

Union Grange vies for national honors

Union Grange of Richland county is making a strong bid for national first prize of \$10,000 in the National Grange-Sears' Roebuck Foundation community service contest and will be visited by national judges early this month.

Nine other granges over the nation which placed first in their state will likewise be visited—granges in Nebraska, Texas, Connecticut, Pennsylvania, West Virginia, Colorado, Tennessee, Oregon and Montana.

John Hartz, Shelby route 1, is master of Union Grange. His community service chairman is Byron Bricker, Shelby route 1. These leaders stimulated 339 of the 385 members plus some 300 non-members to work on a vast array of services from free square dances twice a month in the grange hall during the fall and winter to hosting 47 foreign editors for a week in their homes. In between these ex-

Three families move

Mr. and Mrs. Monroe Van Wagner have purchased the Cornell property at West Broadway and Park avenue.

The Lanus property in Plymouth street has been sold to Mr. and Mrs. G. Thomas Moore who plan to move into it soon. The Fred Backenstos have moved to the Stoodt property in Route 98 and the Thomas Oneys have moved to Shiloh.

Chest goal boosted by 12.2% to \$3,425

A goal of \$3,425, 12.2 per cent more than last year, is set for Plymouth Community chest's third campaign for public support Oct. 15 through 31. The funds sought will, it is received, be distributed thus:

Girl Scouts	\$100
Boy Scouts	\$400
Cub Scouts	\$100
Salvation Army	\$500
Red Cross	\$800
Plymouth Branch library	\$175
High school band	\$400
JayCee Heart fund	\$400
American Cancer society	\$400
Mary Fate park	\$100
Plymouth Midget league	\$250

tremes are numerous activities in civil defense, adoption of a Korean and an Indian orphan, \$1,000 given to a new hospital, soil testing program, a business-agriculture tour for better town and country understanding which involved 53 cars, nearly 200 people, free meals, etc. The list could grow and grow—clean up campaign whereby 39 miles of roadside were cleaned, Christmas activities including a lighting contest, health and safety projects, scholarship and get-out-the-vote campaign.

New London Grange of Huron county took second place in Ohio, with emphasis on its new hall as a community center—a building with 5,012 square feet of floor space.

Three drivers fined by Willard's mayor

Plymouth drivers have been paying in Willard mayor's court.

Denver Taylor paid \$15 on conviction of driving on the wrong side of Route 298.

Earl Gregg forfeited bond of \$15 on a charge of failure to yield the right of way.

Richard H. Fidler paid \$28.20 and was ordered not to drive in Willard for two months on conviction of a charge of reckless operation of his car in West Maple street, Willard.

Duty of finding new leaders given to Mrs. Holderby

Mrs. Powell Holderby has been appointed troop organizer by Mrs. Kenneth Echeberrry, Plymouth Girl Scout Neighborhood chairman.

Assistant leader of Troop 196 last year, Mrs. Holderby will find co-leaders for three troops.

Mrs. Stanley E. Condon and Mrs. Quentin Ream will lead third grade Brownies, Troop 302, beginning Oct. 15 in the elementary school.

Prospective second grade Brownies will meet Oct. 14 in the elementary school to organize their troop. Each girl who attends must be accompanied by her mother or guardian.

Sixth grade Girl Scouts will begin their meetings within the next few weeks with Mrs. Gerald W. Caywood and Mrs. Lawrence Hampton as co-leaders.

An organizational meeting of leaders and troop committees will be held Oct. 22 at 8 p. m. in the Presbyterian church.

Scott Bisline dies at North Fairfield

Formerly stationery engineer in the village water works, Winfield Scott Bisline, 90, died at his home in Penn road, North Fairfield route 1, Monday evening.

Lately he was a farmer before he retired about a dozen years ago.

His wife, Alice, died in 1921. A daughter, Mrs. Mildred Seidel, and a son, Paul, both of North Fairfield, and a sister, Mrs. Charles Barr, Plymouth, survive. So do three grandchildren and eight great-grandchildren.

The Rev. P. J. Garcia will conduct last rites today at 2 p.m. from the Kuback-Smith Funeral home, Norwalk. Burial will be in Greenlawn cemetery here.

