ARCHITECTS CONCEPTIO Nof what new armory will be like is shown here by 20th

## Bids for new armory to be opened Feb. 18

Bids will be received at 2 p.m. Feb. 18 by the U. S. Army Engineer district at Huntington, W. Va., for the 83x52 foot Army Engineer reserve armory to be erected in the Armbruster site in Sandusky street next spring.

The one story building will include two classrooms, a day room, office for the unit adviser, an administrative office, a heater room, two storage chambers and

lavatory and locker space for officers and enlisted men.

**THE ARMORY WILL BE** constructed 478 feet west of Sandusky street at the south edge of the building. North edge of the building will be 200 feet south of Plymouth East road.

**PLANS ARE REPORTED** for a future maintenance shop

Army Corps (Res.), Ft. Hays. Completion date is Nov. 15. Plans are in hands of bidders.

151 feet farther west and for an assembly hall between the two. It will measure 71 by 57 feet in size.

These buildings will not be constructed under the present contract.

Specifications call for the building to be constructed of brick-faced hollow brick masonry, built-up roofing supported on steel joists, concrete floor slabs,

gas-fired forced air heating system and air conditioning system.

The sum of \$1,500 has been allocated for landscaping.

**MINIMUM LABOR RATES** set by the Engineer district provide for a \$2.25 an hour bottom base, extending to \$3.75 an hour for tile setters, stone masons, and terrazzo workers. Average is about \$3 an hour.

## Caywood says he'll move store to Main street

Gerard W. (Jerry) Caywood will move his food market to 5 East Main street, in the Cashman building, he announced today.

J. Harold Cashman, proprietor of a shoe store in the premises, will liquidate his retail business over the next 40 days. He has rejoined Fate-Root-Heath Co. as bookkeeper, succeeding Miss Pearl Elder, who retired.

Mrs. J. Harris Postema is assisting in the store until the stock is sold.

Mr. Caywood plans extensive remodeling of the building to provide for an up-to-date, modern establishment. "We hope to be in business at the new location by the middle of March," he said today.

## DR. HEIBERT SUCCEDES

The Rev. Dr. F. B. Heibert, former Lutheran pastor here and at Shiloh (he was in charge here until the Shiloh church abandoned) died at Akron Jan. 25.

## Three avert injury as three cars collide in Rt. 61 near here

John F. Stambaugh, 240 East Main street, leaves for an extended trip through Africa today after narrowly escaping serious injury in a three-car collision in Route 61 Tuesday.

He is also somewhat lighter in the wallet after responding to a summons in Shelby's Municipal court for unsafe operation.

**STAMBAUGH WAS HEAD-ED** south in Route 61 at 9:15 a.m. Tuesday when he endeavored to overtake a meat truck. In doing so he collided with a north-bound vehicle driven by Philip Fry, 105 Walnut street, Shelby.

Impact of the collision threw the potato grower's car into the path of a sedan driven by Dr. Darrell B. Faust, Plymouth.

Stambaugh received lacerations of his lip and bruises of the left forearm.

Fry received abrasions of both knees and contusions of the nose. Neither was hospitalized.

Dr. Faust was not hurt. His car, the Stambaugh machine and the Fry vehicle were considerably damaged.

## Cub Scouts to meet in high school today

Cub Scout pack meeting today at 7 p.m. will be in the high school building, Cubmaster A. L. Paddock, Jr., announces.

"We're asking parents and boys to be prompt, because we have a first rate film program in keeping with the monthly theme of 'Modern Motion Pictures,'" he said.

## Grange dance planned

Round and square dancing will begin Saturday at 9 p.m. at Plymouth Grange hall, Route 9B. Bendle's Buddies, Shelby, will play. Public is invited to the dance and cake walk. Donations are \$1 a couple.

## Shiloh P-TA to serve

Shiloh Parent-Teachers association will serve a pancake and sausage supper in the high school gymnasium Feb. 8 from 5:30 to 7 p.m.

Serving will be home style.

## Honor roll omission cited

Name of Earl Lynch was inadvertently omitted by school officials from the list of honor roll pupils in Shiloh High school's 11th grade.

