Merger of Peoples National Bank of Plymouth into First National Bank of Mansfield will take place as soon as approval of stockholders and regulatory agencies can be obtained.

Earl C. Cashman, chairman of the board and president, Peoples National Bank, and Avery C. The transaction is subject to a definitive agreement of merger to be approved by the boards of directors and shareholders of both Plymouth and First National. It will be necessary to secure approval of all government agencies and regulatory bodies as may be required for the consummation of the transaction.

Delivered Tuesday night —

Here's annual report by the mayor —

In compliance with Sec. 733.41 of the Revised Code, I submit herewith the annual report of the mayor, required by law to be submitted during the first meeting of the village council in January each year.

The format of my report is necessarily conditioned by three factors over which I have no control.

1. The reluctance of the departed clerk to cooperate with the mayor, and his inability or failure to maintain records and submit reports on a timely basis (reports that could be relied upon because they were the result of prompt and diligent attention to duty); 2. the present lack of framing giving the most fair appraisal of the fiscal state of the village; I do not choose to ask this council to depend upon a guess; therefore, I respectfully request the council's indulgence until such time as a complete, fair and accurate report can be submitted by the new clerk, one that will stand the closest scrutiny and the most thorough audit.

2. The reluctance or inability of the county auditor to furnish me with data reflecting upon the value of the tax duplicate, owing to reappraisal directed by the General Assembly at 35 per cent of real or assessed value, and that which was routine under standing procedure set forth in the Revised Code, and on the new tax rate, which will certainly be lower than last year.

3. The lack of sufficient information to predict how soon the village may resume its obligations under the agreement with the bonding company to complete the sanitary sewer system.

I consider that during 1975 the village was engaged in a holding action, complicated by the ultimate defalcation of the prime contractor of the sanitary sewer system and some difficulties in exacting from his surety any willingness to proceed to completion to the contract as whenever

We did not keep pace with the times. We did not adjust salaries to the village staff. We did not set electric utility rates at such a level that we could maintain the system, make periodic deposits in the reserve fund to the equivalent of 10 per cent of the presumed value thereof, and reserve a balance sufficient to pay 90 days of expense of operation, including wages and benefits, without any revenue at all. The council was derelict, in my judgment, in failing to take timely action to adjust electric rates upward, and when it did so, finally, in failing to set them high enough to realize the standards that characterize every efficiently operated system.

If the council can perform one useful service early this year, it should study the demographic profile of the village as revealed by the census of 1970, with interpolations thereafter, with a view to grasping finally the texture of this community which has changed dramatically since 1960.

Our work during 1976 is cut out for us, in my

Tax base-up 161%

Revaluation in Richland county subject to rollback, but taxes will rise nevertheless!

Your tax rate is certain

to decrease

but your total

tax bill is bound to go up

in 1976.

That's the gist of a re-

port by the Richland coun-

ty auditor, Norman L.

Wolf.

Total tax valuation in

the Richland

county portion of

Plymouth rose to \$5,451,

585. Previously it was

\$2,713,834. Value of real

property increased by 161

per cent, from \$1,845,250

to \$4,086,180.

The increases derive

not only from the routine

revaluation of real

property in Richland county

but from the new audit

that all real estate shall

be assessed at 35 percent

of its actual present val-

ue.

In Plymouth township,

they were \$3,596,

200 total valuation, up

from \$2,198,450, and \$3,

141,550 for real estate, up

from \$1,758,350.

In Bloomingrove town-

ship, they were \$3,596,

200 total valuation, up

from \$2,198,450, and \$3,

141,550 for real estate, up

from \$1,758,350.

In Plymouth town-

ship, the comparable figures

were \$5,466,279 total valua-

tion, up from \$3,728,

334, and \$4,086,180 for

real estate, up from \$2,

328,980, and \$4,086,180 for

real estate, up from \$1,

806,100, and \$1,-

218,120 for real estate, up

from \$775,970.

In Case township, they

were \$3,912,290 total

valuation, up from \$2,

648,668, and \$3,024,420

for real estate, up

from \$1,758,350.

In Bloomingrove town-

ship, they were \$3,596,

200 total valuation, up

from \$2,198,450, and \$3,

141,550 for real estate, up

from \$1,758,350.

In Shiloh, they were \$1,-

486,324 total valuation, up

from \$1,060,016, and \$1,-

680 from \$6,776,700.

The figures for the

school district and for the

village of Plymouth will

be adjusted within three

weeks, says Huron Coun-

ty Auditor Kenneth W.

