Karl H. Bauers wed 50 years, to celebrate at home Sunday

On Nov. 17, 1912, a lissome girl not long out of Indiana threw her lot in with a young farmer who lived with his German immigrant parents on an unimproved farm in New Haven township.

They were married in the Lutheran parsonage in Willard by the Rev. E. H. Gerfen, pastor of the church, which they have faithfully attended since.

Sunday, in the same house where they started house-keeping 50 years ago, Mr. and Mrs. Karl H. Bauer will stage open house to celebrate their golden wedding anniversary.

And thanks to her grandchildren and her children, Mrs. Bauer has a wonderful anniversary present: a modern bathroom inside the house.

AFTER 50 YEARS OF MARRIAGE, the former Edith M. Snyder says that "sticking with a husband over all those years is mostly a matter of realizing it's just as hard for him to live with me as it is for me to live with him, and sometimes harder. Marriage is a lot of giving and taking, and there is always one who has to give a little more than the other."

The Bauers have farmed the family place and a couple of others he and his brother, William, bought later for 50 years, made a lot of maple sugar, collected thousands of eggs and just incidentally raised a fine family.

In order, their children are Claude A., who lives east of New Haven (father of three children); Luellen, now Mrs.

Forest Daron (mother of three children); Wayne, living in Dunedin, Fla., (father of two children); Earl G., near New Haven (father of four, with four step-children) and Esther, now Mrs. Roger Wilcox (mother of one child).

The grandchildren add up to 18 and there is one great-grandchild.

When she came into that immigrant farm family 50 years ago, Edith Snyder learned right off how it was to be: "kinder, kirche and kuche", not always necessarily in that order. But children, church and kitchen are mostly what she's been occupied with ever since.

"I always tried to do my honest best every day," says Mrs. Bauer, who's been *Gutten Corners* correspondent for a couple of newspapers off and on for a good many years, "and what needed to be done the worst was what got done

first."

THE BAUERS HAVE been regular communicants of Trinity Lutheran church at Willard for their entire married life. Into that church they brought their children for christening and Sunday school and confirmation. Each of their grandchildren, so far, has been brought to that church for his first Bible lesson.

That same homely philosophy of live-and-let-live, give-and-it-shall-be-given-unto-you, which has guided Karl and Edith Bauer for 50 years will be on display Sunday from 2 to 4 and 7 to 9 p.m. as they receive friends, kin and well-wishers.

And if there seems to be just the slightest failure to see and greet everybody, be understanding: Mrs. Bauer is simply delighted with that spanking new bathroom.

Two badly hurt as car hits bridge

A 17-year-old Plymouth High school senior and his two companions were injured, two of them seriously, when their sedan left Route 603 early Sunday and struck a bridge east of Shiloh.

Richard D. Hamman, son of the Robert Hammans, near Shiloh, is in Willard Municipal hospital with a broken right leg, broken right ankle, cuts and possible fractures of the left leg and multiple bruises of the body.

Donald L. Steele, 18, Shiloh route 1, has a possible fracture of his back, broken teeth, cuts of the mouth and multiple body bruises.

The driver of the car, which belonged to young Hamman's family, was James T. Steele, 28, Walnut street, Shiloh, who receive cuts of the face and left knee.

State highway patrolmen said Steele wished to "try out" the power steering of the sedan belonging to Hamman's

family. They had attended a dance in Shiloh until shortly before midnight. At high speed, Steele drove northwest in in Route 603 and lost control of the sedan when the wheels ran off the edge of the highway onto the right shoulder. As he sought to recover traction on the highway, Steele lost control. The car careened back and forth across the road and collided with the bridge.

Water tower financing altered

Alternative financing for the second water tower was agreed to by village council in adjourned session Tuesday night.

The village will seek again to transfer surplus electric moneys to the water fund this time in the amount of \$10,000. The state board of tax appeals objected to a previous request to transfer \$20,000 because to do so would reduce the safety margin of the electric fund to below 10 per cent of the valuation of the distribution system.