Miss Oney dies at 91

Sister of William Oney of this place, Peggy M. Oney died Monday night on her 91st birthday in Houston Nursing home, New London.

UNLESS NEW BOND ISSUE IS APPROVED —

Half-day school session feared

Half-day sessions in some classes of the senior and junior high schools may be necessary next year, Supt. M. J. Coon said yesterday.

At Plymouth High school every room is in use every period of the day, with one class being held during the noon hour. A full noon schedule will probably be necessary during 1960-61. The upper three grades have an enrollment of 253 this year. Next year 261 students will attend the high school building. Driver education is being held in a basement storage room at Plymouth Elementary school. Plymouth High school can

comfortably accommodate only 200 pupils.

Conditions are much more crowded at Shiloh, Coon said. Music classes are being held in the bus garage. One class meets daily in the gymnasium. Library and arrangements are being made to have speech therapy in a temporary room constructed in the hall on the second floor. Indications are that next year's first grade will be larger, while the sixth grade going into junior high school will be 23 greater than the class leaving. This demands one more class room each period of the day.

"All of this adds up to the

possibility of splitting the upper four grades into two sections with each section attending school, similar to the plan being used at Mansfield," Coon said. This would give sufficient room for the seventh and eighth grades in the junior high school at Shiloh.

"We are now three years behind on our building program," Coon added. "Passage of the November bond issue will make sufficient room available by the fall of 1961. Further delay will cause extreme interruption in the upper six grades educational program after that date."

AT ONE-LANE BRIDGE IN RT. 598 —

Risner boy, 21, dies in head-on crash

A 21-year-old New Haven youth was killed and a 26-year-old Willard housewife seriously injured at 2:40 a.m. Sunday when their cars collided on the narrow bridge in Route 598 north of New Haven.

Edward Risner, son of the Tilden Risners and brother of Paul D. Risner of this place, was killed instantly when his Buick struck the Ford operated by Mrs. Earl Bauer, Willard route 1, headed north.

State highway patrolmen said Mrs. Bauer, nee Betty Kaylor of Shiloh, had left a New Haven tavern and was driving north toward her family home in Route 61 north of New Haven when the collision occurred.

She was taken to Willard Municipal hospital, where she aborted. A mangled leg, broken ankles and severe internal injuries caused hospital authorities to list her condition as "fair".

Risner, a graduate of New Haven High school, is also survived by a brother, Arnold, at home, and another, Don, in the Army in Germany. His maternal grandmother, Mrs. Flora Patrick, Willard, also survives.

A funeral service was conducted yesterday at 2 p. m. from the Secor Funeral home in Willard.

Three hurt in crash at Stoodt's corners

Three were hurt, two seriously, in a collision at Route 98 and Fenner road Sept. 23.

Arthur Socin, 62, Bucyrus, kin of Mrs. Fred Lewis of this place, driving a Cadillac, collided with a Ford operated by Mrs. Rosella Stewart, 45, Minnie, Ky., who was summoned on a charge of failing to observe a stop sign.

Socin received fractured ribs and shock and was admitted to Shelby Memorial hospital.

Kennis Martin, 25, Minnie, Ky., received multiple facial lacerations and abrasions. He also was admitted for treatment.

The collision occurred at 4:45 p.m.

COST OF JUSTICE GOING UP —

Sheriff called to deal with Sexton, Bivins again

In years to come, Huron county sheriff's deputies may be telling their grandchildren about "when I went after Sexton and Bivins."

There'll be no dearth of yarns, either.

Latest in the series took place last week when:

1. Deputies arrested Donald Sexton, Plymouth, on a warrant issued by the Huron county juvenile court, charging he contributed to the neglect and delinquency of his minor children.

2. Deputies were summoned to the Peek-a-Boo inn at New Haven to hear Raymond Bivins, 42, Maple Ridge road, the very same fellow who spirited Sexton's wife off to Pennsylvania for several days, say he'd been assaulted by unknown robbers in the tavern's parking lot.

