Police helped by 13 explorers

Council heard Councilman Adrian Cole's report on the Explorer Scout program instigated by Police Chief Stephen Caudill when it met Mar. 10.

Caudill has 13 boys in the program. One of them, Shawn Branham, has been promoted to Cadet Explorer.

At a recent meeting, the Explorers heard a member of the Richland county sheriff's department talk on how to detect and apprehend drunken drivers.

The Scouts are assigned to duty with the regular patrolmen.

Serious thought is being given by the council to the instigation of a municipal trash-garbage service. As it is now, most persons subscribe to several services which come into the village, but some do not.

Having the municipal service which would automatically be billed on the monthly utility bills will solve a "clean-up" problem.

Mayor Keith Hebble told council that several nearby communities have this service, and that the village would seek bids from the various firms engaged in the pick-

ups. This would have to be done before any definite cost to the business or homeowner can be determined.

Formal acceptance of the resignation of Mrs. Terry Jump from the council was approved as of Mar. 31. She will take over the position of clerk-treasurer from John Fazzini whose resignation is effective Apr. 1.

Fazzini has organized his own financial consulting business and is working with the Village of Butler to straighten out its books.

Approval was given for the purchase of new bunker pants for the Fire department which may cost up to \$4,000 depending on how many are needed. Some of the firemen have purchased them on their own. They are a safety factor which is not required by the state now but it is thought they soon will be.

By motion the council passed a new directive for village employees which requires them to present a doctor's certificate before returning to duty after being off because of illness.

Two hurt Saturday

Donna K. Clark, 38, route 61 south, was taken to Shelby Memorial hospital early Saturday morning for injuries in a three car collision at Opsyde road and route 61.

Mrs. Clark pulled out of her driveway to head north, according to the investigating officers, just as a car driven by Richard B. Hopkins, Shelby, was approaching also North bound.

Because of the icy roadway, he was unable to stop and hit her car from the back.

The impact caused her to lose control and she ran into a southbound car driven by Darrell A. Durham, Willard.

A passenger in the Durham car, Thomas Durham, was also taken to the Shelby hospital and treated in the emergency room.

Register by Apr. 6

Office of Huron county board of elections is extending its hours for the next several weeks to enable persons to register to vote in the May 5 primary election.

Saturday it will be open from 9 a.m. until 1 p.m. and on Tuesday 4 p.m. until 9 p.m.

On Mar. 28 and Apr. 4 from 9 a.m. until 1 p.m.

On Apr. 2 and Apr. 6, which is the last day to register, from 4 p.m. until 9 p.m.

Qualifications for voting are citizenship of the United States, a resident of Huron county 30 days before the election, and 18 years of age. Those who are 17 years of age, but will be 18 on or before the general election on Nov. 3 may register and vote only for candidates, not any issues.

Registrations will also be taken at the Plymouth office of First National Bank of Shelby.

No bread! give them cookies and help the kids

By AUNT LIZ
There are so many little things we should all be grateful for in our rather dull everyday lives.

And right now it is the annual Girl Scout cookie sale.

Cookies are something we hardly bake any more since we have no kids at home. When we do visit them we are well aware that they are trying to cut down on such things, so no baking even at the holidays.

What better excuse is there to all of a sudden have nine boxes of tasty tidbits on your kitchen counter and another six which have not been delivered yet? Call it plain charity? It isn't. It is plain guilt by a great excuse to be able to munch on the tasty things.

Then there is the joy of finding a new recipe that is fun to compose, a great pleasure to eat and best of all, it was free.

A few weeks ago our grocery store was giving away pamphlets of prize winning chicken recipes. In case some of you didn't snag one, here is the second place winner that did not sound so complicated as the grand prize one.

Skin four half chicken breasts and brown them on both sides in a little oil or margarine, sprinkle a

little salt over them. Have ready a mixture of the juice of a 16-ounce can of pear halves (you want three-fourths of a cup of this, and if you can doesn't quite have that much juice, a dash of water can be added). To this you add three-fourths of a cup of ginger ale, a fourth of a cup of brown sugar and three tablespoons of soy sauce. Mix and pour over the chicken. Cover the skillet and cook rather slowly for about 25 minutes or until you think the chicken is done.

