

Here's report of mayor for 1986

The following report is presented in accordance with the law requiring the executive officer of the municipal corporation to present a report annually on the affairs of the village.

Industry:
With new ownership of our principal industry came new management directions that dictated that the Plymouth Locomotive Works must be sold to achieve their management objectives. The employees of this industry have, I believe wisely, chosen to buy the company through the mechanism of the ESOP (Employee Stock Ownership Plan).

We certainly owe a debt of gratitude to the Ohio Department of Economic Development, the employees of Plymouth Locomotive Works, the executives of Banner Industries and in particular the Richland county commissioners, who provided the important initial "up front" funding, for their efforts toward retaining this industry that is so vital to the continued economic viability of the village.

We continue to need greater effort toward obtaining new industry in our industrial park.

Commerce
While we continue to have too many empty stores in the downtown area I believe we will see some progress during 1987 toward filling some of the stores.

Finance
The village has a real challenge in replacing the clerk-treasurer, John Fazzini, who will be leaving the administration Apr. 1, 1987.

Through a lot of smart hard work Mr. Fazzini brought us order out of the chaotic, unauditable records of the past. It is vital that a replacement for Mr. Fazzini be found who has the ability to continue his quality and timely work.

The underfunding of the general fund will start to be felt during 1987. Some of the costs which were borne entirely by the general fund will be transferred to the other funds to avoid a shortfall in the general fund.

The council and the citizens of the village have, at the very most, seven months to arrive at a means of funding the general fund. The council should be preparing a contingency plan to implement in case all efforts at increasing the funding of the general fund fail. This plan should consider all options including the sale of assets such as our electric distribution system and reduction of various services. The funding of the general fund must be council's No. 1 priority in 1987.

Safety - Fire and Ambulance
While I regret that it was necessary for our Fire Chief, Wayne "Jim" Strine, to resign effective Jan. 1, 1987, I certainly wish him well in his new post and thank him for all that he has done in a leadership capacity to improve all aspects of the department - building, equipment, training and record keeping during his tenure.

During 1986 the long standing tradition of excellence in this department was continued. I hope that a successor to Chief Strine will be found promptly to maintain the continuity of leadership that has contributed so heavily to this department's reputation of professional excellence.

I feel that it is important that another squad unit be purchased to insure that service can be provided both in the village and to those areas that the village is contracted to service.

Safety - Police
During late 1985 the council worked long and hard to start a new police unit. I feel that the successful operation of this department during 1986 confirms that the council was correct in their selection.

The chief and his team of two full-time, three part-time and 12 unpaid auxiliary instituted many significant cost saving measures while increasing the overall effectiveness of the department.

In addition to all of the auxiliary time donated to the department a lot of time was donated to build the target range at the former village trash disposal area and remodel the police offices.

Much of the records are kept and forms are generated on the computer formerly used by the utility department.

Because such a high percentage of crimes perpetrated in the village were solved, I feel that many were prevented.

The volunteer work done with explorer scouts, drug abuse prevention program with the schools and charity for the needy contributed significantly to the positive image of the department in the community.

Service - Cemetery
The cemetery continued to be one of the best maintained in the area during 1986. While some progress was made on securing the proper equipment during 1986, more is needed. Expenditures during 1987 will have to be closely monitored to avoid financial problems in 1988.

Service - Park
The park board is to be commended for running a good, thrifty operation. The facilities were heavily used, well maintained and appreciated by everyone. I feel that with the loss of some trees almost every year consideration should be given to planting some new trees, hopefully with the cooperation of the Shade Tree commission.

Service - Pool
The remainder of the debt on the pool was paid in 1986 but revenue from operations will probably not cover the cost of operation. I do not think admission prices should be increased to cover any shortfall. If donations do not cover any shortfall, council will have to figure another way of funding this asset that is vital to summer youth recreation.

Service - Water
Our village administrator and our utility workers are to be commended for the economical installation of new water lines on Woodland street and Baseline road. I estimate that the village saved \$15,000 to \$20,000 over what a contractor would have charged for this work. If the village can replace this much water line each year, it will take at least 10 years to bring the lines up to standard. I urge the council to follow the priority list from the Floyd Evans Associates, Ltd., water report of Sept. 13, 1985 and continue to replace lines each year within the village's ability to fund the cost.

