

# Red underdog vs. Lexington, touted as tough on defense

Plymouth is a clear underdog at Lexington Saturday. "I haven't seen a team

this season to equal what Lexington showed me at Loudonville Friday night," says Keith Dieb-

ler, who scouted the Minutemen. "They took it to Loudonville, which was the pre-season favorite to win the JAC, and they took it to 'em good."

Cochin Bill Stoner has been poor-mouthing his team all along. "I've never seen a Class AAA team that's so small," he lamented here Oct. 7. "We'll be lucky to get out of the season alive."

He's been hiding in the bushes. Paul Billman runs the Minutemen attack from quarterback. He's a good passer. His target is usually Mike Hostetler, who scored with two aerials against the Redbirds. And he calls upon Edgar Mejer to do most of the running with the ball. Mejer merely gained 131 yards at Loudonville in 18 carries. Stoner's minions may be

small, by his standards, but they run like the wind. Among these are Mike Marzetti, who scored a TD at Loudonville, and Jamie Hester, who ripped off a 52-yard runback with a kickoff.

It will take a defense with almost zero mistakes to contain the Minutemen, whose defense throttled what has heretofore been a strong Loudonville attack. Loudonville scored with the opening kickoff, driving 68 yards in 10 plays to the end zone. That Lexington came back shows what staff Stoner has moulded. Its defense is its strongpoint and Plymouth's offense, which has sputtered in two games, will need to gear itself up for the Purple and White. The Minutemen defense blocked a punt at Loudonville and recovered three fumbles.

## Shiloh pays note of \$1,026

Village of Shiloh has settled its mortgage with First National Bank of Mansfield for its share of the cost of the new fire station.

The note amounting to \$1,026 was paid by the clerk-treasurer, Mrs. Robert Peck.

Wayne Hoskins asked the council to raise the ban on parking in West Main street between 2 and

6 a. m. He says he has no other place to park his car save in the village parking lot, where it has been subject to vandalism and theft of gasoline.

The council declined to change the rules.

State examiners have audited the village records for three years with reports that are being reported. Cost to the village is about \$1,300.

## Fire levels Wright house

The home of Mr. and Mrs. George Wright, Henry road, was totally destroyed by fire Thursday.

Plymouth firemen were called by a neighbor Thursday at 5:25 p. m. and battled the blaze until 11 p. m.

It broke out again early

Friday morning. Both the house and its contents were fully insured.

It is thought the blaze resulted from a pan being left on the kitchen stove on a burner which had been left when the family left the house.

## Boy, 12, hit by car here

Thomas Newmeyer, 12-year-old son of Mr. and Mrs. Herbert Newmeyer, received severe head and facial injuries Monday afternoon.

While delivering newspapers, he came out of a driveway at the north edge of the village on his bicycle and rode into the path of a car driven by Mrs. Gaylene Handshoe, Route 99, Willard, driving south in Route 6.

Mrs. Handshoe told the investigating officer she was unable to stop when she saw the youth on his bicycle.

He was taken to Willard Area hospital by the Plymouth Ambulance service and thence to Mansfield General hospital, where he underwent three hours of surgery and was placed in the intensive care unit.

## Police file report

For a two week period, from Oct. 1 through Oct. 15, Plymouth police department answered 18 complaints and made 13 traffic arrests.

It assisted the Ohio State Highway patrol twice and the Plymouth Fire department twice.

Four vehicle collisions were investigated. One parking ticket was issued and four dozens of businesses were found unlocked during the nightly check.

A total of 2,918 miles driven by the cruisers used 550 gallons of gaso-

line and 11 quarts of oil were required for the cruisers.

Acting Police Chief W. Robert Seel told village council Monday night the department used 100 less gallons of gasoline but drove 200 miles more than in the previous period. He said this was the result of one trip to Toledo and the fact that one cruiser is being used by a patrolman in training.

The mileage is included in the over-all figure, but being out on an open-highway cuts down the gaso-

Big Red expects big defensive performance from letterman and 12th grader Steve Endicott at Lexington Saturday.

## False arrest insurance coverage for police ordered by council

Insurance will be purchased by the police department to protect its members from lawsuits resulting from false arrests.

