

Editor, Wife Given Recognition

Mr. and Mrs. Peyton Thomas of the Advertiser receive congratulations from Mrs. Anne McAvine, main speaker at last Friday's Northwestern Ohio Newspaper Association meeting at Bowling Green. She wrote the book, "It happens Every Thursday." Editor Tommy was one of 41 welcomed into the Plus 25 Years Club. Certificate presented him, which Mrs.

Thomas holds, reads: "In Recognition of Distinguished Service to the American Community Newspaper and the Graphic Arts, the Northwestern Ohio Newspaper Association awards to Peyton W. Thomas, Charter membership in the PLUS 25 CLUB, upon completion of 44 years of devoted service to Community Journalism." At Bowling Green, Ohio, Feb. 5, 1954; For the Association: J. Scott Coward, president."

This is the story of your editor — Peyton W. Thomas. Most Advertiser readers know Tommy personally. After all, he has been their editor and publisher 28 years. But did you know Tommy has been in printing and newspapering more than 44 years! That's quite an amazing record. But then Tommy is quite an amazing guy. Last Friday, over at Bowling Green State University, the Northwestern Ohio Newspaper Association honored your editor. The group has founded a new club called the Plus 25 Year Club. Tommy is a charter member.

Forty-one men and women in this part of the state were recognized, all being in the profession more than 25 years. As you might guess, Tommy was one of the oldest in point of service to be honored. In number of calendar years, he appeared to be among the youngest. If you'll permit me to inject a personal observation, I would like to say in all sincerity, if it hadn't been for the friendly hand Tommy and his lovely wife have offered us many times, I would probably never have been able to keep my little plant going. The Thomas duo has been wonderful to us. Peyton Thomas was born in

PILGRIMS BURIED BY-1. MINUTEMEN

The Plymouth high school basketball team suffered its worst defeat of the season at the hands of Lexington, 86-42, on the southern county school's floor last Friday. Following the opening of the second quarter, it was a strong tie.

The Reserve game also found Lexington on top, 24 to 39.

This week Plymouth plays two county games. Wednesday night the local five travel to Ashland for an encounter with Union. Friday night Plymouth is host to the Butler Bulldogs, a bounding and shooting Minutemen team that took complete charge of the game to lead 39-24 at the half and 63-31 at the close of the third quarter.

He is survived by his widow, Minnie, two sons, William and DeForest Ervin, both near Tiro; two daughters, Miss Lois, at home, Mrs. Myron Nelson, of Hillsdale, Illinois.

DIES IN TRAIN-TRUCK CRASH

A truck driver was killed instantly in a train-truck wreck that tied up all rail traffic over the New York Central System between Cincinnati and Cleveland.

The wreck occurred at 7 a. m. Wednesday morning at an open crossing on Route 250, a short distance north and east of Greenwich. Daniel Delich, 33, of Royal Oak, Mich., died of a broken neck as the fast mail and express train traveling 70 miles per hour, hit the truck. The impact derailed 15 cars, and the engine was sent sprawling down between the two tracks.

Trains were being routed out of New London over the A. C. & Y., through Plymouth, an on-time B. O. train from here to Shelby. It will be some time today before the tracks are cleared. None of the train crew was injured in the wreck.

around THE Square

THE WORM turned this week! We've been publishing news and names of people for 28 years in Plymouth, and you can't imagine how "flabbergasted" we were when our neighboring friend and editor, Tom Riordan of the Greenwich Enterprise-Review, sent in to us the accompanying news story and photo about Ye Editor and the wife. So we're publishing it just as the copy came to us, and we now know how people feel to have their names in print.

THIS ALL started last Friday when we were invited by Mr. and Mrs. Riordan to join them on a trip to Bowling Green to attend the annual newspaper show of the Northwest Ohio Publishers group, staged at the college there. We graciously accepted, and thoroughly enjoyed the sessions in the afternoon and evening. We met old friends and enjoyed meeting the new — and best of all the dinner, which was served us. Some four hundred, most of them editors and their wives, were at the meeting, and the show was very informative and instructive.

