Harry Dick dies, retired postman

Veteran retired mail carrier and for longer than that a greenhouse keeper here, Harry Dick, 80, died in Willard Municipal hospital Sunday night.

He had been admitted for treatment earlier in the day after a period of serious ill health at his home, 127 West Broadway.

Funeral services were conducted Tuesday at 2 p.m. from the McQuate funeral home by the Rev. B. M. Haines, pastor of First Presbyterian church, Shelby. Burial was in Greenlawn cemetery.

Mr. Dick was born Dec. 11, 1876, son of Michael and Mary Dick. His wife, Grace T., three sons, John T., Charles H. and David W., and a daughter, Mrs. Mary Helen Elstnerowicz, Philadelphia, Pa., survive.

Police bullet despatches drunk, billy club suffices for partner

It took a blow from his billy club and a shot from his cal, 38 police special before Police Chief Robert L. Meiser could establish law and order in Trux street early Sunday.

Summoned by residents who reported loud and disturbing noises there, Meiser found a car stuck in the mud and two Mansfielders, obviously inebriated, trying to push it out.

They asked for a wrecker,

and when Meiser politely suggested the wrecker couldn't help their car so much as it could help them, they assaulted him.

He struck John C. Pratt on the head and shot Edward R. Gayheart in the leg.

They soberey up by Monday and entered pleas of guilty upon arraignment before Mayor Thurman R. Ford Monday at 9:30 a.m.

Both paid fines of \$50 and costs and received 30 day jail sentences, which were suspended on account of good conduct. Gayheart will answer other charges in Willard.

Celeryville plans to build school

A \$40,000 elementary school will be built at Celeryville by the Christus reformed church.

The brick building will house three classrooms, rest rooms and an office. An all-purpose room will be added later.

The one-story building measuring 65 by 60 feet will be built east of the church. The building committee expects it to be in use by September. Present enrollment of the school is now 40 pupils. A steady increase is anticipated.

Designed by Perry and Scott, Medina architects, the building will be constructed by Jennings & Churella, Inc., New London. It is being financed by donations. To date \$12,000 has been raised with another \$5,000 pledged.

Members of the school building committee are Thomas Sharda, Jr., Ben Cook, John Van Laar, Richard Burma, Kenneth Mull and Fred Van Zoest, who is chairman.

Dr. Petit to speak to Community club

Dr. Arthur Petit, director of admissions at Ashland college, will address the Community club Tuesday at 6:30 p.m. in First Presbyterian church.

The club will change its meeting place to be guests of the First Presbyterian church Women's association.

While you're thinking about the cost of living and how high it's going how fast, spend a minute to consider the problems of village finance.

This year the council will ask our an operating levy The solicitor has already been put on notice to prepare the necessary legislation. The talk is that at least two mills will be the figure agreed upon.

ONE OF THEM IS TO REPLACE THE one-mill operating levy which the electorate very foolishly disapproved in November, 1956. And the other is to get enough to breathe easily and to recover the position of January, 1956, which deteriorated when the one-mill levy was defeated.

That's a maxim: when you turn down a one mill levy, it takes two mills the next year to recover.

Two mills of operating funds will produce about \$6,200 annually, for which there certainly is need.

For one thing, unless some help can be found for the police department, the incumbent marshal will either wear out or cut down on the number of hours that protection is furnished.

There are a good many who think this can do. We do not think it is wise to do so, for more than it is wise to cut down on the number and quality of subjects offered in a school, or the number of Sundays in a year when you have full-time preacher.

WHICH IS NOT, BY ALL MEANS, TO SA that another full-time patrolman should be hired. Still, there is some doubt that adequate relief is a suitable arrangement can be arrived at with a \$600 annual pay for the part-time patrolman.

All of which is by way of justifying, to not extent, the need for more operating funds.

And the school system will certainly ask for multiple levies. Just how much these are apt to be is uncertain right now. There is certainly a need for additional operating funds. As we see it — this is strictly a personal opinion — the need for at least three mills.

Then, if the school board starts on an addition to the high school of four classrooms and a music room, to accommodate increased enrollment the seventh and eighth grades, there will be a need for a building levy. This could amount to two mills, to produce about \$30,000. It will also constitute pressure for quite a time.

From the shape of things, it seems evident cost of the telephone will go up. Mr. Henry T. not get all he has asked for, but history does record when an Ohio utility ever failed to some increase in rates when it appealed to Public Utilities commission.

THE GAS BILL HAS GONE UP, T telephone bill will probably do so also, the of government has got to go up. Where will all end? When is the golden goose barren of eggs?

If we knew the answer to that, we'd be in Washington.

WHEN YOUR DOG IS SICK
by Dr. E. M. Glidow

The average dog owner can usually tell when his pet is ill, but seldom knows which ailment is indicated by the symptoms. So it's always wise to have a veterinarian diagnose the illness and advise treatment.

Use a rectal thermometer to check the dog's temperature; normal should be 101 degrees. Fits or convulsions are usually fatal.

Dog of the Week: POODLE.

