**SNARE DRUMS** that cost Band Mothers' club \$250 are now part of PHS marching unit which'll perform during

Berlin Heights vs. Plymouth game there Saturday. Section leader Edwin Kranz, in rear, lined up the group to

be photographed, thus: in front, Robert Tackett, then Robert Guthrie, Charles E. Ramsey and William Boock.

## Underdogs by two touchdowns, Big Red tackles loop champs

"We're underdogs against Berlin Heights, we know that, but I feel sure we'll give a better account of ourselves than against Vermilion."

Thus Coach Lew Pettit spoke of the Big Red's chances against the NCC defending champions at Berlin Heights Saturday afternoon. Both teams seek the first victory of the season. Firelands snapped a nine-game Tiger winning streak Saturday, 14 to 8 by intercepting a pass.

It'll be the only daylight game of the season for the visitors, who worked hard this week on defensive play.

"I was quite satisfied with our offense, at this stage of the year," Pettit said this week. "Our defense was poor and we'll have to do something about that."

He was pleased with the offensive play of Fate Chris-

tian and Duane Baker, Pettit said. Christian scored the first touchdown of what promises to be an imposing schoolboy career on a 30-yard slant off tackle in the first period. Baker scored the second TD, after running the pitchout play consistently well for two series of downs.

Had the Big Red's aerial strategy on the first play not misfired, doubtless the psychological advantage would have helped the locals, the coaching staff felt. But it was plain Vermilion had the superior team and at best the Big Red might have tied the Sailors. Even the Sailor players were mystified. "We never played like this last season," one of them said, "the new coach has done wonders."

**C O A C H C A R R O L L B.** (Snag) Sanders scouted Plymouth personally Friday night

and promises to have his winged-T all geared up for a victory.

He likes to win and especially hankers to whip Plymouth. On form, the Tigers must be favored by two touchdowns.

Twelve lettermen comprise the nucleus of the Tiger squad. John Weaver, a letterman sophomore, and Monty Harris alternate at quarterback. Gene Kilbride, Bob Perkins and Harold Linden are the chief running guns. Bruce Burnham, an all-conference selection, is back at end.

Charley and Dave Hensley are important factors in the Tiger: forward wall. Both are seniors.

Game time is 2 p.m. Route: New State road to Norwalk, thence 61 to Berlin township road, turn left to Berlin Heights, stadium on east side of Main street.

## Are your taxes paid?

Delinquent real estate tax payers will be advertised during the weeks of Oct. 9 and 16, Huron County Auditor Bernard F. Kean said this week.

In addition to the regular statement that all taxpayers receive and on which more than 97 per cent paid their taxes on time, all delinquents were mailed individual notices in July by County Treasurer

H. B. Collier. To date \$26,522.70 of \$70-, 563.89 initially delinquent in taxes and special assessments has been paid, representing 37 per cent of the delinquency.

Ohio law requires the advertising of delinquent taxpayers both real and personal. The advertisement is the first step in the legal procedure, preceding the eventual foreclosure

or forfeiture of these parcels. "In most instances all taxes are paid before these final steps are necessary," Kean said.

"Placing emphasis on the delinquencies at this time, with the hope that all delinquencies will be met, so the advertising may be eliminated entirely, should not detract from the excellent manner in which most taxpayers meet their tax responsibilities," he said.

At the close of the 1958 real estate tax collection June 20, the delinquency was only 2.97 per cent of the total duplicate. This year's collection was the largest in history of Huron county. "Aiding the taxpayers in this fine record is the custom of maintaining each year the same tax collection dates of Jan. 31 and June 20," Kean said. "Retaining these dates gives taxpayers an opportunity to plan ahead, while most counties have different dates every year."

## CHARGED AS MOLESTER

## Shiloh's father shoots self to death

Father of a Shiloh woman, 47-year-old Raymond Honaker shot himself to death Sunday morning after being charged with molesting by a nine-year-old girl in North Fairfield.

Mrs. Betty Sutter's father was charged by the girl after searching the village with her parents. She said Honaker molested her during an auction sale at Joseph's Used Furniture in North Fairfield Saturday afternoon.

According to Huron county sheriff's deputies, Honaker also endeavored to molest another girl, this one only seven, later Saturday evening.

They said he apparently was upset over being identified by the girl. He used a calibre .22 rifle to inflict one wound; they said.

Found by his wife, Ressie, he was rushed to Willard Municipal hospital, where he died 10 minutes later.

Honaker is also survived by

three sons, Ray, Norwalk; and William and Robert, Royalto, Ky.; a daughter, Pat, at home; his parents, the Ernest Honakers, Stockbridge, Mich.; a brother, Theodore, Stockbridge, Mich., and six sisters, including Mrs. Lena Falyer, North Fairfield.