## Seniors Seek \$'s

However difficult it may be for their parents to alter ways and ideas, the Class of 1958 of Shiloh High school finds it's easy!

Now if they could only find the "change" — \$1,400 worth.

Here's how it happened: Class of 1958 of Huron Valley High school invited the senior class of Shiloh High school to join in its annual four-day trip to Washington, D. C.

**THERE WAS ONE CATCH** to it — the Shiloh group has to pay its own expenses.

And the treasury for such things is pretty low. So low, in fact, that when the treasurer counted it up, it's \$1,300 short.

Undaunted by time (there's only four months left) and the times (unemployment is increasing), the class of 19 boys and girls organized a work cooperative.

**THEY'LL BE AVAILABLE** for odd jobs and chores after school, some evenings and all day Saturdays.

## Warriors fall to T-W

Townsend-Wakeman whacked Huron Valley's Warriors in a Huron-Erie league game there Tuesday night, 64 to 55.

The Warriors entertain the second-place Tigers of Berlin Heights here tomorrow.

**ONLY A POINT BEHIND** at the half, the Warriors couldn't connect during the third period, when they hit only three of 17 shots from the floor, and fell 11 in arrears when the final quarter began.

Motolik, Rough Rider guard, was hot in the last half, scored 21 for the night. Ted Fox and Mickey Hampton each had 15 for the losers.

## HUBERT MARTIN HURT

Hubert Martin, 81 Sandusky street, fell in Railroad street early Wednesday, fracturing his hip. He was removed to the Willard Municipal hospital by ambulance.

## Two girls admit theft in Shiloh

The two under age girls who allegedly stole a car belonging to Grover Pickelshofer of Willard have confessed thefts of clothing and money from a Shiloh home.

Mrs. Betty Ramey discovered Jan. 16 when she returned from work that a watch, train case, cosmetics, perfume and some clothing in addition to a sum of money were missing.

**SHE INQUIRED OF HER** daughter, Linda, if she had visited, since a neighbor reported having seen the two girls leave the house at 9:30 a.m.

Since the girls promised to repay the money and return the other items, Mrs. Ramey refused to file charges.

## Petition deadline set for Wednesday, candidates pushing

With petitions due to be filed Wednesday at 4 p.m., more candidates have come forward to test their strength in the primary election in May.

At last count, there were 10 in the running for the Democratic nomination for governor. Last one: Michael D. Salle, Toledo lawyer, who was defeated by incumbent C. William O'Neill in 1955.

## LOCALLY, THEODORE

Lutz, prosecutor of the common pleas of Richland county, who has been debating at some length and with much heat the question of a budget for his office, has announced he wants the GOP nomination for probate judge. He will compete with Lydon H. Beam, Mansfield attorney. Incumbent Charles H. Freehafer, a Democrat, will file again.

Howard T. Chapin, Edwards road, Olena, has thrown his hat into the ring for Huron county commissioner. He will contest the GOP nomination with O. W. (Bill) Leech, New London incumbent.

R. B. Bliss, ex-deputy sheriff of Richland county, is a candidate for sheriff, subject to the approval of Democratic voters.

In last week's Advertiser, it was erroneously stated a candidate Harry V. Jump of Willard, a sprig for a second term as Huron county's representative in the General Assembly, is a product of Ohio Northern university. He is a graduate of Bluffton college.

## Shiloh would oppose transfer, Firestone says

Shiloh will oppose any scheme to transfer Plymouth school district to Huron county jurisdiction, the Board of Education was told Jan. 22.

Arlo W. Firestone — Mr. Shiloh's many and spokesman for Shiloh elements seeking a sensible and calm solution to school problems — appeared at a special meeting of the board and urged selection of a new school site between Plymouth and Shiloh.

**HE SAID SHILOH'S** would oppose, but just how vigorously he did not estimate, any plan to circulate initiative petitions calling for a vote on the proposal. Presumably they would also oppose the plan at the polls in November.

That the scheme is also finding divided sentiment among the business community of the villages became increasingly apparent late week.

Some who had loudly proclaimed disappointment with the decision of the state supreme court setting aside the transfer to Huron county and the subsequent consolidation were changing their

opinion. **CONSENSUS OF THEIR RE-**marks: "After all that's happened, let's leave things as they are and see if Plymouth and Shiloh can't go it alone."