Acting Police Chief W. Robert Seel presented the council with a proposal Monday night from the National Sheriff's association.

It will cost \$188 annually for each officer and can be obtained through the Buckeye Sheriff's association.

Councilman James L. Jacobs, Sr., said it is needed. He moved that it be applied for, providing the council does not have to amend the present pay ordinance.

Councilman Edward O. Ramsey seconded it.

However, Councilman D. Douglas Brumbach believes that it will be necessary to amend the pay ordinance to include it.

Mayor Elizabeth G. Paddock said she thinks it could be done by a motion, but she is to check with Solicitor Robert A. McQuown.

Because of the change of date and time of the meeting, he was unable to attend.

Seel told the council that dispatchers can be included at a lower rate.

Brumbach said they should be included if they are authorized to carry a firearm.

The insurance protection can also be extended to other village officials who might have a hand in law enforcement, either actively or in a legislative capacity.

The mayor said from what she knows of other communities, only the active members of the police department are carriers for the policy, which is costly.

The council turned down an offer from Sunshine Motors to sell a 1977 3/4 ton Ford pick up. It was offered at \$2,490, which is within the limits of purchasing without advertising bids.

Although it had 73,000

miles on it, it was in a surprisingly good condition.

Instead, the village will advertise for the purchase of either a 1977 or 1978 new truck for the utility department.

The mayor said she is waiting to receive the bid advertisement from the solicitor, but will write it herself to save time.

Jacobs withdrew his motion to purchase the used truck when Brumbach pointed out that the expenditure of revenue sharing funds specifically calls for a new truck and not a used one.

He said the process would have to be repeated to make this change. This would involve another public hearing and more time to do so.

The purchase of the truck came to a head when nothing the village owned would run Monday morning, when it was necessary to repair a broken water line.

Brumbach said the village vehicles were being cared for properly and should be carefully watched to see that they are in perfect running order in case of emergency.

Seel said what is needed is a good maintenance program.

Larry Laser and James C. Root requested clothing for members of the fire department. They want to add four to six outfits, boots, helmets and coats, so that each fireman will be adequately clothed.

Each outfit will cost about \$150. The mayor suggested that anti-recession money could be used for this purchase.

There is about \$3,000 in the fund and can be used for almost anything except for members of the fire department.

Approval was given to purchasing the outfits but how they will be paid for was left undecided. At the time the township have not been billed for their fire protection this year.

Clerk Anita Riedinger said she was under the impression they were to be billed one year. New Haven Township Clerk Calvin Wadsworth had told the mayor he had not been billed so far and to bill him for the full year.

In the past the townships were billed in May and November.

Laser and Root told the council the fire department spent \$1,150 for walkie-talkies. This came from money raised during the firemen's festival last summer. They reported the department is carefully planning other expenditures from the fund as needed.

The Robert Hunters, West Broadway, requested they be allowed to connect to the sanitary sewer.

Mrs. Hunter told the council their house has no basement and several times sewerage has backed into the house.

The Arthur Culver residence, which lies west of the Hunters' home, has the same problem.

Approval was given to both.

James Lewis, Woodland avenue, who unsuccessfully tried to clean his tile out with a snake, was also given permission to connect to the sanitary line.

To have the village try to solve his problem would involve going onto private property, which Brumbach said it had no right to do because no easements exist.

Ramsey is to conduct an investigation of water billings which are disputed by Kenneth Eichelberger's Beer Dock and the residence of Wayne E. Strine, North street.

The utility clerk, Mrs. William Wheeler, made a detailed listing of their water meter readings for the last two years and some months were not recorded, either lower or higher than the majority of the readings.

Councilman V. Duane Keene said that if the meters are in good working order, they should pay the bill. Jacobs said there is a chance that some of the readings were estimated, and they should be paid as they have been billed.

through". It was agreed that Neeley should have keys and that he should be the only utility employee to have one for the village's gasoline pump. He is also to keep an accurate account of all mileage and gasoline used, as the police department is now doing.

The council also said he is to be the only one to sign purchase orders.

