Village's 146th Yule to begin Sunday with candle services

Plymouth's 146th Christmas will be heralded here Sunday morning and evening, when Christians unite for worship and prayer.

Roman Catholic services in the modest wooden structure in Trux street — probably the last time this house of God will be in use for a Christmas service — will begin Sunday at 6:15 a.m. Masses will follow at 8 and 10 a.m.

A midnight mass will be conducted Christmas eve. Masses on Christmas day will be celebrated on the same schedule as on Sunday — at 6:30, 8 and 10 a.m.

Confessions will be heard Saturday from 3 to 4 and 7 to 8 p.m. and on Sunday from 3 to 4 and 7 to 8:30 p.m.

SHILOH METHODISTS will conduct a Christmas program by Sunday school pupils Saturday at 7:30 p.m. Each class will be responsible for a part of the program. The Rev. Harland Dague will preach Sunday. The scripture reading will be from St. Matthew, 2:1-23, and the text from the first 10 verses. The sermon is titled "A New Light."

Services in Plymouth Methodist church Sunday morning will find the Rev. Mr. Dague laying his text upon Isaiah 53 and St. Luke 2:11, on the theme "Prophecy Fulfilled." Mrs. Daniel M. Henry will direct the junior choir during this service.

Mrs. Fred J. Port will be narrator of a special Christmas program in pantomime Sunday at 7:30 p.m. Davil, Roger and Craig McQuown, Elizabeth Archer, Bonnie Brooks, Leslie Henry, Gail Aumend, Harold Foraker, Judy Willet, James Markley, Larry Shields, Michael Bauer and Eleanor Haas will participate.

Mrs. L. B. Hook will direct the choir during the candlelight service which will follow.

PRESBYTERIANS WILL conduct a candlelight service at 11 p.m. Christmas eve. The senior choir will be featured in the new black robes which were dedicated Sunday. Junior choir will also sing.

The Rev. Moss Rutan will preach his Christmas valedictory at 10:30 a.m. Sunday on "The Presence of a Promise." He has chosen the same Biblical reference as his Methodist colleague.

For the Christmas eve service at 11 p.m., the Rev. Mr. Rutan will speak on "Illumination, Energy, Warmth," relying upon Isaiah 9:2-7 and St. Luke 1:67-80 for his texts.

MRS. ELLSWORTH FORD will sing the celebrated French carol, "O Holy Night," during the candlelight service in First Evangelical Lutheran church Sunday at 11 p.m. "Let Nothing You Dimmy" will be the subject of the sermon by the Rev. John H. Worth. Junior choir will sing "Angels O'er the Field Were Flying."

A 7 lb. daughter, their fourth child after three sons, was born in Willard Municipal hospital Tuesday morning to the Fred L. Buzards.

An 8 lb. daughter, their first after two sons, arrived in Willard Municipal hospital Sunday for the Donald McCoys, 108 West High street.

Pilgrims landed at Plymouth Rock, Dec. 21, 1620.

The contract of the executive head of Plymouth schools was extended at the same salary during an unpublicized session of the board of education Dec. 11, on the eve of a special election on a new five-mill operating levy in which an issue was whether the schools are being efficiently managed it was revealed Dec. 13.

Minutes of the special session disclosed that Maynard J. Coon, who has been executive head here over 10 years, was given a new five-year contract which replaces the existing five-year pact having two more years to run.

No change in his salary of \$8,861 annually was made. The new contract will run to Dec. 11, 1966.

The board's action came with one of its five members out of town and three of them — including the absentee — lame ducks who will give up their seats on Jan. 1. It said it did not wish to publicize the action because it feared there would be adverse reaction at the polls Dec. 12 but wished to express its confidence in Coon.

Judson A. Morrison was absent from the meeting. His colleagues on the board supported the contract extension unanimously.

Crushed by the defeat of the

five-mill operating levy Dec. 12, the board considered how to cut costs. These include:

1. Charges for use of school buildings of \$10 plus janitor costs by all groups except adult education class and P-TAs.
2. Close all school building to pupil activities at 6:30 p.m.
3. Eliminate all athletic below the ninth grade.
4. Eliminate special increments to teachers for class plays yearbooks and such.
5. Employ only one music teacher for the high school and junior high school.
6. Reduce the number of athletic workers to three each receiving a salary increment of 10 per cent.
7. Eliminate all dances after athletic contests.
8. Cancel all field trips where expenses are involved.
9. Charge a cafeteria utility cost of one cent per day to those who eat at the school buildings.

