Boy, 2, dies in fire in trailer home

A two-year-old boy died of smoke inhalation and burns after a fire in the trailer of his parents in Happy Hollow court, Route 61, early Sunday morning.

Chad William Taulbee was asleep in the rear bedroom of the trailer but later occupied by his parents, the Franklin D. Combes, when the fire broke out.

When Combe, who was sleeping in the living room with his wife, nee Sharree Taulbee, and their infant child, was awakened by smoke, he rushed them out of the trailer. He then tried to reach the room where the small boy was asleep. Dense smoke and heat forced him outdoors, whereupon he again tried to enter the room.

By this time, Jeffrey Clabaugh, a

next door neighbor, clad only in his underwear, had found an axe. When he broke through a window, the entire rear portion of the trailer burst into flames. When Combe again sought to recover the boy, he was burned about the arms. He was taken to Shelby Memorial hospital by a neighbor.

A neighbor, James Hicks, received injuries during the fire, which was brought under control quickly. Two firemen, Richard Farmer and Richard Carter, also were injured. Farmer's nose was cut. Carter was overcome by smoke.

Fire Chief Wayne E. Strine said Monday cause of the fire is uncertain and "we may never really find out what caused it, because the place is a total loss."

Born in Shelby, the dead child is survived by his parents, the Franklin D. Combes; a brother, Franklin D. Combs, 2nd; his maternal grandparents, Councilman and Mrs. Billy R. Taulbee, Plymouth; his paternal grandmother, Mrs. Bessie Lewis, Orlando, Fla.; and an aunt, Mrs. Beth Hall, Ashland.

The Revs. M. P. Paetznick, retired Lutheran minister, Bucyrus, and Robert Barr, Plymouth United Methodist church, conducted services yesterday at 1 p. m. from McQuate-Secor Funeral home. Burial was in Greenlawn cemetery.

'73 alumnus shot in face

David Pugh, Ontario officer, in Cleveland hospital

A 1973 alumnus of Plymouth High School was seriously wounded at Ontario early Thursday by a bullet fired into his face.

David L. Pugh, 26, a patrolman on the Ontario force, was taken to Mansfield General hospital for surgery. His condition was reported Monday to be "fair to good."

He was transferred to a Cleveland hospital Monday. Pugh had stopped a silver van Thursday at 5 a. m. in Lexington-Springmill road near the Route 30 interchange because it was weaving. One of the occupants, a black man, fired a weapon into Pugh's face. Examination later showed the projectile

was a calibre .38 hollow point bullet that struck Pugh in the jaw. Pugh also received some powder burns on his eyes. A truck driver came upon the scene and summoned help. The occupants of the van fled.

One of them, Russell E-

ols, 24, Cleveland, died of a bullet wound Thursday in Mansfield General hospital. Police searched for his alleged companion for two days before arresting a man in Cleveland.

Pugh is the son of the Roger Pughs, Shelby route 1. His mother is a member of Plymouth Board of Education.

\$10 in costs added by state in traffic cases

An additional \$10 for the public defender's office will be added to municipal court costs, municipalities have been notified by the state auditor's office.

Previously the amount was \$3, which was forwarded to the state treasurer monthly. The local mayor's court had been collecting a total of \$13, of which \$10 was retained locally for court costs. With the new law, unless the local cost is changed, each fine will have \$23 of costs attached to it.

Mayor turns it on, Willard water here

Officially Plymouth is connected to the Willard water supply.

Mayor Dean A. Cline turned on the fire hydrant in front of Charles Rhine armory Friday at 1 p. m.

However, the village is still using its own well water until meters at the water tower can be installed, which should be within a week.

The line of almost five miles from the Willard water treatment plant, down Neal Zick road to Route 598, then in Route 61 to the village, was installed by Nor-Con, Norwalk contractors, in record time.

Red reserves

Cavaliers demolish Red; reserves victorious

South Amherst walloped Plymouth in an independent basketball game there Saturday, 75 to 35.

It was the worst beating administered to a Plymouth team in 27 seasons.

The Cavaliers took an early lead and never looked back.