If this transfer is approved, the balance remaining to be financed will be about \$58,000, since there is now \$10,000 in the water fund. Total cost of the project is \$84,000. About \$6,000, for engineering costs, has already been paid.

Short-term notes in anticipation of issuance of bonds would be sold, the council said, on a year-to-year basis, (Ohio law permits an initial sale and not more than four renewals), and thereafter the remaining balance to be financed can be covered by conversion to conventional capital improvements financing, such as mortgage revenue bonds.

Browne engineers will commence next week a study of water accounts during the first six months of 1962 to ascertain if a "satisfactory experience of earnings sufficient to support this financing" was

obtained. **ADVANTAGES TO THIS** technique, Wayne H. Kuhn, Floyd G. Browne & Associates, Marion, consulting engineers, told the council Tuesday, are:

1. Interest rate on such notes is low (at New London a week ago the interest rate was 2.4 per cent).

2. After a year, the council can re-examine its finances and determine if the long-term money market is more suitable as a source of funds.

3. The council can obtain funds on its own action and initiative. No time is lost in submitting the issue to a vote of the electors because no vote is required.

Kuhn said if the council speeds its action on the financing, notes might be sold during the first two weeks of January.

Before the second request to the board of tax appeals is filed, the board of public affairs must bring its file of water improvements up to date by submitting copies of engineering drawings of work already done of the state health department.

Mayor William Fazio asked the council to consider, for action Tuesday, when the council again meets in regular session, purchase of the Bitterer-Sickle farm site now, with redrafting of the engineering plans to re-locate the oxidation sewer lagoons to comply with the state's policy of clearance from abutting prop-

erty lines.

A SPECIAL SESSION will be called to accommodate Carl H. Gerken, Napoleon, sanitary sewer engineer for the village, to discuss whether this can be done within the

financing structure for the project.

Approval was given to the board of public affairs to advertise for purchase of a tractor-backhoe rig, to be please see page 8

Surprise

Approval of the 3.1-mill operating levy to provide fresh funds for Plymouth school district comes as something of a surprise to us.

The emphatic vote in its favor — and it was emphatic, make no mistake about it — strikes us more as an expression of good will toward the new executive head, who struggled bravely in its behalf, than an endorsement of the school board.

The school chief addressed many, many public gatherings and some private ones, obtaining an exposure no predecessor has ever achieved in such a short time. He apparently understands the value of point-to-point communication with electors of the district. This is good and we are lucky.

But if the truth be told, he should not have to do this. It is not his real duty. He is a specialist in teacher training and educational supervision, not a political scientist or politician (using that word in its finest sense). When an executive head must spend any time in wooing electors, his superiors are wasting his talents and abdicating their own responsibilities. Ideally, and legally, it is the duty of the school board to determine what funds are needed and to apprise the voters of those needs. And to do it personally, not through a delegate.

It is clear that the 3.1 mills won't be enough to do the job right. Everybody understands this fact. Nevertheless, the school board must remember that needless expenditures must absolutely be eliminated and some others must be pared to the bone. If the board is interested, we can point to some needless expenditures of the past, too.

History does not record that electors of the district have ever before been asked if they want to go first class. This psychology, and the earnest salesmanship of its originator, paid off in this election. It is now up to the school board to encourage the entire teaching staff, by several means, to produce the first class accommodations that electors want.

We suggest these steps as a starter:

1. Build up the high school library promptly.
2. Improve the curriculum in English literature and composition.
3. Develop a testing program that will tell us what we want to know and what we need to do with our pupils.
4. Raise levels of instruction promptly so that pupils are required to do more, not less, and produce better results.

These things can be done here, without reference to or reliance upon higher channels, whether for guidance or funds. They must be done now.

Police note thieves' tags; footpad hits high school

Out-of-state license tags aren't exactly unusual in Plymouth, but they attract notice.

Especially of the police department, which last night assisted in the capture of three former area men trapped red-handed with coin boxes which they took from the Greenwich laundromat. Notice of the police was attracted when the men appeared here in a sedan bearing California license tags.

They are Carl Irvin, Robert Aumend and Roger Dean Irvin, who were apprehended at Willard with the coin boxes. The Irvins are former Plymouth residents now living west of Willard. Aumend hails from Shelby.

