THE SQUARE

By Phlores Whitlound

SPRING HAS arrived on the Great Lakes folks, so rate heart, for it will soon be along in this part of the woods, too. The 250-foot tanker, Paratek, docked at Cleveland

THE SQUARE HASN'T quite recovered yet from shoveling all that snow that landed in Plymouth two weeks ago. It's going to be a long time before all those country folks, who were according to that home-end of their lanes will forget the beauty and the inconvenience of the pretty white stuff.

THIS WEEK-END coming up will be the first day of Spring. That's the day when the sun reaches the celestial equator, the time of the vernal equinox. They tell us for a fact that the sun's rays are falling vertically on the earth's equator, and day and night are of equal length all over the globe.

Ed. Note: This didn't come over a leased wire, but 'Ole Phlores' did manage to get us a few lines of news, according to which we dutifully publish below:

THURSDAY NIGHT of last week found us comf'ly, seated on the porch of the motel in which we spent our first night in Jasper. It was an uneventful trip from left home there to Atlanta.

AS WE DROVE southward from Atlanta to Valdosta, the deep red clouds in the sky gradually faded away to a light gray lead — and at the extreme south-end of the state it became almost a white haze.

ONE OF the incidents that may be of interest is that near Etowah, Ga., around 4 o'clock Wednesday, we passed a car with a white car in the rear, and a "coked" like for all the world looked that farry allen ... just north at Atlanta we stopped and bought a large bag of orange juice for 10c while in south Georgia we paid 25c for the same drink. Why?

ARRIVING IN Jasper, Fla.

Thursday night, we went into a restaurant for dinner.

E. B., and I became very attentive to the waitress who came over to our table and started handing out pleasing comments about our ties, hair, etc., and I, in turn, became very attentive to her.

These southern pals can surely put it on, but when I asked for orange juice, she told me they didn't have it, my I asked, "too much snow?"

**March Mother's Club**  
**Has Question Box**  
 There was a good attendance at the March meeting of the Mother's Club. Everyone was interested in the question box. Some questions on the minds of the mothers were cleared up. Some were left for further thought. Getting to know each other is one of the best ways of clearing up problems.  
 With Mr. Strine as moderator and Mesdames Newmyer, Port, Shaver and McMichael on the panel the questions were very ably handled.  
 We have two very interesting programs coming up yet this year, a speaker on child psychology and a report regarding consolidation by some of our members. Mrs. Brown's first grade room won the right to ice cream this month by having the most mothers at Mother's Club. Only grandmothers, if they take the place of an absent mother will count for the attendance.

The Spring Festival and Dance plans were discussed by the group and the project committees will be in charge. The Mother's Club and the high school P.T.A. cooperate on this school festival project. More details will be given next week.

## Gas Leak Causes Fire At E. Cole's

A flash fire, attributed to a leak in the gas pipe connecting the kitchen range at the home of Mr. and Mrs. Ernest Cole on Church St. at about 8:30 Tuesday evening, could have resulted in serious damage to the home had it not been for the quick thinking of the children, alone in the home at the time.

Mr. and Mrs. Cole were absent, and the children, playing in the other room, heard a small explosion and rushed into the kitchen to see flames licking up the kitchen walls and igniting the curtains. One of them rushed to the Francis Gowitzka home, a neighbor, who ran over and shut off the gas feeding the flame and assisted the children in extinguishing the fire. According to reports, they had everything pretty well under control when the firemen arrived. Damage was confined to wall paper burnt off the walls, burnt curtains and other minor damage.

## Lights Are On Again In Shiloh

Shiloh was a rather dark town for about a week following the blizzard that swept down upon us March 3.

The high winds, accompanying the blizzard, toppled a big tree on Prospect St. near the Charles Lake home, taking down the high tension lines and causing a short that knocked out nearly 100 street lights.

Tom Lorden, village electrician, and his son Martin distributed the few spare cutouts and bulbs they had on hand about the town so that it wouldn't be entirely black, but had to wait until last Wednesday before sufficient replacements were received to restore all the lights.

And what a difference in the appearance of the town their restoration makes. We seldom appreciate a thing until we lose it, but, unlike lights, many things we lose can never be replaced.

## Isel Youth Injured In Eye

Jerry Biesel, 11 year old son of Mr. and Mrs. Robert Biesel of the Kaster road, has been a patient at the St. Luke's hospital in Cleveland since a week ago last Sunday as a result of a piece of steel lodged in his eye.

The accident happened at the farm of John Swartz a week ago Saturday. According to reports, a piece of machinery was removed from a piece of machinery and a fragment of steel flew off into the boy's eye.

