

# Controversial Parking Meter Measure Approved by 5 to 1 Vote

**Keith two against;  
Sproviles settles up  
For Full Sum of \$1,226**

In the face of a warning that opponents will resort to a referendum petition, five village councilmen voted to approve the controversial parking meter ordinance Tuesday night.

Only Councilman Lowell Keith voted against the measure. Solicitor Joseph F. Dush told the council he had been informed by Don Young, member of Young & Young, Norwalk attorneys, that resort would be had to the referendum procedure.

Opposition has 30 days — until Apr. 6 — to file the petition with the county board of elections. Ten per cent of those who voted for governor in the 1955 general election are required to sign the petitions. This would amount to about 45 voters, with 26 in precinct B and the balance in precinct A.

A check for \$1,226.42 was received from Allen M. Harman, Shelby attorney representing Lincoln Sproviles, in full settlement of Sproviles' indebtedness to the Board of Public Affairs for confessed defaultations nearly a year ago.

Mayor Parkison told the council he had been contacted by townpeople and religious workers and ministers asking that we bring this matter to a prompt conclusion. A release will be executed by the village.

State Highway Director S. O. Linnell told the village that a long-standing agreement, whose date and tenor he did not recall, prohibited parking on the east side of Sandusky street from the corner of West Broadway to the end of the curbing — where Route 61 commences. Likewise, parking is prohibited on the west side of Plymouth street from Birchfield street to the intersection of Route 98.

While enforcement of this ruling would mean there would be no legal parking opposite stores in the east side of Sandusky street, Mayor Parkison said he would be glad to see the curbing sit tight and wait for Mr. Linnell to tell us what this agreement is, for we can't find anything in our records.

The cemetery committee — Councilmen Maurice Bachrach and Clarence Ervin — was directed to consult with George Bevier, retired custodian of Greenlawn cemetery, to try to learn the precise outlines of the potters' field in the cemetery. A recent case of an indigent resident whose last request was to be interred in Greenlawn necessitated the paying of expenses by private funds.

Fire Chief Dalton F. McDougal reported he had conferred with inspectors of the Ohio Board of Inspectors in an inspection of village fire equipment as a step in enabling Plymouth township to obtain a grading of class in the plans for fire risk purposes. Minor equipment is needed, he said and he was authorized to seek quotations on it.

A representative of Alden E. Siltcock & Associates, Ltd., Columbus, told the council he expects to complete field work incident to the re-survey of the proposed sewage disposal system this week.

Ordinance setting rates for the use of the village's air compressor and centrifugal pump were passed on an emergency basis.

James C. Davis, representing C. M. Lofland Insurance agency, broached again the question of fleet insurance for village vehicles. It was told the council endorsed the notion in principle. Davis seeks acquiescence of the Board of Public Affairs.

## Mr. Williams' Mother Succumbs at Bucyrus

Mother of Clarence Williams of this place, Mrs. Daisy Burnett, 73, Bucyrus, died in City hospital there Feb. 28 after an illness of two weeks. Death was attributed to heart and kidney afflictions. Born in Johnstown, Pa., July 13, 1882, Mrs. Burnett had been widowed since the death of her third husband, William, in 1954. She was a member of the Seventh Day Adventist church.

In addition to her son here, two other sons, Archie Wilson, Los Angeles, Cal., and Harold Williams, Shelby, and two daughters, Mrs. W. G. Fulton, Clifton, N. J., and Mrs. Homer Rhodes, Crestline, survive. There are eight grandchildren and seven great-grandchildren. A sister, Mrs. Harvey Hetzel, Upper Sandusky, also survives.

Elder Henry Fowler of her home church at Bucyrus conducted funeral services Feb. 29 at 1 p.m. Burial was in Oakwood cemetery, Bucyrus.

Frank and Ernestine Gilbreth often shared sodas and other childhood delights. Gerald Lillo and Sandra Vogel, who portray those roles in "Cheaper by the Dozen", senior class play, practice up on sharing one ice cream soda, bought by the photographer.

## Board to Set Hydrant On Two-Inch Line In West Broadway

Householders in the extreme end of West Broadway will get a four-inch hydrant installed at the end of their two-inch water connection, the Board of Public Affairs ruled Monday night.

