

## 26 turkeys ready to be served here by Mothers' club

Twenty-six turkeys weighing about 520 pounds will be served at 5 p.m. Saturday in Plymouth Elementary school as the Mothers club stages its seventh annual Turkey dinner. Tickets for the dinner, priced at \$1.50 for adults and 75 cents for children under 12 years of age available now from school pupils and will be sold at the door. They haven't been going too well.

The menu will include turkey, dressing, whipped potatoes, sunshine salad, carrot and celery sticks, apple or pumpkin pie, milk and coffee.

A special table will be reserved for the business community who are working Saturday night.

Mrs. Kenneth McDougal is project chairman of the mothers and is general chairman for the dinner.

Proceeds from the dinner will be used to equip the elementary building.

### Sextons call it quits

Petition for divorce has been filed by Mrs. Donald S. Sexton against Donald S. Sexton in Richland county common pleas court. Asking custody of their three children, she charges neglect and cruelty.

## Union service set for Thanksgiving, Rutan preaching

First Presbyterian church will be host to the annual Thanksgiving union service of Plymouth's Protestant churches at 9 a.m. Thursday.

The Revs. Moss Rutan, Robert P. Hall and Thomas S. Taylor will share in the service.

"Christianity and Christian Women" will be the topic of the Rev. Moss Rutan tomorrow night when he addresses the first meeting of the Women's association in the Presbyterian church at 7:30 p.m. Young Adults class of the Plymouth Methodist churches elected Mrs. Kenneth Humbert president Sunday night.

John Stansberry will serve as vice-president and Robert Seaman as secretary-treasurer.

Miss Lena Mereness, Akron, children's educational consultant to Methodist churches, will conduct three special sessions in Shiloh Methodist church Dec. 2, 3 and 4 at 6:30 p.m.

Miss Mereness will teach a class of primary pupils for one hour and thereafter conduct a two-hour question-and-answer and clinic period for teachers, parents and others interested in religious instruction.

### Band Mothers to meet at high school today

Plymouth High school Band Mothers will meet today at 7:30 p.m. in the high school.

Saturday night the mothers entertained members of the marching band at a dance in the elementary building.

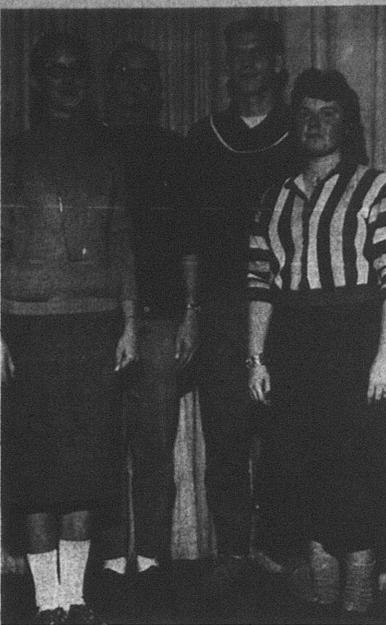

## PHS grad named to CD women's job

New director of women in Haywood county, N. C., civil defense organization is a 1948 graduate of Plymouth High school.

She is Mrs. William E. Lawrence, the former Lois Suttles, production clerk in the V-belt department, Dayton Rubber Co., Waynesville, N. C.

The women's division numbers approximately 450 members.

Mrs. Lawrence is the mother of two sons, 10 and seven. Her husband is a salesman with Pilot Life Insurance Co.

**PRINCIPALS** in the annual senior class play, "January Thaw", a Mike Todd production on Broadway, are, from left, Susan Wolfersberger, Craig Harnly, Richard Bookwalter and Judith Amstutz. It's set for Sandusky street boards to-night and tomorrow, Guy Flora, Jr., director.

## Kinney asks board to raise Coon's pay

The pendulum of affairs of Plymouth Board of Education all but stopped at dead center last week.

It was the lull week, a regular meeting which inevitably occurs between great events. After long and tense de-

"American Education week was a great success," Supt. M. J. Coon said Tuesday. "A total of 361 parents visited classrooms and teachers from Nov. 9 to Nov. 13, of whom 158 parents visited Plymouth Elementary school, 143 Shiloh Elementary school and 60 the high school open house. Approximately 20 parents ate in the school cafeterias."

bate about whether to undertake a building program, and before that program begins, the board has countless details to discharge.

And some of those details sought solution Nov. 4.

**ITEM 1: SUPT. MAYNARD** J. Coon is unrepaid, according to state formula respecting executive heads. He should be drawing \$8,861 annually. He's presently getting \$7,850 plus travel expense.