They went to the dressing room at the half with a fantastic lead of 21 points, an advantage they embellished in the second half.

The Cavaliers showed familiarity with the home court with some excellent shooting from the field. They got off for field goal 42 times and was successful only 14 times.

Neither team was any great shakes from the penalty line. South Amherst missed six of 15, Plymouth 12 of 19.

And the Cavaliers, to make matters worse, controlled the backboards. They took down 35 rebounds, Plymouth only 28.

Chris Byrd led all scorers with 24. Scott Harris's seven points led the Big Red.

Auntie suggests holiday fare

By AUNT LIZ
During a Saturday football game a week ago, I made a big batch of cut-out sugar cookies which nicely filled two nice size tins. We are now down to one. And they were very good.

We do have one holiday coming up in a few weeks. It calls for a real feast, and one of the times in the year I get to eat potatoes and gravy, so it is my favorite day.

The menu is really plain tradition year after year in our house. A bird stuffed to the hilt, plus those happy mashed potatoes, a vegetable, no salad nor rolls, but relishes, and pumpkin pie, natch. Try a chiffon one, which is light, after such a meal.

And to make it a real, impressive feast you need a first course which everyone can be eating while you are out in the kitchen getting the rest ready to serve. That

is the day our five maids take off, so guess who has to struggle through it all?

It can be a fruit cup or soup, but what is a real treat which just about every one will love is a shrimp deal.

If one of your guests should offer to bring them, O. K. Then have shrimp cocktails, but a package of nice size ones will go further if you mix them with a sauce.

The sauce can be really easy. Simply open a can or two of cream of chicken soup, add a dash of soy sauce and sherry. If you want, put in the shrimp and heat in a double boiler.

When nice and hot you are almost ready to sit at the table, put a little of it in little dishes. We have sea shells that we acquired some place years ago, which make an ideal serving. Sprinkle it with bread crumbs and stash under the broiler for a few minutes.

BY NOW EVERYONE has been flooded with gift catalogs from the various food and cheesy place across the country.

Those packages are really pretty and do have unusual things in them.

However, someone pays through the nose for them. They are fun to look at and great for ideas.

And so easy to make up one of your own at about half the cost.

With prices getting so out of hand, try it. Your kids and friends will appreciate it.

Trot out, and buy some little luxuries that you know they will think twice about. Have you looked at the prices of various spices lately? Every kitchen needs poultry seasoning, cloves, cinnamon, nutmeg and even peppercorns.

of our children once said that it really perked up a bologna sandwich. Do not overlook some of the really luxury soups that are on the market now. One company has put out three Chinese variations. They are all tasty and real treat. Then there are the package mixes to make things, like Swedish meatballs, which can come in very handy, or goulash mix. Frankly, they are just as good as what you can make from scratch.

