Easter seal collections here were 102, \$82 from individuals and \$20 from businesses, Mrs. Jay H. Lydy, executive secretary of the Huron County Society for Crippled Children, announced this week.

Total collections across the county, in the drive directed by Arthur F. Herner, Huron county commissioner, were \$3,754.99.

W. A. Myers, Monroeville, is president of the society, whose local chairman was Mrs. John A. Turson, the former Marlene Berberick.

Mrs. Hamman, 53, succumbs at home

Mrs. A. Dewey Hamman, 53, died suddenly of a heart attack at her home in Route 603 Tuesday night.

A long time resident of Bloominggrove township, Mrs. Hamman was born Florence Hopkins. She was an active member of the Shiloh community, a member of the Methodist church, Angelus chapter 322, Order of Eastern Star, St. Crange, and Rome Country club.

She is survived by her husband; two daughters, Carolyn Faye and Mrs. Charles By of Ganges; and 4 sons, Eugene, Larry Dean, Gerald Lee and Arthur; two sisters, Miss Artie Hopkins, Shelby, and Miss Helen Hopkins, Cleveland; one brother, Lawrence, Clark Lake Mich., and five grandchildren.

Last rites will be conducted by her pastor, the Rev. Thomas S. Taylor, from the Shiloh Methodist church Friday at 2 p.m. Burial will be in Mt. Hope cemetery, Shiloh.

Mourners will be received by the family at the McQuate Funeral home in Shiloh beginning this afternoon.

Brownies plant tree at church here

A dogwood tree was planted Monday afternoon in front of the Methodist church by Brownies troops 377 and 196.

The Brownies, with their leaders, Mrs. Robert Kennedy, Mrs. Robert C. Haas and Mrs. Powell Holderby, gave the tree in observance of Arbor day and in gratitude to the church for a meeting place.

The Donald Dawsons are chairmen of the refreshment cafeteria.

Mrs. Harry Foster is in charge of publicity.

B Square, White Hall, Rome Country and Get-to-Gether clubs will furnish baked goods for the cake walk.

Twentieth century circle will sell greeting cards during the festival.

Proceeds of the festival will be applied to the P-TA's continuing project — blacktopping of the playground area south of the school.

Stevens' orchestra, Shiloh, will play for dancing.

Mrs. Scott loses mother, Mrs. Hull

Mother of Mrs. B. R. Scott, Mrs. Mary Hull, 90, died in the Scott home in East High street Friday at 3:30 p.m. after a long illness.

Born in Indiana Aug. 20, 1868, she lived here six years. A daughter, Mrs. Bessie North, R. Wayne, Ind., and a son, Richard O. Cramer, Springfield, seven grandchildren and 14 great-grandchildren also survive.

A funeral service was conducted Monday at 2 p.m. at Churubusco, Ind.

JAMES WASSERMAN

Wasserman wins superior in state

A superior rating, the second successive award of this rank in two years, was won by James Wasserman in the state scientific experiment contests at Capital University, Columbus, over the weekend.

Young Wasserman took Friday afternoon the examinations which will determine if he qualifies for a Junior Academy of Sciences scholarship at any college or university of his choice. The examination was limited to pupils whose entries were rated superior.

The Plymouth High school senior, who is also an apprentice pharmacist, intends to enroll in the University of Toledo in the fall.

"MULLIGAN'S MAGIC" will be presented in the elementary school tomorrow night by large cast,

which includes Martha Carter, Loretta Ramey, David McQuown and Sherry Deveny.

Shilohans object to location, want Cass building re-erected

Opposition to the \$530,000 new high school bond issue grew in another quarter this week.

Under the aegis of A. W. Firestone, a group of Shiloh residents met Tuesday night, and again last night, to crystallize their thinking on the issue.

Summary of it is:

1. The Barnes site, at the

edge of Plymouth is unsatisfactory to Shilohans, who prefer the Kessler site.

2. There is no evidence that Shiloh elementary pupils will obtain new building facilities in time to overcome the deterioration of the old Cass township school.

About 20 persons attended the meeting Tuesday, The Ad-

vertiser learned.

On Monday night, after carefully setting forth the conditions of his talk, Supt. M. J. Coon addressed the Shiloh and Plymouth Parent-Teacher associations in joint meeting at Shiloh.

