

Snowdow requested on sports competition

A charge that poor officiating and inconsiderate spectators coupled with inadequate police protection at athletic events lead to unhealthy associations for Plymouth sports was laid before Plymouth Board of Education Monday night by David Howard, a board member.

He said Plymouth should remain in the Johnny Apples conference, because of its prestige, competition and accessibility. But, he added the "door-to-door" attitude of larger schools who won't accept defeat by a small school and poor officiating led to failure to realize educational and physical development of students, providing them with an opportunity to have fun, to compete, and to develop into productive citizens.

This touched off a lengthy discussion that produced no change in the status quo.

Member R. Harold Mack pointed out that hundreds of hours have been spent on this problem and he simply can't resolve the problem — where we want to go, they don't want us, and the coaches don't want to cooperate. He offered an alternative, which is to go independent.

Richard Horton, high school principal, said Plymouth should remain in the Johnny Apples conference but acknowledged some of the complaints, such as poor officiating, are valid. He said the league is considering assignment of five officials in football and three in basketball for the 1977-78 season.

Horton also said he suspects the Ohio High School Athletic association will take strong steps to control the rabble rousing activities of fans.

Howard urged the board to "take a stand." He asked for a survey of the school community to ascertain the attitudes of teachers, pupils, parents, alumni and supporters of the athletic teams.

Mack said that proposals for a new league, notably one to include Crestview, Lucas and Plymouth in Richland county, Seneca East and Hopewell in Loudon and Hancock counties and North Baltimore in Hancock county, inevitably come down to a question of

distances which are so great that the supporters of a team will not travel over 100 miles to see it play.

Supt. John Fazzini told the board he would not go through another season without police protection at games in Plymouth. "It's not the fault of the mayor," he said, "she has faithfully, in my presence, instructed the police department to furnish an officer to serve during the games. The problem is that the police department simply does not want to furnish this duty."

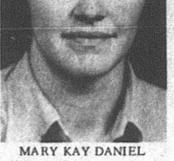

Edward M. Kinsel, principal of the Shiloh buildings, presented the board with the current problem of the junior high school building, a small jar of water filled with a sediment that is coming out of the school. Not only is it in the drinking water, it is clogging up the sanitary facilities to the point they are barely usable.

A Shelby plumbing concern has offered two solutions to filter what looks like a sand substance out of the water. The first suggestion is a screening device that will cost about \$400. The second is a filtering system that can later be used as a water softener. This would cost about \$3,000.

The Rev. Arthur Hamman suggested the screening be done first. This was acceptable to the other board members. Kinsel is also to call the Richland county department of health regarding its advice as to why one school building has a water problem and the other does not.

Board members noted the village has not paid for its share of blacktopping in the school driveway, which was done two years ago. Another letter is to be written to the mayor and to the chairman of the street committee asking for \$1,200. A portion of this amount was to have been paid by the park board, to which it had given its approval.

Clerk Mrs. David Rish has received the Richland county auditor's figure for the millage to be voted upon in the June primary for a bond issue to construct a new junior high school building. It is 4.51 mills, the maximum amount the district

MARY KAY DANIEL

Girl at BGSU wins stipend in phys ed

A Plymouth girl is among six Bowling Green State university women to receive \$300 scholarships from the Gottshall-Rex Foundation of Toledo.

The Gottshall-Rex Foundation was organized in 1947 in memory of Elsie Gottshall and Hazel Rex for their dedication to girls' physical education in the Toledo public school system.

Winners, chosen by a scholarship committee in the physical education and recreation department, must have at least a 2.7 accumulative grade average and show leadership and financial need.

Senior elementary physical education major Mary Kay Daniel is the granddaughter of Mrs. Marjorie A. Storck, 35 Railroad street, with whom she lives. Miss Daniel is a member of the Physical Education Majors club and is a representative to the Ohio Association for Health, Physical Education and Recreation. She has been volleyball manager for four years, basketball manager for two years and is involved in Christian student organizations on campus.

Ramsey named councilman; no subsidized housing here

Edward O. Ramsey, owner-operator of Plymouth Laundromat, the largest commercial water user in the village, was elected to a seat on the village council Tuesday night.

