

# Council opts for lagoon because costs smaller

After 13 years of relying upon sanitary sewer engineering studies financed by the federal government, and three defeats at the polls, village council decided Tuesday night to change horses.

In a special session called for the purpose, the council — four of the members, anyway, the other two being absent — accepted representations made to it that the lagoon system of sanitary sewer treatment is efficient, feasible and cheaper than any other.

Savings of up to 40 per cent in the estimated cost of \$636,000 for an activated sludge treatment plant and conduit system impressed the council, which heard a report by Councilman Elmer E. Markley of what has been done at Desher.

If it is legally possible to do so, the council said it intends to dismiss its engineering consultants, Alden E. Stilson Associates, Ltd., Columbus, and to obtain other advisers. Essentially, what the lagoon

system involves is this:

1. A large pond, perhaps 20 acres in size, generally north-east of the village, maybe as far as a mile from the corporation line, into which raw effluent collected in the village would be dumped for the inter-action of the atmosphere and nature. The resultant lagoon would be inoffensive, about 95 per cent free of pollution, become a haven for waterfowl and fish.

2. Elimination of expensive sanitary engineering help to operate the activated sludge system. The savings, the council said, would amount to \$250,000 over 25 years.

3. Installation of multiple interceptor lines, thus enlarging the scope of likely federal participation (federal funds are available for plant and interceptors, not laterals), and elimination of special assessment to finance the system.

**THE CHANGE IN PLAN** comes about 40 days before the general election. Whether a plan suitable for considera-

tion by an informed voter can be devised and presented to the public in time for the election, the council admitted, is debatable. "But we owe it to the people of the village to see if there isn't some cheaper way to achieve our aims," Mayor William Fazio said.

The council's attitude came about after publicity in a national magazine told how another community has adopted the lagoon system and after a citizen's committee visited Desher, a village of 2,000, where the system was installed for \$325,000, disbursed thus:

Cost of lagoons \$98,500  
Cost of pumping station 48,500

Cost of sewers 178,000  
Carl H. Gerken, an engineer of Napoleon, who was consultant on the Desher project, met with the council to explain its details.

He is Henry county engineer as well.

## Chest tightens up, cuts goal to \$3,075

Adverse economic conditions apparently have prompted directors of Plymouth Community chest to set a lower goal than last year for the fourth annual chest drive.

Goal of \$3,075 was set despite the fact last year's drive went over the top, albeit later than the closing date of the campaign. A belated contribution received long after the drive closed enable the chest to surpass its aim of \$3,425.

A check for \$250 was thereupon sent to Plymouth branch

library, making its total receipts for the year, so far as chest funds go, amount to \$425, more than any participating agency save the Salvation Army and the American Red Cross.

Because there "is some prejudice against some agencies receiving more than others, notably the American Red Cross, which isn't very popular here, and the Boy Scouts, who have to send all their money out of town, this year the amounts to each of the nine participating agencies won't be broken down," directors said.

The nine agencies are Salvation Army, Girl Scouts, Boy and Cub Scouts, American Red Cross, Plymouth Branch library, Plymouth High school band, Mary Fate park, Plymouth Midget league.

**Church school to start**

Weekday church school will begin Wednesday at 3:30 p.m. in First Evangelical Lutheran church. Two classes will be held each week in the parish house.

Mrs. H. James Root, in charge of the program, says letters will be sent to each parent next week stating the time for the various classes, designed for children in the second through the sixth grades.

have been left out.

Letters to each household in Plymouth and Plymouth route 1 will be addressed by workers under direction of Jack E. McQuate in the elementary school Oct. 11 at 7 p.m. Volunteers will be welcomed.