Take the chicken pieces out and put in a shallow baking dish with the pears cut into wedges scattered around.

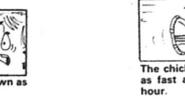

To the liquid in the skillet add a paste of two teaspoons of cornstarch, a fourth of a cup of water and a fourth of a teaspoon of powdered ginger. Stir until it thickens, pour over the chicken and bake in the oven uncovered for 10 minutes at 350 degrees with a quarter of a cup of walnut pieces sprinkled on top of the chicken.

With a bowl of soup, a vegetable and a simple desert, it makes a great and easy dinner for guests.

I tried it out on an old friend last week, and being a good friend I am sure he was being truthful when he said it was great.

A group of elk is known as a gang.

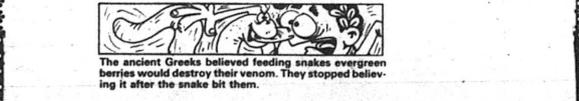

The chicken is able to run as fast as nine miles per hour.

In 1945, Americans ate an average of 402 eggs a year; by 1985 that was down to 255 eggs.

Freeze syrup from canned fruit to make a sauce for gingerbread, coffee cake or nut bread.

The ancient Greeks believed feeding snakes evergreen berries would destroy their venom. They stopped believing it after the snake bit them.

The ancient Greeks believed the herb basil to be poisonous.

For thickening gravy, sauce or stew, sprinkle instant mashed potatoes into the mix and stir. Lumps dissolve immediately.

The original tales of Mother Goose—before the nursery rhymes—were moral tales warning of the dangers of curiosity and trespassing.

Beard Uses Head to raise funds

Homer Beard, son-in-law of Mrs. Eleanor Carnahan, and former Superintendent of the Shiloh Local School district, now living in Reynoldsburg, says bald is beautiful.

He's staked money on his claim. As chairman of Nationwide Insurance's Operation Feed campaign, he has challenged company employees to a "Bald is Beautiful" fund-raising contest. Proceeds will go to the food drive.

Money is being generated through a \$10 contest entry fee for those who dare to compete against Beard, and from every 25-cent vote they are able to solicit from their supporters. Tomorrow is the final day of the company's campaign for Franklin County's hungry, votes will be tallied for the company's "best bald".

"I've long subscribed to the theory that God made only a few perfect heads and covered the rest with hair," Beard said.

Nationwide's successful food drive is being headed by Beard for his second consecutive year. Nationwide employees last year contributed more than a million units of food, which represented a substantial portion of the county's Operation Feed contributions.

Beard's personal convictions may be at least part of the reason for the company's success in feeding the hungry. "By visiting two of the largest pantries and soup kitchens, I got a deep personal realization of the real needs of people who are hungry and the real reasons why," he said.

Beard is vice president for administrative services with Gates, McDonald, Inc., a Nationwide subsidiary. He joined the company in 1981 as an assistant vice president. Previously he worked for Coopers & Lybrand, an accounting firm, for 13 years.

Niedermeir in all-stars

Kay Niedermeir has been chosen to play in the eighth annual Girls' Basketball All-Star classic Wednesday at 7:30 p.m. in Arrow arena, Ashland.

The game is sponsored by the Ashland All-Sports Booster club. Plymouth's three year letter winner, who has an 18 point average and 111 rebounds per game, will play on the North squad.

The 1987 All-Star Classic will bring some of the finest senior area talent to Ashland for this popular post-season highlight.

Coaching for the South Squad will be Walt Keith, head coach for the Galion Tygers. Kieb took Galion to an impressive 18-4 mark and a Northern Ohio League Title in their 1986-87 campaign. Dave McCombs, Alic Gatzsch, and Marsha Yunker who have served as assistant coaches at Galion this season will aid in the coaching responsibilities for the South squad.

