

Football coach employed; three coaches resign

A new football coach was engaged Monday night.

He is David G. Coulter, now assistant coach of Central Catholic High school and two Lima, where he has served since 1973. Previously he coached three seasons at Centerville.

Coulter is a 1970 alumnus of Grove City college, Grove City, Pa. He has done graduate work in Ohio Dominican college and the University of Dayton. He will teach general science and biology.

He is married and a father. Coulter succeeds the most successful coach in Plymouth history, Michael McFarren, who has resigned his coaching and teaching posts and will enter private business.

A second teacher was hired Monday night, one who will also be assigned as a coach. He was an unsuccessful candidate for the football coaching post.

He is Ronald P. Wank, Findlay, an August, 1975, graduate of Bowling Green State university who taught a year in Cambridge and two years in Vanlue. He will teach business education.

Three coaches resigned, one of them with some regret. Paul McClintock, assistant wrestling coach, submitted his resignation. So did Dorothy Olewiler, cheerleader adviser, and Kathleen A. Green, assistant girls' basketball coach, who wrote "I have become disillusioned with the total sports program at Plymouth High school concerning the athletic code and the way in which the Feb. 13, 1979, incident of rule infraction was handled... I feel too many gray areas are present concerning the athletic code of my time during the past three years was wasted trying to decipher procedures to follow. Perhaps a hand-

book for new coaches should be set up concerning procedures to follow, equipment, storage, etc."

Cathy Green's reference to a Feb. 13 incident dealt with the disciplining of some girls of the varsity basketball team who were denied the opportunity to play at Loudonville because they allegedly had been drinking on the previous Saturday night.

Phyllis Phillips, a cleaner at night, also resigned. A continuing contract was authorized for Mrs. Jennifer Gullett Coakley, secretary to the junior high school principal. Two year contracts were approved for Clarence Justice, Tom Amund, John Justice, Dennis McGinnis, Daniel Humrichouser, Mary Gunner and Bonnie Stigall.

Mrs. Dennis Murray, Wooster, secretary to the superintendent, resigned after four years because her husband was on post in the Air Force and she does not desire to commute.

A continuing contract was authorized for Gertrude Backenst, teacher at Shiloh. Mrs. Edna Albrecht will be paid \$33 to serve as adviser to the Class of 1979 for the remainder of the year. She fills the vacancy caused by the resignation of Robert James.

Samuel Burrer was engaged as substitute bus driver. Duane Keene, Mrs. Charles Reinhart, Mrs. Warda Daron and Thomas DeLombard were approved as

volunteers in Plymouth Elementary school. WILLARD TAXI CO. will receive an additional 50 cents a pupil a day to transport handicapped pupils to Mansfield.

Michael McFarren and Thomas Scott, Pioneer Joint Vocational school teacher, were approved as adult speakers during the commencement on June 3.

Majorities were authorized to conduct an all-night rock-a-thon to raise funds in First United Presbyterian church tomorrow and Saturday.

Northwestern Ohio Educational Research Council, Inc., will be paid \$100 for its services for one year.

Munson Roofing was engaged for roof repair. Classroom furniture costing \$8,402.85 was ordered from Virco Co.

Seventh and eighth graders will receive instruction in home economics and industrial arts under a new curriculum. Boys will receive a total of 12 weeks of home economics and girls will receive 12 weeks of industrial arts before they reach high school.

The William R. Millers, Plymouth East road, will again be chairmen of the Heart Fund campaign in Plymouth.

They have recruited three captains, Mrs. James McCure, Mrs. Ronald D. Muma and Mrs. Raymond Klemm, and 12 door-to-door canvassers to reach each household in the village prior to Sunday night.

Canvassers are Mmes. John Ganzhorn, Ronald Lawrence, Dean A. Cine, Ami Jacobs, Max Caywood, James Holloway, Jesses, Turson, William Babione, Henry Van Loo, Dean Moorman and Dennis Studer.

Income tax!

Council to impose 1% payroll tax

A one per cent income tax was approved unanimously by the village council Monday night.

An enabling ordinance will be prepared by the solicitor and considered in three readings.

