Lynn Bachrach and Larry Smith. Guy Flora is directing the comedy. It's set for Apr. 21 and 22 at PHS.

## Juniors to present comedy

"Papa Was a Preacher", a stock situation comedy in three acts, will be the annual vehicle of the Class of 1961 in Plymouth High school auditorium Apr. 21 and 22 at 8 p.m.

"The title," says Guy Flora, English instructor who is directing the play, "is self-explanatory. The scene is Texas, the time is now."

James Russell will portray the role of Edwin Porter, the preacher. Hilda Elliott is Pearl his wife. Their five children are Larry Smith, Hugh; Dayton Reed, Cecil; Fate Christian, Raymon; Lynn Bachrach, Janet; Wayne Kessler, Eddie.

## Water system 'all right', state health survey shows

Status of the village water system remains satisfactory, according to Public Affairs was told Monday night.

F. H. Waring, chief sanitary engineer of the Department of Health, notified the board in writing of the results of an inspection carried out Feb. 17.

He noted:

1. Superintendent reports well supply and treatment plant capacity adequate for all needs.

2. New gauges have been installed in the salt storage and brine pits.

3. A permanent pressure relief valve is intended for installation on high service pumps, with a bypass discharging into the treated water reservoir.

4. Revival of discussions intended to lead toward exten-

sion and improvement of the distribution system.

5. Technical supervisor was discontinued of Dec. 31.

6. A satisfactory arrangement for submitting monthly operating reports and water samples to the department has been made.

7. A bacterial analysis of the village's water proved satisfactory. A chemical analysis showed 480 parts per million total hardness, of which 190 parts per million was non-carbonate hardness. Total iron was 2.5 parts per million, coupled with .1 parts per million manganese. Treated water had a total hardness of 94 parts per million with no non-carbonate hardness, iron was reduced to 1.1 parts per million and manganese eliminated.

## Apr. 21 set for start of Golden Age club

An effort to launch a Golden Age club for senior citizens interested in recreation, useful leisure time activity and social exchange among neighbors their own age will be made here Apr. 21.

A ham dinner will be served to about 200 persons in the retirement age brackets in the American Legion hall at 6 p.m.

Inquiries are being mailed this week by the committee, which is sponsored by Ehret-Parsel Post, American Legion, and was organized by two wo-

men who saw a need for a Golden Age club.

They are Mrs. A. L. Paddock, Jr., and Mrs. Roy Hatch.

Thomas Crabb, S. J. Glorioso, E. E. Dinnimons, Lyle Biddinger, Vance C. Hoffman and George Lesko are associated with the two women in the planning negotiations.

"Object of the dinner is to try to develop a social organization, with a minimum of business, that will attract senior citizens and hold their interest over a period of time,"

the committee said Monday night.

Do Advertiser classified ads sell?

"I'll say so," says Mrs. C. O. Cramer, who inserted an ad for this week's issue Tuesday morning. She wanted to find a good home for her year-old female canine.

Before the ad could be inserted, the editor got results.

Larry Hershiser, calling in connection with another matter, gladly took her up on her offer to give the dog away.

No ad, no revenue, but a satisfied customer — that's Advertiser service.

## Quit stalling, council tells board; extend West Broadway water

Six months, village council told the Board of Public Affairs Tuesday night, is long enough.

The board was instructed to move to advertise for bids on pipe and other materials for an extension of water service in West Broadway, as directed by an ordinance approved in October.

The decision came after Councilman Elmer E. Markley reported a visit to the board Monday night. He said the board "is divided" — Fettlers is in favor, Cheeseman is dead set against and Lillo is kind of on the fence".

Cheeseman won't stand for installation of water service without assessment, Markley reported.

After seeking the counsel of its solicitor, who said the board has no authority in the field of policy and that it is the duty and obligation of the council to decide whether to proceed with the water extension, the council told Markley and Charles Vanasdale to instruct the board to implement the ordinance at once.

The board will be done by extending a six-inch service west from the end of the present four-inch main a distance of 1,400 feet. The two councilmen were told "to try to induce the board to turn north into Currie court so that the six-inch service can be brought to the edge of the Vande Bilt addition."