The vote was four to one, Councilman James L. Jacobs, Sr., dissenting. Ramsey succeeds to the post vacated by Hubert V. Akers, who resigned as mayor of Mar. 1 because he moved out of town. The term expires Dec. 31, 1979.

Ramsey passed a lifetime in the theater business, until he sold his drive-in theater to a Bucyrus firm.

He previously served part of a term as councilman. He declined to seek reelection. He is a sexagenarian, married and the father of two grown children.

The council declined to consider a request of the Huron Metropolitan Housing authority to extend its scope to the village. To do so would permit federal financing of low cost housing so that persons of low income could obtain subsidized rentals. Mayor Elizabeth G. Paddock urged the council to approve the request.

Sample comments Councilman John Ray: "We will get undesirable out-of-towners moving in."
 Councilman D. Douglas Brumback: "I am afraid

of an influx of federal money. It will tie us up. It will cause more harm than good. This is not good for Plymouth, but it is great for a larger city. Once federal money comes in, you lose control. We should not consider this."

Councilman Jacobs said the village can't afford to get into this because we would have to spend a lot of money on such as electric services and we don't have the money."

On recommendation of Police Chief Robert L. Meiser, the council rejected an opportunity to join the North Star Council of Governments, by which the village might qualify for federal and state funds under the Housing and Urban Development Act of 1965 and the Federal Highway Act of 1973.

AMBULANCE PERSONNEL told the council they will present the 1965 Cadillac replaced. Capt.

Donald Vanderpool said, "Plymouth simply can't qualify for federal aid, as we do not cover enough territory and we don't have enough runs."

He presented some rough quotations on used equipment. The mayor said Vanderpool should inspect the equipment. At her suggestion the matter was referred to the ambulance committee, Councilman Duane E. Keene, who will meet with the trustees of New Haven and Plymouth townships to ascertain how the purchase can be funded.

Keene reported the council's extreme displeasure about weekly barroom fights. He moved to have the solicitor prepare an ordinance which will give the mayor authority to close drinking establishments where there are disturbances of the peace.

UTILITY BILLS FOR January will be mailed today. Deadline for payment without penalty is Apr. 2.

Miss Keene, 'Tis St. Patrick's day, begorrah! P. W. Terry Why not make bread? wed here

Deborah Ann Keene became the bride of Philip Wayne Terry Feb. 26 at the home of her parents, Mr. and Mrs. Viri Keene, 52 Mulberry street.

The bridegroom is the son of Mrs. Wilma Terry, 176 Trux street, and of Miles Terry, Ashland, Ky.

The couple exchanged their vows before the Rev. Noah Justice with their immediate families as guests.

The bride, given in marriage by her brother, Shannon Keene, wore a long sleeved, V-necked gown. A lace band encircled the waistline and the skirt.

A small headpiece held her veiling, which fell to her shoulders, and she carried a bouquet of yellow roses with white and yellow daisies.

Her maid of honor was the bridegroom's sister, Tracey Terry. Her yellow and white gown was A-line and she carried a nosegay of yellow and white daisies.

Airman Gary Pittenger, Blytheville AFB, Ark., was his brother-in-law's best man.

The bride's parents were hosts at a reception and a buffet.

The new Mrs. Terry is an 11th grader in Plymouth High school.

Mr. Terry is a 1976 graduate of Plymouth High school who attended Pioneer Joint Vocational school. He is employed by Siffert's Machine shop, Shelby.

They are now living in Trux street.

By AUNT LIZ

Today the great state of Missouri takes first place.

It has a small community tucked away in the very northeast corner of the state that really lives it one day a year, and this is the day.

It is named St. Patrick, the only community in the whole wide world named for that wonderful saint. As far as it is known, the community was founded somewhere about 1830, and one of its first residents was a niece of Daniel Boone. The others were Irish Catholics who had come from Maryland to Kentucky then to what has become Missouri. I do not know what the Boones were, but at least one got there, and the settlement was purely Roman Catholic.

The hamlet was called various names through the years, including Santa Fe Mission, because it was on one of the trails.

Then it was called Wyconda Mission, because it was close to a river of that name. Later it was called St. Marysville. It was in 1876 that the hamlet, which was really only a parish then, began to call itself St. Patrick and somewhere along the line got itself a postoffice.