Last rites were conducted yesterday from the Free Will Baptist church, of which Honaker was a member, by the Rev. Homer Richardson. Burial was in North Fairfield cemetery.

# Bartlome's barrage defeats Big Red, 42 to 13, in opener

Unless Vermillion's Sailors are a better ball club than anything in the North Central conference, look for a cold, hard autumn.

For the Sailors bombarded Plymouth's Big Red from sky and sea in Mary Kate park Friday night and scuttled the local enemy, 42 to 13, in a walkaway.

The Sailors lost at least three other scores on freaks.

IT WAS PLAINLY A CASE of no defense and not much offense, so far as the Big Red was concerned. For a time, in the first period, largely on the sensational running of junior Fate Christian, the home eleven enjoyed a one-point lead. It was manufactured by Billy Strine, who completed the first placement try after a touchdown since the memory of man runneth not.

He did it after Christian had darted into the end zone from 30 yards out. This came only 12 plays after Hugh Darley broke off left tackle for 11 yards and immediately after the Big Red had fallen upon a Sailor fumble on the Vermillion 30.

Thereafter, Plymouth was clearly outplayed, outrun, outpassed and outgamed.

Even the Sailor cheerleaders outlasted the local squad, chiefly because they had more to yell about.

CLIFF BARTLOME, A rangy senior quarterback, engineered the Sailor attack. And he did it well. So well, in fact, that local fans haven't seen the like since Ray Einsel

was pitching 'em for Plymouth.

He ran one touchdown himself, on a sneak, and pitched for three more. But it was Tom Hoyman, Sailor co-captain, who was the winners' star. Here is a back who can do everything and do it well.

He runs like a frightened deer, especially on the multiple fake behind the line which breaks him outside the Sailors left end.

Of the total yardage of 307 rolled up by Vermillion on the ground, Hoyman accounted for 35 per cent.

On the local side, there was not much to cheer about. For a time, however, in the third period, the pitchout play from Strine to Duane Baker was working to perfection. The squat Baker can go when he turns the corner and he did so convincingly Friday night.

He tore off successive gains of 18, six, five and 31 before Strine sent Christian over guard for a pair and passed to McQuate for another pair. Then Baker darted around left end from the 15.

IT WAS THE LAST TIME Plymouth partisans could howl.

And a capacity crowd of parents assembled for the annual tribute to mothers and fathers did just that.

In the final canto, Vermillion scored almost at will and lost two additional touchdowns on freaks. Bill Bors dropped a pass in the end zone when he was alone and unattended. The Sailors fumbled another away,

on the Plymouth 10.

## PHSAA elects Baker

Duane Baker, Class of 1960, a football letterman, was elected president of Plymouth High School athletic association Friday.

Daniel Carter was elected vice-president, Joyce Harnly secretary and Judith Amstutz treasurer.

Purpose of PHSAA, its adviser, William Flaherty, said Monday, is "to help pay for the high school athletic program. This it does by undertaking some self-supporting activities such as the concession stand at all home football and basketball games. This year — it began yesterday, in fact — the PHSAA will undertake a magazine subscription campaign, with which it hopes to raise \$1,500.

Annual Homecoming program, set for the Black River game Oct. 2, is being staged by the PHSAA. A "Sock Hop" will be presented in the gymnasium from 10 to 12 p.m. after that game and all other home football and basketball games.

"Last year," Flaherty said, "the PHSAA contributed over \$700 to the athletic fund. With the cooperation of all concerned, in both Plymouth and Shiloh, we feel sure we'll be able to beat that record. We appreciate what support has been

## On the Sidelines

By THE OLD TIMER

The coaches' union, apparently dissatisfied with its share of schoolboy glory, is making another pitch for job security. It's asking that eligibility rules not be altered.

Present Ohio code calls for passing grades in three major subjects before a boy can compete in interscholastic athletics. Cuyahoga county coaches, headed by John North of Orange, want no revision.

But the school board says this standard ought to be raised. It argues that in an area where opportunities for boys to excel are so plentiful, it's reasonable to expect a higher standard of achievement for all pupils.

The coaches say this: "To raise the standard would discourage average or below average students from participating in athletics. If they couldn't play many would lose incentive to keep grades up and they'd spend leisure time in less constructive activities. Many boys who are actually doing a good job at their own levels would be barred from sports. These students especially need the discipline and incentive offered by athletic participation.

Go soak your head, coach. These observations are nothing more than euphemisms for this outright truth: "If we don't get the dumbheads, academically, we don't get the tall boys for basketball or the big ones for baseball. And if we don't get the size on our teams, we lose games. When we lose games, we lose fame and favor."