Bivins said the assault occurred at 2 a.m. Saturday. Deputy John Borgia was cruising New Haven township, stopped at the tavern to speak with the manager, heard a door slam, investigated to find Bivins removing a cloth belt from his neck.

Bivins said he'd been attacked by two men. He said they rifled his pockets, took his wallet and important papers.

Borgia within 45 minutes had arrested Robert D. Wicker, 21, Base Line road, at a service station. He said the belt which Bivins wore about his neck matched the trousers of Wicker, but Wicker wasn't having any. He said he had nothing to do with the robbery.

Wicker'll get a chance to plead his case in Huron county common pleas court.

Homecoming contest rated even; Miss Broderick chosen queen for day

It's even money and pick'em in Mary Fate park tomorrow night as Plymouth's Big Red — more red than big — meets the Pirates of Black River in an NCC contest at 8 o'clock.

For those who're attached to such things, it'll also be Plymouth's Homecoming, when some graduates of at least a year ago will come back for the student hoop-la that accompanies this annual ritual.

Judith Broderick, a lissome blonde, has been chosen queen. She'll be attended by Janet Barnes, Karen Moore and Linda Pitzen of the high school's three upper grades and by Marianne Akers, freshman.

Neither eleven has done much so far this season. Black River lost first to LaGrange and then to Westfield and stands at 0-2, even as its host. Coach Lew Petit was seeking to patch up a leaky defense that came apart in the fourth period Saturday at Berlin Heights and to rekindle the fire of his offense, which gained nearly 300 yards against mighty Vermilion but only 140 yards on the ground and in the air against inept Berlin Heights.

Defensively, he singled out Tommy Myers and Junior Sammons for superior performance Saturday. "On offense, there was nobody that was worth very much," the rotund mentor said Monday. "We'll have to do better Friday."

Black River is coached by Ron Mack, another Ashland

college graduate, who never played competitive football. He's assisted by Pat Gallagher, who played with Baldwin-Wallace's Yellow Jackets last season.

BILL BENFORD AND John Nagy are back from the stellar 1958 aggregation. So are Artie Weidrick, Warren Waltz and Rick Myers. Rusty Pifer is another holdover.

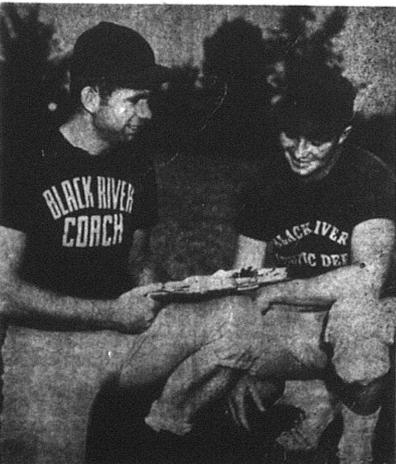

If Petit's crew intends to average the 42 to 6 walloping hung upon it by the Pirates last year, it'll have to show more spirit and cohesiveness — more will to win and will-

ingness to play sound football than have been its wont so far. In neither outing has the Big Red shown its supporters anything to be proud of. Attendance at Berlin Heights

Saturday showed this fact plainly.

Petit will probably start, offensively, anyway, Phil Stone at center, Dave Barbour and Phil Ramey at guards, Jay

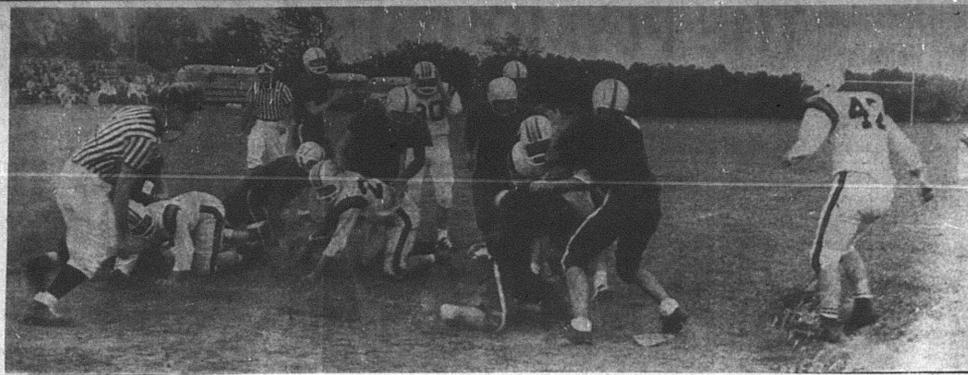

Baker and Dick Bookwalter at tackles, Doug McQuate and Dan Carter at ends, Billy Strine, Fate Christian, Dayton Reed and Duane Baker will comprise the backfield.

