

# Benefits increase approved by board

A tentative agreement after several months of negotiating with the certified employees of the Plymouth schools was approved by the board of education Monday night.

It now must be approved by the employees.

Briefly, the major change is in medical benefits. Sick leave will be increased from 205 days to 210, beginning July 1 of this year. In 1965, they will be increased to 220 days.

Changes are also being made in medical coverage and liability insurance.

For the 1964-65 school year, the beginning teacher's salary will be increased by six per cent to \$13,450. In the 1965-66 year it will increase 8 1/2 per cent to \$14,075.

Another major change is that the supplemental salary schedule will be changed from a dollar amount to a percentage of the base salary of the teacher assigned to extra curricular.

The board also approved an "early retirement" plan for teachers. Supt. Douglas Stages told the board only five per cent of the faculty qualify for the plan, in the Plymouth district, four teachers a year.

They must be at least 50 years of age and participants in the "teachers' retirement benefits.

Retirement of Mrs. Edna C. Tom, fourth grade teacher at Shiloh, was approved.

Approval was given to Suzanne Farrar to tutor a child who has been hospitalized for several months and has missed classroom work.

Two week basketball camp at the high school will be conducted June 18-29 for boys and July 2-13 for girls at the McMillan Co.

Assistant Elementary School Principal Mark Shely described the new textbooks to update the mathematics program. He recommended the purchase to the board by the McMillan Co., because of the copyright date of 1965, which, he explained, keeps the "program younger." He said the county cycle of changing texts is set at every five years, while Plymouth is using the same texts for 10 years. Editions published in 1975 and 1976 are still in use.

He said 100 books a grade are needed. The first and second grade books are purchased their own because they are workbook type. The board will furnish the books for the other four grades.

He asked board members to take salesmen to examine before they made their decision.

The bid of Ervin Co., Ashland, to service the school's typewriter was approved. It will charge \$19.95 for 29 manual machines and \$34.95 for 14 electric machines each. The other bidder, King's Office Equipment, Mansfield, was higher.

Barbara Moore was approved as a substitute bus driver. Resignation of the Rev. Dan Hamrick, owner as a regular bus driver was accepted.

Clerk of the board, Mrs. Frederick Ford, was authorized to advertise for a new bus. Bids are to be opened June 15. July 1 was set as the target date to make the purchase decision. A new vehicle will replace a 10 year old one, which now has over 100,000 miles on its odometer.

The district will be reimbursed by the state for half the cost.

## Marion man loses life, '65 alumnus, father hurt in Little London crash

A Marion man was killed and a 1965 alumnus of Plymouth High school severely injured and his passenger, his father, also hurt in a collision at Plymouth Springmill and London East roads Thursday.

Dean A. Comstock, Marion, driving in London East road, failed to halt for a stop sign. His vehicle collided with that of James K. Hawk, 36, former trustee of Plymouth township who was compelled to give up that post because he moved down the road into Auburn township, Crawford county. He was thrown from his car. So was his 64-year-old father, Kenneth E. Hawk, Shelby.

A state highway patrolman said that if the three had been wearing seat belts, injuries would have been minor.

The 22-year-old Comstock, driving a 1979

Volkswagen Rabbit, was headed west. Hawk was driving south.

A witness, Marcella Souder, told police Comstock did not brake for the stop sign. Comstock's vehicle struck that of Hawk, which was a Mercury Zephyr station wagon, in the left side and forced it into a service pole at the southwest corner of the intersection.

The Hawks were ejected through the left or driver's side of the station wagon by the force of its collision with the pole.

James and Kenneth Hawk were taken by ambulance to Mansfield General hospital, where both were admitted in poor condition.

The younger Hawk was placed in the surgical intensive care unit, his father in the medical intensive care unit.

## Here comes man's best friend.

Since the invention of the printing press, nothing has filled modern man's need for information as objectively and reliably as the newspaper. Whether it's your hometown weekly or a multi-edition daily, nothing else even comes close.

Today, newspapers are covering more of the news, in greater detail, than any other medium can. Did you know that three times as many people read newspapers every day as watch a network news program (137 million vs. 45 million)? Or that newspapers place more advertising than do T.V., radio and magazines combined?

As timely as this morning's events, and as timeless as the words of Benjamin Franklin and Thomas Jefferson, the newspaper is a friend and servant to all. And it's even more vital to your life today than ever before.

Get ahead in your reading—read the newspaper.

## Ironman Hampton hurls Big Red into district

A glittering no hit, no run pitching performance by Rodney Hampton, completing his scholastic eligibility this year, catapulted Plymouth into the Class A district baseball tourney Friday. Plymouth shortened Lucas, 10 to 0, in a rain-delayed contest at North Robinson.

Earlier, Plymouth has overcome St. Peter's, 8 to 3.

Plymouth scored six in the second after getting an unearned run in the first.

Hampton led off the second with a base on balls and promptly stole second. Troy Keene grounded to the pitcher. Jason Robinson singled for the first score. Joe Tuttle was safe on a fielder's choice when Robinson was nailed at second, whereupon Tim Dakins drew a pass and so did Jamie Brown.

## Five runs in seventh oust Spartans

A five run outburst in the seventh on Thursday gave the Red its first tourney victory, 8 to 3, over St. Peter's.

Rodney Hampton fanned eight and batted three while allowing four runs.

Tom Baker struck a triple and Jamie Brown, Steve Hall and Chad McGinnis doubles for the winners.

Tom Baker struck it in the sixth. Plymouth went to work. Joe Tuttle drew a walk. Chris Mansfield ran for him and stole second, reaching third because the throw was off line.

The Spartan pitcher, Varga, left at this point and the Spartans' ace pitcher, Dana Shoulters, came in.

Tim Dakins fanned. Jamie Brown doubled down the left field line to score Mansfield. Baker doubled to the base of the center-field fence, 345 feet out. Brown scoring. Hall singled, scoring Baker.

When workers aren't there, business doesn't work

Each year cancer strikes 120,000 people in our work force, and causes our economy to lose more than \$10 billion in earnings. Earnings that American workers might still be generating if they had known the simple facts on how to protect themselves from cancer.

Protect your employees, your company, and yourself... call your local unit of the American Cancer Society and ask for their free pamphlet, "Helping Your Employees to Protect Themselves Against Cancer." Start your company on a policy of good health today!

**The scars of an abused child can stay with us all his life.**

Many teenage drug addicts and teenage prostitutes report being abused children. Many victims delinquents also report being abused as children. And because we pay to respond to those problems, we are all victims of child abuse.  
Yet child abuse, and the results of abuse, can be prevented. The National Committee for Prevention of Child Abuse is a private, charitable organization that knows how to do it. But we need your help. We need money. We need volunteers. Send us a check today, or write for our booklet. Because if we don't all start somewhere, we won't get anywhere.