The trio told police the names of two men alleged to have entered Plymouth Drive-In theatre about three months ago, making off with restaurant items and some cash. Richland County Sheriff John E. Steele was asked Tuesday morning of issue detainers for Ernest Wayne Kidwell and Richard Swaner, both now in California, for interrogation in connection with the burglary.

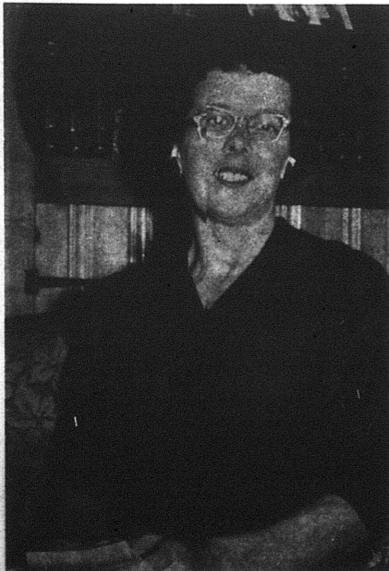

Edsel Gayheart, Plymouth route 1, was arrested and held by Crestline police Sunday night on a charge of driving without a valid license.

Burglar left no clues

Three hundred 40 high school pupils were dismissed at 11 a.m. Thursday to permit investigators of the state crime detection laboratory at London to seek clues leading to identification of the thief who made off with about \$10 and caused damage of about \$175 the night before.

The pupils were kept from classrooms entered by the thief so that fingerprints would not be disturbed. They were shown a motion picture that had been planned for the afternoon and then sent home. Petty cash amounting to about \$3 was taken from the office of Principal Wayne H. Strine, an inventory showed, and some coins were taken from four vending machines.

Principal damage to the building was the breakage of glass in classroom doors and the forcing of locks on doors and in desks of both floors of the building, some of which must be replaced.

See page 6 today for story about Mrs. Kamann.

Pupils to get out early twice more

Pupils of Plymouth public schools will be dismissed at 2 p.m. tomorrow and Monday so that teachers may complete in-service training in civil defense procedures.

Jerj Bischoff, high school physical sciences instructor, has been certified by the state department of education as civil defense instructor. He will teach these classes and six others, on Dec. 3, 5, 6, 10, 12 and 13, for teachers, administrative personnel and adult members of the public. Evening classes will be organized in January, on the same basis, for those who can not attend these afternoon classes from 3 to 5 p.m.

Trucker arrested for manslaughter

A 43-year-old Plymouth route 1 man faces charges of manslaughter by the Ohio Highway patrol in Akron as the result of a truck-car collision which took the life of a 70-year-old Akronite Tuesday.

He is Elden W. (Tarzan) Lynch, a truck driver, whose stakes truck collided with a sedan driven by Arnold Oden, 31, 643 Douglas street, Akron, in which the passenger was Mack Vinson, 569 Edgewood avenue, Akron, en route to Crite Veterans facility, Brecksville, for an examination. Vinson died instantly.

The collision occurred at Route 18 and Cleveland-Massillon road. Lynch was charged at first with failure to yield the right-of-way.

Vinson was the 71st traffic fatality in Summit county this year. He was a retired mill worker at B. F. Goodrich Co., Akron.

OHIO HUNTERS don't expect anything near like the bag of these local hunters during the pheasant season at White Lake, S. D., Oct. 18-26. The group bagged 150 cock pheasants. Kneeling, from left, Melvin Fackler, Shiloh; Police Chief Robert L. Meiser and A.

Dewey Hamman, Shiloh; standing from left, Carl Sticham, rancher, host to the party; Alfred Parkinson, Nyle Clark, Leo Barnes, Donald Arnold, Shelby route 2; Arlo Smith, Jr., Shiloh, now in military service, who joined the group at Mitchell, S. D.

Jays overcome Big Red

For a while, perhaps six minutes of the first period, it was close. But Bellville's Blue Jays asserted greater power and stronger line play in the rain there Friday night to thump Plymouth, 40 to 8, in the season's finale for both teams.