Whether this attitude was having any effect on the board of education certainly had no manifestation at the meeting. One board member said privately he didn't think the patrons of the Plymouth district ought to knuckle under to economic pressure, whether expressed or implied.

What was clear is that some Shiloh problems are as complicated as ever. And it became increasingly evident that settlement of the financial problems, conflicting bids, and other fiscal matters will take a long time.

The long-standing question of paying for a school bus used at Shiloh was debated.

The bus was delivered Oct. 16 to the Iroquois district. Iroquois couldn't pay for the 54-passenger vehicle. The Shiloh board had sanctioned its purchase, since it was under pressure of the state highway patrol, which had found its predecessor unsafe.

The bus cost \$5,300, 75 per cent of which cost was to be paid by the state.

**BECAUSE OF FINANCIAL** and administrative complications, the Shiloh board agreed to lease it for the rest of the school year. Prosecutor Theodore Lutz was to draw up the lease, calling for a payment of \$1,500 for the five-month period. It was never delivered.

The \$1,500 was to be applied to the purchase price and no charge was to be made for use of the bus during October, November and December.

The bids for the vehicle will be rechecked to be certain there's no further loophole.

Sale of the \$25,000 in bonds to pay for the school annex at Shiloh will be re-advertised.

**THE SELF-APPOINTED** watchdog committee of Milton Lynch and his wife here inquired how the bids would be advertised. He said he has friends in Shelby who are interested in bidding.

Harry Aumend received approval to take a two-week vacation. His replacement will be G. W. Cheesman.

A new contract for Supt. M. J. Coon, calling for \$7,500 annually plus \$300 expense and travel money was approved. So was another for Mrs. Kenneth Myers, his secretary, who is also assistant clerk, at \$3,250.

Office space for them will be provided in the elementary center.

## Firemen heard 28 alarms in 1957

Plymouth Volunteer Fire department answered 28 alarms during 1957, 11 of them in the village corporation.

Total losses amounted, Chief J. A. Morrison reports, to \$76,887.50, of which only \$12,500 was in the village.

Five calls in New Haven township amounted to losses of \$2,900. Ten calls in Plymouth township covered losses of \$61,487.50. There was one call to Crawford county on a mutual agreement contract and one to another Richland county township.

KNOW YOUR SCHOOL DISTRICT: these photos were taken in old Huron Valley school district with emphasis on New Haven township. Free quart of ice cream for first identification mailed to the editor at Box 488, Plymouth.

# \$700,000 question: shall schools merge at Willard?

Should this farm, belonging all save the buildings and about an acre of land surrounding to the Willard Baxters, be transferred to the Huron Valley local school district to the Willard exempted village district?

That's the hottest question of the day in New Haven township these days.

**THE BAXTER FARM**, which was purchased from her parents and whose buildings are occupied by the Glenn Rangs as renters, isn't the only farm whose school districting would be changed.

Initiators of the petitions are interested in the whole ball of wax.

Dale Osborn, formerly a mem-

ber of the New Haven board of education, and Howard Cummings are the steersman for the petition in the New Haven section of the new Huron Valley district. Junior Thomas is steersman for Richmond district and the James Pemberton are doing the job in Greenfield.

**WHAT THEY'RE FRANKLY** seeking is 75 per cent elector support (that is, 75 per cent of those who went to the voting booth in the last election) to force transfer without submission to the electorate at a later time.

Under Ohio's new school laws, this can be done in districts where there is no local high school.

If 55 per cent of the electors can be induced to sign the peti-

tion, the Huron county board of education is required to put the issue on the ballot.

**THOSE WHO ARGUE IN** favor of annexation of Huron Valley district to Willard predicate their reasoning on three factors—education at Willard would be cheaper, the problem of enough space would be solved sooner, and the system would be larger and therefore offer more opportunities to pupils.

That larger, richer system offers more opportunities to pupils is something that the Willard Baxters are acutely aware of right now. Their 19-year-old son, David, is a student in Ohio State university's college of agriculture. He's taking a chemistry course,

required in his field, for which he's had no preparation. Why? New Haven High school didn't offer it.