In a routine session, the Board approved a motion by Luther R. Fetters to install the larger hydrant instead of spending new funds on a two-inch one.

Absence of Carl W. Fife of Greenwich on a vacation trip in Florida prevented the Board from proceeding with arrangements to complete testing of the well in the Henry Chapman property at New Haven.

Edward O. Ramsey, proprietor of Plymouth Drive-in theatre, asked the Board to install a means by which water can be turned on and off at his establishment to avoid the necessity of digging up the valve each spring and autumn. He plans to re-open for the spring season Mar. 16.

## Armstrong, Rooks Win Awards

Three Plymouth residents — employees of Wilkins Air Force station at Shelby — are among 16 who divided \$398 during February for suggestions that save on operating costs of the federal government.

One of them is a repeater. He is Delbert York, who received with Isaiah Predieri of Willard another \$25 to go with the \$250 they got in 1955 for suggestion which decreases the pipeline time in processing requisitions. The suggestion which was filed at Wilkins has been

adopted by the Ogden, Utah, Air Materiel area with an estimated tangible savings of \$430 annually.

John Armstrong, 166 Sandusky street, living temporarily in Shelby on account of his father's illness, shared a \$40 award with Carlton Stoddard, Armstrong, assigned to management analysis, and Stoddard, who serves as program planner in the programming office, suggested that slide films be developed and utilized for training military and civilian personnel on

supply and procurement procedures, orientation, health, safety and fire, prevention. Their award was presented by E. A. Long, principal civilian comptroller at the depot.

Ernest L. Rooks, 156 Walnut street, received \$30 for suggesting an improved cam for operating electric interlock switches on fire doors in Building 31 at the depot. Use of the cam prevents unnecessary opening of the interlock switch and the resultant stoppage of the towveyor.

**Ford Shows Increase Of 29 Per Cent of 1954 In Tractor Production**

Ford Motor Co. produced 66,656 tractors in 1955, a 29 per cent increase over 1954's production of 51,400 tractors, and obtained 21 per cent of industry production of farm tractors, Irving A. Duffy, Ford vice-president and general manager, tractor and implement division, announced today.

Duffy stated that Ford had introduced 11 models of four-wheel and tricycle Ford tractors in two power series during 1955.

"Ford departed from its traditional role as a producer of only one model of four-wheel tractor, and for the first time since Ford started production of tractors in 1916, offered a tricycle-type tractor," Duffy said.

"This will be the first full year that Ford's 2,600 dealers in the United States have had a line of tractor models to meet a wide variety of farming and industrial needs. We are confident this will place our dealers in a very strong position during the year," he said.

Duffy also noted that 27 new or improved implements came into the Ford line—such as including a new six-foot combine, small hay baler, one and two-row mounted corn pickers and harvesters, two and four-row front-mounted cultivators and corn and cotton planters, a mounted side delivery rake and mounted tandem disc harrows.

Bolinas Pamer, Inc. 1276 So. Main St. Road, Mansfield, is the agent in this area for tractors and farm machinery. They always have on hand a good supply of used tractors and implements, also earth moving machinery such as ditchers, diggers, front end loaders. ## birthday greetings to the TELEPHONE!

From the early days when one Operator was able to handle all of the calls — and still have time to read and sew — has grown a vast and vital network of communications. In just 80 years the number of telephones in the United States has reached 55 million — thousands are being added daily... and that is a record of progress!

Northern Ohio Telephone Company is proud to be a part of this great progressive industry. We are carrying on, as we have in the past, in the same spirit of service as was shown by those Pioneers of 80 years ago.

# Prides of Plymouth, Tomorrow's Citizens

The Donald Rays of 127 Trux street are re-reading this fellow to play tackle in the Pilgrim line of 1971 — which is what his dad did some years ago.

Steven Earl was only seven and a half months old when this picture was taken, and it was no trouble at all to make him smile for the cameraman.

If he has a mechanical or electrical bent, he comes by that naturally, too. His father is in the new and used car business and his grandfather, E. L. Rooks, is a master electrician.

He'd give a million dollars, if we had it, for that smile, Stevie. Keep smiling!