YOU CAN'T imagine the surprise that came to us following the dinner when we had our name called and presented with a certificate for the years of service we have rendered as publisher of a newspaper. Well, we lived through it, very proud, and yet very sorrowful, in a manner that for we are beginning to realize that Father Time is creeping upon us.

NOW AS for Mr. and Mrs. Riordan, they have given us an unusually good dish of praise. But we think they deserve just as much for we know of no other young couple who would mix into a small town and accomplish what they have done in little more than three years. Tom graduated, we believe, from Michigan State, and today has mastered about every phase of the work.

AND WE might add here that he has made a name for his paper. He was before us at Bowling Green Friday, and he told how he conducted his personal column on Page One, and the opinions expressed in it. We can go on for another column or two telling you about the many nice things the Riordans are doing, but it's time to go to print, and we'll have to wait for another time.

Anyway, Tom, thanks for the story and photo, and we'll paste it in our memory book, along with the names of the things that aren't so nice.

A NOTE TO JOE: Mr. and Mrs. A. Vester Miller, of Salem, Virginia, are retired missionaries who were sent to the land of India from the Lutheran Church. They have been interested in Joe Moore's work in Guntur, India, and correspond with Virginia Fenner of Plymouth. In a recent letter to her, Mrs. Caley says:

"I read your story of your recent note and the enclosed clipping. As I read his letter to Elizabeth, it took us back to the time when we too sat at long tables on the floor and ate rice and curry from a leaf mat on the floor in front of us. How good the curry tasted. Of course, we had a special occasion when we had too many Indian friends, so we had to have a special banquet as Joe described we usually took a big spoon and a fork along for our personal use, but many a time we ate with our hands and ate with our fingers. So many thanks for this revisit to India which the letter afforded us. When you wrote that we tell how much we enjoyed the meal!"

WHEN YOU get pretty indignant over the food of someone else, take time to count 10 — 10 faults of your own, that is, before you yell too loudly.

JACK HAMPTON, who has undergone some forty operations, will leave this week to enter Grant hospital in Columbus, where he will undergo the first of a series of operations.

Cub Scout Display In Millers' Window

The Cub Scout organization in Plymouth, through a wonderful display in Millers' Hardware store window, is showing to the public what they have accomplished in Scout work with the younger boys of the community.

There are three Dens of Cubs, each headed by a Den Chief, who is a Boy Scout of one of the older Troops, a Den Mother and a Den Father. Each Den has a Doodle, with a string or rope for each Cub to hang his symbol of achievements upon. Some Dens use painted wooden trim spoons, and others use wooden beads or painted wooden carvings. On top of each Doodle is the carved Wolf or animal representing the group.

This full window display includes the projects, hobbies, and monthly achievements of Cubs, their uniforms, insignias, huge painted circle shields, all types of handicraft such as puppets, little carved wood objects, etc. All three Dens have on exhibit their Den Advancement Wall Chart also.

This display indicates that not only do the boys have to be interested in the parents and other Cubbers have to be vitally interested as well, and very active in the weekly and monthly meetings.

A Thank You
The Cub Scouts thank the following merchants for their help and cooperation in providing material for the Cub Scout Window display: Jumper's Clothing Store, Tip-Top Cleaners, Millers' Hardware, and Peoples Store of Shelby.

