

# Town gets publicity after long, dry spell

After a long dry spell, Plymouth is beginning to get some national publicity again.

A feature of the January issue of the American Home magazine is a story about the influence of covered bridges on modern design of houses. The custom-built home of the John F. Stambaugh, beside the quarry, is the core of the piece. The house is not identified as to ownership or location, to protect its owners from unnecessary invasion of their privacy. But Plymouthites familiar with it will recognize it at once.

**IT'S IDENTIFIED ONLY AS** located in Ohio. And it's compared as to style, line and theme to the covered bridges which were a part of a Victorian American. The last covered bridge in the vicinity is in Rome south road, three miles south of that hamlet in Bloominggrove township.

The magazine can be found on the reading table in Plymouth branch library and in the office of Dr. D. B. Faust, where it may be

It's only five weeks to the first day of spring, observes Mrs. W. L. Chaffield, president of Plymouth Garden club, in inviting new members to affiliate with her group.

"Now that it will soon be time for flower growing, we extend an invitation to all who are interested in growing flowers to become members of Plymouth Garden club. Interested persons may call Mrs. Charles Lookabaugh and Mrs. D. Guy Cunningham, Sec. 1, to make Plymouth one of the garden spots of this region."

## 15 Methodists help raise seminary fund

A delegation of 15 Methodists headed by the Rev. and Mrs. Thomas M. Sheesley attended the Norfolk district meeting at Milan Thursday to launch a fund-raising drive for a new theological seminary in Ohio.

There is no Methodist seminary in the state now. Goal is to erect and staff a seminary by 1960.

In the delegation were Miss Jessie Cole, the George Youngs, the Norman B. McQuovens, the George W. Chessman's the Ira Rosses, M. J. Coon, Mrs. P. W. Thomas, Elmer E. Markley and Robert Lewis. The A. W. Firestones attended from the Shiloh church.

**A TOTAL OF \$12,900 WAS** raised Thursday night. Meetings of a similar character throughout the state will be held to raise additional funds.

Members there is no Methodist seminary, theological students trained in Methodist colleges must matriculate at non-Methodist seminaries, where they tend to be weaned away from the Methodist calling. To overcome the ministerial shortage, the church feels the construction of a Methodist seminary is imperative.

read by patients only. You'll find the piece on pages 46 and 47, with a jump to page 93. Illustrations in black-and-white are sharp and clear and show both interior and exterior views of the house.

**MR. STAMBAUGH SAYS HE** recalls vividly his experiences hauling stone from the quarry nearly half a century ago. Part of the unique value of the story as human interest is that he chose to come back there after such a long absence.

Life magazine for Feb. 11 features, as its next inside back cover piece, the March of Dimes style show in the Waldorf-Astoria hotel, New York, where patrons paid up to \$75 a seat for ringside accommodations.

New York's 400 — and some of its \$3.98 — staged the show as another charity venture, an effort which always finds the elite ready to accommodate.

**BIGGEST PICTURE OF THE** lot is that of Mrs. Cornelius Vanderbit Whitey, the former Eleanor or Searle of this place, in a pajama outfit created by Tina Leser. After the show, Mrs. Whitey laid plans to go to Nassau, in the Bahamas, for Easter. She and Mr. Whitey plan to entertain her mother, Mrs. George J. Searle, over the April holidays.

And starting Feb. 19, on Channel 5, Cleveland, Penelope Christian, by now a ravishing strawberry blonde, will play a lead role in "Make Up and Live", sponsored by Shaker House Hairdressers, Miss Christian, the daughter of the Miles S Christians of 150 West Norwalk, will open and close each show and make commentaries on the fashion models which will be a part of each program. It's slated for 11:30 a.m. weekdays.

## Miss Hutchinson returns

## Man pays for fight at Shiloh

On the first charge, filed by Backensto, of assault and battery, he was fined \$100 and costs plus 30 days in jail, with the jail sentence suspended on good behavior.

On the second charge, filed by Mrs. Renner, on the charge of causing a disturbance in place of business, he was fined \$20 and costs.

