

"WE MUST HAVE MORE IN 1954" IS POLIO CAMPAIGN SLOGAN

A vaccine will mean victory
Join the **MARCH OF DIMES**
January 2 to 31

The 1954 March of Dimes drive for funds for the Huron County chapter is at the half way mark. Never before has the need for these funds been so great. This year the field tests of the vaccine — a preventative agent against this dread disease — polio — is to be tried. The cost is tremendous in actual dollars and cents — \$26,500,000, or a third as much as was raised in the nation in 1953. But when one considers the value human lives — the relief from worry for parents, and the great cost of polio patient care, with its subsequent after care expense — no amount should seem too great. Two counties in Ohio will have these tests to determine the vaccine value but it will be another year before the results could be determined.

This is the important year, the year that each one is asked to increase their contribution by at least a third, since that is what it will take for the "Polio Prevention" test. During 1953, the Huron Co. Chapter had 11 patients at City Hospital as "possible polio" with eight being positive cases, one still hospitalized. There are 30 polio victims in this county who receive some assistance during the year, either braces — therapy treatments, crutches, shoes, or corrective operations. These corrective operations should be made for any new cases which develop until such time as the vaccine is proved.

Since all polio victims in the county come under this program of the national foundation, everyone in the county should realize they have a stake in the success of this drive. Ask yourself — can you afford not to give? Can you feel sure your own won't be a polio victim? Wouldn't it be worth even so much more to you and your family to see your success? Your assistance is needed.

Services Friday For Infant Sylvia Lynch

On Friday morning, Jan. 15, graveside services were conducted by Rev. L. E. Smith, for the infant daughter of Mr. and Mrs. Walter Lynch, Sylvia Jean, who died at the Shelby hospital Thursday morning. Burial was made in Oakland cemetery, with the Dye funeral directors in charge.

The lady is survived by her parents, the maternal grandparents, Mr. and Mrs. Carl Davis of Plymouth, the great-grandmother, Mrs. Rose Weaver, and the paternal grandmother, Mrs. Leotie Lynch of Shelby route. The sympathy of the many friends of the young couple is extended to them at the loss of their first child.

Short Course For Adults

Supr. M. J. Coon announces that a short course in vocational merchandising and Public Business Relations will be inaugurated at the school, for Adults. This course will be free to adults of the community, and instructors will be sent to Plymouth by the Department of Education. If you are interested, please contact the Supr. of schools.

Re And Mineral Deposits Are On Display Locally

A wide collection of ore and mineral deposits is now on display at the Plymouth High School. The public is invited to stop in and see it. Along with the display are several large pictures of the Hudson Bay mining and Smelting Co., Ltd., of Flin Flon, Manitoba.

The entire display was sent the Advertiser through the courtesy of Eleanor Searle, Whitney and the Hudson Bay People. Last Fall while in Plymouth on a short visit, Mrs. Whitney stopped at the Advertiser office, and she related her recent visit to the mines, and the display of a few small pieces of ore. We were keenly interested in her activities at the mines, and she kindly offered to send a complete assortment to Plymouth, along with photos.

It is, indeed, a magnificent display of rocks and minerals, which include copper, cadmium and zinc. The fact that the many metals are together in the ore brought quite a problem at the smelter to separate them. However, through extraordinary fine crushers and a series of screens, water, the metals are taken apart and poured into slabs or sheets. The plant turns out 98 per cent pure zinc, which is unusual for any mining outfit.

The Hudson Bay company has been in the Whitney family for many years, and the present owner, C. V. Whitney, husband of Eleanor Searle Whitney, became personally interested in its operation. The mine is large in its scope, which is written about its founding in the 16 hundreds. The issues are elaborately illustrated and filled with many entertaining stories about the plant and people.

The display will be at the Advertiser for several weeks and you're invited to stop in and look it over.

COMING HOME

After two years service in Uncle Sam's Army, Cpl. Robert E. Eichelberry, 2nd Lt. and Capt. Sunday, January 24th at Ft. Hood, Texas, and his wife, daughter, Vicki Lynn and son Rodney Gene, are looking forward to their trip home and for the present will reside with Mr. Eichelberry's parents, Mr. and Mrs. Robert Eichelberry, Young.

Young Eichelberry is a graduate of the local schools, class of 1930 and prior to his induction worked at the Plymouth Cigar and Tobacco and the Shelby Air Depot. He took his basic training in South Carolina and for the past nine months has been postal clerk in the Bank Division at Ft. Hood, Texas.

DEATHS

The list of burials that have been made in Greenlaw cemetery, Plymouth during the past year tells a story in one but looks. Caretaker, Lyle Bittinger, kindly gave us the list of names which followed 38.

There were 27 from out of town, and 11 from Plymouth. Four former residents of the area here were returned for burial, from out of the state. That reminded us of a former pastor who lived and served in Plymouth (if he reads this he will well remember) and who really liked the community enough to say that he would like to come back here to retire. If that couldn't be possible, he wanted to be cremated when he died and his ashes scattered over the old town so he could be part of it again.

Then on to the story of which one is the stronger, where the evidence speaks for itself. There were 23 men and 15 women brought to Greenlaw for their last resting place.

Whereas the ceremonies of yesterday used to be filled with little questions, the story of modern medicine and care is told by the fact that only one infant was buried in Greenlaw in 1953. The percentage of children saved is amazingly higher.

The date given is the date of burial.

LEAGUE LEADERS DOWN PILGRIMS

The Plymouth high school basketball team lost a hard fought battle to Belleville last Friday, 40-62. The final scores by no means show how close the game was, as the half found the visitors leading by only 4 points, 26-22.

It was a matter of just not hitting the basket, as Plymouth had its lowest shooting percentage of the season, as they made 10 of the 58 field goals attempted, for 17%. At the same time, Belleville's Blue-boys hit 23 of 58 for a 40% netting.

The Reserve game score was Belleville 40, Plymouth 23.

Plymouth plays Ontario here Friday night, when the Warriors invade the local hardwood court. Game time will be 7:30 p. m.

