

# Sunday shopping

"If you really want to keep Sunday — Sunday vote yes," the Lawson Milk Co. urges in full-page advertisements for its so-called Sunday Necessities Amendment on which Ohio voters will pass judgment Nov. 6.

The statement is absurd, of course, even though the amendment itself, we believe, is sensible.

How you — and everybody else — observes Sunday is a matter of individual choice. If your choice is not to shop on Sunday then it wouldn't make any difference to you whether every store in the state was open. You still wouldn't stop. And if everyone else felt the same way about observing the sabbath, the stores wouldn't stay open very long.

The virtue of the Lawson amendment lies in its spelling out of the products and services that may legally be bought on Sunday. This is necessary to restore some order to the chaotic enforcement situation that exists in a state which obviously intends to cling to at least some vestige of a Blue Law.

Let's face it: These so-called necessities are going to be bought and sold on Sundays, law or no law. If they can't be sold legally they'll be bootlegged. And bootlegging generates side-effects that are even worse than the source.

The Lawson amendment can't and won't be enforced to the letter, either. There'll be violations, ranging from the subtle to the blatant, and enforcement officers in most communities no doubt will be expected to wink at them.

But the list of exempted items is specific enough that at least a semblance of enforcement can be effected in the communities that want it.

The Lawson Co. itself will benefit selfishly from the amendment because milk and milk products are on the exempted list. But opposition to the amendment — financed for the most part by department stores that don't want to stay open on Sundays and by labor unions that haven't been able to organize discount store employees — is, we believe, even more selfishly motivated.

Whatever the outcome, Sunday will continue to be the kind of day each of us makes it for ourselves and our families. The choice is ours, and not even a retailing revolution can change it.

# Hoop-la

A certain amount of hoop-la and pageantry seems desirable in the high school program, although there are many seasoned teachers and administrators who regard it as of little value to anybody and say it is charged with snobism, special privilege and favoritism that are unhealthy.

It's too late to alter the plans here, and we are not sure that we would if we could.

But we have this suggestion: if it's to be a homecoming, why not make it a homecoming?

Careful pains ought to be taken to invite graduates of the school to attend the game with Johnsville, to afford them the special recognition by class, perhaps to assign each player on the squad a member of the first two 11-man football teams ever organized here to escort on to the field and to sit on a special bench.

The only justification for such elaborate preparations and expense — and let's face it, it is expensive; one family we know laid out \$100 for the homecoming celebration last year — is to develop good will for the school. One way of doing it is to entice alumni to support the school's needs. A painless method to do just this is to make a special effort to attract alumni to the celebration, to make them feel welcome, and to show them there's more to education than just hoop-la.

# Will fire truck money be used to finance second standpipe?

Is turn about fair play, even at the expense of a necessary capital improvement from funds long and carefully saved to pay for it?

Village council was asked this question by its finance committee chairman, Donald E. Akers, Tuesday night when he proposed on behalf of the board of public affairs that funds of the fire department be invested in short term notes to pay for the new water tower.

Akers pointed out these facts:

1. The fire equipment and apparatus fund has a balance of \$21,422.90, of which \$5,000 is on time deposit in Peoples National bank. \$12,000 is invested in councilmanic bonds which were used to finance the new fire house, and \$4,222.90 is in liquid cash now.

2. The electric department invested \$18,000 in the same councilmanic bonds to pay for a fire house, with the enthusiastic approval of the board of public affairs.

3. A new water tower will

materially contribute to improved fire protection.

He added he thinks that with present civil defense equipment on hand, he cannot see the immediate need for a new fire pump.

MAYOR WILLIAM FAZIO replied the suggestion is sound only if the fire department can get along through the term of the notes with its present equipment.

To this Councilman John T. Dick observed that "if we had to have some money for the fire department right now, we would have to do some juggling around to get it, so we might as well go ahead with this plan, so we can get the water tower."

But Mayor Fazio would have none of it without the acquiescence of the fire department and will consult the chief, Judson A. Morrison, for his approval.

Curfew of 10 p.m. for citizens under 18 years of age will be enforced through October, commencing today, Mayor Fazio announced. Councilman Akers made a strong plea for

year-around enforcement of the curfew, with exceptions to be made when young people are proceeding home directly from school or theatre engagements.

"Trick or treat" night will be limited to one date, Oct. 30, Fazio said.