Ross, who when appra-

ised the land for the

taxes, found the

figures for the 1976

revaluation to be 161 per-

cent higher than the 1975

figures.

Men on the third Tues-

day, which allowed more

than enough time.

Councilman James L.

Jackson, who was again

chosen president pro

tempore, is to agree to

a two-year contract

with Solicitor Robert A.

McKown, who later said he would be willing to accept it.

men on the third Tues-

day, which allowed more

than enough time.

Councilman D. Douglas

Brumback suggested

changing them to either

the second and fourth

Tuesday or Thursday, but

tradition held. His con-

tention was it would make

their clerk's work easier

by allowing more time to

prepare the monthly finan-

cial statement.

Mayor Elizabeth G.

Paddock said in the past

the clerk always had pre-

sented the financial state-

ments to prepare these job descriptions.

If we do not revert to the old system, we must

certainly take prompt action to appoint a new

administrator or to formalize the status of the in-

cumbent.

I have implied that I think general fund revenues

are bound to increase because of the revaluation,

I am certain that any rollback will not be suffi-

cient to offset increasing revenues. I am aware

that the fiscal situation will be difficult in 1976.

Since this is a presidential and congressional

election year, I am certain the Congress

will not allow the concept to die. But I am equally

certain that it will amend the provisions of the act

so that the neediest will receive the greater bene-

fits, which inevitably means that a village of 2,000

persons will receive, per capita, less than a city of

one million.

Nevertheless, the village should learn to sail on its

own canoe. It cannot rely on handouts. If the citizen-

wants services, they must be ready to pay for them.

It would be premature to suggest any adjustment

in the tax level until we know what level is and

what it will produce. When five of seven households

in the village are owner occupied, it seems to

me that the fairest way to provide funds for public

safety, which is the main purpose of expenditure

from the general fund, is by a tax on that property,

is the life of a man who makes \$20,000 a year worth more than one who makes only \$5,000? Certainly not.

We begin 1976 with all outstanding notes paid.

I have no idea what bills have not been paid; the debtors are not here to pay them.

Even more so to notify me what was paid and was

not paid, even after our creditors had several

times protested to me that bills were overdue.

We face 1976 with a hangover of old problems

the development of a water supply and distribution

system that will meet the needs of the 21st

century; the adoption of a zoning and housing ordi-

nance that will preserve the value and texture of

the site upon which village equipment can be stored

after the construction of a park for the younger

citizens in the execution of the day to day tasks

of the village, not excluding service around this

table, and specifically including the chair in which I sit, and finally, the development of a community pride which manifests itself in clean and re-

paired sidewalks, painted and re-sided houses,

remodeled commercial establishments and the

Lexington too much for Plymouth, 71 to 43

Lexington mauled Plymouth, 71 to 43, in today Appleseed conference play. Friday night, all but bludgeoned Big Red out of the gymnasium in the first period.

The Minutemen outpassed, outrebounded and outshot Plymouth.

At one point in the first half, the Purple and Gold strung together 16 straight points without response. And another Lexington ripped off 12 straight.

It was a combination of superior height, better floor position, better shooting and poor Plymouth execution that spelled victory for the home quintet.

Two of the Lexington starters measure six feet five inches apiece. One of them, Roy Bauman, tallied 18 points before he fouled out late in the game.

Plymouth took an early lead and for the first three minutes showed a tenacity of purpose that suggested the Big Red might pull the upset of the season.

But Lexington drew from behind with 5:04 remaining in the opening period and was never headed thereafter.

By the end of the quarter it was all but a bougher, with the Minutemen led by 16.

The margin was increased by a point at the half, when Lexington led by 34 to 17.

After the halftime recess, the Minutemen really went to work.

They scored 19 points in the third quarter, while limiting Plymouth to just 12.

And with eight minutes to go, the Minutemen led by 24 points and couldn't be beaten with a stick. PLYMOUTH'S defense against Bart Thomas and Baumian simply did not work. Thomas, who measures six feet two, scored 21 points, most of them from under-

neath. He had 10 in the first period.

There were nine of the Minuteman squad that scored.

Plymouth did not shoot well at all, scoring only 17 times in 49 tries. Lexington, on the other hand, shot 73 times and bagged 30.

From the free throw line, it wasn't much better. Plymouth missed 13 of 18. Lexington three of 14. Plymouth collected 25 rebounds with 21 turnovers. By comparison, Lexington had 47 and 16.

