

Red stalwarts

John Ross, left, kicks off for the Big Red. Tom Miller, No. 11, and Ray Gullett are Plymouth lettermen expected to start against Clear Fork tomorrow.

Red opens JAC campaign with Clear Fork tomorrow

What may be its swan-song opens here tomorrow for the Johnny Appleseed conference, which was organized as a basketball league but has developed into a formidable gridiron competition.

Plymouth will meet Clear Fork, a team which it has managed to defeat only uncommonly since the Colts were organized. Each team comes into the game with the same record, a victory and a defeat. And that defeat in each case was by the margin of a field goal, Clear Fork by Big Walnut last week, Plymouth by Hopewell-Loudon last week.

Clear Fork outgained Big Walnut by five yards last week and otherwise held the Eagles at bay, save for two fumbles. One of them was of a 50-yard punt, recovered by the visitors deep in Colt territory. From this point Big Walnut moved for its only score of the night.

PLYMOUTH HAS A better chance to defeat the visitors tomorrow than for some seasons. There was the memorable night

handful of years ago when Coach Larry Root took his team to Bellville a decided underdog and walked away with a narrow victory, thanks to some sensational second half play. Plymouth must aim for zero mistakes. It was a mistake that cost it a victory in the Hopewell-Loudon game.

"It doesn't count if you outplay 'em or if you out-gain 'em, what counts is if you outscore 'em," Coach Richard Roll, as-

sistant to Coach Mike McFarren, said after Friday's game.

Plymouth did the first two but failed to achieve the third. THE LEAGUE IS breaking up. Two teams have already resigned, Fredericktown and Crestline, both to join the Mid-Ohio league. Fredericktown banded the Loudonville and Clear Fork to follow it, and Clear Fork wrestled with the question a long time before deciding to stay,

for the time being, at least, where it is. Departure of two of the smaller teams in the league disturbs what balance it had. And one could hardly say, with the monumental growth of Lexington and Ontario, that the Applesed conference is in balance.

What will transpire only time will tell. Plymouth's options are both poor: either go south, 'way south, or go north and west, 'way north and 'way west. There seems to be no possibility that the Fire-lanes conference, into which some Plymouth fans and administrators would dearly love to move, will wish to expand. And even if it did, there is no real sign that Plymouth would be favored. Considered, yes, but favored, no.

Anyway, Plymouth is the underdog here tomorrow, which is nothing new. Signs are that the Big Red will provide some excitement and, perhaps, even a victory.

McFarren plans no changes in personnel. "What we plan to change," he is reported to have said, "is that score on the board."

Laundromat to close

Plymouth Laundromat, operated by T. Leonard Hockett, Mansfield, since he founded it in 1960, will close its doors forever, but I may continue over into next week, just to make a whole month of it," he told The Advertiser.

"Why is he quitting, at age 76? "I've lost my lease. The owner of the building has given me notice to get out. I offered to buy the building and leave the building in at least as good a condition as it was when I moved in to it. I think the good people of this neighborhood and their support of my effort over 16 years."

Edward O. Ramsey owns the building, which was erected at East Main and Reuben Desler in 1915 by Reuben Desler to be a theatre. Desler was a blind man, who ultimately lost his life, as did his wife, when their car was struck by a train on a grade crossing near Bloomville.

Ramsey operated a theatre in the building for many years. An amusement tax applied against tickets sold by him led him to follow the national trend for an outdoor theatre and he erected what is now Plymouth Drive-In in Route 61 at the south edge of the village in the early 1950s.

Alumnus, 18, dies in crash

An 18-year-old alumnus of Plymouth High school was killed early Sunday when he was thrown from his car after hitting a culvert in Route 96 and rolling into a cornfield.

Timothy Eugene Lewis, Shiloh route 2, employed by Gorman-Rupp Co., Mansfield, was eastbound at 3 a. m. when he apparently fell asleep. Officers said there was evidence that the car went off the right side of the road, was apparently jerked back into the highway, then went off the left side of the road before striking the culvert.