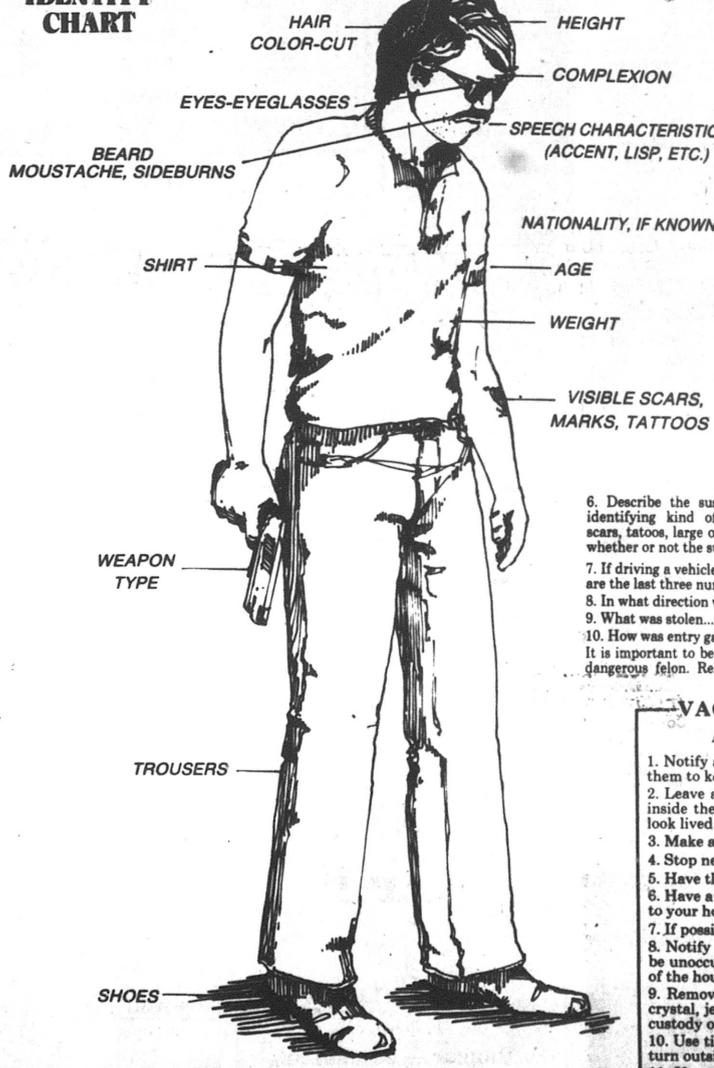

Another thing every kitchen cupboard needs is bottles of flavorings, soy sauce, a small collection of pudding mixes. Egg custard can be a real treat.

To solve any gift giving, simply case a grocery store and pick here and there, then come home and find a large box to put it all in and wrap it up very prettily. You will have fun doing it.

IT'S CRIME WATCH TIME IN AMERICA

SUSPECT IDENTITY CHART

PHYSICAL DESCRIPTION

Crime is everybody's problem. It should be in everybody's self-interest to contribute some effort to a solution.

Crime Watch is just that kind of a program. It operates on the simple premise that there's safety in numbers. And it is so structured that a child, an adult, a senior citizen, men, women—all can participate.

Crime in America poses a threat to every home. People are endangered as they go about their routine tasks. The Citizen Crime Watch program, which is spreading to urban and suburban areas all over the nation, is intended to make the business of neighborhood crime riskier for the felon and a lot safer for you and your neighbors.

Briefly stated, Crime Watch is a non-profit organization of citizens who are willing to look for and report suspicious activity so that professional policemen can investigate.

The organization is simple. A city is divided into zones...areas within each zone and finally, block by block within each area. Members who join learn how to be more observant and how to report a crime in progress or its occurrence and how to provide police with helpful information to identify the suspect.

The procedure to follow in reporting the likelihood of a crime is:

1. Identify yourself by name, address and phone number. State that you are a Crime Watcher.
 2. Say what kind of crime or suspicious activity you have observed.
 3. State when this happened...or is happening.
 4. Give the address or provide a landmark or something to help the police rush speedily to the scene.
 5. State if you believe the suspect to be armed...and what kind of weapon (Knife, gun, club).
 6. Describe the suspect by age, race or complexion, approximate height and weight, identifying kind of clothing worn, any prominent feature such as mustache, beard, scars, tattoos, large or small nose, ears, color of hair and type (long, crewcut, kinky, etc.) and whether or not the suspect is wearing glasses.
 7. If driving a vehicle...what kind? What color? What are the last three numbers of the license plate?
 8. In what direction was the suspect driving...or fleeing?
 9. What was stolen...or what criminal activity took place?
 10. How was entry gained?
- It is important to be a Crime Watcher and not a Crime Stopper. Never try to apprehend a dangerous felon. Report immediately on the telephone to the police for their intervention.