THESE SUGGESTIONS are aimed at the extra-curricular program and will save on the utilities as well as teaching hours.

Curricular savings suggestions include:

1. Elimination of classes with less than 26 pupils in the elementary schools. Approximately three teachers could be

saved, although it aggravates transportation problems.

2. No bus transportation for pupils who live within a mile of the building they attend.
3. Eliminate completely the driver education program.
4. Eliminate high school subjects where the enrollment is low unless the course is required by the state board of education.
5. Eliminate art from the junior high school.
6. Eliminate physical education from the elementary schools.
7. Cut the Plymouth Elementary janitor to 10 months.
8. Cut the night janitor at the high school to nine months.
9. Assign the senior custodian at Shiloh all school grounds responsibility during June and July.
10. Do not employ a head bus driver, give all bus responsibilities to each driver.
11. Recalculate laboratory costs and set student charges at actual costs of materials.

THE SUGGESTED SAVINGS. Coon pointed out, cannot be put into effect immediately because of teachers' contracts. Most of them, he said, bring up problems in themselves. A course such as art with a high enrollment costs no more than the same number of pupils in a super-

vised study hall. Cutting janitor services in the long run will tend to lower the maintenance program of the buildings. Cutting classes of low enrollment will most likely remove third year language, art, and industrial art classes, which will reflect on scholastic achievement of pupils.

Member Donald Markley asked the board to take no action until the three newly elected members are seated on Jan. 2 at the organizational meeting. The 1962 budget has not been returned from the auditor. Until it is received, the board is not certain just where it stands financially.

Donald Dawson, a newly elected member, said under no circumstances can the board afford to let the curriculum or the buildings go down hill. He thinks with further study it is possible to find ways to save the \$50,000 which is not forthcoming.

The board approved its share of \$427.86 for a handicapped child residing in the district to attend special classes in Mansfield. The total cost of the class is \$1,017, and the county bears the remainder. The parents provide the transportation each day.

Approval was given for the purchase of shades and blinds for the new high school addi-

tion from moneys derived from the building fund.

Mrs. Kenneth Myers, clerk reported state foundation monies have arrived late, but she is able to pay salaries, utilities and have about \$1,000 left for bills held over since October.

Bright spot of the session was Coon's report of a study made at Shiloh Elementary school by Principal John Fazzini, comparing the local results of the Iowa test of basic skills with the national average. The seventh grade was three points above the national average, the fifth grade equal to it, and the third grade two points ahead. This, Coon pointed out, shows local teaching effectiveness is above average.

A former Plymouth resident, George H. Watts, has sold the Vagabond Trailer court at St. Petersburg, Fla., for \$325,000, reported by St. Petersburg Times of Nov. 30.
Watts and his wife, Kathryn, disposed of their interest to the Sunland Corp. for what he said was \$35,000 down and \$270,000 in first mortgage.
The trailer court, the newspaper says, contains 169 trailer spaces, a recreation hall, laundry rooms and a shuffle board court. The Wattses have owned the court six years.
They leave today from Florida for 100 days in Hawaii.

Big Red comes close at Butler

There are signs this club basketball ere long. will begin to play winning Outplaying undefeated But-

ler in the last half there Friday night, the Big Red came within two points of upsetting the county and conference leaders. It took an overtime to produce a Bulldog victory, 55 to 54.

Roger Van Loo canned a field goal with two seconds on the clock to tie it up at 50.

In the overtime, Dick Wharton and Orval Oyster hit from the floor and Gerald Meeeks' penalty shot with half a minute left won it for Coach Gordon Shipley's outfit.

WHARTON SCORED 24 for the Bulldogs. Frog Hughes had 12 to lead Plymouth, which scored 18 points in the final period for its highest output of the season so far. Plymouth outshot Butler from the floor.

The Big Red again did poorly from the penalty line, bagging only 12 of 21. Butler did no better, with 17 of 32.

Plymouth reserves again took it on the chin, this time by 27 to 13.

Ever Hear of FLAME GEOMETRY?

