

The Voice of The Advertiser —  
**Register now!**

It is a duty of the Fourth Estate to draw notice, from time to time, to the requirement that a citizen must be registered to participate in an election.

That time has come again.

Last date and time for registration to participate in the Nov. 3 general election are Monday, Oct. 5, until 9 p. m.

Persons eligible to cast ballots if they are registered may effect registration at several places in the county of residence.

In Plymouth, they are in the library and in First Buckeye Bank, N. A.

In Shiloh one may register in the village hall.

The clerk of Bloominggrove township, Mrs. Lowe, will effect registration in her home in Rome South road off route 603.

If one is in Shelby, he may register at the city hall or in Marvin Memorial library. If he is in Mansfield, he may register at the board of elections office or in the city building.

If one is applying for a driver's license, he may register at the Richland County Auto club offices in Shelby or Mansfield.

It is no less difficult for Huron countians.

They may register in the bank here, at Willard United bank at Willard, North Fairfield or Greenwich, or at the board of elections office at Norwalk.

A registration within the county is valid for participation in the election in one's own precinct.

To register, one must be a citizen of the United States, 18 years of age or before Nov. 3, and a resident of the state, county and precinct 30 days prior to the day of election.

Registered electors who have changed their residences prior to Oct. 5 must notify the board of elections. Those who move from one precinct to another in the same county within 30 days prior to the election may vote at the next succeeding election in the precinct from which they moved, where they were lawfully registered.

It all sounds so complicated, but it isn't.

Only recently, we've had intimate experience with the fact of non-registration. We were treated to some vehement protests about the conduct of government, but when we asked, "Are you registered and did you vote?" all we got was a sheepish grin.

What it boils down to is this: if you're not registered, you can't vote; if you don't vote, then why complain?

It is wise to remember that within our lifetime, a national political election, for the highest office we can bestow upon anyone, was decided by less than one vote a precinct!

**Hooray!**

Efforts by Willard Area hospital to make facilities available to those who helped to pay for them deserve some applause.

A new immunization clinic for the young began yesterday.

Eventually, the hospital's management says, other services of the Huron county health department, which are used heavily by persons living in and near Norwalk and Bellevue, will be offered at Willard.

The taxpayer pays for them. He ought to use them. Those remote from the county seat need only make some noise to get the services extended to his neighborhood.

Which is what the Willard hospital is up to. Hooray!

# Funds in black; \$380,000 in bank earns \$68,590

Today's meeting of the Financial Planning and Supervision commission has been postponed until Oct. 22 at 8:30 p. m.

The two members representing the state were unable to come to Plymouth today because of previous commitments.

Putting the meeting off another month is giving the assigned accountants, Ernst & Whinney, another month to deal with village finances, allowing them to come up with more accurate figures for ending 1981.

At the October meeting a new appropriation ordinance for this year will be forthcoming. Having the extra month, the accountants will be able to include expenditures approved by the village council in the last few weeks, such as road repairing.

As J. C. Landers, a member of the accounting firm who has been working closely with the village clerk, pointed out at the last council meeting, more money has been generated than had been anticipated.

As of Aug. 29 the village had a short term deposit come due. The sum of \$380,000 had been invested at 16.25 per cent interest. Annually this would bring in \$68,590. The month's investment brought in \$5,715.83.

The village had invested funds which were apparently not needed for the 30-day period.

While the village reaped a nice sum, its creditors were left waiting.

The clerk's report for August showed a cash balance in the checking account of only \$33,675.90.

This sum could cover several payrolls and current utility bills, including that of Ohio Power Co.

While the money has been invested for interest, the funds of each department will look better than they have in perhaps 20 years.

## Shots hit two cars in Rt. 61

Minor damage resulted Saturday night when someone shot at two vehicles in Route 61 near the state highway storage garage.

Timothy Sexton, who lives near Willard, reported his car was struck by a bullet about 9:20 p. m.

James F. Daniel, Greenfield Section Line road, reported to Huron county sheriff's deputies that his car was hit at about the same time.

Deputies said the shots apparently came from the east side of the road from a small bore rifle or shotgun.

## Car severs utility pole in Rt. 603

A car driven by Susan Ankrin, Willard, went out of control Sunday night in Route 603 just east of the village and hit a utility pole.

The driver was taken to Willard Area hospital for treatment.

## Wire stolen at Shiloh

Two rolls of copper wire and about 200 feet of rolled weatherproof wire were stolen from a utility building at Shiloh's water plant last week.