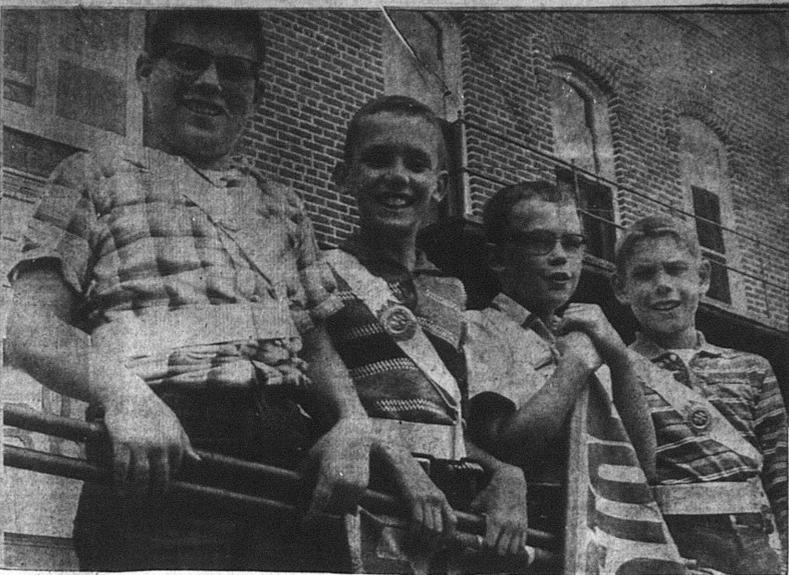

## Amish girl killed by kick of horse

A seven-year-old Amish girl died of a fractured skull en route to Shelby Memorial hospital Sunday afternoon, victim of a bizarre accident.

Ada Raber, daughter of the Abraham J. Rabers, Green-wich route 2, was riding in a buggy with her parents and her brothers and sisters. A passing motorist sounded his horn. The horse shied, kicked its hind legs and struck the girl in the head.

The child was riding on the front seat of the buggy between her parents. Another motorist rushed her to Shelby. State highway patrolmen overtook him en route and completed the trip but she was dead on arrival.

Her younger sister, one-year-old Katie, was injured when she was thrown against the buggy by the commotion.

**GUARDIANS** of pupils crossing Public Square, schoolboy patrol at 3:10 p.m. these days is led by Lieut. David Root, third from left, whose cohorts are David Moore, Carl Hass and Steve Courtright.

## Golden Agers to hear talk on social security

Plymouth Golden Agers will hear Joseph Murda, manager of the Mansfield social security office, at 7 p.m. today in First Presbyterian church.

A pot luck supper will be served at 8 p.m. A short program of group singing is being planned by Mrs. L. R. Fetters.

Persons needing transportation to the church are asked to call Mrs. Roy Hatch.

## Mrs. Bly, 87, dies; mother of C. C. Bly

Mrs. Mary A. Bly, 87, died Sept. 21 in Shelby Memorial hospital.

A long-time resident of Franklin township, she recently resided with a son, Clarence, Ganges.

Two other sons, Ralph, Shelby, and James, Mansfield, two brothers, Alfred and Morris Fackler, Shelby, and three sisters, Mrs. John Ryland and Mrs. M. C. Price, Shelby, and Mrs. Walter Waldruff, Cleveland, also survive.

The Rev. Carl Grimm conducted last rites from Mrs. Bly's church, Ganges Reformed, Saturday at 2:30 p.m. Burial was in Oakland cemetery, Shelby.

## Greenwicher, 91, leaves 124 kinfolk

A 91-year-old Greenwicher woman who died Friday in Willard Municipal hospital left 124 survivors, among them a son, Stonewall Oney, Shiloh.

Mrs. Annie Oney was born in Kentucky but lived most of her life in Huron county.

Three daughters, two sons, a brother, a sister, 41 grandchildren and 75 great-grandchildren also survive.

Last rites were conducted by the Rev. Kathleen Pugh, Ripley Pentecostal church, Monday at 3 p.m. Burial was in Greendawn cemetery, Greenwich.

A Plymouth freshman, Margaret Dawson, left, got notice of Ashland Times-Gazette photographer as she took conducted bus tour of city, part of fresh orientation at Ashland college. With her, Nancy Williams, Elyria, and Mac Stouffer, Ashland Chamber of Commerce representative.