Look at one of your drinking glasses and notice how the lip, in most instances, is rounded to a smooth, safe surface. It has been made that way by using natural gas as a basic fuel in a delicate finishing process that involves industrial "flame geometry". ■ "Flame geometry" is regulating the size, shape, and stability of gas flames to perform exacting heating operations. ■ When drinking glasses are heated by gas to the proper temperature the sharp edges flow into curved surfaces, and are set to a high polish ... with rounded safe surfaces. ■ Because gas is versatile, because it is

controllable, there is virtually no limit to its industrial adaptability. Natural gas is now used for 26,000 separate industrial applications as a fuel, tool, and as a chemical raw material.

Letters to editor rap voters' ignorance

The refusal to vote for the 5-mill school levy, I believe, shows lack in the education of the voters. The majority of voters, I am sure, attended Plymouth High school at one time, and I am sure they must feel as I do — that they had not received an adequate education upon graduation. This fact may not have been realized till many years after.

We, as parents, usually want for our children what we could not have as children. Then, why not give it to them? Give them the very best as possible — in all school activities and education and teachers.

It is a known fact that our country is behind in education as compared to many countries — Russia being one. We don't want them to outsmart us. This is as one town to another, bit to help this wonderful, free America, give your children an education. This also applies to the people who have no children of their own or no children in school, because the children in Plymouth are the children of Plymouth, and the adults of tomorrow.

I graduated Plymouth ten years ago, and the advances in those ten years are tremendous, as I can see by present day graduates, my brother among them. Don't let these advances slip back ten years.

I feel that I received an inadequate education. This made it difficult in college, and in my many dealings with many people, I never learned how to study. And it is the how to that is important.

Having been a renter, and now a homeowner, I will always vote for a school levy. I want to give my children and my neighbor's children the very best in education, and make their school better than anyone else's.

Why am I now interested in Plymouth? Because I am from Plymouth, and want to remain proud of a progressive town, and not be ashamed to talk about a defeat in the school levy.

Yours truly,
Penny Christian Rammer

Cook amplifies reasons for action by board

To The Editor:
This concerns the so-called secret meeting at which Mr. M. J. Coon was extended a five year contract.

First let me say this was not a secret meeting in any sense of the word. The members of the board were notified by letter Friday, December 8th. The newly elected members were notified the same day by telephone. No one at any time was asked not to mention or discuss the meeting or its purpose.

As to the purpose of the meeting, you are as aware as anyone else, perhaps more so, of the numerous rumors and attacks on Mr. Coon. Some were vicious and some were silly, but all were unwarranted and without foundation.

After hearing them for upwards of a month without let-up it was felt that perhaps they were hurting Mr. Coon's morale, though he gave no indication of it. It was felt that we should make a decision as to our own attitude in the light of these rumors. It was felt that this should be done before the election so that it could not be said that the results of it had any influence one way or another on our actions.

This meeting was held Monday night. It was attended by four members of the present board and two members of the newly elected board. All present members were notified, all newly elected members were invited.

At the same building, at the same time, there was a meeting of the committee concerned with passing the tax levy. At least two people attending

the board meeting sat in on portions of the committee meeting. Had a member of the press or any other interested person been there they would have been welcome to sit in on the board meeting.

It was agreed by all present board members and newly elected board members too, that the best way that we could show our confidence in Mr. Coon and the value we placed on his services would be to offer him a new five year contract. This was done. We are all grateful that he saw fit to accept it.

At no time during the meeting was it suggested that this action be kept quiet until after election or any other period of time. There is your "secret" meeting.

It was not a "Lame Duck" session in the sense that they are usually construed, as two of the newly elected members were there and the third informed of the nature of the meeting and all gave their wholehearted support of our action.

I am not alone in being aware of the tremendous advances we have made in the Plymouth School District in the past few years. A very large amount of that credit is due to the diligence and hard work of Mr. Coon. To me and to many others he is still "The Man of the Year" as he was acclaimed not so long ago by the Chamber of Commerce.

I challenge everyone in the District who voted against the 5 mill levy to look deep into your hearts and ask yourselves if you can find a better way to spend your money than to educate our children on a higher scale.

In the months ahead Mr. Coon and the new board are going to have make decisions that are repugnant to them and certainly not pleasing to some of you. It would be more honorable and mature to place the blame where it actually belongs rather than to be childish and find a scapegoat.

Though this is a rather long letter, I would appreciate it if you would print it in full. Thank you.

Very truly yours,
David E. Cook, President
Plymouth Board of Education