Coaches Ron Mack, Ashland college, and Pat Gallagher, Baldwin-Wallace grad, mastermind the Pirates. photos by al thomas

Here's a shopping hint for men and women: before you buy your auto insurance—for a better buy—check Nationwide first!

Yes, when you "shop around", you'll find there is a difference in rates, claims service and coverage afforded to you by various companies. But with Nationwide, you're sure of "top-dollar" value every time.

Nationwide rates are lower than most. Reduced operating costs permit extra savings... and these savings are passed on to you in the form of low rates. Claims service is tops... in fact, 50% of all claims are paid in 24 hours and 66% in 72 hours! And, Nationwide policies are non-assessable... meet financial responsibility laws in every state.

That's why, before you buy your auto insurance—for a better buy—it pays to check Nationwide first!

Sincerely yours,

This week I have the honks. Pop says I honk like an old goose headed for a feeding ground.

The doctor's wife looked in my throat and tested my heat. She said I wasn't hot enough to worry and that my throat wasn't swollen. So there is absolutely no reason for me to honk.

But I honk just the same. Pop explained it to me by telling me the story of the bumblebee. Pop says the air-bplane experts insist a bumblebee doesn't have enough wing span or spread or something to be able to fly and mechanically he can't fly. But he does fly.

I think what he is trying to do is hand me a little sermon. Boy, is he great for sermons. Sometimes I think he ought to be a minister. (Ed. Note: Dear child, he would if he could lipit his ministry to Sundays.) Mom says he's the does his preaching on Thursdays same as a minister only he days.

That's the day the paper comes out. He feels badly when he doesn't have an editorial in it. I tried to tell him this column is the most important part of the paper and he ought not to worry about not having an editorial in it.

But when I checked up I found out why he worries. When people buy a copy at the restaurant or the drug store, the first thing they look for is that editorial. I guess they want to see who it is Pop is lambasting this week.

Well, he's not that bad (Ed. Note: Thank you, dear). He sometimes says nice things about people.

Even me. The last time I was so happy about it I sang him the song I was learning. It was "Jesus Loves Me".

LETTERS TO THE EDITOR

Sir: Last Thursday there was a meeting at Plymouth High school to organize the Booster club from the Plymouth and Shiloh communities, to boost interest in the Red sports program and to help raise money to support these programs.

Last year, the Booster club was started on Sept. 15 at the gymnasium, with 25 persons who were interested attending. By the time the Oct. 27 meeting came around, there were 13 members present. On Feb. 23 a meeting was held in Shiloh with five members present. With these five members (and once in a while a couple of others showed up) the Booster club carried on.

Considering that there were 360 membership tickets sold for the 1958-59 season, and that only five and sometimes seven turned up for meetings, you'd think that more parents would like to help out their children, to give them a chance to play some sport while in high school.

First comes the education, then the sports, but by the way the school boards are being fought, they don't care about the education, or the sports, or their children.

Last year the Boosters raised \$1,000 for the bleachers that were added to the gymnasium. The PHSAA assumed the bleacher project with the Booster club's help. The club held a membership drive to start out the year. An independent basketball tourney was held during Christmas vaca-

THE VOICE OF THE ADVERTISER

Now it's time to do something

The special meeting of the Plymouth Board of Education set for Tuesday night should have attracted a substantial attendance.

We were disappointed that it didn't but then, we've been disappointed before. Too many times to make it funny.

It'd have been nice to report this week that representative citizens of the whole district inspected the plans and expressed their unqualified approval. We dared not hope for that.