Service - Sewer
While the system worked well in 1986 we have been put on notice that lagoon cleaning and increasing the effective depth should be done. The council must determine exactly what must be done, when it is to be done, how much it is going to cost and how the cost is to be funded.

Service - Electric
The purchase of PASNY power turned out better than expected saving about \$1,200 a month.

The receipt of the new material handling bucket truck

\$450,000 ODD loan recommended to ESOP

Will the Ohio Controlling board approve a loan of \$450,000 to the ESOP program in Plymouth Locomotive Works, Inc.?

Loan committee of the Ohio Department of Development has recommended approval.

The loan would carry interest at six per cent a year. Repayment period? Proponents of the plan hope to obtain approval of a 10-year payout plan. If this is negotiated, annual payment to the state will amount to \$59,951.83 a year.

Where will Ohio get the money to fund the loan?

From profits of the liquor tax, says David A. Howard, Shelby lawyer retained by ESOP proponents to head up negotiations.

How much participation by employees has been pledged?

Howard doesn't specify the number or amount, save to say "great success" has been achieved.

ESOP proponents are seeking a community development block grant of \$350,000 and financing from banks.

The Advertiser understands banks told the ESOP group they could go no farther in their negotiations unless ESOP proponents disclose the identity of proposed management.

It is understood the name of Donald Barnhouse has been submitted.

No pivot price has been disclosed. Last figure bruted about was \$5 million, which under the rules would require employees to put up \$500,000. If there are as many as 100, it would mean each would have to put up \$5,000.

Runkle kin succumbs at 67 at New London

Father of Carlton J. Runkle, 126 Plymouth street, Bernard Runkle, 67, New London, died there Friday.

Born in New London township, he lived his whole life in New London and environs. He was for over 25 years a mechanic for the New Old Stone Implement co. He was also employed by New London Elevator and by Elkins Carbon Products, Nova. For 15 years he drove a Nova school bus. He was a member of New London United Methodist church.

He is also survived by his wife of 32 years, the former Patricia Cawse; a son, Dale, Ashland; five daughters, Mrs. Diane McGhee, New London; Diane, a veterinary in Mt. Eaton; Mrs. Darlene Ludington, Alameda, Cal.; Donna, Alameda, Cal.; and Lana; a sister, Mrs. Eva Jean Dudrow, Wellington; and four brothers, Donald, Greenwich; Jack and Walter, New London; and Ralph, jr., Wellington.

The Rev. Jeff Gildenmeister, Fitchville United Methodist church, conducted services at New London Monday at 3 p.m. Interment was in Fitchville cemetery. Memorial contributions to the church at Fitchville are suggested.

Three plots sold in village

Mahlon E. and Sarah A. McLaughlin bought Great Lot 162 in West Broadway from George W. and Angelia D. Breznicki, Huron county recorder reports.

Nathaniel and Sharon D. Magard bought Lot 293, Walnut street, from Marie B. Hill, and Lot 290, Lake drive, from Miriam Helen Hill.

Franklin D. and Sheree R. Combs bought Lot 265, West Broadway, from Michael E. and Debra K. Hart.

23½ years in prison given to Cutright, who denies murder

Christmas in Chillicothe in 2010, looking out through the iron bars, is what K. Charles Cutright, 29, formerly of 16½ East Main street, can look forward to.

Judge James Henson on Thursday sentenced the convicted slayer of Jeffrey (Bambi) Cloncs on the night of Sept. 21, 1986, to life for murder, three years for the use of a handgun, and should he then be paroled, six months for contempt of court. Cutright must serve 23½ years in prison before he can expect to be freed.

He stood before the banc and said, "I understand it's not going to change the sentence, but I did not kill Jeffrey Cloncs," Cutright said. "I just hope in the future justice will be done and the person or persons will be apprehended."

He was attired in blue jail work clothing. He was shackled at the ankles and his hands were manacled by handcuffs attached to a leather belt.

After Judge Henson handed down the sentence for the murder conviction, he explained that no sentence on the other counts - arson, robbery, theft and tampering with

evidence - would be passed.

"The aggravated robbery charge, theft charge, arson charge and tampering all relate to the same crime," the jurist said. "This being the court's determination, I'm not going to sentence you at this time."

Then he added, "You sat before this court and told me you knew who did it. You were directed to tell that and you refused to do so. After you have done all the time you have to do on these other charges, you will be returned to the Richland County jail and give me six months."