The Jays have thus run up 102 points in two games against Plymouth. Last year's score was 62 to 0.

IT WAS A CASE OF TOO much Tom Teetors and Carl Ruhl, two splendid backs, and defensive end failure that cost Plymouth the ball game.

The offense, entirely new so far as backfield assignments went, departed itself well, as well as at any time this season, and but for the rain and slippery handling probably would have scored more.

Bellville won the toss, elected to receive and returned Bob Young's kickoff to its 36. **THE** Big Red recovered a fumble and in 16 plays, with two penalties for delay of the game, was in the end zone Jimmy Hamman, who closed out his schoolboy career gallantly in a losing struggle, sneaked in on fourth down from half a yard away. He passed to Gary Utiss for the PAT.

Plymouth's glory was short-lived. Jon Hollar, a speedy sophomore fullback, took the ensuing kickoff on his 28 and ran 72 yards up the middle for a TD. Carl Ruhl converted the PAT and it was tied up.

But not for long. Early in the second period, Plymouth ran out of gas on the Bellville 26. Ruhl and Teetor took the ball alternately to the Plymouth 47, whence Teetor broke off left tackle and wheeled to

his right for 47 yards and the second score. Ruhl hit tackle for the conversion and the Jays were never headed thereafter.

Toward the end of the quarter, Bellville scored again in its romp to its ninth win of the 1962 season. Chuck Kaylor's punt went to the Jays' 30. A six-yard runback gave the hosts possession on their 36. On second down, Ruhl hit outside tackle for 31 yards to the Plymouth 30. On fourth-and-10, Ruhl hit tackle for five. Plymouth had held the Jays.

BUT BOB FOREMAN, playing fullback for the first time in his life, fumbled, the Jays recovered and sent Ruhl up the middle for seven, whereupon Teetor caught the Plymouth defensive right end napping and rounded his position for 19 yards and the third TD. Ruhl converted and at half time a moment later Bellville had a 24 to 9 lead.

Bellville dominated the third period. Hollar scored a touchdown from 27 yards out but the drop-the-hankie play set the Jays back. This time, thanks to a 15-yard setback given to Plymouth for piling up the middle for seven, Teetor ran up the middle for the fourth touchdown. He converted the PAT's.

Bellville started a drive on its 40 toward the end of the period and waited until the second play of the final quarter to score for the last time. Teetor ran up the middle for 25 yards, Hollar converting, and that was it.

Plymouth tried desperately in the closing minutes to get on the scoreboard again, but the passing attack went for naught on this miserable, wet, muddy night.

FOR THE BIG RED THE defeat was the third in a row, the fourth in Johnny Appleseed conference play and the fifth of the season against five victories. All in all, the record must be regarded as a good one, for the club was not expected to fare so well when the season started. Nevertheless, the record would be 7-and-3 but for some foolish mistakes.

Union tabbed to win

Defending champion Butler doesn't stand a chance against a Chinaman's chance of repeating as Richland county tourney winner this year, says affable Gordon Shipley, coach of the Bulldogs.

The Butler entry was decimated by graduation.

Ontario and Lexington will be competing in Class AA ranks in tournament play but will butt heads with five other Class A clubs, including Plymouth, in the RCL.

The word is out that Union is loaded. With a new coach in Bill Hartnett, former as-

stant coach of Wooster's Generals, Union has an enrollment of 180 boys, one short of the Class AA minimum.

Three experienced hands from last season's Union club and three from the 1961-62 Savannah outfit (Savannah and Union are now consolidated) will form the nucleus of the Union quintet.

Dennis Stima, a senior, and Tom Clingan, latest in the stellar line of Clingans, join Dave Groff, another soph, as the three Union letter winners. Both Clingan and Groff

measure more than six feet. **WITH LUCK, PLYMOUTH'S** Big Red could be up near the top when the season is over. Plymouth hasn't much height but has seasoning and some ball handling. The Big Red usually plays well against powerful clubs on its home floor. Look for Ontario and Lucas to be first flight clubs and Bellville and Lexington to please see page 3

Accident robs cage squad; upperclassmen top contenders

Varsity basketball prospects took a punch in the chin over the weekend.