A raise of \$1,011 annually is in store for Coon, who said he doesn't want to upset the delicate balance of the schools' budget now. The question thus broached by Richland County Supt. Dale Kinney will be dealt with next month.

**ITEM 2: BLACK-TOPPING** of the Shiloh playground cost \$1,400, but half of the expense was contributed by the P-TA there. Cost to the board:

slightly over \$700. A citizens' building inspection committee, composed of Kirby Nesbitt, chairman, Robert Bushey and Paul Stood, reported general satisfaction with building conditions. A major job needed in Shiloh annex, it said. A third grade classroom there needs replastering of its ceiling.

**ITEM 3: TUITION RATE** for out-of-district pupils was set at \$13 monthly, although Clerk Evan P. LaFollette feels \$13.76 is more accurate.

**ITEM 4: ATTENDANCE** during the first six-week period was good, Coon reported. Enrollments: Plymouth High school, 252; Shiloh Junior High school, 288; Shiloh Elementary school, 303; Plymouth Elementary school, 350. Total enrollment, 1,173, an increase of five pupils since sessions began in September.

Attendance records: Plymouth Elementary school, 97.3 per cent; Shiloh Elementary school, 96.5 per cent; Shiloh Junior High school, 98.1 per cent; Plymouth High school, 95 per cent.

**ITEM 5: BECAUSE FEWER** pupils with parents employed at Wilkins Air Force station are enrolled in the schools, federal contribution to educational expense will decrease substantially this year. Number of children in that category enrolled now: 87. Due from government: \$6,000. Received last year: \$9,200.

**ITEM 6: BY CONTRIBUTING** \$94, the local board can help the county board purchase \$1,600 in films under a matching grant by the U. S. government. The films would be added to the county library. The plan won approval.

## Watch for next week's Advertiser —

Because Thanksgiving day Thursday falls on the regular issuance date, The Advertiser will be published a day early next week. It will be mailed late Tuesday.

This issue will be unique. Published in sparkling color, it'll be crammed with ideas of what to buy for Christmas — and where, and for how much!

Adjustments in the December schedule: issue of Dec. 17, out on the 15th; issue of Dec. 24, out on the 22nd.

## Dr. Haver named by Community club

Dr. P. E. Haver was elected president of the Community club at its annual election Nov. 10.

Other officers are the Rev. Moss Rutan, vice-president, and James D. Cunningham, secretary-treasurer.

Guest speaker at the Dec. 1 dinner meeting will be Glen Morris of Tiffin, who heads the soil conservation program for this area. His subject will be "The Celeryville Water Conservancy district."

Because of the interest of his subject, guests and their wives are invited.

Reservations should be made to Dr. Haver several days in advance of the dinner.

### Chest goes under

The Community chest won't make it.

This became clear Tuesday when its treasurer reported a shortage of \$464.25.

Little hope is held that late contributors will give enough to make up this difference in the goal of \$3425. Mrs. Ben Kensing, treasurer, says.

Each participating agency will receive approximately 10 per cent less than the yield of directors had originally set.

# Council goes ahead with \$39,000 scheme

Village council sailed full steam ahead into the shoal water of councilmanic bond issue vs. initiative petition Tuesday night.

Emergency legislation calling for issuance of \$39,000 in councilmanic bonds for the

purpose of acquiring a site with existing buildings and improving the site by erecting a fireproof building was approved by 5 to 1 vote.

Councilman Lowell Keith was the sole dissenter.

**THE ACTION CAME AFT-**

## 10 employees ask boost in pay, more paid leave

"We want a raise and better working conditions," 10 village employees told the village council by petition Tuesday night.

Signed by the assistant clerk, Mrs. Carl V. Ellis, the superintendent of water, light and power, Russell J. Moser, the street supervisor, Henry Trauger, the cemetery sexton, Lyle Biddinger, and the chief of police, Robert L. Meiser, as well as five assistants, the petition asks:

1. Salary adjustments upward to conform to local levels.

2. Sick leave and vacation pay as practiced in the pub-

lic school system.

The council did not ask the petitioners to submit data to show their salary levels are or are not in conformity with "local levels." It said it would consider the matter next report at its next meeting Dec. 1.

It was a bad night all around. The council discovered the fire levy is an operational levy, not for the purpose of buying a new fire truck. Proceeds of the levy maybe used for almost any legitimate fire department expense but not to buy an engine. The question was referred to the solicitor.

er Clerk Carl V. Ellis had told the council the initiative petition with 142 names has not yet been filed with the Richland county board of elections. He said he carried the petition duly certified to the clerk of the board, only to have it refused on the grounds no resolution of the council accompanied it.

