

Despite what appear to have been careful precautions, there was far too much vandalism on Thursday, during the annual Homecoming noise parade.

It was ironic that on the day that welfare benefits were substantially decreased for the needy, we found five fresh eggs splashed against a mailbox in the Square. And when there are some who are out of work and with no prospect of getting work for some time to come (bear in mind that Huron county's unemployment rate is second highest in Ohio), there was found splashed on the sidewalk in the south side of the Square produce that would have fed a family of four for a couple of meals.

Other vandalism that we didn't see is reported to us secondhand. We have no reason to doubt the word of those who told it to us, since some of them are on the public payroll. It includes breaking of windows in a car, slashing of tires, even a physical beating.

There is no place for this. A school employee invited to a soiree after the game on Friday deliberately parked his car in the back yard of his host to avoid the possibility that high school pupils en route home after the game would vandalize it.

These same informants tell us "we know who did what, but we can't quite prove it, so we're passing the word that we know what we know and we'll go from there." Go from where? Many of those seized of juvenile offenses, who are genuinely wounded in pride, person and pocketbook by these insane actions, complain that "neither the police nor the courts will do anything about it!"

The rules of access to juvenile court matters prevent this newspaper and others from verifying that claim. Our personal experience going back 27 years is that the disposition of appointed and elected authority is to excuse the young. For years many matters that by law should have been referred to the juvenile court were by custom dealt with locally, by a self-appointed judge who was accuser, judge, jury and warden combined. Some of those that were dealt with went on to cost the public thousands of dollars in court expenses and incarceration costs.

We have - or had - on the books of the village an ordinance authorizing the punishment of the parent of a recalcitrant juvenile who violates the rules of good conduct.

Isn't it about time we dusted that ordinance off and prosecuted a few of these parents who apparently don't know what their children are doing, or don't care?

E.O.R.

With the sale of his real estate, Ed Ramsey is preparing to quit the town where he made his living for three generations.

No man can serve the public for very long without incurring some criticism. And he has been dealt plenty. Sometimes, in fact, even by us.

But it must be said of him that so long as he was in the theater business in this town, there wasn't a night that one couldn't take a child of tender age and not be worried that the child would be corrupted; he always showed clean films. And so long as he was in business, his place was always clean, neat and worthy of one's patronage.

He was a hard and shrewd businessman. Too hard and shrewd for some, who blaspheme him even now.

Which only goes to show that to succeed in dealing with the public in a small town, one has to have a thick skin.

Can Red win over Crestview here tomorrow?

Plymouth hasn't beaten Crestview since 1976, when a last ditch rally produced a 15 to 14 victory over the Cougars, and the signs are that things won't change after the shooting is over and the shouts have died at Robert A. Lewis Memorial field tomorrow night.

Because Crestview has more horses than Plymouth this season. After Danville's juggernaut rolled over the Big Red, the number of wounded has increased. Mike Metcalfe is out for the season with a fractured arm, received in Friday's Homecoming battle. Aaron Allenbaugh has a dislocated shoulder that will keep him out of two games and perhaps three.

Co-Capt. Scott Harris, with a fractured hand, was to obtain this week a doctor's release that would allow him to work out next week so he can play against Seneca East on Oct. 16.

The Cougars come here with an unimpressive record, but they've won two of five contests. They've a new coach in Lee Owens, who succeeded Bill Seder.

Steve Steward, who scales 175 pounds, will start at center in the offensive line. Tom Murray, an 11th grader, and Bobby Jones, who tips the beam at 250 pounds, are experienced hands at guard and tackle, respectively.

Keith Viperman, a classmate of Steward in the 12th grade, will play tight end. Mike Williams and Brian Birch, who have experience, will play as wide receivers.

Crestview's offense hasn't been anything to write home about. The Cougars, nevertheless, managed to gain 80 yards on the ground against Ontario Friday night. Their passing game produced 171 yards and the inference is the Cougars like to air it out. Since this is Plymouth's game, it's likely there will be an aerial barrage here tomorrow.

Signs are that Jim-Jameron will see more action in

the backfield. Plymouth has been forced, by injury and by other failures, to go with relatively inexperienced players. It may be too much to expect the Big Red to win tomorrow. The game is the only one played in the Black Fork Valley conference this season and will decide the league championship in which they may be its final year. Both protagonists here tomorrow have been accepted in the Firelands conference and will play in that league next season. Game time is 8 p. m.

Hey, parents!

Parents of players and cheerleaders are urged to meet under the west goalposts tomorrow at 7:15 p. m., where arrangements will be made to align them for the presentation of pupil and parent.

Incredible? Dentist's kin on TV show

It truly was incredible! Television viewers had a chance to see it Monday night on "That's Incredible!" Luis Mattar, the great-uncle of Dr. James Holloway, several years ago bought his wife a 1947 Cadillac which he could not resist and thought she should have.

