

Boards Refuses FRH Bid for Lower Rates

The Board of Public Affairs voted Monday night to stand by its decision of June 29 in quoting water rates for a fire sprinkler system to the Fate-Root-Heath Co.

On that date, the Board had set rates at 60 cents a thousand square feet up to 50,000 square feet and 50 cents a thousand for any excess of that figure. The Board had also established what the company figures as 14,800 square feet of sprinkler system, and water rates figured at the Board's quotation require the company to pay \$35.52 annually for the water protection. Paul Root, representing FRH, offered to pay \$25 flat rate additional yearly, but the Board argued that its water position is so precarious that it could not in good conscience accede to the offer, despite the many helpful and cooperative acts of FRH.

The clerk was instructed to file a letter with Fate-Root-Heath company to the effect that the Board cannot defect from its fixed position.

A representative of Mansfield Electric Co. was given an order for the additional agreement for the Public Square similar to that which was installed as a demonstration about six months ago in front of The Advertiser office.

These matters disposed of, the Board got down to a resumption of the water shortage problem. After trading ideas for nearly two hours, the Board agreed to instruct Village Solicitor Joseph Dush of Willard to draft easements for access to the properties of Roy Evans, Albin O. Hahler, and Mrs. Bertha Arnold, north of the village so that the well-drilling rig of Carl Fire & Sons of Greenwich can get in to put down another well.

When the easements are drafted, with options to buy and or lease over a long term sufficient land on which to erect a pumping shed

built in to them, representatives of the Board will approach the land owners for signatures, so that Mr. Fire can get started without delay.

The Board learned that refinancing of the present water accounts will probably enable it to obtain up to perhaps \$40,000 additional funds with which to sustain construction of a water main of eight inch size and connect it with electric power and a pumping unit to the water station north of the village.

This would involve settlement of the present first mortgage, a restyling of the present second mortgage into a first mortgage, and contracting a new second mortgage, the latter to be comprised of the new funds obtained from the present mortgagor to pay for the extension of the present watershed up to 3,500 feet northward.

Mayor Glenn West spoke for the village council and offered to pay half the cost of a power saw which would be available for use by all village maintenance units. The matter was tabled.

Clerk Carl V. Ellis reported accounts as of July 1 to be as follows:

General	\$5,717.24
Motors	1,440.51
Water	2,793.00
Gas tax	408.22

Honest Lincoln Finds 50c Piece False, But Printer Restores Faith in Mankind

Superintendent of Light & Power Lincoln Sprowles has no use for diviners who think they can find water. This is because he spent a considerable amount of time and some money with a man who said he could find water with a piece of silk string and a silver dollar.

Mr. Sprowles had no silver dollar, but he certainly no silver thread. He did produce a half dollar and a piece of twine, which the man said would be "all right." Mr. Sprowles found the twine was not the case.

But all clouds do not have a dark lining. Some weeks ago, an itinerant printer called at The Advertiser looking for a handout. The publisher volunteered to put him in

work, and Mr. Sprowles cooperated by giving the man half-a-day's work mowing weeds at the water plant.

The man had no money, and Mr. Sprowles advanced 60 cents for his lunch. After he had worked about an hour at the water plant newspaper and had been given a bed in the publisher's barn, he apparently decided the work was too much. He took off without saying goodbye.

This week, a postal card with the 60 cents taped to it was received, with the notation "Sprowles pay the fat fellow." If Mr. Sprowles will call at The Advertiser, the money will be turned over to him.

Tire, Tube Disappear, Chief Suspects Meal Where 'Soupbone' Is

The disappearance of a tire and tube from an automobile owned by a foundry employee of Fate-Root-Heath Co. Tuesday night caused a rush call for Plymouth police.

Chief Robert Meiser responded and discovered that a man resembling the man who had "Soupbone" was accused by another answering to "Smokey" of having made off with the tire. After an hour - the spot inquired of "Smokey" committed to hand irons and was taken to the village lock-up, where Chief Meiser questioned him at length.

16 Plymouth Fans Watch Stengeleers Win at Cleveland

Among the throng of nearly 70,000 who watched the all-star game at Cleveland stadium Tuesday, when the American Leaguers won by a score of 10-7, 16 Plymouth fans managed his loop's entry, were 16 Plymouthites, who delighted in the breaking of a slump by the Cleveland Indian players.

Those from Plymouth who attended were Superintendent of Schools M. J. Coon and Mrs. Coon, John Helbig, Ken Myers, Willes Christian and Fate, Christy Webb, Al Marvin, Mr. and Mrs. Carl Lofland, Donald Akers, Carl Carnahan, Kent Kanaus and Franklin Adams.

Studio Partner Hurt In Willard Accident

A partner in J & J Studios, which operates above Peoples National Bank, escaped serious injury last week when car collided with another near the intersection of Routes 254 and 99 near Willard.

Mr. Coon was due back in Plymouth to attend the Board of Education meeting Tuesday night, as was also Mr. Helbig. They got copies and attended the meeting, but they kept seeing stars all evening.