Richland county sheriff's deputies were told the wire was taken Sept. 15, 16 or 17. The value was set at \$120. There were no signs of forcible entry.

For the first time in years the general fund has a balance (as of Aug. 31) of \$35,259.01. Part of this sum derives from transfers from the income tax fund.

The income tax fund showed a balance of \$24,762.96.

The increased electric rates are reflected with a sum of \$45,476.07 in the operating maintenance fund. The reserve fund has \$38,091.

All other funds as of this report are in the black. The council's hands are tied. No expenditures can be made without the consent of the Financial Planning commission, however.

It will be several months before the water fund can be accurately determined. The new rates will not go into effect until the November bills and it will be touch and go if consumers will use the volume of water used in the past or will cut back because of the high or costs. Councilman Bill Taulbee warned the council on this score at its last meeting.

## Blood call!

Seeking 150 pints of whole blood, ARC Bloodmobile will call today from noon to 8 p. m. at Plymouth High school, sponsored by the Lions club.

## Bells ring the bell for Webber

The Thomas L. Webbers, Plymouth East road, had a pleasant surprise last week.

They opened their door to find two friends, Mr. and Mrs. Russell Bell, from Oberlin, who they had not seen in some 25 years.

The Bells brought with them a letter for Mr. Webber inviting him to a reunion of his Army unit.

Apparently the only address available to the person who sent the invitation was that of Mr. Webber's parents' home, which he had left in 1942. The Bells bought the house from them.

They thought the letter important enough to hand deliver it.

## Clinic set for young at Willard

A monthly child immunization clinic began at Willard Area hospital yesterday as a joint service of the Huron county health department and the hospital.

It will be conducted on the third Wednesday monthly from 1:30 to 5:30 p. m. Fee for Huron county health district residents is \$2, for others \$5. Any child to be immunized must be accompanied by a parent or guardian. The previous immunization record should be presented.

## Prater kin dies at 77 at Willard

Father of Sidney Prater, 140 Plymouth street, James R. Prater, 77, Willard, died in Area hospital there Saturday of a lengthy illness.

Born Apr. 27, 1904, at Hueysville, Ky., he was a retired miner who lived 30 years in Willard.

He was a member of Little Rebeck Baptist church. He is also survived by his wife, Anna; two sisters, Mrs. Lola Ousley and Mrs. Mary Shepherd, both of Hueysville, and two grandchildren.

The Rev. Claude Ousley conducted services from St. Croix Funeral home, Willard, Tuesday at 10 a. m. Burial was in Mt. Hope cemetery, Cass township.

## Paving bid wins approval; ColGas makes counter offer

Bid of Abel Paving to resurface West High street and Springmill road was accepted by village council Tuesday night.

Councilman G. Thomas Moore said he was told by J. C. Landers, Ernst & Whinney accountant, who has been supervising the finances of the village for over a year, that the money is available.

West High street will cost \$9,000 and Springmill road \$9,390.

Before the decision was made, the council heard Clarence Vogel, a West High street resident, that he had a petition signed by all the residents plus Plymouth Locomotive Works, Inc., Schiro and Norstat, the three industries which are users of the street.

The decision actually came after the council went into a short executive session and called in Gregory Kibler, controller of P.W. What was

not stated, but the motion was forthcoming to do the resurfacing of the streets.

Columbia Gas of Ohio, Inc., has offered a new rate increase that when the committee met with the representative of the utility, he simply asked what is the lowest rate increase it can offer.

Two months ago it wanted increases of 5.4 per cent and five per cent plus a customer charge of \$3.95 a month.

Moore said that when the committee met with the representative of the utility, he simply asked what is the lowest rate increase it can offer.

The council authorized him to ask the utility to forward the proposed ordinance for study. It has been requested that the council, if it accepts the new rates, pass the ordinance by Nov. 10. The rates would be effective Jan. 1, 1982, and appear with the Feb. 1 bills.

Mayor Dean A. cine said he believes the committee composed of Moore, Councilman Bill Taulbee and Ervin Howard did a better job than the Public Utilities commission would have done.

Not having to take positive action until Nov. 10, Moore said, will give the village a chance to see what will happen in Columbus concerning the purchasing of out-of-state gas at a higher cost than what Ohio gas costs.

When the vote was taken to obtain the ordinance, Howard dissenting.

James C. Root, village administrator, told the council the engineers have estimated it will cost about \$200 a month for furnish electri-

cal power to run the pumping station for the new water line from Willard.

