Council appropriates money to pay for street repair

A sum of \$26,700 was authorized by village council Tuesday night to pay for street repairs.

The council also agreed to pay for street repairs within the next two weeks.

Councilman D. Douglas Brumbach told Gerken that people wonder why the street contractor does not get the street repaired sooner.

Gerken explained the company was following a work pattern because of the difference in pay scales between the two counties, which must be observed, and the cost of moving equipment unnecessary distances.

Gerken explained the company was following a work pattern because of the difference in pay scales between the two counties, which must be observed, and the cost of moving equipment unnecessary distances.

There will be a period of dusty conditions, but this is the only method to do a good repair job on the streets.

Stanley E. Condon, who offered his services to make recommendations about repairs to the fire house roof, explained the design of a flat roof will constantly cause problems.

He suggested the proper way to repair it is to build it up to a slight pitch so that water runs down all sides, thus preventing what has happened over the years, water and snow settling and soaking the insulation.

He agreed it will be a costly procedure but will be lasting. Brumbach said this is the path that should be taken no matter what it costs.

Councilman Hubert V. Akers and James L. Jacobs, Sr., however, said that since the fire department's balance is low because of the two purchases of water tankers, the firemen could make temporary repairs that will solve the problem for the time being.

prices of materials. Dr. Roy J. Johnson, Jr., representing his parents, asked the council to sign an agreement stating the village will take responsibility for repairs of sidewalks and other items that will be involved when the sewer line is installed through the Johnson property in West Broadway. He was told such items are solely the responsibility of the contractor hired by the village. He said the village had approved a provision to protect a group of trees on the property.

Miss Anita L. Ruediger, clerk-treasurer, was authorized to renew a loan of \$6,000 from Peoples National bank for another six month period. It was borrowed in January to sustain the general fund until tax money is received. Interest of \$188.36 is to be paid. So far the village has received just over \$4,000 for the general fund this year.

Charles Reinhart, representing Plymouth Midger Leasing, thanked the village for the work done on its field but asked that something be done about the sewerage running from Walnut street near the railroad tracks.

The council also accepted a fire contract with Plymouth township at the same rates as last year, 15 fires for \$5,000 and \$100 for each additional fire.

Councilman Hubert V. Akers said the township trustees have asked the council to state what the contract will call for in the three year period after the present one, since the township fire levy is up for renewal in November.

Owens resigns as prosecutor

William W. Owens resigned as Huron county prosecutor last week.

He urged that his assistant, Richard Hauser, Willard, be named prosecutor.

Houser is a candidate for the office in June 8 primary, running as a Democrat. He is not opposed and will contest the office with Michael Fegen, Republican nominee, in November.

On Thursday, Huron county commissioners will appoint an interim prosecutor to serve until June 2, when the Democratic county committee in the county will meet to choose a successor to Owens to serve until Dec. 31.

Fegen is a public statement called Owens' action unconscionable. He said the voters chose Owens to serve four years and instead the prosecutor has orchestrated events to make an incumbent of my opponent." He said this is a blatant manipulation of a public trust for private ends.

Owens' salary is \$10,900. Houser is now paid \$13,000 as assistant prosecutor. Owens says he will return to the private practice of law.

The 32-year-old Owens said there is no truth to rumors that he seeks to run for the attorney general's job when the incumbent, William J. Brown, runs for governor.

Owens' resignation is effective May 26 at midnight.

Cablevision!

Introducing TeleDialer 32.

Push a button and it does everything for you but say hello.

Our new electronic directory doesn't just keep track of phone numbers. It dials them for you, too. Automatically.

It records up to 32 numbers. There's one button for each number and, next to that button, a place for the name. When you want to make a call, you just point to the person you want to talk to...and push.

For emergency or other important numbers, there are four separate color-coded buttons. They save critical seconds if you ever need the police, doctor, ambulance, etc.

In fact, TeleDialer 32 saves you time and trouble all day long in your office or home. It reduces time-consuming dialing errors. It even has a "last number dialed" button that automatically records your last manually-dialed number. So, if you get a busy signal, you can call back without re-dialing.

TeleDialer 32 comes in white, or in black with simulated wood grain panels. And it's available to all our customers.

Ordering one, however, takes a little effort. You have to dial all seven digits of your General Telephone business office.

The Beta Lambda scholarship is designated for a sophomore. She also was awarded the Faculty Women's Club scholarship for 1976-77.

This is absolutely best cookie recipe

By AUNT LIZ

There is nothing like learning the very hard way.

Just never ask for advice that you laugh back at.

I did it.

The other day we knew we were having two young children come with their parents for a Sunday brunch and I realized that what I had planned would not be quite right for the kids, so I sought the advice of a less-than-four-year-old friend. I asked what she would like to eat if she were asked out on a Sunday. With no hesitation at all, she simply said, "peanut butter and jelly sandwiches."

This really hit me between the eyes. How could my gourmet soul serve such a dish to children of such nice people? So we gave them bits of what the rest of us were eating, and little Amy was so right, they did not eat it and I suspect went home starving except for the ice cream. Now that is rather universal and everyone likes it, no matter what flavor.

So if you want to be a successful hostess, our best bet is the peanut butter and jelly sandwiches.

AND IF YOU REALLY want to outshine all hostesses, make up a batch of peanut butter cookies to go with the ice cream. This combination is irresistible.

And this is about the best cookie recipe in the whole world.

Mix a half cup of shortening, half of which is butter, with a half cup of peanut butter. Then cream into it a half cup each of white and brown sugar and an egg.

When it is all mixed, slowly add the dry ingredients, which consist of one and a fourth cups of flour, a half teaspoon baking powder, three-fourths of a teaspoon of baking

soda and a fourth of a teaspoon of salt.

Roll into balls about the size of a walnut and place about two inches apart on a greased cookie sheet. Then take a fork and kind

of mash them down, then criss cross the tops for a design.

Since these are really good, it is best that you double the recipe, which they do double beautifully.