19 Teachers Needed By Seven Schools

Teacher vacancies exist in Huron county high schools: are listed as follows:

Townsend - Wakeman High school, Football and basketball coach, English and Spanish teacher, industrial arts and science teacher;

New Haven High school, mathematics teacher and a science teacher;

Fairfield High school, commercial teacher and a basketball and baseball coach;

Greenwich High school, vocational agriculture teacher;

New London High school, science teacher, social studies and speech teacher, girls' physical education teacher, and vocational agriculture teacher;

Plymouth High school, English and Spanish teacher, social science and driver training, and 6th grade teachers;

All elementary vacancies in Huron county are filled except in Plymouth and Ripley school, where there is need for primary teachers, a teacher of grades five and six, and a principal who can teach seventh and eighth grades.

Publisher to Treat To Indians' Game

Ten members of the village administration will be guests of The Advertiser at Cleveland stadium for a night baseball game August 4, when the World Champion New York Yankees play the Cleveland Indians.

The party will depart from Plymouth at 4 p.m. CST and return at 10 p.m. The party are Mayor Glenn West, Clerk V. Ellis, Police Chief Meiser, Superintendent of Light & Power Lincoln Sprowles, and five other guests.

Mr. Coon was due back in Plymouth to attend the Board of Education meeting Tuesday night, as was also Mr. Helbig. They got copies and attended the meeting, but they kept seeing stars all evening.

New Addition to Post Office

If postal business during the next six months is no worse than it was last year, Plymouth's post office will reach first class rating by Jan. 1.

This was revealed Monday at the post office in the absence of Postmaster Claude E. Sourwine, a surgical patient at Flower hospital, Toledo, by Clerk Don Einsel. Receipts during the first half of 1954 amounted to \$26,254.55, an increase of just under \$5,000, over the same period of 1953, when the figure was \$21,309.42.

Total receipts in 1953 were \$38,200.96, only \$1,799.04 under the amount required for a post office to be declared first class office.

Einsel pointed out that postal receipts in Plymouth generally run higher during the first half of the year than in the last half. This is because the Fate-Root-Heath Co. moves a great volume of law-mover literature during the spring quarter. Even with the heavy Christmas volume, the last half is less than the first.

But if business is no worse this year than last, it's a certainty that first class rank will be achieved.

What this will mean to the village is largely tied up with prestige. No additional salary accrues to any employee save the postmaster.

The post office has recently put into use a concrete block shipping and receiving room, 10 ft. 6 in. x 12 ft., an ell added to the rear of the property owned by H. V. Ruckman, Mulberry street, and leased by the Postmaster General.

Present mail service leaves the village and is received in accordance with the following schedule:

Wheeling & Chicago Train 47 (closed pouch)	9 a.m.	9:45 a.m.

Death Takes 1885 Plymouth Grad

One of the last living graduates of Plymouth High school's class of 1885, Mrs. Edna Weh Strerrit, died July 4th at her home in Los Angeles, Mrs. Strerrit was the daughter of the late Mrs. Peter Lofland. Mrs. Strerrit was a teacher most of her life. She is survived by her husband, Roger, and a sister, Mrs. J. G. Van Horn of Sturgis, Mich.

Old Issues Wanted

The publisher is looking for old issues of The Advertiser predating 1920. Subscribers or readers who have such copies, whether for sale, loan or disposal if gift, are requested to notify the editorial office, telephone 59. It is hoped to utilize these copies to prepare centennial edition.

C. R. Corbin, 47, Dies at Willard

Charles R. Corbin, 47 brother-in-law of Robert Lewis, died at Willard hospital Monday after a heart attack. Mr. Corbin has been in ill health for a short time. He was a resident of Havana and an employee of the B & O railroad. Mrs. Corbin is an 11-year-old daughter, Lelia, survive him.

Mrs. Corbin is a sister of Mr. Lewis. Funeral services will be held tomorrow at the E.B. church, Willard, and burial will be at New Haven cemetery. Secar Funeral

Death Takes 1885 Plymouth Grad

Many in this village recall the Davis family which lived here while Superintendent Davis was in charge of Plymouth schools. It is his son, the Rev. Alan J. Davis, now pastor of the North Dayton Methodist church, who was summoned by the dead woman's husband, Dr. Samuel Sheppard, as religious consultant. Police authorities at Bay Village and in Cuyahoga county maintain that Dr. Sheppard, is still the principal suspect of the crime that snuffed out the life of the blonde mother of one son and soon-to-be mother of another child.

Wheat Growers Vote To Retain or Discard Quotas for 1955 Crop

Wheat growers will vote on Friday, July 23, to decide whether marketing quotas will be in effect for the 1955 wheat crop. All farmers who will grow more than 15 acres of wheat on a single farm in 1955 are eligible to vote.

If quotas are approved, growers who plant within their farm allotments will be able to obtain the full support price for their wheat. Growers who overplant their allotments will incur penalties on the excess acreage.

If quotas are not approved, no penalties will apply, and the support price will be only 50% of the parity level.