He suggested the council invest about \$4,000 now and run its own power lines to Skinner road, which will pay for itself in several years.

It was agreed to do this and now permission will be sought from Ohio Power Co. to use its poles.

John Sawvel, electric rate consultant, Findlay, will be hired to study the village rate structure and distribution system.

A number of residents were present at the meeting, but only Robert Hall and Roy Barber spoke up. Both opposed all-electric homes. Although they would like to see a reduction in rates for high users, their suggestion was that they want to have their electric bills from the village set up on budget plan.

The mayor said this will be considered, providing it is possible with the village billing equipment.

Plymouth will pay \$150 annually as its share of the North Star Council of Government, which covers a four-county area. Because of the precarious financial problem last year, the village did not pay its dues.

Root strongly urged the council to choose someone to attend the monthly meetings, because it could mean federal grant information.

Moore said since he is the administrator, he should attend. Root said on that particular night, he had another obligation, so the matter was left in the air.

The mayor suggested the

council look into the repairing of the railroad bridge in West Broadway, and also asked what should be done about cleaning the streets. The service committee will decide if outside help will be sought.

Taulbee was chosen by the council to be its representative on the Planning commission, since he has been appointed by the mayor to be on the zoning committee with Howard. The commission has not yet appointed its member.

The mayor said that four items have been sent to him by Ernst & Whinney that should be acted upon. They are the new water rate, enabling legislation to support the cost of the water line, payment of outstanding legal fees and finalization of capital improvements for the remainder of this year.

He said some of the items were taking longer than had been expected and that the solicitor was working on them. They should be ready for the next meeting on Oct. 13, he said.

## \$9 water rate

An earlier report in The Advertiser that water rates of \$9 for 1,000 gallons of water a month will take effect was correct.

But the rate also applies to the next additional 1,000 gallons of water used, so the real rate figures out to \$4.50 for each 1,000 gallons of water at the initial consumption rate.

## Hedeen gets council post

Newest village councilman is John E. Hedeen, 57, who lives at Birchfield and Mulberry streets.

A native of Bucyrus, he is a 1941 alumnus of Shiloh High school. He holds degrees in business administration and engineering from Ohio Northern university, Ada, and a master's degree in business administration from the University of Miami, Miami, Fla.

During World War II he served in the Army on a mine sweeper in the Caribbean.

A senior civil servant until he retired, he has lived here four years. He is a member of First Evangelical Lutheran church and president of the church council, a member of an adjunct of Eret-Parsel Post 447, American Legion, and a member of Fierlands Lodge, LOMoose.

He is married to the former Dorothy Guthrie of Shiloh. The Hedeens have three grown children, two sons and a daughter. There are five grandchildren.

Hedeen accedes to the seat left vacant by D. Douglas Brumback, who resigned. Brumback was appointed to succeed Mrs. Allan Raymond, who resigned to go to New York.

## James Jacobs dead at 63

Formerly a village councilman and trustee of public affairs, James L. Jacobs, Sr., 63, 68 Mill street, died unexpectedly after surgery in Mansfield General hospital Friday.

Born here May 1, 1918, son of the late Carl Jacobson, he lived here all his life. He took early retirement, for reasons of health, from the Fate-Road-Health Co., his only employer.

He was a member of Plymouth Lions club, a past commander of Eret-Parsel Post 447, American Legion; a member of LOMoose, Shelby; a member of the VFW and a life member of Disabled American Veterans.

He is survived by his wife, Opal, a son, James L., Jr., Plymouth; three sisters, Clara Shellee, now Mrs. Lynn Shabelle, Monclavia; Becky, now Mrs. Dean Root, Shelby; and Jennie, now Mrs. William Beed, Willard; two brothers, Arthur, Plymouth route 1, and Gene, Orlando, Fla., and two grandchildren.

The Rev. Ronald Atkins, minister of First Evangelical Lutheran church, conducted services Monday at 10:30 a. m. from McQuate-Secor Funeral home. Burial was in Greenlawn cemetery.

Will Co-Capt. Scott Maris return to the Big Red lineup this season?

He broke his hand in the South Central contest. It's a painful break and the bone is said to have split. Whether his surgeon will allow him to return sooner than anticipated may depend upon an examination this week. Meanwhile, Plymouth's offense sputters and its defense is less than what it ought to be with Harris, playing his last season of schoolboy football, on the sidelines.