Solicitor Joseph F. Dush said he fails to comprehend why the board of elections should so act. He cited Sec. 731.28 of the Revised Code of Ohio, which he said "clearly sets forth the duties of the clerk and the duties of the board of elections."

Dush recommended that the clerk resubmit the ordinance proposed by initiative petition and asked that the solicitor be directed to study the affidavit made by Robert L. McIntire, originator of the petition, in connection with its expense.

The council hungrily refused to approve any resolution to certify the petition to the board of elections, on grounds it need not do that which it is not required to do.

But Dush made it clear "in my opinion, gentlemen, this initiative petition is correct as to form and you can't keep it off the ballot."

**WHETHER THE BONDS** would win approval of the bonding attorneys in the face of initiative petition calling for a specific site purchase is the question at issue, the council said. Squire, Sanders & Dempsey, Cleveland attorneys, notified the council in writing they cannot issue an anticipatory opinion.

"The only way," said Council President John T. Dick, "we can find out whether it's legal is to pass this legislation and fire it up to Cleveland for their opinion."

Councilman Donald E. Akers, himself a lawyer, took note of the caution in Dush's counsel but said "this thing has been delayed for the last

## Ministers set rules for Christian rites, ask casket be shut

Christian funeral practices are outlined by Plymouth and Shiloh Protestant clergy in a policy statement sent to church members this week.

The Rev. Dr. Charles W. Cassel, pastor of Mt. Hope Lutheran church, Shiloh, and the Revs. Moss Rutan, Thomas S. Taylor and Robert F. Hall joined in the statement.

Christians should summon their pastor immediately after a death in the family occurs, they said. Thus the pastor may minister to the spiritual needs of the family and help plan the details of the funeral service.

Funerals of church members should be in the church, they said.

Church members should show their regard of the dead and affirm their common faith in the Resurrection by attending the funeral services of fellow members.

The casket should be closed during a Christian funeral service, the ministers said.

Church members are reminded, they concluded, that no ministerial fee is required or expected of church members.

# Red bows to Bowman, Bulldogs, 16-0

Don Bowman's parents moved from the Butler to the Ontario school district Friday morning.

The city is, so far as Plymouth's Big Red eleven is concerned, that they didn't move earlier.

For then their stalwart son wouldn't have been eligible to play fullback for the Butler Bulldogs Friday night, and Plymouth might have won its season finale.

As it was, Bowman tore the Plymouth interior line to shreds during the first half, scored 14 of the 16 points put up on the scoreboard for the Bulldogs, and otherwise raised havoc with the Red.

Butler moved smartly to its first touchdown the first time it obtained possession.

The Bulldogs kicked off and Billy Strine quick kicked on third down for 51 yards, a remarkable achievement in the schoolboy game. Bowman carried on eight of the 12 plays needed to hit pay dirt, for 69 of the 92 yards to Plymouth's end zone.

The final shot was a 12-yard burst inside guard.

It was plain by this time the Big Red had prepared its defenses to prevent Bowman from going outside. Its scouting report showed the doughty Bulldog back preferred that form of running. But in stopping Bowman outside, which it did most effectively, the visiting team apparently left the gates open inside.

Bowman intercepted a pass by Strine early in the second period and got to his own 46. The Bulldogs scored in 12

plays, Bowman carrying on all save three of them. His final shot was a one-yarder. Dick Crunkilton bucked for the PAT's.

Thereafter, it was a question of whether Plymouth could get back into the game. **THE BIG RED UNLEASHED** an aerial attack, featuring for the first time a pass off a pitchout from Strine to Dayton Reed, and threw 27 times. But it was able to complete only eight, three of them by Reed, and Plymouth never got inside the Butler 12.

The Big Red was moving with some effectiveness in the closing minutes of the third period, having reached the Butler 30, when Cochran intercepted Strine's pass. Two plays later the Bulldogs fumbled and Plymouth started its deepest thrust of the night.

Strine pitched out to Reed who hit Duane Baker with a toss good for 19 yards and then Baker swept left end for two to the 12. A fourth down pass intended for Doug McQuate was grounded in the end zone. The Big Red was back on the Butler 20 as the game ended,

having recovered a Butler fumble on the Bulldog 36. But there was no chance to score.

**BOWMAN SCORED HEAVILY** during the season, a total of 100 points going up on the board for the not-very-stylish-but-effective senior. It was apparent the scoring was attributable less to his brilliance as a ball carrier than to the effectiveness of the Butler interior linemen. Bowman has that last spurt of effort that carries him a yard or so beyond normal penetration, but it is the offensive line that makes the holes.