Born in Mansfield June 11, 1958, young Lewis was graduated by Plymouth High school in June. His family lives north of Rome. He attended Pioneer Joint Vocational school.

He is survived by his parents, the Douglas Lewises; two sisters, Francene, now Mrs. Roger Porter, Mansfield, and Rebecca Ann, at home; two brothers, Earl D., Tiro route 1, and Philip Ray, Shiloh route 2; his maternal grandfather, Mrs. Sally Sparks, Ashland, and his paternal grandmother, Mrs. Hazel Teller, Dayton.

Dead girl, 21, thought suicide

The body of a 21-year-old Crestline route 1 girl was found along the Penn Central tracks 2,200 feet west of the Hazel Brush road crossing Monday morning.

Richland county sheriff's deputies suspect Mary Lou Lewis, who lived in Baker road, was a suicide. The body was decapitated.

They said they found her lost her job on Sept. 14 and was despondent for other reasons.

Driver jailed on two counts

Robert P. Culverson, 19, 227 Riggs street, was convicted in Norwalk Municipal court Sept. 13 of a charge of drunken driving and of driving while under suspension.

Judge Donald Derby sentenced him to three days in jail and to pay a fine of \$300 and costs on the drunken driving charge and to two days in jail and to pay a fine of \$200 and costs on the driving under suspension count. He gave the accused until Nov. 13 to pay the fines and costs.

Mrs. Arnold, 83, dies at Shelby

Mrs. Estrella Arnold, 83, Plymouth route 1, died Thursday in Heritage Nursing home, Shelby, of a lengthy illness.

Born in Richland county, she lived south of Greenwich most of her life. She was a member of Mt. Hope Lutheran church, Shiloh, and of Shiloh Community Grange. Five grandchildren and six great-grandchildren survive.

Mrs. Arnold's husband, Darley, and two sons, Duane and Jay, died earlier.

Three parcels in the village have been advertised by the Huron county auditor as delinquent in real estate taxes.

These are parcels of James R. and Geraldine Hicks, \$136.74; of Homer R. and Florence N. McClain, \$193.86; and of Jessie K. and Agnes I. Weller, \$279.41.

Miss Kenestrick found dead

Miss Edith M. Kenestrick, 91, 128 Mulberry street, was found dead there Friday.

Because the Richland county coroner could not be located, she was pronounced dead on arrival at Mansfield General hospital.

Born in Auburn township, Crawford county, she was a retired school teacher in Cleveland. She was a member of Plymouth United Methodist church. She is survived by a sister-in-law, Mrs. Harold Kenestrick, and a niece, Jean Kenestrick, both of Columbus.

The Rev. John H. Hutchison, Jr., her pastor, conducted services Monday at 1:30 p. m. from McQuate Funeral home. Burial was in Greenlawn cemetery.

Federal funds to be sought to repair sewer lagoons

By approving fees to Eugene C. Gerken not to exceed \$1,100, village council took the first step Tuesday night to seek a federal grant to repair the sewer lagoons.

Gerken told the council verbally and by letter that he believes the work may be eligible for a 100 per cent grant from the Economic Development administration, U. S. Department of Commerce.

One of the qualifications of such a grant is that the rate of unemployment in a given area be above the national rate of 7.8. This would qualify for 70 per cent of the funds. The other 30 per cent would qualify under the provision of the new law in that the unemployment rate is above 6.5 per cent but below the national average.

The figures are based on May, June and July of this year.

Mayor Elizabeth G. Paddock obtained the figures from Huron and Richland counties, which are the only ones available from the Bureau of Employment Services. For Huron county they are: May, 7.9; June, 7.0; July, 8.1. For Richland county the figures are

May, 8.7; June, 8.4; July, 8.3.

A letter is to be written to the state office to ascertain if figures can be obtained for the village alone.

Gerken estimates the repair work, which includes slip-rapping the sides of the lagoons, draining them and cleaning, installation of four footbridges and additional valves plus related costs for engineering, inspection, supervision, legal work and contingencies, will total \$74,000.