Coon said he wished no argument, that he was appearing as representative of the Board

of Education to explain what the plan is, not to defend it.

Strange doings further estrange Strange, Democrat

Benjamin Warren Strange, Risingsun publisher, is a Democrat. He is also a faithful reader of The Advertiser.

He was able to indulge both hobbies last week by venting his spleen against the Republican administration of the post office.

He received his Dec. 11 1950, copy of The Advertiser, nicely wrapped and with no apparent damage, in his box at the Risingsun post office Saturday morning, exactly 128 days late.

Likely explanation: his copy of The Advertiser was mislaid in a mail sack or container somewhere between Plymouth and Risingsun.

The reasonable Strange admits this possibility, but also asserts his political privilege.

"How else are we going to turn the rascals out," he asks, "if we don't give 'em the devil where it's due?"

If bond issue fails, says board, then---

...Plymouth Board of Education spelled out Monday what would be built if the \$530,000 bond issue is approved May 5.

The new building would be comprised of five academic classrooms, two science laboratories, one general shop, two commercial rooms, a home economics room, an agriculture room, combination gymnasium, auditorium and stage, locker and shower rooms, kitchen-cafeteria study hall, administrative offices, storage rooms and rest rooms.

COST TO THE TAXPAYER? If the bonds are sold at 4.25 per cent interest, annual taxes would go up 3.6 mills to settle the bonds plus half a

mill to pay the state for its aid. This would total 4.3 mills or \$4.30 for each \$1,000 valuation. Average home-owner cost, says the Board, would be one cent a year.

If the proposal is defeated, the Board intends to consider alternatively Plan A, an addition to the high school and a new Shiloh Elementary center.

New construction on the high school site would include two commercial rooms, one home economics area, one vocational agriculture area, a science room, a music area, a study hall, locker rooms and showers.

FIVE ACADEMIC CLASSROOMS on the present second floor, the present home economics room, the industrial

arts department and the present science room would be remodeled. Estimated cost of these undertakings? \$287,500, says the Board.

At Shiloh the Board would construct an elementary building for six grades, at an estimated cost of \$270,000.

Grand total? \$557,500, to be paid for by sale of bonds. If they're bought at 4.25 per cent interest, taxes would go up four mills, or \$4 for each \$1,000 valuation — a chocolate bar a day for the average homeowner, says the Board.

This failing, the Board would suggest alternate Plan B, comprising additions to the high school as indicated in Plan A plus new gymnasium - auditorium - stage,

He wore red pants and black shoelaces: police protection ordered for teen dance

To forestall any notion by "teen-agers" that misbehavior will be allowed to spoil the success of Teen-Time Rendezvous, its management asked for and received the promise of official help Tuesday night.

Donald B. Shaver, adviser to the youngsters, addressed a letter to the village council requesting uniformed police attend the weekly-on-Wednesday sessions in the high school.

"Of the 400 or so youngsters who regularly attend, I'd say perhaps 385 of them are well-behaved, as they would be in church or at home," Shaver said. "It's the newer people, who may have heard about our dances in some other town and who haven't been to a dance of ours often enough to learn the ropes who're likely to stir up trouble. We want to head it off before it starts and we believe a uniformed patrolman is the answer."

HE RECEIVED PROMPT concurrence from the council, which authorized assignment of Special Patrolman Robert Baker in uniform for the three-hour session each Wednesday.

The council was not without its inquiries. What Mayor Thurman B. Ford wanted to know, was all this about a ruckus with Willard youngsters?

Shaver professed no knowledge of any such affair, whereupon Ford admitted he had been telephoned by the Willard police chief to alert local police of an impending scuffle.

bunch of Ashland youngsters, about 30 of them, came over here and remarked upon one of our children who was wearing red pants. This caused some hot words, but we got between them and stopped it. Then another Ashlander asked a Plymouth boy to dance, and when he got an objection, he said he was sorry, he thought the boy was a girl. Well, that touched another one off. But it was only words, no fighting."

SHAVER SAID HIS GROUP has always operated on the theory of self-support — "pay for what you get and get paid for what you do."

He said the group has over \$2,000 in its treasury and pays over \$100 a month in expenses to operate.

Mrs. Ellis injured, counsel's wife ill

X-rays proved there was no break, but Mrs. Ellis' ankle is extremely painful, she says.