To the cheaper argument, some school authorities were circulating this week a table showing figures extracted from county auditors' records.

Example: Huron Valley-Willard consolidation, tax valuation, \$18,280,366; present indebtedness, \$1,009,979; maximum legal additional bonded indebtedness permitted if electorate approves nine per cent, \$635,252; present operating levy, 19.90 mills; present debt levy, 4.40 mills; estimated new school tax if consolidation were effected, 22.30 mills; estimated school enrollment, 2,107.

**SECOND EXAMPLE:** Huron Valley-Plymouth consolidation, tax valuation, \$14,842,473; present bonded indebtedness, \$565,000; maximum additional legal bonded indebtedness permitted if electorate approves nine per cent, \$769,817; present operating levy, 13.40 mills; present debt levy, 3.10; estimated new school tax if consolidation were effected, 20.80 mills; estimated school enrollment, 1,748.

The interposing of the two together in this way is intended, obviously, to show that a Huron Valley-Plymouth consolidation, dollar-wise, is a better deal.

But to the argument of Huron Valley patrons that a new building would be a long time in coming, the proponents of the Huron Valley-Plymouth consolidation haven't much to offer.

**THEY ADMIT — THEY'RE** got to — that if a consolidation is effected, it can't take place before July 1, 1959. If a bond issue is successful thereafter — and there is always the possibility of question of sale — the ground could be broken in the spring of 1960 and the pupils could enter and use the building another year later, in 1961.

What the New Haven and Richmond and Greenfield patrons are looking for, one of them said Saturday, is "a little more leadership out of Plymouth. We'd be satisfied to go along with the way it was, even with the delay, if the Plymouth people would say what they want and stick their necks out and work hard to get it. This has been muddled up long enough. The consolidation should have been done 15 years ago. But now is not the time to throw mud. How is the time to pull together, bury our hard feelings, and work for a new and better school. It's not the voters who're suffering, it's the kids."

As an epitaph for good citizenship, that statement is kind of hard to beat.

## Cockshutt shows newest tractor

The new "Power-diff" Cockshutt tractor went on display yesterday at Attica Farmer's Exchange. Cockshutt machinery dealer for this area.

Two years of testing the new tractor under severe desert conditions and \$1 million in research have gone into the development of this ultra modern tractor by Cockshutt Farm Equipment Ltd. Brantford, Canada.

**CALLED THE "WORLD'S"** newest tractor," the Cockshutt line incorporates advance rugged design; a new engine and transmission; an automatic in rear transfer; new hydraulic draft and depth control; and new comfort and convenience for the operator.

Farmers are invited to visit this Cockshutt dealer to test drive the new tractor and arrange for an on-the-farm demonstration.

## Guy Hummon to speak

Guy Hummon, former Huron county agent who has recently spent two years in India as a representative of the Technical Cooperation Mission, will speak at North Fairfield Orange hall Thursday at 8 p.m.

Mr. Hummon will present a slide story of the Technical Cooperation Mission program sponsored by the federal government in India. The problems encountered in developing the agricultural areas by the use of modern seeds and equipment will be given in this illustrated story. Mr. Hummon has pioneered with the problem of planting corn in rows, the use of hybrid seed corn, and other cultural practices during his two-year stay in India.

Jesus loves me  
...this I know

I still remember the happy words, and the easy tune. It was the first hymn I ever learned. More important, I remember the certainty with which I sang "This I know!" That was faith... My faith, firm... undoubting. Have I outgrown that faith? No! But I have grown out from it. The ever widening circle of experience has been drawing me away from the Center of life. And when I heard little Janey sing... ing her happy hymn just as I once sang... I knew it was time to get back to the Real, the Unchanging. And I've found that the Church is the one place in all this world where a man's heart—free of dread, fear, uncertainty—can sing "THIS I KNOW!"

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his community and nation. (3) For his moral and spiritual well-being, which needs his moral and spiritual support. (4) To go to church regularly is to read your Bible daily.

# A continuing discussion: Educational artifice

Last week we suggested four principal developments in connection with the current muddle.

We ended up by posing the solution: whether the present Huron Valley district should ask to be transferred to Richland county or whether the present Plymouth district should ask to be transferred to Huron county.