## Horse show planned

Rawhiders Horse show will be staged at 1 p.m., Oct. 2 at the VFW park, Route U.S. 250 north, Norwalk.

## Red favored to scuttle Pirates

A season record inferior to its best will not prevent Plymouth's Big Red from the favorite's role at Spencer Saturday.

Coach Lew Pettit's crew meets Black River's Pirates, with an 0-1-1 record, in a North Central conference encounter at 2 p.m. EDST.

The point differential figures to be nine.

The Big Red will not be at full strength for this one. Phil Stone, veteran center, was carried from the field Friday night and hospitalized at Willard, where he was found to have a cracked vertebra. He will be out for the season.

Jim Fetters, burly tackle, is apt to be lost for the Black River game. He was either kicked in the neck or walked under and likewise spent Friday night at Willard.

utilize Dave Houston to replace Barbour.

Ben Root's absence Friday night, owing to an ear infection, was costly, Pettit said Monday.

**HE ATTRIBUTED MUCH** of Friday's poor last haul showing to lack of condition among the heftier players. "Let's face it," he said, "until the bigger boys shed that adolescent fat, it's going to be hard for them to put out all the way all the time."

The Pirates do not figure to be tough. Saturday's tie with winless Milan — and the Indians have never won an interscholastic contest — was described by some Plymouth scouts as "a poor football exhibition, the poorest we've seen this year."

Another scout said, "If we're going to win any games this year, I'd say we'd win against Black River and Milan." But Pettit doggedly held his view that his team is coming along steadily, he hopes to win, but won't predict anything.

Probably starting lineup, offensively, for the teams Saturday:

- PLYMOUTH**  
Van Loo, Lewis, ends  
G. Fletcher, Root, tackles  
Houston, F. Fletcher, guards  
Barbour, center  
Reed, quarterback  
Carter, Russell, halfbacks

- BLACK RIVER**  
Clifford, Blessing, ends  
Wacker, Liederoff, tackles  
Garn, H. Van Meter, guard  
D. Van Meter, center  
Stewart, quarterback  
McMillan, Pfeiffer, halfbacks  
R. Van Meter, fullback

# You can't stand still

Results of the 1959 farm census reported recently demonstrate clearly what's happening to the economy and the society, in which we live.

Towns such as this one grew up because they were supply centers for the folks who lived on family farms. The fact is there are fewer family farms than ever. Take Richland county, for instance. In 1954 there were 2,097 family-size farms in the county. Today there are 1,543. And of these, 327 are operated by persons over 65 years of age.

The merchant who holds the line and makes no change in his way of doing business is simply not being sensible. Times have changed and people have changed. His customers are a different breed of cat. Factory workers tend to buy with different habits and different needs, and most importantly, in different places, than farm dwellers.

These data and others supplied by experts who've studied the 1960 census give strong argument to the premise that small towns as such are doomed. The population is kinetic, rather than static; it prefers to move, to travel to do its shopping, to find its entertainment.

To hold his customers, the town merchant has to engage in activities that previously he scorned, or paid no mind to.

One of them is beautification. Not only of his store, but of its surroundings. Studies have shown a strong connection between shape and size of building and size of business volume. Remodeling of many stores is essential.

Another is service. Not necessarily repair of the thingumabob that was bought in his store and is now broken but service of broader nature. Getting what the customer wants, bringing it to him at a competitive price, so that it is not profitable to go 30 or 40 miles to buy the same item cheaper, and vigorously advertising and merchandising that item so that it can be sold in such volume as to reduce the price.

Overhead in city stores is higher than in small town stores. Assuming the need to eat doesn't differ, the storekeeper in the big city ought not to be able to furnish the item so cheaply as the small town counterpart.

And a third is the scouting of new industry, to furnish jobs at home for these folks who're no longer able to survive on the family-size farm.

In this he must show leadership and vigorous effort. But he is also entitled to the comfort and support, equally vigorous, of the consumer.