Further illness in the village's official family extended to the wife of the solicitor. Mrs. Joseph F. Dush has been under treatment for pneumonia in Willard Municipal hospital.

Court officers said it was one of the largest actions ever filed there.

James C. Ralston, Nanty Glo, Pa., alleges the defendants, Harvey R. Weston, Harmony, Pa., and H. D. Eckles, Beaver, Pa., pulled out from the shoulder of the highway into the path of Ralston's car.

He claims to have received a fractured skull and permanent injuries to his brain, requiring the use of drugs and medicines for the rest of his life.

The Voice of The Advertiser:

Reluctantly, NO!

The question of a new high school is before us all of us, and we ought to examine it carefully.

So far as this newspaper is concerned, careful examination has developed these facts:

1. The new high school proposed to be erected from the proceeds of the bond issue would not accommodate all of the pupils in high school grades.

2. Taking the rate of speed by which state aid approved for other districts has been applied as a guide for our own situation, there is reasonable doubt that construction could take place in time to accommodate pupil pressure

3. State aid is not "free", in the sense that it need not be repaid. At least \$96,600 of it will be paid to the state over a 23-year period. The likelihood is that 60 per cent of the \$220,800 advanced as aid will be paid back over nearly a quarter of a century.

4. A considerable part of the cost of the proposed structure covers land acquisition, installation of water and sewer connections, and such, disbursements which would not be necessary, at least not in such large amounts, if an addition to the present structure were to be decided upon.

5. The plans for the building are not yet drawn in such form that a patron of the district could study them at any length. There is ample evidence in other states where an enlightened electorate cut down on costs by compelling architects to settle for bread instead of cake. We imply no discourtesy to the present architects when we counsel against the buying of a pig in a poke.

6. The present school building plan does not encompass any rectification

of the steadily deteriorating situation at Shiloh, where elementary pupils are badly housed. Their children are no worse than ours; we insist they should be properly housed. Yet approval of the present plan will deprive the district of the ability to finance such construction within the foreseeable future.

How did we get into this predicament? Partly, we got into it ourselves. Inability or refusal to get along with our neighbors had a lot to do with it. Ignorance and lack of familiarity with schools contributed something. And so did bad leadership, at all levels, leading us to the inevitable conclusion that local self-government is an inexact science, not here developed to a level at which it can be relied upon by the people.

We confess to a sympathy for alternative plan A, as presented elsewhere today, because:

1. It suits our needs better than the present plan.
2. It will do more for less.
3. It will tend to relieve us of restraints by forces at the non-local level which are more harassing than helpful. We've already seen that the more government we let in, the more control we've let out.

It is not easy for us to say we oppose the present school issue. We've always been FOR progress. We've plugged hard for capital improvements.

But in the present instance, we can't for the life of us see why it's ethical or proper to accept state aid that we don't need to do only part of the job at more cost than if we refuse state aid.

Vote NO on the school bond issue.

An airplane had trouble landing at Toledo a while ago. Its wheels locked and wouldn't come down and the pilot flew it around for a long time to use up the gas. The people in it had to take all the sharp things out of their pockets, off their feet and out of their mouths and put them in paper bags under their seats.

One man who got down safely when the pilot landed on firefoam had one thing in mind when he got home.

He asked for Irish coffee. I asked Pop about it and he says it's good if you like Irish whiskey.

"Is it anything like Scotch?" I asked him.

Well, he said, no, it isn't, it has a taste all its own. And he's not sure that the folks who invented Irish whiskey many hundreds of years ago would be happy about this dilution with coffee.

But, as Pop is always saying everybody to his own taste, as the old lady said when she kissed the cow.

Firelands promoting Nutmeggers by ox

Ohio's Firelands — from the Public Square north to the lake — will send a double ox team and a covered wagon to Connecticut to publicize the sesquicentennial of the Firelands during the week of July 28.

Action for the project was announced today by General Celebration chairman Paul Tucker after a meeting of community representatives from New London, North Fairfield, Huron, Perkins township, Milan and Norwalk.

Mr. Tucker expressed the hope that all communities in the Firelands area will participate in the project.

The oxen and authentic covered wagon, owned by a farmer in Toronto, will be shipped by truck to Connecticut and then will tour all communities in that state after which towns in the Firelands were named. Plans are to send along with the oxen and wagon a representative from each of the communities in the Firelands in addition to two special drivers who will be in charge of the animals.