It would probably be more practical, from a political standpoint, to propose that Plymouth school district should go into Huron county, for these reasons:

1. It has been there before. Not legally, perhaps, but functionally it was in Huron county (and so was the old Shiloh district). And it got along well. Perhaps better than it ever had before.

2. A large number of patrons of the district are sensitive to the facilities offered by Huron county, do not find them distasteful, and are aroused to the desirability of some forceful move. It would be more difficult, JUST NOW, at any rate, to induce Huron Valley district to transfer to Richland county.

3. That the school system should fall within the jurisdiction of another county has absolutely no effect — neither legal nor moral nor political nor practical — upon the geographic, political or customary boundaries or habits of the district. The payment of tax revenues is accomplished by an administrative maneuver that does not affect the taxpayer in any way.

Elsewhere today, there appear two discussions of important issues which bear upon the consolidation.

One of them is whether the present Huron Valley district should ask to be annexed to Willard exempted village district.

It doesn't make sense, to us, at least, that patrons of that district should want to join what amounts

to a city district in the face of demonstrated higher cost, less ability to finance their own way, and the disadvantages of essentially rural boys and girls undertaking what is essentially a city system of education.

Another is the issue posed by Richland County Superintendent Kinney. He argues that the present Plymouth district would be better off to remain alone, needing nearly \$360,000 in state aid, than to combine with Huron Valley, needing only \$170,000.

For our part, we would feel the state board of education extremely remiss in its duties if it granted a \$360,000 chunk of taxpayers' money to a district that, by simple crossing of a county line, could do the same job for only \$170,000 of the same money.

In view of these facts, we believe that initiative petitions should be undertaken to submit to the electors of the Plymouth school district in the next general election a proposal that Plymouth district be transferred to Huron county.

We hope that all citizens of good will, with the sincere interest of our boys and girls at heart, will join with us in this move, wherever they may live in the district. The problems of each of us are the problems of all of us. The only way to solve them is to work together.

Members of the Plymouth Board of Education are available at the telephones indicated. Give them your views on this matter.

But here's a summary of what's in it, for those who don't care to go to the public library and obtain the verbatim copy from Mrs. Shafer:

63 documented cases of serious defense secrecy under the president's executive order No. 10-501.

30 documented general departmental summaries of administrative secrecy in the federal executive government, on the grounds "it would be embarrassing to us if the public knew."

IN ITS RECOMMENDATIONS, THE COMMITTEE says "if secrecy is permitted to be expanded during the next 25 years as it has developed in the past 25, freedom of speech, freedom of the press and all other American freedoms are certain to be irreparably damaged."

Nobody knows better than Phineas Whittleseed that freedom of the press and freedom of speech are violated on the local and community level just as much as the state and federal level.

Think it over when you go to vote the next time. The question you have to ponder is this: is a whole party responsible for the conduct of the executive affairs of a government which it controls?

**FREEDOM IS LIKE VIRGINITY: EITHER you have it or you don't. Nothing less than the absolute meets the name.**

The public has long insisted on its right to know, except where the information reflects upon specific members thereof. Then the specific members kick like a wounded steer.

This double standard has got to stop. We're trying to do our part. What do you think?

**A TAXPAYER IS A GUY WHO ISN'T REQUIRED to take a civil service exam to work for the government.**

## Depot closing sets movers in motion as residents go

Closing of operations at Shelby Air Force depot is resulting in moves by the dozen.

The Joseph Pasqualis have left for Perry, Ga. The Lincoln Spowless will occupy the house which they vacated at 40 North street.

The Samuel Schroeders are en route to Warner-Robbins, Ga. The quarters they vacated at 109 Trux street will be occupied by the Frederick Kennels.

**MRS. COURT MORSE**, after a farm sale, will occupy her home at 25 Mills avenue, displacing the Toy Pattons, who will move to the Smith house in East High street.

Nevin Border will vacate his farmstead and occupy the Barnes house adjacent to his market in Trux street.

John J. Evans, Jr., has been transferred to Middletown, Pa., and will move his family from 114 West High street.