Poster Palmer, Richland county deputy sheriff, was the appearing officer.

The charges were brought as the result of a disturbance in the Rathskeller Saturday night. The Rathskeller is operated by Mrs Renner and her husband, Donald Renner, who also testified in the case.

## Funds sufficient to build annex

Construction of four additional high school classrooms and a music room can be paid for within the six per cent bonded indebtedness minimum, the Board of Education learned Tuesday night.

Charles Marr, school architect said costs should approximate \$79,000. No discussion of a forthcoming bond issue ensued, but it is understood the board will ask for one at the November elections.

Marr asked if the board was familiar with the Heller report and carefully inquired into the financial background of the proposed building. He made several suggestions which were not included in the specifications prepared for him. Among them were a conference room, a clinic, a book storage room and several "extras" for better teaching facilities within the classrooms.

Harold Cashman, board president, asked if powers and lockers for visiting athletic teams could be included. Mr. Marr thought they could be fitted in. He will meet later this month with Supr. M. J. Coon to inspect the building and will prepare plans for the March meeting.

A new salary schedule to go into effect in September was adopted. It sets the starting salary of a teacher with two years of college and no experience at \$2,700 as compared with last year's of \$2,600. Teachers with a bachelor's

degree and no experience will start at \$3,500. Teachers with less than three years of college can make a maximum of \$3,200 after five years. This will bring Plymouth school salaries almost up to the average for Richland county.

Approval was given for the purchase of six new desks and chairs for the elementary building. Mr. Coon pointed out every desk in the building is now in use. School attendance has increased by six pupils, all in the elementary grades in the last six week period.

Clerk Earl C. Cashman was given authority to renew two insurance policies for the building.

## Griffith gets 1-15 on assault charge

Changing his plea to guilty to a modified charge of felonious assault against David Laney, Jr., Bob Griffith, 42, was sentenced to one to 15 years in the Ohio State reformatory Thursday.

Indicted by the Richland county jury for felonious assault with intent to kill both Laney and Felix Gonzalez, Griffith entered a plea of innocent.

**PROSECUTOR THEODORE** Lutz consented to a reduction of the charge when Griffith steadfastly maintained he had no intention of harming Gonzales feloniously.

Judge G. C. Kalbfleisch said you are indeed lucky the injured man did not die. Griffith had told police "the Lord told me to do it."

Defended by a court-appointed attorney, Griffith's implication that he was provoked into the assault by obscene and indecent remarks by the injured man failed to produce a defense. The lawyer said outside the court he could not induce witnesses to so testify.

Mrs. John Echelberry, chapeau, reported that eight families were assisted with Christmas baskets. Twenty-five children received Christmas gifts and toys and gifts were handed to 18 children at Richland hospital at a total cost of \$288.97.

Mrs. Stein, a practical nurse, was the widow of Arthur Stein, a son Arthur, Jr., died in an auto crash at New Haven two years ago.

## McGregor asks OK of bill to aid over 65

Rep. J. Harry McGregor on Feb. 6 introduced a bill removing the limitations on the earning capacity of those receiving social security benefits.

Under the existing law, persons receiving benefits cannot earn in excess of \$1,200 until they reach the age of 72, when they are permitted to earn whatever they can. Congressman McGregor's bill would grant permission for them to earn whatever amount they can after reaching the age of 65 and still receive any benefits to which they may be legally entitled. The legislator feels the meager amount which the majority receives under the present social security act is not sufficient for them to live, and under the present law they may have very little outside employment. This bill, as introduced by the congressman, would remove that penalty on individual initiative.

## It'll cost you more to live

After careful interrogation at Columbus of those entrusted with the management of this great state, we feel a duty to set forth here some of the developments which are bound to affect us as citizens in the next two years.

Governor O'Neill was emphatic about saying our financial basis is sound during a dinner Friday evening. But the truth is, as he pointed out later, it is but a temporary thing. We must raise nearly \$400 million (of which \$260 million for highways) by selling bonds in the next several months. He implied the bond market has been poor, and that Ohio may have trouble doing it.