LETTERS TO THE EDITOR

(This letter was sent to us instead of Congressman McGregor, for publication and states the reaction of one farmer to government proposals)
Nova, Ohio, 1/23/54. Dear Congressman, Your questionnaire that was sent out did not consist of enough questions so I am going to add a few.
No. 1 and 2, No. Anything that will equal the farmer's buying power with his selling power.
No. 3 and 4, Anything that will make more business with the U. S. A.
No. 5, Whatever it takes to keep

us out of another war and make peace.
No. 6, Don't include a farmer with a doctor or a dentist. These people charge you what they want to, farmer has to take what he can get. The preacher and the farmer are in the same boat. We must thank God for that the preacher is working for God and so is the farmer. He plants his crops. That is all he can do, then the right kind of a farmer will turn it over to the Lord for his sunshine and rain. Did you ever see a doctor or a dentist on relief? I never did. I am quite sure most all the churches take up a collection once a year for a preachers pension.
No. 7, St. Lawrence Seaway. Why should the U. S. go ahead and

stand all the expense when Canada will stand more than half of the expense.
No. 8, When any person is big enough to save your neck and my neck from Hitlerism, is old enough to vote, if he is only 14.
No. 9, I most certainly do. I can't see where communists ever did this country any good.
No. 10, Can you show me where you have got anywhere in the past?
No. 11, Do you approve raising the salaries of congressmen, and senators and other jobs in the White House. Can you show me where it cost these people more to live than anyone else. Do you really think these people can spend \$10,000 to \$40,000 a year without slinging it away. Who pays these big wages. You know, taxes. Anybody knows that this government should be run the same as you would run your home. You can for one year spend more than you earn but if you continued doing that what is going to happen. You will wind up in the poor house. Will there be room for all. You know that there are many low paid jobs or salaries in this country which would be very happy. Take these G.I. for instance, that was lucky to come back, but crippled and shot up and needs most everything you can think of. It looks to me as if you are taking it away from the little fellow to make the Big fellow bigger. I feel if you have so much tax money that you don't know what to do with, that it can be placed in the hands that really need it. And I am quite sure if you would promise the Farmer \$10,000 or \$12,000 a year I am afraid there wouldn't be many left. The shock would be apt to kill them. You know our President is the one that is supposed to be cutting taxes. How can this be done by raising the salaries of our congressmen and senate and other

ones of the White House.
"I think it has come the time that every American Citizen should pass his opinion on these Government affairs. Yours truly,
H. C. Sourwine, R.D.J. Nova, O.

New Hybrid Onion Tested On Muck

If names mean anything, the new hybrid onion announced this week by USDA's agricultural research service is far from being a lowly vegetable.
Plant breeders have called it Aristocrat, apparently because of its high yielding ability and certain qualities which adapt it to fall and winter storage.
In tests on muck soil at Celeryville in Huron County, Aristocrat produced more than 1,000 50-lb. bags per acre. That was more than 50 percent higher than yields of Brigham Yellow Globe, the present standard storage variety. Tests at Madison, Wisconsin, showed similar results.
States cooperating with the USDA in onion breeding research are Idaho, Iowa and Ohio. Here in the Buckeye state, research work consisted mainly of testing and selecting hundreds of varieties developed at the Beltsville, Maryland, experiment farms.
J. P. Slesman, entomologist at the Ohio Agricultural Experiment Station, who spoke recently at the Celeryville Muck School, said first research efforts in breeding new onion varieties were directed toward developing resistance to onion thrips, a troublesome insect that cuts down production yields. "We found we had to sacrifice yields to get this resistance," Slesman said, "so we temporarily forgot about the resistance and concentrated on breeding for high production. New insecticides will normally help solve much of the insect problem."

A result of 10 years of intensive research, the Aristocrat onion carries good ratings as a storage onion. The shape is a high globe; flesh is firm; and yellow scales adhere well throughout a long storage period. Records show that Aristocrat will keep through early March. Stored onions indicated no sprouting, very little rotting, and no root growth at the stem plate.
Slesman said Aristocrat is the first commercial storage-type hybrid onion developed by government research agencies. It has a characteristic hybrid vigor common to one of its parent lines.
Neither the USDA nor the Ohio Agricultural Experiment Station has seed of Aristocrat for sale. Seed for planting in 1955 will be made available to the general public by commercial seedsmen.