Approval of a \$1,000 fee to Gerken will be for preparing the report and application to receive the federal funds, which is not reimbursable.

At Gerken's request, the council approved a proposal of \$2,700 from the sewer construction fund for United Survey, Inc., Cleveland, to refile part of the sanitary sewer that needs repair. This consists of 3,889 feet.

The lines were filmed in the early summer of 1975 under the direction of the bonding company. When the films were reviewed by Gerken in June of this year, they were found to be inadequate to attempt the necessary repairs or to obtain an estimate for them.

New Havenite, 26, arrested

A 26-year-old New Haven man was arrested by Richland and Huron county sheriff's deputies on charges of molesting young children over a two year period.

He is Daniel Wilson.

Mrs. Goth hit, not injured

A 59-year-old Plymouth woman escaped injury but her car was badly damaged Thursday at Routes 224 and 61 in New Haven. Dennis C. Ohl, 25, Adams street, was charged with failure to stop after a collision. Police said his car struck the rear of that of Mrs. Bernita Goth, Mills avenue, pushing it into a truck driven by Odas B. Flynn, 49, Shiloh. Police said Flynn had slowed to follow a vehicle under tow.

Huston indicted by grand jury

James Huston, 43, Shiloh, accused of making off with the school bell from in front of Plymouth High school on July 28, was indicted for theft by a Huron county grand jury last week.

23 give blood at Willard

Twenty-three Plymouthites, including two new donors, gave a pint of blood to the ARC Bloodmobile at Willard Sept. 14, when 152 pints of blood were collected.

New donors were Donald L. Brooks, Jr., 66 Woodland avenue, and Eric J. Above, 22 West Broadway.

Gerken told the council once good films are done, the work can be done before winter.

He said the available film, while inadequate, shows a grouting compound was not holding up as it should, which will necessitate repairs to repairs.

Councilman John Ray inquired if the complete system of 36,000 feet would be filmed. Gerken said it was not necessary, but Ray said he believes most of the lines are defective.

Gerken had a rough estimate to blacktop Beelman street to the railroad track of \$14,000. Councilman D. Douglas Brummett said that before any work is done on that street, the problem of water running downhill

from the north side onto the street should be corrected.

Now that a telephone has been installed in the press box, it was agreed the ambulance will be at the football field for all home games. The mayor said she took it upon herself last week to retain it in the fire station, which seemed to be most central location for it and to avoid any delays in answering calls. She said when she asked the school authorities about the telephone, she was told it had been disconnected at the field. She felt the run to the school to receive a message would be too time consuming. A member of the ambulance crew will be on duty at the fire station to relay any message.

Loan rate on beans at \$2.52

Loan rate for Huron county 1976 soybean crop is \$2.52 a bushel, according to Chase Heyman, member of the Huron County ASC committee.

The 1976 rate increased 26 cents over the 1974 level," Mr. Heyman said. There was no soybean loan program in 1975.

Based on the national average loan rate of \$2.50 a bushel, announced July 28 by the U. S. Department of Agriculture, rates could vary from county to county. Mr. Heyman said adjustments were made in individual county rates to reflect changes that occurred in the historical average of soybean prices received by farmers and for shifts in production.

The loan rate applies to soybeans classed "yellow" or "green" containing 12.8 to 13 per cent moisture and which grade not lower than No. 2 on the factors of test weight, splits and heat damage, and not lower than No. 1 on all other factors.

Soybean loans are payable over a 12-month period at an interest rate of 7 1/2 per cent.

Band to seek to raise funds to buy uniforms

Plymouth High school band and Barre Parents are launching an all-out drive to raise \$4,500 to buy new uniforms.

During Tag Week, Sept. 24 through Sept. 30, the entire school district will be canvassed.

Anyone not reached is urged to send his donation to Mrs. Perry McKenzie, Band President, 157 Plymouth street.

