Specifications are being prepared to advertise for bids to renovate the old

water tower and will be ready Tuesday night when the council holds a recessed meeting. The meeting was requested by Eugene G. Gerken, sanitary sewer engineer, because street repair from the sewer construction is to begin Monday by Mansfield Asphalt Paving Co. By Tuesday night he and the company will have an estimate of what the village's share to repair will be. Not all of the street problems can be laid to the construction, the mayor said, and with the equipment here, the village will get a better price.

Financing will be the chief problem. Approximately \$16,000 plus \$1,300 will be appropriated for 1976 for street repair and the state highway fund, but not all of it can be used for repairs. Salaries, fringe benefits and materials must be taken out of the funds.

The mayor pointed out that interest from any of the village's reserve funds goes into the general fund for transfer to any other fund.

A check is to be made on where the village investments stand on interest payments.

During the last two weeks the police department issued tickets for 37 traffic violations. The mayor's court turned over 982 to the general fund for April. The mayor said the figure was deceiving, because \$270 resulted in fines from a bar room brawl.

The mayor said that cars are literally creeping in and out of Plymouth since so many tickets have been issued.

Jacobs asked Jon Schaefer, assistant village solicitor, if fines or court costs could be solely earmarked for police equipment. Schaefer said he was searching it.

Refreshments were served by Elsie Barnes and Rosemary Bricker. Next meeting will be June 2 with Harvey Vost, Woodrow Huston, G. Deming Seymour, Francis Snyder and Karl Kinistie in charge of the theme.

Mr. and Mrs. Richard Tallman and Mr. and Mrs. Karl Kinistie will be in charge of the refreshments.

Miss Stickney is charged by the state highway patrol for changing lanes without caution.

James R. Dye, 28, 16 Church street, Shiloh, arrested by the state highway patrol May 7 on charges of drunken driving, was convicted in Norwalk Municipal court, sentenced to three days in the Huron county jail, to pay a fine of \$200 and costs and to suspension of his driver's license for one year.

Dennis E. Branham, 23, Plymouth route 1, was arrested by the state highway patrol May 4 on a charge of drunken driving on Apr. 28, was convicted in Norwalk Municipal court, sentenced to three days in jail, to pay a fine of \$200 and costs and to forfeit his driver's license for 20 days.

He is in the 10th grade at Plymouth High school and next year he plans to attend Pioneer Joint Vocational school to study automobile service.

## No action so far to fix streets

During a recessed meeting Tuesday night, village council discussed with Eugene G. Gerken, sewer engineer, streets that are to be repaired under the sanitary sewer contract and which sections are the responsibility of the village.

Repair work which has proven unsatisfactory is to be redone, Gerken said. How much the village can afford from its own funds is a moot question. Mayor Elizabeth G. Paddock said the village has \$8,962.60 in the Huron county emersion tax fund (this is from the additional \$5 paid by Huron county residents for 11-centage tags).

She said Urban Livengood, Jr., Huron county engineer's office, informed her the money could only be spent in Huron county but that any work in East Main street and West Broadway would be approved, since they are the dividing streets of the two counties.

Councilman D. Douglas Brumback suggested the village enact legislation to tax Richland county residents the same \$5 as Huron county pay. The mayor said she believes this is not possible since the tax was voted down in Richland county a number of years ago.

Community club will dine today at 6:30 p. m. at Nova.

Tickets may be had from Dr. Pierre E. Haver or the brothers, Postema, Wilford or J. Hartis.

## To build school or not? And if so, just where?

Whether to build a new junior high school, and if so, where, will be decided by Plymouth Board of Education in special session May 26 at 7:30 p. m.

Already the lines are drawn between protagonist and antagonist.

Three options are open: 1. To remove part of the junior high school at Shiloh and to construct on the site, in three separate phases, a new junior high school.

2. To erect on a site of 7.67 acres at the northwest edge of Plymouth,

adjoining Charles Rhine armory, to which the board will soon acquire absolute title, a new junior high school costing about the same as at Shiloh.

3. To erect a similar building on a new site, location not even considered so far.

The two "Shiloh members" of the board, Mrs. Roger Pugh, the president, and the Rev. Arthur Hamman, strongly oppose the No. 2 solution. They voted against renewal of a 90-day option to buy the 7.67 acre site from the Vanadale family for \$3,000 an acre. But the other three members, R. Harold Mack, Frank R. Carber and David Howard, voted to renew the option, which expired Monday.