Being a successful inventor living in San Diego, Cal., he thought the car should be fixed up a little. Fix it up he did.

He converted it into a mobile home. It has everything from cooking, bathroom and laundry to sleeping facilities.

He even installed a handy bar for himself on the dashboard. What makes this car different from the average Cadillac is the fact he was able to drive 7,500 miles from Anchorage, Alaska, to Mexico non-stop.

It was refueled, tires changed and whatever needed to be done while it was travelling along the highways. And he demonstrated it all on Monday night.

J. D. Willet succumbs at 76

J. Donald Willet, 76, Spring street, died suddenly Friday.

He was stricken while bowling and was pronounced dead on arrival at Mansfield General hospital.

He was born in Richland county July 3, 1905, and lived in or near Plymouth most of his life. After service as a bakery salesman, he bought the business of the late Arthur (Jake) Myers and made harness and sold and repaired shoes here for 30 years. He and his wife, Helen, who survives, constructed the only new commercial building to rise on the Public Square since World War II.

Twenty years ago, Mrs. Willet was one of the prime movers in a campaign to discontinue the consulting sewer engineer, Alden E. Stilson &

Associates, Ltd., and to engage Carl H. Gerken, Napoleon, a campaign that succeeded upon the death of Gerken, his son, Eugene, succeeded to the assignment.

Mr. Willet was an avid bowler and until his health declined he was active several nights a week. He was a member of Plymouth United Methodist church, whose minister, the Rev. Robert Barr, conducted services Monday at 1 p. m. from McQuate-Secor Funeral home. Burial was in Greenlawn cemetery.

Its charter was granted Oct. 24, 1906.

The first two members inducted were Mrs. Gaskell and Mrs. Fate. On Oct. 24, 1910, the local members assisted in instituting Superior chapter of Willard.

Honors have come to the chapter over the years. Mrs. Joseph BeVier, Mrs. Schreck and Mrs. Moore have been chosen deputy grand matron of district 10 over the years. Mrs. R. C. McBeth served as grand representative of Iowa in 1935.

Making jelly's a joy, but, oh, to clean sink!

By AUNT LIZ
The leaves are beginning to turn for the prettiest season of the year.
I wish my sink would start turning white again.
It really is, but it has taken a lot of hard work.
It has been colorful for a week, purple, pinkish, with some green thrown in.
This has been jelly making week.
Two kind friends gave me the stuff to make it. One let me pick all her grapes, and now I can guess why some wines are so costly. Picking can be hard work crawling in and out of grape vines. It was worth it, though. We had enough for four recipes, and if we do not have another thing to eat all winter, we do have jelly.
Another friend said I could have some of her mint, since she has so much of it. I could have some of her mint, since she has so much of it. I could have some of her mint, since she has so much of it.

Here're menus in cafeteria for week
Here're menus in Plymouth school cafeteria for the week:
Today: Pizza, potato sticks, green beans, peach cobbler, milk;
Tomorrow: Coney dog sandwich, mixed vegetables, strawberries with pineapple, cookies, milk;
Monday: Beef stew, cheese sandwich, celery and carrot sticks, apple crisp, milk;
Tuesday: Chicken sandwich, buttered potatoes, fruit cocktail, cookie, milk;
Wednesday: Macaroni and cheese, bread and butter, buttered peas, gelatin with fruit, milk.
Here're menus in Shiloh school cafeteria for the week:
Today: Meat and cheese pizza, bread and butter, green peas, fruit gelatin, milk;
Tomorrow: Peanut butter and lettuce sandwich, macaroni and cheese, strawberry fruit mix, cookie, milk;
Monday: Wiener sandwich, mashed potatoes, sauerkraut, applesauce, cookie, milk;
Tuesday: Turkey noodle casserole, bread and butter, cole slaw, pineapple, milk;
Wednesday: Ham salad sandwich, baked beans, fruit delight, cookie, milk.

cheating. Add a half cup of sugar and beat until light and fluffy (this is a favorite expression in any cook book).
Add an egg and a teaspoon of almond flavoring. Then gradually mix in two and a half cups of flour. Do this slowly because it may not need that amount. You can tell. Chill the dough a little before putting it through the press. Because of all the butter you need not grease your cookie sheets. Bake at about 375 degrees for less than 10 minutes.
Before putting them in the oven, sprinkle colored sugar over them or if you are using a roundish form, put a colored cherry in the middle. They are too rich to frost after baking.

Two films set for children at library

"Ira Sleeps Over" and "Madeline and the Bad Hat" are the children's movies scheduled in Plymouth Branch library Tuesday at 10 a. m.
"Ira Sleeps Over" is the story of a little boy who is excited about spending the night at a friend's house, but worried about how he'll get along without his teddy bear. Pepto is known as a "bad hat" because of his habit of caging all the wild animals he finds. But Pepto sets all his prisoners free after Madeline teaches him a lesson in "Madeline and the Bad Hat."