Cost of the project, including the expense of the representatives, will not be over \$3,500, Mr. Tucker stated.

The Firelands, comprising some 500,000 acres and consisting mainly of Huron and Erie counties, was established in 1792 by Connecticut. Land grants in the Firelands were bestowed to its residents to compensate them for the destruction of their homes and

property by British raiders during the Revolutionary war. The first influx of settlers began in 1808.

Did you ever know anyone who insisted on putting his right stocking on first? Some people think this is a good way to avoid headaches. Foolish? Of course! Most of us get headaches. But now we reach for one of the fast-acting pain relievers medical science has made available. A simple remedy. But remember—not all headaches can be treated so casually. If the pain persists or is unusually severe, be sure to see your physician. And next time you need a prescription filled, come to us for quality compounding.

20,000 expected by Scout-o-Rama

Twenty thousand spectators are expected at Mansfield Coliseum May 9-10 to view Scout O-Rama '59, gigantic "action" show staged by Boy Scouts of the Johnny Appleseed area, if the bulk of the tickets recently mailed to Scouts, Cubs, and Explorers is sold.

Nearly 5,000 boys representing the three age groups of Scouting will be soliciting relatives, friends and neighbors this week, with hope of winning a distinctive Scout-O-Rama '59 official emblem to wear on their uniforms by selling five tickets for the big event. To further spur them on is the promise of a free day at Camp Avery Hand for each scout unit meeting its quota of five tickets per boy.

Scout-O-Rama '59 will be a huge demonstration of "Scouting in Action," with approximately 3,000 boys from the Boy Scout, Cub, and Explorer groups expected to take part. More than 60 units from Richland, Ashland and Crawford counties, which comprise the local Scouting council, have signed up to participate in one or more of the 100 booth exhibits or live acts planned

to illustrate the theme, "Scouting brings out the best in a boy." Plymouth's Cubs, Scouts and Explorers will put on a demonstration in the show.

Every boy currently registered in the Scouting movement in the three-county area contained in the Johnny Appleseed council will receive a sheet of five tickets to sell. Many units are offering further prizes, in addition to the uniform emblem and free day in camp offered by Scout headquarters, to "eager beavers" who sell more.

Cubs to meet here

Cub Scout Pack 1 will observe "On the Farm" Thursday in the elementary school, Cubmaster James C. Davis reports. Donald P. Markley, neighborhood commissioner, will present the new charter to the unit.

It will be accepted by H. James Root, institutional representative.

Meeting will be called promptly at 7 p.m., Cubmaster Davis announces.

Bray has enough at Willard, quits

Decision of the Willard Board of Education to ask for additional tax money with which to construct a new gymnasium means the new athletic director-coach of the Crimson Flashes will have a brand new gym to work with.

Norm Bray, who's been head coach of football, baseball and track at Willard the past four years, has turned in his suit. He'll remain as a teacher but will eschew coaching.

Although he didn't say so, the suspicion is strong he doesn't think the pressure's worth the reward. He has a growing family of three children, a charming wife, and he's a likeable chap who apparently gets along well with boys.

His record, so far as wins and losses go, was no great shakes. But high school coaches are there to build character, not winning streaks, it says here.

So Bray has quit. Willard'll be looking for a new coach. Herb Hart's basketball team did well and the victory-hungry sidewalk alumni at Willard want the same kind of thing in football.

Whoever gets the job will step into a peachy deal: new \$368,000 gymnasium coming up, a good stadium, a fine booster and parent organization, all-but-unlimited funds of a private nature to produce a winner.

Dandy for a man with a cast iron stomachache who can resist ulcers.

IT'S LACK OF DRILL, NOT lack of ability, that's principally responsible for Plymouth's poor record in baseball, West Virginia Bill Flaherty asserts.

Timing is off and the boys haven't had enough practice.

But as the season wears on, they're doing better.

It's rare in high school ball such as is played in Richland and Huron counties to see hitters ahead of pitchers.

The O. T. is willing to bet that a summary of the box scores of the last 40 or 50 high school games played in a belt stretching from New Washington to New London will show more runs than hits by a margin of three to one.

You can't learn to hit without hitting. You've got to have time in the batting cage and adequate coaching to be a good hitter. And you've got to have patient pitching with just enough stuff on it to make it really tough to hit.