In 1936 the local postmaster and parish priest got together and decided they had something good for stamp collectors. They then devised a cancel mark which has become a gem. It is a shamrock, natch, rounded in shape, with this lettering around it, "Saint Patrick, Mo., The Only One in the World". Guess what color ink they use?

They are using all this for a wonderful cause and have built a shrine to St. Pat, which is our country's official shrine to him and all the Irish in the land.

SO WHILE THE HAPPY people in St. Patrick's are happily helping collectors, you can happily do something for your family. There is still time today to do it. Bake up some Irish Sweet Bread. This will make two loaves so you can give one to a neighbor.

Sift three cups of flour with one and a half teaspoons of salt and three-fourths of a teaspoon of baking soda.

In another bowl cream a half cup of shortening, a fourth of a cup each of sugar and molasses. Then mix in an egg.

1972 alumnus goes to Texas

Steven Williamson has been transferred to the Irving, Tex., office of Computer Dimensions, Inc., from its Bowling Green office.

The son of Mr. and Mrs. Lace Williamson, he is a 1972 graduate of Plymouth High school and received his bachelor's degree from Bowling Green State university last year.

Heather Lynn is the name of the four-month-old girl now part of the William G. Hamilton family.

David Lee Campbell, Plymouth route 1, and Vicki Ginter, Shelby, have applied in Richland county common pleas court for a license to marry.

Pour into two regular size loaf pans and bake in a slow oven at 325 de-

grees for almost an hour and a half.

This is really good enough to eat any other day of the year and is great with a little butter or just bare for your coffee and tea drinking friends who happily drop in when you are not expecting them.

Help us write the phone book.

The new edition of your phone directory is going to press. If you want to make any changes in your listing, now's the time to tell us.

It's time also to add listings for others in your household. Like your spouse or kids or relatives or in-laws.

And remember, your phone book's a true directory. Emergency numbers in the front. People numbers in the white pages. And in the Yellow Pages, everything: let your fingers do the walking for anything you need.

So now's the time to add or change listings. The rates are very low. Call our Business Office now.

St. Mary's opponent of girls in district

Plymouth girls will encounter their toughest opponent in tournament play so far when they meet Sandusky St. Mary's at Willard tomorrow.

The Central Catholic High school squad hand-

led Danbury, 56 to 45, in winning a part of the North walk sectional crown. The other part went to Monroeville.

The big gun for the Pantherettes on Friday night was Julie Roth, who

scored 26 points. But Maria Faber has been the mainstay of the Sandusky team all season while it was compiling an 8-and-6 record.

The Kessler sisters, Karen and Kathy, also

need to be watched.

What it will take to beat St. Mary's is the big D.

Can Plymouth pull it off? The Big Red's offense sputtered for a time last week in part because of the absence of Dianne Russell, who brings the ball up for Plymouth. She turned up ill and Coach Mike McFarren kept her on the bench, although she was suited up to play.

Mansfield St. Peter's will play Monroeville in the other contest.

Tickets are \$2 at the door for all spectators. Tickets are on sale at the high school at \$1.50 for adults and \$1 for pupils but must be purchased before tomorrow at 5 p.m.

Seven-year-olds, Willie Babione, left, Jason Robinson and Stephen Hall, are dwarfed by the "tall kid" -- an average sixth grader whose name is Greg Polachek.

Girls rip Flames, Brown bags 14

Plymouth advanced to the Class A district finals at Willard Friday with an easy 41 to 13 victory over Mansfield Christian in the sectional at Ontario Friday night.

The Big Red scored the first points and never was headed, although its early play forced its coach, Mike McFarren, to spend a time out with only 1:31 gone in the first period so he could marshal his forces and play better basketball.

It is a moot point whether Plymouth played better or Christian played better after that, but it is a fact that Plymouth led by 9 to 2 after eight minutes and then scored 16 unanswered points, holding Christian to none in the second period, to blow the scenery seat team out of the gymnasium.

Plymouth was charged with 19 turnovers in the whole game, Christian with 21.

And the Big Red did not shoot sensationally. Its record was 16 successes in 64 tries, exactly 25 per cent. The Big Red missed six of 15 free throws.