Ted Fox, head coach at South Central, will serve as mentor for the South All-Star squad. The Lady Trojans were sectional champions and concluded the season with an excellent 19-4 record. Tom Walcher, assistant coach at South Central, and Dan McFadden, head coach for Fox for the North squad.

Selected to play for the North Squad is Lori Denzer (Bucyrus), Kim Durden (Wooster), Heather Greenick (Wynford), Joy Holmes (Mansfield Senior), Jenny Kaple (Buckeye Central), Jill McCreary (Wooster), Jackie Myers (Mapleton), Kay Niedermeir (Plymouth), Jill Petee (Ashland), Robin Walcher (South Central), Molly Wood-

ruff (South Central), Tricia Workman (Crestview).

Selected to represent the South Squad is Jamie Beans (Loudonville), Jill Corbin (Galion), Kris Finerock (Lexington), Kelly In-krott (Malabar), Karen McGugin (Lucas), Tina Morris (West Holmes), LeeAnn Myers (West Holmes), Eric Sharrack (Galion), Michelle Shultz (Clear Fork), Kelly Smith (Mt. Gillet), Tammy Williams (Northmor), and Debbie Wurth (Mansfield St. Peter).

Two girls from each area school could be nominated for the game by their coaches. Then a Booster Club selection committee selected the twelve-member squad in which ten schools must be represented and two girls are eligible on a "Wild Card" selection. Each squad consists of 12 players and will play by women's college rules, which includes two 20-minute halves. The game has been sanctioned by the NCAA. Each girl will also be permitted six personal fouls instead of five. A three-point field goal will be a part of the game again. A 17 feet, 7 inch circle will be added for this all-star game.

Ken Yoder, Booster Club All-Star Chairman commented, "Each year the talent of these squads continues to be more impressive. Collectively, this might be the best talent that we have had in the eight years of sponsoring the classic."

Tickets are \$3.00 each and can be purchased at the door or from coaches that have girls playing in the all-star game. The ticket gates will open at 6:30 p.m.

Big Reds Win one, lose one

There was a lot of satisfaction last Wednesday night when the Big Reds polished off the Wildcats of New London who were not exactly so wild that night.

Plymouth led right down the line, and it was only in the last quarter that New London outscored them by one point.

After losing to the Wildcats twice which included the Firelands conference crown, it was a good feeling for everyone to start the game off with a good lead.

Couch Dave Dunn's boys led, 17-5, right off the bat in the first six minutes.

From then on, the Wildcats simply had too many problems. They could not stop Jason Robinson and Steve Hall who made 45 of the 63 points they won the game with.

It was good team work on the part of the Big Reds. Both players have a long career behind them when they played with the fifth graders in elementary school.

They made the last 16 points in the game. Wilson, Lasch and Stephens contributed 18 points for the winning score of 63-53.

After defeating New London, it was on to the district Saturday afternoon at Lexington.

Wynford came out the winner, but they fought a royal battle for it. It was practically point for point right through the game at the beginning.

It was in the second quarter that Wynford got a point lead with a 25 foot shot by Noblit which put them 22-21.

The Big Reds hung in there, and the last few minutes of the game told the story with five points for the other team.

This was Coach Dave Dunn's last game with the Big Reds and he paid them a compliment at the end of the game when he said, "I'm disappointed we did not win, but not disappointed with the kids. They were a good group to work with, and they worked hard, and it was that effort that got us this far."

Rx for Flu or Chicken Pox: Kindness
Be good to yourself when you've got the flu or chicken pox. Take it easy. Get plenty of rest. Viral illnesses such as these are usually self-limiting. Time will cure them.
Check with your doctor about using medications to treat flu or chicken pox for children - including teenagers - medications such as aspirin and aspirin-containing products may not be a good idea. A rare but dangerous condition called Reye syndrome may develop in young people just when they appear to be recovering. Studies suggest a link between the development of Reye and the use of aspirin to treat the flu or chicken pox.
So, treat yourself right when you've got the flu!