Shiloh mayor to head drive to pass bonds

Mayor Grady McDonald of Shiloh was appointed Sept. 15 chairman of a citizen's committee to promote approval of the 4.22-mill bond issue to fund construction of a new junior high school there.

Committees will be appointed to finance the campaign, publicize it, obtain greater voter registration and to encourage public discussion favoring the issue.

Last call to register to vote

Huron county board of elections will take voter registration voter registrations here tomorrow from 1 to 7 p. m.

The registrars will be at Mack's Foods, Inc., 262 Sandusky street. If one has never registered to vote in the county or has changed his address since he last voted, he may register tomorrow.

Life dream comes true for Penny

The dream of a lifetime came true Aug. 1 for a young Plymouth route 1 girl.

She and her aunt, Mrs. Frances Wenzel, of Fostoria, left for a three week vacation in The Netherlands.

For Penny Rhodes, who lives in Kalkuzhen, visited his sister and her family in Fostoria, Ohio, for the first time in 10 years. His name is Sibbele Haazma, who lives in Kalkuzhen.

Her friendship began via the postal service when Miss Rhodes was a ninth grader in Plymouth High School.

Her host greeted them at the airport and took them to his parents' home, where they stayed eight days, visited his sister and her family in Balk and with another sister and her family in Leeward.

The party visited Slotten, where the celebrated movie about Hans Brinker was filmed. And they saw Sneek, Hindelooper, community famous for hand painted articles; Faneker and Harlingen. They drove across the Deltaland, from there they went to Alkmaar, a famous cheese market; Volendam, Haarlem, The Hague, Rotterdam, Delft and Utrecht.

The two visitors also toured a diamond factory, the celebrated Heineken brewery, and the equally famous Vincent Van Gogh museum. They returned to the United States Aug. 20.

Guess what you missed last night?

Unfortunately, that does happen more and more today. Some stations carry a program, some don't. It even happens on the networks. It's especially true now because a lot of the independent stations in other cities are producing more of their own programs. And many of those stations are also carrying new syndicated shows that are even better than the network fare.

So what happens? You miss a program you want to see. Or worse yet, you find out that a program you've been looking forward to wasn't carried by your local station, but was carried by a station in another city. You missed it, but your neighbor on the cable did.

You see, Cablevision is more than just giving you a lot of channels. Cablevision is providing you with an opportunity to choose what you want to watch. The more choices you have, the better selection for you. It's as simple as that.

Plus you'll be seeing more sports, more movies, more children's programs. And don't forget the special

What was woman's realm now handed to men!

By AUNT LIZ
This is a nice time of the year. The leaves are turning and becoming plain beautiful.

Skirts are getting longer and higher heels are back in style, which perks up a lot of people. Pants are really great. Comfortable, no need to climb into panty hose, the half ones work, but there does come a time when you simply have to wear a dress. Maybe it is a long standing habit, but I do think gals look better in dresses.

Pants may cover up legs which have problems, but they sure as heck accentuate back ends. Another thing they have done is just about ruin the girdle business. One company that did about 50 per cent of its business in girdles is now doing only 10 per cent, and if you have stock in it, you should unload it.

This whole problem is being carefully studied by sociologists and psychologists and those guys have come up with the reason for the girdle's downfall was that women simply decided they needed freedom. They have a real

point. There is nothing like coming home and getting rid of a hinder binder. That is real freedom.

Nevertheless, the companies that manufacture such things are making a great attempt to recapture the market, and this is the real quirk of it all. They are turning to male designers. It seems to me that the ladies could do better. Actually, it was a gal who started Maidenform back in 1923, and today her daughter is running it.

No matter who you are, no gal wants to be out in left field as far as styles go. It means status to be dressed in the very latest, and even those who want to be far out fall for certain acceptable things.

Last week while I was Gray Ladying, a young couple came to visit. They were really far out. To me anyway: very expensively dressed in jeans plus fringed suede jackets, big brimmed hats, and real turquoise like you would not believe. At least it looked real to me. But they did look almost plain vulgar, and that is because I, and I realize it, live

kind of in the past, when well dressed people really were well dressed. IF YOU HAVE TO CONTINUE to wear what is in your closet, do so.