VACATION PROTECTION CHECKLIST

Any time you'll be away from home for several days:

1. Notify a trusted neighbor, relative or friend that you'll be gone. Ask them to keep an eye on the house.
2. Leave a key with neighbor, relative or friend that you trust to look inside the house daily, if possible. Do little things to make the house look lived in...such as rearranging a shade or drape.
3. Make arrangements to have your lawn mowed.
4. Stop newspaper delivery.
5. Have the post office hold your mail.
6. Have a neighbor, relative or friend pick up anything that is delivered to your home.
7. If possible, have a car parked in your driveway.
8. Notify police that you are out of town and how long your house will be unoccupied. Let them know if anyone is allowed to check the inside of the house while you are gone.
9. Remove anything of great value from your home...color TV, silver, crystal, jewelry, valuable collections—and put in a safe place or in the custody of a friend.
10. Use timer switches or ask a neighbor to turn on lights, play a radio, turn outside lights on at sunset and off at dawn.
11. If you know where you'll be, leave a phone number where you can be contacted.
12. Notify the police on your return, especially if it is earlier than expected.

Did you know that shoplifters cost your family \$150* last year?

TAKE THIS FIVE-QUESTION QUIZ AND FIND OUT HOW MUCH YOU KNOW ABOUT SHOPLIFTING.

True or False

- Shoplifting accounts for very little crime in Ohio. It is of minor importance and the stores absorb the cost.
True _____ False _____
- Generally, poor people who are uneducated do most of the shoplifting. They steal because they don't have money to buy what they want.
True _____ False _____
- More men than women shoplift.
True _____ False _____
- Suburban stores are shoplifted more often than downtown stores.
True _____ False _____
- Ordinary citizens cannot do much about the shoplifting problem.
True _____ False _____

Answers:

- 1: False.** Shoplifting accounts for \$3.5 billion in lost merchandise nationally, according to the Federal Bureau of Investigation. Ohio's shoplifting tab is estimated by the Attorney General to be \$488 million for 1973. Shoplifting is the fastest-growing white collar crime in America. Between 1963 and 1973 it increased at a faster rate than any other crime.
People pay the shoplifter's way. People pay over \$35 individually per year or \$150 per family on increased cost of goods they purchase.
- 2: False.** People who shoplift are not generally poor. They often have sufficient cash with them and can afford to pay for what they steal. But you pay for them through higher prices.
- 3: False.** More women than men shoplift. The Mass Retailing Institute conducted a survey in 1972 in 1,188 of the nation's largest discount stores and discovered that 58 percent of the apprehended shoplifters were women.
- 4: True.** Eighty percent of all shoplifting is done in suburban outlets of retail establishments.
- 5: False.** You can do something about shoplifting. If you see someone shoplifting, quietly mention it to the nearest sales clerk. You need not become involved. The thief will probably steal somewhere else before leaving the store, and the store detective will be there to see it happen.

ORDINANCE NO. 31-81
Fixing and regulating the price that may be charged by Columbia Gas of Ohio, Inc. or its successors or assigns, for gas to the Village of Plymouth, Ohio, and to its inhabitants, for the period of Two (2) Years from and after the effective date of this ordinance.

BE IT ORDAINED BY THE COUNCIL OF THE VILLAGE OF PLYMOUTH, OHIO:
SECTION 1: That, for the period of One (1) Year from and after the effective date of this ordinance, the maximum price which Columbia Gas of Ohio, Inc., its successors or assigns, shall be permitted to charge for and the minimum price which it or they shall be required to furnish gas to the Village of Plymouth, Ohio (Municipality), and to its inhabitants, shall be the same as hereby fixed for each individual consumer, as follows:

A "Customer Charge" of \$3.85, per meter per month, regardless of gas consumed and 6.530¢ per 100 cubic feet, per meter per month, for all gas consumed.
A "Customer Charge" for each customer each month of Three Dollars and Eighty-five Cents (\$3.85) shall be made. If service under this rate schedule is discontinued at the request of customer, the Company shall not be under any obligation to resume service to the same customer on the same premises until the customer has made payment of an amount equal to the "Customer Charge" for each month of the intervening period, but not to exceed twelve (12) months.
From and after the expiration of the aforesaid One Year period and for a further period of One (1) Year thereafter, as follows:
A "Customer Charge" of \$3.85, per meter per month, regardless of gas consumed and 7.447¢ per 100 cubic feet, per meter per month, for all gas consumed.
A "Customer Charge" for each customer each month of Three Dollars and Eighty-five Cents (\$3.85) shall be made. If service under this rate schedule is discontinued at the request of customer, the Company shall not be under any obligation to resume service to the same customer on the same premises until the customer has made payment of an amount equal to the "Customer Charge" for each month of the intervening period, but not to exceed twelve (12) months.
The above rates exclude gas costs and the Ohio Gross Receipts Tax. All bills rendered pursuant to this ordinance shall be adjusted to reflect the effect of the Ohio Gross Receipts Tax and are subject to decrease or increase in accordance with the "Gas Cost Recovery" Provisions of the Company's Rules and Regulations, on file with the Public Utilities Commission of Ohio.