Delbert York will retire from the federal service and move to Shelby to enter the mutual investment fund business. He will move from West Broadway to Mansfield avenue, Shelby.

## American U. Attracts Student and Tourist to Campus in Beirut

American educational methods have long been practiced overseas, but in no area have they been more successful than in the Middle East. In the countries of the Arab World there are fourteen colleges and schools operated and financed by Americans. The colleges have an influence far beyond the borders of the nations in which they are located, because young people from all over the region come to learn and return home with new ideas and concepts into their own societies.

The best known of the American institutions is the American University of Beirut in Lebanon. Founded in 1868 in a rented stone house as the Syrian Protestant College by American missionaries, the school had a great effect in stimulating Arab minds from the start. With Christian spirit, A. U. B. has never tried to proselyte its students. As the institution has grown through the years (it became a university in 1920) it has become the largest American educational plant outside the continental limits of the country.

The first addition to a liberal arts and sciences curriculum was a School of Medicine, established in 1887. Schools of Nursing, Pharmacy, and Commerce soon followed home, and the School of Engineering and the School of Agriculture were started. Enrollment today numbers more than 3,000 young men and women from 81 countries and twenty different religious sects. To care for them and a faculty of 359, the little stone house has been replaced by fifty buildings, on a seventy-acre campus at the western end of Beirut.

International College, whose campus adjoins A. U. B., is affiliated with the university and serves as its preparatory school. This institution has an elementary division, which prepares young people for a Lebanese certificate, a preparatory division, which prepares for the Lebanese government entrance and entrance into the freshman class of A. U. B. Almost 1,400 students are currently enrolled.

Syria has two institutions, Damascus College and Aleppo College. In Iraq are the Baghdad College for Boys and the American School for Girls.

With education on the march all through the Arab World, American institutions are an important leaven in an area where trained leadership is prized. The students of today will, in all probability, be the leaders of government and private enterprise tomorrow.

## the woman's side of it

by aunt Liz

This is that in-between time of the year. It is too early for Spring hats, and your old winter ones do not fit anymore. Women, again, are faced with an 'earth-moving' decision: to wear a sack or not to wear a sack.

There must be many tearing their hair out over such a decision. Think what it can do to the hinder-binder business. Think how unhappy some Hollywood characters must be. And think how it will cover up so much that you won't have to diet.

**THE BIRDS HAVE IT WAY** over us in so many ways. They merely have to worry about the weather. Robins are being sighted everywhere. Even the geese seem to be on the move. A flock was heard the other morning flying overhead.

Perhaps it was a pet we saw. Perhaps it was a stray wild one. But Sunday afternoon, there he was, just outside of the living room window. A huge beast standing in the next yard looking haughtily around. It was a shock, really, to see such a huge one and so unexpectedly. And with our young friend Raymond in hot pursuit.

**BUICKS WE CONSIDER** very "folksy". For years that was the kind of car we had at home. Even father can remember a picture taken of himself at the age of three leaning lovingly on a 1922 model. The fact that over 50,000 were sold in 1955 really makes it a family car. (Let us not hurt the feelings of some other cars we know of, we do not mean it this way). Now something has happened.

The advertising which made Buick what it is today - "Buick's the Buy," "Better Buy Buick," all these which hit home - is coming to an end. The Kuder agency, which handled the account for 23 years, will no longer make up the ads.

It is a sad parting for many.

Kudner built up sales to the point that Buick was right up there on top. What caused the change? In part, it was this: In the middle of the announcement of a prizefight championship on TV, Buick came forth with a commercial. That was upsetting to many fight fans, who protested loudly enough to the management. So many protests came forth that three days later, the general manager of Buick issued an official apology. Now we will see what will happen. But we will still go on loving Buicks in our heart.

**EVERYONE HAS HIS UPS** and downs. The best way to get on the upward path is food. I like to eat, and assume everyone else does. This is soup time. Housewives serve over 150,000,000 gallons of it a year. It is considered by food experts the most relaxing and soothing of all foods. Some days it may be served to open a can, heat it, and serve it. But when there is time, there is nothing like a pot of the homemade.