We did hope that some ideas could be accepted and some others debated so that action can be taken well in advance of the point of no return — the date beyond which any changes can't be communicated to the electorate in time to be acted upon in the voting

booth.

Of course, the matter of site at Shiloh and the direction of the addition at Plymouth are of primary importance.

We hope the school board has a site chosen and is prepared to defend it. A dispute similar to that which transpired at the last election is something we can ill afford again.

Now is the time for level-headed patrons of the district to consider the problems of the whole district, to forget their animosities, whether justified or otherwise, toward the county superintendent, and to press ahead with the needs of education.

For our part, we make no bones about the fact we support the bond issue as we now understand it: a new

elementary center at Shiloh and an addition to the high school at Plymouth.

We are prepared to submerge our own sentiments as to how the addition should be built if it will mean approval of the bond issue by the electorate.

We bear no ill will toward anybody, although we continue to think we've every right — and justification — in doing so. We've taken more than our share of abuse. We did so unflinchingly because we believe in the need for better education.

We've had serious differences of opinion with some powers that be. So far as we're concerned, they're over with. We intend no further disagreements unless and until we see clear-

ly that somebody else's idea is inferior to ours.

It's a bit late for these plans to be discussed now; they should have been discussed a long time ago, and the board should have been about its rightful business of whooping up public support for its program.

Nevertheless, the program is essential and it's high time we put it into effect.

One way to show the whole world that we've grown up, all of us, is to attend meetings such as Tuesday's and to study carefully the plans of the board, to express our feelings politely and promptly, without rancor, and to bend our individual wills to the obvious need to improve our educational system.

Their father is a former Shiloh boy now at home in New Washington.

Letter to editor —

On Feb. 24 a basketball carnival was held. Two record hops were staged to finish out the year and attain the \$1,000 goal.

The 1959-60 season starts with a balance of \$39.12. Eight persons attended the first meeting. The balance of the bleacher debt, Mr. Coon reported, is \$1,029.13. He said the reserved seats for the basketball season should take care of this.

Three main projects were discussed for the coming season. They are an electric scoreboard for the football stadium, to equip and begin a junior

high football program, and to grade and blacktop the old tennis courts north of the high school so that two tennis courts and three basketball courts can be installed.

This could also be used as a parking lot for ball games. The Booster club would like to see more people at the meetings. If you can't make it or don't want to come to the meetings, at least turn out for the football and basketball games and help cheer for the Big Red teams.

Yours truly,
Kenneth Eichelberry

Miss Oney, from page 1

also survives. Miss Oney lived at 30 Washington street there. A funeral service will be conducted today at 10 a.m. at the Guinea Corners church. Burial will be in Maple Grove cemetery New Haven.

Berlin Heights thumps Big Red as Perkins scores three TD's

Berlin Heights' Tigers opened defense of their North Central conference championship there Saturday afternoon with a ragged 22 to 6 defeat of Plymouth.

It was less a matter of decisive action by the Tigers as lack of decisive action by the Big Red, certainly more red than big this forecast afternoon.

Despite the fact it left the field at halftime with a six-point deficit, Coach Lew Pettit's eleven could have and should have won this one.

The burly coach laid the blame to mistakes and inexperience were those of seasoned performers.

The mentor pointed to some errors in play calling, all of which was by the veteran Billy Strine. Thrice the Big Red had substantial gains nullified because Doug McQuate was either offside or not in position at end.

The Tigers broke open the scoring ledger in the second period, after a see-saw first quarter.

BOB PERKINS, WHO WAS to score all of the Tiger TD's, punched center for three yards after a drive of 61 from the home 39. Eugene Kelble rounded end for 36 yards for the big gainer in this series.

Early in the third canto, after taking the opening kickoff, Plymouth moved smartly from its 24 to pay dirt, with Dayton Reed turning the corner with a pitchout for 27 yards setting it up. Fate Christian, certainly the bellwether of the Big Red

attack these days, ploughed in with the score. Strine's attempt to convert by placement was no good.

Berlin Heights broke it open in the final quarter, during which the visitors put the ball in play only twice.