That line tore the Plymouth defense to shreds during the first half and coasted on its laurels in the last two periods. Butler's season of six-and-three was the best achieved by the Bulldogs during Coach Bob Carroll's reign. Plymouth wound up with four-and-five, better than last season but not up to Coach Lew Petit's best year.

Lineups: Plymouth: ends Van Loo, Carter, McQuate tackles: Lawrence, Root, J. Baker, Bookwalter

guards: Myers, Barbour, Kieffer; centers: Sloan, Fetters

# NCC to survive as 5-team loop

North Central conference will survive another two seasons, albeit with only five teams competing. Conference delegates met at McKee's restaurant near LeRoy Monday night to iron out problems due to occur next season when Lodi, Westfield and Seville are united as Cloverleaf High school. They decided:

1. To continue the conference for two more seasons with a five-team membership — Berlin Heights, Black River, Milan, Plymouth and Western Reserve.
2. To refrain from making two-year contracts on a home-and-home basis in the future. Berlin Heights is taking the lead in seeking to organize a league of eight teams in Erie,

Lorain and Huron counties, limited to Class A schools within a reasonable mileage radius. Whether Plymouth would be interested in such a league depends on a number of factors, including the development of interscholastic 11-man football among Richland county schools. Its attitude is "wait-and-see, but we'll-look-at-anything".

## Thou shalt not, godly, break law

Because of pressure by local school district patrons, and thereafter by the state school board, Kalida Local School district in Putnam county has been forced to discontinue Roman Catholic religious instruction in the school building after school hours.

It matters not that most of the residents of Kalida are of the Roman Catholic faith. Nor that they built the building and leased it to the school board. Nor, further, that nuns are assigned as teachers.

What does matter is that teaching of religion in the public schools is against the law. This fact was established when Mrs. Vashti McCollom of Champaign, Ill., carried her case to the Supreme Court and won it.

The 17th Congressional district representative to the state school board, a Methodist minister, said he wouldn't go along with a motion to praise the Kalida board for doing what it should have done a long time ago — namely, quit teaching religion in the public schools.

Is it too much to suggest that the good dominie might look to his own district a little? What's fair for

Peter is fair for Paul, and no pun is intended. When it is illegal for Roman Catholics to teach religion in the public schools, it is equally illegal for Jews, Muslims, Seventh Day Adventists, Lutherans and Methodists.

We have long contended that religious instruction should be left to the home and the church. The school has no reasonable part of it. The law should be enforced with equal effect here as well as in Kalida.

And from the looks of things, school-wise, on a national basis, we think there's little enough time during the school day to teach children the things they need to know and can't get at home or in church without using that time for religious instruction.

But we'll probably catch the devil for saying this. For one thing, "this is a Protestant town and this is Ohio, and for another, who are you to say these things — it's up to the school board."

So be it. It needed to be said and we've said it. Now who'll join us in taking action?

## Willard becomes city; adults banned from basketball games

Willard officially became a city at noon Monday. A five man council has assumed its duties. A city manager will be engaged to administer municipal affairs.

Adult basketball fans will need periscopes to watch the Willard Crimson and White this season. They won't be admitted to the gymnasium. Reason is that the floor isn't safe for adults. A \$367,000 bond issue has been approved to finance a new gymnasium, due for occupancy Jan. 1, 1961.

Black River board of educa-

tion ordered teaching of religion in the schools of the district stopped pending an opinion by the Medina county prosecutor as to whether it's legal.

Marshal Calvin Fillings, Lexington's one-man police department, was stricken with heart seizure Nov. 3 and admitted to Mansfield General Hospital. Village council has granted him a 30-day sick leave.

About 12 men have been summoned to return to work in Willard's B & O shops, the Willard Times reports.

Oberlin's United Appeal

campaign is \$5,678 short of its goal, with deadline expired, the News-Tribune there reports.

Oberlin public school system had its choice: continue teaching French to fifth and sixth graders, or drop driver training. A tight budget precluded one or the other. Choice: continue teaching French. Driver training has been dropped, the News-Tribune says.

North Auburn's Mother of Sorrows Roman Catholic parish dedicated its new school Sunday. Seventy-seven pupils are enrolled.

### LETTERS TO THE EDITOR

Dear Sir:

I have followed the election with considerable interest. I am very pleased that my very good friend William Fazio was elected mayor. I am sure that Plymouth will be proud of him.