This will give you something to think about for a while. Prepare two or three round cake pans by greasing and putting waxed paper in the bottoms.

Then measure one and a half cups of sugar, grate the rind of an orange into it. Then cream it with three fourths cups of butter really well. Add three eggs one at a time so they are well beaten into it all.

Measure three cups of flour out with three fourths teaspoon salt and four and a half teaspoons baking powder (this is a good size cake as you can see). In a measuring cup put a half cup of orange juice with a half cup water and two tablespoons lemon juice.

Mix these two alternately into the first mixture, and divide into the baking pans equally. It goes in the oven at 375 degrees and should be done in a little over a half hour.

Frost it between layers, on the top and down the

sides with a powdered sugar icing recipe which is flavored with orange juice for liquid. To make it festive, sprinkle coconut on the top.

The Dale McPhersons, the Reed Whites and the Raymond Riedingers spent Sept. 11-12 camping in Columbus, where they visited Ohio Village and the State Historical society.

Stanley E. Condon visited his parents, Mr. and Mrs. C. E. Condon, Mt. Vernon, Sept. 12. Mrs. Condon with her granddaughter, Barbara Elliott, daughter of the John Elliotts, Flushing, Mich., and her sister, Mrs. Dwayne Simmons, Loudonville, flew to New York, N. Y., for the Sept. 18-19 weekend.

Mr. and Mrs. Joseph J. Lasch were among the spectators Sept. 8-12 of the Golf World Series at Firestone Country club, Akron.

The Charles Pritchards and the Richard Utzes were luncheon guests Sunday of the A. L. Padocks, Jr.

First defeat —

Chieftains nip Red on long run, 9 to 6

It took only 37 seconds to destroy Plymouth's dreams of a second straight football victory on a wet field in Mary Kate park Friday night.

Kerry Brinker, a little halfback, slid off left tackle on first down after Plymouth's kickoff and swept the Red right end for 63 yards and the winning score in a 9 to 6 victory for the Chieftains of Hopewell-Loudon.

The clock read 6:09 of the fourth period.

At 6:48, Mike Messer ripped off right tackle for 31 yards and the go ahead touchdown. On third down with five to go for first down, Messer hit a stone wall. He appeared to be stopped cold. But he wriggled free and slipped along the north sideline into the end zone. Tom Miller's attempted pass for PATs was smeared.

The score prior to this play had been 3 to 0.

The Chieftains have a splendid left-footed kicker on their squad, a boy who because of an injury for four years has done naught but kick placekicks. He booted a 25-yarder for a field goal with 6:45 remaining in the first half to establish the Chieftains' lead.

PLYMOUTH HADDOM-

inated the game offensively until that point.

John Ross punned 30 yards to the Chieftain 45. A runback by Yoder got to the Red 46, but a 15-yard penalty for personal foul set the visitors back to their 36.

On third down, Miccichi passed 31 yards to Tom Hoffman and Hopewell-Loudon had first down at the Plymouth 23. Yoder got 12 in two tries and Fruth three in two. Yoder hit left tackle for three more and the Chieftains snapped the ball from the 15. Perry Bloom split the uprights from the 15.

Plymouth threatened before the half ran out, mostly because Miller hit Ross with a 28 yarder that gave the Big Red first down at the Chieftain 20.

But in four plays Plymouth could not penetrate inside the 16 and it died there.

Plymouth had a clear superiority, statistically, after the first half, save for the points on the scoreboard. The Big Red had seven first downs with 32 plays, 83 yards rushing and 49 yards passing, having completed three of seven. The Chieftains, correspondingly, had four first downs with 25 plays, 25 yards rushing and 31

yards passing with a single completion in two tries.

Hopewell-Loudon carried the fight to Plymouth in the second half and deserved to win.

The Chieftains gained 125 yards on the ground, including that 63 yards by Brinker, and nine yards in the air. Plymouth gained 83 yards on the ground, the same as during the first half, and 50 yards in the air.