A back bill from Shelby Parks Co. was the reason for this decision. Upon investigation, it has been determined that some items billed to the village are not being used by the village.

The mayor said she has received a request from two young men to trap muskrats on the village lagoon site. This, she said, would help solve a problem, since the animals are causing so much damage.

They will be allowed to do so providing they sign a release that there will be no liability to the village.

The traffic light at Plymouth High school is to be put back in working order, providing it costs less than \$200. Brumbach is to check to see if this is possible.

Last summer the council agreed not to repair it, but to allow the amber caution light to continue in Sandusky street.

The council agreed that the trip in the high school drive will not be activated but that controls would be used so that the police department can turn it on and off, depending on the time of the day or night and the traffic flow.

The street switches that allowed pupils to change the light so they could cross the street will also remain out of action. It is planned that during the day the red and amber lights will be used, and when the school day is finished, the caution lights put into use.

The mayor told the council that Squire, Sanders & Dempsey, Cleveland, has said the village may negotiate a loan with First National bank to borrow money to finish the sewer repairs.

The sewer engineer, Eugene C. Gerken, will meet with the council Nov. 1 to discuss the amount to be borrowed.

The mayor said Gerken told her on the telephone that some minor repairs could be made by village employees.

## 11% gas rate rise proposed at Shiloh

An 11 per cent rise in natural gas rates for a new two-year contract for natural gas was requested by Shiloh's village council Oct. 13 by Columbia Gas of Ohio, Inc.

Its Mansfield District manager, Lee Grabill, made the request.

There are 256 users in Shiloh.

The present contract, which was for four years, expires Jan. 25.

Proposed rates are 46.807 cents per 100 cubic feet for the first 2,000

cubic feet, 22.987 cents per 100 cubic feet for usage over 2,000 cubic feet each month. Minimum would be \$4.33 a month.

In the second year, rates would rise to \$5.322 cents per 100 cubic feet for the first 2,000 cubic feet and 24.717 cents per 100 cubic feet for usage over 2,000 cubic feet.

Average use in Shiloh, Grabill said, is 15,000 cubic feet a month.

By applying the new rates, the average bill would be \$39.24 in the first year and \$42.20 a month in the second year.

Two councilmen, Frank Cline and Clarence Harris, were absent because of some minor repairs.

The council will consider the new proposal on Oct. 26.

The council will convene informally in Scott street today at 6:30 p. m. to discuss how to improve its surface.

Mayor Grady McDonald recommended a pay raise be accorded the chairman of the trustees of public affairs, who is paid \$11 a meeting, \$1 more than his colleagues. No action was taken.

## Punter

Just about only bright spot in Big Red offense at Bellville Friday was this fellow's right foot. John Ross is Plymouth's outstanding punter, who also doubles as a running back, spelling Jim Wallace at that post. Ross is a letterman.

# Red errors give Colts 21-0 win

Clear Fork didn't win a Johnny Appleseed conference game at Bellville Friday night, Plymouth lost it.

The score was 21 to 0. Three tragic mistakes by the Big Red led to Colt touchdowns as a tight Clear Fork defense completely throttled Plymouth's attack, holding the visitors' offense to just 83 yards overall.

Clear Fork scored after the first big Plymouth mistake with 5:54 remaining in the first period (shortly thereafter, it was found the clock was stuttering, so subsequent accounts of the time remaining are merely approximate).

Mike Messer fumbled at the Plymouth 30. Clear Fork recovered and drove to a score in nine plays. Amos Fry squirmed home from the one. The place kick was not good.

Plymouth could do nothing with the ensuing kickoff and a splendid 51-yard punt by John Ross put Clear Fork on its 42. But a 15-yard penalty upset the Colt attack and the Green and White was forced to punt. Terry Tash called for a fair catch at the Red 29.

Tom Miller lost a yard on successive plays before Messer took a pitch-out to the left and gained nine. On fourth down, Ross sought to punt. The Clear Fork forwards blocked the kick and Steve Studenmund scooped it up at the Red 29 and ran it in. Jerry Layfield ran the

PA Ts and the Colts had a 14 to 0 lead that Plymouth never threatened. The clock read 11:43 of the second period.

