## Pool officially opens Two step procedure to approved

Mary Fats Park pool opened Tuesday with a reported good crowd in over 90 degree temperature.  
 Tuesday night village council formally approved the purchase of **Ganzhorn kin, Mrs. Rowe, 60, interred here**

Richard Wolfe, 2nd, village solicitor, told the council it will be only a matter of weeks before ownership is turned over to the village.  
 He explained several legalities to be overcome.  
 First, Farmers Home administration will cancel the outstanding mortgage of the pool board upon payment by the village of \$10,000.

Councilman G. Thomas Moore said a proposal of Police Chief Frank Hedge to add over 1,000 hours to his department at little cost is to be studied because it is worthwhile.  
 He also said an effort is being made to enforce two hour parking in the square during the day.  
 James C. Root, village administrator, was authorized by ordinance to advertise for bids for street repairs.

DANIEL SPONSSELLER

Interment took place in Green-lawn cemetery Saturday for Mrs. Laurel Rowe, 60, Norwalk, who died Thursday in Providence hospital, Sandusky, of a lengthy illness.  
 She was the aunt of Mrs. John Ganzhorn and of Donald Arnett. Born Ruth Ann Roark in Salyersville, Ky., she lived in Norwalk 25 years, having moved from Detroit, Mich.

Second, the lease to the pool board will be cancelled, thus completely giving ownership to the village.  
 Councilman Bill Taubbes said he did not realize the operation of the pool would come under his service committee and he went to see it for the first time before the meeting since the problem of the village owning it came up.  
 "I expected a disaster area from what was said at last night's committee meeting, and it looks better than it ever has", he said.  
 He also praised the volunteer work of Eric Hedeens and his parents, the John E. Hedeens, and what the village employees had done to get it ready for the season.

Streets to be resurfaced at West Broadway, Portner, North, Wood-lawn, Maple, Spring, Pleasant and Curtis drive plus the west side of the Square.  
 Root told the council there still were a few minor items to be checked in the newly constructed addition to the firehouse.  
 It will have its final inspection Monday at 1 p.m. By then, he said, all the corrections will have been made.

## 'Up to U.S. average!'

**Gase tells school board tests show pupils meeting standards**

Academic achievement of elementary school pupils in Plymouth district, by test, "compares favorably with the national average", Paul Gase, junior high school guidance counselor, told Plymouth Board of Education Monday night.

He presented a chart showing test results of second, fourth, sixth and eighth graders in the California test battery, a standardized exercise

to which elementary pupils across the nation are submitted each year.

The following table shows local test results by grade in 15 categories.

Gase explained that a 40 to 60 per centile is considered the average range. He who scores at the 55th percentile has achieved higher than 55 per cent of pupils of his age who took the test in the United States.

# Mayor critical Pool repair draws harsh remarks

How to fund purchase of Mary Fete Park pool occupied the finance committee Monday. Society borrow \$10,000 from money in the sewer system debt service fund.

John Fazzini, clerk-treasurer, told the five council members present the required sum that Farmers Home Administration directed the village to build up over a 10 year period has been reached. There is now \$58,546.14 in the fund.

It equals an annual repayment to FmHA for the money borrowed to install the sanitary sewers.

He said the money does not have to be paid back for another 30 years and that it would be merely invested over that period.

Legally, the village can borrow money each year but must pay some type of interest.

Problems of the pool took up most of the meeting. Most are laid to faulty construction. No copies of the original plans are available.

Mayor Denn A. Cline sharply criticized the work that has been done so far to have the pool ready for this week. He said because it was so sloppily done, it will probably cost the village more in

the long run.

He considers the concrete paving is inadequate, the painting is not matched properly and now that the pool is filled, no additional repairs that are needed can be done.

Present members of the pool board with their families worked all last week sandblasting and painting. The mayor was critical that they took the responsibility upon themselves. However, the pool has not been officially turned over to the village and no one really seems to know who should do what.

James C. Root, village administrator, said that once the water has been approved through testing, the Huron county health department will give its approval. He said some adjustments were recommended in the chemicals used to maintain the purity of the water and should be done this week.

He also said the rest room plumbing needs some repairs.

Mrs. Douglas McQuate has been hired by the pool board as manager. She will receive \$1,600 for the season.

Another problem of the pool that was discussed was how to run a concession stand.

Councilman G. Thomas Moore suggested that it simply be leased.

No decision was reached because Root said a vending machine with 26 different items is to be installed.

Fazzini said he will maintain a special pool fund separate from the park fund, which Councilman Keith Hebble thought was wise. "We can keep a handle on it," he said.

# Miss Dannemiller weds Raleigh better than Greensboro, not so good as mushroom soup

Miss Ruth Dannemiller became the bride of Jeffrey L. Cok May 18 in an early evening ceremony at St. Joseph's Roman Catholic church.

She is the daughter of Mr. and Mrs. Gerald J. Dannemiller, Route 224.

The bridegroom is the son of Mr. and Mrs. Earl H. Cok, Willard. The Revs. Frank Eckart and Bernard Rot performed the double ring ceremony.

The altar lighted by hurricane globe arrangements of pink miniatures, white daisies and baby's breath, was set off by two beauteous baskets of white snapdragons and pink carnations.