Born in McLean county, Ky., he was a deacon of Pleasant Hope Baptist church, Willard; a 32nd degree Mason, member of Home Lodge 338, Hanover, Scotch Rite, Valley of Columbus, member of Sappa Chapter, OES, Attica; member of Aladdin Temple, Columbus, and a member of Woodmen of the World.

Mr. Story was a Democratic committeeman representing Auburn township and had been appointed a Kentucky Coked Colored.

He is survived by his wife, Kathryn; a son, Charles Warrington, in Kansas; two daughters, Mrs. Susie DuBois, New Washington, and Mrs. Donna Mitton, Buckeyes, Ky.; nine grandchildren and one great-grandchild.

The Rev. Janus Jones, Lorrain Baptist church, conducted services from McQuate-Secor Funeral home, Willard, Sunday at 3 p. m.

Memorial contributions may be made to Shrone Crippled Children's home, Lexington, Ky.

Brother of Kenneth Kelley, Kuhn road, Richard W. Kelley, 40, Mansfield, died Sept. 14.

Born there May 16, 1941, he lived his whole life in Mansfield, where he was formerly employed by Mansfield Tire & Rubber Co.

He is also survived by his wife, Dorothy; a step-daughter, Deborah Hair, Mansfield, and a brother, Robert, Mansfield.

Services were conducted at Mansfield Sept. 16. Burial was in Mansfield Memorial park.

# Old patriot praises writ

By AUNT LIZ  
Every week is some kind of a week. It can be peanut butter, pickles, eat more beef. You name it, and there is something.

This week though is a little more serious. Considerable thought should be given to it.

It is Constitution week. How long has it been since any of us sat down and read the law of our country?

I am willing to bet not since we were all in the eighth grade. Depending on how old you are now, that can be a lot of years.

Some houses may have a copy of it. We do and only because it is included in a set of dictionaries.

I hauled it out the other night and read it. It is well written and interesting. Some of it I did question.

Why did it take people so long to let us gals vote? Since the beginning of this country, it was the women who did all the work to keep a home, a family and a farm going. While their husbands were representing the whole countryside in wherever the capital was at the time, the gals were home keeping it going.

Finally the boys did get around to letting us gals share. Most families from what I have heard for years are like us. We simply do not see eye to eye on a lot of things and end up canceling each other's vote out.

One thing to the credit of the Constitution. It is designed in such a way that a big mistake can be corrected.

Perhaps I am wrong, but the one that did get done was that of the prohibition law which said no one was to enjoy anything alcoholic. I once asked a grandfather if he had voted for it and his answer was yes. Then I said why since we always had such stuff in the house. His

answer was again very simple. He said, "I didn't mean us."

We all like to call ourselves good Americans. We really are not.

Why? Because we simply do not want to recognize and follow the law of our land. It's there in black and white, and at least once a year, it should be read aloud in a family gathering.

All my life I have been proud to be an American. I really realized this when I discovered that my ancestors helped to found this country because they were so darn poor they moved every time the frontier did.

What other land can produce tomatoes like we do that people simply give to friends? I have lived in several and never did anyone give us anything from their garden. They ate it themselves.

Out kitchen has been a sea of tomatoes for days, and no way would I let them go to waste.

The other day we made chili sauce. It is good considering it took over three hours to end up with six really small jars. It is tasty.

Start with eight cups of peeled tomatoes. Cook them for at least an hour. Then add a finely chopped green pepper and an onion. Since we considered what we had were smallish, we used two of each. Now that we have made a batch, I realize that three of each would be best.

This cooks for 30 minutes. Meanwhile have a mixture of a half cup of sugar, a tablespoon of salt, a half teaspoon of pepper, a teaspoon each of cinnamon, cloves and nutmeg, a half teaspoon of allspice and a cup of mild vinegar.

Add this sauce, cook for maybe 10 minutes until you

think it is thick enough. What this is really good for is to spread over a meatloaf before you put it in the oven. It is liquidity enough to sink in and give a nice flavor.

# Two films on sprocket at library

"Dog's Dream," "Ferdinand the Bull," and "Foolish Frog" are the children's movies at Plymouth Branch library Tuesday at 10 a. m.

"Dog's Dream" uses felt-cut animation to tell the story of a young dog's desire for a family and the obstacles he must overcome to make that dream come true.

"Ferdinand the Bull" is an adaptation of Munro Leaf's book about a bull who would rather smell the flowers than fight in Madrid's greatest bull ring.

"Foolish Frog" dramatizes Pete Seeger's song about a frog who literally explodes with pride when he hears someone singing a song about him.