FAZIO READ TO THE council his letter to the state water pollution control board seeking exception to the rule that oxidation sewer lagoons must be placed beyond 500 feet of a contiguous property line.

He said the village congratulates the WPCB for the rigorosity of its enforcement, but contended the "rigorous enforcement only serves to pacify certain interests which do not want lagoons in the neighborhood."

He said the 500-ft. regulation is irrelevant to Plymouth, claimed the 80-ft. margin provided for an existing plan is adequate and that enforcement of the 500-ft. rule would be a fiscal impossibility for the village.

# Red favored over Butler here tomorrow

Hardnosed but winless Butler comes here tomorrow for another in a spine-tingling series between the Bulldogs and the Big Red, one in which the visitors hold a decided edge.

The Bulldogs have won the last three and six out of eight. The series began in 1950, when Plymouth licked the south county entry, 27 to 7.

Butler returned the favor, with dividends, the next season with a 27 to 0 win.

The Bulldogs added insult to injury in 1952, winning 39 to 0, and took a big victory

the following year. In 1954, the Bulldogs won, 41 to 7.

Led by Eddie Taylor, the Big Red walloped Butler, 33 to 6, in 1955.

Plymouth has failed to win since. In 1956, '57 and '58, no game was scheduled, owing to Plymouth commitments in the North-Central conference.

Upon resumption in 1959, Butler has racked up three straight wins, 16 to 0 in that year, 20 to 14 in 1960 and 14 to 6 in 1961.

Without a victory — and last season's defeat of Plymouth was the only successful outing for the Bulldogs — so far this year, Butler comes with some guaranteed weaknesses and one guaranteed strong point: its players are of the hardnose stripe.

On form and record, Plymouth should be favored to win one, for the first time this year.

BUT NO PROGNOSTICATOR wants to go out on the limb unless he knows for certain whether:

1. Everybody on the squad wants to play football tomorrow.

2. Everybody on the squad wants to lick Butler.

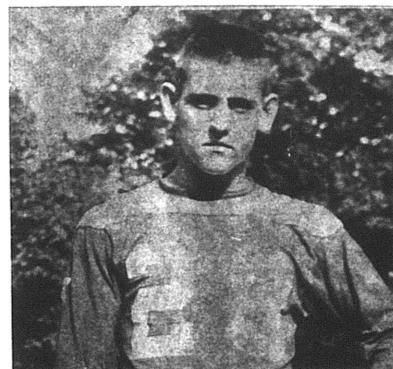

3. The offense wants to hit and hit hard.

An affirmative answer to these inquiries result in a prediction of a Plymouth victory perhaps by two touchdowns.

The time is ripe for a big night for Gary Utiss, who has been used only sparingly so far. Bigger at 190 than most high school fullbacks, he is faster than the average and should be able to go. Up to now, Plymouth has been forced to go outside because of deficiencies in offensive line play.

Probable starting lineup, offensively, for Plymouth:

Allen Arnold and Earl Hess, ends; Duke Sammons and Bob Foreman, tackles; Dee Cunningham and Walter Hall, guards; Bob Yopp, center; Jim Hamman, Roger McQuown, Phil Fletcher and Gary Utiss, backs.

**BIG OFFENSIVE GUN** for Plymouth so far is Phil Fletcher, sturdy junior halfback who plays end on defense. This is his third year of competition. — Advertiser photos

# Dick Merriwell finish produces victory; Hamman's toss to Fletcher nets final TD

Refusing defeat in its first home outing, Plymouth's Big Red stormed from the darkest hour of despair with 59 seconds on the clock here Friday night to defeat Loudonville, 14 to 12.

Plymouth drove 65 yards in two plays for a touchdown and then, assured of a tie, boldly threw a wet football for the game-winning two points.

It was pretty much an even struggle with seven minutes gone in the final period.

Plymouth had tied the score on a 35-yard drive after a poor Loudonville punt by Les Steele. Big gainer in the drive was a 20-yard toss from Jim Hamman to Phil Fletcher, good for first down on the Red Bird 16. Roger McQuown and Fletcher took it in to the two, whence Hamman rolled out for the TD. The try for extra points failed.