Two-thirds of those who vote must approve of quotas before they can be put in operation.

Voting districts and polling places of Huron County are as follows:

District 1 - Lyme, Norwalk, Peru, Ridgefield and Sherman Townships will vote at Monroeville.

District 2 - Greenfield, New Haven, Norwich, Richmond and Ripley Townships will vote at Willard City Hall.

District 3 - Bronson, Fairfield, Fitchville, Greenwich, and New-London Townships will vote at Fitchville Town Hall.

District 4 - Clarkfield, Hartland, Toward, and Woodbury Townships will vote at Clarksville Township Hall.

First Class Ranking Likely for U.S.P.O.

Planners estimate the building will cost \$130,000. Some \$9,000 is earmarked for remodeling and repair of existing buildings, \$9,500 for furnishings and equipment of the new building, \$1,000 for land acquisition, and \$500 for landscaping.

The board explained Monday that the new three mill increase which will run for five years is needed to meet the requirements of a six and six functional organization. Under this system, six grades of elementary and six of secondary comprise the school system. The Ohio State Board of Education recommends seven teachers for such a system in the secondary grades, whereas the system had only five and a half teachers last year. In revision to the high school standard of the state, the funds are also necessary to meet increase in teachers salaries.

Social Is Saturday

First Lutheran church Ladies Aid will stage an ice cream social on the church lawn Saturday with serving to start at 4 p.m.

There will be chicken sandwiches, chicken and wasser salad, shrimp, jello, potato salad, and other refreshments.

1955 School Budget Is Set At \$115,643; Deficit Sure

It will cost \$115,643 to operate Plymouth's public school system during 1955, the Board of Education learned Tuesday night, and unless outside aid in the amount of \$11,621.06 can be found, the Board will have that much deficit by Jan. 1, 1956.

By far the principal part of the expenditure side of the budget goes to personal services, largely for teacher salaries. Some \$83,000 is allotted for this purpose.

\$5,500 for Transportation

A total of \$5,500 is allocated for transportation of pupils to and from school sessions, Clerk Earl C. Cashman showed the Board. Janitorial and custodial services in operation of the two school buildings will amount to \$8,500, and materials and supplies for custodial purposes will total another \$7,800.

School revenues will amount to \$104,021.94, of which an estimated \$48,000 will be derived from the general property tax and another \$50,000 from the school foundation account. Some \$4,900 is expected to be received from funds appropriated under U. S. Public Law 874.

Principal headings under receipts include besides the general property tax and school foundation taxes, the following:

Foreign tuition, \$135; miscellaneous home economies, \$750; miscellaneous revenues, \$1,500; rental of school lands, \$50; and a deficit as of Jan. 1, 1954, of \$439.81.

Entries on the disbursement side:

Sarpa Quits Here For Michigan Post

Another vacancy in Plymouth High school teaching ranks was created last week by the resignation of Emil Sarpa, teacher of social studies and driver training. Mr. Sarpa will go to Monroe, Mich. to teach similar subjects.

A resident of Willard, he came to Plymouth in the fall of 1952 after graduating from Ohio State university.

Sheppard Mystery Enwebs Minister Who Lived Here

The web of mystery surrounding the murder of Mrs. Marilyn Sheppard, comely wife of an osteopathic physician at Bay Village, stretches even into Plymouth.

Many in this village recall the Davis family which lived here while Superintendent Davis was in charge of Plymouth schools. It is his son, the Rev. Alan J. Davis, now pastor of the North Dayton Methodist church, who was summoned by the dead woman's husband, Dr. Samuel Sheppard, as religious consultant. Police authorities at Bay Village and in Cuyahoga county maintain that Dr. Sheppard, is still the principal suspect of the crime that snuffed out the life of the blonde mother of one son and soon-to-be mother of another child.

Miss. Gill Resigns

The Board received the resignation of Mrs. Oma Gill, sixth grade teacher, who came from Missouri and taught here one year. She stated she could obtain employment at a higher salary in a community where there would be opportunities for work for her husband.

Three vacancies remain to be filled in the teaching staff. These include a social science and driving instruction teacher, left vacant by the resignation of Emil Sarpa, a Spanish and English teacher, and the sixth grade post left vacant by Mrs. J. Gill. Superintendent Coon has five candidates in mind for these vacancies.

Cafeteria to Open Sept. 13

Schools will open in Plymouth on Sept. 6, and the new school cafeteria on Sept. 13. The Board expressed the opinion that the cafeteria in time become self supporting, and board members will watch carefully the operation of the cafeteria to insure that it is self supporting.

A committee meeting will be held tonight to discuss the new fence to be erected around the grounds of the elementary school building. Several private donors have expressed willingness to contribute to some of the cost of erection of the fence and Custodian George Cheesman will supervise the work.

Tuition Raised

Tuition for pupils from out of the school district was raised to \$7 a month for those in grades one through eight and \$11 a month for those in grades nine through 12. This increase is halfway to the maximum figures allowed by state law.

Plumbing revisions in the high school building were reported to be moving on schedule and school officials expect the work to be completed in advance of school opening date.