# YOU CAN GET TAX-EXEMPT ALL-SAVERS CERTIFICATES AT WILLARD UNITED BANK BEGINNING OCTOBER 1. BUT ALL-SAVERS MAY NOT BE GOOD FOR EVERY SAVER.

New U. S. Government regulations permit all banks and deposit institutions to offer tax-exempt savings certificates between October 1, 1981 and December 31, 1982.

Beginning October 1, Willard United Bankers will work with you to find out if the All-Savers Certificate is best for you. If your aren't above a 28% tax bracket, you will probably want to consider other investment alternatives.

We'll have charts and formulas at each bank. We can apply them to your particular circumstance to give you your taxable equivalent yield on various savings certificates, and how much you would have to invest in the new UTEs to take advantage of the maximum limit on tax exemption.

If the new All-Savers Certificate is a wise investment for you, we'll be glad to sign you up starting October 1. Watch for more information about the All-Savers Certificate from Willard United Bank — Everything You Want A Bank To Be.

# Chieftains scalp Red; loss string now at 14

The natty Plymouth High school band marched off the field at Bascom Saturday night tooling a number that had been played a hundred times earlier in the afternoon as its team went into the dumper in humiliating defeat before the eyes of millions.

Plymouth's team had just gone into the dumper in an equally humiliating performance before a scant crowd.

Plymouth's band, the only uniformed one in the stadium, wasn't allowed on the field, owing to high water the previous night that left the field soft. But it easily won what competition there was.

Just as Hopewell-Loudon's football team easily won what competition there was.

The Chieftains put it in Plymouth as Plymouth has seldom been dealt with. The score was 34 to 0.

The Big Red managed to get into Hopewell-Loudon territory only three times, never deeper than the 19-yard line, and had to settle for a total offense of 103 yards, 73 of them on the ground.

The Chieftains scored the second time they got their hands on the ball.

Plymouth recovered a Chieftain fumble in the first series and had a golden opportunity to turn things around. With possession at the Hopewell-Loudon 22, Plymouth was able to gain only six yards and on fourth down failed to make the white stake.

The Chieftains took over and marched 81 yards in 10 plays.

There were four big ones. Paul Bishop ripped off 19 through left tackle, then 10 around right end. Bob Jump passed 17 yards to Eric Netzel for first down at the Red 23. Then Bishop, easily the best back on the field, ran through left guard for 16 and first down at the Red seven, whence Jump ran it in. He passed to Kevin Schalk for the PAT.

The Chieftains ran it down to the Plymouth nine before fumbling on fourth down

with the first series of the second period.

Plymouth was unable to gain and Greg Polachek punted out for 20 yards. Hopewell-Loudon scored in seven plays from the Red 40.

On third down, from the Plymouth 19, Netzel broke outside left tackle and ran untouched into the end zone. The pass for PAT failed. The clock read 2:43.

Plymouth was unable to advance with the ball after the second half kickoff and a short punt that carried only 14 yards gave Hopewell-Loudon possession at the Red 46. For the first time in the game, Plymouth's defense was adequate and held Hopewell-Loudon, forcing Bishop to punt.

This he also does well. His boot carried 33 yards and went out of bounds at the Red nine.

When Hopewell-Loudon took Plymouth's return punt, it drove 46 yards in seven plays, Bishop scoring from the one. Brian Ream kicked the PAT.

The next score came on a freak interception.

With its back to the wall, Plymouth sent Rodney Hampton to pass on third down. The ball was at the Red nine. Hampton's pass was seized by Netzel and he sped into the end zone. The pass for PAT was not good.

Final score of the night came through the air. With 19 seconds left to play, and sitting on a comfortable lead, Hopewell-Loudon aired it out. Jump threw to his end, Coppus, who bobbed the ball. It flew into the hands of Brad Agerter, who stepped into the end zone. The play covered 35 yards. Ream kicked the PAT.

## Blues say "Thanks" for use of field

A 1967 alumnus of Plymouth High school, where he excelled in athletic, is a member of the second place winning, Faultless Rubber fast pitch softball team that returned from the 1981 Amateur Softball association championships at St. Joseph, Mo.

He is William H. (Billy) Goth.

Faultless Rubber was defeated in the final game, 1 to 0, by Archer-Daniel-Midland, Decatur, Ill., in a contest that went 11 innings. Earlier, the two teams split, Faultless losing 4 to 2, then winning 2 to 0.

