Embolism said cause of Leech's sudden death

O. W. (Bill) Leech, 67, Huron county commissioner, died unexpectedly Thursday of an embolism in St. Rita's hospital, Lima, about a week after undergoing surgery for rectal cancer.

Leech was chairman of the board of commissioners, completing his 12th year as member of the highest governing board of the county. He was defeated in the Republican primary in May by Arthur Leek, Ripley township.

Native of Ruggles township and resident of a farm in Chenango road, New London route 1, for 40 years, Leech served as trustee of New London township for 30 years before election as county commissioner.

Mrs. Iceman's suit frightens council on water tower project

A middle-aged Mansfield housewife who seeks redress for injuries alleged to have been received in a fall on a snowy street is impeding progress of Plymouth's water system, the village council said Tuesday night.

Mrs. Helen Iceman seeks a judgment of \$40,000 against the village and a co-defendant, Royal W. Eckstein, Sr., trading as Eckstein's Hardware.

The case was originally to have been tried in Huron county common pleas court on Sept. 24.

It has now been postponed to an indefinite date in November, at plaintiff's request.

IF MRS. ICEMAN SHOULD win a judgment against the village, sustained on appeal, funds now intended to be expended for a second water tower would be required to pay for it.

This is why, the council said Tuesday, it cannot go any farther than preliminary steps toward construction of the new tower. Accordingly, the council will:

1. Prepare its petition to the common pleas court for authority to transfer \$20,000 of the electric fund surplus to the

water fund.

2. Approve payment of \$5,233.23, representing 7.5 per cent of the estimated cost of the project (another 2.5 per cent will be due later) for engineering costs.

About six weeks of time are necessary to effect fund transfer, Solicitor James F. Dush told the council.

THE SOLICITOR'S OPINION as to the limit of assessments for street improvements will be submitted in a few days, Dush said. The opinion and a study of the problem by the street committee are made necessary by a request by S. J. Glorioso that Walnut street be extended to serve his new home.

Under the law, Dush said, the village is obligated to keep all streets in passable condition. Walnut street is a dedicated thoroughfare, albeit only on paper for part of its length. Glorioso's request can place the village in a difficult position, Dush pointed out. "We want to be careful not to allow the public's money to be spent to enhance the value of undeveloped private property along paper streets," he counseled.

Councilman Charles Vansdale withdrew a motion calling for improvements to the street with 90 per cent of the cost to be assessed against abutting property holders when Dush said he thinks the figure is higher than what is allowed by law.

The village dump has a new padlock with only three keys this morning. One key is held by the street supervisor, one by the clerk in the village office, by the emergency use only. GILBERT M. A. H. E. W. S. itemized his claim for damages as a result of test borings on the Bittering-Sieckel site. It came to \$1,200, starting with \$500 for eight holes, damage to land and disturbing soil and winding up with loss of 100 bushels of timothy, 140 bushels of oats and 240 bushels of soy beans.

Solicitor Dush told the council he anticipates difficulties in settling this claim, "since it appears you are far apart on it," and urged the council to obtain lengthy and detailed reports of what they saw from the three village employees who witnessed the borings. These are the engineer, Carl H. Gerken, Napoleon, the superintendent of light and water and the operator of the power shovel.

Lonnie Hass was confirmed as a regular member of the volunteer fire department with John B. Root as an alternate.

Fines of \$125 were assessed during August, Mayor William Fazio reported. He collected only \$105 of them. A total of \$139 was paid to the village treasury.

The hospital beat

Margie Enderby, daughter of the William Enderbys, unday morning in Mansfield General hospital. She was released Sunday and was back in school Monday morning.

Miss Virginia Fenner is now at The Elms, Hudson.

Big Red underdogs against Crestliners

Its work cut out for it, Plymouth's Big Red club goes to Crestline tomorrow to open its first season in the brand new Johnny Appleseed conference.

With one possible exception, there isn't a breather in the 1962 slate for Coach Rich and his players' outfit. And save for one contest, opponents are progressively more difficult week by week.

The Bulldogs have a sweet set of backs and a small but scrappy line. "Skip" Perman runs the club from quarterback. He is a courageous and gritty performer, tall enough to see over the line, a good passer, a strong runner and a slick ball handler.