Dick Hamman, a senior who ought to have been of great use to Coach Ron Hostler this season, after two years of jayvee ball, fractured both legs in an automobile crash and will be out of action.

Three lettermen who have been engaged with the football squad reported officially this week, but one of them — Phil Fletcher, a junior — will not actively participate in drills for some time, at least until an injury to his breast bone heals.

Allen Arnold, a 5-9 senior

who has seen service at guard and forward, and Jimmy Hamman, another senior, who scored 236 points last season, are the other two lettermen who reported this week.

IT GOES AS NO SECRET that Hostler will rely heavily upon his five lettermen for much of the time. Dave Myers, biggest player on the squad at 6-2, Tommy Barnard, a senior who led the Big Red in scoring last season, and the three graders have more individual game experience than all of the other candidates combined.

It's possible, but not likely, that a sophomore could win a place on the varsity squad. If

he does, he'll have to show outstanding performance in drill sessions, because Hostler isn't about to hand a varsity uniform to a soph who'll merely ride the bench. It's better, he says, to give him lots of duty with the reserves.

So the other seven on the first line squad will probably be made up of seniors and juniors, among them Earl Hess, Bob Young, Terry Hamman, Bruce Wells, Chuck Kaylor, Greg and Girard Cashman and Bob Guthrie.

Larry Barnard will again handle eighth graders and Richard Carpenter has been assigned to seventh graders.

Drop-hankie act wins no cheers from press box

The officiating crew, from Marion conference, was addicted to delay-of-the-game penalties, two against Bellville and four against Plymouth, with not all of which (or any of them) did pressbox observers agree.

THE LUCKY JOB DONE by Chuck Kaylor as Plymouth's punter was noteworthy. With a wet ball and in a driving rain, in footing slimy as a lake of marshmallow, he booted splendidly.

THAT HAMMAN WAS able to pass at all under such conditions showed he is a spunky and knowledgeable player. Utiss played the best game, offensively, of his career. Regrettably, it was also his last.

BILL FRAZIER DID A fine job of coaching the Jays. Of course, with the likes of Tector and Ruhl, it's a lot easier.

On the Sidelines

By THE OLD TIMERS

For old-fashioned football, the way it was before the aerial addicts got in, Saturday's contest at Bowling Green where the Falcons edged Ohio's Bobcats was as fine a contest as the O. T. has seen in a long time.

Quarterback for the winners was Andy Ruggiero, who led Gibsonburg High school to a convincing victory in Mary Fate park in 1958, 30 to 8. He scored two TD's that night.

But let's not kid ourselves. Although the Mid-American conference, which also includes Miami university, Marshall at Huntington, W. Va., the University of Toledo, Kent State university and Western Michigan university at Kalamazoo, is officially rated "major college" in football, neither Bowling Green nor Ohio university could consistently finish in the top half of the Big Ten.

SUNDAY'S OLD TIMERS contest in Mary Fate park went to the Red squad, which included four Hampton brothers — Larry, Roger, Marty and Mickey. All cavorted in Big Red livery at one time or another. Score was 16 to 0.

A good many out-of-towners appeared for both squads. Dayton Reed, Big Red quarterback three seasons ago, was at that post for the Whites Sunday. He played a year at Bluffton college and hopes to go back at mid-semester.

ARISTOTLE: What next, Unc?

PLATO: Don't get mibby!

OMNIPOTENT: No! For Heaven's sake, Uncle is not attempting poetry!

ACADEME: Peace and quiet, you first two The omnipotent will do as he sees fit, with no one to tell him off!

TRIMAGI: Unc, summer vacation has ended. We are backing you. We are delighted to see that picture that you ordered so cogently displayed at McCarty's, Front St., Willard. No one requires an education to understand the significance of it. Anyone refusing to accept the message therein is only fighting with his very own "CANNAE".

POST COMMENT: John McGrady, with his acute, sound judgement in banking, has no doubt delighted his new employers and everyone in Curtice, Ohio, will welcome him as a resident.