The Board authorized payment of bills as follows:

DeBosch-Evans company \$14.95; Eckstein's Plymouth Hardware \$110.19; Consolidated Supply Co. \$158.50; Mansfield Typewriter \$205.00; Dubick Fixture and Supply Co. \$276.55; J. C. Cashman \$10.04; Cincinnati Cordage and Paper \$142.20; Ideal Laundry \$33.00; M. J. Coon, \$72.26; Cascade Paper Co. \$276.55; J. C. Cashman \$2.00; Consolidated Supply Co. \$129.65; Institutions Magazin, \$3; MacMillan Company, \$25.08; The Plymouth Advertiser, \$1.38; The Printing Company, \$7.66; Shelby Printing Co. \$56.90; Beulah McQuinn, \$60.00; Mansfield Supply Co. \$23.25; Consolidated Supply Co. \$63.57; N. W. Wirth, \$444.00.

Fire Truck Funds Action to Recover Not Confirmed

Reports that private citizen action against the New Haven township trustees to recover funds already spent for a fire truck is being launched this week, could not be confirmed last night.

The trustees are permanently enjoined against spending any funds for such a purpose, an action that has been upheld by the Ohio Court of Appeals sitting at Toledo.

New Haven township still has a \$1,000 equity in one fire truck owned by the Willa volunteer fire department, but does not have a contract with Willard for fire protection. The issue developed over the fee to be paid the Willard firemen for fire runs into the township.

It is understood the apparatus is stored with the Willard dealer which sold it and could be used to fight a fire.

Opinion is still sharply divided on the issue of whether New Haven township should have its own fire company and there are reports that another effort to establish a own apparatus will be made in the form of an issue on the ballot at general election. The dead line for such an entry into the ballot is filed, Value \$6043.17.

Good Banking Is Good Citizenship

The publication of the semi-annual statement of the Peoples National bank is an occasion to take note that Plymouth and the southern part of Huron county as well as the northern part of Richland county are blessed with good banking. We feel sure that this will be confirmed when the Shiloh bank publishes its statement.

We sometimes forget how important a bank is to the community in which it does business. A bank must lead the community, and a banker must be a leader in it. He must be for those things which will help the community to grow, and he must take initiative in developing worthy enterprises which will create life in the town.

The Peoples National gives an example of this by sponsoring the appearance of the high school band at the Richland county fair. The bank is, of course, put to some expense, but it is an expense that is immediately recoverable, because the students in the band are hardly of an age when they will immediately become depositors of the bank. But we submit it is good business because some of the depositors will use the bank. It is a good thing that is good for the bank is good for Plymouth, and every dollar spent on steering our youngsters in the right direction is a hundred dollars saved.

We congratulate Mr. Nimmons and his associates for their public spirited attitude.

The New Haven Fire Truck Issue

The fuss in New Haven township over firefighting apparatus does not seem to have died down, even though the Ohio Court of Appeals confirmed the order of Huron County Common Pleas Judge Lester enjoining the township trustees from purchasing a truck.

It is hoped that the citizens of New Haven township will be able to compromise with the trustees, because the township is without fire protection right now.

We think the idea of purchasing a fire truck and organizing a fire company is a little risky and that the township should develop a larger population of able-bodied men who could promptly and at all times man a fire engine to fight any fire in the township.

It would be cheaper, more efficient, and less risky for the township to contract with Willard and Plymouth volunteer fire departments for annual protection on a flat fee basis, just as Plymouth township now contracts with the village of Plymouth. In this manner, New Haven township will obtain adequate protection at much less expense than what would be involved if it were to organize a volunteer fire company, equip and house it, purchase apparatus and accessories, and undertake to fight its own fires.

In principle, we stand for the view that it is good for any community to stand on its own feet, and do its own chores. But sometimes it is wiser to hire the other fellow to do a job, especially when he can do it better than you can. This is the case with New Haven township, we think, and we suggest that prompt action be taken to furnish fire protection - which New Haven township does not now have in any form or on any basis except compassionate grounds by neighboring fire companies - from Willard and Plymouth. We believe it would be possible to split the duties, and consequently the fees, and do the job satisfactorily.

The Village Budget

It must surely be discouraging to the officers of the village who have spent so much time, skill and effort to the preparation of the annual budget that public response is so weak.

Tomorrow is the day set for the public hearings. Probably nobody will show up, and the budget which was drafted and approved the budget take this as an indication that the budget is wholly satisfactory? We think not.

Rather, they should take the failure of anybody to appear as evidence that citizens and taxpayers would take much interest in the status quo. They will resist higher taxes regardless of the need for them, or how deserving the purpose for which they will be spent. But they will not come at 1 p. m. tomorrow to discuss the budget.

The advertiser will be there. Its reporter will carry a deck of cards so that he and Mr. Ellis, the capable clerk of the village can engage in a game of gin.