Robert Whitney, Cutright's court-appointed lawyer, asked to be allowed to withdraw from the defense of Cutright. He told Judge Henson he wants Cutright to be free to talk to whatever attorney is appointed to prepare an appeal. The request was approved.

Cutright asked Judge Henson to be retained in the county jail for an unspecified period of time - and for an unspecified reason.

"I would prefer you to let me take some time here for reasons I would not like publicly to make known," Cutright said to the judge.

Tax increase for schools said needed during 1987

A school tax increase will face electors of Plymouth Local School district in the May primary.

Supt. Jeffrey Slauason told the board of education Monday night the capital improvement fund has dwindled to just over \$100, and a levy is necessary, for the general fund as well.

The board will meet in special session Jan. 25 at 7:30 p.m. to consider the millage rate to be asked for and for how long.

Approval was given to the six month budget for the period of July 1, 1987, through June 30, 1988, which will leave a deficit of \$15,359 in the school's general fund.

Estimated receipts plus a beginning balance are \$3,113,641 and the estimated expenditures are pegged at \$3,129,000.

Slauason said that cuts in state funding are to blame. He is pessimistic about the future of the school's finances.

Gravois S. Fletcher, high school principal, told the board most of the faculty is enthusiastic about the requirements that must be fulfilled for the school to gain accreditation. Some, he said, did not think it was worth the effort for Plymouth.

When asked if that small group is the older or younger teachers, his reply was, "the older."

Fletcher said in his opinion the accreditation is long overdue.

Mark Shely, principal of the elementary schools and junior high school, said the efforts of Mrs. Richard Adams with head lice that have plagued many schools the last few years have the problem under control.

"She has done a great job," he said.

Slauason said that through the efforts of board members Donald Barnhouse a landscaping and new lighting for the high school plant is on paper. It is estimated to cost \$5,725.

A gift of \$2,500 from Mrs. Leonard McCollum, the former Eleanor Scott, will pay part of the cost. The board has accepted her gift with gratitude.

Jerry Bishop, veteran high school science instructor, has

asked the board to extend the early retirement policy that expired Dec. 31.

Four teachers are involved who may take advantage of the policy. Slauason said if they all do so, the school will save considerably, about \$14,000 on salaries.

Approval was given to a liability insurance policy for all school employees at a cost of \$1,521. This cost will be covered by a portion of the cost last year which was \$1,376.

Three Shiloh cafeteria workers have submitted their resignations.

Mrs. Frances Blankenbeckley is retiring after 29 years. So is Mrs. Edna Owens after 18 years.

Mrs. Sandra Wiley is leaving her position for a better paying job.

Board members gave their approval to advertise for a new bus. They will seek bids for both gasoline and diesel fueled vehicles. Robert Wagner, transportation superintendent, told the board the specification he has written call for a 10.5 per cent increase over the past. He said, "It is worth it." He explained the state will pay half the cost which can include some extra items that the district has paid on its own in the past.

Slauason, Wagner, Keith Johnson, vocational agriculture teacher, and Jeffrey Burrer, bus mechanic, were authorized to purchase governmental surplus property for the district.

During the annual organizational meeting A. George Miller was again chosen as the board's president and Charles Reinhart vice president.

Donald Echebarger will be the board's observer at the meetings of Pioneer Joint Vocational school and Donald Barnhouse will again be the legislative liaison member.

Martin McKeenize and Reinhart will be the board's representative to the athletic control board.

Meetings will continue to be the second Monday of each month at 7:30 p.m.

Board members will be paid the same as in the past years, \$20 a meeting for 12 meetings a year.

Terry Hall labors in the shadow of his older, more experienced, perhaps more talented cousin, Steve. But he is cut of the same cloth. A dogged competitor, he keeps his head in the game and plays stout defense, despite his lack of great size. He competes as well in football and baseball.
Coach David P. Dunn wishes he had a dozen like him.

Mrs. Kok, 88, New Haven, succumbs

Mrs. Eako Kok, 88, 3938 West New Haven, died there early Jan. 6 of a lengthy illness.