RETIRE FROM POLICE FORCE

After serving on the local police force for the past ten years, Estel Watts will retire from active duty March 1. The retirement age for police officers is 65, and Watts will be 68 his next birthday.

Six years ago Watts was made assistant chief of police, and his record for dependability and law enforcement is outstanding. Both Mayor Glenn West and Police Chief Meiser give Watts much praise for his years of service and the manner in which he has filled his job.

Serving the village as an extra policeman, Fred Lewis will probably be in line for appointment to succeed Watts.

Future Homemakers Serve Lunches

The Future Home Makers under the direction of Mrs. Frances Waines are serving noon lunches to the pupils at the high school building. The price of the meals is \$1.00 per week or 35c per day. The Future Homemakers plan on serving the meals for the next few weeks depending on how well the sales hold up over that time.

Elementary Building

The elementary building is nearing completion of the \$160,000 bond issue. The contractors estimate all of the work will be finished sometime in the Spring. Tentative date for moving the one sixth grade to the other building is set as Feb. 15.

Mr. Harris from the Federal Office is to visit the school Friday to determine if we need Federal funds to complete the building program.

Club Members and Families of the American Legion will enjoy another of their famous Fish Frys on Friday, Jan. 29th in their hall. The time is set for 6:30 until 10:00. A share cost of 75c for adults and 50c for children. Mark this date on your calendar and come out for a splendid meal. The cooking is good, the fish is good, and there will be a good time for all who attend.

BAKE SALE SATURDAY

The Journalist class of the High School will have a Bake Sale on Saturday morning, Jan. 23rd, at Cashman's Shoe Store. The sale will start between 9 and 10 a. m.

SISTER DIES IN WILLARD

Services for Mrs. Ellen Tripel, wife of Buck, were held Monday at the residence, Res. 61, north, the Rev. M. M. Allen, officiating. Burial was made in New Haven cemetery.

Mrs. Tripel, born in Kentucky and a resident of the area for 10 years, died Saturday following an illness of four years.

Surviving in addition to the husband, are three daughters, Mrs. Leonard Brandham, Mrs. Virgie Hammond, and Anna, all of Willard. Five grandchildren, three brothers, Tom and Be: Bailey, Willard, and Kendall, Plymouth; four sisters, Mrs. Mary Turner, Mrs. Myrtle Hall, Celeryville, Mrs. Sally Collins, Plymouth and Mrs. Della Warman, Greenview.

'School Daze' Is Theme At P.T.A. Meeting Tonight

Attend the Plymouth School P. T. A. meeting tonight, Thursday, and be in on the pleasant "Daze" which is on the program to make the evening an eventful one. At the rehearsal last Monday night, the committee seemed to be thoroughly enjoying themselves, and there was an indication that they will too.

There will be a business meeting, the "School Daze," and then a complete nice evening refreshment committee representing the Junior class mothers will serve in the Home Ec room.

The following January Program committee has worked hard to make the meeting an entertaining one, so be on hand at 8 p. m. to appreciate their efforts: Mesdames Luthier Fetters, Elton Robertson, James Root, Harris Postema, Donald Markley. They are assisted by a number of other P.T.A. and school staff members. Mrs. Edna Smith will be the "school marm" (pup, is she mean!) and her onery pupils are Maynard Coon, Emil Sarp, Donald Markley, Paul Mumford, Mrs. Ralph Fick, Mrs. James Root, Mrs. Dick Hampton, Mrs. Luthier Fetters and Mrs. Elton Robertson.

WIN \$12,000 FOR BOY'S INJURIES

Terry Lindsay, nine-year-old son of Mr. and Mrs. James Lindsay of Greenview was awarded \$12,000 in personal injury suit against the Baltimore & Ohio Railroad in Huron County common pleas court Friday.

The youth was injured Dec. 20, 1953, when he was hit by a mail sack thrown from a B. & O. train as it went through Greenview. The jury which deliberated one hour and 45 minutes reached a unanimous decision.

A total of \$25,000 had been sought in the suit.

Mrs. Lindsay will be remembered as the former Miss Geraldine Ramsey who resided in Plymouth before her marriage.

RESIDING IN CALIFORNIA

Mrs. Pearl Meek of Plymouth is making her home temporarily in Burbank, California, with her daughter and family, Mr. and Mrs. Tom Chubb.

Another Plymouthite who now resides in the Golden State is Mrs. Earl Wilcox of Los Angeles. Mrs. Wilcox will be remembered as Mrs. Maude Points who operated the Garden of Eat'n at New Haven.

UNDERGOES SURGERY

Mrs. Scott Hartz was admitted Monday evening to the Willard hospital where she underwent surgery Tuesday morning. Her condition is reported as satisfactory.

SERVING IN TOKYO

Sgt. Patricia A. Palmer, 30, daughter of Mr. and Mrs. Leo S. Palmer, 16 Sixth St., Shelby, Ohio, is now serving with the Women's Army Corps in Tokyo, Japan.

Sergeant Palmer, a member of Detachment A, is administrative clerk on duty with the Tokyo Finance Office, 8232d Army Unit, Tuesday morning. Her condition is reported as satisfactory.

HOSPITAL PATIENT

Mrs. Forrest Fry of Shelby R. D. 3, has been admitted to the Mansfield General Hospital.

ANOTHER NOTE from a good friend proves that a gift subscription is a good bet for the one who receives it—and for us, too. From New London Dale Aumend writes that we can even put this statement into print: "Enclosed please find check for the paper for the next year, and many thanks for sending it so promptly. A great paper for news; wouldn't think of being without it now that we have had it for a year."

OUR Readers will find elsewhere in this issue a questionnaire from J. Harry McGregor, our congressman from the 17th District. Cong. McGregor has always conducted his office in the interest of his constituents and through this questionnaire he hopes to determine the thoughts of the people here on national and international affairs. You will be of great service by filling out the questionnaire or writing a letter to Cong. McGregor, expressing your views.