This is as good a time as any to remark that Mr. Ellis has done a good job in his multiple duties for a goodly period of time, and for precious little remuneration. When a man works for a firm, in any corporation or partnership the man who is responsible for the receiving and paying out of over \$2.5 million would be paid at least one-half of one per cent of that figure, we must realize that we are getting satisfactory service here in Plymouth from a man who ands of kids who will think - unless he is required to apologize - that that kind of behavior is all right, derives only a fourth of that sum, or what amounts to one-eighth of one per cent. There are few, any business anywhere that can boast - or complain, as the case may be - of administrative service as cheap as that.

An Apology Is in Order

It is to be expected that under the stress of competition, professions, or athletes from time to time become angry, often justifiably, with the umpire's decisions. It is human to want things to go one's own way. But when a man gets to the big leagues, he is not expected to have pitches under control, but his temper as well.

This was not too important before television when only 65,000 people could gather in a ball park to see a game. Now, with the advent of television, we see the same by TV - and many of their youngsters who otherwise wouldn't get to see a big league ball game - it is absolutely essential that ballplayers keep their tempers under control.

The conduct of Pitcher Bob Lemon in Sunday's second game at Chicago is unseemable. He should be fined and suspended, and required to apologize to the game, the spectators, and the hundreds of thousands of fans who were watching.

The School Situation at New Haven

The voters of New Haven local school district will be called upon to decide upon a \$150,000 bond issue in November, which requires a total levy of 13 mills to meet the cost of general operating expenses and the new school building. The board of education has been very conservative about costs, and it is an unsensational matter. But the cold truth is that if the voters turn it down, New Haven schools will not get special assistance next year.

What's Going On in Government: In the Scene

Lo, the Poor Italian: He Is Taxed, Then Taxed and Taxed Again, Just on Java

If you think taxes are high, consider the poor Italians. Go to the inevitable coffee house on Corso Mazzini to drink your sorrow in coffee.

It seems that in Consenza you get not five but four teaspoonsful of coffee in your "Caffee Espresso" cup. Friendly like, you approach the owner of the place and soon you get into a conversation about coffee. Timidly you suggest that perhaps it is too much to charge five cents for four teaspoonsful of coffee, even if it is "espresso."

He does not get angry. Instead he shows you something which must be unique in the history of taxation. It is a tax collector's paradise and a nightmare for the Italian businessman. You do not want to suggest, however, that every provision of the tax law is obediently complied with.

"When you consider the cup of 'caffee espresso' too expensive, please remember that each cup has to support 51, yes, 51 kinds of taxes," the coffee man said. Then he gave me a list of the taxes levied on coffee and the machinery resting and distributing it.

1. Coffee import license tax.
2. Customs-tariff.
3. Administrative tax (bookkeeping).
4. Consumer's tax on imports.
5. Statistical tax.
6. Tax on coffee bags.
7. Import duty on coffee bags.
8. Unloading (pier) tax.
9. General tax on imports.
10. Insurance tax.
11. Tax stamps on import forms.
12. And More Tax.
13. Merchant's tax on sugar.
14. Direct tax on sugar.
15. General tax on sugar.
16. Tax stamps on transport documents.
17. General tax on transports.
18. License tax on trucks.

from Norwalk

by Henry Filmer, 2nd
The oncoming heat wave follows the rise in temperature of political campaigning in this county, even though it can't be seen at first hand.

Both of the principal candidates in the November election insist they will conduct a clean campaign, free of mudslinging, and both have reputations for conducting such a campaign.

But there are those who assert that it will be difficult to get what they consider to be issues before the people without slinging a little mud, for the simple reason that what one candidate is to be an issue another may believe to be mud.

It's that way in most campaigns, and Huron county is no exception. Mayor Clayton Lord of Monroeville, who was soundly defeated by Sheriff Harry Broome last time he ran is said to be waging a strong campaign well backed by ample funds.

In addition to these 51 varieties of taxes, the owner naturally has to pay for light, heating, telephone and wages to the employees.

For each cup of five-cent caffee espresso, the tipping is usually 10 fire - which means only the sixth-tenths of a penny. Monthly wages for the man behind the coffee-making machine is \$35.

Now you see why "caffee espresso" five cents for four teaspoonsful?

— By Phineas Whittleseed —

And a dandy good morning to you, too, friend... If this weather keeps up, Phin'll want to go fishin' more than he'll want to stick to his last...

First item on our list this week is congrates to jolly Cholly Resseger, who has been installed as prexy of the Willard Lions club. Cholly success Ken Heister, another friend of ours, and we wish him success.

Huron county scholarship committee has learned from Columbus that five county girls have been awarded elementary teacher education scholarships for the coming school year. They are Misses Dorothy Jean Schreyer, Route 2, Willard; Rosemary Edith Hay, 46 West Seminary street, Norwalk; Kay Frost Smith, Route 1, Bellevue; Barbara Ann Chandler, Box 28, North Fairfield; and Janet Rae Kochley, 129 McKim street, Bellevue. Nice going gals.

The welcome mat is out to the Rev. Charles C. Spangler, new minister of the Shenadoah Christian church. Mr. Spangler hails from Akron and has held a pastorate at Everest. The reverend gentleman is married to the former Peggy Humbert, who came from Niles. Nice to have you folks with us.