If the Bulldogs defeat Plymouth—and the odds are that since they have more horses and more experience, they'll do so by perhaps two scores—the relatively inexperienced line that performed so well against Galion last week will have to duplicate that conduct.

Physically, the Bulldogs should be in good shape Friday since they suffered no serious injuries against Galion. The line may get added beef from center Gary Schweb,

who was injured in the Marion game and saw only limited action against Galion.

Carpenter has in a field some new plays in the Red offense and has chewed Red

Best and safest route to Crestline High school stadium recommended by State Highway patrol, Bucyrus:

Take Route 98 south to Route 598, thence to Route 30, turn left to Crestline. Turn right in Seltzer street, Crestline, cross railroad tracks, turn left in second street south of tracks to stadium.

Admission is \$1 for adults, 75 cents for pupils.

meat, of a figurative character, of course, all week. Crestline will try to did the ending as Margaretta did. It's nothing new for the Bulldogs, who swept Galion's ends, too. And crisp and hard tackling, some heads-up blocking, and a little less thoughtlessness from some experienced player could produce a close result.

Be discriminating

Football fans tend to be impressed by establishments and appointments to overlook evils.

Now that the home team gets farther from home to play its games, they see more and more. The degree of impression varies directly as they see.

It's useful to point out some thorns in what otherwise appear to be roses.

One school in a small town has a first class field and a grade A dressing room, indicative of considerable effort by parents and friends of parents. But the coach puts out a story that his team was sorely handicapped by the absence of five players (three of them played, actually, and did a fine job) and the fact he had to use a substitute quarterback (who did an equally splendid job) meant he couldn't beat the visitors by more than one touchdown. Not one word of commendation to the visitors, who played over their heads and but for mischance, might have won.

This is what ball players call "bush". And to step into the dressing room is to confirm it. There's a placard labelled, in four-inch letters, "Quitters". On it appear the names of boys who, for some reason or another, left the team. Our attorney suggests it may be libelous to place a boy's name there, but since none of ours is involved, no matter. But if this is good education, we'll take vanilla, thank you.

Another school pays a good salary to a man who's football coach full time. He supervises two study halls and one cafeteria, conducts no academic work of any kind, openly confesses "I can't teach school and coach football at the same time."

A third school is dickering to obtain release of a boy serving time in a penal institution so that he can yet play football this season.

This may be sound. For our part, we prefer to be guided by the response of Gil Dobie, the late coach at Cornell university, who observed after a terrible shelling by a coach who sought to commiserate with him, "It's all right, but we prefer to play the students."

So long as the local program is dedicated more toward sport and honest competition than to victory at any price, there will be no complaint from us.

Mrs. Dallas dies in hospital at 93

Mother of Mrs. Clarence M. Ervin, Mrs. Ida A. Dallas, 93, 347 West Broadway, died in Willard Municipal hospital Sunday.

She was born in Seneca county Aug. 28, 1869.

Mrs. Dallas was a member of First Evangelical Lutheran church.

A brother, Delbert Myers, Bucyrus, and a sister, Mrs. Della Carpenter, Nogales, Ariz., also survive.

The Rev. John H. Worth conducted a funeral service from McQuate funeral home Tuesday at 2 p.m. Burial was in Greenlawn cemetery.

Fire levels house of Elroy Sayer here

Fire of undetermined origin leveled the dwelling of Elroy Sayer in Henry road early Monday.

"The roof was gone when we got there about 10 minutes of four," said Fire Chief Judson A. Morrison, "and we couldn't save the house."

Only the chimney was standing when the fire burned itself out.

Summoned at 3:40 a.m., firemen fought the blaze nearly five hours.

The occupants mercifully were absent, visiting a sick relative.

All contents of the building were destroyed.

47 pupils over expectations mean expenditures at Shiloh

Unexpected increase in enrollment of 47 pupils necessitated last-minute arrangements that were expensive, the Board of Education was told Sept. 12.

An additional school bus has been rented by the Board to serve until its new one is delivered. Ten buses are now in use, all of them overcrowded. C. Todd Strohmeier, new executive head, told the board. Minor changes in routing will relieve the problem, Strohmeier said, and nine buses will be sufficient. The new bus has a passenger capacity of 66 and will replace a 44-passenger vehicle.