Bigger And Better Fair Planned For Richland County

When the Richland County Agricultural Society met Tuesday evening, January 26th, the board announced that the fair next August should be one of the most gala county fairs staged in Richland County in many years.
The event is still seven months away, but Russell Bell, program and concession chairman, has already lined up a program that should appeal to everyone — young and old alike.
The 1954 fair, scheduled for Aug. 11-12-13 and 14, will be both a Junior and Senior fair, the first time they have combined as one fair since 1938.

Greatly expanded industrial exhibits are planned, and Bell said this year the fair board will provide all the tents for the exhibitors, and has arranged for maximum of 75 tents, ranging in length, from ten to 250 feet. Last year only 20 tents were erected and these were provided by the exhibitors themselves.
Another feature of the 1954 fair will be daily church services, arranged at the request of the Richland County Ministerial Assn. Other features will be the cooperation of the schools, The Federation of Farm Women clubs, the Boy Scouts, and an old fashioned square dance to conclude the program.
The Department of Natural Resources of Ohio has consented to bring a large display to the fair, and the Marine Corps staff of Mansfield is hoping to bring field and Artillery for exhibition.

The premium list will depend on the people of the county. It takes much work and much money to make a success of it. In the near future there will be a membership campaign. At the present time, plans are incomplete. John Swartz of Shiloh, will be in charge of Plymouth and Cass Township. It is planned to work through the Grange and 4-H leaders. Your membership gives you a vote for directors as well as helping in a small way with the fair, but most of all, it tells the directors that you want a Richland County Fair.
The Board of Directors meet every fourth Tuesday of the month and will welcome suggestions. A. C. Weiser is local director for Plymouth Township. John F. Swartz for Cass Township and Arthur Mellick for Bloomingrove Township.

Silver Tea Served At Grade School

A very appreciative audience on Tuesday last listened to Dr. E. G. Hesser, of the Crestline Historical Society, tell of Col. Crawford, Friend of George Washington. Dr. Hesser gave a very interesting and detailed account of Crawford's march across the land which is now the state of Ohio, his capture and final burning at the stake by the Indians. The meeting was the February session of the Mothers club.

A young Martha Washington had met the guests as they entered the front door of the elementary building and showed them to the Second Grade room where the meeting was held. Judy Fetters was costumed as Martha Washington, and she was assisted by Louise Newmyer in directing the members and guests.

After the program the members and guests were invited to one of the First Grade rooms where the Silver Tea tables had been arranged. Silver tea and coffee service of course was used for the occasion, and the tables were attractively laid with linen, silver and glassware. Dainty cookies, tea and coffee were served to the guests, with Mrs. James Root and Mrs. Robert Lewis pouring. Mixed nuts and mints were also on the

buffet table. Another Martha Washington who was Susan Shaver in costume passed a Valentine Box for the Silver offering.

At the business meeting, the committee on attendance reported that they wished to give ice cream bars to the children in the room getting out the most mothers, grandmothers and friends of the children, to the monthly meeting of the Mothers Club. Mrs. Newmyer's Second Grade won for February.

The group voted to send a gift to Mrs. Port, First Grade teacher who has been absent from school because of illness. They decided to have a Question Box for the March meeting. If you have questions come out and we will try to clear up any school problem that might be answered by discussion.

The committee in charge, the Teachers who had their rooms make posters, those who worked on publicity, and the children who gave their time, all deserve a warm thanks for helping and working together to make this meeting a success.

Purpose of Mothers Club
When mothers and teachers get to know each other and work together for the good of the children, there is a better understanding, and real progress can be made. Won't you come out on the first Tuesday

in March and join in our discussion, or listen? Then too, your youngster is going to be interested in his room getting the candy bars after the next meeting, for the prize in the attendance contest.

Large Birthday Group Around Hospitable Table
In the friendly home of Mr. and Mrs. Frank Cole southwest of Plymouth, there was a birthday celebration on last Saturday that really stretched the dining-room table away out.