Because when the merchant fails, or reduces his business volume, he cannot shoulder that share of public cost, such as education, municipal services, roads and the like, that he is now carrying. And when he cannot, consumers must either take up the slack or curtail their wants.

Let's face it: people simply don't curtail their wants in the public sector, and not very much privately. How many out of work, with reduced income, have given up their luxuries? Such as cigarettes, liquor, television, automobiles and the like?

Coping with the change in society and economy is a tough task. The merchant must do it or perish. But when he perishes, something vital goes out of the community: his ability to pay into it more than he takes out of it, primarily.

Economists have learned that reversing an economic trend requires stupendous effort and great expenditure. Are small towns geared up to cope with this? Are small town banks able to meet the need without revision of the statutes about collateral and down payment?

After careful study of what faces us, we're absolutely convinced there is but one way to proceed:

1. Get our own house in order.
2. Delegate responsibility to one or two trustworthy people and let them tackle the scouting of industry problem full-time.
3. Provide them with resources with which to attract that industry.

Being a periodic, but irregular, presentation of human interest stories that come to the staff's attention yet seem for one reason or another not suitable for treatment elsewhere in the paper.

Madam, if your husband is in the pokeny, forget about seeing him save on Wednesdays. Huron county jail visiting hours have been altered. Prisoners may be visited between 2 and 4 p.m. or 7 to 9 p.m. Wednesdays only, Sheriff Elouise Broome announces.

The Rev. Robert F. Hall will be one of 700 official delegates to the 22nd biennial convention of the United Lutheran church in Atlantic City, N. J., Oct. 13-20. He is a representative of the Ohio Synod, one of the 32 constituent synods of the United Lutheran church, whose 2,500,000 members make it the

largest Lutheran church body in North America. The convention delegates will be asked to decide whether the United Lutheran church will join three other Lutheran church bodies in the largest Lutheran merger in American history. READ THE ADVERTISER

## Two houses burglarized

Burglars ransacked the homes of Mr. and Mrs. Jack Reynolds, in Route 603 a mile west of Shiloh and Mr. and Mrs. James Brooks in Bowman street road, while the families were absent Sept. 21.

Musical instruments, electrical equipment and other valuables were taken. When Mrs. Brooks arrived home around 3:30 p. m. she found many items missing and a baseball bat left on a bed.

The Brook home was locked but was entered through the garage.

The doors to the Reynolds home were closed but not locked.

Home of Mr. and Mrs. Emory Yarger at Shenandoah was almost completely destroyed Monday.

Propane gas, stored in outside tanks, was blamed for the damage. The explosion knocked out the walls of the house, although neighbors succeeded in putting out the fire.

The Yargers were treated by a physician for shock and minor burns.

Martha circle will meet Tuesday afternoon with Mrs. Cloyd McQuate.

Mrs. Gladys Dawson will be hostess to the Mary circle Tuesday evening.

Sewer rates in Deshler are \$1 minimum for the first 1,000 gallons of water used, 25 cents per thousand for the next 24,000 gallons, 10 cents a thousand for water in excess of 25,000 gallons.

Deshler obtained a special grant from the Ohio legislature of \$50,000 and \$45,000 in a federal grant.