Pink carnation arrangements with syringes garlands decorated the back altar.

Mrs. Roger Wilcox, nee Esther Bauer, organist, accompanied the soloist, Cindy Bogner.

The bride was given in marriage by her father and her godfather, Raymond Cunningham.

She wore a long sleeved white lace gown fashioned with a high neckline edged with a lace ruffle. The skirt fell in soft folds from a gathered waistline and extended into a train in the back.

A shoulder length veil was held high on her head by a small garland.

Her bouquet was a cascade of pink roses, white carnations, stephanotis and baby's breath. Miss Jeannette Schroeder served as maid of honor.

Bridesmaids were the bride's three sisters, Pauline, Marie and Arlene Dannemiller, Laura Dannemiller and Barbara Gosser.

They wore pink taffeta gowns trimmed with Venice lace and carried white lace fans with pink silk roses and small carnations on them.

James Kanable was best man. The bridegroom's brothers, Craig and Brian Cok, the bride's brothers, Thomas and John Dannemiller, and John Gosser ushered.

Both mothers wore short afternoon dresses, Mrs. Dannemiller a blue print designed with a high neckline and three quarter length puffed sleeves, with bodice ruffled. Mrs. Cok's a high necked dusty blue with a high neckline and a pleated bodice and long puffed sleeves.

A reception took place at Ehret Parcel Post 447, American Legion. It was decorated with pink and white balloons and clusters with pink streamers. Wicker baskets with pink and red candles de-wit pink and red candles decorated the tables.

Guests were assisted by Barbara Branham, Deborah Hollinger, Cindy Kilgore, Sharon Rogers, Craig Dossan, Mark Hammock, Anthony Machiusi and Timothy Isaac.

Kristi, Sarah and Martha Har-tenstein registered guests.

The couple flew to Hawaii for a wedding trip.

Each is a graduate of Willard High school employed by Pepperidge Farms, Inc.

Among the honored guests were the bride's grandmother, Mrs. Cora Hartenstein, and the bridegroom's grandmother, Mrs. Joy Bauer, and his grandfather, Ben Cok.

They are now living in Willard.

By AUNT LIZ  
Our happy country is known by all sorts of names.

We're the "land of the free", "the home of the brave" and even "the land of opportunity".

What has been missed is that we are as well "the land of frists". They range from beauty contests to flowers and vegetables, books and songs.

A lot of us can remember the Lucky Strike hit a parade on Saturday nights. No one in his right mind would miss knowing what the top 10 songs were and you would sit in edge waiting to see which one was number one.

Not one thing in our civilization is getting overlooked.

Not long ago a list of good cities and bad cities made headlines.

The top five for the best living are all kind of near to each other. The first is Greensboro, N.C., and the fifth is Raleigh, N.C. in between are Knoxville, Asheville and Nashville.

I have only seen the first and fifth, and I think they should be reversed. Our daughter lived in Greensboro and we visited several times, and always a visitor sees more than people who live in a place day after day. It was nice, but had its problems. It is spread out and some people live on one side of the city and the others on the other. Our kids found this out the hard

way. They were apartment hunting and simply driving around and found a complex that looked good and not too costly.

They didn't stand a chance: wrong color.

It is a very clean town and has lots of colleges and good industry surrounding it.

But to me, and it was many years ago that I got stranded in an unusual North Carolina blizzard, Raleigh was simply beautiful. It was filled with antique shops and what was so noticeable was the lack of rundown slumlike neighborhoods.

There is one way to see a strange city: ride every bus route. It is the easiest and cheapest way.

Now something new has been added: Wilmette, a suburb in Chicago.

Statistics show that it is the best educated place and has also the highest incomes, which now puts it ahead of that movie star village, Beverly Hills.

What is really wrong with all this is what the people are like. you live in a place where you find nice friends. That is what counts. Bakersfield, Cal. is on the list of the worst 25, and that is so wrong.

Sure it has oil fields all around, but the people are great. We spent three Christmases there and our kids had a bunch of great friends.

A lot of us have moved around over the years, and I really think the places we remember with love are because of the people.

And if first prizes are being handed out by everyone, this should come in at least second.

This is top of the stove cooking so ovens don't have to be on and make life hotter than it is.

It is for Chicken with Almond Cream Gravy. Dip pieces of chicken in a mixture of a fourth of a cup flour, some pepper and salt. Brown it. Add three fourths of a cup of water, cover and cook slowly for a little less than an hour.

With the liquid left over, to can add a little more and some flour and make your own gravy, or you can take the easy way out. Drain the chicken, then use mushroom soup for the sauce by adding two teaspoons of horseradish and about a fourth of a cup of chopped salted almonds.

Put the chicken pieces on hot rice and the sauce over it.

Maybe mushroom soup deserves a real first. How can any housewife live without it?

**AND NOW**  
**THE REALLY**  
**BAD NEWS.**

The disaster isn't over when the emergency  
teams leave. For tonight these families  
need food, clothing, shelter. Tomorrow they'll  
start rebuilding their lives. And that takes months.  
The good news is that the Red Cross will help  
these families every step of the way.  
No matter how long it takes.  
If you ever need the Red Cross, you can bet  
we'll be there.  
We'll help. Will you?
