The Voice of The Advertiser -

Our family

It is with some special sadness that we record, elsewhere today, the death of one of The Advertiser family.

Daniel E. Eby worked in the press room and the remelt room of this newspaper while he was a schoolboy. He learned to operate the newspaper press, Old Betsy, and the hand-fed folder that has long since followed the press to the scrap heap. He melted lead, purified it by adding flux after scarfing it with a fresh potato, and poured it into pigs that could be used by the typesetting machines. He carried bundled newspapers to the post office with a nifty device called a wing mailer.

He did his job well and he achieved some local renown for doing so.

We mourn his loss. Even though his visits to his home town - he was born here in 1934 - became infrequent of late, he never failed to stop in, when the office was open, to say hello.

It is not that Dan Eby was so special that we mourn. He wasn't any more special than a score of other young people, male and female, who went beyond the pay they got to deliver service to and show loyalty to this business and the community it represents.

With one or two notable exceptions, those who have served The Advertiser since 1926, a mere matter of 57 years, have done well after they closed its door as an employee for the last time. Some of them were children of the management. All four of them have made their parents proud, their communities proud of what they have contributed, here and elsewhere. Some of them became professional people, teachers and educators, bankers and administrators. At least two of them were successful in politics. Neither of them has ever been defeated in an election. The females among them have, without exception, become mothers; their children are a credit to them and to their families.

How did they come to be of that stripe?

Obviously, there was a severe screening applied from the beginning. Those who were considered unlikely to be worth the effort to train them simply were not asked to apply. Those who did apply without some redeeming characteristic that might redound to their benefit and that of the newspaper as well were put off.

And when they reported for duty, they were shown what to do and how to do it, and they were told what was expected of them. When they did it well, they were told about it, and so were their neighbors. When they failed, they were told about it, privately. Those who supervised them - and there have been just four, two of whom have long since gone to their record - regarded them as children of their own and steered them with affection and concern.

The Advertiser family stretches a long way, right now to Germany and to the Far East. Its members are substantial people. The work they did, the community they served, the people they did it for, made them that way. For our part, we are proud of them. Dan Eby and each and every one of the others.

Will townships be authorized to lease land?

Legislation permitting township trustees to lease real property owned by the township has been introduced by Ohio Sen. Lowell Steinbrenner, R-Wooster.

Steinbrenner said the bill, designated S.B. 148, is the result of a situation in Sullivan township in Ash-Sullivan township in Ashland county.

"Several years ago a question arose over Sullivan township's power to lease land it owns at the corner of Routes 58 and 224 as a gasoline station," Steinbrenner said. "Present law is unclear in this regard, and S.B. 148 attempts to specifically grant townships that power."

Steinbrenner said the bill is important to townships across the state since many derive a large portion of their operating funds from such rental properties.

He added the bill is restricted to only the rental of property not needed for township-related functions. "This bill would only affect property that townships have held for some length of time or those properties the township acquires through an estate or by means other than an outright purchase," Steinbrenner continued.

The bill has the backing of the Ohio Association of Township Officials, Steinbrenner observed.

Bishop shares priest's bequest of \$24,000

Most Pure Heart of Mary Roman Catholic parish, Shelby, the Mission for Accompaniment, a diocesan evangelization effort, and the Priests' Education fund of the Diocese of Toledo, have been named recipients of a \$24,000 gift from a priest who died in Shelby in February.

The Rev. Frederick J. Mehling, a priest of the 19-county Roman Catholic diocese of Toledo who died in Shelby Feb. 21, had deposited the sum in the diocese's "Pooled Gift Income Fund" with the stipulation that it be used at the discretion of the Bishop of Toledo after Father Mehling's death.

The Pooled Gift Income fund is a stewardship tool offered to persons through the diocesan development office. It allows a donor to designate a sum's use after his or her death, but as long as the donor lives, the earnings on the principle of the gift are paid to the donor.