### Loaded for trouble?

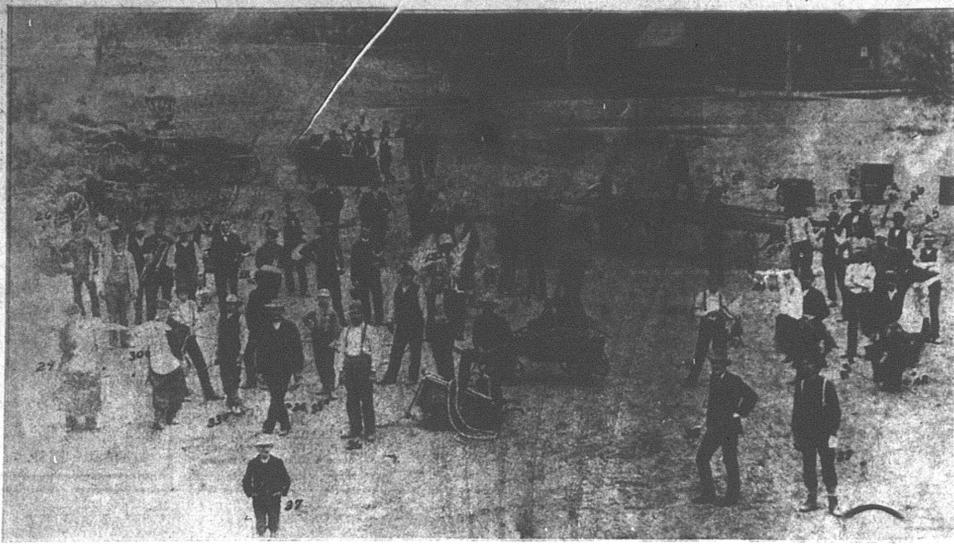

To the youngsters, a drive with the gang is great fun. But driving is serious business, too. Last year, nearly 40,000 people died in traffic accidents.

—many of them killed by drivers whose minds weren't wholly on their job. So stay alert every minute when you drive. Keep driving fun—and safe!

Help stop senseless killing on our highways. Drive safely yourself. Insist on strict law enforcement for your own protection. Work actively with others to support your local Safety Council. Remember—where traffic laws are strictly enforced, deaths go down.

Something? There are lots of things we all can do about our local schools! First of all, we can attend school board meetings and discuss problems with the board members we've elected. We can go to Parent-Teacher Association meetings and work directly with the teachers we've hired. And we can form other community groups to aid in solving specific situations

—new bond issues for building or repairing, for example.

In short, we can have the schools we want—if we're willing to work personally for them! The way to start is by writing—today — for a free booklet aid other helpful information. Send your card or letter to *Better Schools, 9 East 40th Street, New York 16, New York.*

## USCG to receive applications to get post in academy

Competitive examination for entrance to the U. S. Coast Guard Academy, New London, Conn., will be given Feb. 20 and 21, 1961. Young men who qualify for this four-year course receive a commission as a career officer in America's oldest sea-going service and a bachelor of science degree.

"There are no appointments or geographical quotas for entrance to the Coast Guard Academy," Rep. A. D. Baumhart, Jr., announces. "I urge all qualified young men to write for details and application to Coast Guard Headquarters in Washington, D. C. Applications must be post-marked on or before Jan. 10."

A candidate for the Coast Guard Academy must be single, must have reached his 17th but not his 22nd birthday; by July 1, 1961, and must be in excellent physical condition. A high school diploma is the minimum educational requirement, although high school seniors assured of being graduated by June 30 are eligible to take the examination if they will have at least 15 credits by that time. All applicants must have three units of English, two of algebra and one of plane geometry by graduation.

Robert E. Hampton, Woodbury, N. J., has been given an outstanding rating at the Air Force Clothing and Textile Stock Fund office in the Philadelphia Quartermaster center.

The award, presented by Lt. Col. Robert L. Paleis, chief of the office, was given to Mr. Hampton for his outstanding work as an inspection specialist.

A veteran of 10 years government service, Mr. Hampton has been employed at the center since 1958. Before that time, he worked at the Shelby Air Force depot.

He and his wife, Phyllis, have two daughters, Cynthia, 10, and Sandra, eight. Mr. Hampton's parents, Mr. and Mrs. Richard Hampton, reside at 6 South street, Plymouth. He is a member of the Richmond Lodge No. 201, F & AM.

# The Big Switch is to Boron!

BORON SALES ARE UP! COMBINED SALES OF ALL OTHER OHIO PREMIUMS ARE DOWN!

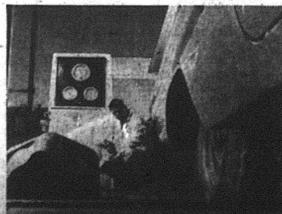

Ohio gasoline sales figures show that sales of Boron® this year increased dramatically while the combined sales of all other premiums went down! Already there have been over a million more sales at the Boron pump this year than last! One of the reasons: more and more Ohio drivers are discovering that Boron is the premium gasoline for economy-minded drivers.