Hamman spoke the harshest words against Solution No. 2: "We have to look at the spirit within our system, which is something we haven't done enough of... to take the junior high building to Huron county, I don't think the people would ever get over it."

Mack laid the planks of the argument favoring Solution No. 2.

"We must think of the kids, what's best for them, not an adult solution. We're talking of a two year program that will entice the kids to education. And we're talking of a program that if we build right we're looking at a land gift that's worth \$200,000."

Garber said "One objection to building on the Shiloh site is that we are locked in... we are locked in by the community... and we'll use up all of the land on the present site."

Howard said he wants at least two plans to consider before voting on how the district should proceed.

FOUR TEACHERS RESIGNED. One of them, Mrs. Paul Kranz, Shiloh, is retiring after 15 years in the Plymouth system. She is assigned to a fifth grade at Plymouth and serves as head teacher in Plymouth Elementary school.

Jeffrey R. Weir, junior high school mathematics teacher, resigned to enter a theological seminary in Switzerland.

Mrs. Nancy Medley, fifth grade teacher at Plymouth, quit because of pregnancy.

Miss Janet K. Woldor third grade teacher at Plymouth, will join the "Men's Motion" youth program.

Two experienced teachers applied for a year's leave of absence, each because she wishes to be at home with a new infant son. These are Mrs. Gerald Lillo, junior high school librarian, and Mrs. Katherine Harpster, elementary and junior high school art teacher.

Approval was granted. A new teacher evaluation instrument was adopted without dissent. It is the result of lengthy study by a committee of administrators and teachers. It provides that tenured teachers will receive at least one evaluation a year, non-tenured teachers at least two evaluations a year and teachers considered for retention at least three evaluations. Other evaluations may be made at the option of the teacher.

The committee, headed by Gary P. Burggraf, Plymouth Elementary school principal, and Miss Barbara Zerkle, Shiloh area school teacher, recommended another evaluation technique be considered next year for supplemental contracts and that another type of evaluation, commonly known as the "feedback" type, be considered for rating teachers having tenure.

RADIANT IS THE Bride ON HER WEDDING DAY

The Lady is big, beautiful and expensive.

Her name is El Paso Columbia, and she's one of a new breed of ocean-going tankers designed to carry natural gas liquefied at -260°F. She's a very sophisticated lady.

She's as big as an aircraft carrier and can carry enough natural gas in one trip to supply fourteen thousand homes for a full year.

But she's expensive. In fact, she's the costliest commercial ship ever launched. Over one hundred million dollars! And she's just one of nine such tankers being built to bring vital natural gas to America from overseas. Deliveries start in late 1977.

Solving the natural gas shortage is a big job. Gas from overseas will help. It won't be cheap but it'll be a lot less expensive than doing without.

**LETTERS TO THE EDITOR**

Sir: By the time you read this, the vote will have been taken on the merger of the Peoples National bank of Plymouth and the First National Bank of Mansfield.

If it passes, I want you to ask yourself this question: "How long will the branch bank stay open at Shiloh with competition removed at Plymouth? What will this do to Shiloh?"

Then sit down and write how you feel about it to Larry I. Gerzema, regional administrator of national banks, One Erieview Plaza, Cleveland, O., 44114.

You need not be a stockholder to let him know how you feel. It is still time to speak out and will have influence. Act today, do not put it off and wish you had.

Sincerely, John F. Swartz Shiloh route 2

## Who likes what?

By AUNT LIZ  
What do Americans like best of all?  
The casual answer is hot dogs and apple pie, but that is not really true. Last week the Wall Street Journal carried an ad for Fortune magazine's 500 top manufacturers, and it is the most interesting and philosophical thing I have read in ages and is a terrific reflection of what life in our country is today.

In the top 10, there are five oil companies and three car manufacturers, so what do we all like best of all? A car, natch. In the next 10 are three oil companies along with two tractor manufacturers, plus a steel company which sells to them so they can be made. Fastman Kodak is there, too, which means that next to driving or owning a car, we like to take pictures of ourselves.

### Newsy notes . . .

Mrs. Darrell B. Faust, 18 Plymouth street, was named Woman of the Year Friday when Church Women United conducted a special luncheon in First Evangelical Lutheran church.

Miss Florence Danner, narrator of the program dealing with the plight of the women of the Plymouth area, made the announcement. Mrs. Richard J. Wechter, 2nd, Avon Lake, was present for the ceremony.

presented a bicentennial, inscribed medalion to mark the selection.

Mrs. Faust was recognized for long and outstanding contributions to the welfare of the community.