Butch Baker fumbled and a Tiger recovery set up the third TD.

BERLIN HEIGHTS STARTED the fourth quarter on the Big Red 30 after Perkins had torn off a 26-yard gainer up the right side. Kilbride, Burnham and Perkins collaborated in hauling it to the 18, whereupon John Weaver pitched to Ray Otto, who skidded out on the visitors' three. Perkins went in on the next play. Weaver hit Bruce Burnham with a pass for the PAT.

Berlin Heights was back in touchdown territory in eight plays. Baker's fumble gave the Tigers possession on the Plymouth 31. Perkins and Kilbride alternated until the latter was hurt and carried from the field. Then Perkins whirled twice from the 14 and was in untouched.

Weaver-to-Burnham pass play was again good for the PAT.

If there were bright spots in this one, they lay in the improved Plymouth defense. Nevertheless, the defense was stacked against a team which made only 35 yards rushing against Firelands the week before. The "new" defense will stand some testing before any stamp of approval can be placed upon it.

Lineups: Berlin Heights; ends: Otto, C.

Hensley - tackles: D. Hensley, Leonard - guards: Kelble, Horwedel - center: Gammie - backs: Grant, Burnham, Kilbride, Weaver, Perkins, Hahn. Plymouth: ends: McQuate, Carter - tackles: Lawrence, Root, Bookwalter, J. Baker - guards: Myers, Barbour, Ramsey - center: Slone - backs: Strine, D. Baker, Reed, Christian, Lewis.

Whether one is or is not an admirer of the sport of kings, he ought to take in Ohio's corn tassel derby, the Little Brown Jug, at least once.

For here is drama at its best. Thursday's renewal of this classic for three-year-old pacers was run off in three heats under perfect weather conditions, so ideal in fact that records fell by the half dozen.

Muncy Hanover, a little bay colt owned by the Clearview Stables, Winthrop Me., and driven by Earl Avery, turned two successive miles in 2:01.2 and 2:00.8, a new world record for two-year-old pacers on a half mile track.

Then, in the big one, Adios Butler swept to victory over Meadow Al and a field of eight other bluebloods of the harness world in record time for the Jug. He dashed the first heat in 1:59.4 and the second in 2:00.8, setting these records:

1. Most money won by a three-year-old pacer in a season.
2. Fastest heat of the Jug.
3. Fastest two heats of the Jug.
4. Fastest two miles by a

three-year-old pacer over a half mile track.

UPWARDS OF 35,000 racegoers were on hand to see this one, and there was much to see. They witnessed the gloom of the Newport Stock Farm stables, where Newport Admiral, already the winner over Adios Butler in 1:59.2, couldn't go because he took a fright the previous Sunday and simply couldn't stay on stride in front of the grandstand.

And they saw that, until the ninth race, an invitational trot, no heat had been turned in more than 2:01. The management made apologies publicly in advance for the poor time of the trotting event, yet Chet Lynn Hayes won it in 2:03.

It was hard for the Old Timer to remember another such outstanding performance, yet a little effort brought it forth. He recollected a gloomy afternoon in June in Palmer Stadium 22 years ago, when young Don Lash, a splendid fellow from Indiana university who subsequently joined the state police in the Hoosier state, turned the two miles in the

rain in under nine minutes, the first in history to do so. Earlier, still in the rain, Forrest (Spec) Townes, a bespectacled hurdler from Georgia, had fractured the 120-yard high hurdles standard. And Glenn Hardin, a Louisiana boy pelted through the wet to win the 440-yard hurdles in world record time.

Finally, a lithe young colored boy from Compton Junior college, in California, Cornelius Johnson, drew back from the cross bar and, executing the perfect Western roll, cleared it by a hair. It teetered and the rain-soaked crowd roared when it remained up there. Measurement showed Johnson had leaped 6 feet 8 inches, the first in history to go so high.

IT WAS A GENERATION ago, and the O.T. confesses some amazement that he remembered these things so clearly with such accuracy.

Thursday's performance by Adios Butler and his driver, Clint Hodgins, and by young Muncy Hanover and the canny heel that quite approaches it, Earl Avery, will remain log-

ged in his card-index file memory for time to come.