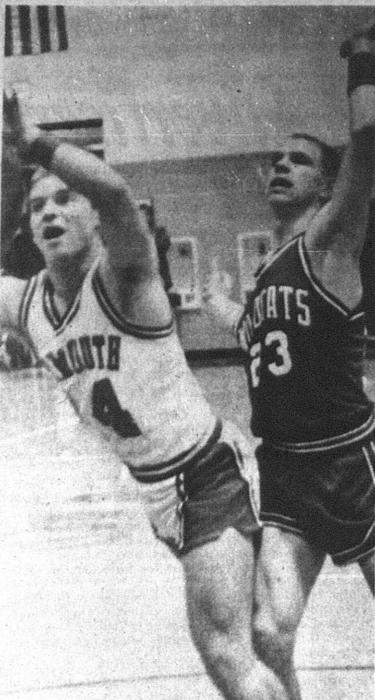

Born in Michigan Oct. 14, 1898, she lived in or near Celeryville, where she was a member of the Christmas Reformed church, most of her life.

She is survived by her son, John Celeryville; two daughters, Helen, now Mrs. Eldon Weaver, Attica route 1, and Pauline, now Mrs. Roger Babcock, New Haven; 13 grandchildren and 17 great-grandchildren.

Her husband died in 1968. A grandson, Edward Kok, was killed in November. Ten brothers and sisters also died earlier.

Her minister, the Rev. William Henson, conducted services from the church, Thursday at 2:30 p.m.

Interment was in Maple Grove cemetery, New Haven township.

Wildcats run eight in OT, seize share of FC lead

New London ran eight points in the overtime period here Saturday as a packed house watched and the Wildcats knocked Plymouth out of the unbeaten ranks in Firelands conference play.

The score was 61 to 51.

Co-Capt. Steve Hall, striving to score 1,000 points in a three year varsity career, sent the game into overtime by missing a Wildcat pass and dribbling coast to coast for a basket from the foul lane with four seconds remaining.

His shot drew Plymouth even at 47.

Hall completed his labors Saturday with 20 points. He needs five

more to make 1,000. It was the 44th consecutive game in which he had scored in double figures.

He opened the overtime period by converting a steal at 2:14. This was the last time that Plymouth led.

The Wildcats ran eight.

Keith Shepherd, the big pivot man who scored 23 points, put down two free throws, having been fouled by Hall, almost a foot shorter than the New London ace.

Shepherd converted a rebound to make it 51 to 49 and Plymouth asked for time out in an effort to disconcert Keith Cawse at the foul line. It didn't work. He shot both of them. Then Jim Eibel, son of the Wildcat coach, fired one home and New London was in the lead at 55 to 49.

Hall scored again and thereafter Plymouth was compelled to foul in an effort to gain possession. It could not connect at the other end and the Wildcats found that the free throw hole wasn't frozen over.

Plymouth made four and Eibel bagged another basket. Plymouth was done.

The lead changed hands 16 times and the score was tied 12 times.

New London carried the fight and well deserved to win.

The Wildcats led by five after eight minutes but couldn't stand prosperity. Plymouth forged from behind with 19 in the second quarter and went to the locker room at the half in the van by four at 27 to 23.

New London tied it at the outset of the second half. The lead alternated five times before the horn sounded and the score was knotted at 37.

The Wildcats ran seven to start the fourth quarter and then Plymouth ran eight. On Jason Robinson's shot from 19 feet out at 2:47 the Big Red regained the advantage by one at 45 to 44. New London ran three and Hall's shot at :34 forced the match into overtime.

Plymouth would have been nowhere near the lead without the remarkable performance of Mike Leach, who put on a sensational shooting exhibition. He took two shots in the first period and failed with each. He took fire in the second. After two free throws, he

hit on five of seven shots to conclude the half with 12. In the fourth quarter he hit three more on four shots.

The Big Red produced only four scorers. Leach scored 18, Robinson seven and Ron Stephens six.

For the Wildcats, who shot 47 times and succeeded with 22, and converted 17 of 25 free throws, Eibel wound up with 13 and Cawse with 12.

Plymouth shot 62 times and hit 23 of them. The Big Red missed only two of seven free throws.

New London out rebounded Plymouth 34 to 26, but erred on offense 25 times. Plymouth made 16 mistakes.

Rebounders

Set shot

Co-Capt. Steve Hall and Jim Eibel contested this rebound in second half of New London — Plymouth game here Saturday.

Co-Capt. Jason Robinson drew bead on basket in second period of contest with New London Saturday.