WE WISH a complete and speedy recovery for Arthur (Jake) Myers, who underwent an operation last Thursday morning in a hospital at Tucson, Arizona. Jake is now at home and is recuperating very nicely. Moving to Tucson several years ago, he and Mrs. Myers have been pleasantly surprised each year by visitors from this vicinity who always get a cordial reception at the Myers' home. Well, Jake, better come back to Plymouth for a few weeks and really get a rest.

J. K. WEAVER of New London, who has been serving the past term in Columbus as our Huron County Representative, announces that he will seek nomination at the primaries for the next term. He is an active member of the Education, Conservation and Health Committees. His petition has been filed with the Board of Election.

WE HOPE that in the near future Northern Ohio telephone company can be fit to install a pay station booth somewhere around the Square, and here it will be available for 24 hour service. Many instances of the past few weeks we have had inquiries as to where a phone might be available for toll calls. This has been a very busy time and we are in hopes officials will take an interest and make a phone available. Even a small booth on the Square fronting the phone office may do the trick.

SKATING FANS in Plymouth and immediate vicinity will no doubt enjoy the Ice Follies which open in Grandland at the Arena this week-end. Tickets should be secured immediately to insure a choice seat. Ellen Robertson, publicity for the Arena, tells me that the show this season is far beyond expectations and that she is certain no one will be disappointed in it.

MABEL AND HENRY Trauger are in the midst of many improvements over at Don's Grill. The restaurant will be closed on Sundays until the renovation is completed. When the improvements are finished the Traugers will have a very modern kitchen and a pleasing dining room. The boys who usually get their Sunday morning coffee and toast should remember that the grill will be closed on Sundays until further notice.

PLYMOUTH was well represented in Florida, especially Miami the early part of the month. The national convention of the Greenskeepers Association was held in Miami on the 6th of January and it drew the largest attendance on record. The Fate-Rock-Health Co., had a display of lawnmower sharpeners and other grinding tools to exhibit there, and they also showed the new "chain saw" which is being developed here. Thomas and Paul Root and Gaylord Willoughby went down on the five day convention, and they were accompanied by Tony Fenner. On the 6th of January Mrs. Root and I went down to join her husband, Don Shaver and his family also drove down for the convention. After the busy days had the show, Mr. and Mrs. Root motored over to New Orleans on their way home, while Paul Root, (Continued on Page Four)

MAKE CHANGES IN ELECTION LAWS

By TED W. BROWN
Secretary of State of Ohio
(One of a Series)

A number of changes were made in the Ohio election laws by the Ohio General Assembly which will make it easier for voters to exercise their franchise and which will assist in a smoother, more efficient election operation in Ohio.

The changes became effective January 1, 1954, that date having been established to avoid confusion in the general election held a few weeks ago.

As Chief Election Officer of Ohio, we made a careful study, and our experience and that of the eighty-eight County Boards of Elections revealed the need for numerous important changes. One of these sets up a uniform time for filing of all resolutions for tax

levies, bond issues, zoning issues, municipal initiative and referendum, and miscellaneous issues with the Boards of Elections. Under the old provisions of the law, filings were made at various times, resulting in confusion and some times leaving political subdivisions without needed revenue because the resolution was filed too late to be accepted by the Board.

Now, under the amended law, all political subdivisions may be advised of one definite date for filing.

It is necessary to provide ballots for members of the armed forces and civilian absent voters outside the continental limits of the United States sixty days before an election to allow time for the ballots to travel to the voter and back to the Board of Elections. This

was taken into consideration in establishing a deadline for filing of these issues, so that no longer will these absent voters be by-passed by not being able to receive ballots on issues filed too late to have these ballots sent to them.

FINED IN COURT
Clyde Adkins of R. D. 2, Shiloh, was fined \$50 and costs when he pleaded guilty to charges of malicious destruction of property in Mayor Roy E. Stroup's court, Shelby, on an affidavit signed by Iva M. Osborn, Monday. \$45 of the fine was suspended on condition he pay damages to property owned by Mrs. Osborn within 30 days.

GOLDEN WINTER HARVEST.
Liquid sunshine comes right into your kitchen, these days. That's right, juicy fresh oranges.

ORANGES - FROM SUN TO SOWN!

are ripe for the picking. It's the peak of the season, and that puts oranges on the plentiful list.

Get Their Number

Arm chair shoppers checking good buys should keep in mind that oranges are priced by size. The size is determined by the number of oranges that can be packed into a shipping crate. Numbers range from 100 to over 300.

However, the sizes most often found in the stores in this part of the country are 176, 200, 220, 252 and 288.

It's easy to remember that as the size of the oranges gets larger the number going into a crate is smaller.

Oranges should be stored in a dark, cool place; in the refrigerator if you have the space. Oranges picked from chilled fruit served without straining is a real health tonic.

Grilled Orange Slices
Wash three large oranges. Slice unpeeled oranges into one-half inch thick rounds. Dip slices in flour, then into one egg, slightly beaten with one tablespoon water, and then into finely crushed cornflakes. Brown on both sides in hot butter or margarine. Serve hot.

Orange Refrigerator Cake
Soften one tablespoon plain gelatin in ¼ cup orange juice. Combine ¼ cup flour, one cup sugar and one teaspoon salt. Stir in 2 cups milk; cook until thickened, stirring constantly. Add 3 slightly beaten egg yolks. Cook 2 minutes longer. Add gelatin mixture. Cool.

Beat 3 egg whites until foamy; gradually add 3 tablespoons sugar. Beat until a stiff meringue.

Break one ten-inch angel food cake into small pieces. Place a layer of cake in the bottom of a 9x9x2 inch spring mold until all ingredients are used.

Refrigerate 6 to 8 hours or overnight. Remove from pan; cover with ¼ pint cream, whipped and sweetened if desired.

CHICAGO—Fashion is on the spot! Designers take the bold spot if the leopard to bring a gay, whimsical touch to lingerie. This setting is through in Columbus from Marshall Field & Company, show the latest trend to fur fashions and prints with everything from jewelry to slippers.

REV. RALPH FELIX WILL ATTEMPT to bring a gay, whimsical touch to lingerie. This setting is through in Columbus from Marshall Field & Company, show the latest trend to fur fashions and prints with everything from jewelry to slippers.

