

Should Shiloh shut police station?

Should the little place beside the road be closed?
Shiloh's village council said Dec. 12 the cost of maintaining the place, which now houses an outpost of the Richland county sheriff's department, isn't worth the money.
What money? Natural gas bill of \$200 for the season, telephone and utility bill of about \$56 a month, Mrs. C. R. Reeder, village clerk-treasurer, said Dec. 12.
Village council at Shiloh tends to think the cost of operation of the building outweighs the benefits, in

part because the sheriff, who is under contract to furnish police protection until April, doesn't use the place much.
Shiloh pays Sheriff Richard Petty a total of \$11,000 a year for police protection. For this fee, the sheriff is obligated to supply police protection of two deputies who work a total of 40 hours a week in the village.
Wayne Baker will shortly obtain his wastewater treatment license and when he does, he will be entitled to a salary increase to \$15,000.

Five musicians excel

Five music pupils stole the show Friday at the OMTA recital at Kingwood center.
Jennifer Carter, Stephen Kensingler, Amy Root and Elaine and Homer Hawk presented a Christ-

mas piano ensemble with percussion. The quality and singularity of their performance drew compliments. All are students of Mrs. James Hawk.

The voice of The Advertiser—

Oldest story always fresh at Yuletide

In those days a decree went out from Caesar Augustus that all the world should be enrolled.
This was the first enrollment, when Quirinius was governor of Syria.

And all went to be enrolled, each to his own city.

And Joseph also went up from Galilee, from the city of Nazareth, to Judea, to the city of David, which is called Bethlehem, because he was of the house and lineage of David, to be enrolled with Mary, his betrothed, who was with child.

And while they were there, the time came for her to be delivered.

And she gave birth to her first-born son and wrapped him in swaddling cloths, and laid him in a manger, because there was no place for them in the inn.

And in that region there were shepherds out in the field, keeping watch over their flock by night.

And an angel of the Lord appeared to them, and the glory of the Lord shone around them, and they were filled with fear.

And the angel said to them, "Be not afraid; for behold, I bring you good news of a great joy which will come to all the people;

for to you is born this day in the city of David a Savior, who is Christ the Lord.

And this will be a sign for you: you will find a babe wrapped in swaddling cloths and lying in a manger."

And suddenly there was with the angel a multitude of the heavenly host praising God and saying,

"Glory to God in the highest, and on earth peace among men with whom he is pleased!"

Computer due in 60 days

New computer for billing village utility bills will be in use in about 60 days, James C. Root, village administrator, said this week.

The equipment has arrived, but it needs to be programmed.
The total cost is \$7,000, of which \$400 is for the computer equipment and \$2,500 for the programming.

Meanwhile, the village is attempting to get the bills out as quickly as possible, since the old computer has practically collapsed and much of the work must be done by hand.

Hopkins 'Fireman-of-Year'

Terry Hopkins has been chosen 'Fireman of the Year'.
He was honored Saturday night during the department's annual holiday party.

pay for his departmental duties, on which "he has worked over and above what is required on the regular schedules."

Organ refurbished as memorial —

Oldest church gets a musical gift

Christmas eve in United Methodist church will be a memorable one.

The village's oldest church, founded in 1816, has refurbished its organ.

The work was done by Wynn Lydy, Willard, as a memorial by Mr. and Mrs. R. Earl McQuis to their son, Jack E., who played it during services when he was a schoolboy.

It is one of the few teacher type organs still in use. It was made by the Voteler-Metche Organ Co., Cleveland.

The first church organ was installed just after the Civil War over the objections of several members, who did not

believe a church service should be accompanied by music.

They were most vehement and finally agreed to music, providing no preludes nor interludes were played.

A few Sundays later, one ventured, and said he was "being selfish" and that the organist could play anything.

It was in 1906 that the present organ was acquired. It cost \$2,000 and the church had other debts to pay as well.

A friend of the church who lived in Cleveland heard of the financial struggle to raise money for it. Fortunately, he was a friend of Andrew Car-

negie, the Pittsburgh steel magnate, who was then giving public libraries to small communities.

The Pennsylvanian offered to match what the congregation could raise and the organ remains.

Until a few years ago, Mrs. Willard Ross, who lives in Shelby, was the organist. Ill health caused her to give it up after over 40 years of service.

Her place has been taken by Mrs. Frank Burks. When she strikes the first key of the traditional Christmas carols, it will mark the 178th year the church has had a Christmas service.

Hall's baskets lead Red to win over Mapleton

Steve Hall slipped in two quick buckets at the start of the second half at Polk Friday night, and Plymouth reestablished the lead it had held nine times previously and the Big Red went on to defeat Mapleton, 65 to 57, in Firelands conference play.

Jeff Lasch, the game's high scorer with 20 points, got a hot hand in the third period, making five of eight shots, all of them from beyond 10 feet and three of them outside 15 feet, and Plymouth outscored the Mounties, 17 to 8, to take a 44 to 37 lead into the final eight minutes.

The Big Red matched the Mounties point for point in the final period to prevail.

The visitors didn't look like much, not at all. They showed little aggressiveness and they made too many mistakes, far too many mistakes. Against a stronger team, these would have been fatal. Plymouth was charged with 22 turnovers, 14 of them in the first half, which concluded with Mapleton in the van by one at 29 to 28.

Plymouth's shot selection was no great shakes but its accuracy is splendid. The Big Red got off 51 shots at the basket and converted 26, a performance worthy of the NBA. It was eight of 12 in the first period, five of 13 in the second, eight of 16 in the third and five of 10 in the fourth.

His record at the free throw line was improved but not nearly good enough to be competitive with the horses in this league. The Big Red missed seven of 20 shots.

Red reserves were beaten, 21 to 16.

South Central was too much for Plymouth here Saturday and the Trojans, coached by Jaque Daup, a Plymouth alumna, went home to Greenwich with a 54 to 47 victory.

The visitors outscored the Big Red by one field goal and by five free throws. And they outscored Plymouth by seven, 29 to 22.

Why? How? Steve Lewis and Ron Lortcher are taller than any of the Big Red players and they outscored Plymouth. Lewis outscored everybody with 18, eight of them at the penalty line, where he missed only two. He is headed for the U.S. Military academy, West Point, N.Y. Lortcher wound up with 11.

The Big Red trailed by only two after eight minutes and by eight at the half. The Trojans managed to outpoint Plymouth in the third period, 17 to 14, and they hung on in the final eight minutes, thwarted Plymouth's attack for the most part, and held the Big Red to 13 markers, just four more than the Trojans scored.

LETTERS TO THE EDITOR

Sir: The Advertiser spoke for many in recognizing the efforts of school principal, Ed Kinsel. He is a man with a double-stos' heart. His willingness to believe in people, to forgive, and allow a second chance has provided the extra opportunity needed to permit more than one person who has stepped astray, to grow into a productive citizen. Always good intentioned, Ed Kinsel should be thanked for caring more about people than superficial appearances.

Sincerely,
 Paul and Joyce Coles