From all the ribbing Phin has been taking because his Yanks roped in second, not first, place come Monday's record day, it was good to accept the best cigar sold in town from hot Indian fan Al Marvin because he bet wrong on dem bums from Cleveland.

Postmaster Sourwine, up in Flower hospital, is recovering from abdominal surgery. Drop the fellow a card. He'll appreciate it. Address: C. E. Sourwine, patient, Flower hospital, Toledo, O.

A big gold star for Larry Hampton, who helped us make the mails last week. And a big black mark for Art Schreyer, the Postmaster General, whose reduced mail service caused us to miss out on our planned front page last week because the engraving from Chardon didn't get here till Friday morning.

Makes you wonder a bit when you figure that of all the thousands of people who use services of the company, the B & O go down to Doc LaBarre and rebated the overpayment.

One of these early arys, we're going out front of our house with our trusty blunderbus and blow out the fires of these six-wheeled monstrosities who speed down Sandusky street just after daybreak. Our Cookee can't even get across the street (okay, Lewis, we know he's delinquent sometimes, that's why we encourage him to do his constitutional in the early mornings) without raking his life.

And while we're about it, the noise they make! Coochie-biggers, the sign says, trucks must be properly muffled. When they pass the light and start north in Sandusky street, the noise nearly blows you out of the room. During council meeting the other night, the noise of the diesels made hearing in the chambers impossible.

Phin thinks his neighbors would agree to a stiff deflection campaign by John Law, and heavy fines by Mayor West, so that these trucks will get what he means business. As guys' entitled to his sleep, after all.

The whodunit fans are having a circus with the Sheppard case. The libel laws prevent Phin from naming his candidate.

Our Addis Ababa, Ethiopia, informant says coffee prices will go up before they come down. Maybe we'll do a Godfrey and switch to tea.

Bob Meiser had a man in the tank one night last week, but the tank still ain't painted. Any volunteers?

Our right-hand neighbor is the most accommodating sort. Not only says please when he wants to borrow the sepladder, but offers to go fetch it. Thanks, Wilymy, we appreciate it.

Seeing a moving van, in fact, three of 'em, in the street on the way to his daily stint makes Phin feel good all over. Goings are always sad, but comings are never sad. New faces give us all something to look forward to.

The Koser gang - all of 'em - took off for Coldport, Pa., one day last week to see Gen's intended and her family. We hear tell as how everybody got a big kick out of it. For a guy who's about to stick his head in the noose, Gen seems pretty calm. Wait! You start that Last Mile, Gene.

Somebody stuck this doggerel under our door: "I found a wooden whistle and it woden whistle." "I found a steel whistle and it steel woden whistle." "I found a tin whistle and now I tin whistle." Oboyo, Rodlan, that could cornball. We got it, pal Worse than Casey.

Ernie Henes, veteran editor and publisher at Wellington, sends us a copy of his issue of July 8. The Board of Public Affairs in that town has schemes to pay for sewage disposal. One is a monthly rental of \$1 for single residences, and other types of dwelling and business places progressively higher. The other is 40 percent of the water bill annually. Worth thinking over, that proposition.

How come no service clubs in Plymouth? Greenwich has a vigorous Rotary, and the town is only 1200 population. While we're at it, only two flags on the Square July 29, that was obscenecy of Independence day, and only four on July 4th. And none on the Scout hut either day.

Nelson Olds, our colleague of the Fourth Estate at Atica, has just received the Mayor's chair to that community as a resu llof the reelection of the mayor, M. E. Martin. Good luck, Mr. O. . . .

Glad our kids aren't in the Willard school system. There must be some reason why nine teachers have quit - they all couldn't be going for more money. Phin has as how it's a question of a narrow minded old hiddy. Poor Willard!

County Road Barn To Be Built Here On Butner Land

Construction of a Richland county garage in Shiloh to house maintenance equipment of county road crews seems assured from a recommendation by County Engineer Walter E. Ruck to Richland County commissioners last week.

The purchase of one acre of land owned by Dr. C. O. Butner, Shiloh physician, was urged by Ruck upon the County Commissioners as a site for a county maintenance barn.

The barn would be a headquarters for road repair of the four northern townships - Plymouth, Cass, Blounting Grove and Butler - of the county and would be similar to that maintained in Belleville for southern townships. Six men are stationed at the Belleville barn.

JOE IS FAST
Francis "Joe" Burrell, president of Plymouth Board of Public Affairs, has quite a claim for efficient driving as a result of his rapid trip to West Virginia last week. Mr. Burrell left Plymouth by automobile as the fire siren sounded Saturday noon and returned at 11:30 p. m., having covered the distance in 1 1/2 hours.

One obstacle he reported was an oil well in the middle of a state highway, the result of an oil boom in that region. Traffic, naturally, was detoured.