A LOST FUMBLE AND a pass interception cost Plymouth important opportunities to win.

The fumble came immediately after the Chieftains' kickoff in the fourth period. Plymouth advanced from its 30 to the 37 on first down, only to lose the ball.

The visitors are up valuable time in punching to the Plymouth 19, only to be penalized 15 yards.

There was 1:26 left on the clock when Plymouth took over in a desperate effort to win. Miller passed to Randy Howard on first down for 15. Hoffman intercepted Miller at the 50 on the next play, but the theft was nullified by another 15-yard penalty against the visitors. Miller aimed the same kind of pass again and Hoffman

nated it again. This time it was for keeps and the Chieftains ran out the clock.

Plymouth was not so sharp on defense, notably against the run, as in its first outing. Yet, save for the long run that went wholly because of Brinker's speed, Plymouth held the Chieftains to 119 yards rushing, not a bad night's work.

Hopewell-Loudon eschewed the passing game, for the most part, although that 31-yard heave from Miccichi to Hoffman set up the field goal that proved to be the difference between these two Class A teams.

The visitors' kicking game excelled. Turner is a fine punter and once, in the first half, he aimed for the coffin corner and set Plymouth back to its five.

Police ball set Saturday

Councilman Hubert V. Akers is general chairman for the first Police-men's Ball Saturday from 9 p. m. until 1 a. m. in Ephet-Parsel Post 447, American Legion.

Akers hopes this will become an annual affair and will raise funds for equipment needed by the village police department.

"This is a good way to have funds available when we need to purchase a new cruiser," he said during the planning stages of the event.

"I am tired of having to scrounge up money every time we need to replace a cruiser."

Denzil Bandy and the Country Rock will play for food and square dancing. There will be door prizes and sandwiches will be served. Tickets are \$5 a person. Patron tickets are

\$25 a couple. Purchasers of patron tickets to date include Bob's Cafe, Mr. Pizza, State Insurance agency, Border's Market, Peoples National bank, Hill-Curpen Jewelry store, McIntire's Dry Goods, Dr. P. E. Haver, Miller's True Value Hardware, The Plymouth Advertiser, B-B Auto Parts, Wilcox Wrecker Service and Sohigro Service Co.

We don't watch much television.

Did you know that the average family watches television over seven hours a day? But you're not average. You and your family don't watch television as much as other people. It could be because of a hobby, or work doesn't give you time. Or it could simply be you don't like what's on.

So what can Cablevision do for you? The answer is really pretty simple. Give you a better choice, a better selection, so when you decide to watch television, you and your family will have the type of programs available that you want to see.

Sure there are lots of programs on network television that don't appeal to you, although this Fall Premieres should be a great one. But what about Public Television? Look what programs like Sesame Street and The Electric Company have done for children. Or special programs for the aged, or alone. Or medically-oriented programs that not only educate us but might even save our lives.

But even more important, Cablevision brings you clear, sharp, interference free pictures from independent and distant network stations that aren't available locally. Which means you'll have even more of a selection. And don't forget the new syndicated shows that stations are showing that also won't be on

the networks. With Cablevision you'll have our special features too, like weather information and community announcements.

So even if you don't watch much television, Cablevision is for you. We like to feel that we widen your horizon by giving you a better selection to choose from. Cablevision. We're more than just an antenna.

THE CLINCHER OF THE DEAL.
In honor of the fall premiere, we're giving you a premiere price. If you subscribe between now and September 27, 1976, we'll install up to three active outlets of more television for only \$1.95. That's a savings of up to \$25.30! And, to show you how confident we are, we'll give you a 30 day money back guarantee! Even if you're already a Cablevision subscriber we have a deal for you... we'll install up to three additional active outlets for only \$1.95... a savings of up to \$18.30.
Cablevision, the new fall season and the savings of up to \$25.30! How about that for a clincher? Simply call 935-7333. (offer good in present service areas only)