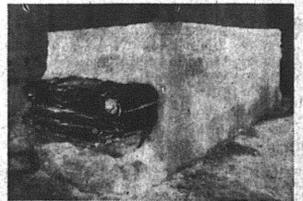

Boron has "built-in" mileage improvers to give every car maximum possible miles per gallon. Combustion control agents reduce faulty combustion that wastes gasoline. And a special carburetor detergent helps clean carburetors and keep them clean to prevent further gasoline waste.

Continued use of Boron can result in fewer repair bills. Boron makes spark plugs perform better... longer. It also contains anti-rust and anti-gum agents that keep fuel systems in trouble-free condition.

There are many other ways Boron gives you more for your money. Its clean-burning formula is changed twelve times per year to match changes in Ohio's weather. Result: easier starting, better acceleration and faster warm-ups. Boron prevents rough idling and stalling due to carburetor icing. And in winter Boron

contains famous Ice-gard® that stops costly fuel line freeze-ups before they stop you! So to get the most value for your gasoline dollar, join the big switch to Boron!

## Max Smith ends Navy's boot drills

Max W. Smith Jr., son of Mr. and Mrs. Max W. Smith, Plymouth route 1, was graduated from recruit training Sept. 3 at the Naval Training center, Great Lakes, Ill.

The graduation exercises, marking the end of nine weeks of "boot camp", included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

William Eugene Strine, son of Mr. and Mrs. Wayne H. Strine, 145 Maple street, has reported for recruit training at Great Lake, Naval Training center, Ill.

A 1960 graduate of Plymouth High school, he enlisted for training in the aviation field.

MAKE 3 LONG DISTANCE CALLS FOR THE PRICE OF 2 Use Direct Distance Dialing

Long Distance telephone service is economical anytime. But when you use Direct Distance Dialing which takes station-to-station rates, then it's down right cheap. Actually you can make three calls for the price of two. Not only are the rates lower, but calls go through faster when you use Direct Distance Dialing.

NORTHERN OHIO TELEPHONE COMPANY

# O. T. laughing at detractors

Those who decried the new recruitment rules in the Big Ten conference don't look so well this week.

Despite the calamity howling, the nation's top conference did right well for itself in inter-sectional play.

Eight of the 10 schools met non-conference opposition and rolled up 70 points to 73. Only two of them were tied — Michigan State, by Pitt, and the Spartans clearly outplayed the Panthers, and Purdue by UCLA.

Two clubs, Illinois and Indiana, the Hoosiers a sort of conference black sheep this year, played each other in a conference match that didn't count.

But Iowa topped Oregon State, Michigan did in Oregon, Minnesota walloped Nebraska, Ohio State whipped Southern Methodist, Northwestern showed it may be the class of the league by downing Northwestern, 19 to 2, and Wisconsin, passed the ersatz of Stanford, 24 to 7.

They start separating the men from the boys this week, with Iowa at Northwestern the big one.

The Wildcats will be favored by plenty.

**THE O. T.'S BELITTLERS** can stew in their own juice for a spell. Old Casey brought his Yankees home in front, despite the fact they're a mere shadow of the Yankees of old.

Thirty-three years ago, Murderer's Row — Ruth, Meusel, and Gehrig — saved the Bucs with a tremendous display of home run hitting in batting practice and took Donie Bush's NL champs four straight. Paul Waner and his brother, Lloyd, were the big guns of the Bucs. Paul was MVP of the NL that year. Gehrig had won similar honors in the AL. Miller Huggins' crew had a 110-44 record that season.

For what it's worth, the O. T. looks for Casey to win this one in seven.

# Red folds in second half, loses to Berlin Heights by 20 to 12

Plymouth's Big Red folded up like a tent in the second half here Friday night and lost a North Central conference game to Berlin Heights, 20 to 12.