NEW TEMPORARY CLERK
James Jump, son of County Commissioner Harry V. Jump and Mrs. Jump of Willard, is assisting in his uncle's clothing store on the Public Square. The young man will be a sophomore at Willard High school in the fall. Last year, as a light freshman, he played on the Willard varsity eleven at basketball and end. He has recovered from a broken vertebra in his neck.

ROSS FAMILY UNITES
The Ross family reunion was held Sunday at Mary Fete park. Seventy-five members of the family attended from Plymouth, Shelby, Mansfield, Willard, North Fairfield, and Milan. The Plymouth resident in attendance included Mr. and Mrs. Fred Ross, Mr. and Mrs. George Cheesman, Marilyn Cheesman, Mr. and Mrs. Haldon Cheesman, and Mrs. Helen Ross.

Conservationists Plant 43,420 Trees in Huron County

John Wells, Huron county agricultural agent, reports that a total of 43,420 trees had been planted by individuals and conservation groups in the county this year.

Individuals in the county plant the trees while Frank Heitsche's 4-H Forestry club planted 1,600 and the Boy Scouts of America 1,500 pine. Vocational agriculture students in the five departments in the county planted a total of 2,500 trees. The majority of these were white and red pine.

New London high school was the first to establish its own school forest and has planted trees yearly in order for school children to secure first hand knowledge of the benefits received from tree planting and forestry management.

The Monroeville Rod and Gun League and the Norwalk-Brunson Conservation League planted a total of 9,000 trees. This type of activity in the conservation leagues shows the interest taken by members in conservation throughout the county.

Huron county has ranked high among counties in the state in the number of trees planted yearly. Wells stated that applications for next year's planting should be made sometime after October 1 and before January 1.

Lutherans Attend Lakeside Parley

Eight Plymouth Lutherans attended the annual summer chatauque of the church at Lakeside Thursday.

They were Mrs. Stacy C. Brown, Mrs. Frank Brisson and her daughter Myra, Mrs. Rachel Besching, Mrs. Ivan Bowman and her daughter, Janice, and Mr. and Mrs. Albert Feigntner.

The meeting lasted the entire week. Dr. E. S. Hjortland, pastor of Central Lutheran church in Minneapolis, Minn., was the daily inspirational speaker, and the Rev. William Nehrenz, pastor of Bethlehem Lutheran church, Toledo, was Bible study leader. Russell Sherer, formerly of Crestline and now a lay missionary in New Guinea, was among the list of speakers, which also included Mrs. O. G. Halm of Chicago, the Rev. James Long of Massillon, the Rev. J. Kulow of Hubbard, the Rev. Norman Negmeyer of Columbus, Dr. Lawrence Price of Fremont, and the Rev. Reginald Holle of Detroit. The Rev. Herbert Lisle of Cincinnati was chairman of the meeting.

After the program, the Plymouth group went to Cleveland to attend the opera "Magic Flute", presented by the Boston Opera company.

Life will be a lot happier for you if you use the advice you have been giving your friends.

Popular Cone 50 Years Old

NEW YORK (NANA) — The ice cream cone, a traditional part of summertime holidaying and celebrations, is having its 50th birthday this year.

We're not nearly 50 years old, and neither are our ice cream cones, but come in and we'll serve you a dee-lishus cone - or a sundae or soda or parfait that's all gooped up with pure food flavors - that'll delight you. And the guy who'll serve you is not nearly 50 years old, either. But he hopes to be some day, and he hopes he'll still be serving you ice cream with the

The engagement and approaching marriage of Miss Shirley Joan Bloom, elder daughter of Mr. and Mrs. Lloyd Bloom of Main street, Coalport, Pa., to Eugene Richard Koser, eldest son of Mr. and Mrs. Alvin W. Koser, 142 Sandusky street, has been announced by her parents.

The wedding will take place Sept. 6 at the Christian and Missionary Alliance church in Coalport, with the Rev. Paul B. Kelley officiating. Miss Mary Lee Bloom will be maid of honor for her sister and David James Koser will be best man for his brother.

Miss Bloom is a graduate of Coalport High school in the Class of 1952 and attended the Missionary Training Institute at Nyack, N. Y., where she met her fiance, who is a graduate of Plymouth High school, class of 1951.

A wedding trip to Niagara Falls will follow the ceremony and reception.

J. E. Hale to Wed Marlene A. Burrer In Lutheran Rites

Miss Marlen Ann Burrer, daughter of Mr. and Mrs. Francis M. Burrer of 63 Sandusky street, will become the bride of John E. Hale, son of Mr. and Mrs. Ben Hale, of 155 Beelman street, at 2:30 p.m. August 7 in the First Lutheran church here. The Rev. M. F. Paetznick, pastor of the Bucyrus Lutheran church, will perform the ceremony.

Miss Burrer, who has chosen the custom of open church for her marriage, will be attended by Miss Carol Teal as maid of honor and by Miss Ruth Hale, sister of the bridegroom-elect, as bridesmaid.

Ismael Hale, the bridegroom-elect's brother, will be best man. The couple plans a wedding trip to Florida.