Faultless twice upset the Reading, Pa., Sunners and their all-American fireballer, Ty Stoffel.

nothing short of outstanding.

A special note of gratitude goes to Erv Howard for his personal contributions in making the entire event possible.

We believe Plymouth can be justifiably proud of these above mentioned organizations and individuals who came to the assistance of a neighbor in need.

Thank you from the entire Shelby Blues organization.

# TAX FREE

"ALL SAVER" CERTIFICATE

WITHOUT PENALTY FOR EARLY WITHDRAWAL

Due to recently adopted Federal Tax Reform Legislation, First Buckeye Bank N.A. will offer new "All Saver" TAX-FREE Savings Certificates between October 1, 1981, and December 31, 1982.

If you have a current annual taxable income of \$25,000 or more (i.e., in a 30% or greater marginal Federal Income Tax bracket) — you may want to consider the advantage of the high, TAX-FREE rate of return guaranteed for a full year and fully insured by Federal Deposit Insurance Corporation. May we suggest you seek advice from your tax consultant.

This certificate will have a contractual maturity of one year (36 months), and will pay 70% of the investment yield on one year United States Treasury bills. Savers will be able to exclude from their Federal taxable income up to \$1,000 in All-Saver interest if they file single tax returns, and up to \$2,000 if they file jointly.

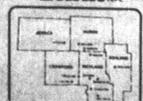

Each depositor insured to \$100,000 by the Federal Deposit Insurance Corporation.

They included Thomas Newsmyer, Kimberly and Gregory Burks, Barbara Harzaes, Patricia McKenzie, Charles and Tracie Williams, Timothy Barr and David Williams. Their counselors were the Rev. and Mrs. Robert Barr, the Charles Williams and Paul Long.

# Two winless teams meet in make-up game tomorrow

Among 12th graders on Big Red squad is Steve Garrett, No. 70, who scales 176 pounds and sees duty in the interior line. He'll be on hand for tomorrow's game with Lewistown Indian Lake.

George Breznicki, No. 76, also a 12th grader, plays tackle. He tips the beam at 178 pounds, more or less.

Two winless football teams square off in Mary Fete park tomorrow at 7:30 p. m.

In such circumstances, ordinarily, the home team ought to be favored. Coming off a poor performance at Hopewell-Loudon, where the Chieftains manhandled Plymouth unmercifully (there were six injuries to Red players during the game), the home eleven hasn't much to commend it. When the Big Red allowed a Hopewell-Loudon kickoff to fall untouched and to be recovered by the Chieftains, the demoralization of the team was complete.

It was no secret that Plymouth was charged up for this one. Even with Co-Capt. Scott Harris out with a broken hand, the Big Red thought it could win and

wanted to so very much, in tribute to Jeff Jacobs, the plucky 11th grader who suited up and played the entire game despite his bereavement.

But it was not to be. The Indian Lake team comes from Lewistown, near Bellefontaine. It has had some unfortunate occurrences this season. In the second game, with Bellefontaine, ill feeling broke out toward the end of the game and a near riot resulted. Last week, stepping down in class (Indian Lake is a Class AA school) against Ottawa Hills, the Lewistown team couldn't do much of anything to brag about.

Efforts by Plymouth to scout the Indian Lake school didn't exactly pan out either. Coach David Coulter drove

there to watch what he thought would be a night game, only to find the game had been played in the afternoon.

There is some question whether Mike McKenzie will be available to play tomorrow. He is a courageous athlete. Examinations disclosed he doesn't have a broken arm, as was feared, but he has a soreness and stiffness that at press time prevented him from 100 per cent performance.

If there is some anxiety in the Plymouth camp, it's understandable. The team has lost 14 straight and 20 of 21. "If we're going to do something to turn things around, it's high time," said one coach. Plymouth expects to be outweighed, to some extent, and outrun by a few of

the Indian Lake squad.

**Classified Ad Policy Changed**

Increased costs of operation necessitate a change in this newspaper's classified advertising acceptance policy.  
Effective Sept. 1, the newspaper will not accept a classified advertisement not paid for in advance, unless the advertiser appears consistently and has an established line of credit.  
There will be no billing. Repeated monthly billing for small charges is prohibitively expensive, cost of mailing and materials and labor more often than eat up the price of the advertisement by the time it is collected.  
No telephoned classifieds will be accepted.  
In an effort to furnish the maximum service at the lowest possible cost to its customers, the newspaper is compelled to adopt this new policy.