Varieties: Standard, Miniature, Toy, Curly or corded coat. Clipping is traditionally "Puppy", "Continental", and "English Saddle". Any solid color. Eighth in popularity.

A warning of an ailment or disturbance. Again, this should be determined by professional advice.

Always seek competent attention for such diseases as distemper or infectious hepatitis. Worming the dog also is best left to the veterinarian.

AN ORDINANCE OF THE COUNCIL, VILLAGE OF PLYMOUTH, OHIO ORDERING ADVERTISEMENTS FOR THE PURCHASE OF SALT AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE COUNCIL, VILLAGE OF PLYMOUTH, OHIO THAT:

SECTION 1. The Board of Trustees of Public Affairs is hereby authorized and directed to advertise for the purchase of salt not to involve an expenditure of more than \$2985.00, and the sum of \$2985.00 is hereby appropriated for the purpose of the same, and the Clerk and the Treasurer are authorized to issue vouchers therefor.

SECTION 2. This ordinance is an emergency measure necessary for the immediate preservation of the public peace, health, welfare and safety and shall go into effect immediately, the reason for this emergency being that the salt supply herein mentioned is necessary for the operation of the Village water supply for the protection of the lives and health of the people of the Village.

Thurman R. Ford, President of Council. Passed this 19th day of February 1957.

Attest: Carl V. Ellis, Clerk

LEGAL NOTICE

Sealed bids will be received by the Clerk, Board of Trustees of Public Affairs, Village of Plymouth, Ohio, at the office of said Clerk until 12:00 o'clock noon Mar. 26 1957, for furnishing salt for the water supply system of the Village of Plymouth, Ohio according to specifications on file in the office of the said Clerk. Each bid must contain the full name of every person or company interested in the same, and be accompanied by a bond in the amount of ten (10) per cent of the proposed price, to the satisfaction of the Clerk, or a certified check on some solvent bank as a guarantee that if the bid is accepted, a contract will be entered into and its performance properly secured. Should any bid be rejected such check will be forthwith returned to the bidder, and should any bid be accepted such check will be returned upon the proper execution and securing of the contract.

The right is reserved to reject any and all bids. By order of the Board of Trustees of Public Affairs. Carl V. Ellis, Clerk

Basic Peach Conserve Recipe The secret to the versatility of this basic peach conserve recipe is the change in flavor by adding different ingredients. Secret to doing it the easy way is the new way of sealing. For now you can seal jams, jellies, conserves, etc., without paraffin—use a better job too! This is made possible by a new shoulderless half pint jar, just the right size for preserves and relishes. It has a screw top and seals with a regular two-piece home and vermiculite, and is easier to use. The jar is versatile, besides functioning as a screw top jelly glass, it is a home canning and freezing jar. The size is ideal for relishes and canning for two. For something extra special, try this Peach Conserve: Peach Conserve 7 cups chopped peaches 1 orange 6 cups sugar 1/4 teaspoon salt 1/2 cup blanched almonds or walnuts Wash, drain, scald, peel, chop and measure peaches. Finely chop pulp and orange and add to peaches. Boil 20 minutes. Add sugar and salt. Boil until thick. Add nuts about 5 minutes before removing from heat. Pour, boiling hot, into Half Pint Jars; seal at once with regular home canning caps. Peach and Maraschino Cherry Conserve Follow above recipe except use 1/2 cup Maraschino cherries instead of nuts. Chop cherries before measuring. Peach, Nut and Raisin Conserve Add 1/2 cup seedless raisins to the recipe for Peach Conserve. Peach and Plum Conserve Follow recipe for Peach Conserve except use 5 cups peaches and 2 cups of any variety of tart plums.

Director of new construction speaks at dedication Saturday

S. A. Stine, director of new school construction, Ohio department of education, will be principal speaker Saturday at 2 p.m. when New Haven's new Maximilite-type elementary school is dedicated.

A simple program has been arranged for the dedication of the building, already in use but not completely equipped.

An open house and building visitation, with pupils and faculty joining the Parent-Teachers association as hosts, will follow the ceremonies.

Mrs. Velma Roth will furnish incidental music.

THE REV. MARVIN BEEN, pastor of Celeryville Christian president of the board of education, will deliver the welcome.

Neil Slessman, another member of the board, will recognize guests.

Jenings & Churella, Inc., New London, general contractors. Will deliver the keys of the building to the architect, Frank Dickerson, Beaver Falls, Pa.

Mr. Dickerson will in turn present the keys to Claude Bauer, president of the board, who will accept it officially.

Mrs. R. E. Van Wagner, for a generation and more The Advertiser's correspondent at New Haven, will present a flag which has flown over the U. S. Capitol at Washington and a flag pole in the newspaper's behalf. Joe Rosenberry will accept it.

Tom Shaarda, Jr., will express the board's official appreciation

for gifts and cooperation.

Huron County School Supt. Ralph R. Brown, himself a former superintendent at New Haven, will present the guest speaker.

Erskine Richmond, principal of the elementary school, will deliver the keys to the superintendent, Robert Pleunik.