To seat these additional pupils, 40 desk sets costing \$966.18 had to be ordered.

THE CEILING IN SHILOH Junior High school study hall is sagging, Strohmeier said. The architectural firm of A.H. Moellenkamp & Associates, Lancaster, which designed the building, says there is no structural problem. The firm will be requested to make a formal statement in writing to this effect. Then the board will seek the counsel of other experts.

Once doctor here, Lloyd Gaston dead

A former Plymouthite who practiced medicine in Shiloh was drowned Aug. 16 off Treasure Island Beach, Fla.

He was Dr. Lloyd H. Gaston, 52, president of the Greater New York Hospital Association, executive director and a director of Union Theological seminary.

When he practiced at Shiloh, Dr. Gaston lived at 58 Trux street here. He left his Shiloh practice about 1934 and went into public health service. During World War II he was a surgeon in the U. S. Public Health Service.

The addition was built in 1951. "From what can be observed," Strohmeier reported, "the concrete is sagging between the beams and reinforcing rods and apparent cracks along the baseboard seem to be widening."

Another eating table will be ordered for the Shiloh cafeteria. A garbage disposer may be acquired for Plymouth cafeteria. Quotations of price will be sought by the executive head.

The new boiler for the Plymouth Elementary building is en route. Strohmeier said he is "keeping his fingers crossed that the old one will hold out."

THIS YEAR'S PAYROLL, the board said, just about equals last year's. Hopes to cut down on expenses have therefore not been realized.

The four first grade classes are too large and it is obvious additional teachers ought to be hired, the board said.

The summer school program is in the red for \$167.78, with \$53.50 outstanding for tuition. Drivers' training program apparently was not self-liquidating: \$100 was paid for rental and \$25.28 for gasoline.

Big Red holds Polar Bears in two periods--

Crestline set for JAC fray

By J. J. PETTI
Sports Editor
The Crestline Advocate
Crestline High school's Bulldogs will be looking for their first victory over a Johnny Applesced conference foe when they meet the Big Red of Plymouth Friday night at Crestline.

The Bulldogs are fired up over their 30-6 victory over Galion Friday. The game will

have the added excitement of homecoming and Crestline will be looking to bring in a victory for the alumni.

Coach Joe Spilewski's griders opened their season with a loss to a big and rugged Marion Catholic team, 19-6. The opening game failed to impress local fans, but the outing served as a test for Spilewski's offense. He learned that some changes had to be made and these were carried out prior to the Galion tilt.

Most notable change was the switch of senior Francis "Skip" Perman from halfback to quarterback. The switch paid off as Perman led the Bulldogs to the surprising victory over Galion. He tossed two touchdown passes, three passes for extra points, and ran for one 15-yard TD.

IN ADDITION TO HIS passing and running ability, Perman showed he can be a very deceptive ball handler when working from the T formation. His handoffs to halfbacks Bob Rowland and Louis Mason and fullback Jon Eckert helped to shatter the Galion defense Friday night.

Probably the most surprising factor about the Crestline team is the line, both on offense and defense. Made up mostly of small, young boys, the line has proven to be as tough as a veteran forward wall. Its outstanding work on defense against Galion kept the Tigers from scoring more than once, and while it did give way to Marion Catholic, the Bulldog line held the scoring down until the latter half of the third quarter.

A fumble, a bold pass and a big tackle led to Plymouth's defeat by Margareta, 14 to 8, Friday night.

It was no disgrace for the Big Red to lose. With more luck, the outcome would have been different. And Coach Richard Carpenter's rudemanned outfit showed proof that, barring accidents, it will be a contender for the Johnny Applesced conference title.

Gary Utiss fumbled on the Margareta 33 after the Big Red marched with the opening kickoff from its own 40. The Polar Bears then covered 69 yards in 16 plays before Bob Harple went in for the score with 2:53 left on the first period clock. No Plymouth player laid a hand on him as he swept his right end for the PAT.

It was pretty much of a stand off for two periods thereafter. At the half, the statistics were about even: On 27 plays, Margareta had amassed 114 yards rushing and 23 yards passing for nine first downs; Plymouth had collected on 22 plays a total of 94 yards rushing and nine yards passing.