Father Mehling's gift has been distributed by Bishop Hoffman, with \$5,000 to Most Pure Heart of Mary parish, in gratitude for the hospitality shown to Father Mehling during his years in retirement. "The people of the Shelby parish community made Father Mehling's final years of ministry both satisfying and fruitful," Bishop Hoffman said, "and the share in Father Mehling's gift is a way for the diocese to express its appreciation."

The Mission for Accompaniment, an evangelization effort of the Diocese of Toledo in cooperation with the Diocese of Hwange in Zimbabwe, Africa, has been given a \$5,000 share. Bishop Hoffman noted that Father Mehling always expressed an interest in evangelization and ministry efforts.

The final distribution of \$14,000 was made to the Priests' Education fund, in line with Father Mehling's on-going concern about the quality of educational opportunities offered to both priest candidates and to priests.

Father Mehling served St. Joseph's parish at Monroeville, Ohio, from 1958 to 1980. St. Sebastian's parish at Bismark from 1949 to 1951. He was at St. Bernard's parish, New Washington, from 1960 to 1964 and at St. Francis Xavier parish, Willard, from 1951 to 1958. He served at Shelby until he retired in 1977.

Additional information about the Diocese of Toledo's Pooled Life Income fund can be obtained from Richard Waring, Diocesan Planned Giving Office, 2544 Parkwood Avenue, Toledo, 43610 (telephone in Toledo area, 255-1270, within Ohio but outside Toledo, toll free at 160-800-821-8903).

Donnelly & Sons Co., Willard, will be appointed to complete the terms vacated by Heden, which is that to which Douglas D. Brumback was elected. Talbee is a former councilman who resigned because of press of other business. He is now a member of the village planning commission and serves as its president.

Nonetheless, the sentiment seems to be that Talbee, an employee of R. R.

How to use extra yarn? Make a simple afghan

By AUNT LIZ

If you have started your spring housecleaning and have come across batches of odds and ends of yarn which are hardly enough to do much with, there is an answer.

You can make a broomstick lace afghan. Before the days of all the various sizes of knitting needles, it was actually made with a broomstick and there is not a thing now which says you cannot bring your broom out and use it. Otherwise you use a number 50 needle and a K crochet hook.

For an afghan to measure 45 inches by 90, you start with a chain of 190 stitches, but for a practice piece to decide if you are going to like it, chain 25. Then follow these directions:

Row 1: Step 1 (see Fig. 1): Holding knit pin in left hand, slip loop of chain from crochet hook to knit pin. Working from left to right on ch, *insert hook into next ch, draw loop on pin; repeat from * to end of chain - 25 loops on pin.

Row 1, Step 2 (see Figs. 2, 3 and 4): Working from right to left, slip 5 loops from pin; turn loops to the right in a group; insert hook through center of group and draw yarn through; careful not to tighten first loop, ch 1 at top of group, work 5 sc in same space; *sl next 5 loops from pin, turn to right as before, work 5 sc in center space of group; repeat from * to end - 5 pats. Do not turn.

Row 2: Step 1 (see Fig. 5): Place loop from hook on pin; *working from left to right, insert hook under back loop only of next sc, draw loop through and place on pin; repeat from * to end - 25 loops on pin.

Row 2, Step 2: Same as Step

2 of Row 1. Repeat Row 2 for pattern.

Changing Colors: Fasten off at end of each row. Begin each succeeding row by drawing loop of next color through back loop of first sc; place it on pin.

PAYING MORE TAXES THAN YOU THOUGHT?

AN IRA CAN HELP.

It's that time of year again. Time to pay Uncle Sam his share of your hard earned income. But there is an easy way to reduce Uncle Sam's share. By opening or depositing to an IRA (Individual Retirement Account).

You see, an IRA deposit reduces your taxable income by the amount of your deposit. A \$2,000 contribution will save you approximately \$600 in current taxes if you are in the 33% tax bracket. And, you will be building a sizable retirement nest egg.

Stop by today for complete details. Remember, you have until your tax filing deadline to make your deposit for 1982.