The Rev. James Magaw, pastor of New Haven Methodist church, will deliver the benediction.

THE BUILDING, WHICH cost \$130,000, has six classrooms. These can accommodate 180 pupils, two more than its present enrollment. There are offices, a health room and a teachers' lounge in the building, which is decorated in new pastel colors to provide for maximum refraction of light.

The new cafeteria, incomplete until tables arrive, will seat 80 pupils. Its kitchen is a modern, completely equipped operating unit capable of preparing and serving food for twice that number.

Skelton, Inc., Lexington, furnished the kitchen equipment. R. W. Sidell, Willard, was the plumber. M & M Electric, Norwalk, was the electrical contractor.

Bessemer-Stanton, Inc., Wooster, was the heating engineer. The New Haven school, although the first Maximilite-type school to be undertaken in Ohio, was not the first to be completed. Another in Rush township near Uhrichsville, on which Bessemer-Stanton, Inc., was heating contractor, got this honor.

Classroom furniture was purchased from Miller Office Supply Co., Picqua, and Bowling Green Equipment Co., Bowling Green.

Over nearly four decades as teacher in New Haven schools, Miss Jessie I. Cole saw pupils come and go, events transpire that made history, even if it was only local history.

But one event stands out in her mind: dedication of the auditorium.

"My, that was the biggest thing that ever happened to New Haven. The place was jammed. After it was built, New Haven had a community room. You just can't imagine what that meant to us. We began to have a better and broader education program and the boys and girls profited by it."

FIRST CONSTRUCTION ON PRESENT SITE was this part of old building, erected in 1898.

LARGEST FAMILY EVER TO ATTEND New Haven schools: the Frank Long Clan, with 11 children.

CLASS OF 1917 included Clarence S. BeVier, Loyal Rapp, Elsie Watts, Claude Sutton and Donald Long.

CLASS of 1916, shown on front steps, comprised Thorr Woodworth, Cleo Hough Albright, Sidney Long and Jesse Skinner.

BACK WHEN COLLARS STOOD UP, W. L. Sherman was assistant superintendent of Huron county schools. He called frequently at New Haven to supervise instruction.

'I pledge allegiance to the
flag and to the republic
for which it stands'

Pupils of New Haven school will salute the flag
each morning — it's both law and custom!

New Haven's school dedication first in 59 years

New Haven dedicates its new Maximlite-type school, the first such construction undertaken in Ohio, Saturday, 59 years after the dedication of the present school building, Saturday.

The Maximlite construction, developed at Fayetteville, Ark., utilizes ground space with limited elevation so that maximum light enters classrooms for pupil benefit. Each classroom thus has two light exposures.

Frank Dickerson, Beaver Falls, Pa., was architect. A bond issue approved by the electorate in 1955 made possible the construction of the new building.

BUT ITS FRIENDS — AND it has many — look back over 52 years of New Haven High school well aware this may be the last year for a high school in the little settlement at the crossroads

of Routes 224 and 61.

The first high school class was graduated in 1905. Its members numbered four, Verna Hole, now Mrs. Joseph Waldhaus of Greenbush road; Della Lang, now Mrs. Cloyd Williams of Cleveland; Flossie Woodworth, now Mrs. Lewis Moon of Tiro, and Gil Long, Veterans' Administration hospital, Marion, Ind.

The building had been erected in 1898. E. A. Bell, returned Huron county school superintendent, came to New Haven in the fall of 1904. He was in charge of the first graduating class.

It was a three-year high school. The school board was comprised of S. F. Reed, president; S. N. Duffy, A. M. Richard, D. F. Dawson, O. S. Earnest and J. D. Sparks.

There were 20 pupils in 1905. One of them was Mrs. Will Duf-

fy, who started there in 1903. The class dissolved and there were no graduates in 1906. Another was Mrs. R. E. Van Wagner, who was graduated in 1910.

MISS JESSIE L. COLE JOINED the faculty in 1908. She retired in 1943 after teaching 35 years.

Her brother taught high school subjects before the charter was granted in 1902. Harold Dickinson, now dead, was the entire graduating class in 1908.

There were no graduating classes in 1906, '07, '09, '11 or '13. A first grade charter was obtained in 1921, about the time the addition to the old building was dedicated. There was no class that year, either.

BY 1940, THE GRADUATING class numbered 19. But it

began to turn downward then, and this year only a handful will receive diplomas.

Highlights of the schools service: dedication of the auditorium May 3, 1934, when 400 attended special dedication ceremonies; dedication of the home economics section, 1939; first trip to Washington, by Greyhound bus, 1939.

the

First Maximlite-Type School Undertaken In Ohio

A school is a monument. It is a monument to the pioneers of our great state who well knew a sound education is the firm foundation for a flourishing society. It is a monument to the present... to the hard-headed citizens who know that every dollar invested in education is money well spent. And it is a monument to the future. The boys and girls who learn here are our best hopes for tomorrow.

We hadn't looked at it quite this way until we'd finished the job. And the more we reflect on it, the prouder we are of our part in this fine job endeavoring to