On Friday evening, Mr. and Mrs. Charles Glancy, of Akron, arrived to spend the week end, and as their birthdays are both in February, the Cole family decided to surprise them with a celebration on Saturday. Frank Cole's birthday was Feb. 7, so his anniversary too was added to the list. Mrs. Frank Dillon made the birthday cakes, and a fine meal was enjoyed. Places were laid for the Glancys, Mr. and Mrs. Vern Cole and children, Mrs. Helen Dillon, and the hosts. In the evening Rev. and Mrs. Remien and daughter Dorothy called at the home.

Fellowship Members Have Busy Meeting
A busy dozen members of the Fellowship Circle met at the Methodist Church last Thursday to conduct the business of their W.S.C.S. group. The usual fine luncheon was served at noon.

In the afternoon the ladies tied a very pretty comforter for Mrs. Mrs. L. E. Smith at their request. The regular lesson on "Africa - Southern Coneo" was given by Mrs. McKeen, and was interesting to all.

The president, Mrs. Elizabeth Brooks, appointed a refreshment committee to serve at the W.S.C.S. Quarterly meeting to be held Friday evening, February 26, at the church. Those to plan and solicit will be Mesdames Mabel McFadden, Jessie Cole, Iva Gleason.

The "Bakeless" Bake Sale for the Circle brought in nearly \$25, so the rest was voted from the treasury and the amount paid toward the new church furnace.

The ladies of this Circle seem to have such a pleasant time at their meetings, and their reports grow more interesting each month. The next scheduled date is for March 4.

The business meeting was in charge of Mrs. F. McCracken and was followed by a lunch and announcement that the March meeting is scheduled for the 2nd.

Catherine Taylor Class Meeting, Tuesday

The devotions, which included prayer and scripture was in charge of Mrs. May Sourwine and was followed by the usual business meeting. Plans were made for a bake sale on April 17th. Fifteen members and three guests, Mrs. Marie Russell and Mrs. Paul Mumford and daughter were present. The next meeting will be on March 2nd which will be a covered dish supper.

District Vice President Speaks At Wesleyan Meeting
Members of the Wesleyan Circle, W.S.C.S. had an opportunity of personally meeting the vice president of the Norwalk District, W.S.C.S. Mrs. James Yosselt of Norwalk, when she spoke before the group Tuesday of last week. Mrs. M. J. Coon was hostess.

Mrs. Yosselt gave a general outline of the women's work of the society and cleared up a number of questions in which the officers were interested. For the devotions, Mrs. Audrey Bevier had the chapter "Soil and The Word" from their study book, while the project of the evening was a wrapped surprise gift which each member purchased.

Following a recreation hour, nice refreshments were served the members and six guests, Mrs. Alice Garber, Mrs. Dora Miller, Mrs. Norman Ganzhorn, Mrs. Wm. Trauger, Mrs. Mary Belle Jacobs and Mrs. George Livingstone. The March meeting will be held with Mrs. Mary Ellen Henry with Mrs. Coon and Mrs. Chas. Pugh in charge of the program.

Club Members Visit Paris, Via Pictures And Articles
The 20th Century Circle met at the home of Mrs. J. E. Nimmon on Monday evening, February 8th. The president, Mrs. Marian Cashman, presided at the business session.

The topic for the evening was Paris. Mrs. Alice Armstrong with a recording of "The Last Time I Saw Paris." Mrs. Helen Lofland gave a brief comparison of present day Paris and the city during the war. The traffic with its accompanying horns is a problem now. It is possible to find satisfactory living accommodations at reasonable prices which are not the conspicuous Tourist Traps. Food is also an important item as shown by the quantity and quality found in many serving places. There are many French children who are raised in the home with the parents and go with them everywhere. School is a place for instruction only and every pupil has home work. The word "baby sitter" is unknown.