PROGNOSTICATION: Will Harry Arnold soon join the ranks of Newarkites, leaving another much-felt gap in the local Lions club with his worthwhile thinking? Adios, Harry. The Lions will have to get along, although you roared very little.

UNCLE BILL

A message from the Treasury of a free people

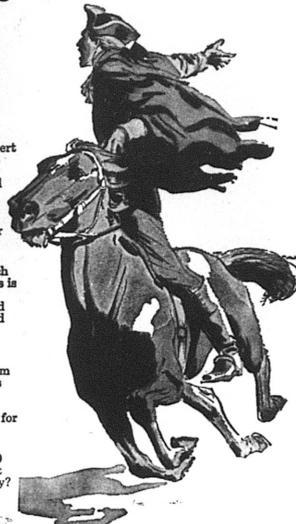

You, too, can help put down a threat to freedom

Uncle Sam has had some pretty conscientious help in the "freedom department" over the years. Some of the best-known contributors were an expert horseman named Revere . . . a group of amateur sievedores who made iced tea in Boston Harbor . . . and a party of revolutionaries who created an unsplitable nation under the shadow of a cracked bell.

Today the freedom which these patriots won for us is being challenged. And freedom will always need brave men to defend and preserve it. Men and women, like you.

You can do your share toward defending freedom by buying United States Savings Bonds today. The dollars you invest this way go right to work for your country now, as well as for your future.

How about buying a \$50 Savings Bond (the most popular size) next payday? The cost is only \$37.50.

Best known for his midnight ride to Lexington, famous patriot Paul Revere also designed the first Continental currency, the first official seal of the Colonies, and the state seal of Massachusetts, still in use today.

Mothers' club to stage annual turkey dinner Saturday

"No one really wants to be president, but someone has to be."
That's how Plymouth Mothers' club has been going for nine years. Ever since the annual turkey dinner was started as a community project.

Mrs. DeWitt named by garden club for coming year

Mrs. Thomas DeWitt was chosen president of the Little Garden club for the coming year during the annual election Friday at the home of Mrs. Joseph A. Lasch.

Other officers will be Mrs. Nevin Border, vice-president; Mrs. Powell Holderby, recording secretary; Mrs. Duane Hunter, corresponding secretary; Mrs. D. G. Cunningham, treasurer, and Mrs. B. R. Scott, librarian.

Mrs. Scott, Mrs. Thomas Henry and Mrs. Raymond Bevier were appointed by Mrs. William R. Miller, outgoing president, to restudy the by-laws and present changes at the next meeting.

Monday night a workshop for holiday arrangements was held at Arnold's Flower shop in Shelby. Those attending were Mrs. DeWitt, Mrs. Roy Hatch, Mrs. Cunningham, Mrs. Scott, Mrs. Border, Mrs. Henry, Mrs. Holderby, Mrs. Hunter, Mrs. Bevier, Mrs. Daniel M. Henry, Mrs. C. Todd Strohmenger, Mrs. Harold Ross and Mrs. R. Earl McQuate.

The president is IT. She appoints her chairmen, then pitches right in to help them. This year a pretty, brunette housewife it IT. Mrs. Russell Kamann, the mother of a 11-year-old son, Larry, in the sixth grade, and four-year-old Kim, who hasn't begun school, has the honor.

With her co-chairmen, Mrs. Powell Holderby and Mrs. Robert McKown, she has spent hours and driven miles to gather the necessities to serve the expected 600 diners at the dinner Saturday night.

This year it will be served family style. The mothers felt that less food would be wasted if diners could help

themselves to the various dishes set before them. Previously, the meal was served cafeteria-style.

What threw them in a tizzy was that they needed 100 bowls and 34 platters to be able to serve the dinner gracefully. By stealth, some charity and borrowing, they have them all ready.

From them the meat of 28 large turkeys and 350 pounds of whipped potatoes with dressing and gravy will be served. Mothers are also making 124 pies, 10 cakes and 35 salads.