**EXACTLY AS PREDICTED**  
by The Advertiser five weeks

ago, Mayor William Fazio appointed Hugh M. Washburn, Alfred Parkinson and George Lesko to the planning commission, Washburn for six years, Parkinson for four, Lesko for two. Vanasdale will serve as councilmanic representative.

A five contract with Plymouth township was negotiated on the spot, but not with the wholehearted approval of township trustees, who screamed "holdup".

Mayor Fazio reported cost of protecting each \$1 of valuation in unincorporated Plymouth township at \$0.01879. Applied to the valuation of \$859,970, this would bring the annual rate to \$1,615.

A proposal of \$1,000 for two fires and \$150 a fire thereafter for two years was advanced and after some debate accepted. The old contract, a five year one, expired April 1. It called for \$500 annually for three fires, thereafter \$100 a fire.

Guthrie Chevrolet Sales, Willard, was awarded contract to deliver a new police cruiser in a loan of \$1,499.45 and the old vehicle.

Joseph Subieh and T. L. Hackett, Mansfield, and George Hudson, Marion, operators of the proposed laundromat in the old theatre building, told a court hearing story of how they had undertaken remodeling of the building only to find that state requirements for sewer disposal need to be met.

"And we just found out."

one of them said, "that Plymouth has no sewage system."

An inquiry of the Water Pollution Control board will be made today, the council ruled, and an answer as to how they may proceed will be delivered April 19.

Henry M. Trauger, street supervisor, reported he has been injured and may require provide for sick leave.

He is reluctant to avail himself of advantages of the State Industrial commission because of advantages of the State Industrial commission because they will not match his salary.

## F-R-H locks horns with Japs, \$4 million contract at stake

Biggest contract in its history is at stake this week as Fette-Root-Icath Co. seeks to induce the Department of the Army to award a \$4 million order for about 40 locomotives for the Panama Canal.

If the management of the firm is successful, full employment for a three-year period is assured, it said last week.

Plymouth Locomotive Works, a division of F-R-H, is low American bidder for the contract. Its bid is some \$911,000 higher than a Japanese firm.

At the core of the matter is an administrative finding that

1. Plymouth Locomotive Works is entitled to special consideration because it is small business. (Official Department of Commerce criteria: less than 500 employees or smaller than \$1.5 million gross.)

2. Plymouth Locomotive Works is entitled to special consideration because it is small business. (Official Department of Commerce criteria: less than 500 employees or smaller than \$1.5 million gross.)

If these findings are made a matter of record and approved by the Department of Army, Plymouth Locomotive Works' bid will be adjusted so that it's less than two per cent lower than the Japanese completion.

If these findings are made a matter of record and approved by the Department of Army, Plymouth Locomotive Works' bid will be adjusted so that it's less than two per cent lower than the Japanese completion.

Negotiations with the Panama Canal Zone Co. and with Department of Defense officials have been carried on since August, 1959, to the accom-

paniment of promises, revoked promises, administrative snafus, what seems to be irregular procedure to the detriment of Plymouth Locomotive Works, and a general inability in Washington to arrive at a clear-cut decision.

While it stands now is that Congressional pressure, sparked in part by Rep. Robert W. Levering of the 17th district and Rep. A. D. Baumhart, Jr., 13th district, is being applied to the executive department — specifically the Departments of the Army and Commerce — to overcome the effect of a Presidential executive order and enforce the sense of the Buy American act.

**THE BACKGROUND OF**  
the controversy is this:

As a matter of official United States policy, the federal government is committed to the encouragement of small business. A six per cent adjustment in cost is allowed bidders who qualify as bona fide small businesses. Inspection fees and other charges against foreign manufactured products are assessed against the foreign bid to equalize the opportunity.

When this is done, Plymouth Locomotive Works is some four or five per cent above the Japanese tender.

Also as a matter of official policy, federal contracts are encouraged to be awarded to businesses trading in areas where there is labor distress. Neither bidding nor asserting

at State the preference is for the Japanese firm, to insure stability of economic growth in nation to which the United States has given billions in aid.