At the half, Plymouth had managed in 27 plays a single first down, 18 yards rushing, none passing in one attempt and lost one of three fumbles. Only its kicking game was significant. Aside from Ross's kick that was blocked, which was hardly his fault, he had three for 45 yard average.

The Colts, on the other hand, in 24 plays had four first downs, counting that which is accorded for scoring a touchdown, regardless of the distance, if the score comes on an offensive play, with 39 yards on the ground and 20 yards in the air, with four tries and two completions. Their kicking game wasn't so good, with three punts for a 30-yard average and one missed PAT.

A comedy of errors beset both clubs at the outset of the second half.

Plymouth kicked off and on fourth down, Clear Fork punted. Tash fielded the ball and fumbled when hit, Clear Fork recovering. After racking up a first down, Clear Fork fumbled and Plymouth recovered. Three plays later Miller's pass was intercepted.

This set up the final Clear Fork touchdown. The Colts needed only five plays to cover the 27 yards to the goal line. Jeff Flynn bucked the last yard. Layfield's place kick was good.

Plymouth fumbled away possession in the next series but Marty McKenzie intercepted on the first play by Clear Fork.

Starting from its 10, the Big Red managed two first downs, its best offensive thrust of the night, before

Golden intercepted a Plymouth pass. This ended the third quarter. A field goal attempt from the Plymouth 21 went left of the posts or Clear Fork would have had three more.

Mike Berberick had by now taken over the Red controls. His pass for Wallace was intercepted after Messer had gained 19 of the left end sweep and Clear Fork maintained possession until there were less than two minutes left. Three penalties, one of 15 yards and two of five yards, hampered the Colt drive that petered out on fourth down at the Plymouth nine.

There was naught Plymouth could do but go to the air and go to the air it did. After Messer made a first down with a six yard poke, Berberick passed three times without success and Messer's effort to make first down by running on fourth down was short. There was time for one more play.

Clear Fork has won 17 and lost three in the long series with Plymouth.

## Cougars nip Shiloh, 18-14

Crestview Junior High came from behind to defeat Shiloh 18 to 14 there Thursday.

Tom Pickworth scored with about two minutes left on a one yard rush.

Shiloh drew first blood by springing Jamerson loose for 56 yards. The pass for PATs was good and Shiloh led by 8 to 0.

Vipperman took a long pass from Bernhard, to good for 52 yards, to make it 8 to 6.

Jamerson again broke loose, this time for 35 yards, to widen Shiloh's lead.

Pat Berling scored from five yards out to bring Crestview to within kissing distance before Pickworth closed the door.

Junior high footballers boast a 3-and-2 record.

And two of those victories came as first-ever defeats of powerful Lykens, by 14 to 8, and Colonel Crawford, by 34 to 6.

The Shiloh team has also defeated Lucas, 8 to 6. The name of this game is defense and rival coaches acknowledge the Red machine is good at it.

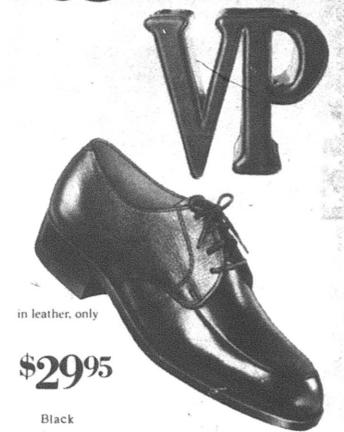

The offense is led by Scott Harris, a halfback, who rushed for 290 yards in four games, and James Jamerson, fullback, who ran for 277 yards in four contests. Remainder of the fearsome quartet: Steve Mowry, halfback, and Kerry Reno, quarterback.

About 15 to 20 men have put in a lot of hours on this type of training and also 10 firemen have received EMT-A cards for training taken at Shiloh Fire station of about 140 hours.

These men have worked hard the last six years to keep the Plymouth Fire department up to date on training and equipment. Everyone supported the first Firemen's Chicken Barbecue this summer. It is your fire department, in the township and in the village, and we need your support on the fire department equipment levy of three mills on Nov. 8. You need us, we need you.