There was some quibbling with the referee and the Plymouth coach was soaked with a technical foul at 1:35 of the third period.

The suspicion was strong that he argued as much to dislodge his players as for any other reason.

This is a strong Lexington team, not so good as some in the past but one that will go far in league play (and why shouldn't it: it's the only Class AAA club in the loop). Whether it can handle Loudonville to anybody's guess but one would be foolish to discount the Minutemen.

Brad Turson, plagued by ill luck so far this season, scored 17 for the Big Red. Mike Weaver accounted for 10, the only other Plymouth player in double figures.

portunity to get two PBS stations is worth more than the monthly cost.

I also think one of the council is misinformed.

No station, to my knowledge, now carries Ohio State football on a regular basis. WOSU, PBS in Columbus, did for one

or two years but court action was brought by commercial stations to stop

it, at least, are more than satisfied with the cable.

We wish the council would be more careful be-

fore assuming it speaks for the entire village. We, at least, are more than satisfied with the cable.

Chicken lentil soup fine for the cold

By AUNT LIZ
Just once in a lifetime everyone should visit California.

It is a world by itself. Because so many people have visited it, it is very crowded in spots. Yet you can drive miles past almond trees and grape vines and even olive groves.

There is something about it that seems to keep everyone too busy to think about growing older. After giving it all deep thought, I really think it is the result of their fantastic freeway system. If they have nice quiet back-roads like we have, they would think twice.

Everything is four lanes each way, bumper to bumper. You simply have to know where you are going and get in the right lane or else you are miles from where you want to go.

Somewhere this seems reflected in everyday living, from what we could see in old friends who are transplanted from Ohio and Minnesota.

And there is so much to see and do and everyone seems to do as much as possible. They are always going somewhere and the state must be Detroit's most favorite one.

We did all the things good tourists do; we walked miles through Chinatown in San Francisco, even had coffee in a Chinese restaurant. And all the Chinese business men who gather in the morning just like people do here. We rode cable cars, which are great for getting up hills that are 60 degree slopes. How they ever built such a great city on such hills is beyond me. It is no place to be driving a Pinto.

Fishermen's Wharf is a shopper's haven, filled

with lovely little stores; we only saw one boat come in with a load of crabs that were being measured for their legality. Maybe it was the wrong time of the day for all the other boats.

Or this was just a strange day. But I guess in cities it must be done. Some of the nicer shops had iron gates and you had to ring a bell to get in. And at night they take in all their window displays and lock them up.

It was really a great two weeks and really has given us a new lease on life. It did not cost us a large sum of money. The story went on to say that the residents would not be able to use their driveways for about three weeks during the construction. Life is about the same wherever you live. It, however, for food, there is lots of it. Everyone loves Mexican cooking, and it is good. One night we had a really tasty supper and in this subzero weather, this can hit the spot. It is lentil soup with chicken rather than a ham bone.

Boil a quart of water, then add a cup of dried lentils with a sliced onion.

Miss Caudill to wed at Tiro Saturday

An 11th grader in Plymouth High school, Miss Angela Caudill will be married Saturday at 2:30 p.m. in Tiro United Baptist church to John Dye.

She is the daughter of the Elmer Caudills, Shiloh. He is a 1974 alumnus of Plymouth High school, the son of the Jack Dyes, Shiloh.

On joint petition, the marriage of James F. Eckels, Shiloh, and Mildred Eckels, Shiloh, has been dissolved. A journal entry in Richland county common pleas court shows.

Charged with grand theft of gasoline from the school bus garage at Shiloh, James W. Humphreys, Jr., Shiloh, will be dealt with by the county prosecutor's diversion probation program, he having pleaded guilty.

Will of Fred Cuppy, Shiloh, No. 1, leaves an estate estimated at \$52,000 to his wife, Dora, Richland county probate court reports.

Estate of George F. Beck, Cass township, amounts to \$13,426, Richland county probate court reports.

Mrs. Mildred A. Myers, 64, 30 West Main street, Shiloh, died last Saturday in Shelby Memorial Hospital. She was a patient a long time.

Born in Richland county, she lived in Shiloh most of her life. She and her husband, George, bred and showed Belgian draft horses in county fairs and horse pulling contests.

She retired after 27 years in the employ of Michigan Standard Tube Co., Shelby. She was a member of Mr. Hope Lutheran church, of its Royal Daughters church school class, of Shiloh Fire Belles and of the B Square club.