Against winless Black River —

Hall 25 short of 1,000 career points

Black River's basketball team isn't a patch upon its outstanding football squad.

Which became abundantly clear at Sullivan Friday night. Plym-

outh ran eight early in the first quarter to produce a 10 to 2 lead and never looked back in storming to an 84 to 50 Firelands conference victory.

The fiercely loyal among the Black River fans prayed the Pirates would reach 50 points. They managed to do so mostly because Plymouth had it locked up by this time and with second line players on the floor Black River managed to outscore the Big Red by one in the final eight minutes.

Led by Steve Hall, who brought his three-year varsity scoring total to 955 points in his 43rd consecutive contest of double figures scoring. Plymouth never was in trouble.

Girls thump Pirates, 77 to 36

Big Red girls thumped Black River, 77 to 36, here Thursday, blowing the hatch off the Pirate ship in the first period with a 27-point output.

"We like to put 'em up there, and when they go down, as they did tonight, we're in clover," said Coach Mike Badertscher. Plymouth was 12-of-20 in the first eight minutes, 36 to 73 overall.

Plymouth shot for field goal 72 times and was successful 33 times. It missed 14 of 32 free throws, erred on offense 18 times and rebounded 34 shots. Black River went 21-for-56 and eight-for-17, with 35 turnovers and 23 rebounds.

Hall scored 25. Jason Robinson bagged 13. Only one Plymouth player failed to score.

The Pirates put 10 men on the score sheet, led by Keith Luthy with 10.

Girls win vs. Eagles by 62 to 35

Plymouth applied the press from the outset on its floor Jan. 6, forced some mistakes, got some quick baskets and went on to an easy 62 to 35 victory over Monroeville in Firelands conference girls' basketball.

Here's the slate of Firelands conference basketball for this week:

TOMORROW:
St. Paul's at Lorain Catholic; Plymouth at Mapleton; Crestview at Monroeville; Black River at New London; Western Reserve at St. Paul's.

SATURDAY:
Western Reserve at St. Paul's; Monroeville at Crestview; Plymouth at Mapleton; New London at Black River; St. Paul's Central at Mansfield Christian.

MONDAY:
New London at Firelands; Tuesday: South Central at Monroeville; St. Paul's at Plymouth; Crestview at New London; Mapleton at Black River.

Here's girls' basketball schedule for this week:

TODAY:
Western Reserve at St. Paul's; Monroeville at Crestview; Plymouth at Mapleton; New London at Black River; St. Paul's Central at Mansfield Christian.

MONDAY:
New London at Firelands; Tuesday: South Central at Monroeville; St. Paul's at Plymouth; Crestview at New London; Mapleton at Black River.

Here's scores last week —

Here're Firelands conference scores:

Plymouth 84, Black River 50; Mapleton 57, Monroeville 46; Crestview 89, Western Reserve 72.

St. Paul's 69, South Central 67; New London 61, Plymouth 51.

St. Paul's 74, St. Wendell's 54; Black River 57, Monroeville 37; Mapleton 57, Western Reserve 51.

South Central 61, Crestview 54.

Here're scores of girls' games —

Here're scores in girls' games: Mapleton 57, St. Paul's 23; Western Reserve 46, New London 34; South Central 70, Black River 38.

Plymouth 62, Monroeville 35; South Central 59, Loudounville 57.

Plymouth 77, Black River 36; South Central 63, St. Paul's 37; Western Reserve 44, Crestview 41.

Monroeville 46, Mapleton 45; Danbury 53, Monroeville 32.

Keesy's 24 leads to win over Eagles

Ninth graders led by Roger Keesy, who scored 24 points, defeated Monroeville Jan. 6, 44 to 41.

Keesy scored 15 and Wendell Sloan eight but that wasn't enough. Jan. 8 Black River prevailed, 47 to 28.

13 musicians win honors as all-Americans

Thirteen Plymouth High school musicians have been selected for the All-American Hall of Fame band award as outstanding high school musicians in the United States.

These are Tammi Oney, flute; Douglas Houser, baritone; Jonelle Miller, bassoon; Jill Pultz, trombone; Tina Row, clarinet; Robbie Beth Fenner, flute; Christmann Thompson, trumpet, and Janice Beck, percussion, 12th graders; Also, Ronald Stephens, trumpet; James Cole, trumpet; Jodi Putnam, flute; Scott Gano, trumpet; and Lavonne Branham, clarinet, 11th graders.