State was involved once before. A hydro-electric contract in Idaho, calling for huge generators, was awarded American firms despite the low tender of British firms. The British firms, the British Embassy at Washington and the American Ambassador to the Court of St. James' complained it was discriminatory and hardly in keeping with the morality of sending aid to Britain, thus depriving it of the opportunity to earn its own way.

An executive order issued forthwith, declaring that no discrimination should be allowed against foreign bidders.

In the care of British suppliers engaged in enterprise protected by a 145-year alliance of English-speaking nations, the question of availability of spare parts and service would arise.

In the case of Japan, Plymouth Locomotive Works implies, are one can't be sure.

One million man hours of labor, here and in procurement areas, are at stake. Vice-President Miles W. Christian said last week. He couldn't estimate the number of man hours of preliminary spade-work or expense in negotiating so far.

"It's all up to Washington now," he said, and refused to speculate on the outcome.

## Griffithses to mark 60th anniversary

Married by the Rev. John Lowe, Church of Christ pastor at North Fairfield, on Apr. 15, 1900, on the Griffiths farm near there, the George G. Griffithses will observe their 60th wedding anniversary with a remembrance card shower and small family dinner at their home next week.

Apr. 15 is the first year of the century fell on Easter Sunday. The bride, then Jessie Olney of Shelby, is now 78.

Mr. Griffiths, now 80, was employed as a railway con-

struction worker until his family was grown, then went to farming near Shiloh.

There are three daughters, Mrs. J. Phillips Moore, Plymouth, the eldest; Mrs. Evelyn Mowery, at home, and Mrs. Russell Kreuger, Oberlin. There are six grandchildren and 10 great-grandchildren.

Owing to declining health, Mrs. Moore reports, the Griffithses are not able to undertake a greater celebration. "But we hope their friends will remember this occasion with a greeting card," she says.

### Teenagers aver serious injury as car overturns

Two teenagers escaped serious injury late Saturday when their car rolled over several times at high speed in County Line road near Willet road.

Leslie Dole, Willard, driver, and his companion, Myra Brinson, Plymouth route 1, endeavoring to turn a corner, overturned and rolled over numerous times.

Their car was demolished but neither was badly hurt.

### Grange . . .

Plymouth Grange will stage a dance from 9 to 12 p.m. Saturday, with music by Rambling Mountain boys.

A drawing for an electric coffee maker will highlight the evening.

Regular Grange meeting has been postponed from Good Friday to Apr. 22.

### 4-H . . .

Sheryl McQuown will entertain the Busy Fingers 4-H club at the home of her parents, Mr. and Mrs. Norman B. McQuown, Tuesday at 7:30 p.m.

Each member will give a short talk on safety during roll call.

Advisors of the group are Mrs. Robert MacMichael, Mrs. John Ray and Mrs. Clyde Lasch.

### FFA chapter stages parent-son banquet

A party of Future Farmers of America, led by its adviser, Harvey Yost, left yesterday for Chattanooga, Tenn., Louisville, Ky., and other southern points to study farming and agricultural activities in the southeast.

Driven by Mr. Yost, Joe Harris and Delmar Nesbit, the party will return Sunday evening.

Prof. Gilbert Geiler, agriculturist, addressed the parent-and-son banquet of the FFA chapter in the elementary school Friday night.

About 75 parents, sons and guests attended.

Awards went to Robert Kirkendall, approved for the state farmer degree, district grain farmer and chapter beef producer; Dale McQuillen, chapter leadership award and extracurricular public speaking award; Richard Channing, farm shop award of Thor Research Institute and chapter shop award; Roger Lynch, district secretary's award, and Larry Hershiser, chapter swim production award.

Professor Geiler spoke of his trip to Haiti during the summer of 1959, when he took swine produced by Ohio FFA chapters to that underdeveloped nation.

Plymouth FFA girls, assisted by Mrs. Russell Barbour, prepared and served the dinner.

There are three daughters, Mrs. J. Phillips Moore, Plymouth, the eldest; Mrs. Evelyn Mowery, at home, and Mrs. Russell Kreuger, Oberlin. There are six grandchildren and 10 great-grandchildren.