Chop two large beets, enough cabbage for one cup, and two medium sized onions. Cook all three in a quart of consommé. Here you may cheat a little, and use the canned type. When the vegetables are tender, your soup is ready. It may be necessary to add a little water as it cooks to assure enough liquid. If you would like to call it Russian Bortsch, then you must add a tablespoon of sour cream. It is substantial and warms you all the way down. Also it is healthful.

**PICKING A HEALTHY PUPPY**  
by Dr. E. M. Gildow  
Director, Kristine Research Kennels

When you set out to buy that Christmas puppy, it's almost impossible to predict what that little guy will look like when he grows up. But if you've raised a dog from puphood you'll love him whether or not he's a raving beauty.

If you want to know what he will look like when full grown, buy a purebred dog which will conform to his breed's standard.

It's also difficult to tell what the state of his health will be. By close examination, though, you can tell something about his immediate health. Have the pup's temperature taken in your presence. If it's above 102° there's something wrong. If it's below 99° something is wrong if his eyes are none run, or if he coughs or has diarrhea. If he's generally listless and dull-eyed, try not to fall for him out of pity, as he's not in the pink of condition.

If he has patches on his coat it may mean mange, ring-worm or eczema. If he has a rash on his tummy or the insides of his legs, he may have eczema or one of the virus diseases of dogs.

If his legs are misshapen and he is tender on his feet he may have rickets.

The inside of the ears should be clean and smooth and free of inflammation. Teeth should be white and the gums clean and firm.

If his tummy is abnormally large, especially if the hair coat is dull, it may indicate worms.

**Feeding Tips:** All puppies need vitamin D for the sake of good strong teeth. By feeding your puppy a top-quality prepared dog food, such as Friskies, you're certain he's getting his needed quota of this important vitamin.

Farming is the most dangerous of all major industries, based on the total number of accidental deaths, reports the National Safety Council.

### Miss Cunningham chooses her sister

Miss Carol Jo Cunningham, who will become the bride of Arthur Brooks Friday, has chosen her sister, Mrs. Robert Briggs of Marion, as her matron of honor.

The young couple will exchange marriage vows before the Rev. Moss Rutan at 7:30 p.m. in the First Presbyterian church. A half hour of organ music will precede the ceremony.

Miss Patricia Young and Miss Patricia Chronister will be Miss Cunningham's bridesmaids. Mr. Brooks has chosen the bride-to-be's brother, James D. Cunningham, as his best man.

The custom of open church will be observed for the ceremony.

Friday night Miss Chronister and Miss Ruth Keith entertained in honor of Miss Cunningham at a bridal shower at the Chronister home.

### Miss Jackson wed in Nevada chapel

Woe Kirk O' the Heather chapel, Las Vegas, Nev., was the scene of the wedding of Monnie Lynne Jackson and Warren Spooner Jan. 8.

The Rev. James A. Herdon performed the ceremony.

The new Mrs. Spooner is the daughter of the I. E. Jacksons of 13855 Terra Bella, Pacoima, Cal., former Plymouth residents. Mr. Spooner's parents are Mr. and Mrs. Warren Spooner, Sr., Pacoima.

The newlyweds will live in Panorama City. The bride attended in San Fernando High school. So did her husband. He served four years in the Navy air force. He is now a department head of Panorama market in the San Fernando valley.

### Personal notes

Mr. and Mrs. William Miller and Mr. and Mrs. Roger Miller spent several days this week in Pittsburgh, Pa.

Mr. and Mrs. William S. Griffiths were dinner guests of the Evan LaFollettes Sunday night.

## Mrs. Plymouth test set at Shelby Mar. 10

Plymouth homemakers were invited today to enter the 20th annual "Mrs. America" contest, sponsored locally by the Ohio Fuel Gas Co.

The contest will seek a housewife for honors as the nation's leading homemaker of 1958.

Neil McCaron, local manager for Ohio Fuel, announced that entry blanks for the \$10,000, nationwide contest will be available, starting Monday, at the local gas company office, 33 East Main street, Shelby. All entries must be filed by Mar. 10, he said.

**THE "MRS. AMERICA"** contest is open to all married women over 21 years of age. Winners will be chosen at local, division, district, state, and national levels. Contestants are judged at

each level on their homemaking ability, personality and poise, character, grooming, and community activities.