The school and fire house have been of concern to me. It looks to me with Plymouth and Shiloh schools consolidated that Plymouth's growth should be toward Shiloh. The two large lots that I own of Trux street would make an ideal location for a city building, with offices, police and fire department at street level and water and street department on ground level. There would be ample room for parking which would help the congestion on the Square.

I have been asking \$1,500 for each lot, size 135' x 320', but if the town would consider them I would sell both for \$1,500 and the present fire house.

If the present fire house was moved many parking spaces could be made available on Porter street.

Yours truly  
Charles Suttles

### Suzie sez

Mom uses gaspers. I have to be careful how I say this. One time a man asked Pop, "Does your wife smoke?" and Pop answered, "Only when she's mad."

Anyway, Mom uses lots of gaspers. They are a king-size kind with a filter and there is menthol in them. Pop won't let me say what brand, because he claims that's free advertising. "Your Mom is a nice lady," he told me, "and if we were to allow you to say in the paper what kind of gasper she smokes, the company that makes them would be getting free advertising. If we give advertising away, we won't have enough money to pay for more gaspers. Not that this would make me mad, because I don't think she ought to smoke. But we wouldn't have any money to pay for anything else, either."

A little magazine we get every month came out in its last issue and said a certain kind of gasper is the safest to smoke. The amount of tar and nicotine in it is supposed to be less than any other cigarette.

Mom tried a couple of them and she says the amount of tobacco in this cigarette is less than in any other kind, too. No wonder, she says, it is the safest to smoke.

Pop doesn't smoke gaspers. He smokes stogies. But he says he can do without them without any effort. He says it's safer to smoke stogies than gaspers. I can just see Mom with a stogie.

I guess what I will wait for is what my friend Mr. Cayin wrote in his paper: a REAL cigarette with a thinking man dissolved in the filter.

Until that time, I suppose Pop is right when he says they aren't called gaspers, coffin nails, dizzes and such for nothing — they must be harmful. And it looks to me like saying that one isn't so harmful as another is just like saying it's better to whack yourself on the head with a one-pound hammer than a five-pound one.

AND I DON'T SEE WHY all this fuss about cranberries. It's been known for a long time that smokers of gaspers get lung cancer more than those who don't. But people still smoke.

### Boosters ...

Membership drive and the Christmas basketball tournament will be planned Monday at 7:30 p.m. when the Plymouth Shiloh Booster club meets at the high school.

Kenneth Eichelberry, president, asks that all members of the Boosters and those interested in athletics be present to help lay the plans.

### Nora Wyandt ...

Mrs. Moss Rutan will be hostess to the Nora Wyandt class, First Presbyterian church, at the manse Tuesday at 7:30 p.m.

She will lead the Bible study. Devotions will be conducted by Mrs. Carl M. McPherson.

### PHSAA ...

Ten turkeys will be at stake Saturday when Plymouth High School Athletic association stages its annual "Turkey Trot" in the gymnasium, from 8 to 11:30 p.m.

Anyone who purchases a ticket at 75 cents is eligible for a turkey, since presence is not required to win.

Proceeds will be applied to retirement of the athletic association's debt.

two months and I am not in favor of any further delay."

The legislation as approved calls for issuance of 39 bonds in the denomination of \$1,000 each, the first to be dated Nov. 1, 1959, bearing interest at four per cent payable semi-annually on June 1 and Dec. 1, the first bond to be paid Dec.

1, 1961.

McIntire was present and took copious notes. What his next step is, so far as the petition goes, he wasn't saying. But he seemed determined to persist in the plan to submit the issue to a vote.

### Ag census figures for county listed

Agriculture census now being conducted in Richland county will seek to adduce new statistical data reflecting up on the size and nature of the agricultural crop in the county.

In 1954, value of products sold by farm operators was \$8,145,344. Value of all crops sold was \$3,440,416, including \$3,100,540 for field crops, \$56,363 for vegetables, \$124,960 for fruits and nuts, \$158,553 for horticultural specialties.

Value of all livestock and livestock products sold was \$4,666,848, including \$1,820,979 for dairy products, \$780,867 for poultry and poultry products, \$2,065,002 for livestock and livestock products.

Value of forest products sold from the county's farms was \$38,000.

Seven Cubs attended Monday's meeting of Den 1, Plymouth Cub Scout Pack, reports Keeper of the Buckskin David Root.

Mrs. Russell Kamman was a visitor. Her son, Larry, is joining the den.

John A. Smith, who furnished the treat, led the pledge of allegiance to the flag. His mother and the den mother, Mrs. H. James Root, directed the den in preparation of its skit for the monthly pack meeting.