When they come down the stretch the last time around, and the thousands stand on their seats and yell, "There's a hoss race", there isn't anything short of organized mayhem excitement.

QUIET REVOLUTION! ON DISPLAY FRIDAY! HOORAY! SMALL WONDER!

CORVAIR BY CHEVROLET! SMALL MIRACLE! THREE COMPACT CHEERS! FRIDAY!

THE REVOLUTIONARY Corvair

BY CHEVROLET

There's nothing like a new car—and no compact car like this de Luxe Corvair 700.

America's only car with an airplane-type horizontal engine! America's only car with independent suspension at all 4 wheels! America's only car with an air-cooled aluminum engine!

The engine's in the rear where it belongs in a compact car!

Here's the car created to conquer a new field—Chevrolet's low-priced compact Corvair.

The product of nine years of research and development at the auto industry's most advanced facilities, it's America's first truly compact, economical car that retains the ride and 6-passenger comfort you're used to in a big one.

The key to this small miracle: America's first and only modern rear-mounted aluminum engine—a lightweight 6 that's so revolutionary it can be packaged with the transmission and drive gears as one compact unit.

By putting the engine in the rear, Chevrolet has made the floor practically flat, front and rear. There's plenty of foot room for everybody, including the passengers in the middle.

Shifting engine weight to the rear also makes for smoother, easier compact car handling and gives glued-to-the-road traction on ice, mud or snow.

Corvaire's size—some 5 inches lower, 2 1/2 feet shorter and 1,300 pounds lighter than conventional sedans—makes it a joy to jockey through busy streets, a pleasure to park (no need for power assist). Its revolutionary Turbo-Air 6 gets up to 30% more miles on a gallon of regular (a real magician on mileage). And, because the

engine's air-cooled, you never have to fuss with antifreeze, you get quicker warmup with less wear on parts even on the coldest mornings (even heat for passengers comes quicker almost instantly—from an airplane-type heater).

Yet, wonderfully practical as all this sounds, you'll find the most practical thing of all about this new Corvaire is its remarkably low price. Your

dealer's the man to see for all the short, sweet details.

REVOLUTIONARY TURBO-AIR 6 Gets up to 30% more miles on a gallon, needs no antifreeze, provides quicker warmup with less wear on parts.

ONE-PACKAGE POWER TEAM Wraps rear engine, transmission and differential together into one compact lightweight unit. Takes less room, leaves you more.

STYLING—PURE AND SIMPLE Clean, uncluttered lines shape both 4-door models—the de Luxe Corvaire 700 and the standard Corvaire. Each has its own distinctive trim, and you get more visibility area than in many full-sized cars.

FOLD-DOWN REAR SEAT* Works easily, instantly, adding to Corvaire's versatility by enlarging rear seat cargo space to 17.6 cu. ft.

FLAT FLOOR Corvaire is America's only compact car with a practically flat floor, the only one with the kind of relaxing room that U.S. motorists are used to.

UNISTRUT BODY BY FISHER Does away with conventional frame, incorporating all structure into a rigid body-frame unit that gives you more inside room with less weight.

UNDER-HOOD LUGGAGE COMPARTMENT Trunk's up front (like an elephant's) where it's convenient for groceries, luggage.

4-WHEEL INDEPENDENT SUSPENSION There's no conventional axle—front or rear. Wheels, cushioned by coil springs, take bumps independently of each other, for smooth, road-hugging ride.

ON DISPLAY! FRIDAY! SPACIOUS! POISED! BEAUTIFUL! LIVELY!

DISTINCTIVE! SATISFYING! ENDURING! SPIRITED! JOYFUL! SWEET!

Elegant Impala 4-Door Sport Sedan—one of 16 spanking new Chevrolets you can choose from.