PROCEEDS OF THE DINNER will be used to buy equipment for Plymouth Elementary

school. More library books for classrooms, a tape recorder and a daylight viewer are on the "wanted" list this year.

In past years the mothers have given the lunchroom tables, stage curtains, a movie projector, classroom blinds, playground equipment and blacktopping, an opaque projector and carts for the cafeteria. The total amounts to something over \$8,000.

"The mothers are wonderful," Mrs. Kamann says. "They may not get to meetings, although changing them to nights has helped, but they really are pitching in on the dinner. We have our fingers

crossed that it will be a good night weatherwise and that we will have a goo crowd."

Mrs. Kamann, the former Donna Jean Engle of Willard,

never dreamed she would be arranging a dinner for so many when she settled down as a bride. She and her husband, who has been a Bach-

rach Cattle Co. employee for 11 years, lived on the farm north of Plymouth until last year, when they bought a home in Park avenue.

VALUED assistance is obtained from Mrs. John Hass, Mrs. Powell Holderby and Mrs. Robert A. McKown, photographed at Mrs. McKown's home.

COMMITTEE members include, from left, Mrs. Fred Bauer, Mrs. Richard Fackler and Mrs. Clyde Lasch, each of whom serve without pay as a parent of a pupil in the elementary school here.

A February wedding is planned by Miss Glenna Ousley, daughter of the John Ousleys, Plymouth route 1, whose engagement to Larry Dysert, son of the George Dyseris, Alger route 1, is announced this week.

A 1962 graduate of Plymouth High school, the bride-elect is employed by Midwest Industries, Willard. Her fiancé, a 1960 graduate of McGuffey High school, is employed by Scioto Land Co., Alger.

Turkey Trot set Wednesday night

Annual Turkey Trot staged by Plymouth High School Athletic association will take place in the gymnasium Wednesday evening.

Five turkeys and five hams will be given away.

Library obtains children's books

New children's books have been added to the shelves of Plymouth Branch library this week, making National Children's Book week, which began Monday.

Board members met Thursday night and authorized the purchase of supplements, to bring reference books up to date, and new reference volumes.

CHURCH NEWS

Sunday is Stewardship day for First Presbyterian church. Members and communicants are requested to return their pledge cards for 1963 to Ross Loughman, Shelby route 3, or to Donald Brooks, Plymouth route 1, members of the committee.

Mrs. Vedder Puryear will be hostess to the Catherine Taylor class, First Presbyterian church, at her home at 7:30 p.m., Tuesday. Devotions will be led by Mrs. Richard Hampton and the Bible study by Mrs. Harry Aumend.

Mrs. Searle marks 92nd birthday with open house

Mrs. George J. Searle celebrated her 92nd birthday at an open house on Nov. 4 at her home in Bradenton, Fla.

Her daughter, Mrs. Searle Whitney, Locust Valley, L. I., N. Y., was hostess to Mrs. Searle's neighbors and friends.

Wearing a specially designed afternoon dress of beige with applied black lace roses and hand painted leaves, Mrs. Searle blew out the 92 candles on a three-tiered birthday cake. The dress was a birthday gift of the designer, Phillip Hulitar, and Mrs. Hulitar.

Her neighbors sent her a basket of 92 red roses, a cushion they began a number of years ago, adding a rose for each year. Another bouquet of roses came from Dr. George J. Searle, Jr., and Mrs. Searle, Mansfield. They visited her several weeks ago. Her grandson, Searle Whitney, a student at Choate school in Connecticut, flew to Bradenton for the party.

Council finds plan to finance lower

paid for jointly by the water department, sewer department and street department. Price magnitude is about \$5,000.
 Hiring of a second full-time patrolman was tabled until more details of costs can be obtained.
 Authority was granted to sell at public auction a used Silver King tractor with lift and a used Plymouth sedan held by the police department in lieu of bond.
 A resolution authorized continuance of deposit on time certificate for six months from Nov. 1 of \$100,000 of sewer construction funds in Peoples National bank at three per cent interest.
 A big elm tree in East Main street at the head of Trux street will be removed by the lower bidder when it is determined how much will be charged to remove the stump.