Colleen 2nd in \$4,000 pace at Northfield

She turned six years old on Jan. 1 but Scrogie Colleen showed Friday night at Northfield Park that she can step with the best of them.

While her principal owner, Lysle Hamman, was under treatment in Willard Area hospital, the mare went in the \$4,000 open pace.

Starting from the No. 4 hole under the guidance of Lou Meltzer, Scrogie Colleen led at the quarter, half and three-quarter mile posts before giving way to Brightness in the stretch. The Hamman horse finished second, half a length off the leader, in 2:04 2/5. She paid \$8.80 and \$3.20.

Neither great scorer nor sensational defender, Donnell Branham is what coaches dream about: a dependable player whose poise and what teenagers call "cool" are predominant. Coach Mike Badertscher thinks highly of her abilities and she is in action about 75 per cent of the time. A letterman, she's a 12th grader.

It was only on the offensive boards that Black River was competitive. The visitors outrebounded Plymouth, 30 to 25.

Kay Neidermeier poured 22 points through the hoop. Starters Michelle Collins got 13 and Kim Gibson and Donell Branham 10 and Stacey Branham, off the bench, garnered 18.

Melisa Freeman bagged 19 for the Pirates.

Plymouth erred on offense 13 times, Black River 19 times.

Black River shot for field goal 60 times, converting 15, for 25 per cent.

When we needed to, said Coach Mike Badertscher. "We had balanced scoring — what'd we have, eight players that scored?"

The Big Red led by eight after eight minutes and by 17 at the half.

Plymouth outscored the Eagles, 31 to 21, in the second half.

Kay Niedermeier was a one-man team. She scored 23 points.

The Big Red got off 71 shots, 37 in the first half and 34 in the second. It converted 29 of them, just over 40 per cent. It was a perfect four-for-four at the foul line.

The Eagles fired 56 times and succeeded with 13, or just over 23 per cent. They missed 15 of 24 free throws.

Plymouth rebounded 34 times and turned the ball over 22 times.

Drug abuse fine of \$100 decreed in mayor's court

Plea of no contest entered Jan. 7 in mayor's court by Jackie Lynn Cutright resulted in conviction and a fine of \$100 for drug abuse.

Mayor Keith A. Hebble suspended \$50 of the fine on condition of no similar violation for one year.

Stephen W. Poth, Shiloh, pleaded no contest to charges of fictitious license tags and drunken driving. On each he was fined \$50 in the first count, \$350 on the second. On the first count \$25 was suspended on condition of no similar violation for one year, on the second a jail sentence of 30 days was reduced by 27 and the fine by \$250 on condition of no similar violation for one year.

Matthew L. McClain, Plymouth, pleaded no contest to a count of drunken driving. He was sentenced to 30 days in jail and to pay a fine of \$350, of which 27 days in jail and fine of \$200 were suspended on condition of no similar violation for one year.

Bret A. Bequette, Plymouth, charged with two counts of false utterance and one of possession of marijuana, pleaded no contest to each. He was fined \$100 on each of the false issuance counts and \$50 on the third. Total of \$150 of the fines was suspended on condition of no similar violations for one year.

McClain pleaded guilty to a charge of disorderly conduct and was fined \$50 and costs, of which \$35 was suspended on condition of no similar violation for one year.

Disposition of other cases: Debra L. Edelblute, Mansfield, speeding, \$26; Jarold K. Porter, Norwalk, speeding, \$22; Rodney L. Parlett, Greenwich, speeding, \$48; Linda M. Leicht, Mansfield, speeding, \$30; Paul A. Buckingham, Plymouth, speeding, \$26;

Also, Linda Linville, Plymouth, fictitious license tags and speeding to be heard yesterday; Michael J. Henry, Sandusky, speeding, \$36; Tracy Janzen, Plymouth, no possession of marijuana, not guilty plea recorded, to be heard yesterday.

Also, Gerald Van Loo, Willard, speeding, \$30; Sybil Salim Hopkins, Greenwich, speeding, \$26;

Chief explains who's paid

Sir: In attending a budget meeting on Jan. 6, 1987, with the village council, and with what I have been advised while walking downtown and talking with people of this community, I think it is time for me to explain a few things to the taxpayers of the village.