He was taken to the office of Dr. Butler and from thence to the Woodlawn Eye and Ear hospital in Mansfield. When it was found that the hospital there had no magnet strong enough to draw the steel fragment out, he was rushed to St. Luke's hospital in Cleveland, where the fragment was removed.

Bandages were removed from the eye last Sunday, and doctors hold out strong hopes that the sight of the eye may be saved. The hope is to be able to release him the latter part of the week.

The enrollment by grades is: First Grade, 56; Second Grade, 45; Third Grade, 41; Fourth Grade, 38; Fifth Grade, 35; Sixth Grade, 35; Seventh Grade, 44; Eighth Grade, 35; Ninth Grade, 28; Tenth Grade, 36; Eleventh Grade, 23; Twelfth Grade, 23.

**School Board Adopts Insurance Program**  
The Plymouth Board of Education improved its insurance program by adopting a voluntary school accident plan available to all school children and school employees. The insurance plan is made available through the World Insurance Company of Omaha, Nebraska. The price of the program is \$1.25 per year and is the same plan that is in effect in Willard, New Haven, Dayton, Mt. Vernon and Mt. Gilead.

Enrollment will be at once and will be for a period of one year. The information will be sent home with the pupils as soon as shipment is received. Details will be explained in the company's literature.

The new choir chairs at the Methodist Church are a memorial to the late Mr. and Mrs. Elmer Stotts and are given by their grandchildren Dr. Arch E. Cowie, Mrs. Gilbert Kempf, and Mrs. Harry Collier. Members of the church and congregation greatly appreciate this fine gift.

## Tip Top Cleaners Remodelling

Remodelling at the Tip Top Cleaners dry cleaning establishment will be completed sometime before Easter, according to Gene Henry, owner.  
The modernization project, started some days ago, includes new linoleum, new fluorescent light fixtures, five new spacious storage racks and a completely new color scheme. Clear varnished wood paneling gives the interior that "welcome" appearance.  
Henry opened the business here in 1947, and the building improvement is another step by general Gene to keep abreast with the times.

## GERARD FEE WINS HIGH HONOR OF PHI BETA KAPPA

Mrs. Cleland Fee of Shelby visited Saturday evening in the home of her aunt Miss Jessie Cole. Mrs. Fee had with her the notice that her son Gerard of Washington and Lee University, Lexington, Va., had been elected as one of two Juniors to the high honor of Phi Beta Kappa.  
This is an honor that is won, usually only by students in their senior year. To achieve this national award a student must have first a record that puts him on the "Dean's List", followed by a further record that makes the "Honor Roll", and later an outstanding record that merits the much coveted Phi Beta Kappa. Gerard's initiation will take place on April 12.

**Around The Square . . .**  
(Continued From Page One)  
GOT ACQUAINTED with Lambert Myers of Burgholts, Ohio, Thursday night at Jasper. He and Mrs. Myers had been down on the West Coast, and were returning to Ohio. He told me that the week of the big snow, he drove into Tallahassee with about 3 inches on his car. IE SNOWED IN FLORIDA. Gas station attendants were begging tourists for the snow on their cars. What were they doing with it? Making snowmen and then having pictures made. However, the snow didn't do any serious damage.  
FRIDAY we drove to Silver Springs, Lake Wales, and Avon Park. At the latter place we expect to see and visit with Mr. and Mrs. Fred Schneider. I'll have a few more notes next week on both Georgia and Florida. Hate to say it, but there is "bootleg" trouble in Georgia, right around my old home town of Dublin.  
THE FIRST SNOWDROP, for Plymouth that is, arrived with the snowflakes Sunday, in the front yard at the Frank Leddick

home on Bell street. This brave little white flower looked sort of droopy by Monday like an early robin caught in a wet snow, but just the same, the sight of a Spring flower renews our hope that Spring is on her way.  
VANITY — VANITY — All is Vanity, says the preacher and also the folks around the Square. We've just been noticing, this windy days how many people look at the reflection of themselves in the black, glassy covering on the front and side of the Peoples National Bank. Quite a convenience it is, for with a quick glance you

can find out if your hat is on straight or if your petticoat shows. IT'S A PLEASURE to find out that no matter where they move out of the old home town, one of the first things they miss is the paper with the news. A Sergeant and his wife down in Okinawa have all the necessities and most of the luxuries their family would like to keep them happy there. Do you know what is the one thing they miss? Says the wife, "I miss the home-town paper. I'd like to sit down some day with a big old newspaper!" And her husband added, "You can say that again!"