Harold Linden, co-captain of the Tigers, scored all of the visitors' points in a sensational second half performance.

Plymouth held a half-time lead of 12 to 0.

And it enjoyed, if that word is suitable, the advantage of the statistics. The Big Red out-gained Berlin Heights, 193 to 145, on the ground, and 49 to 0 in the air. It out-first-downed the visitors, 15 to 11.

But this was not to be Plymouth's night. It began to become clear this was so midway in the third period.

The Big Red, sporting a 12-point lead, penetrated to the Tiger 28 before running out of gas and downs. Linden and Robertson advanced to the Plymouth 46, where a 15-yard holding penalty set the Big Red back on its heels. Monty Harris failed to complete a fourth down pass and the Tigers gave up possession.

Four plays later, on first down fumble by Jim Russell, the Tigers were back on the ball, this time on the Red 39.

**LINDEN ALMOST SINGLE-HANDLED** ran it in for the TD, on jaunts of 18, nine and 18 yards before poking through from the two. Harris' pass for Leimbach was smeared.

The Red retreated steadily after the next exchange until Linden fumbled on its 28. A Plymouth recovery seemed to have the Tiger halted. But the offensive blocking that was so effective in the first half simply was not there in the second. On fourth down, Phil Stone, who was recovered on a stretcher late in the game, sought to punt. Ron Johnson blocked it and recovered for the Tigers on Plymouth's 23.

It was short work for the visitors thereafter. Aided by a personal foul penalty of half

the distance to the goal line, the vaunted Linden made the last 10 yards off tackle. He rounded right end for the PAT.

Three plays later, after John Hensley had kicked off and two plays had lost seven yards, Dayton Reed sought to pass from his 20. He was swarmed under, Berlin Heights recovered and in four plays the Tigers had another score. Linden walked on Dan Carter's head for this one.

The first half was all Plymouth. Thirteen plays after the kickoff the Red moved 77 yards in 12 plays to get its first TD, scored by Reed on a roll-out play which covered 21 yards. Two jump passes to the left end, Ker. Van Loo, who was to have a sad last half, were key gainers in the push.

A PAT pass to Van Loo for the PAT failed.

**WITH FOUR MINUTES** left in the second period, a poor punt from a poor snap from center rolled dead on the Red 47. Seven plays later, after Dan Carter had contributed 19 yards around left end, Reed pitched out to Carter and netted the second TD.

Reed's poke over guard failed for the PAT.

Plymouth gained 148 of its total yards in the first half, rolled up 11 of its 15 first downs and completed two of its five passes.

The Tigers were a mere semblance of a Spec Sanders-coached team in the first half. Sanders had something to say to them at the half and say it he did.

The results were apparent from the outset. The Tigers began to block and Linden was a true Tiger on offense.

Neither team punned very well, although Stone's first boot carried 48 yard from scrimmage. It was his second, and fatal, one that reduced his average so drastically.

NOTICE BY PUBLICATION OF ACTION FOR DIVORCE AND DECREE TO ADJUDICATE PROPERTY FOR ALIMONY. Carmel J. Hall, whose last-known place of residence is the Village of West Salem, State of Ohio, and whose present place of residence is unknown, hereby gives notice that on the 22nd day of August, 1960, she undersigned, filed her petition against him in the Court of Common Pleas, Domestic Relations Division of Richland County, Ohio, praying for a divorce, alimony, and relief, on the grounds of willful absence and gross neglect of duty.

It is alleged in said petition that the said Carmel J. Hall is the owner of an un-divided One Half (1/2) interest in the following described real estate:

"Being Lot Number Two Hundred Twenty (No. 220) of the consecutive numbers of lots in the Village of Shiloh."

The said plaintiff, Esther Hall, in her petition prays that said real estate be appraised and awarded to her as and for alimony or part of alimony due her based upon a previously entered separation agreement entered into between the plaintiff and this defendant.

Said cause will be for hearing on and after the 29th day of September, 1960.