Scout James Fetters, den chief, taught the Cubs a new game.

Owing to conflict with Thanksgiving, Plymouth Cub Scout Pack will meet at 7 p.m. today in Plymouth High school, reports Cubmaster James C. Davis.

**Loaded for trouble?**

To the youngsters, a drive with the gang is great fun. But driving is serious business, too. Last year, nearly 40,000 people died in traffic accidents — many of them killed by drivers whose minds weren't wholly on their job. So stay alert every minute when you drive. Keep driving fun — and safe!

Help stop senseless killing on our highways. Drive safely yourself. Insist on strict law enforcement for your own protection. Work actively with others to support your local Safety Council. Remember—where traffic laws are strictly enforced, deaths go down.

# Evelyn Burkett becomes bride of William F. Buzard *Personally Speaking*

**By ELIZABETH PADDOCK**  
Yellow and bronze chrysanthemums set off with palms and lighted by candelabra bedecked the altar of First Presbyterian church Sunday at 3:30 p.m. as Miss Evelyn Norma Burkett became the bride of William Frederick Buzard of New London.

The bride is the daughter of the Omer G. Burkett, 149 Trux street. The bridegroom is the son of the Frederick T. Buzards, 168 West High street, New London.

The Rev. Moss Rutan, minister, performed the double ring ceremony after prelude by Mrs. Charles Dick, church organist. She played "Traumerer", "Barealolle", "O Promise Me", "To a Lily", "Because", "I Love Thee", "O Perfect Love" and "Wedding Prayer".

**GIVEN IN MARRIAGE BY** her father, the bride was at-

tired in a formal gown of imported French lace and tulle fashioned with squared neckline. It fell to a slight V in back, where it was closed with small lace-covered buttons. The long sleeves tapered to points over the wrists and were closed with more lace-covered buttons.

Insets of pleated tulle in back fell into a chapel-length train.

A full veil of French illusion of shorter length fell from a pillbox-type headpiece of lace and pearls. It sparkled with iridescent sequins.

Miss Burkett carried white flowers on a white Bible.

Her sister-in-law, Mrs. Eldon Burkett, was matron of honor. Mrs. Ark Gilbert, New London, and Mrs. W. Lawrence Cornell, Plymouth, were bridesmaids.

Each — as well as the flower girl, Barbara Jo Burkett —

was attired in gowns of silk organza in Persian turquoise, fashioned with draped Sabrina neckline and trimmed with matching satin cummerbunds tied with sweetheart bows in back. The full circular ballerina length skirts were word over layers of taffeta and net. Each wore small fitted half-hats of satin trimmed with pearls.

Gregory Burkett, the bride's nephew, was ring bearer.

**ARK GILBERT WAS BEST** man. Hobart Stevens, Grand Rapids, and Eldon Burkett ushered.

Mrs. Burkett sat in the bride's pew in blue with white accessories. set off with lavender:

orchid. Mrs. Buzard, on the other side of the church, was similarly attired.

A graduate of Plymouth High school and of Mansfield Beauty school, the bride is employed at A Bon Beauty shop, Ashland, where the couple will live at 604 Park drive. The bridegroom, a graduate of New London High school and of Ohio State university's college of commerce and business administration, where he was affiliated with Phi Delta Theta fraternity, is employed by Fate-Root-Heath Co. He is a member of the board of public affairs in New London.

A reception in the church rooms followed the service.

Flowers on the bride's table matched those in the chancel. Miss Madeleine H. Smith served slices from the wedding cake, a three-tiered creation with miniature bridal couple on top. Jan Gilbert registered guests in the bride's book.

For a wedding trip to Niagara Falls, the bride wore a two-piece dress of blue with white accessories.

**Peoples Federal announces raise to 4 pct. interest**

Peoples Federal Savings and Loan, Mansfield, will boost rate on savings accounts to four per cent annually, effective Jan. 1.

Management estimates the rate will result in the payment of \$2 million in earnings to savings account customers during 1960.

John C. Routzon, vice-president and sales manager, said the new rate is "in accordance with the long established policy of Peoples Federal to pay savings customers the highest rate consistent with maximum safety . . . increased earnings through a substantial growth of assets has made this new rate possible. All accounts are insured to \$10,000 by an agency of the U. S. Government."

Routzon said total assets are over \$50 million with cash and U. S. Bond holdings amounting to \$15.25 million, the highest in a history that dates back to 1892.