It has been brought to my attention that some people think that, because they see more than one police officer on duty at a time, that we are paying both officers. Please let me set the record straight and answer any questions that the good people of this village may have concerning the Plymouth Police department. The village is paying only one police officer that you see on patrol at any given time. The other officers are from our special and/or auxiliary police force and are donating their time to the village to keep the village a safe place to live. In other words, there is only one police officer being paid by the village at any given time. The rest are volunteering their time at no pay.

In December, 1986, for example, the man/hours donated by our fine volunteer force totaled 373.25.

This year (1987) is the first year, to my knowledge, that we have had an officer on patrol seven days per week, twenty-four hours per day. Prior to 1987, we had two open shifts per week. An open shift is an eight hour period where we did not have any officer on patrol, but did have an "ON CALL OFFICER" available. The "ON CALL OFFICER" was an off-duty officer who stayed by the phone at his home and would handle calls as they were dispatched by Richland County Sheriff's Department. Captain Burkett and myself handled the "ON CALL" shifts through 1986, after we had already worked a forty-hour plus week.

The Plymouth Police department has tried very hard to spend the money the taxpayers have given us as wisely as we can. Since I have been chief of police, I have laid off one dispatcher as the budget would not allow us to keep or pay that person. Sheriff Pety has been good enough to cover the dispatching for us when we do not have a dispatcher on duty. This is at no charge to the village.

I hope this letter clears up any misconceptions that the citizens have had.

If anyone has any questions, concerns, or comments about this department, please feel free to stop in and talk with me. I will do all I can to answer your queries to your satisfaction.

It has been a pleasure to serve as your chief of police, and I hope that you will all come to think of me more as a friend than as a police officer. Thanks for your support. Sincerely, Stephen J. Caudill Chief of Police

In California or Ohio — Egg foo yung: great treat, easy to make!

By AUNT LIZ. Remember when we all thought water was for free? And now everyone yips when he gets his bill.

I guess we have come to the end of anything really "free", including some of the things the good Lord gave us.

Because our government has gotten itself in such a financial jam, it is raising charges and starting some new ones to see the national parks, the Grand Canyon and even the Liberty Bell in Philadelphia and the Statue of Liberty.

This can make a family vacation really expensive. There are toll roads and bridges now, and I bet in another 10 years or so, we will pay to drive the minute we back out of our garages.

So far we are lucky in Ohio over the charges for license plates. In California, which has about a fifth of the entire population of the United States, with over two million of them living in the Los Angeles area, they pay by the amount the car costs, which does go down each year you own it. But the average car pays just over \$100 a year, and all those people have a car that roughly makes it a couple of billion they have to spend on roads. And this is just two counties, Los Angeles and Orange.

When Southern California is referred to as the "fast lane", they mean it. The engineering that went into it all has got to be the eighth wonder of the world, and maybe a couple of hundred years from now, it will be. And a historical memory. Those roadways will be obsolete by then. Kind of like the railroads that never lost your luggage, as the airlines manage to do at times.

While we were in California we ate all sorts of luxuries, but it was the lunch in Chinatown that gave me real food for thought.

Eggs Foo Yung. It's a nice dish for two elderly people, but I think kids would like it too. It is healthy, easy, and since you never see a fat Chinese person, it

has to be about the original Weight Watchers' food. And you can use in it leftovers that would not be enough for two meals.

Beat four eggs with a half cup of water. When that is done, add a fourth of a cup of thinly sliced onions, a half cup of bean sprouts (if you wish, use half sprouts and half finely cut celery), a half cup of left-over chicken or any other meat you have around, but finely chopped, no ground beef, though, and a half cup of chopped mushrooms.

Drop in a little soy sauce. I love the stuff and really reuse it, then spend the rest of the night drinking water (usually during council meetings, it seems we always have something Chinese that night).

Drop by spoonfuls in a greased skillet and brown nicely. Do two at a time.

They can be kept hot in an oven until everything else is ready. They are great with a sweet and sour sauce that you can make from scratch or buy. If you are keeping them warm in the oven, pour the sauce over them.

With a salad, some crusty rolls and just a fudge sundae, you have it made.

But if you have more than two, best you double it.