Last year, Mrs. Jacqueline Lovelace, 30 East Gaylord street, Shelby, won the local contest and advanced to the district finals in Mansfield.

"Judges will be looking primarily for the contestant's skill as a homemaker," McCaron said. "A well-groomed appearance is a factor, but the event is not a beauty contest," he emphasized.

"A Mrs. Plymouth" will be selected the week of Mar. 10. She will advance to the division contest in Shelby.

### Girl Scouts lose leader personnel as depot closes

Liquidation of operations at Wilkins Air Force station, Shelby, puts a squeeze on everybody, but hardly anywhere so strongly as with the Girl Scout movement locally.

Mrs. Samuel G. Schroeder, who served as president of the Plymouth council for a year, will shortly move to Warner-Robbins, Ga., to which post her husband is being sent.

Mrs. William S. Griffiths, a council member and leader, will also leave Feb. 1, probably to Georgia.

In Shiloh, Mrs. Harold Russell, neighborhood chairman, is leaving. She is succeeded by Mrs. Thomas Nuhfer.

### Shiloh Grange plans annual booster night

Shiloh Community Grange will have its annual booster night Wednesday at the Grange hall, starting at 8:30 p.m.

Master George Dick urges all members to be present. The public is invited. Program will be under the direction of Mrs. Carl Dill.

### BROWNIE NOTES —

Fourth grade Brownies heard the story of Juliette Love, founder of the Girl Scout organization, Monday afternoon.

Dues were collected during a short business meeting. Remainder of the hour was devoted to singing.

### from Shiloh —

Mr. and Mrs. Ed Bibby of Toledo were recent weekend guests in the home of Mr. and Mrs. Alonzo Johnson in Pettit street.

Cass township trustees Leo Daup and Ray Kirkendall and Bloominggrove township trustees Floyd Williams, Dewey Hamman and Woodrow Huston attended the state convention of Ohio township trustees and clerks in Columbus last week.

### McBride farm sold

The 115½ acre farm of the late Arthur McBride in the Shiloh-Norwalk road was sold at administrator's sale last Saturday to a Mrs. Snodgrass of Mansfield.

Eight Plymouth Boy Scouts and 13 Shilohans received awards as the court of honor staged by Shelby district. Johnny Appleseed council Jan-24.

Plymouth Scouts who received merit badges were Paul Buckingham, James Fetters, Tom Gary, Earl Hankammer, James Markley, Roger McQuown, James Penrose and Ben Root.

**SHILOHANS WHO RECEIVED** merit badges were Richard Bookwalter, Robert Bushley, Gary Fletcher, Carey Foster, Philip Fletcher, Melvin Hughes, Charles Huston, David Huston, Wayne Kessler and Dan Springston.

First class badges were presented to Gary Stoops and David and Charles Huston, Shiloh Troop 1. Second class badges went to Allen Kendig and Charles Porter, same troop.

Reported price was \$21,000.

### Shiloh Legion sets farewell dance

Garrett-Riest Post 503, American Legion, is holding a dance for members and guests in the Legion hall Saturday evening.

This will be a farewell party for two departing officers, Commander Joe Wittich and Adjutant

### If she looks OK, it's time to go, says ex-Shilohan

A Shilohan who has served the Cincinnati police department for nearly a quarter of a century as a detective has some good advice for visitors to the big city.

"Beware of friendly strangers," says Floyd Niswanger, detective of the Cincinnati force. "Avoid gambling. Watch out for doped drinks."

"In an address to the Louisville, Ky., Rotary club, Niswanger said: "When going to a tavern, find the ugliest woman in the place. Sit down with her and have a couple of drinks. When she starts looking good, go home — you've had it!"

## Kinney's views on school issues

FROM PAGE ONE  
Jan. 22. The Richland county super-

intendent was obviously making a pitch for retention of the district in his county. He concluded his letter thus: "... the Plymouth district possesses the financial resources to provide a satisfactory educational program . . . the rapidity of progress in this direction depends on the

efficiency of organization adopted by the board and the success attained by the sincere efforts of all persons concerned (board and patrons alike) to build a better public understanding of school problems and harmonious relationships within the district." (emphasis supplied).