Owing to declining health, Mrs. Moore reports, the Griffithses are not able to undertake a greater celebration. "But we hope their friends will remember this occasion with a greeting card," she says.

**T**HE warm winds of spring carry an old, old story this morning.

It is the one story most of the world wants to remember.

It's a short story: An infant born in a stable, then growing into manhood. A man whose tiny, loyal group of followers walked with him up and down a dry, barren land to hear Him speak, and see Him live. A man who said fewer words than the average character in a modern novel. A cruel death. And then resurrection.

That, basically, is the story of Jesus.

And yet that same story swells hearts with hope and faith in a thousand lands this Easter morning. For they are His words, not those of His crucifiers, that we hear and heed this Easter. They are words which will yet unite a world which has tried all other ways. They are words that tell us that eternity is within our grasp and our making.

Let us heed them again this morning. And where better can they be heard than in your church or Sunrise Service, where fellowship of family, friend and neighbor is living proof that Easter, and the gentle life it commemorates, is still triumphant in the minds and hearts of men.

*I saw the resurrection,  
and the life; he that  
believed in me,  
though he were dead,  
yet should he live.*

## Jacobs TV expert in field

Remember when television was still in the strictly experimental stage, and gave little evidence of the rapid development it has since undergone?

Useful progress in electronics was made possible by trained manpower qualified to produce and service such equipment. Today we enjoy everything from drama to sports events visually in the privacy of our homes — and in color if we really want to be up-to-date — only because the services of skilled technicians are available from such as Jacobs Television, 114 Myrtle avenue, Willard, Tel. 3-6801.

A lifelong resident of Willard, Phil Jacobs, capable head of this firm, has spent only two years away from here. During this time he was undergoing intensive training with the biggest service shop in Erie county, becoming an expert in all types of radio and televis-

ion work. Constant study, experimental work and hard practical experience required to become a good technician in such a swiftly developed line as radio and television, soon discourage those who do not have a lot of natural aptitude for it, and the stamina to stand the stress of making decisions instead of following them.

Jacobs Television is an authorized distribution agency for two of the most honored products in their field — Westinghouse and RCA. All of the latest models in a complete price range, with budget terms available to suit individual requirements, can be purchased through Jacobs Television, assuring you of the best the market has to offer.

Wise shoppers know the many advantages to be enjoyed through purchasing a radio or TV from a firm qualified to

make complete installation, provide necessary antenna and other auxiliary equipment, and follow through with a dependable service department to insure continued peak operation at maximum efficiency. Jacobs Television specializes in just this type of service, and invites your inspection of their complete line of latest model Westinghouse and RCA instruments.

## Matteson shows skill in tough task

There's no competition keener than among auto body repair and refinishing outfits, to meet competition as it has grown, great stress has been placed upon quality of workmanship and standards of service.

Matteson Body Shop, 832 Dale avenue, Willard, Tel. 3-6775, was established to provide the highest caliber workmanship at reasonable costs, with satisfaction guaranteed.

Automobiles play far too important a part in our lives, both from a standpoint of investment and appearance, to be neglected in their surface upkeep. But a dented fender is no longer w.r.t. to be done by an amateur and haphazardly touched up with a bit of paint. With the present vogue of light and off-shade colors, the slightest imperfection quickly catches the eye. The problems

of restoring and renewing the most trivial damage grow steadily more complicated. Such work can be entrusted only to one qualified and equipped to do it quickly and effectively, whose reputation for reliable work is solidly established by past performance.

Car owners are learning from experience that Matteson Body Shop is a "mighty good place to take their problems. Matteson is always pleased to give estimates, confident that the quality of his work, combined with fair prices, will stand the closest scrutiny.

Matteson Body Shop specializes in auto glass of all types, cut and installed, and all work is guaranteed.

In addition, through Matteson Body Shop you can own that mobile home you have always dreamed about, at a price and on terms to suit your individual budget. They handle a full line of both new and used Mobile Homes of all sizes and types.

For friendly, cooperative service and workmanship that is unequalled, you're invited to try Matteson Body Shop in Willard.