To get back to freeways: all of a sudden I remembered something that I am sure the Ohio Department of Transportation would like to forget. It really goofed. A lovely by-pass was put in around Lodi for Route 224 that went into Akron and eventually onto what was to be Route 80. The whole thing got done in a couple of years, and all of a sudden someone looked, and there was no way to get onto the two lane Route 224 to Lodi to go west without going 10 miles down the road and backtracking on a little road. This was a main truck route, way back, so they then scurried around and put it in.

Maybe Ohio ought to import some of California's engineers. Or maybe it has learned the hard way.

Lutherans set annual session

Annual congregational meeting of First Evangelical Lutheran church will take place Sunday after the 10:30 a.m. service.

Give the world a little gift today. Blood.

The American Red Cross. The Good Neighbor.

Help bring the world together, one friendship at a time.

INTERNATIONAL YOUTH EXCHANGE

Be a host family.

International Youth Exchange, a Presidential Initiative for peace, brings teenagers from other countries to live for a time with American families and attend American schools. Learn about participating as a volunteer host family.

Perform a death-defying act. Stop smoking.

Give Heart Fund American Heart Association

Here's report of mayor for 1986

during late 1986 is a welcome contribution to employee safety and labor efficiency.

Service - Streets

The streets paved during 1986 brought all of the streets to good to excellent condition. Since federal revenue sharing money was used primarily on streets and this funding is now gone, expenditures on streets will have to be reduced. It is fortunate that this reduced funding comes at the time when it will, due to the good condition of the streets, cost less per year to maintain the streets.

Rules and Administration

While very few ordinances were passed in 1986, it is important that the codified ordinances be updated.

Consideration should be given early in 1987 to changes in the income tax regulations as suggested by the income tax director.

Planning and Zoning

The major project of 1986 was the formulation of "Project 1990" which gives us objectives and a schedule for the improvement of downtown Plymouth. While some elements are costly, many are not and can be accomplished with existing funding.

A preliminary plan for this downtown improvement can be seen at the village hall and at the Plymouth Historical society museum.

Suggestions by the public on this preliminary plan are needed prior to completion of the final plan.

Shade Tree Commission

The Shade Tree commission did an outstanding job in its first year of operation. They set their priorities and followed through with a lot of hard, and at times unpleasant, work, thanks to the committees efforts the Village has qualified for Tree City U. S. A. status.

Building Permits

Building permits were down in 1986 compared to the previous year but this was expected since 1985 included

ALWAYS SHOP AT HOME FIRST

one large unusual year but this was expected since 1985 included one large unusual item: \$160,000 for apartments.

The most significant occurrence in 1986 was the opening of our new library.

There is really no way that we can adequately express our thanks to Rhea Welsh Stambaugh and Mrs. Robert McIntire, who, through their generous gifts, made this beautiful library possible.

Japan has the only means of recognizing such people; they are declared to be living national treasures.

The village administration and citizens of the village are faced with some very difficult challenges during 1987. I expect that through intelligence, hard work and cooperation these challenges will be met and overcome for the continued success of the village.

Sincerely,
Keith Hebble
Mayor

Fry named to be chairman by trustees

Mark Fry will serve as chairman of Plymouth township trustees during 1987.

He was elected at the annual organizational meeting, which chose Charles Miller as vice chairman.

Richard Stroup was reappointed road superintendent.

A carryover balance of about \$56,000 was reported by Richard Russell, the clerk, who estimates the township will need about \$105,000 to meet its expenses during 1987.

Trustees, who also include Chester Jones, will attend the annual convention of trustees in Columbus Jan. 21-23.

Fines total \$37,687.50, mayor says

Annual report of Mayor Keith A. Hebble's mayor's court shows a total of \$37,687.50 collected in fines for 1986.

This does not include court costs. A percentage of the costs is taken out for the state's "victim of crimes" fund, but some remains in the village's general fund.

Compared with previous years, this was a banner year for the court.

In 1982 the sum of fines was \$12,325; in 1983, \$13,908; in 1984, \$12,887.70, and in 1985, \$20,260.

Athlete dies from drug overdose

The local community was extremely saddened to learn of the untimely death of James Smith, the high school basketball team's leading scoring center. Authorities say that an autopsy would reveal that Smith had smoked "crack", a new form of highly addictive cocaine, before his body was found by his mother in his bedroom on Thursday evening. Evidence of the drug was found at the scene.

Smith was the leading scorer this past season, having set a number of school records. He was highly regarded by a number of coaches and many coaches felt that Smith had the potential of achieving national status in the sport.