Councilman Michael R. Taylor proposed the ordinance, which he said he was doing in the absence of Councilman Edward O. Ramsey, who would have proposed it if he had been present.

Councilman G. Thomas Moore seconded the motion. Taylor said it was the only way the village could come out financially with rising costs.

Mrs. Allen Raymond again asked if paid meetings could be conducted to get the feel of opinion. Taylor replied that with three readings of the ordinance, villagers would have the opportunity to express opinions.

Solicitor Robert A. McKown told the council that villagers working in communities where there is a tax could under most circumstances receive a tax benefit and pay the tax to Plymouth.

For the most part tax money will be channeled into the general fund, but what percentage has not been determined.

The fringe benefit plan which Councilmen Ervin Howard and Taylor presented to the council is the best the village has ever had.

Although it must now be let out for bid, it will provide hospital care, life insurance for the employee, his spouse and children up to the age of 25 years, dental coverage and weekly disability income benefit.

The ordinance is retroactive to Feb. 16 and will be reflected on the next pay check.

The ordinance also spells out qualifications for the ambulance service.

All ambulance runs are limited to four qualified individuals, of whom two must be trained emergency medical technicians.

Pay for overtime work for the most part will be in compensatory time off of one and a half hours for each hour worked. If this cannot be done, the council must approve the payment.

Employees will receive six paid holidays with a "floating" day of their own choice.

The residency requirement for all employees except for the police chief, which is covered in a previous ordinance, now requires that employee live within the Plymouth telephone exchange.

Councilman David Howard objected to this clause, saying all employees who work for the village should reside in it. He voted against the ordinance on all of its three readings.

Head electrician, Terry Jump, who lives just outside the corporate line, made the suggestion of the telephone exchange, which the councilmen agreed was logical.

Councilman G. Thomas Moore said "availability" is of the utmost importance as to where an employee resides.

Robert Stadler, State Agency Insurance, Shelby, discussed the village's coverage.

Crestview obtained revenge on Plymouth Monday, winning 4 to 1 in a Johnny Applesseed conference game at Oliveseburg.

The Cougars scored all their runs in the second inning to overcome a 1 to 0 lead fashioned by Plymouth in the first.

Gary King, the designated hitter, knocked in the runner, Jim Wallace, who reached safely on a fielder's choice.

Wallace was the victim of the uprising in the second. Jacobs led off with a single and after Chronister went out, Cardwell singled. M. Rader was safe on the center-fielder's error and Jacobs scored. When L. Rader tripled, Cardwell scored. Testmeier batted in a run with a single, advanced on the pitcher's error and scored when the first baseman erred.

Why should I VOTE TO REBUILD THE LIBRARY?

The library serves the whole community...children, the aged, the handicapped, the businessman, people seeking to advance their career or better their life, the blind and the shut-in. Over half of the people in the library service area have a library card. More than that come in contact with the library through the schools or walk-in use of the facilities. And, library service is free to all.

No one likes a tax increase because you usually don't really know where the money went. The library levy is different because 100% of the money will be used locally for a single purpose and everyone can see and use what the money was spent for.

Without a new building, the library cannot keep up with the increased demand for quality library service.

Why do we need a new library building?

The present library building was constructed in 1908 to serve a town population of approximately 20,000 people. 18,900 volumes were housed in 18,310 square feet. Today we have 259,466 volumes in 23,740 square feet. (An addition in 1950 gave us extra space.) In 1968 just a few staff people were needed. Today, over 50 work in almost the same space and serve the needs of the entire county with the exception of the Shelby area.

For the usage the library gets, and the number of people served we should have 400,000 volumes, twice the number of seating facilities in a building of between 52,000 and 65,000 square feet.

The lack of space makes it difficult to keep up with today's demand without considering the need for new services and programs.

Other than fines on overdue books, the library receives its operating funds from county collections of taxes on intangibles. Unless you own such things as stocks and bonds, chances are that you never have or will have to pay for operating the library.

SOMEONE IN YOUR FAMILY USES THE LIBRARY... VOTE TO REBUILD IT FOR THEM.