YOU CAN GET TAX-EXEMPT ALL-SAVERS CERTIFICATES AT WILLARD UNITED BANK BEGINNING OCTOBER 1.

BUT ALL-SAVERS MAY NOT BE GOOD FOR EVERY SAVER.

New U. S. Government regulations permit all banks and deposit institutions to offer tax exempt savings certificates between October 1, 1981 and December 31, 1982.
Beginning October 1, Willard United Bankers will work with you to find out if the All-Savers Certificate is best for you. If you aren't above a 28% tax bracket, you will probably want to consider other investment alternatives.
We'll have charts and formulas at each bank. We can apply them to your particular circumstance to give you your taxable-equivalent yield on various savings Certificates, and how much you would have to invest in the new U.S. to take advantage of the maximum limit on tax exemption.
If the new All-Savers Certificate is a wise investment for you, we'll be glad to sign you up starting October 1. Watch for more information about the All-Savers Certificate from Willard United Bank - Everything You Want A Bank To Be.

A straight line representing a fixed monthly payment, ending with a plug icon.											

A convenient way to budget for your electric bill.

Some household expenses are fairly steady throughout the year. But your electric bill varies from month to month because your electric usage fluctuates with the changing seasons. The bill is usually higher in the winter. It dips a little in the spring months, then, for most people, rises during the air conditioning season, before dropping again in the fall.

We can't do anything about the weather, but we can help you smooth out the ups and downs of your electric bill. And that's by offering you our Equal Payment Plan.

With the Equal Payment Plan, we bill you a fixed amount each month based on your average yearly usage.

Your account is reviewed every six months to see that your budget payment is still as close as possible to your average use. At the end of the twelfth month you'll receive a settle-up bill or a credit.

Many of our customers are already taking advantage of the Equal Payment Plan. If it sounds like a good idea to you, simply contact us. We'll take it from there.

We give it our best.

Danville pounds Red, 34 to 6; Plymouth limited to 105 yards

Enterprising Danville administered a 34 to 6 beating to Plymouth in the Homecoming game here Friday before a smaller crowd than is usual for this event.

Plymouth never was a factor. The Blue Devils kicked off and on fourth down, the snap from center went over the punter's head. Dave Colopy recovered for the Vikings and Danville had good field position at the Red 35. Lance Crawford tore through tackle to the 17 and four plays later, from six inches away, Greg Ferrenbaugh plowed into the end zone. Crawford ran the PATs. The clock read 8:36.

Before the quarter was over, Danville scored again. Plymouth punted 21 yards to the Blue Devil 27, whereupon the runback was good for 12 yards. The visitors then crunched it out, nine and 10 yards at a clip for first down at the Red 23. Ferrenbaugh got 10 to the 13, then took a pitchout to the one, whence Brian Baldrige plunged in. Ferrenbaugh's run for PATs was short.

Plymouth was unable to gain with the kickoff and Greg Polachek booted 34 yards to the 50. A six-man penalty against Plymouth gave the Devils a first down at the 31. Ferrenbaugh hit left tackle for 12 before Danville was penalized five yards. Baldrige got the five yards, Crawford got right tackle to the 19. Jeff Snively, the new quarterback this season, executed the quarterback draw to perfection and raced 19 yards to the end zone. Not a Plymouth hand was laid on him. The clock read 9:47 of the second period. Danville covered the 50 yards in five plays. Crawford ran the PATs and it was 22 to 0 at the half.

By which time Danville had 15 first downs, 169 yards rushing, had not punted and had given up 45 yards in five penalties. Plymouth, for its part, had just four first downs, 22 yards rushing, 24 yards passing, had punted four times, had lost a fumble, and had given up 25 yards in three penalties.

In its second possession of the second half, Plymouth mounted what was to be its only offensive of the game.

Danville was forced to begin from its 13, thanks to a tremendous 42-yard kick of Polachek after digging the ball from the ground. The Blue Devils punted for only the second time in the contest. It carried 24 yards to the Danville 45, where Darrel Hale snared it and ran it back deep to the 25. But a 15-yard clipping penalty set Plymouth back to the 50. Here the Big Red went to work. There were four pass plays and three of them succeeded. The big one was a 10-yarder from Rod Hampton to Brian Vredenburg that gave Plymouth first down at the five. From here Richard Cunningham went into the end zone on third down. The Big Red needed 10 plays to make it. The run for PATs was short.