## Argyll is floor specialist

Complete installation service of custom floors and walls, is the specialty of the Argyll Shop, 22 North Gamble street, Shelby, Tel. 4-1461.

Argy whole inlaid linoleum, asphalt tile, rubber tile, plastic tile, Congowall, formica, rubber base, rug borders, printed linoleum, rugs and carpeting, wallpaper, Wall-Tex, Vellspur paints and varnishes, window shades, veneer blinds, window accessories, metal or canvas awnings, electric fixtures and small appliances — Argyll's got 'em.

It's the objective of the Argyll Shop to acquaint every potential purchaser with the type of floor and wall covering best suited to his individual needs, and provide it at the most reasonable cost. Carpets, rugs, linoleum, resilient tile and other floor coverings lose their greatest value when improperly used. Unless you've

shopped for floor coverings recently, you've no idea what progress has been made in this field. Patterns are designed to enhance and beautify every type of interior, with no sacrifice of practicality, when selected in the right materials.

With more than 20 years experience Thomas H. Houpt, proprietor of The Argyll Shop, is well qualified to help you purchase every type of floor and wall covering.

Beautiful samples of work done in the past by The Argyll Shop can be seen hereabouts (call Mr. Houpt to see where), time tested for both quality of workmanship and materials. With this complete installation service you can achieve a professional application of the materials you select, and a finished job that will give you lasting pride, satisfaction and value.

**PAYMENT OF TAXES IS**  
connected with the weather, Huron County Auditor Bernard F. Kean said this week.

"Rainy, stormy days prove to be the busiest in this office," Kean said, speaking of personal tax returns. "Pleasant and warm days and Wednesday afternoons are the least busy," he added.

And queuing up isn't so netesomes as you'd think. "Many seem to enjoy," the veteran auditor said, "the long waiting lines, the bustle of the working force, the whirr of business machines."

Fifty-one per cent of taxpayers waited until the last 10 days before filing their returns last year, Kean said.

An even bigger rush is anticipated this year.

# Red nine sets 11-game slate

Eight lettermen are among a squad of 16 candidates for Coach Bill Flaherty's 1960 edition of the Plymouth High school baseball team.

An 11-game schedule opens here Monday against Willard's Crimson Flashers.

"We figure to be weak in the batter's box," Flaherty said Monday, "but otherwise we should have a pretty good club."

Experienced pitching and catching and a sound infield will mark the Big Red outfit this season.

Billy Strine and Steve Patterson, senior lettermen, are available for righthanded duty. Ray Sims, a southpaw, is a senior with little experience but considerable promise. Jess Hammann is another starboarder.

Gene Palmer will wear the mask.

Dick Bookwalter may have first base locked up, although he is not a letterman. Dayton Reed, a monogram winner, will doubtless play second, Jim

Russell, another letterman, shortstop Strine and Patterson are likely to alternate at third.

Craig Hornby and Walter Butler are lettermen outfielders.

Others reporting to Flaherty on the Shiloh blacktop are Dale Keesy, a shortstop; Fred Christian, an outfielder; Jim Hammann, Allen Arnold, Gary Brumback and Bob Guiteras.

The schedule:

April 11, Willard, here; 12, Madison, there; 20, Ontario, here; 27, Lucas, there; 29, Caledine, there;

May 2, Willard, there; 3, Madison, here; 4, Ontario, there; Lucas, here; 13, Shelby, there; 19, Shelby, here.

All games will start at 4 p.m.

Flaherty reports he is endeavoring to arrange a home-and-home schedule with South Central.

By THE OLD TIMER

Huron County Clerk Dana W. Call said nothing doing, he won't be an agent for the issuance of Only's boat and motor licenses. He wrote the Ohio Department of Natural Resources in his office, he thought enough to do without taking on this task, which he said would be non-revenue earning. "If we got the fee, it would go to the state treasurer," Call said.