It is fortunate that Christian, which has won just one game all season, and that a tourney contest over hapless Crestline, did not play better. The Mansfield team converted only six of 53 shots at the basket and missed all but one of its free throws.

McFarren had to do some shuffling midway in the second period when Kathy Brown picked up a fourth personal foul. With Dianne Russell out of the game owing to illness, McFarren had to rely on others. And Miss Brown was one of them. She responded with 14 points, same high for Plymouth and the losers.

Linda Osborne, Plymouth's high scorer, experienced a poor first period, although she took

only two shots. She found the range thereafter and wound up with 10, the same total as Peggy Lewis, who did a fine job, along with Gall Knaus, on the boards.

Plymouth connected on seven of 19 tries for field goal in the second period, by far its best performance of the night. Otherwise it was two of 12 in the first quarter, four of 17 in the third and three of 17 in the last.

Veterans head tennis squad

Tennis team coached by William K. Northrup, 2nd, will begin its season 'pr. at Lexington.

Northrup has a seasoned squad led by veterans Bob Davis and Jay Ivaver. Remainder of the slate, with more engagements to be arranged.

Apr. 4, Bucyrus, there; 5, Madison, there; 7, Crestline, there; 13, St. Peter's, there; 19, Madison, here; 25, Crestline, here; 27, Clear Fork, here; May 4, Lexington, here; 5, St. Peter's, here; 7, Fredericktown, there; 10, Shelby, there.

7-year-olds shine

Sixth grade basketballers seem small to fans jaded by the sight of Kareem Abdul Jabbar and Bill Walton. What, then, of three seven-year-olds who play on the fifth grade Vikings?

Their names are Willie Babione, Jason Robinson and Steve Hall.

Remember the old advertisement that read "They Laughed When I Sat Down at the Piano, But When I Began to Play..."

That reaction is just what fans of peewee basketball manifest when the fifth grade Vikes hit the floor.

"Look! those runts!" "Wow! How small can you get?" are typical remarks. Before the game starts, that is. When the whistle blows, it's a different story. Twice this season the little Vikings sent St. Peter's and Ontario to the shower room muttering to themselves.

Babione and Hall led the team to a 10-and-4 record against bigger Mansfield teams during their first season of play.

They'll be in action today in the tourney staged by the Band Mothers to raise money for the uniform fund.

Nine to play 20 games

Dave Dunn will undertake his first full year as varsity baseball coach Mar. 31 when the Big Red goes to New Washington to play Buckeye Central.

Nineteen other games have been scheduled, thus:

Apr. 1, South Central, there; 4, Fredericktown, there; 6, Crestview, here; 7, Buckeye Central, here; 11, Ontario, here; 13, Lexington, here; 14, St. Peter's, here; 16, Loudonville, here; 20, Clear Fork, here; 25, Crestline, there; 27, Crestview, there; 29, South Central, here.

May 2, Ontario, there; 4, Lexington, here; 9, Loudonville, there; 11, Clear Fork, there; 16, Crestline, here; 18, Fredericktown, here; 24, St. Peter's, there.

Seasonal tourney will be played May 7.

Seven lettermen and four reserve letter winners among 30 candidates for the 1977 team.

Mark Miller, who's won three monograms, heads the list of veterans. He's

a righthanded pitcher. So is Mike Carty, who's won two letters. Carty may also play in the infield when he's not pitching. And Fidler is sure to see some outfield duty.

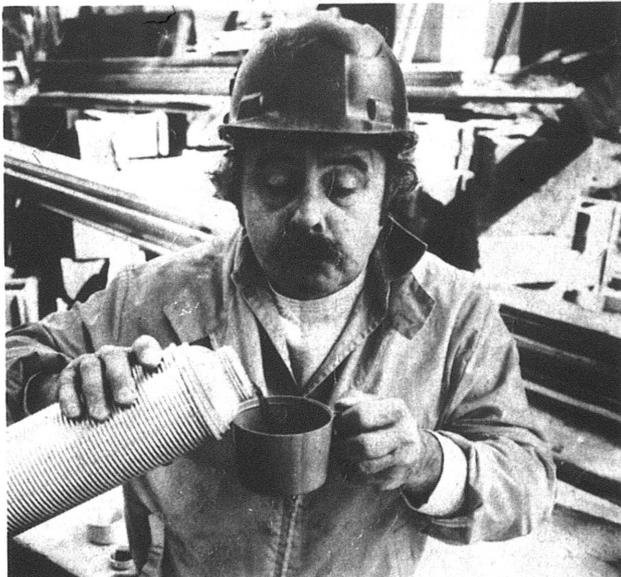

Other veterans are Wayne Brown, a catcher; Mike Baker, a second baseman; Bob Furr, an outfielder; Ed Kanney, third baseman; Tom Miller, pitcher and outfielder.