Margareta's offense wasn't much better in the third period and had the Big Red offense clicked, the outcome could have been affected. Plymouth rushed for a net yardage gain of one during this quarter.

Red foes winners, except Ridgedale, Ontario, Butler

How future Big Red foes fared last week:
LOUDONVILLE 18, New London 6
BELLVILLE 6, Mt. Gilead 6
CRESTLINE 30, Galion 6
Shreve 32, BUTLER 112
Cardington 44, RIDGEDALE 6
JOHNSVILLE 18, Hayesville 13
Mohawk 20, ONTARIO 18
FREDERICKTOWN 40, Berne Union 6

A BIG PLAY WAS WHEN Utiss sought to make first down in a fourth-and-three situation from the Red 47. Whereas he was able to gain almost at will at other times, the big fullback fell far short and quarterback Jimmy Hamman's gamble didn't pay off.

Margareta took over and after Joe Limberios took Don West's pitchout for 13 yards to the Red 35, Plymouth broke a tie. On fourth-and-15, West passed directly over center to Mel Miller, who was downed on the Big Red 24. This awarded the Polar Bears a first down. Plymouth again held successfully for three downs. On fourth down, West sought to hit Limberios in the left flat. Utiss tackled the intended receiver and the officials ruled pass interference.

With first down at the spot, on the Plymouth 20, Margareta had another life. This time it did not fail. In six plays Limberios was in the end zone with the second score. Earl Hess threw Dan Frederick for the PAT and Margareta 14, Plymouth 0.

HERMAN GANT'S KICK-off went deep and Plymouth returned it to the Margareta 38. Utiss carried for a first down to the Polar Bear 21. On third down, Hamman faded to pass. All but swarmed under, he wriggled clear and threw 17 yards to Fletcher in the end zone. Hamman rolled out left for the PAT.

Time was running out and Plymouth never again got possession.

This contest showed some absolute facts about the Plymouth outfit that were at best only surmised or suspected heretofore.

One is that this is a club with spirit and determination. Another is that the material is thin. Had there been some reserve strength available Friday night the outcome could have been different. It is also true that if future contests aren't going to develop a decision until late in the game, such reserves as are riding the bench aren't going to get much chance to play.

A third is that Plymouth's secondary defense wasn't up to average, it was woefully weak on end sweeps, and tackling in general was less than emphatic.

But make no mistake about it, Plymouth captured a moral victory, on which there is no payoff save in pride, against Margareta and bids fair to establish itself as a grade A ball club before very long.

Lineups:
Margareta: ends: Miller, Mesenburg; tackles: Yost, Longnecker, Crepey, Gantz, Merk; guards: Blumh, Remy; center: Ransom; backs: West, Dan Frederick, Limperios, Harpple, Green, Gant, Yates, D. Keegan.
Plymouth: ends: Arnold, Hess; tackles: Wells, Sam-

Tough new '63 Chevrolet Trucks are here!

...THE ONES THAT WHIPPED THE BAJA RUN...TOUGHEST UNDER THE SUN... TO SHOW THE WORTH OF NEW ENGINES, FRAMES AND SUSPENSIONS!

Round trip from Detroit to the end of the Baja Peninsula is over 8,000 miles.

Millions of years ago nature fashioned a proving ground for trucks that man can never duplicate. Today it is known as the Baja (bah' bah) California Peninsula, Mexico.

These pictures give you only a bare idea of the place. The road is fine for 140 miles below the U.S. border. Then the beating begins. Rocks and hard-baked ruts bang, jab and jerk the trucks from stem to stern. Loose sand makes them struggle and strain. Dust chokes them. Heat roasts them. Rivers drench them.

The Baja Run took this Chevrolet truck caravan 17 days to go the 1,066 miles.

All the trucks performed magnificently. Not one was forced to drop out because of mechanical difficulty.

Trucks that can take this kind of beating can take on your toughest truck jobs. Come in now and see tough quality-built '63 Chevrolet trucks with all their new improvements.

QUALITY TRUCKS COST LESS

Sometimes the caravan crept along for hours in low gear. It took 17 days to go 1,066 miles! This is the road near Loreto.