Bureaus at which boat owners can obtain the licenses are listed thus:

Crawford county: Lakewood Sports center and Crawford County Automobile club, Bu-

ckley; Eric county: Huron Marine Park, 422 Huron street, Huron; Al's Boat house, 439 East Liberty street, and Romp's Water Port, Vermilion; Brown's Beasts, Foot of Columbus avenue; Al's Boat Livery, 2312 River avenue; Mac's Outboard Sales, 2340 River avenue; Brinker's Boat Sales, 2001 Columbus avenue; Eric's Marina, 2013 First street, all in Sandusky; Miller Marine Service, Kelley's Island;

Huron county: Norwalk Automobile club;

Richland county: Charles Mill Lake Boat Livery, Vern Jones, 237 North Mulberry street; Mitch's Marine, Center and Orange; Hart Wood Service, 700 Grace street; Lake Way Marina, 1259 Lucas road; Doc Sawyer's Marina, all in Mansfield; Ralph Statler, Clearfork Reservoir.

High school sports got a black eye last week when two Westfield High school stars, Mike Ferrell and Bob Garner, were arrested and bound over to the Medina county grand jury on a charge of seeking to do bodily harm to a 15-year-old boy by setting fire to him.

Huron Valley Bowmen will stage a shoot at their range Sunday.

Registration is from 12:30 to 1:30 p.m. Spectators are welcome.

In the league shoot at Mt. Vernon Sunday, Mrs. Paul Kale took first place in her class. Eighteen members of the local club attended the meet.

It's easy  
to have a  
"Smooth"  
party line

In teen-age talk this means  
that her home has a line where  
everyone gets an equal chance  
to make and receive calls.

All it takes to have a  
"smooth" party line is com-  
mon sense and a little courtesy.  
By using the telephone shari-  
ngly, keeping your calls brief  
and by giving up the line in  
case of an emergency, every-  
one on the party line gets  
better service, including you.

## NOTICE TO CONTRACTORS

Sealed bids will be received by the Village of Plymouth, until twelve o'clock noon, Eastern Standard Time, on the 26th day of April, 1960 at which time all bids received will be opened and publicly read aloud for the project "A Municipal Building for the Village Council, Plymouth, Ohio, Huron County".

All materials and labor to be furnished and performed shall be in accordance with plans and specifications prepared by Thurman J. Peabody, Norwalk, Ohio, Architect for the Village Council.

All bids shall be made and will be considered in accordance with the Revised Code of Ohio. All bids shall be in compliance with Instructions to Bidders and be on blank forms furnished by Clerk or the Architect, and enclosed in an opaque sealed envelope addressed to the Clerk of the Village of Plymouth, Huron County, Ohio and marked on the outside "Bid for Municipal Building" together with name of bidder.

Bids must contain the names of every person interested therein and shall be accompanied by either a satisfactory bid bond executed by the bidder and a corporate surety company, or cash, or a certified check on a solvent bank in Ohio, in the amount of not less than five per cent (5%) of the base bid plus the highest alternative affecting the bid. Checks or bonds shall be drawn in favor of the Village of Plymouth, Huron County, Ohio.

A corporate surety bond for one hundred per cent (100%) of the amount of the contract will be required on all contracts.

The bid bond or check with a bid will be held as a guarantee that if the bid is accepted a contract will be entered into with its performance secured by an acceptable contract surety bond. Bid bonds or checks will be returned to bidders after the contract has been entered into and secured by a satisfactory performance bond. No bid may be withdrawn after the scheduled time for closing bids for a period of thirty (30) days.

The attention of bidders is directed to Ohio Statutory requirements relative to employment, wages and hours, and licensing of corporations organized under laws of other states. All Federal and State regulations affecting this work must be complied with by contractors.

Copies of plans and specifications and instructions to bidders, will be on file with the Clerk and in the office of Thurman J. Peabody, Citizens Bank Building, Norwalk, Ohio, where they may be seen during business hours until the date for closing bids. Subject to available supply, plans and specifications for estimating purposes may be taken from the Architect's office upon the deposit of twelve dollars (\$12.00) for each set so procured. Ten dollars (\$10.00) of this deposit will be returned to actual bidders upon return of plans in good condition within five days after closing date; no refunds for deposits will be made if plans are not returned within time limit stated.

The Village Council of the Village of Plymouth, Huron County, Ohio reserves the right to accept any bid, or parts of any bid, or to reject any or all bids and to waive any informalities in bidding.