Reserve lettermen who'll certainly be considered for the starting lineup are George Brown, a first baseman; Jerry Furr, an outfielder; Dave Gillum and Ray Reynolds. Greg Gillum and Jim Wallace, numeral winners, are also candidates.

Help!

A work day at the running track in Shiloh will be conducted Saturday from 9 to 11 a. m.

Sometimes you find the most efficient energy ideas right under your nose.

Take your thermos bottle. It works on the same principle as a European home heating system we're now testing. It's called Electric Thermal Storage and it works like this.

While you're asleep, electric heating elements heat a special, brick core inside a heavily insulated container the size of an ordinary furnace.

Heat in the bricks is stored inside this "thermos" until it is distributed through ordinary ductwork to heat your home.

The beauty of this system is that it uses less energy during the day, when we have our heaviest electric demand.

This could let us use our generating equipment more efficiently. Which, in turn, would help us reduce our costs. And yours.

With the way the cost of everything is going up these days, that's a pleasant switch

for all of us.

While we've already pioneered the use of high voltage transmission lines, we're also continuing to research even higher voltages to move even larger chunks of electricity. The advantage here is that we can move more electricity over fewer lines. And fewer transmission lines mean lower transmission costs.

But, while we continue our search for ways to keep costs in line there are some things you can do to keep costs in line, too.

Not just by turning off lights and lowering thermostats, but by insulating your home properly, using appliances efficiently, and by considering the use of more energy-efficient devices that are already available.

Working together. It's the only way we can hope to lick the problems that affect the cost of electricity today. And tomorrow.

LETTERS TO THE EDITOR

Sir: In response to the letters in last week's paper, the laundry and car wash were asked to close, because of the emergency state our wells were in at that time. They were closed to aid the town's needs. They were not closed for a few days as stated, but three weeks. (Quote from last week's letter to the editor, "Evidently, the people in charge of asking places to close did not feel that it takes as much water to wash a few heads of hair as it does to wash a car, or a few loads of laundry.") Despite this the schools went without water for one week, at which time the mothers highly protested. The residents were without water on and off for a period of about three weeks. Yet, the bars, and beauty shops, etc., were never asked to shut off their water. Why? Was it poor management or not? It was also stated that the people in charge of asking places to close did not do so at that time. Or did not choose to do so. Again I ask WHY? Who is responsible of seeing that these things be done and be done right by our town's employees?

Then in the same paper a lady said the mayor needed a medal for refusing to resign. The council was in total agreement on the resignation. That must mean something! Who is walking to a different beat? Are you totally unaware of the reasoning behind such a move? If we were never to question the things being done in this town as well as others, then this country would not be the free country it is today. Disagreeing is how this country has come to thus far. One person did not have all the right ideas. But, rather a group of people and a group of ideas. Are you totally unaware unless you're willing to come to the council meetings, and listen to all the facts first hand. Until I went to a council meeting, my only source of news was our paper. Well, newspaper or does print it all. So PLEASE attend our town's council meetings, and help us all grow together. Concerned over this town and its people. Sandi Keene

6 Years or 100, We Will Keep Trying To Get Better Each Year.

If it started 6 years ago here by the Little Hot Dog Stand. We've had our tornadoes, cars stolen from us, and many other things happen, but we have a lot of things to be thankful for. We have been able to contribute to the surrounding communities and schools, and become a part of sharing our lives with many people. Thanks to all our Faithful Customers and Friends, who have stood beside us.

THE SUNSHINE TEAM STAYS TOGETHER

You probably have noticed that our team doesn't change much. If you don't treat employees good enough to keep them, then how do you treat customers?