Her second and third daughters, Cheryl, now Mrs. George Kauffman, Bellevue, Wash., and Natalie, now Mrs. Robert J. Wechter, 2nd, Avon Lake, were present for the ceremony.

What makes America. Not all of us can be so lucky, but somehow our kids must try for it. That is the American dream, a better world for the young ones, and sometimes I think it is going backward. It is the older generation who didn't make it who are telling the younger one how to get around it and not bother to work it: let others take care of you.

This is going to have to come to a very abrupt end very soon, or we will not be so good as we would like to be.

Nevertheless, we still must eat. Trying to find cheap good recipes has become an indoor sport. This one makes a great deal and is relatively cheap and has been repeatedly tested. It comes out of a locally produced cookbook and is really tasty.

Mix two pounds of ground beef with two eggs and a cup of rice and sprinkle in salt and pepper. Mold into small balls.

Put them in a casserole, then pour over them a jar of store bought spaghetti sauce which is mixed up with about a cup of water (use a speck less than a cup). Dice a little onion and green pepper and mix with about a half of a teaspoon of chili powder and a dash of thyme and oregano. Pour this over the meat balls and bake for over an hour in a slowish oven at 350. It will change the original recipe, which called for Italian spices that come in one jar and we did not have such a thing, but it works. They are even good cold.

## Grange seeks farms of long tenure

Shiloh Community Grange is compiling a list of farms of at least 80 acres that have been in the same family for 100 years or more. Grange Master Robert Forsythe will receive such notification until May 31.

Carolyn and Richard Seymour spent the weekend with their parents, Mr. and Mrs. G. Deming Seymour. Richard, a sophomore in Ohio State university, was recently appointed special events director for the Drake Union on the Ohio-Drake Union activities board.

Shiloh Fire Club met May 3 with 22 members answering roll call.

Clerks, Mrs. Robert Bock and Raymond Von Stein, explained to the department about the public employees retirement system of Ohio.

Posters and tickets for the ox roast were discussed and it was decided to purchase the same amount of both as last year.

Fire Chief, Howard Cuppy, George Miller, Robert Pittenger, and Kenneth Shaffer attended a bomb school in Lexington. Chief Cuppy said persons finding a bomb should open all doors and windows, call the Richland county sheriff's department and under no circumstances to touch or move the bomb. The department has two

sizes of fire extinguishers for sale, 2 3/4 lb. and 5 lb. Both are refillable. It also has smoke detectors for the home. Anyone interested should call a fireman for further information.

Next month all firemen are to turn in the make, model and license number of their car or cars so that they can obtain their car sticker. This applies for trucks also.

Next meeting will be June 7 in the fire house.

Franklin Stephens, 28, 16 East Main street, Shiloh, was fined in Shelby Municipal court \$200 and

costs, 60 days in jail and two years license suspended for driving while intoxicated.

White Hall club met May 11 in the home of Mrs. Paul Fager at 1:30 p. m. with 11 members, one guest and four children present.

For roll call women showed pictures of their mothers.

A donation was made to the P. T. A. lawn fete.

A miscellaneous bridal shower was given for Jo Ann Sutter.

Next meeting will be June 2 at 1:30 p. m. in the home of Mrs. Robert Sutter, Noble road. Members are asked to wear red, white and blue.

Shiloh Fire Belles met May 8 at 7:30 p. m. in the fire house with 11 members and three children present.

Roll call was answered with "What Office Would You Like to Hold?"

A thank you card from Alice Owens was read.

It was decided to wait until November to elect officers. They will take office in January as there is no meeting in December.

Changes in the by laws were discussed. Mrs. Harmon Sloan, Mrs. Ralph Hawkins and Mrs. John Echelberry were elected to make the changes in the by laws and present them at the June meeting to be voted on.

Refreshments were served by Mrs. Richard Hempfield and Mrs. Hempfield.

Buckeye Farmers 4-H club met in the home of Paul Von Stein.

Pledges were by Rick Hawkins and James Sloan.

Roll call was answered by naming favorite singing groups.

Todd Kranz gave a health talk on "In consciousness and fainting". The club distributed nearly 200 "No Rider" stickers for tractors and riding mowers. The club also participated in a safety activity by giving out slow moving vehicle stickers, notifying farmers that faded signs are illegal and should be replaced.

All safety talk assignments have been completed. Guy Flora and Todd Kranz are to speak on safety topics at the district meeting at Shiloh Elementary school.

Next meeting will be in the home of Ronnie Steele.