The finals of the Prince of Peace Contest will be held during the Wednesday morning session. Contestants will be the six Ohio teenagers who have survived local, county and district elimination contests. They will be competing for cash prizes and college scholarships.

Mrs. Felix will accompany her husband and visit with relatives.

The announcement was made by Dr. Albert Voegelé, vice chairman, following a meeting of the executive board last week.

Dr. Voegelé said that over 30 health booths and exhibits are to be taken up by the various volunteer and official health agencies in Mansfield and Richland County. The purpose, he said, of the exhibit and bazaar is to point out to the community the various health services available to everyone.

The three day exhibit will be open from 10 a. m. to 10 p. m. and free entertainment will be furnished on several evenings.

Plans for the regular meeting of the Health Council in December, which will cover the topic flouridation, was discussed and it is hoped that an outstanding authority on the subject will be able to appear on the program. Dates and time for this meeting will be announced soon and the public is cordially invited to attend.

All health agencies in Mansfield or Richland County interested in participating at either the exhibit or bazaar next May are urged to contact Mrs. John Canning, 993 West Cook Road, Mansfield, telephone KI-6694.

Present at the board meeting were Dr. Albert Voegelé, vice chairman; Mrs. Marie Greene, secretary; Dr. Robert Pollock; Dr. Paul Blackstone; Dr. Harry Wain; Mrs. John Canning; and Mr. Harold E. Samuelson.

Meet the 'Chief'

This is Vivian Shaffstall, Chief Operator at the Oberlin Exchange of Northern Ohio Telephone Company.

The duties of a Chief Operator are many and varied . . . she arranges schedules which will assure proper operation of the switchboard . . . with the assistance of her Supervisors, she instructs Operators, keeps Information Records up to date, rates tickets and has the over-all responsibility of the entire Traffic Department.

Miss Shaffstall and all Chief Operators are important members of the Northern Ohio "Team" which is living up to the tradition, "The call must go through." Like other Employees of our Company, the busy Chief Operators do find time to take an interest in civic affairs, for **THEY ARE GOOD CITIZENS!**

WE HEAR
from our subscribers

Notes from friends on our Subscription List have been accumulating since away last Fall, but Santa Claus letters and holiday items have taken first place and the messages to the Advertiser have patiently waited. We have read them all, though, and here is our thanks for each one. For some reason, just a little sentence or so with each renewal makes the news business come alive, instead of being just a list of names in a cold, quiet file.

Galion, Ohio. "Dear Friends: Through the many years it has been our great delight to make new friends every where, but we always cling to the old ones also. Since Oct. 1903 the Advertiser has been a welcome caller in our home and we always enjoy it. We were married in the Methodist parsonage in Plymouth, Sept. 19, 1909 and began our work in the ministry the same year. What changes have taken place in our world since that date! Neither of us had ever seen an air plane or an automobile or had a telephone in our homes. In our daily living we have witnessed these and much greater things than these, for which we thank the Lord. Most sincerely —
Rev. J. J. Adams and Wife."

L. D. Wolfersberger sent his check along for the Advertiser for another year, and also ribs us about not giving all the basketball news. He says, "You forget to mention that Shiloh beat Plymouth two games. Or is it a secret?" To tell the truth, we just don't seem to get around to go to the basketball games, and unless somebody from school turns them in, they just aren't reported. We'll tell you what, you sports fans, if you'll help us find out what the scores are, we'll put them in the Advertiser no matter who won! Either phone and remind Clyde over at Shiloh, or Call 59 in Plymouth.

A nice letter from Dick Salisbury from the IOOF Home in Springfield came in December. He writes that he enjoys reading the good old paper, and hopes his friends here are all well. He is in an upstairs room at the Home and reports that they have plenty to eat and warm rooms. The hired help is nice, and "a lot more cheerful than the old grouchies that come here," he says! You can tell by that that Dick still has a sense of humor. Thanks for the renewal, Dick, and we'll see that the paper keeps coming down to you for another year.

Tucson, Arizona. "Please continue the Advertiser as we enjoy it very much and look forward to its arrival every week. Lester Boetcher."

San Diego, California. "Dear Mrs. Thomas, Enclosed please find a check for the Advertiser for next year. We look forward to its arrival every Monday morning, giving us the news from home, so please keep it coming. We are enjoying beautiful weather and at this time of year our poinsettias are in

SOCIETY-CLUB NEWS

Complete Preparations For Silver Tea To Be Held On February 2

Plans and preparations for the Silver Tea are keeping a great many members of the Mothers Club of the Elementary School busy these last weeks of the month, as they make ready for the February 2nd meeting.

Mrs. Thomas Webber is serving as chairman of the Tea arrangements committee, and Mrs. Earl Cashman as chairman of the general program committee has secured the very interesting Dr. E. G. Hesser of Crestline, to tell the Club during the program hour of "Col. Crawford, Friend of George Washington."

Those who will assist Mrs. Webber in the preparatory and serving will be the members of the program committee, Mesdames M. J. Coon, John Armstrong, Harold Sloan, Robert Adams, Lela Fetters, and also the members of the project committee. Mesdames Donald Shaver, chairman, Glenn Hansen and McPherson Harold Robnett, Doris Broderick, and Robt. Kessler.

Grade school teachers and children are also working on this Silver Tea entertainment, the object of which is not only to present one of the most interesting programs of the club, but also to raise funds for the treasury. Parents and friends are invited to attend this meeting at 3:30 p. m. the first Tuesday of February, and "meet Martha". So far we have not been able to find out if "George" will be able to make the date or not. Posters are being made by the classes.

Dr. Hesser, who is president of the Crestline Historical Society, will illustrate his talk with pictures, etc., from the exhibits. The object of the society is to preserve objects and documents relating to the history of Crawford county, our neighbor to the west.

One of the most important his-

torical facts about the early history of the area, is the story of Gen. Crawford and Gen. Washington, latter President Washington. Indian implements and art objects, as well as early pioneer utensils, etc., are in the Society's rooms, which are open free to the public on Thursday afternoons and evenings.