**LOUDONVILLE ASSERTED** a brief lead in the next series. After Steele had single-handedly carried four times from the Loudonville 42 to the Plymouth 47, a pass good for nine yards and Steele's Jaunt of 15 yards to the Red 17 led to a 15-yard penalty for clipping. Set back to the 35, Jim Arnholt calmly tossed to Jerry Shaffer for the score. Shaffer outsmarted John Bowman in the Plymouth secondary and went in untouched.

There were 59 seconds on the clock when Arnholt was swarmed under in his try for the PAT.

Earl Hess fielded the ensuing kickoff and ran out of bounds on the Red 35 to stop the clock.

Fletcher got nine on a naked dash around his left end to the Plymouth 44.

Here Hamman faded to his right and hit Fletcher on the Loudonville 41, where the big halfback tucked the wet ball under his arm and swept the remaining distance to the goal.

Hamman threw to Fletcher for the PAT and it was all over.

**TWO FINE GOAL LINE** stands by the Big Red had gone for naught in the first half. Gary Utiss recovered a fumble by Steele on the

Plymouth four yard line to halt the Red Birds' first drive. With first down on the Plymouth seven, Loudonville took four stubs at the Plymouth line but was halted on the two.

It was after this series that a Plymouth mistake proved costly. On the first play, Utiss' fumble on the six went to the visitors and they were in the end zone on two plays, Steele getting the score from the four. The PAT try was not good.

How clearly Loudonville dominated the first half is shown by the statistics: nine first downs, 111 yards rushing for the visitors, two first downs, 57 yards rushing for the home outfit.

**IT WILL BE DIFFICULT** to tell whether a different offense would have won for Plymouth more easily. Utiss was used only four times. Regarded earlier as the strongest offensive threat of the Big Red, Utiss was used al-

most entirely for blocking, offensively, although he played a strong defensive game.

Coach Richard Carpenter used a different defensive outfit than at any previous time. He had some green sophs on the defensive line and by and large they performed well.

But it was Hamman's arm and its accuracy that produced the victory. In the last half, he threw three times, for 34, 20 and 56 yards.

**Lineups:**  
Loudonville: ends — Kegg, Zody; tackles — Ullman, Thompson; guards — Ray, Bender, Cruise; center — Dudte; backs — Steele, Ja Arnholt, Steele, Scheck, Shaffer, Stumbaugh.

Plymouth: ends — Arnholt, Hess; tackles — Hall, Ro Foreman, Bland; guards — Cunningham, Wells; center — Young, Paddock; backs — R. McQuown, Hamman, Fletcher, Utiss, Bowman, Ruckman.

Score by periods:

Loudonville 0 6 0 6—12  
Plymouth 0 6 0 14—14

## Sewer hookup deadline altered to Nov. 1 by Shiloh council

It isn't so much the money, or the lack of it, it's the plumbers, or the lack of them.

So ruled Shiloh village council Sept. 26 in extending the deadline by which all households must be connected to the sanitary sewer.

First deadline was July 1. It was extended to Sept. 1. Now it's Nov. 1.

Problem is that plumbers and excavators are hard to find. Also, a fee of \$50 must be paid to Clerk John Bryan to get to the sewer.

Mayor Keith Dawson appointed two committees. Councilmen John Heifner, Charles Guthrie and Kirby Nesbitt will serve on the crosswalks, sidewalks, sewer and drainage, finance and civil defense committee. Councilmen Jack Thompson, Arlo W. Firestone and a member not yet named, because there is a vacancy, will serve on the streets, buildings, planning, recreation, fire department, safety and utilities committee.

A Shiloh native, Mrs. Lillian Cockburn Kinsell, 344 Park Avenue West, Mansfield, died in General hospital three Friday morning.

The 83-year-old widow of C. Victor Kinsell, who died Nov. 4, 1944, was taken ill at her home Thursday and entered the hospital that night.

In 1931, the Kinsells moved from Shiloh to Shelby, when he was a deputy to Sheriff Walter Underwood.

Three sons, Donald, Shelby; David T. Dayton, and Robert A., Mansfield, and two daughters, Mrs. Basil W. Knapp, Mansfield, and Mrs. W. M. Sayre, Columbus, survive.

The girls were Miss Lenora Hartley, 20, and her sister, Linda Lou, 13, daughters of Mr. and Mrs. Roy Hartley, Baseline road, Shiloh.

Mrs. Peabody was traveling west and the Hartley girls were driving east in Ashland county road 11 when their autos crashed at the crest of a hill.