The several government agencies have asked for \$250 million in budget money, about \$150 million more than what Governor O'Neill thinks he can or should approve.

But the cold truth is that additional sources of revenue must be found. One influential leader in the Senate said he thinks the legislature will investigate methods of raising these funds, and that they are likely to be these:

1. Abolishment of the sales tax stamps. (They cost too much to produce, and the state pays out a great deal of money for their redemption. This will knock Plymouth's most lucrative business right in the head.)

Representative in Congress from 17th Ohio district: J. Harry McGregor

Representative in Congress from 13th Ohio district: A. D. Baumhart, Jr.

United States Senators: John W. Bricker and Frank J. Lausche

State Senator from 27th, 29th Ohio districts: Charles A. Mosher, 48 South Main street, Oberlin  
State Senator from 30th, 33rd Ohio districts: Delbert L. Latta, 304 Wood County bldg., Bowling Green

Member of General Assembly, Huron county: Harry V. Jump, 301 Myrtle avenue, Willard

Member of General Assembly, Richland county: Neil S. Robinson, 16 West Second street, Mansfield.

Let your elected representatives know how YOU feel on important issues.

By Phineas Whittleseed

It takes condemnation of what would otherwise pass unnoticed to what public interest and we're no exception. We wouldn't have given it much time save that Time magazine remarked at length about Grace Metalious' book, "Peyton Place." And if Detroit and Cleveland hadn't banned John O'Hara's novel, "10 North Frederick," we probably wouldn't have given it a tumble.

But the truth is that we bought one as a Christmas gift and the other we found on a bootleg shelf some distance from the Forest City. And we have read them carefully.

FOR OUR PART, THE EPISODES IN THE former which deal with the ugliness of sex are necessary to what the novelist was trying to say and do. Leave aside for the moment, please, the question of whether the picture she portrayed is an honest and fair one. The sordid description of Selina's troubles with her miserable step-father, to single out but one incident, may not be an honest picture but for the novelist to paint that picture, it was necessary to speak as she did and do what she did.

Not so in the second instance. For the life of us, we cannot see that it was necessary for O'Hara to use such broad and heavy strokes of the artist's

2. Reimposition of the sales tax on food not consumed on the premises.

3. Reimposition of the sales tax on purchases of less than 40 cents.

4. Increase of franchise taxes and other imposts of a similar character.

Ohio has held the line on new taxes pretty well. Not since 1935 has there been a new tax of a basic revenue raising character.

The climate for investment in business and industry, imputed to the late Robert Alfonso Taft as an undying monument to his work as an Ohio legislator, has attracted such a volume of new industry to the state that its growing pains, initially only tremors, have become all but traumas. People have a peculiar way about them: they don't usually serve advance notice when they intend to produce a family. And we didn't plan soon enough to accommodate the great population growth produced by 1) new people coming into the state to follow this new industry and 2) new and old people who want larger families than were customary in 1933.

And one other peculiarity is they tend to want services from government: roads, highways, schools, hospitals, and such.

These things cost money. Ohio schools would be the scandal of the state save that our mental institutions are worse. What could be done in 1933 for a dollar now takes several dollars. And once a service is introduced and catches hold, its suppression is next to impossible.

So the conclusion is this: you're going to have to pay more, in the form of taxes, for the privilege of living and working in the great state of Ohio, mother of presidents. And soon, too!

And it won't do you much good to complain. For it is the people of Ohio who demand these services. If it's not you, then it's your neighbor.

to tell his story. Joe Chapin and Gibbville would be as much a part of a good novel without the sex part of it.

But we started to consider censorship. Is it right to censor? We think not. These novels would have gone on to a proper fate if they had not been censored, save by the folks who pay their good money to buy them.

Libraries wouldn't have bought them because they don't particularly do anything for the library's program. If the graduate of the forestry school who cited "10 North Frederick" in Detroit as an obscure book would have struck to his knitting — or his forestry — instead of irrevocably making himself a damned fool by presuming to judge the morals of the citizenry according to his own lights, we wouldn't have wasted the time of reading O'Hara's book and the publishing company would have lost money, thereby assuring that books of this kind wouldn't be published soon again.