Until the high school baseball program, whether here or anywhere else, develops this kind of thing, high school baseball won't amount to very much.

Attica track is ready

Opening program of straight stock auto racing at the Attica speedway has been set for Sunday afternoon, May 3, according to Promoter Bob Otto.

Otto said weekly straight stock events will be staged each Sunday afternoon until weather permits a switch to regular Friday night racing.

Regu, who originally hoped to get the track ready for Sunday, said the later date has been set to allow more time for additional work on the three eighths mile track and facilities. Grading work on the track was completed over the weekend.

The Attica track, located near the junction of Routes 4 and 224, hasn't had any regular racing since the untimely death of Dorsey Enders in a

midget racing car two years ago.

Racing on the fast dirt track will be run under the same rules and regulations as the Ashland Fairgrounds speedway that attracted 80-car fields and record-breaking attendances last year.

Purses will be based upon 40 per cent of gate receipts.

Sunday events will open with time trials at 1 p.m., followed at 2:30 p.m. by the first of eight or nine regular races. Friday's qualifying will begin at 7 p.m. and regular racing at 8:30 p.m.

NOTICE OF ELECTION ON TAX LEVY AND BOND ISSUE FOR PLYMOUTH LOCAL SCHOOL DISTRICT
Notice is hereby given that pursuant to a resolution of the Board of Education of the Plymouth Local School District, adopted on the 11th day of March, 1959, there will be submitted to a vote of the electors of said school district at an election to be held thereon on Tuesday, May 5th, 1959, at the regular places of voting therein, the following questions as a single proposal:
1. The question of issuing bonds of said Board of Education in the amount of \$530,000.00 for the purpose of acquiring a site and constructing thereon a new fireproof high school building with sewage disposal and water supply facilities; remodeling of existing Plymouth High school building; furnishing and equipping school building and improving school site. The maximum number of years during which said bonds are to run is twenty-two years. The estimated average additional tax rate outside the ten-mill limitation to pay the principal and interest of such bonds, as certified by the County Auditor, is 3.8 mills for each one dollar of valuation, which amounts to 38 cents for each one hundred dollars of valuation; and
2. The question of the levy of an additional tax outside of the ten-mill limitation for the purpose of paying the cost of the purchase of classroom facilities from the state of Ohio at the rate of one-half mill for each one dollar of valuation except that in those years in which the tax rate for debt service outside the ten mill limitation is less than three and one-half mills, the rate shall be increased to that rate which is the difference between four mills and the tax rate for debt service outside the ten mill limitation, until the purchase price is paid, but in no case longer than twenty-three years.
The polls for said election will be open at 6:30 a. m., Eastern Standard Time, and remain open until 6:30 p. m. Eastern Standard Time, of said day.

NOTICE OF ELECTION ON TAX LEVY AND BOND ISSUE FOR PLYMOUTH LOCAL SCHOOL DISTRICT
Notice is hereby given that pursuant to a resolution of the Board of Education of the Plymouth Local School District, adopted on the 11th day of March, 1959, there will be submitted to a vote of the electors of said school district at an election to be held thereon on Tuesday, May 5th, 1959, at the regular places of voting therein, the following questions as a single proposal:
1. The question of issuing bonds of said Board of Education in the amount of \$530,000.00 for the purpose of acquiring a site and constructing thereon a new fireproof high school building with sewage disposal and water supply facilities; remodeling of existing Plymouth High school building; furnishing and equipping school building and improving school site. The maximum number of years during which said bonds are to run is twenty-two years. The estimated average additional tax rate outside the ten-mill limitation to pay the principal and interest of such bonds, as certified by the County Auditor, is 3.8 mills for each one dollar of valuation, which amounts to 38 cents for each one hundred dollars of valuation; and
2. The question of the levy of an additional tax outside of the ten-mill limitation for the purpose of paying the cost of the purchase of classroom facilities from the state of Ohio at the rate of one-half mill for each one dollar of valuation except that in those years in which the tax rate for debt service outside the ten mill limitation is less than three and one-half mills, the rate shall be increased to that rate which is the difference between four mills and the tax rate for debt service outside the ten mill limitation, until the purchase price is paid, but in no case longer than twenty-three years.
The polls for said election will be open at 6:30 a. m., Eastern Standard Time, and remain open until 6:30 p. m. Eastern Standard Time, of said day.