SECTION 2: That it is expressly conditioned, the service to be rendered by said Company, its successors or assigns, pursuant to this ordinance shall be primarily for domestic and commercial purposes and shall not be extended to other consumers of different classes until after all reasonable requirements for domestic and commercial purposes are fully met, and this provision shall be binding upon said Company, its successors or assigns, during each month of the year; but during any month or year, subject to the foregoing limitations and after compliance with the foregoing provisions gas may be delivered to any other class of consumers at such times and under such conditions and for such rates as may be agreed upon between the Company and such consumer or consumers.

SECTION 3: The terms and conditions of the service to be rendered shall conform with and be subject to the Rules and Regulations for furnishing gas service of the Company of file with and approved by the Public Utilities Commission of Ohio.
SECTION 4: That the gas furnished or delivered pursuant to the terms of this ordinance, by the said Company, shall have an average heating value of 1,000 British thermal units per cubic foot for any consecutive twelve (12) month period subject to a variance of not more than five (5) percent upward or downward.
SECTION 5: In the event of the State of Ohio, or the Municipality, should hereafter impose a tax upon the Company above the rate now imposed, or should hereafter increase the rate of any tax now imposed upon the Company above the rate now existing, other than the rate on property listed in the real estate tax list and duplicate, then the rates prescribed in Section 1 shall be increased to the extent necessary to compensate the Company for the increase in cost due to such new tax or higher tax rate. This shall be done in the following manner:
(a) If the new tax or higher tax rate is computed in direct relation to gas sold or revenue received for the sale of gas, the rates set forth herein shall be adjusted to the extent necessary to recompense the Company for the amount thereof.
(b) If the new tax or higher tax rate is related indirectly to gas sold or revenue received for the sale of gas, then the total dollar effect thereof upon the cost of the gas to the Company in the Municipality shall be determined, based upon operations of the Company in the Municipality during the most recently available twelve month period ending on the last day of the December preceding the effective date of the new tax or higher tax rate; the total dollar effect so computed shall then be divided by the total sales made by the types of customers covered by this ordinance during the same twelve-month period and the rates prescribed herein shall be correspondingly adjusted.
The adjustment of the rates prescribed in this Ordinance, as provided in subparagraphs (a) and (b) above, shall be made by rounding the mathematical result of the computations so prescribed to the nearest one quarter cent (1/4) per one thousand cubic feet.
The adjusted rate shall be placed in effect and shall apply to all meter readings occurring on and after the effective date of the statute, ordinance or resolution pursuant to which the new tax or increased tax rate is imposed.
Written notification of the adjustment shall be sent to the Clerk of Council of the Municipality as quickly as possible after the effect of the new tax or higher tax rate can be determined.

SECTION 6: That any ordinance or resolution, or part of an ordinance or resolution, inconsistent herewith, is, to the extent of such inconsistency, hereby repealed.
SECTION 7: That should any section or part of a section or provision of a section of this ordinance be declared void, the remainder of this ordinance shall not be affected thereby.
SECTION 8: That this ordinance shall become effective on January 1, 1982; provided, however, that this ordinance shall have no force or effect whatsoever unless written acceptance of this ordinance is filed by the Company to the expiration of thirty (30) days from the date this ordinance is passed.
PASSED: Nov. 10, 1981.
Dean A. Cline, Mayor
Attest: Diane Resna, Clerk 19.26c