Bible Study Conducted At Catherine Taylor

Class Meeting

The new 1954 officers of the Catherine Taylor Class of the Presbyterian Church presided at their Tuesday evening meeting when the group was entertained at the home of Mrs. Grace Dick. Co-hostess was Mrs. Florence Coe.

For devotions, Mrs. Ralph Felix read portions from First John combining the scripture with personal experiences during the depression, where the feeding of small, hungry, children resulted in faith and love of the Master's Work.

For the Bible Study period, Mrs. Sams reviewed the types of literature found in the Bible, the books of the Bible drills in locating passages in the Bible and concluded with roll call, with resolutions taken from the Bible.

Business was routine with the group voting to contribute \$5.00 to the March of Dimes and to pay their new pledge to the Church budget. The new programs were presented by Miss Helen Akers who was in charge of this project.

A social hour, supplemented by refreshments were served by the hostesses and announcement made that the February hostesses would be Mrs. Gladys Vandervort and Mrs. Alta Briggs.

Unusual Wedding Gift Is Given At Party

Mr. and Mrs. Lundy Fetters were hosts on Sunday evening to Mr. and Mrs. David Sams, Mr. and Mrs. Harold Sams, Rev. and Mrs. Ralph Felix, and Mr. and Mrs. Dick Hampton. Mr. Fetters had made a recording of the marriage service which on Jan. 3 had united the lives of David Sams and Helen Lauer. On Sunday evening they presented it to the young couple on the condition that they play it every anniversary of their wedding day.

The Fetters played the recording for the guests Sunday evening, and then at the end all added a few comments and wishes to finish the record. After a social time, lovely refreshments were served.

Miss Margaret Cole Goes To Arizona

As a courtesy to Margaret Cole who left Wednesday morning to spend the remainder of the winter in Arizona, Mrs. Natiella Motley entertained her at a waffle supper and television on Friday evening.

Other guests were Jessie Cole and Alta McGinley. On Tuesday, Miss McGinley entertained the group for lunch at Palmer's Restaurant in Willard.

NEW TENANTS

Dave Barnhart who has been residing with Mr. and Mrs. V. V. Malone have moved to the house owned by Mrs. John Adams on Shelby Route and recently vacated by Mr. and Mrs. George Adams.

AMONG THE STARS OF ICE FOLLIES OF '54

Your ticket to the Ice Follies of 1954, opening at Cleveland Arena today, (Thursday) January 21, is also a ticket for a trip to the Milky Way of ice skating, the gigantic constellation of skating stars under the aegis of the Shipstads & Johnson, pioneers of the all-professional travelling ice show. You will see the most beautiful girls in the world on ice, in gorgeous costumes designed and created by MGM's Oscar winner, Helen Rose. And this year you will see new stars among this galaxy of talent, the vivacious little Swedish sensation, Inga Brita. You will see one of previous favorite now grown girls into the stardom class, the exotic, captivating skating and acrobatic star, Marie Crimmins.

On the masculine side of the Ice Follies roster you will find the name of Dick Norris, internationally famous adagio master, returning to the Shipstads & Johnson banner and teaming up with the above mentioned Marie Crimmins in a sensational interpretation of adagio on ice. Dick is truly superb in his manipulation of this daring routine on blades. When his former partner was forced to retire because of injuries, Dick searched long and far for a replacement and finally chose Marie Crimmins because of her natural ability, her perfect physical makeup and continuing courage this hazardous type of performance requires. They are a tremendous pair and are certainly headed for great things.

New Stars Among the Stars of Ice Follies of 1954

On the lighter side there is the intrepid Kitten, this year's animal creation as interpreted by Ole Eriksen and Dick Mershon. They will delight you with the scene, a whimsy in comedy designed for young and old alike. Among the Ice Follies you will see many new faces, young and beautiful, each a superb skating star. It is truly a glorious show, surpassing anything that the producers, Eddie Shipstads, Ole Eriksen and Roy Shipstads have ever presented before which of course means a new highlight in entertainment, something no family can afford to miss.

Stationed At Camp Kilmer, N. J.

Private James W. McDougal, son of Mr. and Mrs. Dalton McDougal, has been stationed at Camp Kilmer, New Jersey, this month, but expects to be sent at any time to Europe to serve with the Army. Private McDougal graduated from Plymouth High School in 1950.

Will Attend Merchandise Fair in Pittsburgh

Wm. Miller and Dave Scrafield of Miller's Hardware Company will attend the Merchandise Fair and Stockholders Meeting of the American Hardware Supply Company in Pittsburgh, Pa. on January 25th and 26. Miller's Hardware is one of 40 stockholders of American Hardware Supply Company.

All stockholders are leading retail hardware merchants and own outright one of the largest and most modern up-to-date wholesale hardware distributing companies in the United States, who carry in stock, ready for immediate shipment to its stockholder members, 25,000 items. Their average inventory is in excess of \$3,000,000 and sales exceed \$12,000,000 annually.

Stockholder members enjoy a much lower cost on the leading nationally advertised merchandise and thus are able to sell at a lower cost to the consuming public in the areas they serve.

RAYMOND DEWITT GRANTED DIVORCE

A final decree has been granted Raymond DeWitt in a divorce action against Doris DeWitt. The divorce was granted DeWitt a few weeks ago in Common Pleas Court, Norwalk.

The court ordered the 11-year-old son in care of the defendant, Doris DeWitt, with privilege of visitation from the father. The court also gave Doris DeWitt the use of the home until June, 1954, the car and home furnishings. DeWitt received all garden tools and a few minor personal possessions. He was ordered to pay \$15 per week for the support of the son.

A rubber conveyor belt, of a type long familiar in U. S. coal mines, is being considered as a replacement for the subway shuttle between Times Square and Grand Central Station in New York City.

ALIENS MUST REPORT BEFORE JAN. 31

District Director Arthur J. Karnuth, of the United States Immigration and Naturalization Service for this area, today warned all aliens of the penalties under the Immigration and Nationality Act if they fail to report their current address and stated that willful failure to report may result in prosecution or deportation.