Danville took the kickoff and drove 62 yards in 13 plays for the fourth score. The killer was from the Red 34, where Snively found Colopy alone in the secondary. Colopy ran in untouched. The run for PATs was short. Successive penalties of five and 15 yards hurt Plymouth in the next offensive series by Danville, which drove 76 yards in 16 plays to score with 54 seconds left in the game. Dan Wears ran it home from two yards away. The run for PATs failed.

Danville finished the contest with 263 yards rushing and 45 yards passing. Plymouth managed just 57 yards rushing and 58 yards through the air. Score by periods: D 14 8 0 12 - 34

Social services are available to all persons in Huron county who meet the Title XX eligibility requirements. These requirements are based on income and family size for family and children's services, and on age and income for services for the elderly and disabled.

Homemaker services are available to both families and adults. Elderly persons are assisted by the homemaker to maintain their homes and do necessary grocery shopping and bill

paying in order for them to remain in their own home. The homemaker can assist families during times of crisis. Families are also instructed in housekeeping techniques, budgeting, cooking and grocery shopping.

Transportation is provided for families and adults for medical appointments and for appointments at the welfare department. This service is available for out-of-county appointments as well as appointments within Huron county.

Single working parents may apply for either full or partial payment of babysitting for children under 14 years old. Eligibility for day care assistance is based on the parent's income and any child support or other income that is being received.

Protective services are available to any adult who is in danger or is being exploited. Adult protection services are available to everyone without regard to income.

A wide range of children's services are also available through the Huron county welfare department. These services include foster care for children. Foster care is provided for any child who is unable to continue living at home with his parents. Adoptive services are also provided to all persons in Huron county.

The protective service workers investigate all reports of suspected child abuse and neglect. When investigating an abuse report the worker will counsel with the family to see if a problem exists and will help

the family resolve the problem.

IT'S CRIME WATCH TIME IN AMERICA

SUSPECT IDENTITY CHART

PHYSICAL DESCRIPTION

Crime is everybody's problem. It should be in everybody's self-interest to contribute some effort to a solution.

Crime Watch is just that kind of a program. It operates on the simple premise that there's safety in numbers. And it is so structured that a child, an adult, a senior citizen, men, women—all can participate.

Crime in America poses a threat to every home. People are endangered as they go about their routine tasks. The Citizen Crime Watch program, which is spreading to urban and suburban areas all over the nation, is intended to make the business of neighborhood crime riskier for the felon and a lot safer for you and your neighbors.

Briefly stated, Crime Watch is a non-profit organization of citizens who are willing to look for and report suspicious activity so that professional policemen can investigate.

The organization is simple. A city is divided into zones...areas within each zone and finally, block by block within each area.

Members who join learn how to be more observant and how to report a crime in progress or its occurrence and how to provide police with helpful information to identify the suspect.

The procedure to follow in reporting the likelihood of a crime is:

1. Identify yourself by name, address and phone number. State that you are a Crime Watcher.
2. Say what kind of crime or suspicious activity you have observed.
3. State when this happened...or is happening.
4. Give the address or provide a landmark or something to help the police rush speedily to the scene.
5. State if you believe the suspect to be armed...and what kind of weapon (Knife, gun, club).

6. Describe the suspect by age, race or complexion, approximate height and weight, identifying kind of clothing worn, any prominent feature such as mustache, beard, scars, tattoos, large or small nose, ears, color of hair and type (long, crewcut, kinky, etc.) and whether or not the suspect is wearing glasses.

7. If driving a vehicle...what kind? What color? What are the last three numbers of the license plate?

8. In what direction was the suspect driving...or fleeing?

9. What was stolen...or what criminal activity took place?

10. How was entry gained?

It is important to be a Crime Watcher and not a Crime Stopper. Never try to apprehend a dangerous felon. Report immediately on the telephone to the police for their intervention.

VACATION PROTECTION CHECKLIST

Any time you'll be away from home for several days:

1. Notify a trusted neighbor, relative or friend that you'll be gone. Ask them to keep an eye on the house.
2. Leave a key with neighbor, relative or friend that you trust to look inside the house daily, if possible. Do little things to make the house look lived in...such as rearranging a shade or drape.
3. Make arrangements to have your lawn mowed.
4. Stop newspaper delivery.
5. Have the post office hold your mail.
6. Have a neighbor, relative or friend pick up anything that is delivered to your home.
7. If possible, have a car parked in your driveway.
8. Notify police that you are out of town and how long your house will be unoccupied. Let them know if anyone is allowed to check the inside of the house while you are gone.
9. Remove anything of great value from your home...color TV, silver, crystal, jewelry, valuable collections—and put in a safe place or in the custody of a friend.
10. Use timer switches or ask a neighbor to turn on lights, play a radio, turn outside lights on at sunset and off at dawn.
11. If you know where you'll be, leave a phone number where you can be contacted.
12. Notify the police on your return, especially if it is earlier than expected.