This was followed by another musical selection, "The River Seine." Art in Paris was Mrs. Armstrong's topic. This she said was practically the same as French art because of the dominating influence of the city. The early paintings show the Italian influence as they were made by Italians hired to come to France. In the time of the kings, elegance and frivolity were the main subjects with great attention to detail. Another group depicted peasant life. Today the impressionists predominate. She also presented a collection of beautiful prints of the paintings of Toulouse Lattre, Renair, Utrillo, Paul Gauguin, Paul Cezanne and Van Gogh.

Mrs. Joanne Root then took the group on a sightseeing tour showing recent pictures of the city on the screen. Following the roll call the group sang the Birthday Song reminding Mrs. Grace Dick that this was her special day.

Delicious refreshments with Valentine appointments were served by the hostess. Mrs. Edna Dick, 126 W. Broadway, will entertain the Circle on Feb. 22.

Friendship Class Members Note Party Date
The Friendship Class will meet at the Church on Tuesday evening, Feb. 16. Hostesses will be Jesse Holtz, Jessie Cole and Mrs. Mintier. Mrs. McKeen will have the devotions and Mrs. Fox the program. Since housecleaning time is approaching, orders will be taken for brooms, pine cleaner and window cleaner.

O.E.S. District Day, In Crestline

Officers are: Jeanette Swant, Bellville, president; Betty Jury, Nevada, vice president; Martha Seaman, Gallon, sec-treas. Mrs. Edna Stevenson, Shiloh, was the Intalling officer. Orva Dawson was the soloist.

CITY OF SANDUSKY IS ABSOLVED OF BLAME

Acting on the court's directing a verdict, a common pleas jury of Erie County has absolved the city of Sandusky of responsibility for the traffic accident which was basis for the action brought in common pleas court against it by John T. Hogsett, New London, who had sought judgment of \$75,000 for serious personal injuries. The court held that plaintiff's evidence did not prove alleged negligence on the part of the city, and he could recover no damages.

Hogsett was severely injured early on Jan. 14, 1950, when an auto he was driving along Colum bus ave., Sandusky, collided with an abutment of the NYC subway. He claimed the city's light had failed during a rainstorm and he could not see the darkened abutment, and charged the city with several counts of negligence.

Mr. Hogsett is known locally.

FAR-AWAY PLACES BECKEN WINNERS IN SALES CONTEST

Some of the famous cities of the world which Fred Laubie and James Southard of Shelby, will visit as a result of being among the winners of the Ford World Tour, are Paris, Rome, London, Cairo, Asmara, Bagdad, Calcutta, Karachi, Bangkok, Hongkong, San Francisco, and interesting places in Japan and the Hawaiian Islands.

There were 58 winners in the sweepstakes sales of Ford cars and trucks. Dealers in Shelby, Cleveland, Newark were the ones to win the top awards in the Cleveland district. A total of 4500 dealers and salesmen in the nine-state region competed.

We Hear From Our Subscribers

LET'S LOOK BACKWARD: One of our subscribers turned around and looked backward for a few minutes into the past instead of the future, and it inspired him to send a little note along with his Advertiser subscription renewal.

Shiloh, Feb. 2, 1954. "Hi Tommy—As I got awake this morning I thought 'this is Groundhog Day and time to renew my dues to my home town paper.' You wonder why my home town paper? I came 19 1/2 months from the 15 of May 1900. Horse and buggy days, when the Square was as full on Saturday nights with horse and buggies as it is today with automobiles."

"I was a molder at the foundry when we caught the iron as it came from the cupola in our hand leads. Later I made curtains for the open engines at the F.R.H. and painted their engines. Four tons was the largest one made at that time."

"Later I worked for the A. C. & Y. railroad. In 1920 Plymouth was a division point for this road between Delphos and Akron. Now they have a full train for the entire distance of the road in less time than it took to make the division point."