Schoolboy athletics should be developed and encouraged as a reward for those who do their jobs. Teach your disciplines and incentives in the required physical education classes (that was the coaches' argument before the Legislature when the rule was passed, anyway). Nobody is entitled to represent a school if he isn't pulling his share of the load. And we fail to see how three D's and an F can be considered pulling a fair share of the load.

And what, pray tell, Coach, will we do about the 140-pound, five-foot-four kid who makes A's and B's and is just dying to play?

"Don't tell us, we'll tell you: "Let him ride the bench. He can't punt 45 yards!"

generously given us in the past and hope it will be continued this year."

**Suzie sez**

Now that he has reached Jack Benny's age, Pop is trying to do something he thought was not important before. This is to understand women.

(Ed. Note: Honey, make that singular and we'd be happy, IF SUCCESSFUL.)

Somebody sent him these rules, which he tacked on my door. When is he going to learn that I am wise to him, that he does this because he thinks I ought to put it in this column? Anyway, here are the rules:

1. Avoid impatience with a woman.
2. What ego is to a man, security is to a woman; make her feel safe and needed.

3. Never desert a woman in her fear.
4. Never lose your temper with a woman.
5. A woman's anger can be atomic in its power; when there's a blastoff, direct the force to useful ends.
6. Never forget that a woman never forgets.
7. Praise a woman on every possible occasion.
8. Treat each woman as an individual in ways suitable to the time, place and the woman.

I am not sure I understand what they mean, but I will say No. 7 appeals to me.

**POP SAYS THESE RULES** must have been written by some old man who's beaten down by women, because he says they patronize women, whatever that is.

If he means they suggest a woman is different from a man, I think he's right.

**HOW MANY BIG CITY** doctors run a detective service on the side? Ours does, or did, Sunday. I went with a friend on a bike ride. I was supposed to be home by a certain time. I didn't get there, so Mom was worried. As my friend was the doctor's daughter, Mom called the doctor. He said I wasn't there, hadn't seen

me, didn't know where I was. Mom asked him if he'd seen Chip, and if not, to tell me to get hold of Chip when I got there.

A few minutes later the doctor called back. He said he phoned a couple of places with no results, either for Chip or for me. He said also he telephoned the police to look out for us and send us home.

Pop says we wouldn't get that kind of service in a big city.

**Parents night planned**

Parents of Presbyterian school pupils are invited to the church Tuesday at 7:30 p.m.

Senior high school fellowship will meet at the manse Sunday at 6:30 p.m. Nancy Miller is moderator, Judith Fetters is treasurer and Cheryl Faust secretary.

**Miss Burkett to wed**

Approaching marriage of their daughter, Evelyn Norma, to William Buzard, son of the F. T. Buzards, New London, is announced by the Omer G. Burketts, 149 Trux street.

Miss Burkett has chosen Nov. 15 as the date for her

wedding in an open church ceremony in First Presbyterian church here.

Mr. Buzard, an employee of Fate-Root-Heath Co., is a member of the board of trustees of public affairs in New London and a candidate for reelection.

**"42 years with chalk on my sleeve"**

**The story of a man who was a national hero for 42 years and never knew it!**

"I've been a schoolteacher for 42 years. Now they're trying to tell me that I'm a hero, too — me, a national hero, for teaching geometry!"

"Lately, there's a lot of talk about education being America's best defense. All of a sudden, we teachers are in the spotlight — 'heroes of America's future security' — someone call us the other day. It really makes you stop and think.

"Frankly, I've never felt much like a hero. Certainly there were times when I didn't act like one — times when I almost quit teaching for a job with more money or position. But each time I started to dream about the extra things I'd be able to give my own children, I'd remember the other young folks in our town — the slow child who needed help after class . . . the quick one who needed encouragement to compete for a scholarship . . . the typical student who had to be shown how exciting learning can be. I guess

I knew all along I could never really leave them.

"That's why it's so hard to think about retiring — especially now, when America needs good schooling more than ever. Luckily, I know I'll still be able to play an important part in the fight for better education. You don't have to be a teacher or even a parent to work for revised curricula, higher standards of student achievement or improved status, prestige and training for teachers. People just like you and me are working toward these goals all over the country."

We must have first-rate schools, not only to prepare our children for all branches of higher learning, formal and informal, but also to make them well-informed adult citizens. An educated America is a free America.

For full details on how you and your community can help, write to "BETTER SCHOOLS," 9 EAST 40th STREET, NEW YORK 16, N. Y.

That made it—a ride you have to feel to believe. A ride that lets you move faster to get more work done in a day's time.

**Brawnier bulldozer build!**

Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for the truck's body and sheet metal.