THE SUPERLATIVE '60 CHEVY

This is the one that says '60 like no other car. From its clean-thrusting grille to its dapper rear deck, there's so much that is new and different about this superlative Chevrolet it stands out from the rest like a fresh-minted coin. And you'll be just as wide-eyed over what's inside—the relaxing roominess, tasteful trim, hushed elegance, all comfortably cradled by Full Coil springs at all four wheels. Yet, sumptuous as this new Chevy is, you'll find new economy of operation, new dependability, new longer life. Here, then, we're confident both you and your budget will joyously agree, is the nearest to perfection a low-priced car ever came!

Here's the car that introduces a whole new decade of design—with so much that's new and different the other ones can only hope to come close. It's the superlative '60 Chevrolet—with new space inside, new spirit under the hood, new splendor in every clean-etched line. Freshly shaped contours rake back from the unified new grille to the jaunty rear deck, fitted with craftsmanship you'd expect only on the most expensive makes. Inside, there's room to sprawl in, room to sit tall in—generously provided by Chevy's sofa-wide seats and

extra margin of hat space. And there's even more leg room for the man in the middle—thanks to the way Chevrolet engineers have shaved down the transmission tunnel. Out on the road, as Chevy's Full Coil ride will persuade you most gently, there's not a car near the price that comes close to the hushed comfort of this one. And, adding to your sense of silence and solidity are thicker, newly designed rubber body mounts that do an even more efficient job of filtering out road shock, tire hum and vibration.

Quiet, quick-responding power is provided by a choice of two standard engines—Chevy's famed Hi-Thrift 6 and a new Economy Turbo-Fire V8 that gets up to 10% more miles out of a gallon of regular while delivering greater engine torque at normal speeds. Chevy's accent on comfort and convenience even extends back to its easier-to-load (and tremendous) luggage compartment. You'll also find a convenient new parking brake that automatically returns to normal height after application, a new clutch linkage that filters

out even the smallest engine impulses more effectively than ever and a trim new two-toning motif that's available on all 16 fresh-minted models. But, impressive as all this may look in print, there's really only one way to tell how near to perfection this superlative '60 Chevrolet actually comes... and that's to drop in on your dealer and drive one!

PROPOSED SHILOH ELEMENTARY SCHOOL

EXISTING SHILOH ELEMENTARY SCHOOL

High school addition to extend west from building

Proposed addition to Plymouth High school will extend west from the present building toward Sandusky street, fronting on the Mary Fete park access road.
 Board of Education approved Tuesday night preliminary plans for the structure, to cover 16,800 square feet of new area and to be paid for by proceeds of a bond issue if the electorate approves Nov. 3.

The new area calls for a storey-and-a-half music assembly room at the front of the building. The board hopes it may be for cafeteria facilities in the future. In its rear will be a science suite, including general science and biology room and classrooms for physics and chemistry. Across the corridor will be the home economics department. Where the new section joins the old

building, offices for the superintendent and clerk will be provided.
 The second floor will provide for a study hall-library on one side, the commercial department on the other. It will include three rooms, for bookkeeping, typing and a machine room.
 An area for vocational agriculture with laboratory will be added to the northeast corner of the present building. So will new shower rooms. The industrial arts department will be enlarged into the area of the present shower room. Girls' showers will be built at the north end of the building.
 Remodeling of the old building will give the school eight class rooms. Architect James Crawford says that 500 pupils can easily be accommodated. Present enrollment is about 350.

The cost: roughly \$287,000. This includes \$20,000 for furnishings and equipment and \$20,000 for remodeling.
 Plans were also accepted for an eight-classroom elementary building in Shiloh. The classrooms will lay at one side of the building and connect to a multi-purpose room approximately the size that in Plymouth Elementary building. A kitchen, storage, office space, clinic, storage and lavatories are provided in the 15,000 square feet of floor space.
 Crawford pointed out the building is designed so that additional classrooms may be added at one end of the semi-T shaped structure. The first set of classrooms may easily be shut off from the remainder of the building so that the multi-purpose room and cafeteria can be used conveniently for meetings.

\$269,500. This includes \$10,000 for the purchase of a site within the corporation.
 Supt. M. J. Coon plans to arrange a meeting of Shiloh parents with Mr. Crawford next week for further explanation, of plans. At Tuesday's open meeting only a handful of Plymouth residents, and none from Shiloh, was present.