"I worked on the bridge gang and later as foreman of the fence and paint gang over the entire road. Resigned the last of Nov., 1928 and learned the shoe and harness business under Arthur (Jake) Myers, now of Tucson, Arizona. Quit that 3 years ago and am now Dietrichman for the Shiloh Tool and Die Co. So I'm enclosing a check for my paper and for my son, R. E. Lehman."

W. J. Lehman, Shiloh, Ohio.

Three gift subscriptions will enable former residents to read about the news around the Square. Deryl Daugherty, of Carlisle, California, Mrs. Lois Briggs Boser, of Denver, Colorado, and Mr. and Mrs. C. C. Darling of Mansfield are new names for our list of friends.

Mrs. G. C. McCormick of Shiloh route 1, drops us a line and says she will be in to see us before long, and would miss the paper very much if she didn't find it at her mail box each week. (P. S. She got here this week in spite of the weather.)

Mrs. Wm. Ulmer of New Washington renews the Advertiser for another year and tells us those kind words "Can't do without it."

Mrs. Viola Fitch sends a change of address for her paper from Newark to New York and wants to be sure she gets the Advertiser there at a friend's daughter.

HAS HARD JOB Many a wife tries to hide her husband's faults—and some have to work overtime doing the job.

as she "Enjoys it very much."

Two new subscribers are with us now and we hope that Merton Kessler and Roy Baird will be on our mailing list for a long time. Mr. Baird says he has been buying it for a long time every week, and just decided we might as well send it to him instead.

Helen Williamson of Hebron has renewed the Advertiser for another year, and says they enjoy reading it but do not recognize many of the new names. Some of you people in Plymouth who remember when the Williamsons lived here above the Shutt Grocery Store, get busy and send in your news items so that Helen will read about somebody she DOES remember.

Glen L. Long, who is now a patient in the Vets Adm. Hospital at Marion, Indiana, writes that he will send word to his friends in this area through the Advertiser as to how he is getting along.

"It is with great pleasure I am able to write these few lines to you and let you know I am getting the Advertiser OK. I surely enjoy reading the news as it has been nearly 50 years since we had our first graduating class at New Haven with E. A. Bell as Supt. Only four in the class, we are all still going. Received a wonderful letter from Mr. Bell, also cards from Jessie Cole, Plymouth, Mr. and Mrs. W. J. Skinner and Richard Chapman, New Haven. Many of the names published in the paper are strangers to me, but I surely enjoy reading it. Although being

in the hospital, I receive the most wonderful attention afforded by the U. S. As I am getting along fine I have no desire to leave under the care I am receiving. Very Sincerely, Glen L. Long 25a Vets. Adm. Hosp., Marion, Ind."

The R. A. Peters subscription from Rocky River, Ohio, has been renewed for another year, but we think they would like to have more news about Shiloh folks. Come on, you Shiloh residents, send that news item in and boost the Shiloh Page!

Ralph Hunter, of Cleveland, is a man we have never had the pleasure of meeting, but we do meet through the columns of the Advertiser. That is, we send him the Advertiser, and he sends his

check to us for another year's subscription.

From Cleveland comes a note from Mrs. Shelnir Awad Ritchie Mault, who as a little girl lived here for a time with her grandmother, Mrs. Lou Becker, and began her schooling in Plymouth. Shelnir says reading the Advertiser takes her back to Plymouth as she reads about some of the people she knew.

Two sunny notes from the sunshine state of Florida make us feel real winter-bound up here in the chilly North. Frank Cross and George H. Watts sent us a pretty colored postal along with the notes, and we'll let you guess which one sent the picture of the bathing beauties!

MARCH OF DIMES SUCCESSFUL HERE

The Huron County Chapter for the national foundation for Infantile Paralysis, is making one last appeal in the area for the annual March of Dimes, Plymouth, however, is proud to know that the village has gone official over the top last year's total contributions, and the last official report from the office of Supt. M. J. Coon, local chairman, is that we gave \$780.87. Plymouth really responded to the appeal for the year - "We Must Have More In '54".