**Sohio freezes car in giant cube of ice to prove BORON with ICE-GARD prevents frozen fuel lines!**

Now Ohio drivers can buy a winter gasoline that gives "built-in" protection against fuel line freeze-up! It's new Boron with Ice-gard!

**SOLVES SERIOUS WINTER DRIVING PROBLEM!** Fuel line freeze-up is so major a winter driving problem that to prevent it, over a million Ohio drivers bought special canned anti-icers last winter. But new Boron with Ice-gard eliminates the need for these canned anti-icers. It ice-proofs your fuel line automatically! The first full tank of Boron with Ice-gard protects you against a frozen fuel line. And each additional tankful keeps that protection going strong. So

to be protected all winter long, use Boron with Ice-gard continuously.

**PROVED BY ICE CUBE CAR TEST!**

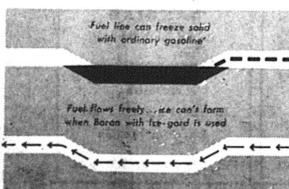

To show the effectiveness of new Boron with Ice-gard, Sohio scientists gave it the most difficult test ever given a winter gasoline! They actually froze a car inside a solid cube of ice. If the fuel line were to freeze, it would have done so under these conditions. But with Boron with Ice-gard in its tank, the car started and kept on running. It's dramatic proof that in any weather, new Boron with Ice-gard will ice-proof your fuel line!

**HERE'S THE BIG NEW DIFFERENCE!**

For several years, both Boron and Extron® Gasolines have had protection against a different driving problem—carburetor icing. Carburetor icing causes stalling at stop signs and lights and occurs only when the temperature is above freezing. But fuel line freeze-up occurs at sub-freezing temperatures and it stops you cold. Now new Boron with Ice-gard offers full protection against both carburetor icing and fuel line freeze-up!

Fuel line freeze-up can stop you cold! Thousands of Ohio drivers experienced this problem last winter, because they didn't have protection against fuel line freeze-up when they needed it. Their cars were stopped cold and would not start. It's a serious problem everyone wants to avoid.

How Boron with Ice-gard stops fuel line freeze-up! In winter, water condensed from air in your gas tank can settle in low points in your fuel line and freeze solid. Fuel can't flow through. But Boron with Ice-gard lowers the freezing point of the water. Ice can't form. Fuel flows freely.

No need for canned anti-icers! No extra cost! New Boron with Ice-gard ice-proofs your fuel-line automatically with every tankful. You don't need special canned anti-icers whatever the weather. Protection is already "built-in", so you always have it when you need it. And you get it at no extra cost!

**ORDINANCE NO. 21-59 AN ORDINANCE TO PROVIDE FOR THE ISSUANCE OF BONDS OF THE VILLAGE OF PLYMOUTH, OHIO, FOR THE PURPOSE OF ACQUIRING LAND AND THE EXISTING BUILDING THEREON FOR USE AS A MUNICIPAL BUILDING, REMODELING SAID BUILDING CONSTRUCTING A FIRE-PROOF ADDITION THERE-TO, AND MAKING SITE IMPROVEMENTS, AND DECLARING AN EMERGENCY.**

WHEREAS, The Clerk as fiscal officer of this Village, has heretofore certified the estimated life of the improvement and maximum maturity of the bonds proposed to be issued, which estimated life is at least five (5) years and which maximum maturity may not exceed twenty (20) years;

NOW, THEREFORE, BE IT ORDAINED by the Council of the Village of Plymouth, State of Ohio:

Section 1. That it is necessary to issue the bonds of the Village of Plymouth in the principal amount of \$30,000 for the purpose of acquiring land and the existing building thereon for use as a Municipal Building, remodeling said building, constructing a fire-proof addition thereto, and making site improvements; and that such bonds shall be issued in one lot, and notes shall not be issued in anticipation thereof.

Section 2. That said bonds shall be in the denomination of \$1,000 each, numbered from 1 to 39, both inclusive, shall be dated the first day of November, 1959, shall bear interest at the rate of four per cent (4%) per annum, payable June 1, 1960 and semi-annual thereafter on the first day of June and the first day of December of each year until the principal sum is paid; provided, however, that if said bonds are sold bearing a different rate of interest than hereinbefore specified, such bonds shall bear such rate of interest as may be provided for in the resolution of Council approving the award thereof.

Section 3. Said bonds shall mature as follows: \$4,000 on December 1 in each of the years from 1961 to 1970, inclusive, except that \$3,000 shall mature on December 1, 1961, which maturities are hereby determined to be in substantially equal annual installments.