The bride-to-be was a member of the graduating class at Plymouth High school in 1951, and Mr. Hale attended the same school, from which he served the U. S. Army, in which he entered from 1948 to 1952. Both are employed at Wilkins Air Force depot, Shelby. They will be at home after the wedding trip in the Suttles apartment, East Main street, Plymouth.

Mr. Turson Weds Miss Berberick At Willard Home

John A. Turson, son of Mr. and Mrs. Rocco Turson of Nichols street, was married July 3 to Miss Marlene Aria Berberick, daughter of Mr. and Mrs. A. Berberick of Willard, at the bride's home.

The bride was attired in a white taffeta gown of street length and wore a small velvet hat of white. She carried about of white carnations and blue delphiniums. Her sister, Mrs. Jay Lydy, was her only attendant. Mrs. Lydy was gowned in a blue print dress with white accessories and carried pink and white carnations. Russell Forbes was best man.

A reception for the immediate family and close friends was held in the garden of the Berberick home after the ceremony. The bride is a graduate of Willard High school, class of 1950, and Mr. Turson received his diploma with the class of 1946 of Plymouth High school. Both are employed at Wilkins Air Force depot, Shelby.

RESOLUTION NO. 7-54
A RESOLUTION DETERMINING TO SUBMIT TO THE ELECTORS OF THE VILLAGE OF PLYMOUTH THE QUESTION OF ISSUING BONDS FOR THE PURPOSE OF THE CONSTRUCTION OF SANITARY SEWERS AND SEWAGE DISPOSAL PLANT.
BE IT RESOLVED BY THE Council of the Village of Plymouth, Huron and Richland Counties, Ohio:
Section 1. That for the purpose of the construction of sanitary sewers and sewage disposal plant, it is necessary to issue bonds of said Village in an amount estimated at \$125,000, and that it is necessary to levy a tax outside of the constitutional ten mill limitation to pay the interest on and to retire said bonds; that the question of issuing said bonds and of levying of such tax shall be submitted to the electors of said Village at the regular November election to be held on November 2, 1954; that Council estimates that the approximate date of said bonds will be January 1, 1955, that said bonds will be paid in twenty-five annual installments maturing in substantially equal amounts during the period of twenty-five years after the authorization thereof, and will bear interest at a rate now estimated at three and one-half per centum per annum, payable semi-annually.

Section 2. That the Village Clerk be and he is hereby authorized to certify a copy of this resolution to the Auditor of Richland County for his calculation of the average annual tax levy required throughout the life of the bonds to pay the interest on and to retire said bonds, assuming that they are all issued in one series and that the amount of the tax list of this Village remains the same throughout the life of said bonds.
Section 3. This resolution shall be in force and take effect immediately upon its adoption by Council.
Glen West, Mayor
Passed: July 7, 1954
Carl V. Ellis, Clerk
I certify that this is a true copy of this resolution.
Carl V. Ellis, Clerk, Village of Plymouth, Ohio. Dated this 7th day of July 1954.

GOOD NEWS FOR Homemakers
Anne Marshall
"What's for lunch, Mom?" That's a familiar query this season when outdoor activities sharpen appetites. A special way to make your luncheon at your home, reach a special luncheon is to keep a supply of lunch non-banquet foods on the kitchen shelf. Give top priority to condensed soups, for they are your performers in outdoor meals. They are quick and easily prepared. They provide variety, and they give condensed soups a variety of a main course, soups are well-timed and nourishing.

A good luncheon plan with soup
Soup
Salad or Sandwich
Dessert
Beverage
Imagination and "know-how" are needed to turn this plan into appetizing and nutritious meals. With a cream soup have a meat or seafood salad; and fruit for dessert. A vegetable soup tastes good with egg salad and pie or cake. With a meat soup, fruit salad and a cheese sauce; then pudding for dessert. The average could be milk, or a particularly sweetening day - iced tea or lemonade.

it's a HIT!
A Jim Dandy, too, right into the hole behind the runner advancing to second.
This fellow's a big leaguer because he gets his hits when they count, because he works best under pressure, because his eyes and ears are open to the signs from his manager and the coaches.
Our eyes and ears are open, too. That's why The Plymouth Advertiser is such a big hit in over 1,700 homes every week. We know it's a hit because readers come beating on the door on Wednesday to get it before the official publication date, and seem displeased when they can't get it.
Because we keep our eyes and ears open, you keep informed on affairs in your home town and in Huron and Richland counties. Only The Advertiser does this completely and effectively.
For the month of July only, the circulation department (confidentially, it and the advertising department and the editorial department and the composing room foreman are all one and the same guy) is offering one quart of ice cream - any flavor - for a new subscription to this newspaper. It's a real bargain, and if you are one of the many who've been buying The Advertiser over the counter, bear in mind that next week its price will be eight cents. By subscribing to The Advertiser, you save \$1.16. Plus, of course, the quart of ice cream.
That subscription will cost you only \$3.00, in advance. There's another quart of ice cream for the man, woman or child who can show us a better bargain for less money.
The telephone number is Plymouth 59. Ring us up.