Linda received a cerebral concussion, a fractured forehead, severe facial cuts and cuts of both knees.

Her sister, Lenora, driver of the car, is being treated for severe fractures of the facial bones, a possible skull fracture and deep cuts of the left leg.

The girls are confined in Akron Children's hospital after emergency treatment at Ashland Samaritan hospital. Their car was demolished.

Mrs. Peabody's injuries were listed as a cut of the left knee, bruised nose and cheek bones and a possible fractured left ankle. She was listed Monday in good condition at Ashland Samaritan hospital.

## Will fire truck fund be used for tower?

Redeposit for 60 days, to expire Dec. 1, of \$945,000 the sewer bond interest and reserve fund balance in Peoples National bank was ordered by resolution.

Transfer of \$20,000 in the electric fund to the water fund to help pay for the new water tower was approved by resolution. Mayor Fazio and Clerk Carl V. Ellis were empowered to sign the petition to Huron county common pleas court on behalf of the

A REQUEST BY PLYMOUTH BOARD of Education to take down a partly dead tree on the school property in Sandusky street was turned down. "The school board has a bid that is cheaper than what we can do it for," said Councilman Dick, "and besides, their contractor has liability insurance."

Loyle Bidding, sexton of Greenlawn cemetery, went on sick leave this morning. He has been in and out of hospitals for the past month. The council said he will be permitted to use the remainder of his sick leave but then will be placed on leave without pay.

Thomas Baker, employe of the electric and water departments, has submitted to X-ray examinations to determine if he was seriously injured when a limb fell on him, the council was told.

Residents along Franklin street have again asked for street repair, Councilman Donald H. Levering announced. A survey of costs and materials needed will be made and the residents apprised of their share of the costs.

## LETTERS TO THE EDITOR

Sir:

I like your paper very much and surely agree with everything in your column, especially "O Rare Day!"

I rarely read any paper that is just thrown together, but yours is easy and pleasant to read. It is laid out well.

There are many in my town who say you are quite all right. I thought you should know this.

I am not much of a writer but perhaps you will see what I am getting at. I am willing to pay you to run this letter.

Very truly yours,  
W. R. Sutton

Box 128, Willard, O.  
(Ed. Note: Thank you, sir. Space in this column is not for sale, to anybody, under any circumstances. The rules governing publication of letters to the editor are published from time to time, when space permits or needs demand.)

Sir:

Do not be disheartened. I am a teacher and I agree with you in your stand on religious education.

For my part, I find religious education to be disturbing to me in my work, it upsets the smoothness of the school day, and I think it results in a less satisfactory program than would result if we did not have it.

I will sign my name, but for obvious reasons request you not to reveal it.

Very truly yours,  
Prof. X

## How to help your country today while you're saving for the future

If, like so many other Americans today, you've asked yourself, "How can I help my country?"—here's a suggestion from the U.S. Treasury:

Start buying and holding U.S. Savings Bonds.

When you do, you open the door to a lot of bright horizons. For one thing, you put your dollars into a pile that the U.S. Government guarantees to grow. Your investment can never shrink.

But your Bond dollars bring you a bigger return than money alone. Uncle Sam uses them to strengthen his stand for freedom—so you'll be able to

enjoy the things you're saving for.

Your new home, for example. Buying Savings Bonds helps make sure you'll be able to own and enjoy it in a free world.

That's why millions of Americans are putting up their dollars for freedom through Savings Bonds today. Why not add your strength?

The Communists have world-wide ambitions. One way we can upset their geography is to help keep our economy strong through U.S. Savings Bonds.

You get more than interest. Savings Bonds pay one return you can measure in dollars and cents, and one you can't.

Buy an EXTRA Bond during the Freedom Bond Drive.

Keep freedom in your future with

**WILLARD... on the map!**

**By Uncle Bill**  
 What local businessman is known far and wide as Mac who once upon a time loved trap shooting so well? Little is known by the writer of his golf score. He is not only an artist but a veritable maestro at making flapjacks. He is undoubtedly on Heinz's pension list for introducing the famous 57 varieties well within the Arctic circle.

What local, not-so-amateurish camera bug deserved honorable mention in the national contest but waited too long?

A Maytag is the next best to the Ideal Laundry for doing Uncle Bill's shirts.