Mr. Karnuth stated that with half of the registration period gone, less than half of the alien population in this area has furnished their address report. Forms for this purpose can be obtained at any United States Post Office or Immigration Office, and address reports for those who as yet have failed to comply, must be submitted before January 31st.

Mr. Karnuth emphasized that all aliens, except foreign officials and diplomats, must make such reports regardless of reports made in previous years, and whether or not there has been any change of address.

Parents or guardians must submit an address report for alien children under 14 years of age, or aliens mentally or physically unable to make their own reports.

We Hear From Our Subscribers

Dr. and Mrs. G. J. Searle will be receiving the Advertiser down in Ft. Lauderdale, Florida, for another year, thanks to the thoroughness of their daughter, Mrs. C. V. Whitney, of Old Westbury, Long Island, New York.

Also from Florida, but this time from Miami, comes the message from Mary Backensto who sends her love and the comment, "We surely do enjoy receiving the paper every Monday morning. Many thanks." The feeling is mutual. Mary. We enjoy sending it down to you, and many thanks to you, too.

From the wonderful land of Arizona we note a change of address for "Jake" Myers and wife, who are now residents of that state, but who once were in our circle around the Square. On the Advertiser, as it goes southward, it always stamp the formal address of Mr. and Mrs. Arthur Myers, 3013 East 18th St., Tucson, Arizona.

From Tiro, R. D. 1, L. Baker sends his subscription renewal, and says, "Keep the paper coming. I am enjoying it." It's a two-way idea, Mr. Baker, for we just can't do without the subscribers, either.

Well, Well and Ahem! Attica, Ohio. The Plymouth Advertiser. Dear Sirs: A subscriber of yours lives with us. Although I do not know your name, I am sure you are in the neighborhood of the Plymouth area, it is a pleasure to pick up your paper and read the headlines of new items, which precede a letter without making any sound to some that I am quite blunt to express myself so freely as The Plymouth Advertiser is the best weekly paper I have ever seen and one of the very few worth my time to look at. Enclosed you will find stamps for which you may send me two or three copies of Dec. 31, 1954 issue. Thank you very much, very truly yours, Frank Stutzman." (Ye Editor takes a bow, and says Thank You)

Other subscribers who will be reading the back copies of the Advertiser when they get home are Mr. and Mrs. P. H. Root, who sent us a postal from Cristobal, Canal Zone. They say they are finding that the cruise is most delightful.

A letter from the Veterans Administration Hospital at Marion, Indiana, requests that we send the Advertiser to Glen L. Long, Ward 25A. Friends from Plymouth and New Haven will also be glad to have Glen's address. He visited in Columbus about six years ago, and years ago was a resident. The letter was written for Glen by Henri Pol, Ward Clerk, Ward 25A, of the hospital.

IT WAS FUN FISHING FOR EVERYONE BUT THE FISH! There were 80 fish less in Lake Erie Monday morning, according to Allen Ford, who was one of a party of fishermen from the Depot who spent the week-end on the ice over the lake.

The party flew from Sandusky to Bass Island by plane, and then were assigned to whittles over the ice. Everyone seemed to have a good time, and everybody around Ford's ate fish for awhile this week in Toledo. (Now if we had to hunt our own food this way, wouldn't we think we were imposed upon?)

Toll Calls Show Marked Increase

The yearly report of toll traffic submitted by E. T. Burgess, General Traffic Superintendent of Northway Ohio Telephone, shows that 5,898,832 Long Distance calls had been completed during 1953. This is an increase of 1/2 million calls over 1952.

This number of Long Distance calls completed by the Telephone Company is an average of 72 calls per telephone served. It is also the equivalent of 11 Long Distance calls being completed every minute, day and night.

Latest statistics show that 185 million local calls are completed daily in the United States. We often wonder what folks did before the coming of the telephone.

Insurance Firm Observes 40th Anniversary

One of Ohio's oldest mutual insurance organizations, the National Life Insurance Company of Columbus, which is represented locally by agent Clarence Vogel, is celebrating its fortieth anniversary year (1914-1954) through a series of activities intended to serve its agents and policyholders.

O. F. Rentz, president, is the only member of the original group of founders who is still active and he actively serves in his official capacity as well as operates a successful retail mercantile business in Celina.

"We pledge the continuance of our prompt service, and of our strong financial position, and of the timely fulfillment of our obligations to those we are privileged to serve," states Mr. Rentz in announcing this anniversary year.

C. M. Montgomery, secretary and treasurer of the company declares that while in the past forty years the company has earned the reputation of "an old reliable" in the fire insurance field, it shows that this anniversary year should be "National Mutual" and that the "National Mutual" is young in spirit, in management, in willingness and ability to serve both agents and insureds.

Through the Clarence Vogel Agency, many local persons have the protection of fire, windstorm and allied coverages through the "National Mutual," covering their homes, business, and their personal possessions.

MAP SHOWS ROAD CONDITIONS

The Department of Highways of the state is now issuing a Highway Condition Bulletin every two weeks, for the benefit of drivers who plan business or pleasure trips. Bulletin No. 1 has been received at the Advertiser and is posted on the display board for anyone to check for information.

This is a very practical and sensible suggestion for those who will be on the highways, so come in and take advantage of this help. It may save you hours of travel and trouble.

From the legend on the map, and the colored or outlined highway divisions, it is possible to tell where construction is being done, where temporary routes are provided, where there are temporary bridges, the type of road surfaces, where traffic is being maintained or where detour is necessary.

For an example:—"No. 42 Route 598 — Galion-New Haven and Bridge construction northeast of Route 98 Junction. A good paved temporary route is provided via routes 98 and 61, adding 4 miles extra distance."

PLYMOUTH JUVENILE GRANGE NEWS

CHIEF BENEDICT GIVES ANNUAL REPORT OF THE SHILOH FIRE DEPARTMENT

The Shiloh Fire Dept. has made an interesting report on the 1953 fire calls in the village of Shiloh, and in Cass and Bloominggrove townships. They answered 21 calls; 5 in the village; 9 in Cass; and 7 in Bloominggrove. The mileage was 54 miles one way.

