repeals the current statute that permits motorists at fault in accidents to continue driving unless judgments are entered against them.

Also knocked out will be provisions that allow them to resume driving after five years without settling judgments.

OUT-OF-STATE

The new law applies to out-of-state motorists. But enforcement may be difficult unless they return to Ohio. Foley's office said Ohio will suspend their driving rights in the state for failure to comply.

SUFFERS HEART ATTACK

Ben Waddington of Mulberry Street who is past 90 years old, suffered a slight heart attack last week but is somewhat better now.

New Wage Plan At Air Depot

Foremen of hourly wage employees at Air Force installations in the Shelby area will start work under a new classification and wage plan April 12, Col. Glenn Thompson, commanding officer of Wilkins Air Force Depot announced today.

For some foremen it will mean an increase in pay, though for others it will mean little if any increase.

The plan is designed to eliminate the inequities in the pay differential between many foremen and the men they supervise.

The foremen's scale, which will be announced later by the Wage Board, will be based on certain percentages over the pay of the men they supervise. This, Col. Thompson said, compares closely with existing plans in private industry.

The new classification and pay schedule will apply to all hourly wage foremen at Army and Air Force installations throughout the country. It will go into effect at the start of the first pay period after April 1, which in the case of

the Shelby area is April 12.

With inauguration of the new plan, Col. Thompson said, no rights of the foremen will be affected. Their temporary or permanent status will not be changed, and there will be no changes in leave or pension rights. The new classification also will provide for the three merit raises offered all Wage Board employees.