Ice, Snow, Causes Motor Accidents

"Old Man Winter" must have had a good time this past week and smiled up his sleeve at the number of accidents caused by icy roads. While no fatal accidents were reported in this immediate area, there were a number of minor ones.

John C. Howard of R. F. D. 1, Tiro, driving a 1953 Ford belonging to his brother, Hernal, at Crestline, slid off the road into a deep ditch, Saturday noon, as he attempted to turn left into the Gilger Road on Route 98, coming north. He knocked off a state road sign and fence post and did considerable damage to the car. His wife's head was slightly injured and Richard Pruitt, of R. D. 1, Tiro, the other occupant of the car injured his neck.

Another Saturday accident was reported when Edwin County, 42 Maple Place, Mansfield, driving north, slid off the berm on Morse's Hill and plowed into the fence. McPherson's wrecker was called and towed the badly damaged car to Mansfield. Neither Mr. Counts or the other two occupants of the car were injured.

Two other minor accidents were on the docket of Chief Meiser, both occurring last week, Tuesday. Mrs. Robert Bachrach backed out of her own driveway on Sandusky Street into the parked car of Mrs. Searl White of Shelly in front of the home of her sister, Mrs. Proctor Fox. Slight damage was done to the left front fender of the White car.

Wilmer Phillips of Cuyahoga Falls, driver for the A. States Motor Freight of Akron, Ohio, crashed into the 1952 Studebaker car belonging to Aaron Hamons of Willard, Ohio, when the latter turned left at the traffic light. The semi was going north, and little or no damage was reported, but the grill, left front fender, frame and head lights were damaged on the Hamons car. The Hamons car was insured.

WE SHOULD give a first prize, a nice soft snowball or something, to the person who is the first one to tell us what Oology means, without having to look it up in the dictionary. You are hereby disqualified if you have to ask anybody else what it means.

C. E. Members Hear About Life In India

A new picture of life in India was given to the Christian Endeavor group last Thursday night at Shelly, as they attended the 73 anniversary celebration of the Union in Richland county. The speaker was Dick Kern, Findlay college student who lived in India with his parents.

Kern stated that one out of every four babies dies before they are one year old, and that life expectancy in that Oriental land is 27 years of age. Other interesting statements which he made were that child marriages may be outlawed, but many marriages are made between children of two or less, by the families, for political or financial reasons.

"Missionaries going into India face a lot of difficulties. Some spend six years learning the language and customs. More than 200 different dialects are spoken. Some cows in India give only a pint of milk a day, and most of the poor people have a hard time keeping enough money to buy food. Famines occur regularly. In 1950 about one million persons died from starvation."

About 130 C. E. members from the county attended, and the Plymouth group was represented.

"FLITTING DAY" The Pennsylvania Dutch have a term for name of the time towards the Spring of the year when families change their place of residence. They call it "Flitting Day."

Mr. and Mrs. Russ Kamman moved from the Hills place to the Bachrach farm on the New Haven road, north of town.

Mr. and Mrs. Billy Wright and daughter will move soon to the Leo Barnes property on Trux Street, which Mrs. Wright's brother and family, the Raymond-Willetts, vacated.

In India, for one of the recent dailies carried the statement from a young man who once made his home in that country, that the life expectancy there is only 27 years. Joe had better bring those three daughters and get back to Plymouth. On the other hand, maybe this life history only refers to the Indians.

CONUNDRUM FOR THE WEEK - When walks on "four legs" - then on "three legs," and now is walking around on "two legs"? You'll find your answer at Millers Hardware.

HAVE YOU BEEN up to the Plymouth Grade School lately? As you walk down those long new corridors you feel sure that you must be in some other town and school, for it just doesn't seem possible that Plymouth is filling up with those grand new classrooms.