The village estimated loss at less than \$100, while Cass estimated loss at \$3600. This figure takes in the 1953 Pontiac car which burned on state route 178. There was loss of one home in Bloominggrove-wp at around \$3000; two wheat fields and several grass fires.

The Shiloh Fire Department has 14 members. The equipment and men are paid by the three subdivisions. For 1954 the trustees are erecting road signs so that the fire fighters can be more clearly dispatched.

The village is under study for expansion of the fire station to house a tank wagon and additional supply. Two new members joined the department for 1954, Charles Guthrie and Glen Strong.

For those to whom it would be of interest, the Ohio Inspection Bureau has passed out specifications for credit in insurance, Class A and Class B.

For rural fire calls our department is well over the Class B, but for Class A the requirement would be an additional \$1000 more water on one or two pieces of equipment.

WILBUR CRAWFORD DIES SUDDENLY

Wilbur (Biddy) Crawford, 78, was found dead in his home on West High St. last Sunday evening. Apparently he had been dead for several hours before his body was discovered. Death was attributed to natural causes by a physician.

Wilbur was the last of the Robert Crawford family in Shiloh. For almost 50 years he was associated with Albert Lash on his farm near Tiro, being called home from there a number of years ago to take care of his invalid brother, Clint, attending him faithfully until his death less than a year ago. A quiet, friendly chap, he will be missed by his many friends in Shiloh.

Surviving are two cousins, Clyde Wood of Ashland and Huff A. Wood of Lodi.

Funeral services were held in the McQuate Funeral home here Wednesday afternoon at 2:00 with Mt. Hope Lutheran church, officiating. Burial was in the Mt. Hope cemetery.

Appointed Trustee

Leo Daup of the Lybarger Road was appointed by Wood Arnold, Cass township Justice of the Peace, last Friday evening to fill the office of trustee left vacant when Alvin H. Garrett, for business reasons, refused to accept election.

Mr. Daup was appointed last Spring by Justice of the Peace Ben Nelson in fulfillment of the term of Fred Dawson, who resigned to accept the office of County Commissioner. Nelson recently resigned as J. P. and Arnold was appointed to fill his place.

Fifth District Legion Meeting Held Sunday

Despite the icy roads and near zero temperature, approximately 200 Legionnaires from the Fifth District, American Legion of Ohio, sat down to tables in the spacious American Legion hall here on Sunday and were served a tasty dinner by the Ladies Auxiliary of the Post.

The business meeting was held in the Shiloh high school auditorium with registration starting at 9:30 in the morning. John Swarer of Crestline, 5th District Commander, called the meeting to order at 10:00. Colors were advanced by the New Riegel Color guard and the Invocation was delivered by Rev. Cordes, State Chaplain, from Norwalk, followed by a reading of the minutes and roll call by F. (Pete) Diriam, District Adjutant of Elyria.

The afternoon session was called to order at 2:00 by John W. Reynolds, commander of the local post, followed by the Invocation from Rev. Cordes and address of welcome delivered by the Hon. Robert H. Moser, Mayor of Shiloh, and the response given by Donald L. Lewis, First Vice Commander of Gallon.

Robert Smith, Dept. Service Officer, gave an interesting address to the gathering following the introduction of distinguished guests, among whom were four past State Commanders including Harry Eaton of Ashland and R. B. "Bud" Gardner of Mansfield. Fred W. Thacker, Sixth District Commander from Marion, was also among the distinguished guests present.

The meeting closed with a Memorial Service by Rev. Cordes, followed by Taps and the Retiring of the Colors.

A free buffet lunch was served in the local post home following the meeting.

RELEASED FROM HOSPITAL

LeRoy Holcomb, 29, who was seriously injured in a two car collision on State Route 39 this side of Mansfield a week ago last Friday evening, was released from the Mansfield General hospital last week, and is now, apparently on the mend.

Mr. Holcomb is Fred Backenstos's wife's sister Evelyn's husband, not his wife's brother as was reported in these columns last week.

ATTEND CHURCH EVERY SUNDAY

Under the slogan "Give God a Chance Now!" Methodist Churches across the land are endeavoring to raise the average of Church attendance. Shiloh Methodist and Plymouth-First Methodist are enlisting in the "Attend Church Every Sunday" from now until Easter campaign, believing that such an undertaking will cover a sufficiently long time to make a real spiritual impact upon people and community by exalting the place of corporate worship in Christian experience and recapturing the power of Christian fellowship.

The Minister, Rev. L. E. Smith will speak next Sunday at both Shiloh and Plymouth Churches upon the theme: **GIVE GOD A CHANCE NOW — TO DIRECT YOUR LIFE.**

A cordial Welcome to all who have no church home in these communities.

Mr. and Mrs. Smith Reach

64th Wedding Anniversary
Mr. and Mrs. Warren O. Smith, of the County Line Road east, quietly observed their 64th wedding anniversary at their farm home, on Saturday, January 16, 1954. It was a good day for memories, however, and they recalled, as did Mr. and Mrs. Fred Sparks of near New Haven, that the January days had made the roads very, very muddy. Mrs. Smith remembered how the horses hooves would break through into the mud as they walked.

Miss Inez Washburn, of Greenwich, and Mr. Warren Smith, then a young couple, were united in marriage at the Methodist parsonage in Greenwich, and Rev. McCullough read the marriage rites. Their friends, Mr. Sherman Noble, and Miss Alice Griffin, stood up with them. Both attendants are still living and both are now residents of Florida.

The bride was dressed in a fine gown of brown satin. Mr. Smith was teaching school at the time of his wedding, and continued for some time, as well as farming. He taught in the country schools known by the names of Paradise, Planktown, and Pontiac. They have resided for their entire married life on the farm where they now live. Although Mr. Smith has retired from active farming, both are able to get around and manage the household chores.

They have two children, a son Florin Smith, of Newark, Ohio, and a daughter, Mrs. Mildred Parkinson, of Milwaukee, Wisconsin. Their family now includes also, three grand children and one little great-grandson, Thomas, of Vermilion. One grandson died last June.