Her husband, five daughters, Mrs. Martha Pogue, Betty Myers and Mrs. Donna Parks, all of Mansfield, and Mrs. Barbara Didion, Bellerville, two sons, Charles, Plymouth, and George, David, Shiloh, 34 grandchildren and 16 great-grandchildren survive. A daughter, Mrs. Doris Hersher, died earlier.

The Rev. James McDorman, First Evangelical Lutheran church, Plymouth, and David Gonsler, her pastor, conducted services from the church Tuesday at 2

p.m. Burial was in Mt. Hope cemetery.

Mayor Grady McDonald asks that all Shilohans live with Christmas trees put them out at the curb tonight or early Friday morning so they can be picked up and disposed of.

Shiloh P-TA meeting has been changed to Monday, Jan. 12, at 7:30 p.m. Rep. Sherrod Brown will be speaker of the evening.

Mrs. Edith Thomas, Starkey's Rest home, Sandusky, celebrated her 87th birthday anniversary Dec. 26 with Mr. and Mrs. William Thompson, Euclid street, at their home. Mrs. Thomas is Mrs. Thompson's mother.

Mr. and Mrs. Robert Parrigan, Pettit street, Shiloh, celebrated their 20th wedding anniversary Dec. 31.

They were married by the Rev. John Wheeler in the Church of God, Shelby. The Parrigans have two children, Ellen and Robbie, at home.

Mayor Grady McDonald celebrated his 32nd birthday anniversary Jan. 1. In some instances, mothers were acting as leaders and counselors at the camps and the committee saw this as sufficient reason to offer a campership to a girl. These were paid from the sale bonus.

At Camp Niniwan in Ontario, cookie money repaired tents, cot covers, chain saw and pump; replaced tent poles and stakes and provided new platform tents and tent flies.

Local girls attended Camp Niniwan for day camp sessions offered last summer. Brownies, Juniors and Cadettes attended a minimum of six days. Shiloh Junior Troop 149 also used the site for some badge work on a day outing and is planning to return for an overnight session in early spring.

A number of local Scouts spent two weeks at Waldbonding last summer with many making plans to attend next year. For several of the girls it was their third or fourth year to attend the camp. At least one Cadette Scout is planning to attend the camp this summer and train to be a counselor. The younger girls are already talking of their two weeks stay in 1976.

Gerald Strong, Sr., Rome, was taken to Mansfield General Hospital by Shiloh Rescue squad Dec. 31 when a car he was working on fell on him. Strong received a fractured skull, a broken jaw and several lacerations of the face.

Mr. and Mrs. Franklin Ball, Shiloh, are the parents of a son born Jan. 5 in Shelby Memorial hospital.

Mrs. Robert Crabb, Shiloh route 2, is the cookie chairman for the Shiloh-Plymouth Service unit. Anyone not reached by a member of one of the seven troops in the area may call Mrs. Mary Crabb to place his order.

This is Mrs. Crabb's third year to be the area cookie chairman. She previously was a leader for a Shiloh Brownie troop. She has a daughter in both the Junior troop and Cadette troop in Shiloh.

Plymouth troops have been formed in the last few months but are going to be small. The Shiloh Brownie troops and a junior troop in both Plymouth and Shiloh. The Cadettes meet together in Shiloh.

Cookie sale set Saturday

Girl Scouts of Heritage Trails Council, including Plymouth and Shiloh members, will be taking orders for their annual cookie sale Saturday at 9:30 a.m.

The sale, which usually starts in February, has been moved to an earlier date so that troops have more time to bonus for their troop activities this spring. Order taking will close Jan. 19 and delivery of cookies will begin the week of Monday, Feb. 24.

Varieties of cookies to be sold this year are Berry's lemon creme sandwich, Oxford vanilla cream sandwich, Scotchies (shortbread) and the perennially most popular thin mints and savannahs (peanut butter sandwich). Each package will sell for \$1.25, with 15 cents of that amount going to the packager they sell. During the last two years, when the wholesale costs of cookies rose, the council maintained \$1.25 as one selling price for each package with 12 cents of each dollar going to the troops. Over half of the selling price stays in the council. Customers do not pay for their cookies until they are delivered.

In the Shiloh-Plymouth Service unit, approximately 15 girls attended camps last summer with many making plans to attend again this summer. Low income is not a requirement to receive assistance. In some instances, mothers were acting as leaders and counselors at the camps and the committee saw this as sufficient reason to offer a campership to a girl. These were paid from the sale bonus.