EDITORS ARE PECULIAR FOLK, IN more ways than one. One of the things you can't do is tell 'em not to print something. That makes 'em mad and gets up their stubbornness, and they'll not only print it but fight like the very devil for their right to do so.

When you stop to think about it, you wouldn't want it any other way. Bennett Cerf is going to great lengths to fight for the principle of freedom, which is right and proper action for him. But if that fool in Detroit hadn't popped off, Cerf would only be going to great lengths with the board of directors of Random House to fight for his right to select a book moved for publication. That may be right and proper, but only Bennett

# Pilgrims lose again, play here in finale tomorrow; Lions win

Outscored in every quarter save the second, Plymouth's Pilgrims lost their fourth consecutive game and 12th of the season at Lexington in a Richland county league game here Friday.

The score was 65 to 54. Ted Fox dumped 12 buckets and a pair of free tosses through the hoop for Plymouth to lead all scorers, but not a single Pilgrim went into two figure scoring to help him and it was no contest in the last half.

Lexington was no prize in the first half, either. But its mistakes were fewer than those of Plymouth and that was the story.

New Haven's Yellow Jackets couldn't score more than 10 points in the final quarter Friday night and fell before North Fairfield, 58 to 52, in a Huron-Erie county league game.

Jim Postema threw in 26 points for the Jackets, who led by a point, 42 to 41, after 24 minutes. But Barnes dumped 17 points into their last quarter onslaught to win.

## Shiloh wins

They're catching 'em young and training 'em fast at Shiloh these days.

Young Dick Bookwalter, a freshman, is the latest example of how Coach Harold Daup's athletic policies pay off.

Friday night he scored 20 points, five more than the scoring leader of the Richland county league, to lead Shiloh's Lion to a 60 to 52 win over Butler.

By doing so, Shiloh evened its season record at nine and nine and strengthened its quest for fourth place.

The Lions caught up after 2 minutes of play and surged to the front with three fast buckets to win. The Lions had trailed 40 to 31 at the half and 50 to 44 after three quarters.

Gary Meeks, Butler's lanky pivotman who has made a study of how to hoodwink officials into calling fouls, scored 17 points before he hauled out.

## LIVE BETTER...Electrically

as the average cost of electric service moves downward

1944

3 1/2¢ AVERAGE RATE PER KILOWATT HOUR

You'd probably be amazed if you listed all the electric appliances you have added to your home in the last 10 years. Did you get an automatic washer, dryer, dishwasher, broiler, freezer, television set, radio, record player, coffee maker, toaster? Refreshing your memory about some of these must bring to mind all the genuine pleasure you get from them — whether it's saving work or having fun.

Using more electricity for more appliances naturally resulted in a higher electric bill — but the surprising thing is that the average cost of electricity per kilowatt hour has moved steadily downward — and continues to do so.

This is possible because (1) you do use more electricity and (2) Ohio Power's advanced engineering has brought about newer, more economical ways of producing and delivering electric power to you.

Just look around you and see how many jobs Reddy Kilowatt is doing to help you and your entire family. Live Better Electrically.

## Supreme court says Mrs. Wells hostess to Country club

it will review suit of Swank vs. Shiloh

A taxpayer's suit to force the Board of Public Affairs to stop giving electric current for street lighting to the village at no charge will be decided by the Ohio Supreme court.

Leo Swank argues the village collects \$148 from customers and uses these funds to pay for street lighting. He says in his argument the cost of street lighting should be paid for from the general fund.

Richland County Common Pleas Court Judge G. C. Kalbfleisch ruled against Swank. He laid an appeal in the district court and won a reversal. The village will now carry the case to the Supreme court.

Chief Justice Carl Weigant of the Supreme court said at Columbus Friday night judges of the court are not permitted to discuss cases of which the court is or may be seized before argument is heard and decided. He forecast that an answer will be forthcoming in four months.

(Ed Note. The state auditor's office has consistently censured villages for such practices. Plymouth is among villages which do not pay for their street lighting. It was censured at the last audit.)