Congratulations to this happily married couple who have spent 64 years together.

Miss Virginia Fenner

Entertains Members of The Tourist Club
The first meeting of 1954 for the Tourist Club was held in the home of Miss Virginia Fenner Monday evening, with nine members present. It was preceded by a delicious scalloped oyster dinner served at Cornell's.

Following the business meeting, Mrs. Lois Ramsey as leader, assisted the club in the study of a difficult but enlightening article on "Man's New Servant: The Friendly Atom," taken from the latest Geographic magazine. The terrific power that explodes atomic bombs has been tamed and harnessed for countless tasks. It fights disease, helps factories and farmers and

NOW LIVING IN VIRGINIA

Mr. and Mrs. Lewis B. Schneider
Mr. and Mrs. Lewis B. Schneider are now making their home in Norfolk, Virginia, where the former is stationed with the U. S. Navy. The young couple was married January 2 in St. Paul's Catholic Church, Norwalk, by the Rev. Fr. Weger.

Mr. Schneider is the son of Mr. and Mrs. Jacob Schneider of Plymouth. He may become an important new source of industrial power, although the "latter" can be little cheaper than at the present time, since fuel represents only 20% of the actual cost of production of electricity. Atomic power will not suddenly replace all coal, oil, and other fuels, but for many years will supplement them.

The next meeting will be led by Mrs. Helen Hoffman, with Mrs. Ruth Nimmons as hostess and dinner will be served at Cornell's.

Library Board Meets

Next Week, Jan. 28th
Mrs. Miriam Hershiser will be the hostess for the January Library Board meeting on Thursday evening, January 28th.

Band Mothers Club

The regular meeting of the Band Mothers Club will be on Monday evening, Jan. 25, at the high school building, at 7:30.

Double Ring Service Unites Couple

The following account of the marriage of Jack R. Terry, editor of the Lamoni, Iowa, Chronicle, and his charming bride, was printed in the Chronicle following the wedding, and we felt it would be of interest to our readers. It is just the kind of an account we have always wanted to print!

The double-ring service was read at the home of the bride's parents by Rev. Benjamin E. Bollman of the Polo Presbyterian Church.

"Given in marriage by his whole family, which was only too glad to get rid of him, the groom chose for his wedding a single-breasted suit of an imported English cloth with a faint shadow stripe. Fashioned with wrist-length sleeves and slash pockets, the handsome garbade coat had two lapels, one on either side. In the left hand lapel the groom wore a white carnation boutonniere. The trousers were fashioned with belt loops and zipper and had a becoming cuff on each leg, near the bottom. A white shirt with cunningly concealed French cuffs and an ingenious button-down front was loaned by the groom's father for the occasion. A silk tie of green laced with diagonal white stripes, left from the groom's neck and was tucked inside the suit. He also wore shoes.

"Donald R. Hurdle of Rockford, Ill., an old school mate of the groom served as best man. He chose a suit of tan gabardine, lighter than that of the groom. He also had two lapels, two cuffs and a green tie. The shirt was his own. He wore a white carnation boutonniere on his left lapel.

"Miss Molly Ridout was maid of honor. "For his son's wedding, Mr. Terry wore a single breasted suit of aquamarine gabardine imported from England. He carried a pink grudge and wore a white carnation. The bride's father chose a cinnamon-brown gabardine suit with a figured brown tie. He also wore a white carnation.

"For his going-away, the groom had no choice. He wore the tan gabardine suit or nothing. The bride accompanied him to the Lake of the Ozarks for a honeymoon."

HOW TO KEEP WINTER FROM HURTING YOUR ENGINE

① Since oil contaminates faster in cold weather - drain it more often!

WATER GETS INTO YOUR OIL. In winter, starting your engine cold can throw as much as a tablespoon of water into your motor oil! It comes from water vapor, formed by burning gasoline, which condenses on your cold engine walls. Even after a 15 or 30 mile trip, your oil often doesn't become warm enough on a cold day to expel this moisture. It remains in the oil to form harmful sludge.

GASOLINE GETS INTO YOUR OIL. Because of extra choking during cold weather, unburned gasoline drips into your motor oil, thinning it out. Contaminated by sludge and gasoline, your oil becomes unfit for duty much sooner in winter than it does in summer. Unchecked, the contamination can lead to worn engine parts, clogged piston rings, and stopped-up oil lines and screens.

AUTO MAKERS HAVE THE ANSWER. Owners' operating manuals from virtually every car manufacturer recommend how to keep your engine protected against oil contamination during cold weather. They say, "Drain oil more often in winter." Draining oil more often during cold weather is a low-cost way to protect the expensive investment you have in your car.

② To keep your engine cleaner between drains use HQD MOTOR OIL

Since Sohio HQD motor oil contains a triple-strength detergent, it cleans as it lubricates. Like all oil, HQD should be drained more often in winter, but it keeps your engine cleaner between drains. HQD removes sludge and other dirt from vital engine parts, and holds it in suspension so it drains out at oil-drain time. Let HQD help you lick the problem of cold-weather contamination in your engine.

ICE FISHING ON LAKE ERIE
Ice fishing around the Bass Islands in Lake Erie has been reported excellent the past week by the District Wildlife Office at Sandusky.

Robert Cummins, fish management supervisor for the Lake Erie District reports that ice fishermen were averaging 11,54 fish per hour around South Bass Island, with the catches consisting mainly of Yellow Perch and Pickerel.

If you are planning a trip to the island area for some of this winter-time angling Cummins recommends using minnows fished close to the bottom off the west side of South Bass Island.

He also points out that the bait situation is extremely poor on the island and recommends taking your own bait from the mainland.

Cummins also reports that fishermen are having some success at fishing through the ice on Sandusky Bay.

Of the catches made around the Bass Island last week 84% consisted of yellow perch of which 44% were over 8 1/2 inches. A total of 16% of the Pickerel or Walleye caught averaged over 13 inches.

Hatch's have some sweaters, all going at \$1.95. Hats at \$1.95. Skirts at 1/2 off.