Section 4. Said bonds shall be executed by the Mayor and Clerk and shall bear the corporate seal of the Village. The interest coupons attached to said bonds shall bear the facsimile signature of the Clerk printed or lithographed thereon. They shall be designated "Municipal Building Bonds" and shall be payable in lawful money of the United States of America at the office of the legal depository of the Village, presently The Peoples National Bank of Plymouth, Plymouth, Ohio.

Section 5. That for the purpose of providing the necessary funds to pay the interest on the foregoing issue of bonds, promptly when and as the same falls due and also to provide a fund sufficient to

discharge the said serial bonds at maturity, there shall be and is hereby levied on all the taxable property in said Village of Plymouth, in addition to all other taxes, a direct tax annually during the period said bonds are to run in an amount sufficient to provide funds to pay interest upon said bonds and when the same falls due and also to provide a fund for the discharge of the principal of said serial bonds at maturity, which tax shall not be less than the interest and sinking fund tax required by Section 11 of Article XII of the Constitution.

Section 6. Said tax shall be and is hereby ordered computed, certified, levied and extended upon the tax duplicate and collected by the same officer, in the same manner and at the same time that taxes for general purposes for each of said years are certified, extended and collected. Said tax shall be placed before and in preference to all other items of the fund derived from said tax levies hereby required shall be placed in a separate and distinct fund, which, together with all interest collected on the same, shall be irrevocably pledged for the payment of the interest and principal of said bonds when, and as the same fall due.

Section 7. Said bonds shall be first offered at par and accrued interest to the purchaser of the Bond Retirement Fund in his official capacity, and if said officer refuses to take any or all of said bonds, then said bonds not so taken shall be advertised for public sale and sold in the manner provided by law. The proceeds from the sale of said bonds, except the premium, accrued interest thereon and capitalized interest shall be used for the purpose aforesaid and for no other purpose and to be allocated to the purpose herein described. The premium, accrued interest and capitalized interest received from such sale shall be transferred to the Bond Retirement Fund to be applied to the payment of the principal and interest of said bonds in the manner provided by law.

Section 8. It is hereby determined that all acts, conditions and things necessary to be done precedent to and in the issuing of these bonds in order to make them legal, valid and binding obligations of said Village have been done, happened and performed in regular and due form as required by law; that the faith, credit and revenue of said Village are hereby irrevocably pledged for the prompt payment of the principal and interest thereof at maturity; and that no limitation of indebtedness in taxation, either statutory or constitutional, has been exceeded in issuing these bonds.

Section 9. The Clerk is hereby directed to forward a certified copy of this ordinance to the County Auditor of Richland County.

Section 10. This ordinance is hereby declared to be an emergency measure necessary for the immediate preservation of the public health, safety and welfare of said Village and its inhabitants, and for the further reason that immediate acquisition of the property to be financed by the issuance of these bonds is urgently required to afford necessary facilities for the proper conduct of the affairs of the Village and the inhabitants thereof; wherefore, this ordinance shall be in full force and effect from and immediately after its passage. Passed: November 17, 1959  
 Thurman R. Ford, Mayor  
 Attest: Carl V. Ellis, Clerk

**THE NEW MRS. AMERICA KNOWS HOW TO BAKE A TASTY SWEET BREAD**

Mrs. Margaret Priebe, of Des Moines, Iowa, chosen Mrs. America of 1960, had to prove her prowess as a good cook to gain her title - along with other qualifications such as looks, personality, and intelligent service. Year-bred baking was one of the events which tested her, as she represented her home state of Iowa in the recent contest held in Ft. Lauderdale, Florida. When you taste these Hurry-Up Orange Rolls, you'll see why the judges chose her as the nation's No. 1 homemaker.

**HURRY-UP ORANGE ROLLS**  
 3/4 cup warm, not hot, water  
 1 package active dry yeast  
 2 1/2 cups biscuit mix

3/4 cup sugar  
 Rind from two oranges, grated  
 1/4 cup butter, melted

Dissolve yeast in warm, not hot water. Add biscuit mix, beat hard. Turn out surface well dusted with biscuit mix. Knead until smooth, about 20 times. Roll out to a rectangle about quarter inch thick. Combine sugar and grated orange rind. Spread dough with melted butter, sprinkle sugar-orange rind mixture over surface. Roll up jelly roll fashion. Slice at 1-inch intervals. Place out side down, in greased shallow pan. Cover with damp cloth, let rise until doubled in bulk (about one hour). Heat oven to 400° F. Bake 10-15 minutes until a rich golden brown. While still hot, glaze with 1/2 cup orange juice mixed with 1/2 cup sugar. Separate rolls gently to serve.
